EARL HOBBS IS NAMED GRAMMAR SCHOOL HEAD

Is Elected At Meeting Of School Board Monday Evening

At a meeting of the Littlefield Independent School Board Monday evening, the resignation of W. T. Hanes, principal of the Grammar School, was accepted, and Earl Hobbs was elected to fill the vacancy.

Mr. Hobbs has been teaching history and health in the Littlefield Schools for nearly three years. He is a graduate of the 1928 class of the Paducah High School, and received his degree at Texas Tech, Lubbock, in 1932.

Mr. Hobbs has also been very active in school athletics.

MISS M. INMAN DIES SUDDENLY HERE WEDNESDAY

Miss Maggie Lee Inman, 22, passed away suddenly at a local rooming house here at 10:30 Wednesday morning.

Miss Inman was discovered in a serious condition by her landlady, who forced in the door of her room on hearing a noise which indicated the girl was suffering. A local physician was called, but she lived but a few minutes.

Miss Inman had only been in Littlefield the past two weeks, and was engaged in selling the World Encyclopedia. She came here from Brownfield and other cities, where she had been taking orders for this book. For two years, and until June last she was a member of the Smyer School Faculty, and had been employed for this term, but resigned in June to take over the selling proposition.

Miss Inman was held in the highest esteem by all who knew her, and although only here a short time she had made a large number of friends.

The girl had played dominoes with other roomers until 9:30 Tuesday evening, who reported she seemed in excellent spirits and apparently well. However, a letter was found in the room, which she had written Wednesday morning to a friend in Lubbock, to whom she stated she was not feeling at all well.

Miss Inman was a member of the Church of Christ, and a regular Sunday school attendant while teaching at Smyer.

Surviving her are her parents, Mr. and Mrs. Charles F. Inman of north of Hereford; four brothers, and one sister.

Funeral services will be conducted Friday afternoon at the Church of Christ, Lubbock, with the pastor officiating. And interment, in charge of Hurlison Funeral Home, will take place in the Lubbock cemetery.

National Corn Husking Champion Breaks Record

NEWTOWN, Ind. . . . One hundred thousand farmers gathered here to witness the annual national corn husking championship which was won by Elmer Carlsen, 26, (above), of Audubon County, Iowa. Elmer shucked 41.52 bushels of corn in 80 minutes, pitching a gross weight of 2,995 pounds in so doing. The world record of 36.9 bushels was established in 1932 by Carl Seiler of Oneida, Ill. Five of the eighteen contestants, in this year's championships, bettered Seiler's old world mark.

FEDERAL HOUSING REPRESENTATIVE INTERVIEWS PROSPECTS FOR NEW HOMES

A. C. Kyle, Field Representative, Federal Housing Administrator, was in Littlefield Tuesday, and in an interview at the Leader office stated there had been two or three Title 1 loans made last week.

Mr. Kyle interviewed the local lumber concerns and a number of prospects for new homes, and said that the situation "looks fair for a reasonable building move throughout the rest of this year and the early part of 1935."

Mr. Kyle also remarked that "those who want to take advantage of the modernization and repair loans had better avail themselves of the opportunity now, for that part of the Act expires on April 1st, next year. As of November 9, \$203,874,892 in Title 1 loans and \$216,512,577 under Title 2, have been loaned.

He stated that he believed there would be several houses started here soon, or immediately after the first of the year.

Strict Boycott Goes Into Effect Against Italy

Approved by 51 nations, League of Nations economic sanctions, took effect against Italy Monday in an unprecedented effort to force a halt to war.

These nations virtually severed financial and trading relations with the invaders of Ethiopia, pledging themselves to exclude Italian goods from their markets and to cease supplying Italy with a selected list of raw materials.

Visits WPA Office In Effort To Push Sidewalks Project

Supt. A. B. Sanders, Pat Boone and Joe Hale interviewed the WPA office at Lubbock Wednesday in an effort to secure the funds to enable the sidewalks and school stadium projects to get started.

WILL ROGERS MEMORIAL DRIVE UNDERWAY HERE

J. S. Hilliard, Vice-President of the Littlefield Chamber of Commerce presided at the luncheon meeting Tuesday.

W. J. (Bill) Chesher introduced the subject of a Will Rogers Memorial Fund, stating he had been made chairman for this County. He stated he would be glad to give the proceeds of an entire show to the fund. Mr. Chesher urged that the drive be started at once, as the campaign ended November 27.

A committee composed of Gus Shaw, J. O. Garlington and Joe Hale were appointed to assist in organization work here.

A. C. Chesher also addressed the gathering on the Will Rogers Fund, stating he would like to see Lamb County put over in a big way, and suggested that a committee be appointed to visit the various towns in Lamb County, and appoint com-

MONDAY, DEC. 2 IS DATE SET BY COMMISSIONERS

Petition Bearing Over 100 Names Presented To Co. Commission

As announced by Commissioner E. J. Foust, a petition bearing over 100 names of taxpayers, was presented Saturday to the County Commission, asking for an election for the purpose of issuing bonds in the amount of \$60,000 to match Federal Funds for the building and improvement of roads in Lamb County.

A public hearing will be held at the Court House Monday, December 2, when those signing the petition will appear and show cause why the bond election should be held.

Commissioner Foust said if it appeared at the public hearing that the majority of the citizens of Lamb County desired the election, that the same would be called sometime the latter part of December.

The awards will be made at three o'clock hereafter, instead of 4:30 as heretofore, and the moneys will be given away between Bryan Drug Store and the Ritz Theatre this Saturday.

Mr. and Mrs. W. F. Gillis of Hereford spent Sunday with Mr. and Mrs. Sam Batton.

And They Came Home With The Evidence

Supt. A. B. Sanders and Coach W. L. Sanders and Mrs. Sanders and children, returned Sunday night from deer hunting in the Davis Mountains.

Leaving here Friday afternoon they were joined at Brownfield by J. M. Rankin, Reid Loptin, and Marvin McLaughlin of Ralls, and all proceeded to the "happy hunting grounds," which happened to be the Hez Kountz ranch, eight miles north of Balmorhea, Texas.

As evidence of their good marksmanship, the Littlefield party, on arriving in Littlefield had two bucks, one an eight point and the other a six point tied on the running board and hood of the car, which Supt. Sanders stated he and Coach Sanders bagged. Indications of the veracity of his statement was born out in the clothes they were wearing, which indicated some work done in that direction.

Supt. Sanders' statement was brief—"Five hunters bagged five deer—all in one day—Saturday—we did not desecrate the Sabbath."

SEWING PROJECT TO GET STARTED AT EARLY DATE

Miss Lula Hubbard And Mrs. Wallace To Supervise Work

According to Mrs. Albert Walker, WPA Supervisor of Women's Work for this district, a number of sewing machines, equipment, and thousands of yards of material have been purchased for the community sewing project to be located here in the City Hall.

When Mrs. Walker was in town last week she stated the project was approved, and would be started just as soon as the money was available.

She stated Miss Lula Hubbard and Mrs. Wallace of Spring Lake has been selected to supervise the work.

Other women to be employed will be taken from the relief rolls, as announced by Mrs. Walker.

Lamb County Gins Handle 13,342 Bales Cotton Up To Nov. 1

According to Warren Rutledge, Cotton Statistician for Lamb County, there were 13,342 bales of cotton ginned in Lamb County from the crop of 1935 prior to November 1, as compared with 8945 bales ginned to November 1, 1934.

man person should be sincerely interested in it."

"If the Federal Housing plan goes over in Littlefield, every citizen is going to benefit. It is a plan to encourage property owners to modernize their property, and to encourage new structures, which is so necessary in this town."

Mr. Kyle said that two loans had been made here under the Federal Housing Act.

He stated 15 new houses had been built in Hamilton, Texas, under the plan, adding that there were possibilities of building a number of modern priced houses here. He suggested that the business men insert in their newspaper advertisements the slogan, "We Sponsor the Federal Housing Program."

He reported that Lamb County stands fifth from the top in amount

The DIVORCE COURT MURDER

by MILTON PROPPER

FOURTEENTH INSTALLMENT

SYNOPSIS—Barbara Keith, wife of a prominent Philadelphia business man, is murdered as she waits in a side room to testify in the divorce case of Rowland vs. Rowland—She was to have testified for the husband, a friend, who was defendant in the action—Detective Tommy Rankin is assigned to the case from police headquarters—His preliminary investigation disclosed that both Mr. and Mrs. Rowland had gathered evidence against the other of infidelity—The will of Mrs. Rowland's first husband directed her lawyer brother, Mr. Willard, to handle the estate until she remarried when the new husband was to come into control. Detective Rankin finds motives and the evidence of guilt for the murder of Mrs. Keith, leading to the doors of virtually all of the principals involved. These principals are, the two Rowlands, Mr. Willard, Mr. Keith, husband of the murder-

ed woman, Hugh Campbell, paramour of Mrs. Rowland, and his underworld confederates—NOW GO ON WITH THE STORY:

"Well, there was the fact that Ellen and Garrett had only a small fraction of the stolen goods," said the nurse who had attended the former Mrs. Keith. "After she was here six months, Ellen realized I sympathized with her, and once permitted herself to confide in me. When I asked how she got into this trouble, she didn't try to justify herself, but only Garrett. He wasn't naturally bad, she claimed, and she did her best to stop him from going wrong. But he admired his friend's smartness and his influence, and the temptation of easy money was too much for him. I could tell she clearly feared and despised the fellow."

Rankin spoke eagerly. "Did she tell you anything about who he was, and what became of him?"

"She could hardly know what happened to him after her arrest." The matron shook her head. "But she mentioned the name by which she knew him; more than likely it was an alias. If I'm not mistaken, he traveled as Fred Dennis."

But the matron had no idea of her charge's history, once she passed beyond the walls of the penitentiary. She had never heard from her. Nor could she supply any further

details about Fred Dennis, or his description, which Rankin particularly desired. And she was ignorant of how Ellen Trent met her lover or where. In court, she had been represented by a Mr. Nathan Lewis, a Fort Wayne lawyer, in all probability appointed by the judge to defend her, because she had no money.

Late that afternoon, Tommy Rankin presented himself, by appointment made over the telephone, at

an attempted robbery. He had been separated from Dennis and brought back some of the loot, then she realized his occupation and taxed him with it."

"And what's your opinion of Garrett? Did you gather he was vicious or just weak?"

The lawyer spread his hands. "Miss Trent insisted it was entirely Dennis' fault; without his persuasion and the enticement of easy money, Garrett would never have gone wrong. She loved him so, it was almost pitiful how she deluded herself about his worthiness."

"Have you any idea, Mr. Lewis," he asked, "how and where she met Garrett in the first place?"

CUT HERE

"Ellen Trent first met Dave Garrett in Akron—at a dance hall."

After some cogitation, the attorney recalled that the girl had mentioned that they became acquainted

he dropped completely out of the picture."

"But at least you have Miss Trent's description of him," the detective put in.

"The police could give you that," Mr. Lewis replied. "It was their job to hunt him. And I believe they still hold such of Dennis' possessions as didn't have other rightful owners."

"In that case, I'll want to see them at once." Abruptly, Rankin rose and extended his hand.

But instead of shaking hand, Mr. Lewis glanced at his watch and also rose.

"If you don't mind, Mr. Rankin," he said. "I'd like to go along with you to Headquarters. Recalling how favorably the girl impressed me, I'm interested in the case and wish to learn what develops. In fact, if Dennis is responsible for her murder, I feel almost involved in it myself."

"Why, certainly, Mr. Lewis," the detective returned pleasantly. "You're quite welcome to join me and follow it up."

The lawyer had put into words the possibility to which his investigations and all the information he obtained on this journey pointed. Certainly, Fred Dennis had ample reason for harboring malice against Ellen Trent and desiring her death. From the beginning, her opposition to his control over her sweetheart, Garrett, constantly threatened to disrupt his plans and endanger his criminal enterprises. Then, with Dave Garrett's death, her more active hostility resulted calamitously for him. She made him a fugitive from justice. It was hardly likely that a man of his character, vicious and revengeful, yet astute and daring, would hesitate to commit murder in retaliation.

He was familiar with Barbara Keith's past and in a position to disclose it; and as part of his revenge, he could blackmail her by anonymously calling her husband's attention to them, he would establish her relations with Garrett and her prison sentence as a thief. He might even have been aware of the expected baby. To silence him, Mrs. Keith would undoubtedly have been willing to pay dearly.

Why, then, had he chosen to

chloroform her during the hearing? And how had he been there? To these obstacles theory of Dennis' guilt, Rankin to produce a solution. So Mrs. Keith continued to say would hesitate to kill the girl laid such a golden egg; and given him a check as of June first. But there was the bleeding process, if the wall by his demands, she have turned on him finally ening both to betray him authorities and to admit to her husband. The fact day before she died she had a subject, the delicateness portance of which her and alarm attested, support supposition. Instead of wis speak of a divorce, as Mr. R posed, she may have inter confess. Though she lost h in the crisis, yet desperate a ded, she constituted a fresh to Dennis.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed. How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds. Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

the law office of Mr. Nathan Lewis. Evidently the lawyer had prospered since the day, six years before, when he was appointed by the court, an impecunious young lawyer, to defend Ellen Trent.

Mr. Lewis studied Rankin's card and motioned him to a deep armchair.

"Yes, Mr. Rankin?" he inquired politely, but with quiet reserve. "You're from the Philadelphia Police Bureau, I see. How can I be of service to you?"

"I called you to make sure you wouldn't leave the office before I arrived," the detective replied. "It's about a young woman whose mysterious murder I am investigating in the East. Her name is Barbara Keith and she was once your client, charged with concealing and disposing of stolen goods. You knew her as Ellen Trent."

The lawyer looked genuinely shocked, and shook his head solemnly.

"I'm sorry to hear that," he murmured. "Of course, I recall the case quite well. Exactly what happened to her?"

Briefly Rankin related enough of the tragedy to enlist Mr. Lewis' cooperation. The latter listened attentively.

"I have reason to believe," Rankin concluded, "that this affair in Fort Wayne—her arrest and imprisonment—has a bearing on her death. She was being blackmailed by some one familiar with her past. And you can probably tell me more about it, from her angle, than anyone else."

Mr. Lewis pondered. "Under these circumstances, I suppose I am justified in revealing whatever I can to help you. To me, it has always seemed a most distressing situation, for which the girl was not to blame at all. Her misfortune was to love a ne'er-do-well. Yet, there were the goods, the evidence that she knew of the robberies, and her obvious relations with one of the men. I considered it most wise that she plead guilty and trusted to the court's leniency for a minimum sentence."

"That's one of the details I want," the detective cut in quickly. "It's been suggested to me, from other sources, that she was really quite innocent."

"I'm firmly convinced of that," Mr. Lewis declared. "At our first interview in the city jail, she assured me she was ignorant of Garrett's dishonesty until after they had lived here for six months. At times she wondered why he stayed out so late at night. She found out about him evidently when he returned at dawn, after a narrow escape during

in Akron, Ohio, late in 1925. She worked as a wrapper in a large department store there and met the young man at a dance hall. Mr. Lewis was not better informed than Mortimer Keith had been. She had no relatives left, he believed.

The lawyer told how her sweetheart became acquainted with Fred Dennis. It was at the Indianapolis race track, where Garrett began to hang about when he failed to obtain work in hope of acquiring some loose change. But the girl could not name, Mr. Lewis explained as Rankin probed more thoroughly, any of Dennis' other associates.

"No wonder she detested Dennis so!" Rankin exclaimed. "He threatened her happiness, endangered the man she loved and brought her endless worry and anxiety for his welfare."

"Exactly," Mr. Lewis agreed. "That's the reason, when Garrett was killed, she considered him his murderer. I have a vivid picture of her in prison, crushed and numbed by his death; she didn't care what happened to her without him. But she had one interest—a grim determination that Fred Dennis should suffer for it."

The detective nodded. "I suppose he realized her opposition and enmity."

"He could hardly help it, the way she always tried to persuade Garrett to break away. It was a continual struggle for ascendancy over him; she told me that when she'd almost win him away, Dennis could bring him back to heel with a word."

"But the police didn't catch him, even with her information?" Rankin vouchsafed.

Mr. Lewis toyed with a pen on his desk and pushed back his chair as he replied.

"No, he escaped again," he related "by the skin of his teeth, just before they broke in."

"And nothing was heard of him afterward? No trace of his whereabouts?"

The lawyer shook his head. "No,

WORKED FOR ME

Everyone should feel fine, be healthy and regular, if they follow the rule of doctors and take a little more laxative than usual. Or one, the dose of it. It's not exactly measured, but it's a rule that should be followed. They use a *laxative* that does not reduce the dose until the stool is soft. The secret of nature in restoring regularity, is to use a little less laxative and that's why it should be like *Syrup Pepsin*. Buy your drugist for a bottle of *Syrup Pepsin*, and if it doesn't give you absolute relief, if you feel joy and comfort in the way you feel, your money back.

**Mahon Makes Trip
To The Far East**

According to word received in his Washington office, Congressman George Mahon feels that he is having an unusually profitable trip to the Far East. He arrived in Manila on November 8th with the official United States Delegation attending the celebration of the opening of independence for the Philippine Islands. Mr. Mahon is making the trip at the request of the President because of his membership on the Insular Affairs Committee of the house.

The trip is giving him a first hand picture of industrial conditions in the Orient. He is particularly interested in studying and observing conditions in the cotton and textile industries and the relationship of these industries to trade between the United States and the countries of the Far East. He feels that the future of the cotton industry, and correspondingly the economic welfare of West Texas and the entire south, depends to a large extent upon world trade and foreign markets. Developments in the Far East will be focal points of interest in this problem in the next decade. The trade relations and tariff agreement between the United States and the Philippine Islands will have a different aspect after their independence is actually begun and this alone constitutes an important problem that must be worked out by Congress.

The trip has afforded Mr. Mahon an opportunity to become more intimately acquainted with such outstanding leaders of Congress as Vice-President Garner and Senator Connally of Texas, and Representative Joseph R. Byrns of Tennessee, who is Speaker of the House.

He will spend the time before Congress convenes again on January 3 making contacts throughout the District. His office in Washington is being kept open by Lloyd Croslin, his Secretary, who invites the people of the District to contact him when they feel there is an opportunity for the office to cooperate with them.

APPENDICITIS

The appendix serves no useful purpose in the body. People live as long and enjoy perfect health after its removal. Appendicitis occurs most frequently during the first five decades of life; however, it may occur at any age. We have seen it in a baby five months, also at seventy-two years of age.

The first symptoms of appendicitis usually begin with pain in the upper abdomen, sick stomach and vomiting,—or the pain may be felt directly over the appendix in the lower right side. When such symptoms are felt the inclination is to take a purgative.—it was proved many years ago by a famous Chicago surgeon that purgatives cause the infection to spread. Delay taking a purgative until your physician has ruled out appendicitis.

Pontiac Breaks All Time Records For Production In Oct.

On his arrival in New York for the annual auto show H. J. Klingler, president and general manager of Pontiac Motor Co., gave evidence of the heights to which the motor car industry has risen as the leader of all business recovery with the statement that his own company has found it necessary to increase the production of new 1936 Pontiac cars for the last four months of this year from 48,000 to

57,000. Production of 1936 models started in September . . .

All-time records for Pontiac production during the fall months were broken, he stated, when the company built 16,633 cars during October just closed. In October a year ago there was no production. During September this year 4,082 Pontiacs were manufactured.

Littlefield Motor Company, of which E. B. Hewitt is manager, is local dealer for the Pontiac cars.

Gonzales Opens Centennial Year

Historic Gonzales Sunday closed a six-day celebration that was opened November 5 with a salute from a replica of the brass cannon which on October 2, 1835, roared forth the opening shot of the war for independence. A mile long parade of colorful pageantry was witnessed by more than 30,000 persons, including state dignitaries and many persons prominent in civic and official life of Texas and the Southwest. Pictured top above is a float entered in the parade from San Antonio,

representing an early day sewing bee. In the center is reproduced the challenging "Come and Take It" flag carried into the battle of the colonists, and the cannon. Below is an entry in the "Run Away Scrape" section of the parade. The historical observance opened at Gonzales will be continued through the year in celebrations in San Antonio, Houston, Fort Worth and other Texas cities, and in the magnificent exposition to be opened in Dallas next June.

Less Relief Jobs Than Last Year

It has been revealed from a report on the progress of the \$4,000,000 program to end the dole that it has not yet provided as many work relief jobs as the relief administration did last year.

The Works Progress administration said the new program had transferred 1,543,185 persons from

relief rolls to Work Relief jobs up to October 26, the latest date for which figures were available.

The number of relief cases receiving work program earnings in October last year was 1,998,161.

The October 26 job total announced today showed the relief chiefs were still 1,956,815 jobs away from the 3,500,000 aggregate that was to have been achieved by November 1. It disclosed, too, that WPA faced the tremendous task of providing an average of 55,909 jobs a day between October 26 and the latest dole-ending deadline of November 30.

The latest statistics showed further that in the week between October 19 and 26 a total of 171,715 transfers were made from direct relief to jobs. This was an average of 17,388 jobs a day.

More than a third of the jobs now listed by WPA, 582,704 to be exact, are in the Civilian Conservation corps.

Water Works Project For Morton To Get Underway Soon

Morton, Texas, Nov. 6.—Working orders have been given on the Morton water works project and it is expected that the system will be started and completed as rapidly as possible. A representative of the Public Works Administration is on the ground to see that all stipulations in the contract are to be complied with.

The original grant of \$23,000.00 has been raised to \$24,800.00, which will assure sufficient funds to carry the project through. Labor is available to do the work without materially hindering the cotton gathering and the citizens are anxious for a water supply as the fire menace to the town is great.

Literary Digest Poll Being Taken Regarding New Deal

Individual ballots have been mailed to voters of Littlefield and nearby communities in a new Literary Digest poll of 10,000,000 persons to ascertain the present popularity of the New Deal and should be distributed by the Post Office locally within a few days, according to advice received to-day from the magazine's publishers.

The Texas returns in this new referendum will be tallied as a unit so they may be compared with the voting in other States, it is announced.

The voting of the post-card ballots is secret as no signature or other identification is required and the return postage is paid by the magazine. To guard against tampering and counterfeiting a specially manufactured cardboard is used for printing the ballot, according to the sponsors of the poll, and all spurious votes can be detected immediately and destroyed.

The ballot asks a yes or no answer to the question: "Do You NOW Approve the Acts and Policies of the Roosevelt 'New Deal' to date?"

Ballots are reported being mailed from the magazine's headquarters in New York at the rate of over 500,000 per day and will continue until every section of the country has been sent its proportionate share of the total being mailed.

Sudan Seed Growers Form Association

Sudan growers of several Panhandle counties recently met and organized the Sudan Seed Growers association. The purpose of the association, according to a statement issued by the organization, is to secure "fair prices" for seed.

The memorandum issued by the association said that a thorough investigation had been made and that it had been found that the principle cause of the "ruinously low prices of seed" had resulted from certain reports of large yields of seed in California, South Texas, and other places.

"These reports, in every case," declared the association's statement, "were found to be untrue or greatly exaggerated and have been put out, evidently by speculative buyers, for the purpose of scaring the uninformed grower into selling his seed at the present low price."

The statement declares that "there

will be very little, if any, of seed above the planting in the spring," and asks "growers to co-operate and ho-sudan seed for five cents per bushel." "There will perhaps be a small per cent of growers," statement continues, "who sacrifice something to get needed cash, and will 'dump' seed for anything they can since practically all the large-ers have already stacked their and do not intend to even it until near planting time, certain that the small amount that will be 'dumped' will only a small part of the planting demand and there is doubt but what the larger will pay five cents for and finish supplying the spring if they cannot get them for less." The association urges all to "immediately write us a card, saying that you will yourself with us in this effort your name and address, and seed you will have, and the of acres of sudan you had year, this year, and how you expect to plant next year."

SEED DELINTING PLANT MAY BE LOCATED IN LITTLEFIELD

Jackson of Iowa Park, Texas, sometime recently in Littlefield investigating the possibility of locating a cotton seed delinting plant in this city. He left Littlefield Monday of last week, but is expected to return here in about a week to make his headquarters at the Littlefield Hotel.

In an interview with the Leader Jackson said—

"I have a seed breeding farm and a cottonseed delinting plant located in Littlefield if cotton growers of the Littlefield territory cooperate with the seed delinting company and the percentage of pure seed of a variety of better staple.

"Delinting and disinfecting seed are of the greatest value but the Kemgas process does more than just delint seed, as recleaning and grading after the seed are delinted is more effective and practically all of light and small immature seeds are culled out.

"Kemgas delinting and grading processing assure the planting of heavyweight vigorous, rapid growing; disease resistant; high yielding plants.

"Delinted seed are planted with corn, pea or feed plants at the rate of 6 to 8 pounds per acre. Kemgas delinting does not cost anything, as seed farmers save it worth much more than the cost of having seed to plant their crop delinted and graded.

"The United States Department of Agriculture after conducting grading and cleaning experiments with both fuzzy and delinted seed says—'Cottonseed can not be recleaned and graded efficiently nor economi-

cally unless the seeds are first delinted.' The Kemgas process was originated and the apparatus patented by Mr. Jackson, who is a cotton breeder of national reputation who also added that 'Lamb county is one of the ideal localities in which to breed and grow planting cottonseed, as there are no cotton diseases and few insect pests. Seed grown here are acclimated to the Plains and are much more desirable for planting than seed imported from South and Central Texas.'

Literary Digest Poll Being Taken Regarding New Deal

Individual ballots have been mailed to voters of Littlefield and nearby communities in a new Literary Digest poll of 10,000,000 persons to ascertain the present popularity of the New Deal and should be distributed by the Post Office locally within a few days, according to advice received to-day from the magazine's publishers.

The Texas returns in this new referendum will be tallied as a unit so they may be compared with the voting in other States, it is announced.

The voting of the post-card ballots is secret as no signature or other identification is required and the return postage is paid by the magazine. To guard against tampering and counterfeiting a specially manufactured cardboard is used for printing the ballot, according to the sponsors of the poll, and all spurious votes can be detected immediately and destroyed.

The ballot asks a yes or no answer to the question: "Do You NOW Approve the Acts and Policies of the Roosevelt 'New Deal' to date?"

Ballots are reported being mailed from the magazine's headquarters in New York at the rate of over 500,000 per day and will continue until every section of the country has been sent its proportionate share of the total being mailed.

Sudan Seed Growers Form Association

Sudan growers of several Panhandle counties recently met and organized the Sudan Seed Growers association. The purpose of the association, according to a statement issued by the organization, is to secure "fair prices" for seed.

The memorandum issued by the association said that a thorough investigation had been made and that it had been found that the principle cause of the "ruinously low prices of seed" had resulted from certain reports of large yields of seed in California, South Texas, and other places.

"These reports, in every case," declared the association's statement, "were found to be untrue or greatly exaggerated and have been put out, evidently by speculative buyers, for the purpose of scaring the uninformed grower into selling his seed at the present low price."

The statement declares that "there

will be very little, if any, of seed above the planting in the spring," and asks "growers to co-operate and have sudan seed for five cents per bushel." "There will perhaps be a small per cent of growers," statement continues, "who will sacrifice something to get needed cash, and will 'dump' seed for anything they can get since practically all the large growers have already stacked their seed and do not intend to even it until near planting time, certain that the small amount of seed that will be 'dumped' will be only a small part of the planting demand and there is no doubt but what the larger growers will pay five cents for seed to finish supplying the spring crop if they cannot get them for less." The association urges all growers to "immediately write us a card, saying that you will cooperate with us in this effort to secure your name and address, and the seed you will have, and the number of acres of sudan you had in 1934, this year, and how much you expect to plant next year."

Laxative Combination folks know is trusted

The confidence thousands of people have in good, old reliable Black-Draught is well known. Theodor's Black-Draught prompted them to get the new Black-Draught for their children. The grown folks stick to the old Black-Draught; the young folks probably will prefer it when they grow their childish love of it. —Mrs. C. W. Adams, of Ky., writes: "I have used Theodor's Black-Draught (powder) about ten years, taking it for biliousness. Black-Draught acts well and always pleased with the results. I wanted a good, reliable laxative for my children. I have found Theodor's Black-Draught to be just the thing."

SEED DELINTING PLANT MAY BE LOCATED IN LITTLEFIELD

Jackson of Iowa Park, Tex., sometime recently in Littlefield investigating the possibility of locating a cotton seed delinting plant in this city. He left Littlefield Monday of last week, but is expected to return here in about a week to make his headquarters at the Littlefield Hotel.

In an interview with the Leader Jackson said—

"I have seen a seed breeding farm and a cottonseed delinting plant located in Littlefield if cotton growers of the Littlefield territory cooperate with the seed delinting and delinting company and the average of pure seed of a variety of better staple.

"Kempas delinting will delint seed for the company to sell on the Plains and will also delint, disinfect, sterilize, regrade any kind of cotton seed of the West Texas farmers.

"A variety of cotton that will be grown for the pure seed project has been grown this year by Lamb County farmers; it ripens as early in maturing as any variety of cotton. It has very firm proof bolls, a staple of about one inch, and a gin of 39 per cent from picked seed and 27 per cent from snapped. The lint is of high quality and sells for premiums as high as 10 per bale more than ordinary.

separated from the seed without injuring the seed in any manner. The gas is an efficient disinfectant that sterilizes the seed, destroying seed borne fungi and insect pests.

"Delinting and disinfecting seed are of the greatest value but the Kempas process does more than just delint seed, as recleaning and grading after the seed are delinted is more effective and practically all of light and small immature seeds are culled out.

"Kempas delinting and grading processing assure the planting of heavyweight vigorous, rapid growing; disease resistant; high yielding plants.

"Delinted seed are planted with corn, pea or feed plants at the rate of 6 to 8 pounds per acre. Kempas delinting does not cost anything, as seed farmers save is worth much more than the cost of having seed to plant their crop delinted and graded.

"The United States Department of Agriculture after conducting grading and cleaning experiments with both fuzzy and delinted seed says—

"Cottonseed can not be recleaned and graded efficiently nor economi-

cally unless the seeds are first delinted."

The Kempas process was originated and the apparatus patented by Mr. Jackson, who is a cotton breeder of national reputation who also added that "Lamb county is one of the ideal localities in which to breed and grow planting cottonseed, as there are no cotton diseases and few insect pests. Seed grown here are acclimated to the Plains and are much more desirable for planting than seed imported from South and Central Texas."

**School Truck And
Sedan Collides
Monday Evening**

A school truck reported to be driven by Henry Bradstreet and a 1933 Chevrolet Tudor sedan, said to be driven by L. H. Medlin of Bula, collided about 8 o'clock Monday morning at East Third Street and highway No. 7, opposite the Garland-White No. 7 service station, almost completely demolishing the sedan, and shaking up the occupants.

The truck containing the school children was reported to be going north on East Third Street, while the car was traveling east on Highway 7, when the accident happened.

Mr. Medlin was taking Miss Ford of Bula to Plainview, where she planned on boarding a train for Dallas. She had suffered from a fractured hip sometime ago, and had underwent an operation at the Scottish Rite Hospital, Dallas, five months ago. She was still in a cast, in which they had put her for the purpose of lengthening her limb, and is reported to have escaped injury with the exception of a sprained ankle. She was given emergency treatment at the Littlefield hospital and continued on her way.

of loans made, stating that "there is no reason why Littlefield should not lead in amount of loans for modernization and repairs." "It is your tax money they are spending keeping me out in the field, and you can capitalize on the expenditure by getting behind this program," said Mr. Kyle.

Mr. Kyle stated there had been 3853 loans made in the Fort Worth district for modernization and repair to September 30th, totalling \$1,268,211.

He stated that on an interview with J. C. Hilburn, he said he would make available from ten to fifteen thousand dollars for modernization work.

Supt. A. B. Sanders reported on the football situation, stating that they were waiting to see what happened at the Levelland-Olton game. He stated they would have no definite plans until after this game.

NEW COMBINATION FUNERAL AND AMBULANCE CAR BOUGHT BY HAMMONS

Pryor Hammons returned Thursday from a trip to Fort Worth and Dallas, where he purchased a new funeral car from the National Casket Company for the Hammons Funeral Home. This car is black, trimmed in gold, with blue gray leather upholstery, and is a combination funeral and ambulance car.

Mr. Hammons states he will take delivery at the factory at Freeport, Ill. in December, and expects to go to that city by train, and drive the new car home.

While in Dallas Mr. Hammons attended the lectures and demonstrations by Prof. Collier of Chicago, authority on the latest methods in preparation of the body, restorative art and plastic surgery; and attended the first showing in Texas of hardwood polished caskets at the National Casket factory building. Mr. Hammons explained that caskets were now being made of walnut, mahogany, maple, and oak, very highly polished, with velvet and satin linings.

National Casket Company, is also president of the Dallas Rotary club, and Mr. Hammons had the honor of being his guest Wednesday of last week at the Rotary luncheon at the Baker hotel.

"CIVILIZATION'S SYMBOL"

The annual Roll Call of the Red Cross will be underway in Lamb County next week. Its banner, the Red Cross on a white field, has been aptly termed "Civilization's Symbol." First used as a warning flag in war, it has become the emblem under which the armies of peace are enlisted in the never-ending warfare on disease and disaster in civil life.

It is a banner under which every citizen should enroll. To display the Red Cross emblem in the window is evidence that those who dwell in that house do not live for themselves alone, but are sharing the burden of caring for the afflicted.

The record of the Red Cross comes as near to being a record of unselfish humanitarianism as can be found anywhere. Whether it be the emergency created by a major disaster, such as fire, flood, shipwreck or tornado, or the more prosaic work of safeguarding public health, producing garments for the poor and needy, printing books for the blind, or any of the scores of other helpful services which the Red Cross constantly renders, it must at all times be prepared to meet the calls upon it. Its funds come from the voluntary contributions of all the people. The Annual Red Call gives every citizen an opportunity to show his patriotism in the broadest and truest sense. In giving to the Red Cross, one gives to the service of all mankind.

Many Undergoing Operations Here

Those undergoing operations and receiving medical treatment at the Littlefield hospital for the past week were:

Mrs. Fred Nickels of Bula was admitted to the hospital Thursday for medical treatment, where she will be confined for about a week.

Mrs. F. S. Elliott of Fieldton entered the hospital Thursday for treatment, and will be released in about a week's time.

Miss Maxine Jackson, of Muleshoe while visiting here at the Neely home, was stricken with appendicitis and underwent an operation at the local hospital Friday. She is getting along nicely, and is expected to be able to return home by the end of this week.

Miss Catherine Monroe, victim of the automobile crash of about a month ago, recovered nicely and has returned to her home in Spade.

MORE

Mrs. J. T. Green of Enochs underwent a major operation at the local hospital Monday. It is expected she will be confined in the hospital a week.

Claud Gage of Sudan suffered a broken arm when he fell at the Fairview gin Monday. His arm was set at the Littlefield hospital after which he returned home.

E. R. Wauford of Littlefield had his tonsils removed Tuesday at the local hospital.

Mrs. Raymond Cantrell of Bula was operated on for appendicitis at the local hospital Tuesday, and is getting along nicely.

Two young men were treated for scratches and bruises at the hospital Monday night as a result of a car mishap ten miles west of town, but no further information was available.

You veterans who wish to step off with the rest on the new year; and plans for a busy year's activity, are earnestly solicited to be in attendance. Commander Bill Elliott, is anxious to see the membership roll mount with some real gains and attainment.

The committee on membership are: J. H. Ware (chairman), Warren Rutledge, Roy Blessing, Dr. J. R. Coen, Eugene Latimer, Jack Gipson and Vivian Burleson.

Football Players Entertained At Wells Home Last Friday

One of the most enjoyable social events of their season was a party given last Friday night by Misses Ruth and Josephine Wells honoring the letter men of the football squad and their guests.

A profusion of fall flowers used in decoration carried out the Wild-cat colors of maroon and white.

Various games including "Paddle Tag," "Hypnotism," "Paper Sack Relay," "Squirrel in a Tree," and "Collecting the Beans," were played. "Popoff" Melton won high score in the bean contest with Miss Evonia Hawthorne winning second place honors.

Refreshments were served to the following guests and honorees: Misses Opal Carpenter, Jewel Gibson, Nettie Bell Batton, Jeauwainne Honca, Evonia Hawthorne, Nettie Bell Batton, Madlyn Smith, Lora Mae McFarland and Thelma Killough;

Messrs Calvin Brazel, Randolph Brantley, Nowlin Tubbs, Bob McKnight, Jimmy Walker, Cecil Tubbs, Lloyd Neely, James Foust, Charlie James, Elmer McKnight, Bernard Lambert, Bruce Melton, Gerald Lakey, Hall Rowe, L. V. Pierce, Lee Gibson, Raymond and Melton, D. W. Holladay, Coach W. L. Sanders, and the honorees.

Max Houk Marries Former Littlefield Girl At Poolville

Miss Forrest Robeson, daughter of Mr. and Mrs. H. E. Robeson, of Poolville, Texas, became the bride of Max Houk, son of Mr. and Mrs. J. C. Houk Sunday evening, November 10, at Poolville, with the Justice of the Peace officiating.

The ceremony was performed in the presence of Alex Kraushaar, who made the trip to Poolville with Mr. Houk.

Miss Robeson attended the Littlefield High School in 1933 and 1934, and is now a senior in the Poolville High School. While here she made her home with her sister and brother-in-law, Mr. and Mrs. R. D. Beisel, and has a large number of friends in Littlefield.

Mr. Houk will return to Poolville in a short time and accompany Mrs. Houk to Littlefield, where they will make their home.

Mr. Houk is associated with his father in the Houk's Grocery here.

WPA Sanitation Project To Get Underway Monday

Sanitation improvements in Lamb County will be started Monday morning under the WPA program.

Several orders by home owners have already been received by officials in charge of the work, which includes replacement of open toilets with fly proof and odorless buildings and replacement of cesspools with septic tanks and drain tile.

The program is sponsored by the Texas department of health, in cooperation with the U. S. bureau of health, and also by the Commissioner's Court.

Those who desire the improvements may make application with the County Judge, or with project superintendents, whose names were not available today. Labor will be furnished by the WPA, the home owner furnishing all materials.

Odessa's Beauty Shop Improved, Enlarged

One of the most outstanding improvements which has been made recently in the quarters of a Littlefield concern is that carried out by Miss Odessa Willis at Odessa's Beauty Shoppe.

Odessa's Beauty Shoppe was established by Miss Willis less than one year ago, and from time to time she has made extensions and improvements.

Improvements which have just been completed gives Odessa's Beauty Shoppe a large, comfortably furnished reception room, three finger waving booths, a double permanent wave room, a shampoo room, and a supplies room.

The entire establishment has been repainted in white, and some color has been used in accomplishing a very attractive and pleasing treatment of all woodwork.

V-8 LEADERSHIP

On October 31 of last year, Henry Ford announced his intention to build a million Ford V-8s in 1935. We are pleased to report that this goal was reached in exactly ten months instead of a full year.

One million cars and trucks is an impressive total. But figures by themselves mean nothing. It is what they represent that counts. Selling a V-8 at a low price has brought a new kind of automobile within reach of the people. Producing it has provided steady work for hundreds of thousands of men in the Ford plants, in associated industries and on the farm.

These million Ford V-8 cars and trucks have helped to make things better all around. In the first ten months of 1935 the Ford Motor Company paid out, in the United States alone, \$140,119,326.00 in wages and \$523,111,389.00 for materials.

AMERICAN EDUCATION WEEK OBSERVED HERE

American Education Week was observed by the local P. T. A., November 13, 1935.

The following program was rendered; vocal selections by Miss Wynonne Mason and Mrs. Virginia Vereen, "Major Purposes and Guiding Principles in the Texas Curriculum Revision Movement," Mrs. A. B. Sanders; "What the Littlefield Schools have done in Meeting the changes," Mr. Floyd Hemphill; reading by Miss Alice Lynn Street and songs by Grammar School Chorus, directed by Morgan Layfield.

PARADE TAKES PLACE AFTER WILDCATS WIN

After the Wildcat Victory at Levelland Monday afternoon the football boys and pep squad members came back to Littlefield and every one that had enough pep, energy and a shirt tail took part in an after-game parade. When the parade was over both the football and pep squad were given complimentary passes to the show at the Palace Theatre by Manager Bill Chesher.

BUICK SALES INCREASE

Domestic retail deliveries of the Buick Motor Company during October

totalled 14,164 cars, the largest month's business in more than five years and the best October volume since 1929. W. F. Hufstader, general sales manager, announced. The figure compares with 6,373 units sold at retail during October last year, a gain of 7,791 cars or more than 122 per cent.

Junior Study Club Awarded First Prize On Clipping Book

Miss Marjorie Sanders represented the local Junior Study Club at the 38th Annual Convention of Texas Federation of Women's Clubs at Austin, which convened from Sunday, November 10, until Friday last.

Miss Sanders reports that the Littlefield Club was awarded the first prize of \$5.00 on the clipping book submitted, which prize was presented to Miss Sanders by Mrs. V. Taylor, State President Texas Federation of Women's Clubs. This book is now on display permanently at the Federation Headquarters at Austin.

Miss Sanders left Saturday noon, November 9, for Lamesa, where she joined Mrs. W. P. Averett, Seventh District President, who accompanied her to Austin.

The Littlefield delegate returned to Littlefield Saturday night.

Mrs. Mallory Etter Entertains Dinner Club Friday Night

Mrs. Mallory Etter was the gracious hostess Friday evening at her home on East Ninth Street, to members of the dinner club.

Chrysanthemums decorated the home for the occasion, the theme carrying out suggestions of the Thanksgiving season.

Dinner was served at eight, following which three tables of bridge were enjoyed, Mr. and Mrs. Dennis Jones scoring high in the games.

Those attending were: Mr. and Mrs. J. O. Garlington, Mr. and Mrs. Roy Young, Mr. and Mrs. L. C. Hewitt, Mr. and Mrs. M. M. Brittain and Mr. and Mrs. Dennis Jones.

Mrs. Thornton And Lloyd Yeary Wed At Clovis, N. M.

The marriage of Mrs. Freddie Thornton of Amherst and Lloyd Yeary of Littlefield has just been announced here. The ceremony took

place at Clovis, N. M. October 6, with a Justice of the Peace officiating.

The bride is the daughter of Mrs. J. W. Horn a former Littlefield resident, whose friends were numbered by her acquaintances. She is now employed at the Amherst Telephone Exchange.

The groom is also well and favorably known here, and is employed at the Yeary Filling Station.

The couple will make their home in Littlefield.

LEVELLAND-OLTON GAME HOLDS CATS INTEREST

"Olton" is the cry at Levelland today. "Beat Olton" is the cry at Littlefield, also. Because both Littlefield's and Levelland's chance at the championship of the north half of the county depends upon Levelland's victory over Olton next Friday night.

Levelland does defeat Olton and throw the championship race into a three-way tie, with Olton, Littlefield and Levelland each having won three games and lost one.

Elect Veteran Player As Their Captain

Interest in basketball is gaining momentum fast around the high school campus with a large number of boys practicing daily in the gymnasium under the supervision of Coach Ehnert. These girls recently had a hot year's steam, captain of the team. With these prospects the team promise a winning team this season.

Basketball Season Opens With A Bang

Basketball season will be ushered in a big way tonight (Thursday) as the fairer sex of the faculty will meet at the mothers of P. T. A. in a basketball game. Every rumor is to the effect that brain and brawn will be spared by either team to the cage tilt.

Coaches, captained by Miss Naohabette, have announced the line-up to include Nina Mae McFarland, Fay Jerry Kirkpatrick, Ina Bell, Marie Rutherford, Naomi Garlington, Myrtle Ehnert, Johnnie Pace, Mary Montgomery and the captain.

A complete line up for the boys could not be obtained fans in action such as seasoned athletes as Lynn Wright, Flora Best, Blanche Dodgen, Edna Banks, Mae Thornton, Louise Beisel, Timian, Gladys Joplin, Pearl Galah Street, Minnie Matson, Wilma Singer, Faye Sanders, Cogdill, Bee Bigham and Sydell, Donna Davenport, Edith Isham and others.

Season tonight at 7:30 and see most sensational cage conflict of the season. Admission 10 cents.

SPECIAL NOTES—
Quite a number of our people attended the program of the West Plains Association Sunday School meeting at Sudan last Sunday afternoon. Among those going were: the pastor and wife, Mr. and Mrs. O. S. Sullivan, Rev. and Mrs. O. L. Oldham, Mrs. L. W. Jordan, D. C. Lindley, Mr. and Mrs. Heathman, Mr. and Mrs. Lon Smith and Misses Lindley and Oldham.

A large number of ladies of the First Baptist church met Monday morning at the church and quilted a quilt for Buckner Orphan Home to be included in the special Thanksgiving Box to be gathered next Monday and sent to the home. The women are urged to cooperate in the sending of the box. Lunch was served at the church and in the afternoon. The pastor taught the Foreign Mission Book; "The Conquering Christ." A study class, "Building A Standard Sunday School," is being taught by the pastor to a large group of Sunday school workers this week at the church. This course requires five nights of two hours each and meets at 7:30. We are making good progress in our building indebtedness subscriptions. Let us all do our very best in this urgent and imperative matter. Rev. and Mrs. Brian attended the Workers Conference of Lubbock Association, which met with the Morton Church Tuesday.

The Workers Conference of the West Plains Association meets with the First Baptist church, Amherst, Tuesday, November 26. An unusual program has been arranged, in that the subject to be discussed are left wholly to the speakers selection. The speakers are as follows; 10:00—A. A. Brian, 10:15—C. F. Booth, 10:35, W. F. Fry, 10:55—Returned Missionary, Rex Ray, 11:30—Visitors song and prayer, 11:40—J. F. Grizzle, 12:15—Lunch, 1:30—board meeting, 2:00—W. M. U., Mrs. V. Pipes, 2:20—R. E. Bost, 3:00—J. W. Partin, 3:20—Vernie Pipes.

METHODIST CHURCH

John W. Hendrix, Pastor
It has taken place. The conference is over, and it was an unusually good one, and the men are on their way to their appointments. There

were a number of moves in our district.

We are glad to be back in our town and with our people. As we see it we have a program for a mighty good year set out before us. It is just where it can be easily picked up and carried on. We feel gratified that our people are ready to enter the task gladly.

We rejoice that we may associate with our friends who are simply our fellow townsmen, the Chamber of Commerce, the Rotary club, and many others.

We plan to arrive home about Friday evening and be at home to all our people in the church Sunday, both hours of worship. The subject for the morning hour will be, "Where From Here?" And in the evening—we will use the same subject, "Where From Here?" in a very different sense.

We most cordially invite you to begin the new conference year with us. Actually it begins next Sunday morning at exactly 9:45 a. m. The Church School hour.

TABERNACLE BAPTIST CHURCH

How we do rejoice in the many

expressions of appreciation and blessings received from our Sunday broadcast from one to two o'clock. From the aged, the sick, and the sorrowing comes the urgent request that we express their thanks to those individuals whose contributions make this Gospel period possible.

We are also made happy because of the increasing interest in our Young Peoples' Bible Union. To all young people with a desire to have a real knowledge of the Word of God, gleamed from a simple, consecutive and interesting study of the Bible, we invite you to attend these meetings each Sunday evening.

Our schedule of worship is as follows:

SUNDAY—
9:30 a. m.—Teacher's and Officer's Prayer Meeting.
9:45—Sunday School.
11:00—Morning Sermon, "Giving God the Glory."
1:00 p. m.—"Gospel Crusaders," broadcast over KFYO Lubbock. If these messages help you, please send us a card, or letter.
6:30—Young Peoples' Bible Union.
7:00—Prayer Meeting for the

unsaved.
7:30—Song Service.
8:00—Sermon, "Such As I Have, Give I Thee."
WEDNESDAY—
2:30—Ladies Bible Study at the Church, Mrs. J. D. Evins, teacher.
7:30—Mid-week prayer and praise service.
FRIDAY—
7:30—Choir rehearsal.

FIELDTON NEWS

The Juniors are glad to welcome their new classmate, Miss Marguerite Jones who comes to us from Lubbock. Miss Jones is a blond, five feet and four inches tall and says her favorite studies are English and algebra. The girls of the basketball team especially welcome her and we all hope she likes our school. Welcome to Fieldton High, Marguerite!

The basketball teams went to Spade Friday night and found out how the old game of basketball was played. The games were clean fought and well officiated with the best teams winning. Best of luck Spade, we are for you.

Several students are still absent from school picking cotton, we are anxious that these folks get back in school that the type of school work may be kept at a high standard.

We are starting an honor roll club through the school, a person to be eligible must make an average of ninety or better in their work and deportment. In the seventh and sixth grades Mrs. Wells is offering as an incentive a prize to all who will make the roll each six weeks during the term. Those making the roll the first six weeks in this room were; Lee Roy Mott, and Helen Louise Woody, sixth grade and Mattie Belle Richardson and Nell Goynes, seventh grade.

Olton Is Allotted \$43,000 For Paving

Olton, Nov. 18.—(Special)—Notification has been received that Olton's application to the WPA for a paving project has been approved and approximately \$43,000 has been allotted for construction. The money will be available at an early date.

The city must raise approximately \$6,000 to defray Olton's part of the necessary expenditure, it being required that the city furnish a competent overseer, and the necessary hand tools as well as keep equipment in repair and working order.

The project covers 16 blocks, linking the business section and schools and extending from the southwest corner of the court house square to the highway in the north part of town.

The pavement calls for concrete curbs and gutters and the street from the court house to the highway will be paved from gutter to gutter—90 feet wide.

Payrolls To Be Taxed To Meet Old Age Pensions

Treasury officials are working hard against a December 15 deadline in drafting regulations for collecting the first of the taxes imposed by the social security act.

The law provides that employers of eight or more persons must pay one per cent of their 1936 payrolls into an unemployment insurance fund. This levy graduates to two per cent in 1937 and three per cent in 1938 and thereafter.

While the 1936 tax will not become payable until January, 1937, the treasury hoped to complete its rules by the middle of next month so that employers can set up proper tax records at the start of the year.

Regulations for the collection of two other levies voted by the last congress also are being formulated. Taxes to finance railroad retirement pensions become effective in March, while those for the social security program's contributory old age benefits will begin in 1937.

The new rail pension act provides for a tax of three and one half per cent on carrier payrolls, and an equal levy on the wages of railroaders. Representatives of rail employes for collective bargaining will pay the full seven per cent from their salaries.

Federal old age pensions will be financed by a graduated tax imposed equally upon employers and workers, starting at one per cent each in 1937, and reaching three per cent each in 1949, on wages not in excess of \$3,000. Railroads and their employes are excluded from this levy.

LARGE AMOUNT IN PWA PROJECTS TO BE LET BY DEC. 15TH

Between now and December 15 there is expected to be a total of approximately \$30,000,000 worth of construction contracts let on PWA projects in Texas, Julian Montgomery, acting state director announced.

Counting approximately \$10,000,000 worth of contracts that have been let since Oct. 1, that will make \$40,000,000 worth of work. These projects will provide six months work for 30,000 men, Montgomery estimated.

Corn Production To Be Limited

Work has been started on the contract for the new two year adjustment program for corn and hogs, following conferences in Washington of producers, state agricultural specialists, and AAA officials on fundamental details, E. N. Holmgreen, administrative assistant of AAA at College Station, has announced.

"Since a major adjustment problem is to prevent an excessive production of hogs in 1937, a contract of more than one year's duration is necessary," it was pointed out by Holmgreen.

The main objective of the new program will be to maintain a balance between the production and consumption of corn and hogs during the next two years. To accomplish this objective, it will be necessary to prevent an excessive production of corn in 1936 and 1937, allow an increase in next year's pig crop that would be at least as great as it is estimated would take place were no adjustment program in effect, and prevent an excessive increase in the 1937 pig crop.

The Adjustment Administration has recommended that corn production next year be limited to 95 million acres, or about 10 million fewer acres than would be likely without adjustment.

How Cardui Helps Women To Build Up

Cardui stimulates the appetite and improves digestion, helping women to get more strength from the food they eat. As nourishment is improved, strength is built up, certain functional pains go away and women praise Cardui for helping them back to good health. . . Mrs. C. E. Ratliff, of Hinton, W. Va., writes: "After the birth of my last baby, I did not seem to get my strength back. I took Cardui again and was soon sound and well. I have given it to my daughters and recommend it to other ladies."—Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Olton To Erect New Grammar School Building

Olton, Nov. 16.—The tax payers of Olton Independent School District have approved a \$66,000 bond issue with which to erect a new grammar school building. The bonds will be used to repay a federal loan of that amount, which is augmented by a federal grant of \$54,000, making a total of \$120,000 for the new structure.

Details in the matter looking to beginning of construction are being worked out as rapidly as possible and it is expected that the contract for the foundation will be let early in December. Work on the erection of the building can scarcely get underway before the first of the year.

The building is to be a modern, two-story structure, containing 18

class rooms, two office rooms, nasium and auditorium.
