## Improvements To Dunbar School Planned At Board Meeting

Littlefield school board met in regular session Monday night. At 7 p.m., the board had dinner at Thornton's cafeteria after which business was transacted.

A bid from Sam Pruitt, local contractor, to rework the barracks at Dunbar School was approved for a total of \$4708. The interiors of the four classrooms with shower and storage facilities will be sealed and painted; the exterior will be finished with stucco and painted. Walks and stoops over the doors will be added.

Three new teachers were assigned to the school system. Mrs. Pearl McClain, junior and senior high school chorus; Mrs. Dewey Hulse, first grade; and Mrs. Rudy M. Talley, exceptional children.

The class for exceptional children will begin Monday. The instructor, Mrs. Talley, is a graduate of the University of Oklahoma, with a major in the education of exceptional children.

A committee composed of W. C.

Cannon and W. O. Hampton, are making a special study of the heating problem at Primary and Central schools. What is necessary to provide adequate heating for both buildings will be done before cold weather.

The board heard a detailed report from the School Community Health Council delivered by Paul I. Jones, secretary-treasurer of the special council. Not all of the recommendations of this council have been passed, but all are under study by the board.

Transportation for all trips to out-of-town football games was approved. The first out-of-town game is with Dumas, Oct. 10.

In his report Joe Hutchinson, superintendent, announced that the Littlefield school has recently become a member of the newly-organized West Texas Audio-Visual Services, a cooperative film library at Tech in Lubbock. Through this organization all schools in Littlefield, including Dunbar, will receive the slides, films, and other audio-visual teaching aids for use in classroom work.

Paul Schilling and William Brume brought before the board a report of the requirements to become a member school of the Southern Association of High Schools and Colleges. The board approved the filing of an application for admission to the association. Membership in this association is one of the highest honors that a high school can receive. Graduates from schools in this organization are recognized in business and institutions of high learning all over the country. To enter the organization, a school must be up to standard in every detail, and immediate acceptance does not necessarily follow application for membership.

## OES Honors Worthy Grand Matron With Western Reception Tomorrow

Mrs. Pat Boone, Sr., Worthy Grand Matron of the State of Texas, will be honored tomorrow by the local chapter of the OES with a reception from 4 to 6 p.m. in the parlor of the First Baptist Church Education Building.

Last minute plans and practices for the program have been occupying the time of the chairmen of various committee: program, Mrs. Lyle Brandon; decorations, Mrs. Rose Wesley; and refreshments, Mrs. Doris Fry.

To carry out the Western theme adopted from Mrs. Boone's father's recent book, "A Sheriff-Ranger in Chuckwagon Days" the stage of the parlor will be decorated with bear grass, saddles, and sagebrush. Table decorations and costumes of the officers will also pick up the western flavor of the program.

Music on the program will run the gamut from Indian chants to blitting Spanish melodies.

## Fall Flower Harvest Plans Complete

Plans for the "Fall Harvest of Flowers" to be presented by the Garden Club in connection with the Lamb County Fair are now complete, it was announced yesterday by Mrs. J. M. Farmer, general chairman of the flower show.

## Art Department Of Woman's Club Solicits Entries For Art Show

The Art Department of the Woman's Club, which is sponsoring the Fifth Annual Art Show in connection with the Lamb County Fair, Sept. 18, 19, and 20, urges that all people in the county—children, adults, professional artists and "dabblers"—who possess art work or who have done any art work in the past two years bring it for exhibition.

If the owner or artist does not want the picture or piece of ceramic work to be entered in the competitions, it can be entered for display only.

All entries must be in by 5 p.m., Sept. 17, but Mrs. Bert Tunnel, superintendent of the art show, reminds exhibitors that entries brought to the Art Building (Old Agriculture Building) earlier will probably be hung in more advantageous positions. Exhibitors are

urged to bring their art work out to the fair grounds early in the afternoon.

All pictures must be framed and wired for hanging.

Pictures and ceramic objects on exhibit must remain in place until the official closing time of the fair which is 10 p.m., Sept. 20. This ruling has been passed by the board of directors of the fair to prevent the appearance of half-dismantled exhibits before the fair is over. People coming to the fair late Saturday should get to see the same exhibits that other saw earlier, however, pictures and other items must be picked up at 10 p.m., Saturday night.

Anyone can enter original art work, and the Woman's Club Art Department urges all to do so and make the fifth art show the biggest and best one yet.

Packwood, director of the elementary training union at the local First Baptist Church, and her helpers, Mrs. James Garret, Mrs. J. D. Literature for the programs and activities of the elementary training union is written by a different church in the state each quarter. Near the end of the passing quarter, the church writing the new programs presents a demonstration of their material for the benefit of the directors.

This program is only three years old, but has enjoyed such a success with directors and teachers that conferences for training unions of all age groups are now being held. The elementary union includes children through the Junior Sunday school age.

The next conference will be a State Training Union conference to convene at the First Baptist Church in Lubbock, November 27-29.

The group from Littlefield left Thursday morning and returned Saturday. After the conference had adjourned, they made a sight-seeing trip to Juarez.

At this meeting were representatives from the Lubbock, Canadian, Amarillo, Memphis, Wichita Falls, Stamford, Midland, and Sweetwater Production Credit Associations.

## Fall Party Snacks

NORWEGIAN SNACKS—Smart party idea

By OTOLY BROWNSTONE  
Associated Press Food Editor

Here's an idea for a snack buffet for Labor Day visitors and for other fall parties. Have two Lazy Susans of food—one cold, one hot.

On the cold ringaround, feature Norwegian sardines plus deviled eggs. Most sardines from Norway come packed in 3½-ounce tins; open the tins neatly and serve with lemon wedges. Cut hardcooked eggs in lengthwise halves, scoop out the yolks; mash with mayonnaise and picallil or India relish, salt and freshly-ground pepper; stuff the whites with the mixture, top each egg half with a sardine and garnish with criss-cross strips of pimiento. Add crackers and Melba toast and you're all set.

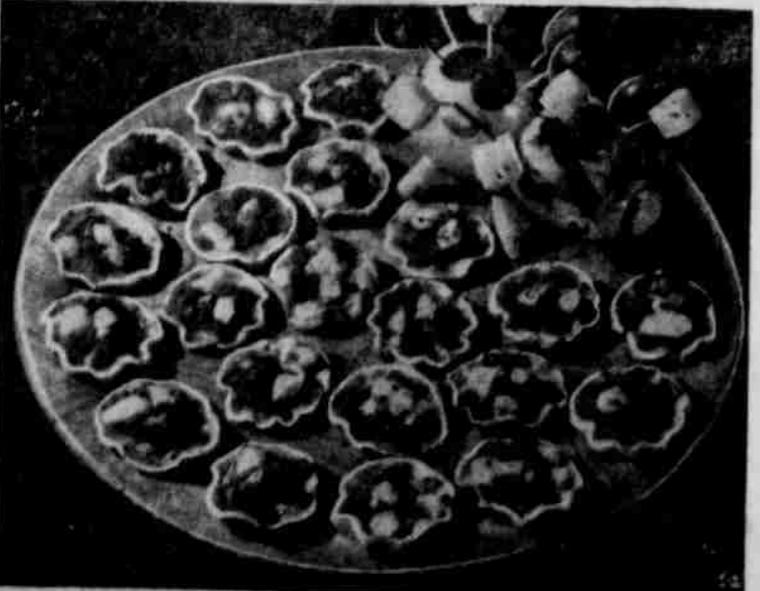

Pizza Appetizers are the hot offering—delicious with cool drinks, with tea or coffee. They may be made ahead, refrigerated, and then placed under the broiler at serving time.

### PIZZA APPETIZERS

Ingredients: For the Pasty Base—½ cup enriched corn meal, 1½ cups sifted enriched flour, 1 teaspoon salt, ½ teaspoon baking powder, 1/3 cup shortening, 1/3

cup water. For the Filling—3 tablespoons olive oil, 1/3 cup Parmesan cheese, 1 small can tomato sauce, dash of salt, ¼ pound cooked pork sausage meat, ¼ pound cheddar cheese (diced), ¼ teaspoon oregano.

Method: Sift corn meal, flour, salt, and baking powder into medium-sized bowl. Cut in shortening until mixture resembles coarse crumbs. Add water a little at a time, until pastry will just hold together. Divide pastry into two parts. Knead each part gently a few seconds on a lightly floured board. Roll each part out to about ¼ inch thickness. Cut with small round cutters; prick. Place rounds on baking sheet; turn up outside edge slightly and flute. Bake in hot (425 F.) oven 10 minutes. Brush each cooled round with olive oil. Top each with about ¼ teaspoon Parmesan cheese and add a thin layer of tomato sauce. Sprinkle with salt and add a layer of browned sausage. Add more Parmesan cheese and top this with some diced cheddar. Brush this with remaining olive oil and sprinkle lightly with oregano. Broil until cheese melts, 1 to 2 minutes. Makes 2 dozen appetizers.

most valuable material in the building.

Materials in the building will be sold or moved for use in other buildings. Air-conditioners in use in the auditorium have been sold for private use. Preliminary to the razing, which started Tuesday, 20 volunteers moved all the furniture and church fixtures out of the building on Monday.

Mr. Gibbs, who has the construction of the Westminster Presbyterian Church in Lubbock to his credit, estimates that his crew will be six weeks in tearing down the building and clearing off the lot. "If weather permits," he added.

The walls of the building will come down last. All brick will be cleaned by machine and returned to the church for use in the new building, which will be under construction on the same site as soon as the lot is cleared.

Implement dealers and automobile dealers will have a chance to display the latest equipment and the newest cars from their show room floors in the parade line-up. Persons and organizations desiring to enter floats or needing more information about the parade can secure it from Gene Williams or committeemen Ray Smith and Cecil Martin.

Entries in all departments of the exhibits at the fair will be in place by 6 p.m., Thursday, Sept. 18 and judging in livestock horticultural divisions will take place in the morning and afternoon Friday. The judging of the livestock division is an important educational feature and everyone interested in agriculture is urged to attend as many of these judgments as possible.

Special divisions in the exhibits besides the Home Arts Department will be booths sponsored by the home demonstration clubs of the county, the fifth annual art show, and "Fall Flower Harvest" sponsored by the Garden Club.

This fair promises to be the best ever staged in Lamb county because of new additions to fair ground buildings and the general air of enthusiasm and cooperation among official and exhibitors. The fair belongs to everyone in the county. Come to view the exhibits, attend judging events in the divisions that hold interest for you, be on Phelps for the parade, join in the festivities on the midway—and make the fifth annual Lamb County Fair the best county fair in the state of Texas.

### Passing of Old—

(Continued From Page 1)

or summer of 1914. At the organization meeting, Rev. J. M. Rankin, missionary of the Staked Plains Baptist Association, acted as moderator. There were five charter members: J. T. Hatchet, B. F. Smith, C. Warhurst, Miss Hazel Warhurst, and Mrs. W. G. Street.

When Rev. G. I. Brittin of Plainview became missionary of the Staked Plains association, he supplied for the church, preaching each month for several months. During this time the community was so thinly settled that there were only a few additions to the church, but there are some who should be mentioned, namely, Judge R. C. Hopping and family, E. Mueller and family, W. O. Gray and family.

The church was organized in a little one room school building where all preaching services and a community Sunday school were held until the Presbyterian church was built. From 1917-1922 the Baptists worshiped by invitation in the Presbyterian church.

#### First Paid Pastor

In October, 1920, the church having eighteen members called O. L. Oldham for one half time and the salary of \$500 per year. On October 13, Rev. Oldham became the church's first elected pastor. He was pastor until 1923.

The first Baptist Sunday school was organized on April 2, 1922, with a membership of 67. Charlie Flippo was elected superintendent. The Sunday school was housed successively in the auditorium of the grammar school, a building on the Littlefield estate, and a church building bought from the Mennonites in January of 1923. This building was moved to the Baptist lot.

During the ministry of Rev. Oldham, thirteen members were added to the church by baptism and fifteen by letter.

The next pastor was Rev. S. T. Smith of Plainview who served less than a year. In November, 1924, Rev. W. D. Phipps was elected pastor. Under his leadership the membership grew rapidly and all of the organizations of the church were well attended. The Woman's Missionary Union had begun in 1920 with six members.

#### Present Church Erected

In the spring of 1925, the first church building was destroyed by fire. The congregation, with Rev. Phipps to lead them, launched a building campaign and the present building, which is being torn down, was erected at a cost of \$48,000. This new building seated 700 in the auditorium. It contained six general assembly rooms and 26 classrooms. The Hammond Organ installed in it cost \$1,550. First services were conducted in the new building on Christmas Day, 1926.

Following Rev. Phipps resignation in 1927, Rev. Roy Kemp became pastor and the church divided, a large number going with Rev. Kemp to organize the Tabernacle Church.

The church then secured Rev. Joe Grizzle of Portales, N.M. who served six years. Following Rev. Grizzle, Rev. A. A. Brian served the church eight months. He resigned to accept the District Mission work of West Texas.

Rev. Willis J. Ray was the next pastor. At the time of his appointment, the indebtedness of the church was a little over \$30,000, but through the earnest efforts of the pastor and congregation, the debt was cut to \$8,000.

With the resignation of Rev. Ray, the charge was accepted by Rev. Roy Shahan, pastor of the Rule Baptist Church for many years. He was pastor in Littlefield until 1942. The present pastor, Rev. Lee Hemphill, came to the First Church on February 1, 1943.

**Growth From Small Beginning**  
Since its beginning in 1914 with five members, the church has grown to have approximately 1200 resident members and a total membership of 1650. A gain of 1645 in 38 years.

The Sunday school which began with 67 members now has an enrollment of 563. The training union had a membership of 101 in 1925. Today the membership is 350. The brotherhood was the last of the organizations to be organized, but it has made great progress. They have helped to build a church in Alaska and to organize the brotherhood at Parkview Baptist. They also sponsor the Baptist Hour over station KVOW.

Four preachers have been ordained in the building: Gene Stephens, Avery Sullivan, Strouss Atkinson, and Hilyar Carter.

The new parsonage was built in 1947 at a cost of \$17,000. In 1921, the pastor's salary was only \$500. Now the church has three paid workers.

Now this building, in which many decisions have been made, many heartaches have been healed, and many prayers have been heard and answered, is about to be replaced with a new and modern edifice to meet the needs of the growing congregation and community.

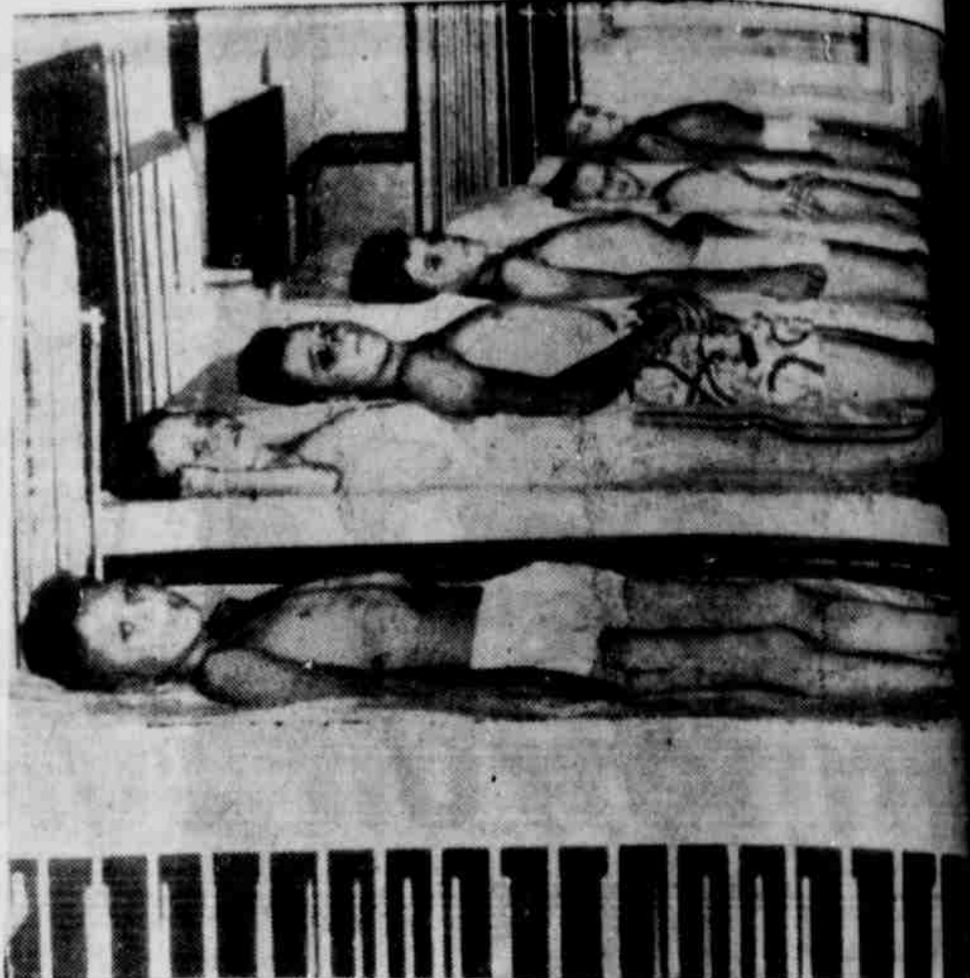

Board, announces the establishment of a school for Vocation Nurses.

The primary object is to produce bedside nurses; but since bedside nursing cannot be taught without some knowledge, on the part of the students, of anatomy, physiology, bacteriology, nutrition, pharmacology and laboratory procedures all of the allied courses are integrated and centered around the practice of bedside nursing. This completes the team of doctor, technician, dietitian, and nurse who win back to health and alleviate the suffering of the patient.

The content of this course will be such, and taught by the doctors and Registered Nurses, in order that the student may take examinations at the end of twelve months and be certified as a Licensed Vocational Nurse, equipped mentally and able to care for patients with a professional mein, in the hospital, in the office, or most importantly in the home.

It consists of 200 hours of theoretical instruction, mostly in the first three months. 1200 hours are the required minimum of bedside nursing practice. This will be supplemented by a rotating system of the students spending time in the Hospital laboratory and x-ray department, in the surgical clinic, observing obstetrics, working with dietitians in the kitchen, assisting doctors in their offices, as well as the routine duty on the main hospital hall.

The Foundation starts pay on the first day classes begin, provide room for out of town students, and board for those taking the course, uniform laundry, with advancement in the pay base as proficiency increases to the end of the year. The last month will consist of review of the year's work to ready the student to take the examination given by the Board of Vocational Nurse Examiners, with vacation the last two weeks of this month.

**FAMILY GROUP, ALL WITH POLIO**—Six members of the Paul Pehl family, of Stonewall, Tex., are in a San Antonio, Tex., hospital with polio. The victims (from front to back) are: Paul

Jr., 11; Elaine, 9; Daniel, 15; Dayton, 14; Dorothy, 7; and George, 10. The father and mother and another child escaped the disease. Pehl says he won't return to the family farm until

health authorities to inspect the premises about the disease.

This type of program prepares for nursing duties broader in scope than the duties currently given to practical nurses and promises greater economy by shortening the time and therefore the cost of education. By removing serious bars to recruiting for nurses long associated with hospital programs which tend to isolate young women from many social activities freely open to their friends the plan holds promise for attracting many able young women that would have been lost to nursing.
