Open House Set at Johnson Home

An "open house" at the new home of Mr. and Mrs. William P. (Pink) Johnson on East Fourteenth street is being arranged for the night of February 22, Washington's birthday.

The reception, under the joint plans of the American Legion and VFW posts here and the American Legion Auxiliary unit, will start at 7:30 p.m., with all friends of Mr. and Mrs. Johnson invited to join the veterans' groups in the housewarming.

Some special invitations to close personal friends of the newly married couple will be issued in addition to the general invitation by the veterans.

The three organizations planned to surprise the disabled former Marine and his bride with gifts for the new home, into which Pink moved a week ago this Friday and in which he and Mrs. Agnes Hess were married Sunday by the Rev. F. M. Higgins.

Taking the lead in the plans for the housewarming are Odell Mathews, commander of the VFW; Harry Crowley, commander of the Legion post; Mrs. Vernon Hofackett,

Returns to Part Time Duty After Being Hospitalized

Pfc. Bobby Ray Ball, 18, member of the 2nd Division of the Infantry, and son of Mr. and Mrs. Owen Ball of Littlefield, who was wounded in action in Korea Nov. 25 last, has now been returned to cent letter received by his mother.

In Tokyo Hospital 2 months part time duty, according to a letter received by the youth's mother, Ball was going north from Pyonhans, Korea, when he was wounded. He was taken to a hospital at Seoul for a short time, after which he was a patient in a hospital at Tokyo two months.

Work on Third Offset Slated At Hobgood Well

Preliminary work on a third offset to Humble Oil & Refinery Company's Hobgood No. 1 well now is in progress, although commercial production has not yet been attained at the first two offsets drilled.

The third offset, Humble-Hobgood No. 2, lies east of the discovery well that opened the Anton West Clear Fork pool south of Littlefield last fall.

Operations are slated to begin immediately on the east offset to the discovery well. The west offset, No. 1 Hulse, and the south-west offset, No. 1 Melton, are drilling ahead.

The new well will be located 660 feet from south and east lines of labor 10, league 693, state capitol land survey in Hockley county.

Suspension Won't Stop Hornet Play

Sudan high school again will field a football team this coming fall despite the action of Interscholastic League executive committee.

The league, through its executive committee, announced Thursday the Hornets were suspended from participation in the newly formed District 2-A in the 1951 football season.

The announced reason for the suspension was the charge Sudan had submitted incorrect eligibility and had engaged in recruiting of football players.

The suspension followed an investigation by Dr. Rhea Williams of the Interscholastic League, an investigation which Sudan school officials characterized as pre-functory and said was too sketchy to bring out all the facts in the case.

Earlier, at the end of the football season Olton had protested its loss to Sudan, charging to use by the Hornets of an ineligible player. The district football campaign ended in a three-way tie for the leadership between Olton, Dimmitt and Sudan after the Hornets' victory over the previously undefeated Olton eleven in the final game of the season.

Olton's protest was disallowed by district officials and in a draw Dimmitt won the title and the right to represent the district in the bi-district playoffs. In the playoffs, the Dimmitt team defeated New Deal by a lopsided score in a game in the Littlefield stadium.

Oil Ordinance May Come Up Here Next Week

A meeting of the Littlefield city council has been slated for the latter part of next week, at which time there is a possibility the proposed oil well spacing ordinance may be brought before the commissioners for discussion.

While no announcement of the meeting agenda has been made, the ordinance was introduced last month deferred action until a later date in order to sound out public sentiment in regard to the oil well proposal.

The proposed ordinance would regulate oil and gas well drilling operations in Littlefield and would limit the number of wells to one in each of some 111 drilling zones into which the city would be divided.

Each zone would contain approximately 18 acres. All property owners in a zone would share in the zone royalties.

Proponents of the proposed ordinance have contended some such regulation and spacing laws are necessary in order to induce operators to begin drilling operations within the city limits.

Mayor A. C. Chesher was to leave for Missouri Saturday morning and was due to return here the middle of the week. Exact date for the commission meeting was to be set after his return.

DOLLAR STRETCHING IS COUNTY PROBLEM

The intricate problem of making one dollar do the work of two again will engage the attention of the Lamb county commissioners as they resume consideration of the 1951 budget at their regular meeting next Monday.

The commissioners and Judge Otha Dent now have arrived at a point in their budget discussions where they are quite willing to concede that it's a good trick if you can do it.

While the commissioners are heartily in accord with the orally-supported sentiment that money isn't everything, they at the same time have few official problems that money wouldn't solve.

The chief problem that faces them in the matter of the 1951 budget is how to meet the needs for more money without increasing county government costs to the taxpayers.

Due to the rise in the costs of everything that enters into the operation of the county government—except salaries—the expenses for 1951 will necessarily be higher than those of 1950.

Judge Dent and the commissioners have voiced the hope new industrial developments and other new improvements in the county would provide sufficient additional revenue in 1951 so that no increase in the tax rate would be necessary.

Youth Election Won by Howard

Freddy Howard was elected mayor of the Lamb County Youth Council at a meeting of the youth group Thursday night at the Youth Center.

Howard beat out Jackie McCandless by a narrow margin in the final count at the suggestion of the members prior to the tally, it was decided the loser in the run-off election would serve as banker, or treasurer.

The two had been chosen in a primary election last Saturday as the run-off candidates for the place of honor.

About 85 boys and girls were present at the ballot count. Voting had been conducted at the Littlefield high school at noon and after school, with the polls open for late

voters at night at the center.

Garland Russell, director of the center, said meetings had been set for next week from 7 to 9 p.m. Tuesday, from 4:30 to 6:30 p.m. Wednesday and Thursday and Saturday night.

Tuesday Judy Christian and Bill Burks were elected as Junior school representatives on the Youth Council.

Know Your Congress

TIME IS RUNNING OUT for members of Congress who are sorely perplexed about how to increase our military manpower.

First, we are soon going to scrape the bottom of the barrel under the present draft. Second, the National Defense Establishment needs to know what it must plan for on July 1, the start of the new fiscal year when new appropriations for clothing, food and other supplies, as well as for "military hardware," become available.

As to the necessity for some increase in military manpower, there remains little doubt. The Korean replacement rate of 1,000 men a month is enough alone to eliminate most of the doubts, to say nothing of the need for filling out our strength in many places.

THE BIG PROBLEM is: "What new sources must be tapped?"

Senators and Representatives are divided into several major camps. Generally speaking, they believe that the present age brackets of 19 through 25 should be expanded, say, to 18 through 27; or they believe that deferments and exemptions in the present age limits should be sharply restricted.

From the constituents back home, the members are receiving suggestions ranging through these and almost every other possibility.

CURRENT HEARINGS on revisions in the Selective Service Act by both the Senate and House Armed Services Committees are being followed most closely. For it is there that the National Defense Establishment is making its case for the drafting of 18-year-olds. And it is there that the sharpest questions from the Congressional side are being asked.

Members of those Committees are wondering—Should not all available reserves be called up before the draft is increased?

Should deferments for dependents of those in the 19-25 age groups be eliminated?

Should veterans 19-15 be drafted?

Should mental and physical standards be lowered?

Choice of Income Tax Form May Mean Money Saved for Citizen

This year, more than ever, income taxpayers will want to find their lowest tax.

Personal income taxes have been increased, and may be increased more, but the federal government doesn't want you to pay more tax than you actually owe. It expects you to take every allowable exemption and deduction.

Many persons can save tax money by choosing the return from which will give them the lowest tax.

Another important tax saver for thousands of taxpayers is choosing the cheaper way of taking non-business deductions.

Many Deductions Possible
Among these deductions are most taxes and interest paid by you, losses from fire, storm and theft and medical expenses exceeding five percent of your income. Others are contributions to religious, educational and charitable organizations.

The government gives you the choice of taking a standard deduction, amounting to 10 percent of your income, or of itemizing your allowable deductions and taking the total of those deductions.

You will want to itemize your deductions if they amount to more than 10 percent of your income. If they amount to less than 10 percent of your income, it will pay you to take the 10 percent allowance.

An important choice for married couples is whether to make a joint or a separate return. For a large majority of married couples a joint return is as cheap or cheaper than a separate return.

Most taxpayers want to use a return form easy to fill out. But be sure an easy return doesn't cost you more.

Three Different Forms
There are three different return forms — form 1040-A, the "short" form 1040 and the "long" form 1040. They are somewhat fitting the varying needs of the more than 50 million taxpayers.

Many taxpayers, however, don't have a choice of forms.
If your income in 1950 was \$5,000 or more, you must make your return on long form 1040.

Also you must use long form 1040 if you itemize your non-business deductions.
The law requires every citizen

UNDERLYING these and other alternatives is another question: "For what trouble are we preparing?"

The military leaders have been saying that the nation is in for a long mobilization, even at best. So they contend that a long-range program should be approved by Congress quickly.

That is why they have shifted from what has been known for years as Universal Military Training (UMT) to Universal Military Service and Training (UMST).

The significance of putting the emphasis on service has not been lost as the Congressional Committees strive to reach a decision. Under the Military proposal, a minimum of 4 months of training would be required of each young man when he becomes 18. But that is only in peacetime. Under present world conditions, no one seriously believes that such a minimum would be allowed. Rather, the feeling is that the maximum of 27 months in service and training would be required, as authorized in the pending legislation.

AT PRESENT, opposition to drafting 18-year-olds seems to be growing. But General Eisenhower's reports to Congress this week on military potentials in Europe could change that. On the other hand, the cost of a greatly expanded armed force may become so apparent as to constitute a road-block.

One of these days the House Appropriations Committee will sit down to work on President Truman's requests for \$71.5 billion in new money. On Monday, the House Ways and Means Committee will start considering Presidential requests for \$10 billion in new taxes—one-third of which would be added to the load individuals are already carrying. There probably would be a second bill yet this year for still another \$6 billion, if the budget is to be balanced **THE THOUGHT** is occurring to more and more people that this would be a good time to start reducing some of the government's non-military expenditures.

MELVIN D. BEISEL IS ENROUTE HOME.

After nine months in Far Eastern waters aboard his ship, the heavy cruiser USS Rochester, Melvin D. Beisel, seaman, USN, of Route 1, Littlefield Texas is coming home.

Arrangements have been made to grant leave to all members of the crew in February and March following docking in the United States and during a period of overhaul.

The ship and its crew have received high praise from the commander of United Nations Naval Forces in the Far East the commander of the Seventh Fleet and the brother services.

From beginning of the Korean incident the Rochester spent long and strenuous periods in Korean waters and conducted effective fire support to the forces ashore. The men who manned the guns and serviced the cruiser during the nine tense months were particularly singled out for their effective support of the Inchon landings.

Insect Bulletins

County Agent Dave Eaton has stated he ordered an adequate supply of the new bulletins making recommendations for early season cotton insect control and that he expected to receive those at an early date.

This bulletin, he says, is the 1951 cotton insect control guide which lists recommendations on time to begin treatment with dust and spray insecticides for the various kinds of insects.

The bulletin will be available to farmers as soon as it is received, Eaton said.

Sudan Boys Go to Stock Show

Twenty-one FFA boys have returned to Sudan after a busy week end viewing the Fat Stock show in Fort Worth.

The boys, accompanied by Edgar Chance, instructor, left Sudan on Friday, January 26 at 5 a.m. and returned Sunday evening January 28. The trip was made by bus and each boy left fully equipped with a bed roll and other supplies. While in Fort Worth the boys slept in one of the schools.

The group viewed various exhibits at the Fat Stock show and attended the rodeo there Saturday night. They toured a meat packing plant and viewed the Consolidated B-36 plant. One of the most interesting and novel sights they saw was a television broadcast at one of the department stores. Since television has not yet reached this part of the country, it was a new sight for most of the boys.

Those attending were Mr. Chance and Donald Foltyn, O'Don Bellar, Douglas Rice, Joseph Ward, Bob Gage, Frank Briscoe, Gene Richardson, Carroll Wiseman, Billy Mac Templeton, Orville Hille, Dale Hill, Delmer Hill, Calvin Wood, Donald Delmar Hill, Calvin Wood, Donald Beale, James Withrow, Billy Bellar, Joe Kent, Kenneth Serratt and Delbert Serratt.

Increase in Dues At Country Club Is Turned Down

There will be no increase in dues for the Littlefield Country Club members, the members themselves decided in a meeting this week.

The membership turned down a proposal to increase dues from \$6 to \$8 monthly. Members agreed however, to amend their By-laws, whereby the club will elect four directors for two-year terms beginning in 1951. These directors will alternate on odd years. Three directors will serve two-year terms on even years thereafter.

Clint Griffin, president, appointed a new committee on square dancing, asking that they work up plans for a club or a regular square dance event. Allen Hilburn is chairman, while Dock Wright and Harold Clement will serve on the committee.

Griffin introduced other officers, directors, members of the house, greens and finance committees, and the building custodian, G. D. Alexander, who were seated at the front of the room.

Following the business session, Alexander provided refreshments of coffee, doughnuts and popcorn for the large group.

Pinkham's Compound is what doctors call a uterine sedative. It has a grand soothing effect on one of woman's most important organs. Taken regularly—Pinkham's Compound helps build up resistance against such distress. It's also a great stomachic tonic! All druggists.

Change of Life
 If the functional "middle-age" period peculiar to women makes you suffer from hot irritable feelings—highstrung—such symptoms—try Pinkham's Compound to relieve such symptoms. It's famous for this purpose.

Monthly Female Pains
 Pinkham's Compound is very effective to relieve monthly cramps, headache, backache, —when due to female functional monthly disturbances.

Why HADACOL Gives Such Fine Results
 HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of aches and pains in the shoulders, legs, and arms, certain nervous disturbances, and a general run-down weakened condition due to deficiencies of Vitamins B₁, B₂, Niacin and Iron in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B₁, B₂, Iron, and Niacin but also helpful amounts of important Calcium and Phosphorus

and Mrs. G. L. Morrow Observe Sudan Wedding Anniversary

Mrs. G. L. Morrow of Sudan observed their wedding anniversary Sunday at the Morrow home.

Mrs. Morrow were married in Texas, Jan. 30, 1926, and moved to Sudan in 1926. They have since resided in Sudan. Mrs. Morrow has three children, Basil, Dale and Mrs. R. E. Allen King, Ariz.

N. Townsend president of the guest register and Mrs. Morrow were in charge of the gifts to the large party of friends who called between 2 and 5 p.m. The house was decorated with anniversary motif and a table of crystal candelabra and yellow candles dominated the dining room.

A. R. Dillard and Mrs. Morrow served the three tired coffee to visitors.

Guests were Mr. William Standczyk and Sandra and Sue from City; Miss Faye Brooks of Oklahoma City; Mr. C. J. Farris and Mr. and Mrs. A. McLain of Lubbock; Mr. Witten and sons Glen of Olton; Mrs. L. D. Webb of Muleshoe; Mrs. Ernest M. of Morton; Mr. and Mrs. P. Elliott of Red Wood; Mr. and Mrs. Tracy, Minn. Mr. and Mrs. Elsie hostess for the occasion.

Groom's Brother Best Man
Joe Burt Markham, brother of the groom, served as best man.

Other groomsmen were O. H. Kemp, and Waymond Bellar, both of Sudan.

Reception Held
After the ceremony a reception was held in the home of the groom's parents.

The bride's table was laid with an imported grass linen table cloth, a wedding gift from Mr. and Mrs. B. W. Hemphill of Longview, Texas. The three tiered wedding cake was iced in white and topped with a bridal couple. Blue tapers burned at each end of the table.

Mrs. R. Gracey, Mrs. J. C. Eakin, Jr., of Lubbock, and Misses Chisholm and Timian presided at the table.

For travelling the bride wore a navy suit and hat with accessories of black and white. She wore a corsage of white roses.

Go to New Mexico
After their wedding trip to New Mexico the couple will be at home at Sudan.

Both the bride and groom were graduates of Sudan high school. She attended Draughan's Business College in Lubbock.

Refreshments were served to one visitor, Mrs. J. L. Dalrymple, and the following members: Mesdames R. D. Ridings Sr., Vera Rodgers, Will Reding, Don Reding, Hub Sprabery, C. G. Landers, J. E. Gravitt, H. J. Allen, H. G. Krebs, Roscoe Brown, Joe Minyard, W. M. Byrd and W. O. Ball.

REDISTRICTING LEADERS.—Four Texas state senators examine a redistricting map in Austin where legislative leaders are preparing to re-divide the 31 senate seats among the 254 counties in the state. Left to right are: Senators Otis E. Lock, Lufkin; Crawford C. Martin (standing); Hillsborough; Rogers Kelly, Edinburg, senate redistricting chairman, and George Moffett, Chilton, subcommittee chairman. Corbin Says Proposed Roads Dept. Refinancing Not In Interests of State

(Special to Leader)
AUSTIN — Continuation of the full \$15,000,000-a-year farm-to-market road program was put at the head of his list Saturday by Senator Kilmer B. Corbin of Lubbock and Lamesa.
The senator said that he was opposed to any plan to cut down on the farm-to-market road program, and that he was opposed to any effort for taking road money away from the counties and giving it to the State Highway Department.
Corbin referred particularly to the plan announced last week which would take money now allocated to counties for lateral road construction, amounting to about \$8,000,000 next year, and giving it to the Highway Department to replace the present \$15,000,000 annual rural road program.
"The proponents of this plan say that many years from now it will get more farm-to-market roads built," Corbin said. "But I say that we need more roads now, not 20 years from now. The

Bobby Smith Observes Birthday

Bobby Smith, son of Mr. and Mrs. F. M. Smith, entertained several young friends at a birthday party on Tuesday, January 30, celebrating his eighth birthday.
His birthday cake was most unique, showing a completely equipped basketball court. The goals were constructed of straws and jelly cups, and the lines of the court were drawn with chocolate. A chocolate basketball centered the court.
Such games as "pin the all on the donkey" and "bean race" were played and the young guests were given balloons as mementos of the day.
Attending guests were Sandra Sue Hefflin, Linda Allen, Bessie Price, Faye Scott, Marshal Minter, Charles Rodney Nichols, Judith Houk, Jeanie Seymour, Audine Griffin, Rachel Gable, Ronnie and Glenna Gatewood, "Butch" Dykes, Bob Crow, "Scrappy" Wingo, Billy Turner, Max Horn, Stone Murray, Robert Rone, Wix Gaston, and Lee Kimball.
\$15,000,000-a-year program is little enough as it is without cutting it down still farther."
Furthermore, the senator continued, as a former county judge in West Texas, he knows that the counties are doing a good job of rural road building with the money they receive from the bond surplus account. In the years to come, as more and more bonds are paid off, the money available for immediate road construction will become greater, and more and more rural roads can be built by the counties.

Amherst, Sudan Chalk Up Wins In District Play

Amherst, Three Way and Sudan chalked up wins in the District 6-B boys basketball tournament in Anton Thursday night.

In the top game of the night, Amherst came from behind to nose out Anton, 47-44. The host Bulldogs had led all the way, but the persistent Amherst attack finally whittled Anton's lead down in the final period, and Amherst went on to win.

Harper Tops Anton
The Bulldogs were in front, 13-10, at the close of the first quarter, and 24-19 at the half. At the end of the third canto, Anton was in front 33-30.

Bobby Harper toled in eight field goals and two free throws for 18 points to lead Anton's scoring and take point-making honors for the tilt. Teammates Kenneth Suddeth and Bob Watson had 11 and 10 points, respectively.

Three Way Wins
Nuttall lead the winners, dropping in 14 points. Weaver had 13, and Bowman had 12 points for Amherst.

Three Way downed Spade, 37-23, with Sowder pacing the winners' scoring with 14 points. Highpoint for the game was Spade's Ernest Trull, who had 16 markers.

Sudan Is Vicious
The Sudan Hornets unleashed a vicious scoring attack that buried Whitharral, 53-19. Harlan Pickett and Patterson each had 10 points for the winners, and Westmoreland had eight counters for Whitharral.

Play was resumed Friday, when Anton met Bula. Other games Friday were Whitharral with Three Way, Amherst with Spade, and the winners of the Anton-Bula and the Whitharral-Spade tilts.

Personal To Women With Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slow down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

coe, Hall, Childress, Bailey, Lamb, Hale, Floyd and Motley counties.
A third district, just to the east of Corbin's district, would consist of Dickens, Garza, Kent, Stonewall, Borden, Scurry, Fisher, Jones, Shackelford, Howard, Mitchell, Nolan and Taylor counties.
Corbin said the redistricting bill undoubtedly would be strongly opposed by some senators who feel that their areas were treated unfairly, but he refused to predict whether it would finally pass. If the legislature fails to redistrict, then the constitutional redistricting board must do it. Members of that board are the Lieutenant-Governor, Speaker of the House, Attorney General, Comptroller and Land Commissioner.

Mineral Wells three years ago, he stayed here. Smith came here four years ago. His father was a night watchman, but moved to Oton three years ago.
Never Given Chance
"Both boys have been working here. We never did get a chance to explain our position (to the interscholastic league). They questioned our two boys and some misinformation on our eligibility blanks.
"We had a new typist in the office at the first of the year and three players were accidentally omitted from the list. We explained the mistake to the district and mailed the other three names into the league."
Smith explained that the two players in question did not want to move away from Sudan after playing one year, because they automatically would lose one year's eligibility according to interscholastic league rules.
Smith is employed at the Sudan News, weekly newspaper, after school and on Saturdays. Atkinson is working at the Shannon company and at the Sudan Beacon, another newspaper in the community. During the summers he works in a cotton gin.

District Gave Approval
"Dr. Williams was here two or three weeks ago and made a half way check," Smith said. "He was already convinced, and didn't clarify the thing at all."
"Both boys were brought up at the district meeting before the season started. I asked 'If there is any question I'd like to have it brought up now,' but the district agreed the boys could play."

Both Mr. and Mrs. Powell were injured critically when the motor car in which they were riding with Mrs. Pinson and the Littlefield fire truck collided at the intersec-

tion of Seventh street and side avenue. Roy Wade, driver of the truck, also was injured.
Mrs. Powell remained in a serious condition at the hospital at the time of the accident. The condition of Mrs. Powell was improved, while Mrs. Pinson also was improving after hospitalization at the Shotwell Foundation. She was home Thursday.
In addition to her daughter, Pinson is survived by Claude Pinson, of Los Angeles, a sister, Mrs. Martha Pinson, San Bernardino, Calif., and brother, Jack Beldon, of Los Angeles, Calif.
Burial was in the Littlefield cemetery under direction of Hammons funeral home. Arrangements for the services were made by the Littlefield I.O.O.F. Lodge. They were officiated by Rev. W. H. Hutson, J. F. Minyard, Pastors, Merle Beard, Pastor, and Elton Hawk.
