1500 STUDENTS WILL ATTEND THE LUBBOCK MEETING

THE INTERSCHOLASTIC LEAGUE WILL DRAW INTEREST FROM ALL OVER DISTRICT.

Lubbock, March 20. Director-General A. W. Evans is expecting 1,500 students and teachers to attend the interscholastic league meet which convenes at Texas Technological college April 20 and 21. This will be the third meet which has been held at the college.

Contests will be held in debating, extemporaneous speaking, declamation, tennis, essay writing, rural penmanship, and track and field events.

Registration is furnished all officials by the people of Lubbock. Last year there were more contestants than utilized. Official lists of all contestants with their coaches should be sent to Mr. Evans as soon as the county contests are completed.

NEWS FROM OTHER TOWNS NEAR HERE

Portales, N. M., is to have a cheese factory of 8,000 pounds daily capacity.

Newspaper reports are to the effect that the Inglesfield well, 10 miles south of Lovington, N. M., which has been standing around 3,000 feet in oil, was given a nitro shot last week, resulting in throwing the oil 40 feet into the air, and that all available storage capacity has been filled.

The Church of Christ at Tahoka is being torn down to make way for a new and modern structure.

Omaha, Neb., is now being completed at a cost of \$10,000. It has organized a co-operative poultry and egg-marketing association.

Over 1,600 cows have signed up for a co-operative creamery to be built in Plainview.

Plainview has set March 18-24 as a week.

The Baptist people of Crosbyton have decided to build a new brick church. Construction to begin soon.

The Methodist church at Slaton was dedicated last Sunday. Its cost was around \$40,000.

Having purchased the municipal plant at Tahoka, the Texas Utilities Co. are now making preparations to build a high line into that city.

A contract for grading a highway between Canyon and Amarillo has been let, work to begin about April 1st.

Sixteen cars of farming implements have already been sold in Hockley county this year, and it is estimated that there will be 30 carloads sold before the year ends.

Levelland is to have an ice factory with a daily output of 12 tons.

The new Baptist church at Levelland has been completed and will be occupied next Sunday for the first time.

Merton has voted \$50,000.00 bonds for the erection of a modern high school building. The issue carried by a 10-1 vote.

Pampa is the new county seat of Gray county, according to an election held March 6th. It took six large trucks to convey the county records to the new site.

LOUIS J. WARDLAW FOR GOVERNOR AND SOME OF HIS IDEAS

FORT WORTH ATTORNEY GIVES POLICIES OF GOVERNMENT IN HIS CANDIDACY

Texas voters this year will have an opportunity to assist in cutting \$10,000,000 from the annual state appropriation, in voting for Louis J. Wardlaw, candidate for governor, according to Wardlaw's platform just issued.

In this platform Wardlaw comes out strongly for tax reduction, as well as crime prevention. He also declares in favor of cutting automobile license fees to a nominal amount and creation of a humanized highway department for Texas, dividing the state into districts, in charge of highway commissioners.

Wardlaw is a Fort Worth attorney and West Texas rancher. He was born in Falls County, reared in Runnels county, and went to Sutton as a young man, where he practiced law for several years, moving to Fort Worth in 1919. Wardlaw was also County Judge of Sutton County.

Besides his tax reduction plea he also declares himself in favor of every educational advantage the people are able to pay for.

COMMISSIONERS FOR ST. HIGHWAY RUNNING N. AND S.

A joint meeting of the Commissioners Courts of Lamb and Hockley counties was held at Levelland last Monday afternoon, at which time steps were taken toward securing a state highway running north and south through this section of the state.

The proposed highway will be a full 80 foot road running south from Vega, Texas to Demmit, thence on south to Hereford, south to Demmit, on to Earth, Amherst, Littlefield, Levelland and into Brownsfield, thence connecting with the Bankhead highway near Big Springs.

The proposed designated highway will be of great benefit to the towns located on it. It will be of particular favor to Amherst, giving it a direct north and south outlet, while Littlefield will obtain the general benefit of directional travel.

It is stated there are now about four east and west roads in the state to one north and south, and additional north and south roads will be of considerable convenience to tourist travel especially.

Members of the two courts were unanimous in favor of the proposed highway and the matter is now being taken up with official of Terry county. It is believed the plan can be worked out in the near future.

GAS WILL BE HERE BY WINTER NEEDS SAID V. A. HAYS

Information received from V. A. Hays, president of the West Texas Gas company, with headquarters at Amarillo, is to the effect that they will have gas lines laid in Littlefield by the time they are needed for winter warmth.

Mr. Hays, in conversation with the Littlefield Mayor, this week stated his company could not yet state just when they would begin laying the lines into Littlefield, as they had not yet determined upon the size of the mains between various cities of this section; that depending largely upon to serve.

The number of towns the company was Main Street in Littlefield would be. He was advised that the paving of gin shortly after the first of May, and in reply stated he would like to be advised later as to the exact date so his company could get their lines put down here ahead of and under the pavement where such would be necessary.

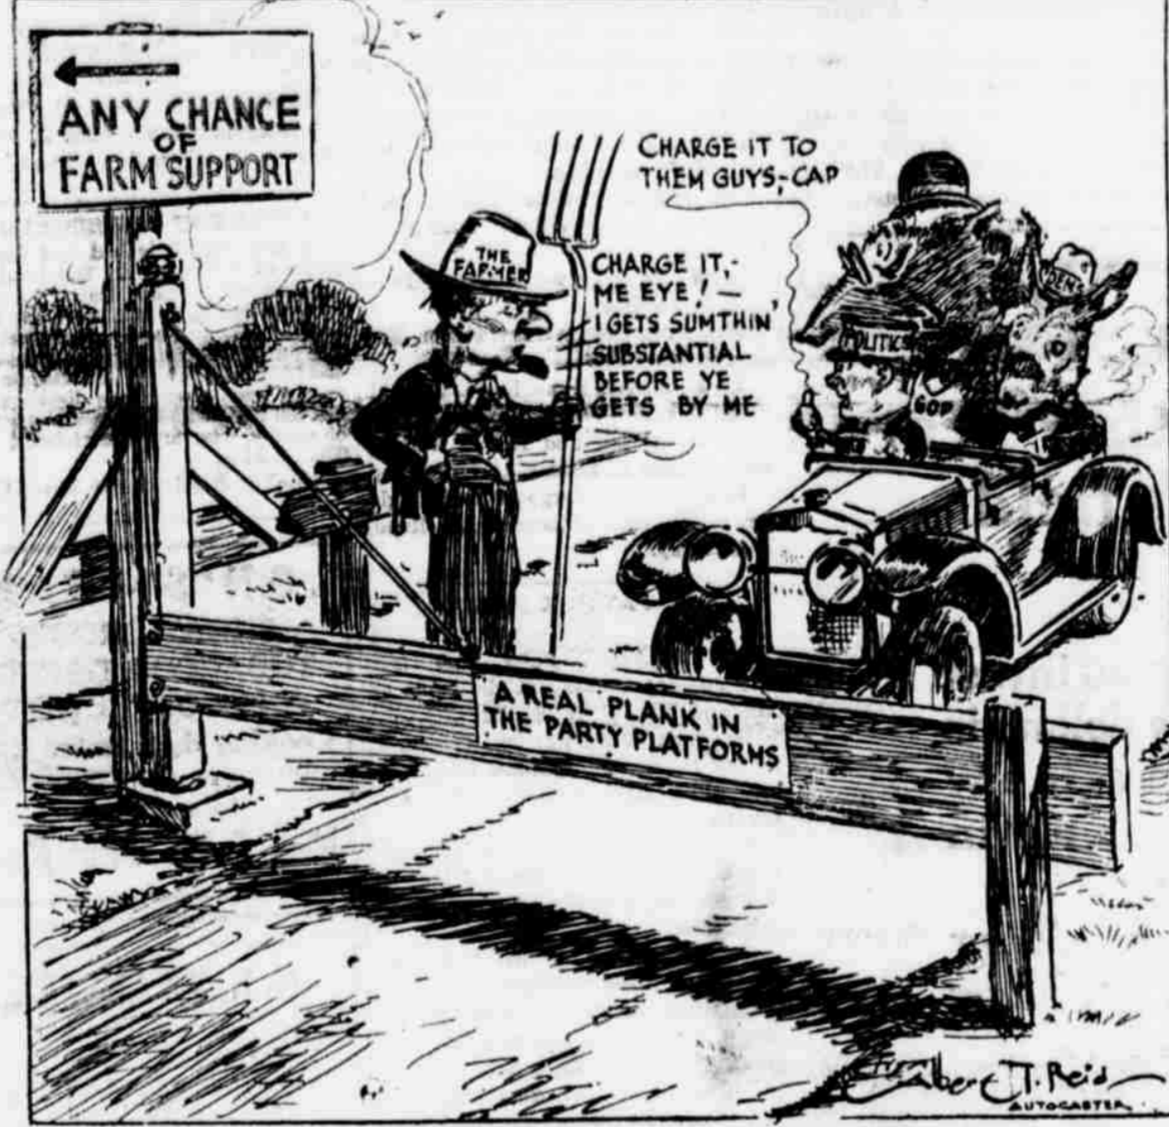

LAMB CO. MERC. TO SELL

A contract for sale has been made by the Lamb County Mercantile Co., pioneer store in Littlefield, with Thaxton Bros., of Clyde, for the purchase of their hardware business here.

It is thought the new firm will take charge of the business about April 1.

He Means Business

By Albert T. Reid

PALACE THEATRE PUTS ON A TWO NIGHT COUNTY LEAGUE MEET HELD HERE FRIDAY AND SAT'Y

Every citizen in and around Littlefield is urged to attend the Palace theatre program given for the benefit of the Littlefield Junior College, Thursday and Friday, March 29 and 30.

In addition to a full moving picture program, Lester McFarland and Robert A. Gardner, nationally known phonograph and radio artists will be on the program with a large repertoire of vocal music numbers with piano, mandolin, guitar and harmonica accompaniments.

McFarland and Gardner are natives of the hill country of Eastern Tennessee, where the old and original Anglo-American pioneer folk songs have been sung since the days when the first American settlers crossed the mountains unsettled among them. Both have been blind all their lives, but their talents for the old time songs has brought them a reputation along the hill country which has now become nation wide. Today they are traveling throughout the United States where their musical programs are constantly sought after and enjoyed by people of all classes.

In addition to the news reel and comedies, the feature of the pictures shown will be Clara Bow, the "flaming-haired madcap of the screen" in her latest Paramount production, "Hula."

"Hula" according to those who have seen the latest presentation of Miss Bow, is one of the very best pictures offered the motion picture public this year. As the title suggests, it is a tale of the Hawaiian Islands with the upper stratum of society in the limelight.

The story itself is an adaption of a popular modern novel which carries the same title and which comes from the pen of Armine Von Tempki. This cross-section of society life in the shadow of Waikiki tells the adventure of an American girl, Hawaiian born, who loves an English engineer.

Not since "IT" has Miss Bow had a vehicle so fitted for her versatility. "Hula" is a perfect story for the dashing "madcap of the screen." In addition, it has a fine director and a great cast. Victor Fleming, who directed the star in "Mantrap" and has just completed the "Rough Riders" and "The Way of All Flesh" starring Emil Jennings, handled the megaphone. Members of the cast in her support are Clive Brook, popular leading man; Arlette Marshal, Arnold Kent, Albert Gran and Agostino Borgato.

The possessor of "IT" presents a great title, a great story, a great di-

rector, great entertainment and, well — after all, there's only one Clara Bow. "Hula" presents Clara Bow at her best.

In addition to getting one's moneys worth for the evening program, it should be remembered that the entire proceeds of the two nights will go for the benefit of the Junior College desired to be located in Littlefield. So don't fail to attend!

DO YOU KNOW?

—That the City of Littlefield has let contract for another well to augment the present water supply.

—That some chickens are still running at large, and several people who want to plant flowers and garden are complaining to the City Commission.

—That Chief of Police Hoover has been instructed to arrest all speeders within the city limits.

—That there are several who have not yet come across with their donation to the proposed Junior College, and unless everyone does their bit it can not be secured.

—That more than a ton of mail order catalogues have been received in Littlefield since the first of the year, and the best way to combat these mail order houses is to do just like they are doing—advertise your own merchandise and prices.

—That the Plains Electric Hatchery sold out all their baby chicks last week through an ad placed in this newspaper.

—That one of the Leader's subscribers dropped into his office last week to express his appreciation regarding the story we ran about neighbor's borrowing subscriber's papers. He said his neighbor had quit. When he mentioned the name we told him he subscribed just a few days ago—so we are all three satisfied.

—That Spring will soon be here and citizens ought to have enough pride in cleaning up their premises without the city authorities requiring it.

—That there were 2,977 poll taxes paid in Lamb county which, together with the exemptions and those coming of age this year, will mean about 3,200 voters for the candidates to play on during 1928.

—That Tahoka recently had a sun-up Chamber of Commerce meeting Honking autos dragging strings of tin cans and pans awoke citizens, and the meeting is said to have been the largest ever held in that little city.

TECH WINS FIRST PRIZE AT STOCK SHOW FT. WORTH

IS 30 POINTS OVER A. & M. THE NEAREST COMPETITOR IN JUDGING OF LIVESTOCK.

Lubbock, March 20. The livestock judging team from Texas Tech stepped into the limelight by winning first place in the contests at the Ft. Worth Exposition and Fat Stock show. In addition to leading all other college teams three of the four individual honors went to Tech boys. Tech won second place last year, which was the first year of competition for the school.

The team's total score was 3,583 points as compared with 3,553 for the Texas A. & M., and 3,423 for Oklahoma A. & M. Tech was high in the judging of hogs, sheep and cattle while Texas A. & M., was high in horses.

Ronald C. Tom, of Lubbock, (nephew of Mrs. F. G. Sadler, Littlefield) was high man with 772 points out of a possible 859, while Curtis Grimes, of Acuff placed second with 769 points. Other members of the team were: Vaughn Corley, John Burroughs, Lubbock; Claude Hope, Sweetwater; Paul Marr, Stephenville; and Prof. Ray Mowery, coach.

CREDIT SPECIALIST GIVES ADDRESS TO S. P. BUSINESS MEN

Lubbock, March 20. Eighty-seven per cent of all business is done upon credit and it is, therefore, evident that retail merchants should do some clear thinking about credit control in order to keep the accounts on their books in a healthy condition if the prosperity of the country is to continue as it is now, said Guy H. Hulse, secretary and director of the National Retail Credit Association, of St. Louis, Mo., at a meeting held in Lubbock last Friday night and which was attended by merchants from all over the South Plains country.

There are three kinds of advertising, local newspaper, billboard and direct by mail, the local newspaper being the best, Hulse stated.

The two best friends of the retailer are the local newspaper and light, the speaker said. In speaking of light, Hulse referred to the lighting effects in window display and in store lighting and arrangement.

Women do 85 per cent of the buying and they desire clean and attractive stores in which to trade, he said.

THREE MEMBERS OF SCHOOL BOARD ARE TO BE ELECTED

Election of school trustees for the Littlefield Independent School district is to be held Saturday, April 7th, Messrs. Boone, Hendricks and Bennett being the three whose terms are soon to expire.

Littlefield has always, and rightfully been proud of her school system. In the main, she has been fortunate in securing the services of men well qualified to handle the business interests of the system. It is, therefore, to the interest of the community that the voters now begin casting about for three men well qualified to fill these important places.

THOS. L. BLANTON
Abilene
Candidate for U. S. Senator to succeed Hon. Earl Mayfield

LOUIS J. WARDLAW
Ft. Worth
Candidate for Texas Governor

Texas is usually the seventh or eighth ranking state on the basis of value of lumber produced. The production of sawed lumber will average about 1,800,000,000 board feet a year and the value is placed at about \$55,000,000 annually.

Texas showed a gain of \$268,395,639 in manufactured products in two years, while some other states were showing losses.

JONES BROS. MOTOR CO.
Littlefield, Texas

What do you look for in a car . . . a single emphasized element such as style . . . size . . . performance? Such as comfort . . . stamina . . . price? Or do you look for that combination of qualities called value? If you prefer a "one-sided" car we haven't got what you want. But if value comes first, you'll choose an All-American Six.

For here is style attained only in bodies by Fisher. Long, low lines. Smart colors. Grace, poise and swank. Here is size that results from 117 inches of wheelbase . . . and from Fisher construction famed for scientific distribution of space.

Performance from a whispering brute of an engine . . . 212 cubic inches in displacement . . . with a 79-lb. crankshaft and the G-M-R cylinder head. Speed . . . power . . . snap . . . and flexibility. An All-American change of pace.

Thus this General Motors Six leads its field in value . . . providing everything that everybody wants. If you're going to buy a car for what it will give you, come in and see the All-American Six.

Special Sport Equipment

National Editorial Association, MEMBER Texas Press Association
Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

A THOUGHT FOR THE WEEK

The sleep of a laboring man is sweet.—Ecc. 5:12.
Sleep, to the homeless thou art home; the friendless find in thee a friend.—Ebenezer Elliott.

MORE CROSSINGS

According to statistics, for every railroad grade crossing eliminated in 1927, three more were created. The new ones became necessary because so many new highways are being opened up in all parts of the country, and so many cities are finding it necessary to open up and extend new streets. At the same time that grade crossings are being tripled the number of automobiles is being increased at the rate of between three and four million a year. The result is that the chances of being killed in an auto at a grade crossing are more than three times as great this year as last, and that certainly is something for every Littlefield motorist to think about.

Any man who drives a car these days must do so with far greater care and watchfulness than was necessary last year or the year before. He must remember that railroad trains cannot fly and that at some time or another he is bound to cross their tracks. It is absolutely necessary, therefore, if he value his life, to keep both eyes open, to slow down at crossings, and, if he want to be still more certain of avoiding accidents, to shift into second or low gear before driving over the tracks.

We are now approaching the season when motoring will be at its very highest. There will be more railroads crossed by autos because more people will be making extended trips. So the necessity for care, especially at railroad crossings, should be apparent to every driver who values his life and wants to live and drive some other day.

There are going to be some politicians this year who are going to find that the vehicle they thought was the hand-wagon has turned out to be the dump-cart.

IT'S EXPENSIVE

If we are to believe Red Cross officials, and there is no reason why we should not, illness brings physicians of the U. S. \$1,500,000 daily, and it costs \$3,000,000 a day to maintain all the hospitals in the U. S., in which the sick are treated.

But that isn't the worse feature, for many millions more are lost in wages to the patients themselves. Sickness is a costly thing, any way you look at it, and when we know that long months, many years, of suffering can result from a common cold it is a wonder that there is any necessity for warnings along about this time of year. But some people will not heed, no matter how often or how clear the warning; they subject themselves to colds, catch them and suffer the consequences.

Every spring we warn Littlefield citizens to guard against colds, and we can't refrain from doing so again. Sickness resulting from them is too expensive, for the community as well as the victim, to pass by unnoticed.

Houston conventions cmfwy vb
We suppose when the Kansas City and Houston conventions are over, there'll be two new brands of cigars on the market.

WHO OWNS THE AIR?

We read where a western farmer has brought suit against an airplane

company for damages, claiming that the passenger planes create such a noise above the place that chickens become frightened and huddle so closely they smother each other; that the rest of himself and family is disturbed at all hours of night, and that cows have been so annoyed by the planes that they have refused to produce their normal quantity of milk. The plaintiff contends that he owns the air above his farm, up to the sky, and as much farther as it goes.

It is the first suit of the kind ever filed, and it is being taken seriously by both courts and attorneys. It has to be.

At the rate we are progressing it won't be many years before some of our residents around Littlefield may find that leasing the air above them to airplane freight and passenger lines is not only legal, but profitable.

ANOTHER MIRACLE

So many strange, new and unheard of inventions have been given up in the past few years that we no longer grow excited when a man comes along with a fuelless motor.

Newspapers are devoting considerable space to the claim of a Pennsylvania man that has invented a motor capable of running 3,000 hours without anything at all in the way of fuel and with but a small amount of oil. Lindberg has examined it, along with other airplane experts, and while they are not sure how practical the invention may become, they agree the inventor has hit on a new and wonderful power.

So they don't smile at his claims and call him crazy. We have had our lesson in the shape of an airplane, the phonograph and, greatest of all, the radio. We have learned that the ones who are really crazy are those who do the laughing, not the ones who make the claims.

LITTLE LEADERS

Some people favor temporary marriages, but the kids of Littlefield will not favor being temporary children.

How many Littlefield people can remember when the worst name you could call a man was a horse or cow thief?

In Littlefield it is a sign of a visiting girl if she says gown, robe or frock. The home girls say dress, and are thankful to get that.

You can make a Littlefield woman believe some things, but you can't make her believe that comfortable clothes are stylish.

Dreaming of good times is pleasant, but the Littlefield man who hits hard licks for them is usually the first to enjoy them.

The easiest way in the world for a Littlefield man to make his wife mad is to buy her a hat or coat like the last one he bought her.

Another thing, a Littlefield girl doesn't mind chapped lips caused by the right fellow as much as she minds lips chapped by the wind.

Many towns in Texas claim they are not on the map, but they are all on the tax books of the state and nation, Littlefield included.

A lot of Littlefield men think that a dictionary is something you put in a chair and stand on while hanging pictures or fixing the stove pipe.

Many folks who are scrupulous about their personal appearance, will yet have shabby looking dwellings. Every home-place in Littlefield ought to be dressed up this spring.

What has become of the old-fashioned Littlefield husband who used to

get "bawled out" for turning up the wick so high that it smoked the lamp chimney?

Some Littlefield men are always imagining they can make more money in another town than they can here, but experience shows the scramble for the dollar is as strenuous in one place as in another.

Agriculture products contribute about 300,000 car loads of freight annually to the railroads in Texas, wheat being one of the leading commodities.

DOCTOR FRANK CRANE SAYS

A NEW START

We often wish that we could live our lives over.

We see where we have made mistakes, and see in the clutches of what untoward things we have been caught and we would like to start again with the new knowledge we possess.

Most resolutions that are formed are useless because they have not enough steam behind them. We haven't the power to carry them into effect.

The one motivating power that we all have in hand and which we can call on in any emergency is love.

Love something. Find something or somebody that you love. Make your resolution for the sake of that love and backed by it.

A resolution that is purely intellectual or purely from the will is not of as much value as one which is backed by the power of a supreme love.

It may be the love of a mother that you have neglected so far but for whom you really feel strong affection. It may be love of a wife, or children, or a friend. Whatever it is, it is a life buoy for your sinking will. Lay hold of it and it will keep you up.

As well try to run a locomotive without steam or an automobile without gasoline as try to steer your life without love.

It is the motive power that underlies the will.

All of us love something.

Search your heart for some object upon which you can center all your affection and by that love you shall be saved.

Love is the keeping of all com-

mandments and love is the law of man.

We remember an instance in the Scriptures of a woman who was a great sinner, but who was pardoned because she loved much.

Love is the only thing that balances our wrong-doings.

All conclusions that are reached anything else than love are false. Love sees and understands. Hate is blind.

The Cream of the Tobacco Crop

MARTIN JOHNSON, Explorer, Smokes Lucky Strikes in Wildest Africa

"Once on the Abyssinian border my shipment of Lucky Strikes from America missed us, and I was miserable until the natives followed our tracks across the Kaisout desert to Nairobi with my precious cargo of Luckies. After four years of smoking Luckies in wildest Africa, I find my voice in perfect condition for my lecture tour in America."

Martin Johnson

"It's toasted"

No Throat Irritation—No Cough.

FIFTH ANNUAL MUSIC FESTIVAL, SOUTH PLAINS ASSOCIATION TO BE HELD IN LUBBOCK ON MARCH 29, 30 AND 31st

The Fifth Annual Music Festival, sponsored by the South Plains Music Teachers Association, will be held in Lubbock on March 29, 30 and 31. The opening number and the special feature of the festival will be a two-piano recital by Paul Van Katwijk and Viola Beck Van Katwijk of Southern Methodist University, Dallas. Mr. Van Katwijk is at present Dean of Music Department at S. M. U., and is a pianist, composer and conductor of national reputation. Mrs. Van Katwijk is also a pianist and composer of prominence and is quite active in Dallas Musical Circles. This program will be not only of great interest to pianists and piano students but to all music lovers, because of the broad musicianship of both performers. Friday and Saturday evenings will be given over to the contest winners programs which promise to be of unusual merit this year. The contest will begin Thursday afternoon and continue through Friday and Saturday. That these contests have proven to be of great value to both pupils and teachers no one doubts. Keen competition combined with a real co-operative spirit, a live interest in the general improvement of performance more musical and artistic, give evidence to the worthiness of these music contests. Owing to the large number of piano contestants, it has been decided to hold a preliminary contest in Lubbock on Saturday, March 24.

Political Calendar For Candidate and Voters

Important dates on the political calendar for Texas in 1928 includes:
 January 31—Last day for payment of poll tax.
 February 13—February term of commissioners' court open. At this term they must appoint judges of elections.
 March 10—On or before this date county clerks must receive from tax collectors poll tax receipts.
 April 1—On or before this date county tax collector must furnish county election board certified lists of poll tax payers and those who have obtained exemption certificates.
 April 7—School trustees elected.
 May 5—Primary conventions. This is the start of the selection of presidential candidates. Voters meet by precincts in conventions and name delegates to the county convention.
 May 8—County conventions to name delegates to state convention.
 May 22—State convention to name delegates to national party conventions.
 June 4—Candidates for state offices must file notices with state party chairman not later than this date. They are considered filed if sent by registered mail from any point inside the state. This same day is also the file with their chairman. This applies latest date for district candidates to file appeals, courts, congress, state, senate, and district judges and district attorneys where their districts extend over more than a single county.
 June 11—State executive committee meets to select place for party convention.
 June 16—Final date for county or precinct candidates to file.
 June 18—County executive committee meet and fix order of names on ballot by drawing lots.
 June 26—Democratic national convention opens at Houston.
 July 9—Primary committee of executive committee makes up ballot.
 July—Absentee voting begins.
 July 25—Last day for absentee voting.
 July 28—State primary.
 August 4—County conventions. Also county executive committees canvass returns of election held on July 28.
 August 20—State executive committee canvasses election.
 August 25—Run-off primary in races where there was not a majority cast for a candidate in the first primary. District conventions canvass district returns.
 September 4—State convention to announce party principles and nominate state officers who were chosen in the primary.
 October 1—Payment of poll taxes begins.
 November 6—General election day. Let the candidate and voter cut this out and file it away for future reference.

GIVE CLASS CARNIVAL

The Junior Class of the Littlefield high school will present a carnival at the old theatre building, March 30. This carnival is to help raise funds for the Junior-Senior banquet. Bill Arnn, president of the Junior

TEAM GETS SWEATERS

Last Monday six beautiful basketball sweaters arrived and were presented in assembly at the high school auditorium, Monday afternoon. The sweaters are maroon with white stripes, according to the number of years on the team. A large white basket ball bearing the letter, "L. H. S. Kitties" adorns the left side. Sweaters were presented to: Maxine Courtney, who won four stripes; Josephine Glenn, three stripes; Maxine Cooper, two stripes; Pauline Courtney, Fern Thornton, and Hazel McQueen, one stripe. The coach, Miss Parilee Porter was also presented a sweater.

DAIRY SHOW CATALOGUES ARE NOW BEING GIVEN OUT

The catalogue and premium list of the Texas Panhandle-Plains Dairy Show, to be held at Plainview, April 2-6, is now off the press, and copies may be obtained by writing to D. F. Eaton, president, at Lubbock. Several hundred dollars will be awarded in premiums, and the booklet contains much valuable information to those expecting to make entries at the show.

Wisher Bodies

Chevrolet is the lowest priced car in the world offering hardwood ashwood bodies built by Fisher.

Adjustable Valve Tappets

The improved valve-in-head motor of the new Chevrolet has adjustable valve tappets.

"In-Line" Sturd' Platform

Consistent clearance allows pistons designed with "in-line" stroke in each stroke the Chevrolet motor smoother, stronger and more powerful.

Rugged One-Piece Rear Axle

The rear axle of the Chevrolet is a rugged one-piece unit, proved by millions of miles of use.

Ball Bearing Steering Gear

The steering mechanism of the new Chevrolet is fitted with ball bearings throughout.

Non-Locking Four-Wheel Brakes

Chevrolet's four-wheel brakes are non-locking, have an area of 189 sq. in. and are separate from the emergency brake.

Genuine Duco Finishes

All Chevrolet models are finished in modish shades of genuine Duco which maintains its lustrous new-car beauty indefinitely.

Crankcase Breathing System

A ventilating system which cleans the crankcase of vapors prior to condensation, adds materially to motor life.

AC Oil Filter

Keeps out dirt and foreign material from the motor oil thereby increasing the life of all moving parts inside the motor.

AC Air Cleaner

An AC Air Cleaner is another motor safeguard which removes dust and grit from the air drawn into the carburetor.

Semi-Elliptic Shock Absorber Springs

Comfort and safety over all roads is assured by Chevrolet's semi-elliptic shock absorber springs set parallel to the frame.

Safety Gasoline Tank

All Chevrolet models have a safety gasoline tank in the rear and a vacuum fuel system which assures positive gasoline supply even on the steepest hills.

LAMB COUNTY INTERESTED IN EGG PRODUCERS ASS'N

As a result of the growing interest in poultry raising in Lamb county, a meeting was held last night in Sudan for the purpose of organizing an egg producers association in this county.

J. T. Hatch, of Plainview and Mr. and Mrs. M. S. Hudson, of Hale Center were the principal speakers, outlining a plan whereby the organization might be perfected in six adjoining counties of this section.

Mr. Hatch stated that last summer while eggs ordinarily were bringing only 10 cents per dozen, in organized sections they were selling at 20 cents per dozen.

A similar meeting is contemplated in Littlefield in the near future.

DOSS MANER PAYS FOR HIS HOME RAISING HOGS

Doss Maner, who lives six miles south of Littlefield, purchased one sow about two years ago for \$35.00. Figuring the present market value on the hogs Mr. Maner has on hand and adding to that what he has sold (to say nothing of raising his own meat), this investment has made him approximately \$800.00. The cost of raising these hogs has been practically nothing. Mr. Hatch stated that last summer other than the waste.

Mr. Maner is one of the most progressive diversified farmers in this section and from the result of same has paid his land up to four years in advance.

A SURPRISE PARTY

A surprise birthday dinner was given Mrs. W. P. Kirk last Sunday, honoring her 48th birthday.

The dinner was prepared by her children and the table was laid with dishes of appetizing foods.

Those present were: Mr. and Mrs. Luther Kirk, and baby, Mr. and Mrs. Oren Kirk and baby, George Kirk, Mr. and Mrs. L. M. McCoy, Mr. and Mrs. C. M. Edwards and son, Pete, Mr. and Mrs. Ike Griffin and baby, Mr. and Mrs. I. S. Brock and his father, Mrs. W. P. Willis, and Edgar Campbell.

STILL AT LARGE

"Red" Bennett and W. F. Owen who escaped the county jail at Olton last week are still at large, according to Sheriff Len Irvin.

W. E. Wallen has been arrested in connection with the jail delivery, giving bond in the sum of \$1,000 for appearance before the grand jury.

Following the escape of the prisoners a watch was found in the coal chute, alleged to be the property of Wallen. Also, a finger stall was found which is thought will lead evidence to the party assisting the prisoners to escape.

Junior Endeavor Program

March 25
 Subject, "Jesus Calling His Helpers."
 Worship period.
 Leader, Jerriene Wharton.
 Scripture Lesson, Matt. 4: 19-22.
 Leaders talk.
 Why Does Jesus need Helpers?
 Maxine Howell.
 What Kind of People should Jesus' helpers be?—Marie Anderson.
 What are we to help Jesus do?—Betty Ann Hilliard.
 What would happen if Jesus had no helpers?—Eula Mae Page.

ONE IN TEN

Neglecting a little wound, cut or abrasion of the skin may in time cause out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or a chronic festering sore. The cheapest, safest and best course is to disinfect the wound with liquid Borozone and apply the Borozone Powder to complete the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by Stokes & Alexander Drug Co.

PINK L. PARRISH IS A CANDIDATE FOR SENATE POSITION

MAYOR OF LUBBOCK TO MAKE AGGRESSIVE CAMPAIGN FOR LEGISLATIVE HONORS

Basing his campaign upon promises of faithful service, Pink L. Parrish, mayor of Lubbock, will be a candidate for state senator from the 131st district. He plans to make an aggressive campaign and will carry his platform to the voters throughout the district.

Born and reared in Jacksboro, in Jack county, Mr. Parrish came to West Texas 25 years ago, settling first in the old Emma community, later the county seat of Crosby county for 20 years, 10 years at Emma and a like time in Crosbyton. Mr. Parrish served as Crosby county's judge for twelve years, taking office in 1908 and holding it until 1920.

In 1923 he moved to Lubbock and at the present time is owner and operator of the Lubbock Abstract company. He was elected as mayor after three years residence here, taking office in early April, of 1926.

While not a member of the bar, Mr. Parrish in addition to his service on the bench in Crosby county has studied law for many years.

NOTICE TO TAXPAYERS

At a recent meeting of the Board of Trustees of the Littlefield Independent School district, the date of payment of the 1927 taxes without penalty was extended to March 31st, 1928, which is absolutely the last day and on all taxes not paid on April 1st, the penalty will be added, together with six per cent interest.

Furthermore, as soon as the rolls can be transferred, same will be turned over to the attorney for collection, so please see that your taxes are taken care of on or before March 31st and avoid suit and additional cost.

J. S. HILLIARD, Tax Collector, Littlefield Independent School District.

League Benediction.

UNDER SCHOLASTICS TAKEN

At the last meeting of the Board of the Littlefield Independent School District, the matter of allowing children under seven years to enter the fall term was taken up and as it seems that a number of the patrons wish to enter their children under the scholastic age, a resolution was passed by the Board allowing children under seven years old on September 1st 1928, but who are six years old on that date, will be admitted by their parents or guardian paying the sum of \$2.50 per month in advance, same being paid into the treasury of the school.

EASTER SERVICE

There will be a sunrise praise service at the Presbyterian church Easter Sunday. The public is invited to come and take part in this service.

It is being sponsored by the Junior Endeavor.

RAID THREE JOINTS

Sheriff Irvin reports the raiding of one place near Littlefield and two near Amherst, securing considerable amount of "home brew," together with the machinery for its making.

At one place Irvin said he got 60 bottles, and at another 20 gallons of the joy juice.

Texas has more railroad mileage than any other state. At the last report there was a total trackage of 21,536 miles. Illinois ranks second.

Texas has in all 121 universities colleges and academies.

PRESBYTERIAN AUXILIARY

The Presbyterian auxiliary met at the home of Mrs. J. S. Hilliard, Tuesday afternoon, with Mrs. Hilliard and Mrs. Effie Wharton as hostesses.

The meeting was opened by prayer by Mrs. Chas. Barber. Fifteen members were present at roll call with scripture verses beginning with the letter "H."

Mrs. A. C. Chesher gave a very interesting lesson on the last chapter of the "Family Study Book."

At the close of the session dainty refreshments were served the following members:

Mezlamas Wright, Street, Cook, Rutledge, Keek, Hilliard, Clements, Wharton, Chesher, Baird, Barber, Wiseman, Bills, Cobb, Miss Lulu Hubbard and the hostesses, Mr. Hilliard and Mr. Wharton.

Roll call will be answered next Tuesday with a scripture verse beginning with the letter "I."

RAINBOW PARTY

The Rainbow girls entertained with a "42" party Saturday evening in the Littlefield high school gym. There were four tables at play.

Refreshments consisting of sandwiches and fruit punch were served to Mr. and Mrs. Pat Boone, Misses Pauline Courtney, Fern Thornton, Addie Mae Hemphill, Dorris Williams, Ellen Crockett, Kathleen Yeager, Bonnie Barker, and Freddie Horn. Messrs Bill Arnn, Burness Lowmore, Walter Gray, Emil Timian, William Lowmore, Earl Glover and Lawrence Thornton.

More than 600 kinds of birds, local and migratory, are found in Texas.

CUENOD'S DRY GOODS CO.

Spring Opening

..... SALE

Beginning Saturday, March 24th; Lasting Two Weeks

The very thought of Spring brings to every mind an exuberance of feeling, and especially to the feminine there are thrilling visions of new Fashions—and, anticipating the desire for a peek into the coming mode we have arranged this showing of chic and choice merchandise for your acquaintance.

With this opening Cuenod's officially usher in the new season—for this display of smart fashions simply presents the new mode as it is—the clothes that are smart because they are being worn by the fashion leaders in style centers. And, in addition to the Ready-to-

Wear and Millinery, we have oodles of bolts and yards and patterns of other materials for both personal and household usage.

During this Springtime Opening Sale you are to discover that all the radiance of the season is gloriously reflected in our store—for the very essence of the spirit of Spring has been captured and expressed. The display extends to all departments—we want you to come in and view for yourself at close range the smartest conceits of the advanced modes, colors and designs. Every day will witness a different display of merchandise and trimmings, wonderfully appealing to everyone.

Robert Steen left Monday for

A FAIR PROPOSITION

Did you ever try eating boiled toothpicks seasoned with pepper sauce or salad dressing? Wonderfully appetizing, wasn't it?

Did you ever try feeding your livestock a diet of shingle nails or providing them a choice menu of mesquite thorns?

No, of course not; but you have doubtless fed them plenty of stuff they could not assimilate, though in their hunger they tried it, and some—they couldn't even masticate.

It is said the constitution of a horse or cow is four times that of a human being, but even granting that to be true, these animals must have food they can relish in order to grow larger and fatter.

Remember, in feeding stock, it is not the amount of feed they eat that counts, but the amount their system ASSIMILATES that goes toward making a bigger and harder animal.

Food well ground and properly mixed is the BEST. No doubt about that. And Bellomy is prepared to do the grinding and mixing for you to your complete satisfaction. A trial will convince you!

The Leader is this week in receipt of a letter from W. D. T. Storey, former superintendent of Littlefield schools, but who is now connected with the Agriculture Extension Department of Arkansas, and is located at Magnolia, in that state. Prof. Storey sent check to renew his subscription to this newspaper and complimented Littlefield upon the coming of the Junior college to this place.

COLLEGE BOOSTER MEETING WAS HELD HERE TUESDAY P. M.

It was a full house of interested citizens that greeted the speakers at the Palace theatre Tuesday afternoon when a "pep" meeting was held for the benefit of the Junior College fund that is being raised in Littlefield.

Addresses were made by E. S. Rowe and A. C. Cheshier, local citizens, while the invited guests and principal speakers of the occasion were Prof. W. H. Gordon, dean of the Texas Technological College, and Judge Pink L. Parrish, mayor of Lubbock.

Each of these gentlemen brought interesting and inspiring addresses to the members of the assembly, and that the courtesy of their visit was appreciated is but stating it mildly.

Judge Rowe urged upon every citizen to do his or her bit toward securing the college, while Mr. Cheshier gave the financial status of the campaign, stating there were several thousand dollars yet to be raised before the proposition was assured.

"Happy" Jordan, in his inimitable way, with Mrs. Jake Hopping at the piano, led the audience in the singing
