

# Contracts Awarded By Board On New High School Building

OFFICIAL NEWSPAPER OF LAMB COUNTY

## LAMB COUNTY LEADER

LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, JANUARY 26, 1950. NUMBER 49.

### Seven Contractors Bid; Structure To Be White Brick; 15 Class Rooms

Seven contractors entered bids, and were represented at the called meeting of the school board, held at the court house Tuesday afternoon, for the construction of the new Littlefield High school building, which when completed, is expected to cost in the neighborhood of \$500,000. High bid was \$377,246; low bid was \$324,346.87.

Separate bids were called for on electrical work, plumbing and heating.

**Study Bids**  
Following the meeting, which was heavily attended by a large number of citizens and bidders, the board adjourned to the school board offices, where with the architect, they studied all of the bids. This

### Special Radio Program Benefit March Of Dimes

**Rites Today R.M. Smith, Sr.**  
R.M. Smith, Sr., 79, passed away Tuesday night at 8:45 o'clock at the hospital, Oklahoma, where he was taken Tuesday, and where he underwent operation for gall bladder.

A special radio program will be on the air from Station KVOW, Littlefield, Thursday night, beginning at 7:45, dedicated to the March of Dimes fund raising campaign now underway in Lamb county.

A special request program is to be featured, which will be decided by the committee in charge, productive of a substantial sum added to the funds now being collected for the drive, with a goal of \$10,000 to be met.

The request program will be cooperated in by the police department, who have volunteered to act as collectors. Citizens are asked to phone the radio station and request the playing of a musical selection of their choice. The announcer, in turn, will announce compliance with the request, and the party making the request will be asked to contribute a specified sum to the March of Dimes fund, which, as stated before, will be called for by the police.

An added feature on the evening's entertainment program will be a radio appearance by the Melody Boys of Sudan, and also the appearance of a quartette, local boys, known as the "Littlefield Four."

The funeral services for Littlefield Lt. and Mrs. Hall, Mr. and Mrs. Charles Mrs. Ruth Leonard, and of friends from Littlefield Mr. and Mrs. Alolph Spade.

Holland, who is a representative of the Malco Hearing service of West Texas, discussed with them the advantages of buying the Malco audiometer for testing pupils' hearing in the schools.

The plans are to buy a hearing devise in cooperation with other schools in the county. The project was tabled until next meeting.

### Mother of W. M. Skirlock Dies At Lorenzo, Texas

LORENZO, Jan. 24 (Special)—Funeral services for Mrs. Mary Elizabeth Skirlock, 76, resident of the South Plains since 1920, were to be held at 3:30 p. m. today in the Lorenzo Baptist church.

Rev. Wright of Levelland was to officiate, assisted by Rev. H. J. West, pastor of the Lorenzo Baptist church. Marr Funeral home of Ralls is to direct burial in Lorenzo cemetery. Mrs. Skirlock died about 5:30 p. m. Monday in her home in Levelland. She had been in ill health for a lengthy time and had been bedfast for the past three years.

Survivors are the husband, L. A. Skirlock; five daughters, Mrs. Ruby Craig of Whitharral, Mrs. Vera Fitzgibbons and Mrs. Ethel Ritchie of Levelland, Mrs. Oma Todd of Lubbock, and Mrs. Stella Montgomery of Snyder; two stepsons, C. A. Skirlock and W. M. Skirlock, both of Littlefield; 16 grandchildren and seven great grandchildren.

### F.F.A. Contest At Muleshoe Feb. 11

A district F. F. A. leadership contest will be held at Muleshoe Saturday, February 11, with area supervisor Walter Lebay of Plainview in charge. Littlefield chapter will participate in the contest. The local FFA boys have begun work and practice on chapter conducting contest, parliamentary drill and farm skill demonstration.

### INJURES RIGHT ARM

Jerry Malish of Spade sustained injury to his right arm and hand Wednesday of last week. While working at Spade Gin he fell on the belt of a dirt conveyor and injured his limb. He received treatment at Payne-Shotwell foundation, and was released.

### March of Dimes Donations \$596

Donations to the March of Dimes totaled \$596.00 as of Monday afternoon. The quota is \$10,000.

Money containers placed in all business places in the city will not be counted, or turned in until the end of the drive. Beginning Sunday, collection plates are being passed in the local theaters, to enable patrons to make contributions. Several civic clubs have voted to make contributions, and a few have turned in their checks.

Checks may be mailed to Miss Doris Ratliff, secretary of Lamb County March of Dimes, or to G. M. Shaw, chairman.

### Kaiser-Frazer Representatives Here On Business

T. A. Davis, wholesale manager for the Kaiser-Frazer distributor in the Amarillo district, and H. G. Bales of Kaiser-Frazer Sales Corporation of Willow Run, Mich., were business visitors at the Batson Motor company offices and show rooms in Littlefield, Tuesday.

The Batson Motor company is local dealer for the Kaiser-Frazer automobiles. The dealers and distributors showing of the new 1951 Kaiser and Frazer cars will take place at Willow Run, Mich., Friday, Feb. 3. Mr. T. I. Batson, owner and operator of Batson Motor company, with his son Glenn, plan on making the trip to view the new cars.

### School Band To Present March of Dime Program

At the High school auditorium Thursday night, February 2, opening at 7:30, the Littlefield band will play a benefit concert for the March of Dimes, and all proceeds will go to this worthy cause.

The program is being arranged through the Lamb county March of Dimes committee, and there will be a number of quartettes and singing groups take part.

The dust is occasioned, and its movement aggravated and accelerated through the fact that there has been a decided deficiency of moisture since early October. Rainfall in October totaled only 1.59 inches, and this came early in the month. Through the balance of October, and in November, December and January, up to date, the rainfall is decidedly deficient, totaling only .45 of an inch.

For the same three-month period a year ago, West Texas Cottonoil weather station measured moisture totaling 3.34 inches. The deficiency, comparing the two years, is almost three inches, or 2.89 inches, to be exact. Moisture is urgently needed, and little or no plowing has been done. The hundreds of irrigation plants in the county will go into operation soon, if rain or snow fails to materialize. There is still ample time for plenty of moisture before planting time, however.

### CONTRACTS AWARDED

The following contracts were awarded:  
**Construction—**  
Gilstrap Construction Co., of Lubbock, base bid \$324,346.87  
**Heating—**  
Liles Sheet Metal Works, of Slaton, \$20,509.  
**Plumbing—**  
Ragdale Plumbing Co., of Pampa, \$21,795.  
**Electrical—**  
Nelson Electrical Co., Lubbock, \$21,668.  
Grand Total for the four contracts let Tuesday is \$388,318.87.

Study was necessary, in view of the fact that the call for bids provided for the possible elimination of eight different items in the construction, and each bidder was required to individually bid on these items, in case the board decided to eliminate one or more of these features, with a resulting deduction from the amount of the bid.

At the conclusion of this meeting, the above contracts to successful bidders were announced.

### 12 Bids Entered

Twelve bids were entered, opened and read on the electrical work in the new building. High bid was \$25,905. Low bid was \$20,434.80. Bidders were given the option of bidding on plumbing and heating separately, if they desired. Some bids were entered on both; others bid only on the plumbing or heating.

Seven bidders entered bids on plumbing and heating combined. (Continued on Back Page)

### Inter-Department Communication System Installed

A complete inter-communication system has been installed at Banks-Packwood Motors, making all departments accessible to the master station and to all units. This new installation is regarded as an important step forward in efficiency in operation and in more rapid service to customers.

The system consists of a master station and 11 sub-stations. There are three stations in the main shop; a station in the lubrication department; a station in the tune-up room; a station in the body shop; three stations in private offices; a trumpet in the main shop, and a trumpet on the used car lot. Any member of the entire organization can be paged from the master station at any time. Two-way conversations may be carried on over the system.

### BAND PARENTS TO ENTERTAIN SENIOR MEMBERS JANUARY 30

### Leave For Red Cross Meeting

Wolfe Shaw, county chairman of American Red Cross; M. O. Mitchell, county fund cooperative chairman; Joe Salem, county vice-chairman; and Gus Shaw left Wednesday to attend a Red Cross meeting in Dallas. They will be joined by Mrs. L. M. Brandon, executive secretary, at Dallas. Mrs. Brandon left Saturday to visit relatives in Oklahoma enroute to Dallas. The Lamb county group expected to have the privilege of hearing Gen. George C. Marshall talk.

### Suffers Loss Of Memory After Fall From Bicycle

Johnny Cunningham, 14-year-old son of Mr. and Mrs. J. F. Cunningham apparently suffered no serious effects, when he was thrown from his bicycle Sunday afternoon on a country road near here.

The boy's bike struck a stone in the road and he was thrown over the handle bars. He was taken home by a passing motorist, but lost consciousness there, and was then taken to Payne-Shotwell hospital.

He recovered consciousness after being taken to the hospital but suffered loss of memory for several hours.

He was still a patient at the hospital yesterday afternoon, but attendants stated that he would probably be dismissed later in the day.

### Underwood Declines Federal Reserve Appointment

Arch Underwood, prominent Texas banker and cotton industry figure, was reported at Washington, D. C., to be under consideration for appointment to the board of governors of the Federal Reserve System.

Mr. Underwood, while deeply appreciating the honor extended to him, is said to have turned down the offer on account of extensive business interests.

Underwood, a resident of Lubbock, is a director of the First National Bank of Dallas, a director of the City National Bank of Plainview and a director of the Fort Worth & Denver City Railway company. Included among his interests are six cotton compress and warehouse companies and one general warehouse company.

His two sons, Harris F. Underwood of Lubbock and Fred Q. Underwood of Littlefield, are associated with him in the cotton business.

Underwood had been offered the \$16,000 Federal Reserve position, according to a government official who asked that his name not be disclosed.

If appointed, Underwood would have filled out the term of the late Lawrence Clayton of Boston, who died last Dec. 4. The term expires Jan. 31, 1952. Full terms are for 14 years and the appointments are made by the president subject to senate confirmation.

### Local Car Wrecked In Lubbock Mishap

The 1940 Ford coupe owned and driven by Glynel McCary, was damaged severely Sunday afternoon when it and a car driven by a Latin-American named Gonsales, were in collision at the corner of Broadway and Avenue G at Lubbock.

No one was injured. Keith Wren was an occupant of the McCary car at the time of the accident; and it is reported that a number of Latin-Americans occupied the other automobile, on which the only damage reported was a damaged fender.

**THE RIGHT WAY** a baby learns that his mother is his chief source of well being is not through her smiling voice or loving looks, or even the act of feeding him, but through her muscle tension. If the muscles are relaxed, so that her handling of the baby is slow, smooth and sure, he gains the assurance that he needs.

For the baby, before birth, is suspended in a liquid medium which gives his body total support. If in handling him you can duplicate, as far as possible, this sense of smooth movement, without jolt, the baby's muscles will remain relaxed, and he will have an easier adjustment to his new world. If the baby senses his muscles when you lower him into his bed, or when he is being fed, the chances are you are not supporting his body correctly.

Watch his reactions closely as you lift him, or shift him from one arm to the other, or when you change him. Perhaps your method of holding him may be correct, but you are too abrupt in your movements. No matter what tasks may await you, always take a leisurely pace with your baby—he knows it when you hurry with him, and the babies know!

Not all babies seem to need the same type of support. Some

like to be held over the shoulder, others front. Some react comfortably in your arms, others seem never to find just the right comfort when so cradled. One little boy who cried a great deal in over the way he was held, finally settled into blissful comfort when his mother placed him with his back against her chest, his arms supported by her forearm, so that he sat forward, either he wanted a better view of the world, or else his back needed more support than the rest of him, but he certainly knew what he wanted, as do most babies.

Some babies show their displeasure by coughing, for an infant is particularly sensitive to muscular tension in the person holding him at feeding time. It is important that the baby feel unobstructed about getting his meal. Every mother knows this from the mechanical angle—hard hurried gulps of milk mixed with big swallows of air don't set well in the baby's stomach.

But it is equally important for his father's sense of well being that the baby have unobstructed close companionship during his feeding time. If nursing, mother and child should be isolated from the rest of the family so that mother can devote herself entirely to feeding her baby. If bottle fed, the baby should be held lovingly — no propped up bottles for a little baby just learning to take nourishment.

## MAYOR McGUP By John Jarvis

One immediate reward of taking plenty of time with your baby is that babies with relaxed, patient mothers seem to have less colic. One practical nurse made a survey of 20 babies she had cared for and found that only three of them had what the doctor call "these morning colic." These three had been left to the care of high strung mothers after the nurse left, and may very well have been protesting against unpleasant muscular tension in the arms that tended them.

**RETURNS FROM FATHER'S SICKBED**  
Mr. and Mrs. T. D. Walker returned home Sunday night from Temple, where they were called last week, due to the serious illness of his father, J. W. Walker, of Duncan, Oklahoma, who underwent surgery several days ago at Scott and White hospital at Temple. Following the operation he suffered a slight stroke, and his condition was serious for several days.  
Mr. Walker is local manager of Dunlap's Department store.

Mrs. T. A. Tenger and son, Dewey, spent the past weekend with Mr. and Mrs. Garland Wilson and Mr. and Mrs. W. R. Redwine at Bessford.

## INFORMATION For VETERANS

### QUESTIONS AND ANSWERS

**Q**—I was honorably discharged from the U. S. Army in 1945 after three years of war service. How much time do I have to complete my education under the GI Bill?

**A**—Your course of education under the GI Bill must start by July 25, 1948, and must end by July 25, 1953, provided you do not exceed your period of eligibility.

**Q**—I have a service-connected disability which doesn't bother me so much at present. How long will I be eligible for admission to a hospital for this disability?

**A**—Hospitalization for a service-connected disability is available to you during your entire lifetime under present laws.

**Q**—I am a World War II veteran receiving compensation for a service-connected disability. If I take a part-time job, will my compensation be discontinued?

**A**—So long as your disability remains compensable, VA payments will be continued. If the fact that you are employed does not bar payment of compensation for a service-connected condition.

**Q**—I am entitled to four years of education and training under the GI Bill, and intend to take an on-farm training course. How long will I be permitted to take a course that will enable me to operate a farm of my own?

**A**—Your institutional on-farm training course may be only for as long as, but no longer than, is necessary to meet your individual needs, providing it does not exceed your period of eligibility.

ONE of the grandest things about your Buick is the way you can ignore the season—chew your way through gravel and dust alike, splash through the wet stretches, snug and secure even on slippery pavements.

**But bear this one thought in mind . . .**

Rough road conditions call for special attention to your lubricants. Tires should be checked for correct inflation—for deep, clean tread that bites slick surface. Brakes won't stop you with a fluid, or if an air-bubble has worked itself into the line. These things, and more, should be checked to keep your Buick at its best.

If that sounds like more than one thought in mind—just drive into our shop and tell the "LUBRICARE, please."

Our winter Lubricare treatment covers all these things—with specially trained mechanics following the specifications as they go over your car from end to end.

Drive in this week, why don't you? The price is surprisingly low. The peace of mind is priceless.

### Police Car Does Rescue Duty

POLICE RADIO dispatches the scout car to the scene of an accident. The victim is placed on a stretcher and rushed to medical attention without the delay of waiting for an ambulance. The light-weight "collapsi-cot" fits under the back seat when not in use.

MANY COMMUNITIES have solved their emergency ambulance problem with the Kaiser Traveler, a utility sedan which doubles for police patrol and rescue duty. The back seat folds away, providing space for a full-size stretcher.

WITH REAR DOORS CLOSED, the victim receives first aid en route to the hospital. The compartment is seven feet long with ample width for rescuator and other rescue equipment. (Photos are posed.)

### KAISER UTILITY CAR DOUBLES FOR RESCUE WORK, POLICE PATROL DUTY

HOST TO EDITORS — Governor and Mrs. Allan Shivers will hold open house to the newspapermen and women of Texas at the Mansion on January 28. The reception for the press will be held at 4:30 p. m. at the close of the afternoon session of the mid-winter meeting of the Texas Press association. Some 300 daily and weekly newspaper publishers are expected. It will be the first time that the newspaper people as a group have visited the Mansion. Governor Shivers was a student of journalism while attending the University of Texas. He is now vice-president of the Times Publishing company, publishers of the Mission Times; and is co-owner of the Tyler County Booster of Woodville.

PUBLIC NOTICES—Attorney General Price Daniel will be the first speaker of the day at the January 28 meeting of the Texas Press association in Austin. Daniel, who is co-owner of the Liberty Vindicator and the Anahuac Profress, will discuss "Texas Publication Laws." Included in his remarks will be an explanation of the Mandatory Publication law passed during the 1949 session of the Texas legislature. The new law makes it mandatory that officials responsible for printing public notices suffer loss of salary for failure to publish any legal notices required by Texas statutes. Some 300 daily and weekly newspaper publishers are expected to attend the statewide mid-winter meeting.

#### Buy New Buick

Mr. and Mrs. Jim McGuire have purchased a Riviera Buick sedan. This is the largest car made by Buick, and is a very smart job. This car is green with red upholstery.

### I REMEMBER...

By THE OLD-TIMERS

From W. E. Burroughs of Independence, Kas.: "I remember when men folks wore cowhide boots winter and summer and the women wore hoops and three-foot trains on their skirts. Ladies of that era were so modest that if a man came to the door on wash day, they would take time to dry their hands and roll down their sleeves before opening the door."

From Robert H. Sedgwick, Chicago. "I remember what fun it used to be to climb trees—a sport which kids disdain nowadays. What has become of that energetic boy who boasted how high he could climb, and showing off, started climbing and then found himself unable to slide down for fear of getting a sliver or, worse, a rip in his pants because he had picked a thornapple tree by mistake?"

From Mrs. Sallie West of Jasper, Ala.: "I remember when a two-seated surrey with a fringe around its canopy was the last word in family conveyances."

From Mrs. Mary Stewart of Chicago: "I remember chinning myself on the old-fashioned pulldown doorbells, which made a racket like a cowbell."

From Gertrude Richmond of Indio, Calif.: "I remember when the wax dolls little girls used to play with and how the faces would melt if we let them sit too near the stove. Dolls were dolls in those days."

From Mrs. William Dast of Chicago: "I remember when threshing machines were run by horse power and some bee hives were made of braided straw. I lived in Michigan in those days."

From Mrs. William Wyatt of San Luis Obispo, Calif.: "I remember when Mother would send me to the store for round steak, I'd get a whole round of steak for a dime. The butcher would ask me if I wanted the liver, or a large soup bone. It was always on the house. For a nickel you could buy a large bar of washing soap. When we needed milk, I'd get a two-quart lard pail full from a neighbor for a nickel."

From Mrs. Oscar Toast of Reynoldsville, Pa.: "I remember when Arbuckle coffee was a favorite with customers of my father's grocery store, because in each pound package was a stick of peppermint candy. The price was only 15 cents a pound. Some of the ladies would sniff the package to see if perchance there was a bad grain. Every family had their own coffee grinder and would just grind enough at one time for one pot of coffee."

From Mrs. Minnie H. Burner of Phillippi, W. Va.: "I remember so well the old-time equipment and primitive methods of farming and housekeeping my parents used when we lived in a log house built with timber cut from my father's part of my grandfather's estate. It had a stone chimney and a fireplace with a large, flat rock for a hearth. We kids loved to crack walnuts and hickory nuts on the hearth and sweep the hulls into the open fire. We had four-poster or cord beds, criss-crossed with yards and yards of tightly-drawn rope and a strawstuck mattress."

From Mrs. William Dast of Anaheim, Calif.: "I remember when we spun our own yarn on an old spinning wheel and knit our own stockings and mittens. And we made our own soap for all household uses."

### This Machine Is A Scat Tom

By Brown Lee Yates

A SCHENECTADY GADGET MAN has invented a cat sorter. At first consideration, such an idea would seem extravagant. Cats, like eggs, might come in sizes and grades but never in amounts wholesale enough to make sorting them by machinery necessary. But William Kearsley, the inventor, explains how his device admits his own cat into his house and bars alien cats. It's slicker'n a cat's back.

A photoelectric eye in the machine "knows" the color of Bill's cat, down to the last whisker, and releases a trap door when the animal approaches so it can nose thru. Felines of other shades are greeted differently: the eye device holds the door secure and even gives the intruding creatures an electric shock.

The practicability of the thing doesn't interest us, for we have no favorite cat. If we admitted cats into our quarters, we'd let them all in, regardless of color, ownership, sex or fleas. We need no trap doors marked enter in "meow" language with a mechanism that would show a distinction among cats.

Cat sorters are things we might look at in stores and say, "What'll they think of next?" about, but we'd never buy one, even as a Christmas gift. But they give us an idea — What we would like is a person sorter. It would be an electric eye connected in some way with the door bell. Its photoelectric cell would possess an special antipathy for vendors, collectors, drunks, pollsters and political candidates.

The visitor would place a finger on the bell and the electric eye would take over. If the visitor were "sympatico," he would be admitted without ever suspecting that the sword of Damocles had dangled over his head. But if he were pest, the eye would set into operation machinery that would stun him, crate him and send him home, stamped, "Addressee Unknown."

### KAISER-FRAZER SHOWS NEW 1950 LINE OF AUTOMOBILES MONDAY

Kaiser-Frazer Corporation Monday unveiled its 1951 line of automobiles, including the motor industry's first post-war low-priced model, at Willow Run, Michigan.

The preview was K-F's first bid with a full series of models, and Pres. Edgar Kaiser jubilantly announced:

"We now have a car to fit every man's pocketbook, something we didn't have before." K-F presented 21 models with 13 different body styles at a press preview in its huge Willow Run plant.

It was a truly new series, closely patterned after the low sleek lines of European manufacturers.

The Kaisers announced that production of 1950 models would end next Wednesday, with only about 4,500 of this year's series coming off assembly lines. Shutdown for tooling the 1951's began Monday.

The new economy model seats five passengers in an austere interior devoid of expensive frills. Chrome trim is at a minimum.

No prices were announced but

PODIUM PRODIGY... Mrs. Glanella de Marco, only five, directs the Brazilian symphony orchestra at the municipal theater of Rio de Janeiro. The girl is Italian, on a South American tour.

the Kaisers said their "cheapest" would sell for "about the price of a used 1949 Chevrolet."

**The Private Flying  
Forum  
By "Ernie" Bode**

Fifteen years ago (February, 1935) Milton Reynolds logged 800 hours and flew 99,782 miles in his Stinson Reliant during the first nine months of 1935. Fifteen years later people are finally beginning to discover the utility of the private airplane. We still think of an automobile as the prime means of utility travel, but the trend definitely points to the modern private airplane as the next utility vehicle. I was flying over some land yesterday that was being watered. I noticed a broken ditch that was letting thousands of gallons of the precious water run off to a lake bed. Think of how many times this has happened without the farmer knowing of it. This is just another example of how a private airplane owned by the farmer could pay its way by being used as a farm implement as well as a pleasure vehicle.

Local news is full of local activity that occurred last Sunday. A paper-cutting contest and spot landing contest netted \$10 prize money for Earl Dow, who really got on the ball by cutting the tape 15 times! and hitting within 10 feet of the center of the spot—that's really good flying, Earl.

Carolyn North who smiles at the customers at the Star Drive-Inn is planning to start flying at the local airport and Weldon Barton, who lives about 18 miles southwest of Littlefield is going to start flying with us—welcome to the airport, folks.

H. E. Owens flew his Ercoupe to Knox City and then to Fort Worth

**INTRUDER . . .** At the Hotel McAlpin in New York City, where cats and kittens were parading in a feline show, a long-tailed squirrel interrupted proceedings by entering the competition unannounced.

while Vic Streetman flew to Seymour, Texas, on business and Western Cotton Oil company's Beech Bonanza dropped in to see us on business.

H. E. Owens Jr and Dick Salmon flew a while Sunday. H. E. Jr flew to Houston and back and took a new student, H. Johnson, with him. Ed Sturdivant came in from Cotton Center in his blue and silver T-Craft No. 13—that's proof that airplanes are O.K.—they fly O.K. with the proverbial unlucky number 13 on 'em! Bob Dillard got some time on the new Fairchild and he says he likes the big "ole bird" pretty well.

Next week—Bombing Contest.  
Your correspondent,  
"Ernie" Bode.

**"Weather Whys"**

This film which was produced in natural explains what weather is, what it can do, what is being done about it. It shows information about it is gathered by weather stations scattered over the country and where and how this information is collected, analyzed, and made available especially farmers who depend so heavily upon it and to have to be their own weather experts. Scenes in this film show how modern farm machinery is helping farmers to cope with different aspects of weather, both good and bad. The film was produced with the cooperation of the United States Weather Bureau.

A. J. Rosentretor, Minneapolis-Moline representative of Lubbock, will present the films. All the latest type farm machinery will be presented.

**"An American Journey"**

This film, a travelogue in color, contains scenes filmed in Canada, Mexico, Cuba, Jamaica, Dominican Republic, Santa Lucia, Barbados, Colombia, San Blas, Panama, and many filmed in various parts of the United States. It has scenes of native calipso dancers dancing in the jungles of West Indies, scenes of Panama Canal and of Discovery Bay in Jamaica where Columbus first came ashore in 1492, and scenes of many American national parks. The film includes several typically American folk songs, negro spirituals, and a song entitled "This Land of Ours" which was written especially for this film and is sung by Heck Harper of Hollywood.

**1950 Lincolns Will Go On Display At Banks-Packwood Motors Friday**

"Nothing could be finer, inside or out, than the beautiful new 1950 Lincoln and the magnificent new 1950 Lincoln Cosmopolitan" is the advance information on these automobiles, which will go on display Friday morning in dealer showrooms throughout the nation.

Banks-Packwood Motors, Littlefield Lincoln and Mercury dealers, will have two cars in the 1950 line at their showroom. There will be a beautiful Lincoln Cosmopolitan sport sedan and a smart Lincoln sport sedan.

A feature of the 1950 Lincoln Cosmopolitan and the Lincolns, is the trimness, both inside and out. The simplicity in design creates an atmosphere of refined luxury. Particular attention as to new styling is directed to the radiator and the instrument panel. Too, the "Salon Styled" interiors are definitely beautiful.

Powered by the great high compression Lincoln "Invincible 8" engine, combined with Hydramatic, with freedom forever from gear shift and clutch pedal, features of the 1950 models include velvet-touch steering, new weather control system, Fiberglass soundproofing, and the soft Lincoln springing.

## Governor Shivers Issues Report On Need of State Hospital Improvements

By ALLAN SHIVERS  
Governor of Texas

Next Tuesday, January 31, the Texas legislature will meet in special session to make appropriations for our state hospitals. The bill for food, clothing, medical care and badly needed buildings and repairs will run at least \$25,000,000 for the year beginning next September 1.

That is a lot of money—especially when the state doesn't have it, as it does not at the present time.

Letters coming to the governor's office from over the state indicate that a good many citizens do not fully understand the present situation. The governor is often called upon to answer such questions as these:

1. Why is it necessary to have a special session of the legislature?
2. Why wasn't the state hospital program properly financed at the regular session a year ago?
3. Why do we say that the state has no money for the hospitals, when the treasurer's report shows we have around \$50,000,000 in the general revenue fund and about \$120,000,000 in other state funds?
4. What went with that \$100,000,000 surplus we were supposed to have had a year ago?
5. Why can't the appropriations for other things be reduced so as to provide funds for the eleemosynary institutions without raising taxes?

These are perfectly logical questions, and they deserve logical answers. To inform the people about this problem, which is theirs just as it is the legislature's and the governor's, I will try to set down the pertinent facts of the situation.

To begin with, our state hospitals are badly run down. Little has been done in a number of years to improve, add to or even maintain the buildings at Austin, Abilene, Wichita Falls, Rusk, Terrell, San Antonio and other long-established hospitals for mental cases and epileptics. The tuberculosis hospitals at Tyler and Mission are old army camps; the Mexia hospital for seniles and mentally deficient children is a former German prisoner of war camp.

Some places are worse than others, but in general we find the hospitals badly overcrowded and many buildings unsafe. The board for state hospitals and special schools, which has charge of these institutions, estimates that it would take more than \$40,000,000 just to eliminate the firetraps and add enough buildings to care in an adequate way for the unfortunate people who are in these institutions today. I have personally inspected nearly all of these hospitals.

This is not a problem that developed overnight, but one that has been building up over a long period of years. The legislature tried in 1941 and again in 1943 to do something about the building needs. One appropriation was vetoed by the then governor; then the war came along and the building program was shelved for the duration.

The late Governor Jester recognized the crying need of the state hospitals for more buildings, more doctors, more nurses and better facilities for treatment. He advocated a large appropriation for buildings, as well as a larger operating budget. The legislature last year was sympathetic with his ideas, but heavy appropriations for other purposes used up most of the available revenues. On top of that, a sharp cut in Texas oil production caused an estimated \$22,000,000 drop in tax receipts.

Announcing he was not satisfied to see the job only halfway done, Governor Jester vetoed the state hospital appropriations for the second year of the biennium (the year September 1, 1950, to August 31, 1951). At the same time he promised he would call the legislature together in January 1950 to provide for the state hospital operation and building needs.

A few days after that promise was made, Texans received the shocking news that Governor Jester was dead. His promise, however, must be kept. Otherwise,

**ENVOY UNDER ATTACK . . .**  
The state department charges that the Bulgarian government made attempt to involve Donald Heath, U. S. envoy, in spy trial of former Bulgarian deputy premier Traicho Kostov.

when another fiscal year begins next September 1, there will be no funds for food, clothing and care for the more than 23,000 people who are now in our insane asylums, tuberculosis hospitals, epileptic hospital and the special schools for the blind, deaf and otherwise physically handicapped.

I think these facts will suffice to answer the first two questions: Why is a special session of the legislature necessary, and why hasn't the legislature already provided the necessary funds? Actually as has been shown, these two questions are one and the same. The thing that matters most now is that the funds have NOT been provided—and they must be.

What happened to the state's money? In another article I will attempt to answer that question with official figures from the state's books. The people of Texas certainly have a right to know.

LAMB COUNTY LEADER, THURSDAY, JANUARY 26, 1950.

## Mrs. Amelia Anthony To Be Guest Of Woman's Club At Luncheon

### Mrs. E. B. Luce Hostess to Church Women

A mission study was presented at the regular meeting of the Ruth Moss circle of the Woman's Missionary Union of the First Baptist church, which met Monday afternoon at the home of Mrs. E. B. Luce. Those taking a part on the program were Mesdames E. J. Packwood, Ralph Nelson, E. B. Luce and Homer Sewell.

Mrs. P. Z. Harris gave an interesting devotional.

At the close of the program the hostess served refreshments of fruit cake and frosted cakes to Mesdames Frank Nichols, P. Z. Harris, Dezzie Harris, Packwood, H. H. Hale, Bessie Busch, E. M. Davis, Viggo Peterson, M. B. Welborn, J. R. Coen, Roy Ferguson, Nelson, Sewell, and Alfred Dunagin.

Two guests were present, Mrs. Rowena Clark, and Mrs. J. O. Nelson, sister and mother, of Ralph Nelson.

### Mrs. Frank Bartley Hostess to Junior Garden Department

Mrs. Frank Bartley was hostess to the Junior Garden department, Wednesday, January 18, at the Bartley residence, 100 East Phelps avenue.

Mrs. T. A. Hilburn was in charge of the program, which had as its subject, "The Making of a Rose Garden."

It was also decided that the club meet every third Wednesday at 3 o'clock p. m.

The next meeting will be at the home of Mr. and Mrs. R. R. Ater, 619 East Fourteenth street, when a luncheon will be enjoyed at one o'clock. Mrs. Frank Rogers will have charge of the program.

Guests at the meeting Wednesday, were: Mrs. A. C. Chesher and Mrs. S. E. Ayres jr.

Refreshments were served to the above guests and to the following club members: Mesdames R. R. Ater, Maxie D. Bagwell, Frank Bartley, Harley Bussanmas, Jarold Jones, E. M. Little, and Norris Onstead.

### Mrs. Boone Takes Ill While on Trip

Illness of Mrs. Pat Boone caused she and Mr. Boone to cancel many of their Eastern Star official visits they had planned to make in south Texas the next two weeks.

They returned home Sunday night, after spending the past week in Kenedy, where Mrs. Boone had been a patient in a hospital there suffering from flu. Her condition is much improved.

Mr. and Mrs. Boone left here January 9 for south Texas and the valley, where they had planned to visit until January 27.

### Benefit Program Is Postponed

The benefit program to be sponsored by the library committee of the Woman's club, has been postponed to sometime in March, when the Tech Glee Club will be presented in a concert at the high school auditorium. The proceeds will go toward buying new books for the city library.

The concert was scheduled for Friday, February 17th.

### Church Women Meet Monday

The Woman's Society of Christian Service of the First Methodist church met Monday afternoon in the parlors of the church, with Mrs. W. C. Cannon leading the Bible lesson taken from the Mission book, "Grass Roots."

Mrs. Jack Wingo was hostess for the meeting, and served refreshments of upside-down pineapple cake and coffee to 18 members.

### Family Night Observed At Church Monday

Family night was observed at the First Methodist church Monday night, with approximately 127 members present.

A covered dish supper was served, and members of the Wesley Bible class were in charge of arrangements.

Miss Amelia Anthony, director of Girltown, v. S. A., will be guest speaker at a meeting of the Woman's club Wednesday afternoon, February 1st, at 3:30 o'clock. Miss Anthony is founder and director of the only Girltown in the United States, which is located eight miles west of Whiteface. Girltown was opened last March 13th.

A beautiful ranch-style stone residence, which will be called Plains residence, is under construction at Girltown and will provide a home for 64 girls.

Miss Anthony will be honored with a luncheon by the executive board of the club at noon, at the home of Mrs. Jed Clarida, 511 E. Thirteenth street, preceding the club meeting. Members of the various woman's clubs in the county have been invited. The public is also invited. The committee in charge of arrangements includes Mesdames E. A. Bills, chairman; F. B. Faust, David Eaton, Pat Waters, T. B. Duke and Hubert Henry.

## Gems Of Thought

**INDIVIDUALITY**  
Individuality is the salt of common life. You may have to live in a crowd, but you do not have to live like it, nor subsist on its food.  
—Henry Van Dyke

Human faculties are common, but that which converges these faculties into my identity, separates me from every other man.—Giles

The greatest works are done by the ones. The hundreds do not often do much—the companies never; it is the units—the single individuals, that are the power and the might.  
—Spurgeon

The universal does not attract us until it is housed in an individual.  
—Emerson

A people, it appears, may be progressive for a certain length of time, and then stop. When does it stop? When it ceases to possess individuality.—John Stuart Mill

The reality and individuality of man are good and God-made, and they are here to be seen and demonstrated; it is only the evil belief that renders them obscure.  
—Mary Baker Eddy.

## "Peace With God" Topic of Church Sermon Sunday

Peace, the coveted and sought by all men, is known only to those who look to Jesus as Savior, Emmanuel Lutheran's pastor declared last Sunday morning. Speaking on the subject, "Peace With God," Pastor H. A. Heckmann stated that this is the peace that many think money can bring, the one thing that robs man the quickest of the very peace for which he looks. Some hope for it through influential friends, often the cause of pain instead of peace. Others seek it through still other earthly means, only to be disappointed sooner or later. Experience teaches that peace which is to be lasting must be based on things not earthly, not subject to change and decay. So also says the Word of God.

This peace which far too few are finding today in a world that is hanging in the balances, comes along through faith in Jesus Christ, the pastor declared on the basis of Romans 5, 1. Man at peace with God, and that means having the forgiveness of his sins through trust in Jesus shed blood, produces people equal to life's toughest, fiercest battles. This is the peace that removes the sting of death. For such the future holds no fear.

## APPOINTIVE OFFICES FILLED SUNDAY

The appointive offices of Emmanuel Lutheran church were filled last Sunday morning by the church council in session after the morning hour of worship. Appointed to head the church cleaning program was Mr. Gus Friday. Mr. E. J. Brandt was selected to serve as head usher.

The stewardship committee had the following men appointed: E. C. Hill, Albert Neuschwander, and N. Reinsch.

## Monthly Meeting Friday, January 27

The monthly meeting of Emmanuel's Men's club will get underway Friday, Jan. 27, beginning at 7:30 p. m.

The program, arranged by the committee in charge, W. T. Mauck, M. Teinert, H. Heckmann, includes a topic and discussion, business, movie travogue, a game or two of baseball, and refreshments. The men desiring to become a part of this organization will sign the constitution Friday night. The meeting will be in the church basement. The executive board meets the same evening at 7 p. m. in the school.

## CHRISTIAN SCIENCE SERVICES

"Love" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, January 29.

The Golden Text is: "The Lord hath appeared of old unto me, saying, Yea, I have loved thee with an everlasting love: therefore with loving kindness have I drawn thee" (Jeremiah 31:3).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "No man hath seen God at any time. If we love one another, God dwelleth in us, and his love is perfected in us" (1 John 4:12).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Divine Love is infinite. Therefore all that really exists is in and of God, and manifests His love" (page 340).

## Adams, 66,

### Away

Mr. Adams received here Saturday the death of F. H. Adams, who passed away at his home in California, as a result of a heart attack. He was a Littlefield resident, having come here with his family a number of years, before California about six years. He formerly owned and operated a tire store on South Main here.

He was married to Mrs. Adams, his wife and five children. A daughter, Mrs. Frazier, lives 14 miles north of Littlefield, and another, Mrs. James Jack, lives in Wolforth. The other daughters surviving are Mrs. M. Hartford, Mrs. B. Adams, and Miss Evelyn Adams, all of California. The sons are Joe, B. K., and F. Adams, all of California. Mrs. Adams is a niece of Mr. Adams.

Mr. Adams left Sunday morning to attend the funeral of Mrs. Adams, which was held Saturday afternoon. The funeral services will be held Saturday afternoon at 2:30 p. m. at the Littlefield church.

## TEND SHOWING BY CADILLACS

Mrs. Otto Jones and Mr. Harold Jones will attend a showing of the new Cadillac automobiles at the Hotel, Houston, Friday of next week. They will leave here Thursday.

## Last Rites Held For Mother Of Anton Man

Funeral services for Mrs. B. Y. Rea, mother of Boyd Rea, of Anton, were held in the Methodist church at Hermleigh, Sunday afternoon, Jan. 15, with the pastor, Rev. Sbord, officiating.

## BABY CHICKS HATCHED EACH MONDAY AND THURSDAY

Chicks are hatched from flocks rigidly culled and 100% blood bred for high livability and fast growth and top notch egg production.

Here are some of the reasons why we are producing better chicks:

- Strict culling, blood-testing and mating assures you of a better chick.
- Our brooder-room and incubator-room are completely separate from the rest of our building, making it easier to keep clean at all times.
- Each chick is carefully culled and selected by men with long experience.
- Strict sanitation control and fumigation during and after each hatch assures you of a Disease-Free chick.

Feature two famous crossbreeds: Hamp-Leghorns and Austra-Whites. Our Hamp-Leghorns are Big English White Leghorn hens mated with Hampshire Red Roosters. Austra-White are English White Leghorn mated with Black Color Roosters. These crosses produce good chickens that are also good layers.

We hatch the following breeds: Hampshire Reds, Rhode Island Reds, Barred Rocks, White Rocks, Hamp-Leghorns, Austra-Whites and White Leghorns. BOOK YOUR ORDERS NOW FOR GREATER PROFITS IN BABY CHICKS.

# Announcing — 1950's First and Foremost Fine Cars

## The NEW *Lincolns* ON DISPLAY FRIDAY

Nothing could be finer—inside or out—than the beautiful new 1950 Lincoln and the magnificent new 1950 Lincoln Cosmopolitan on display starting tomorrow in our showrooms. Outwardly, their superb new body styling stamps them as being the most distinctive fine cars in America. Inwardly, their rich new upholstery and appointments make them the most luxurious, too. For their brilliantly fashioned new "Salon Styled" interiors are definitely the most beautiful in the world.

On the road, their new range of performance is in a class by itself. In the thick of traffic, or on the open highway, they are a joy to drive... instantly alert... powerfully responsive. Just a few minutes behind the wheel will convince you that nothing could be finer in action than the great high compression Lincoln "INVINCIBLE 8" engine combined with HYDRAMATIC—with freedom forever from gear shift and clutch pedal! And nothing, you will also discover, could be easier than Lincoln's new velvet-touch steering

...or more comfortable than its new weather control system...or more restful than its new Fiberglas soundproofing...or more relaxing than the wonderfully soft Lincoln springing. If you haven't yet made an appointment with us, by all means do so now. Once you drive the new 1950 Lincoln or new 1950 Lincoln Cosmopolitan, you, too, will be certain that nothing could be finer. And we promise you'll be pleasantly surprised about the prices.

*Nothing could be finer*

## Livestock and Other Farm Products Hold Steady In Face of Dull Demand

Most livestock and other farm products held fairly steady in the face of dull to good demand at southwest and midwest markets last week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Slow trading clouded lower Rio Grande valley, fruit and vegetable markets last week as lettuce weakened and cabbage dragged in the face of a firmer tone on grower prices. Broccoli prices lowered as other items held about steady. Citrus met buyer resistance to high prices. New Orleans reported cabbage and sweet potatoes in liberal supply at lower prices. At Denver, winesaps, broccoli and winter squash were stronger as lettuce, Brussel sprouts and cranberries weakened.

Southwest and midwest hay markets faced slow trade last week under the influence of mild weather which permitted pasturing of grain fields and stubble. Fort Worth sold No. 2 New Mexican hay at \$23.95 a ton and No. 2 Arizona hay at \$40.33. Receipts of hay overran demand at Kansas City. In north Texas trade, feed markets weakened under slowed demand.

Mohair advanced four cents in last week's Texas Hill country contracting. Sales for later delivery were made at 61 cents a pound on adult hair and 81 cents on kid. Wool held firm.

Peanuts weakened in southwest trading as shellers restricted shipments in anticipation of improved demand. No. 1 shelled Spanish nuts were quoted at 17½ cents a pound in Texas.

Steady prices and slow demand marked rice trading in the southwest. Small rough rice marketings made reliable quotations impossible.

Cattle were mostly steady to strong at major southwest and midwest markets through Friday. But Monday, some classes weakened from 50 cents to \$1. At Fort Worth last week, buyers were aggressive for most classes as yearlings ruled strong and stockers found a ready outlet at stronger prices. Good demand for sausagebutts at San Antonio caused price upturns for this class. Oklahoma City saw stockers and feeders facing a good outlet on country account as prices worked up.

Butcher hogs faced active demand at 50 cents to \$1 advances at most southwest and midwest markets. Monday's top prices ranged between \$16 to \$16.50.

Slaughter lambs and ewes were steady to \$1 higher in the southwest and midwest.

Eggs and live poultry, both in liberal supply, faced slow to fair demand at southwest markets but no price changes of importance were recorded.

Spot cotton markets at Little Rock, New Orleans, Dallas, Galveston and Houston were fairly active last week. Prices moved up and down about 21 to 50 cents per bale. Offerings of equities from farmers increased at \$2 to \$5 per bale.

### Mrs. Pete Harrell Honored at Pink and Blue Shower

Mrs. Pete Harrell was honored at a pink and blue shower Tuesday night, when four hostesses entertained at the home of Mr. and Mrs. Clarence Carpenter. Co-hostesses included Mrs. Bill Cox, Mrs. Frank Robinson, Mrs. Doyle Tapley and Mrs. Carpenter.

The shower was given in the form of a tea. As guests arrived they were served refreshments of coffee and individual cakes. Gifts were displayed.

Those attending the party included Mesdames Jerry Quigley, Harry Woody, Vinson Boering, Bill Eudy, Earl Robinson, Odell Matthews, O. K. Yantis Jr., Les Sinclair, Bob Cox, Herman Brown, Marie Finklebarger, Overton Phillips and Miss Joan Price.

### Primary P-TA Meets Tuesday

The Primary P-TA met Tuesday in the High school auditorium when a short business meeting was held, at which the program was presented by the six first grade rooms.

Mrs. Holt's room gave a playlet entitled "Three Billy Goats Guff." The Rhythm band from Miss Hamm's room gave a selection.

Mrs. Hulise's room gave an acoustic of Texas. Mrs. Moorehead's room sang cowboy songs.

"Go, Go, My Pony" was presented by Mrs. Hank's room.

Rhythms were presented by Mrs. Wiseman's room. This was a demonstration of learning to do what the music said.

The rooms of Mesdames Hardin, Wiseman, Hulise, Moorehead, and Miss Hamm won \$1.00 awards for having ten or more parents present.

**JOHN BEN SHEPPERD, 33-year-old Gladewater attorney, has been named one of the 10 outstanding young men in the United States for 1949 by the United States Junior Chamber of Commerce, the first time a Texan has been included on the list since 1936 when James V. Allred was selected. Shepperd gained worldwide fame during 1948 while serving as national president of the Jaycees. This year he won acclaim for originating the "Democracy Beats Communism" idea, known as the Gladewater Plan, which has spread over the country. More recently, he has been conducting a campaign for reorganization of the State government which he has dubbed "Our ox-cart State government with the fringe on top." Shepperd will receive his award at a banquet in Peoria, Ill., on Jan. 21.**

### Lamb County Buys \$255,997 In Savings Bonds In 1949

The people of Lamb county invested \$255,997.50 in U. S. Savings Bonds during 1949, according to the annual sales report received today by Pat Boone, county Savings Bond chairman, from Nathan Adams of Dallas, state chairman. This compares with sales of \$249,872 for 1948.

Of the 1949 total, Series E, the so-called "people's bond" accounted for \$190,337.50, as compared with \$212,977.50 E bond sales in 1948. Series F and G sales were \$65,660 as compared with \$36,894.50 in 1948.

Total sales for the entire state were \$191,499,089, as compared with \$196,448,280 in 1948. Mr. Adams' report said. This is a decline of 2.5 per cent. However, Mr. Adams declared that sales last year were highly satisfactory in view of economic trends and because of a 3.9 per cent increase in the sale of E bonds, from \$139,591,216 in 1948 to \$145,114,738 in 1949. Series F and G bonds accounted for \$46,384,351 of the state's sales total last year.

Mr. Adams said that the people of Texas today hold more than \$1.5 billion in Savings Bonds, a substantial share of which are owned by citizens of this county. These savings, he added, give the community, as well as the individual owners, a high degree of financial stability.

### School Contracts—

(Continued from Page One)

High bid was \$62,900. Low bid was \$46,984.

Individual bids on plumbing alone totaled six. High bid was \$32,900. Low bid was \$21,795.

Individual bids on heating received, totaled eight. High bid was \$32,976. Low bid was \$20,509.

#### No Local Bids on Construction

No bid was received from a local contractor on the construction of the building, but local bidders entered bids on plumbing, heating, and on electric installation. These include W-W Electric Co., City Electric company (of Littlefield and Odessa) and the G. A. Supply company.

Low total bid on construction, electrical work and plumbing and heating combined, utilizing the low bid in each of these three classifications adds up to \$391,765.67. High bid on the same basis totaled \$466,951.00. Difference between high and low bids received totals \$74,285.33.

Bids on plumbing and heating separately, however, were slightly less than the combined bids.

The low bid figure arrived at by utilizing the bid of the lowest bidder in each of the four classifications in which bids were asked is \$387,985.67. By accepting the low bids in plumbing and heating separately, a saving of \$4,880.00 would be possible. High bid on the same basis totaled \$469,027.

Another feature of the bidding which the school board had to carefully study, in making the award, was involved in the amount of time specified by each contractor he would require to guarantee completion of the new building. One contractor estimated it would take 510 days. Another specified 300 days. The successful contractor is required to start work within 30 days, but it is anticipated that the work will be started within a week or ten days.

**White Brick Construction**  
The new building is to be of pressed white brick, and of fire-proof construction throughout. It will provide a total of 15 classrooms, and additional miscellaneous rooms, including all categories.
