STAR WINNERS --- Lamb County's Gold Star girl and 4-H work are Laura and Ted Wheeler, of Olton. Their parents are Mr. and Mrs. T. B. Wheeler.

## Wheeler Youths Win 4-H Honors

More than 200 persons were gathered Tuesday night to see Lamb County youngsters receive Achievement awards Community Center here. Two awards of the night were given to Laura Wheeler, daughter of Mr. and Mrs. T. B. Wheeler, of Olton. She was named Gold Star Girl. Laura Wheeler has been a 4-H'er for eight years, having carried projects in clothing, livestock, foods, electricity, junior leadership and gardening. She has won special awards in electricity and clothing and has worked as a junior leader in a foods group. She has served as secretary, council delegate, second vice chairman of the 4-H council and will serve on the district council in 1967. Special awards for the evening were presented in the following fields: ACHIEVEMENT -- Stacy Carr, Littlefield; and Marlana May, Olton. BEEF -- Vickey Ray, Sudan; Tim Givens, Olton; Kim Kloiber, Littlefield; Danny Carter, Amherst; Steve Carr, Little-

### AT SUDAN

## Water Trough Makes History

SUDAN--While farmers may not be using horses and mules much anymore in this modern day of machinery, memories of such days will surely linger on because of an historic marker dedicated at Sudan, Wednesday at 2:30 p.m. The historic site and marker dedicated and given to the city of Sudan, is a watering trough established in 1916 which predates the founding of the city. The site was used heavily by farmers and ranchers as they shipped out their cattle on the Santa Fe terminal located there. Later, mule teams also used it as the farming era began in the 1920 decade. John Withrow, an old timer at Sudan, says that the conversation usually turned to trades if several farmers or traders happened to visit the trough at the same time. Approximately 75 persons attended the ceremonies as Mrs. Simon D. Hay introduced the various participants. W. M. Cox gave the invocation, followed by Mrs. Lester LaGrange, Amherst, who represented the Lamb County Historical Survey Committee. Reed Markham then gave an address giving background for the reason the site was chosen for an historical marker and then Mrs. Hay presented it to the city of Sudan, Wayne Brown, City Commissioner, accepted on behalf of the city. A high school class in civics attended the ceremony and a group known as the "Senior Singers" provided opening historical and patriotic songs.

CROWD TURNED OUT for the dedication of historical marker at Sudan Tuesday. It was placed beside a water trough which was used beginning in 1916. Details are in story above.

## WINNER GETS ALL CORRECT

Mrs. Carl Robison, Littlefield, came through with a perfect score in the football contest this past week to take the first prize of \$7.50.

Following close behind was Johnny Fields of Floydada with only one miss. C. F. Carrico, Amherst, came through with only two misses to take third spot.

This week, contestants will compete against Herhall Randall for the prizes. All entries are saved for the big drawing for four Sunbowl Football Tickets, which is played in El Paso on New Year weekend.

Winners of that drawing will be announced Dec. 4.

Entries are due at 313 W. 4th Street by 5 p.m. Friday, either by mail or dropping it by personally.

## Union Service Sunday Night

Union Thanksgiving services for residents of Littlefield and Lamb County will be held this year at the First Baptist Church, Littlefield at 7:30 p.m., Sunday evening, Nov. 20.

The Ministerial Alliance of Littlefield is sponsoring the service, states Pastor Brian Engel, president of the Alliance. He cordially invites all citizens, whether members of a church or not, to participate.

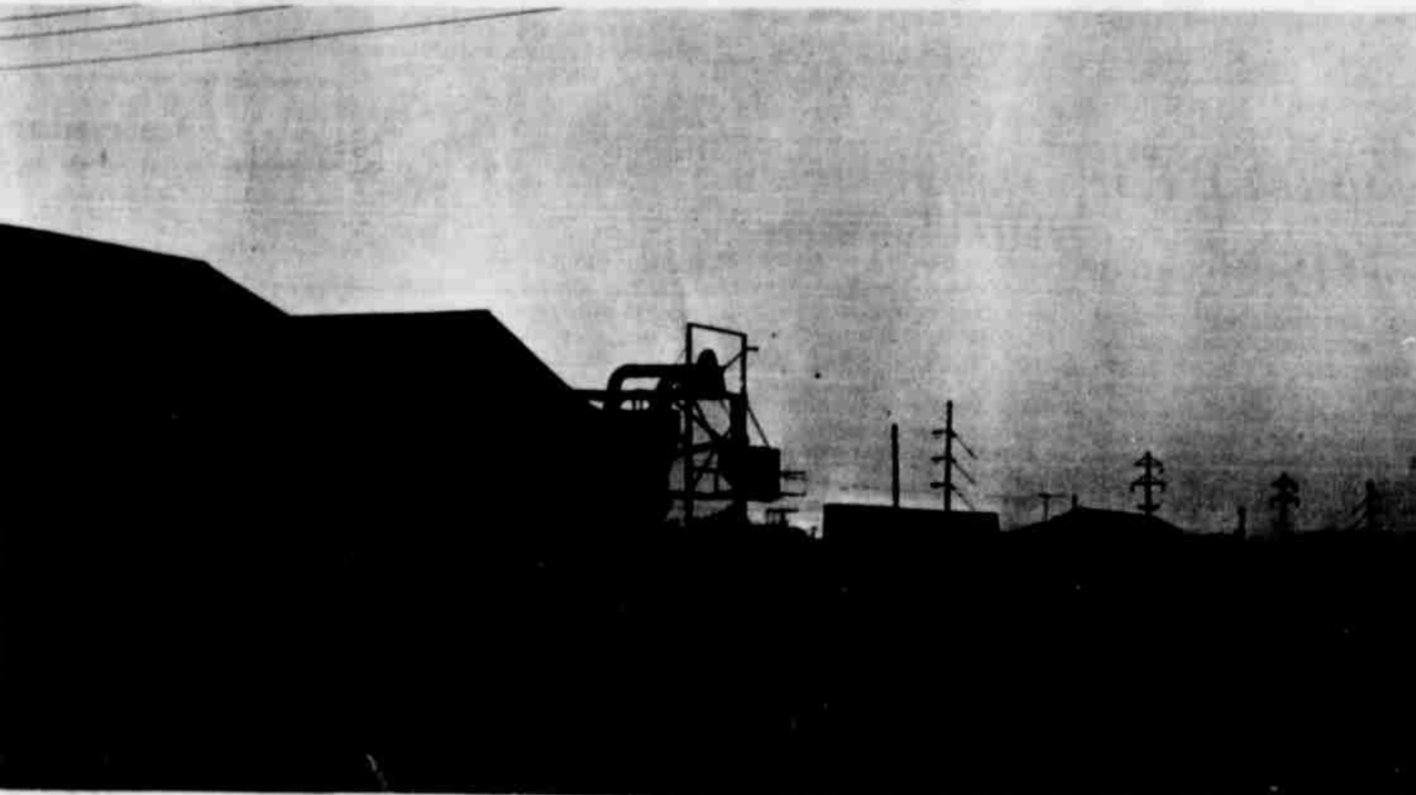

The Littlefield High School capella choir, under the direction of Dwayne Hood, will present special music during the service. Pastor Bill Penland, Parkview Baptist Church, will open the service with the invocation.

Pastor Wallace Kirby, First Methodist Church will lead the responsive reading and R.D. Longshore, pastor of the First Baptist Church will offer the offertory prayer.

Pastor Engel, St. Martin Lutheran Church, will deliver the message entitled, "The Thanks We Give".

Lt. Harvey Harwell, Salvation Army, will read the Scripture, Pastor Burl DeBoard, First Nazarene Church, will offer the prayer of Thanksgiving, and Pastor H.J. Halfman, Sacred Heart Catholic Church, will give the benediction.

# County Ginning Total Reaches 54,487 Bales

AT SUNSET these days, gins throughout Lamb County are going full blast with the harvest at its peak. A total of almost 55,000 bales ginned was reported at mid-week. Most predictions place the season total for the county at about twice that figure.

## Pace Ahead Of Last Year

BY FRED BEVERSDORF

While the cotton harvest and ginning is well ahead of last year's pace, prospects for as good a harvest are not as bright, according to the ginners contacted in a poll of all the gins of Lamb County late Tuesday afternoon and Wednesday morning.

Total cotton bales ginned as of Wednesday morning amounted to 54,487 bales. This compares with 7,550 bales ginned as of Nov. 14 in 1965.

Dampness and a large number of green bolls accounted for the slower harvest last year, where this year an early frost in the middle of October has speeded up the harvest.

Estimates continue to vary and keep on being revised downward for a total harvest. Severe hail storms in several areas plus the early frost have made it difficult to forecast accurately by using acreage as a basis.

This year, total cotton acreage also has been reduced by approximately a third as compared with 1965.

By areas in the county, the count of bales went like this: Littlefield area, 8,507; Earth, 9,971; Springlake, 5,801; Spade, 8,831; Amherst, 6,212; Sudan, 5,691; and Olton, 9,484.

The USDA Classing Offices at Lubbock, Brownfield, and Lamesa, under the direction of W.K. Palmer, had classed a total of 177,000 samples through the week ending Nov. 11.

This sampling too is ahead of last year and Palmer feels that the cotton harvest is nearing its peak.

This coincides with the opinion of many ginners, who in most instances have few trailers full of cotton on their yards. Most of them are caught up and waiting for more.

Middling made up 4 per cent of the total classes at Lubbock last week. Strict Low Middling 7 per cent, Middling Light Spotted 39 per cent, Strict Low Middling Light Spotted 20 per cent, Middling Spotted 17 per cent and Strict Low Middling Spotted 9 per cent.

Average staple length continued to average approximately 15/16 of an inch. Lighty-three per cent of the cotton classes at the Lubbock Classing Office last week was 15/16 of an inch and longer.

Thirty-seven per cent of the cotton "miked" in the Lubbock Office was in the 3.5 and better micronaire category, 16 per cent "miked" 3.3 and 3.4, 28 per cent was 3.0 through 3.2, 16 per cent 2.7 through 2.9 and 3 per cent 2.6 and below.

The Consumer and Marketing Service of the USDA reported increased trading in the new crop cotton with prices steady. Average prices for the most predominant qualities in the 3.5 to 4.9 micronaire range were: Middling Light Spotted 29/32 - 18.30, Middling Light Spotted 15/16 - 18.75, Middling Light Spotted 31/32 - 19.25, Strict Low Middling Light Spotted 29/32 - 17.30, Strict Low Middling Light Spotted 15/16 - 17.80, Strict Low Middling Light Spotted 31/32 - 18.20, Middling Spotted 29/32 - 16.60, Middling Spotted 15/16 - 17.05 and Middling Spotted 31/32 - 17.05.

## Yule Decorators To Meet Friday

Organizations wishing to participate in the annual Littlefield Christmas Window Decoration project are asked to send representatives to a meeting at 3 p.m. Friday.

Persons attending the meeting will draw for locations of their entries in the annual project, which is sponsored by the Chamber of Commerce.

Those who cannot have a representative at the meeting are asked to call Pastor Brian Engel, president of the Ministerial Alliance and coordinator of the project.

Pastor Engel can be reached at 385-3803. Pastors of other churches also may be contacted.

## New Church Opening Set

A long awaited day will arrive Sunday for members of the First Baptist Church, 1411 Ervin Street, as they conduct their opening services Sunday afternoon at 3 p.m.

O. D. Hollands, president of the New Zeal District of the Baptist Training Union, will be the featured speaker, announces Joseph Johnson, senior deacon. The building will be open all day Sunday for inspection, as well as fellowship with members. Coffee and doughnuts will be served before and after the three o'clock services.

Chairman of the Trustees, Tony Johnson, especially invites non-members to visit, even if they do not have time to stay for the services.

The special offering to be taken in the afternoon services will be designated for purchase of new pews.

Members are to be commended for the spirit of cooperation and many hours of hard labor in bringing the building and inside decorations to the point of completion, said McKinley Bray, chairman of the building fund.

He stated there will be less than \$6,000 total indebtedness which is divided between a \$4,000 note on the building, and a remaining \$1,750 for the pews.

## Sacred Heart Dinner Slated

The Sacred Heart Catholic Church is sponsoring its annual dinner, Sunday, Nov. 20 at the Littlefield Community Center.

Home-cooked food will be served from 11 a.m. until 3 p.m. Turkey, dressing, German sausage, homemade bread, homemade pies, and all the trimmings will be served. Tickets for the meal are \$1.50 for adults and 75¢ for children.

As an added feature there will be a bazaar consisting of such things as a country kitchen with homemade goodies, a linen booth with hand-made articles, a children's booth, and the CYO will sponsor a fishing pond. Items purchased at the bazaar will make nice Christmas gifts, according to a church spokesman.

For an afternoon of food and fellowship everyone is invited to attend the dinner.

## FFA Sponsors Turkey Shoot

The Littlefield FFA will sponsor a turkey shoot Sunday, from noon until dark, one half mile west of Littlefield on Highway 54.

In case of inclement weather, the shoot will be held the following Sunday.

Hams, as well as turkeys, will be offered winners.

## Tough Lakeview Team Won't Let Cats Relax

It would be nice to think that the final District 3-AAA football contest would be one where the Wildcats could relax a bit and have an easy victory.

But it just isn't so, as the Lakeview Chiefs come whooping into Wildcat stadium Friday night at 7:30.

Naturally, Coach George Kirk's eleven want to have a perfect District record, but the Chiefs are just about as determined to improve their own pretty healthy set of statistics. They sport some important scalps already, since they have beat Snyder 7-6, Levelland 21-20, and romped past Sweetwater 19-7.

They have lost to Brownfield 19-14 and Lamesa 10-0, but that isn't too much disgrace, considering the toughness of these teams.

Lakeview will be slapping a lot of poundage into the line Friday night with several 200 pounders in the front wall. In fact, David Ford tips the scales at 260 pounds, Rodney Cason scales in at 225 stacked into a 6 foot, 6 inch frame, and Vernon Blythe suits up at 230 pounds.

The backfield is led by Gaylen George, quarterback; Terry Ford, who can throw his weight around at either the halfback or fullback positions, and Robert Morse, fullback and defensive linebacker.

Lakeview will weigh in as the heaviest team the Cats have encountered. But while weight may give an impressive appearance, it also has its disadvantages at times. Speed can counteract the force of weight and Littlefield has

been getting more of it lately from Tim Tolley, Fred Koontz, Wilmer Williams, Mike Grissom, and Richard Wright.

If weight is what they want, Danny Lambeth can supply it and can often be counted on to bull his way for important yardage.

To stop their offense, the Cats can look for some more hard tackling and alert defending from stalwarts such as Nevil Manning, Joe Ross, Philip Pace, Mike Lumsden, Randy Birkelbach and perhaps Mack Mangum, who may be returning to the line for his first game after being out all season because of a neck injury.

So, the drilling has been hard this week, because the Cats are bent on coming out of this tilt with a perfect 6-0 record for conference play.

CITY WORKERS J.P. Ray, Chester Kerby and Everett Bell are shown putting up the last of the Christmas lights in downtown Littlefield.

Finishing touches on the decorations were completed Wednesday.

YOU JUST CAN'T MISS IT -- These seem to be the words of Mrs. Lamar Aten, Primary-Elementary PTA president, (left) as she sells Mr. H.C. Hoover, (right) principal of elementary, tickets to the PTA sponsored chili supper, Friday night.

### Primary-Elementary PTA Sponsors Chili Supper

A fine meal is being prepared by the Primary-Elementary PTA Friday, Nov. 18 from 5 to 7 p.m. in the Littlefield Junior High School lunchroom. The menu consists of chili, red beans, peach cobbler, tea and coffee.

### Club Meets Olton Garden

OLTON--The November meeting of the Olton Garden Club was held Thursday afternoon in the Women's Clubhouse with Mrs. Theo Grimsley and Mrs. Maude Lambright as hostesses. Roll call was answered with members present giving their "Favorite Bible Verse." Mrs. Stella Cowart gave the "meditation", and Mrs. Mavis Bass discussed, "Our Heritage." Mrs. Mildred Snider, president, conducted the business meeting. This group will hold their annual Christmas Dinner Dec. 8 at the local clubhouse. The social committee for this event will be Mrs. Freddie Hysinger, Mrs. Vernie Campbell and Mrs. Ollie Sampler.

Jim Traugott, chairman of the ways and means committee, announced that tickets are available at the primary, elementary I and II schools, or from any member of the executive board of the Elementary PTA. The price is \$1 for adults and 50¢ for children. This will make a good meal before the Littlefield-Lakeview football game that night. The PTA urges everyone to participate in this project.

### Walkers Host Study Club

PEP -- Mr. and Mrs. J.W. Walker were hosts for the St. Charles Study Club in their home Friday evening with the subject topic on, "The Bible," which was discussed under the leadership of Rev. Neutrogena  
**KERA - DERM**  
New 4-way treatment for acne

1. provides controlled abrasiveness
2. cleanses the skin
3. helps remove crusts, pore plugs and scales
4. medicates affected areas

Formula: Each medicated Kera-Derm disc, with specially-textured surface, is impregnated with mild Neutrogena soap base; 2% colloidal sulfur; 2% salicylic acid; 2% hexachlorophene; 1% allantoin.

Application: Preparation is simple—takes less than 60 seconds. A complete treatment can be administered in one or two minutes. Each box furnishes full, easy-to-follow directions for use. Treatment can be applied by the patient to all acne-affected areas—including the back—and the only thing that touches the skin is therapy!

Supplied: In initial treatment packages containing Kera-Derm Applicator, ring holder and 14 medicated Kera-Derm discs, a week's supply. Also in refill packages of 28 discs, a 2 week's supply, without Applicator and ring holder.

Note: Kera-Derm Back Stick for treatment of acne on the back is a hot-selling optional you will want to carry, too!

The ABC's of using KERA-DERM are easy. Just follow these simple steps.

A. ATTACHING DISC TO APPLICATOR

1. Center disc, darker side up, on top of applicator.
2. Center ring over disc and push down so that disc is drawn over top of applicator.
3. Continue downward pressure until protruding portion of disc is "locked" against ridge. Disc is now ready for use.

B. ADMINISTERING TREATMENT

1. Moisten disc with warm water.
2. Apply disc to cheek or forehead with a massaging motion. Do not press disc heavily against skin. A light touch is sufficient.
3. Go over all affected areas of the face. On the nose, a downward motion is recommended. When needed, re-moisten disc to work up latter.

C. AFTER EACH TREATMENT

Remove ring and dispose of disc. Rinse applicator, dry thoroughly with towel and replace in storage section of container until next use.

NOTE: Because hygiene is extremely important, use each disc only once. This is the most sanitary way and minimizes danger of re-infection. Moreover, each disc, when employed as directed, produces exactly enough lather for one complete use.

**Nelson Family Gathers In Mother's Memory**

On Sunday, Nov. 13, the late Mrs. Blanche Nelson, long-time resident of Littlefield, would have been 87.

Mrs. Nelson, who died in January, 1965, was honored in memory when members of her family gathered in Littlefield this past weekend.

Her children have set her birthday as an annual get-together in her memory.

As expressed by one of the sons: "Mama's greatest delight was having the family together, so nothing could have made her happier."

An unusual woman, Blanche Nelson, born and educated in Alabama, received her Bachelor of Arts degree in 1897 at the age of 18. She taught school for a brief period, married and reared six children, burying two who died in infancy.

In 1908 the J.O. Nelson family moved to Oklahoma where they leased land from the Kiowa Indians. The last two children were born in Oklahoma.

In 1918 the family moved to Clayton, New Mexico for Mrs. Nelson's health. At the time of the move, she was given less than a year to live. Here, living on a ranch, she became much stronger and in 1924 the family moved to Amarillo, chiefly because Mrs. Nelson wanted her children to have all the advantages that growing city offered. Here the family owned a dairy in the River Road area.

son and daughter, Robert and Carol, attend Kansas State College at Manhattan, Kansas. A daughter, Mrs. Ralph Hunter, and her husband live in Mi Wuk Village, California; and their daughter, Mrs. R.V. Sellers lives in Concord, California with her husband and three children, Richard, Sharon, and Stephen.

The Nelson family met in Lubbock for the Tech-Baylor game Saturday afternoon. They had dinner together and returned to the home of Mr. and Mrs. Jim Nelson for the evening. They were overnight guests of the Jim Nelsons and also of Mr. and Mrs. Ralph Nelson. On Sunday morning they attended services at the First Methodist Church then were dinner guests in the home of the Ralph Nelsons. Also joining in the birthday memorial for Mrs. Nelson were Mr. and Mrs. Earl Luce, parents of Mr. and Mrs. Ralph Nelson.

WHITHARRAL'S RED FIRE ENGINE -- Lester Dalrymple, left, and Marlon Polk pose in their fire fighting clothes beside the fire truck for the community. Residents have been looking forward to fire protection since the installation of 50,000 gallon water tower and \$96,000 water system last year. Each home now is within 500 feet of a fire hydrant.

### Whitharral Young Farmers Strip Cotton For Jones

BY NILAH RODGERS

WHITHARRAL -- Whitharral Young Farmers stripped 77 bales of cotton Thursday and Friday like they were putting out a fire.

That was the whole idea. The Young Farmers organization donated their time, tractors, trailers, and farm hands to strip cotton belonging to Henry Jones. Jones paid the custom stripping price to the group and they, in turn, gave all the proceeds to the Whitharral Fire Department.

A fire department is something new for this little unincorporated community. Nine fire hydrants were installed last year as part of the \$96,000 water system. Each home now is within 500 feet of a fire plug.

A red fire engine has been here for one month. It isn't brand new but it is new and red enough to make little boys shout "WOW" as one did when he first saw it.

Another chimed in, "first a water tower, now a fire truck," eyes beaming with pride. "Yeah," said a growny bystander, "Whitharral's liable to get put on the map next."

Whitharral's fire engine has a 500 gallon tank and pumps 500 gallons per minute with a 150 h.p. motor. It is now housed in the old agriculture building. Money raised by the Young Farmers will go into the building fund for a proposed firehouse costing \$8,000 which will be constructed after the first of the year.

Whitharral Fire Department Inc. is operating under the present board of directors of the

Whitharral Water System Corp. The Whitharral Volunteer Fire Department is subject to the rules and regulations of these two departments, with the Fire Department serving in the capacity of a city council would should the town be incorporated.

J.W. Borders Jr. is president, H.G. Walden, vice-president and Gene Winn, A.L. Hudson and John Waters are directors. They will serve until the first annual meeting in January. The group meets twice monthly in the old agriculture building. A meeting room is part of the proposed building.

Most of the expenses for the fire truck were paid for by Hockley County. With this donation from Whitharral Young Farmers, there will be only about \$4,000 left to raise to complete the project.

Individual letters of credit payable over a three year period have been arranged, with one-third due annually. The remainder will be raised by civic groups similar to the Young Farmers' project.

Whitharral Lions Club raised \$300 in September by sponsoring Whitharral Day. Baseball, volleyball, horseshoe and washer pitching and various relay races filled an entire afternoon. A big basket supper was topped with a white elephant auction which netted the \$900 given by the Lions Club.

Volunteer firemen Bobby Brown, J.L. Dalrymple and Marlon Polk attended a week short course at A&M on firefighting. Whitharral now is ready for fire emergencies without having to

call Littlefield and Levelland departments. Plans now are for 28 fire volunteers to take a first aid and emergency course.

Out there in the future Whitharral can put out its own fires, rescue cats from his perches and maybe even deliver babies, a resident ventured.

Young Farmers helping with the cotton stripping project were Ernest Kristinek, F.J. Bryson, Coy Grant, Rafe Rodgers, Ronny Grant, Don Reding, Bobby Grant, Loyd Hood, Jimmy Hisaw, Coy Mills, Danny Grant and Coy Howard.

### Youngster In Dallas Hospital

Michael Bob Stephenson, three-week old son of Mr. and Mrs. Z.B. Stephenson of Anton, is reported presently under intensive care in a Dallas hospital.

He was transferred from Methodist Hospital in Lubbock last Friday, where he underwent major surgery.

His second major surgery was completed last Saturday in Dallas.

Maternal grandparents are Mr. and Mrs. Bruce Reagan of Littlefield.

### Whitharral Cagers Start Season

WHITHARRAL--Both the A and B girls' basketball teams played Lazbuddie A and B teams on the home court Tuesday night. The B team girls won with a score of 49 to 45 with Ann Denney making 41 of the 49 points. The A team lost with the final score reading 49-28. Paula Reding was the leading scorer.

The girls meet Lazbuddie on their court Thursday night. All of the girls on both teams will attend the Basketball Clinic at Plainview Saturday, leaving at 6 a.m. by bus.

### No Basketball For Cats Yet

Since the Wildcat football team will be playing past the regular season, having won the right to represent District 3-AAA in the playoffs, no basketball schedule will be available until the football playoffs are ended. That report came from Coach Wilson Elliott, head basketball coach of the Wildcats.

### District Title Chance Seen At Whitharral

WHITHARRAL--The Whitharral Panthers are in the running again for the district title providing they can beat Three-Way when they meet them Friday. With the 28 to 12 win over Smyer, last Friday, and a win over Three-Way, there will be a three way tie for district. The Smyer win gives Whitharral a two wins and one loss in district play.

Leroy Bradley chalked up well over 200 yards and ran three touchdowns in the Smyer game and is now leading scorer for the Panthers. Stan Sadler made a touchdown play in a galloping 49-yard run, after sacking up an on-side Smyer kick. Stan has played an outstanding defensive position this season and was named by a Lubbock sportswriter as outstanding by making as many as 14 unassisted tackles in one game.

He took over the quarterbacking job Friday when Walter Caldwell received an injury that took him out for most of the game. Local fans have praised the team for fine playing under adverse circumstances this season and their team spirit.

### Tag Teams Matched

Terry Funk and the Batman pair up Saturday night to take on the tough duo composed of Alex Perez and Prof. Tanaka at the Littlefield Sports Arena.

Ever popular Ricky Romero will match wits and skills against a newcomer, Ko Yates.

Last week Di Silva pinned the Ox in 10 minutes. Dory Funk retained his North American title on a disqualification call after he and Alex Perez had pinned each other once, plus some head banging outside the ring.

The Batman finished Wild Man Weebs in two straight pins to win the final match.

### Anton Schools Announce Full Basketball Schedule

Its new look is just one nice thing about the '67 Chevy pickup

THERE ARE LOTS OF OTHERS.

For instance, new durability: New sheet metal construction discourages rust. Eliminates exposed joints on cargo box and tailgate. Provides self-washing wheelhousings with special splash shields. Inner cab is specially treated against rust.

Also, added comfort, safety and convenience: Improved visibility all around. Dual master cylinder brake system. Telescoping lower steering shaft. Energy-absorbing instrument panel. Interior color-keyed to go with exterior paint. One-hand tailgate latch.

And extra strength: Full-depth double-wall side panels (Fleetside models). Double-wall steel in cab roof and other important areas.

Plus famous Chevrolet truck features: Independent Front Suspension that gives a smooth ride--like a car. The most popular truck 6's and V8's. (And there are lots more, as your Chevrolet dealer will show you.)

FORMER COUNTY AGENT Bill Kimbrough was honored for his service to Lamb County and Texas over the years here Tuesday night. Here, he is presented a plaque by Bill Gunter, district extension agent from Lubbock. The award was made at the annual Lamb County 4-H banquet.

JUDGE J.E. DAVIS is shown assisting Agent Lady Claire Phillips at the awards presentation of the annual Lamb County 4-H Banquet Tuesday night.

## Lamb County's Incomes Are Up

The income gains that residents of Lamb County have chalked up in the last few years have carried many local families into new and higher brackets. With the majority of people earning more than they did before, the upward movement has been almost general.

Families who had been in the \$4,000 to \$7,000 bracket may now be found in the \$7,000 to \$10,000 group. Their former spots have been occupied, in turn, by those who have moved up from the \$2,500 to \$4,000 category.

The facts and figures are brought out in a copyrighted study, made by Sales Management, to determine how the population is divided in terms of income brackets. Every section of the country is covered in the breakdown.

What was sought was a better financial picture of each community than is afforded by what is called its "average income".

It is made up of a small number of families with big incomes counterbalancing a larger number that have very low incomes, or are earnings more evenly divided?

The figures for Lamb County show that no less than 48.6 percent of the households had disposable cash incomes of \$4,000 or more after payment of their taxes.

This represented a considerable increase over the proportion in that income position three years ago. At that time, based on a similar study, there were 41.3 percent with such earnings.

The rate of gain, 17.7 percent, was better than that of the United States as a whole, 10.0 percent, and the 13.7 percent in the West South Central States.

The study also shows the number of local households at various other income levels. It lists 681 of them with net incomes of \$7,000 to \$10,000, 1,821 in the \$4,000 to \$7,000 bracket and 1,390 with net earnings between \$2,500 and \$4,000. The rest are in the over \$10,000 or under \$2,500 categories.

Hand in hand with the general improvement in family finances, locally and in other parts of the country, has been a rise in the cost of living. The gains have been out-pacing the price rises, however, so that there has been a net improvement in purchasing power.

For most local farmers, it was a good year, well above the county's total for the previous year, \$52,683,000.

These figures are, of course, gross amounts, before taking operating costs and taxes into account.

The increase last year was attributed to several factors, including a rise in government payments.

## FIGURES PROVE IT! Top Farming Area

If you want to farm, Lamb County is the place. At least, this is the way the pocketbook figures add up.

To most local residents, the fact that this county stands far ahead of the state and national average in farm income is no news.

Just how far ahead might be. Data on the farm situation has been assembled by the Standard Rate and Data Service from information compiled by the Department of Agriculture and other governmental agencies.

Its breakdown covers nearly every county in the United States, including Lamb, where total farm income came to \$55,339,000 last year.

For most local farmers, it was a good year, well above the county's total for the previous year, \$52,683,000.

These figures are, of course, gross amounts, before taking operating costs and taxes into account.

The increase last year was attributed to several factors, including a rise in government payments.

With government payments still higher this year, the figures should go up once again.

But just how does the county stack up with the state and the nation?

On a per capita basis, the gross income here last year was equivalent to \$8,784 for every man, woman and child in the local farm population.

One might compare this with the \$3,656 per capita averaged on farms in other parts of the United States and with the \$4,596 in the State of Texas.

It is estimated here that approximately 84 percent of the farm income came through the sale of farm crops.

Over the nation last year, farmers' net income rose a full \$1 billion, reaching \$14 billion.

## S.J. Perkins Services Held

Schmick Judson Perkins, 84, longtime resident of Littlefield and a retired farmer, died at 4:15 a.m. Tuesday in Littlefield Hospital.

Services will be at 10 a.m. today in the Crescent Drive Church of Christ with Bob Wear, minister, officiating. Burial will be in the Littlefield Cemetery under direction of Hammons Funeral Home.

Perkins was born Oct. 15, 1882, in Ranger, A Littlefield resident for 21 years, Perkins farmed near Sudan before retiring in 1954. He has been a member of the Church of Christ for 30 years.

Survivors include his wife, Pauline, of Salinas; three brothers, Todd Ward of Pine Bluff, Arkansas, Alvin of West Warwick, Rhode Island, James Ward of Coventry, Rhode Island; one sister, Mrs. Peter Marsocci of Johnson, Rhode Island; and his father, B.H. Ward of Bastrop, Louisiana.

He was survived by his wife, Pauline, of Salinas; three brothers, Todd Ward of Pine Bluff, Arkansas, Alvin of West Warwick, Rhode Island, James Ward of Coventry, Rhode Island; one sister, Mrs. Peter Marsocci of Johnson, Rhode Island; and his father, B.H. Ward of Bastrop, Louisiana.

Services will be Friday at 2:30 p.m. at the Spade Baptist Church, with burial in Littlefield Memorial Park.

He was survived by his wife, Pauline, of Salinas; three brothers, Todd Ward of Pine Bluff, Arkansas, Alvin of West Warwick, Rhode Island, James Ward of Coventry, Rhode Island; one sister, Mrs. Peter Marsocci of Johnson, Rhode Island; and his father, B.H. Ward of Bastrop, Louisiana.

## Installment Debt Not High In County

In Lamb County as in most other parts of the country, a second look is being taken these days at the amount of installment debt that local residents are carrying.

The amount outstanding on purchases of automobiles and other consumer goods has been growing, year by year, and is now at a high point.

Not that local residents have been going over their heads, for such is not the case, the figures show. They appear to be well able to carry the load.

This growth in consumer credit is part and parcel of the general change in buying habits in the United States, points out the Federal Reserve Board.

As of the middle of this year, it reports, installment credit in the nation reached \$70.2 billion, as compared with \$59.4 billion in June, 1965.

For the average family, it amounted to more than one-seventh of its net income, after taxes.

In Lamb County on the basis of national studies, the amount of installment debt outstanding is estimated at \$890 per family.

That is the overall average. Some families owe considerably more than this and others owe little or nothing.

For the county as a whole, the total installment debt, as of midyear, comes to approximately \$6,465,000.

## Ligon Completes Combat Training

Marine Private Jerry Ligon, son of Mr. and Mrs. George H. Ligon of Route 2, Littlefield, Tex., has completed four weeks of individual combat training at Camp Pendleton, Calif.

During the training period, he received more than 200 hours of instruction in guerrilla warfare, the use of infantry weapons, combat patrols, and squad tactics.

His next assignment is four weeks of basic specialist training to prepare him for a specific job in the Marine Corps. Marines to be assigned to infantry units will be taught sub-specialties such as the technical operation of the machine gun, grenade launcher, or mortar. Those entering highly skilled occupational fields will receive advanced training at resident technical schools.

As stated by an official of the National Industrial Conference board, the ability to repay is what is important.

If people have steady jobs and their income keeps rising, as it has been in recent years, they are in a position to handle bigger debt loads than they were before.

## Church News

**ST. MARTIN LUTHERAN**  
The Sunday School teachers met Monday evening, with the theme for the meeting being, "The Communion of Saints" led by Pastor Brian Engel.

Clothing and blankets are needed for the clothing appeal of Lutheran World Relief. If you have some blankets and/or clothing you wish to give, leave them in the educational building main auditorium between now and November 27th, Sunday.

Members are urged to attend the joint Thanksgiving Service sponsored by the Ministerial Alliance of Littlefield on Sunday evening at 7:30 at the First Baptist Church.

**SHERIFF'S SALE**  
 STATE OF TEXAS  
 COUNTY OF LAMB  
 I HEREBY GIVE notice of a certain order of the Honorable District Court of Lubbock County, Texas, on the 11th day of November, 1966, by J.R. Dever, Sheriff of Lamb County, Texas, for the sum of Two Hundred and Fifty Dollars plus interest thereon from November 1, 1964, plus \$75.00 attorney's fees and costs of suit, in favor of Municipal Investment Corporation vs. Antonio Rodriguez and wife, Estella Rodriguez, placed in my hands for service, I, Dick Dyer as Sheriff of Lamb County, Texas, did, on the 1st day of November 1966, levy on certain Real Estate, situated in Lamb County, Texas, described as follows, to-wit:

Lot Ten (10), Block Ten (10), Highway Addition to the City of Littlefield, Lamb County, Texas,  
 and levied upon as the property of Antonio Rodriguez and wife, Estella Rodriguez, and that on the first Tuesday in December 1966, the same being the 6th day of said month, at the Court House door of Lamb County, in

the City of Littlefield Texas, between the hours of 10 a.m. and 4 p.m., by virtue of said levy and said order of sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Antonio Rodriguez and wife, Estella Rodriguez.  
 And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lamb County Leader, a newspaper published in Lamb County, Texas.  
 Witness my hand, this 1st day of November 1966.

**Legal Notice**  
 THE STATE OF TEXAS  
 TO THE UNKNOWN HEIRS OF MILDRED F. BOONE, DECEASED, THE UNKNOWN HEIRS OF PAT BOONE, DECEASED, AND ALL OTHER PERSONS AND PARTIES INTERESTED IN THE SAID ESTATES OF MILDRED F. BOONE, DECEASED AND PAT BOONE, DECEASED.  
 GREETING:  
 You and each of you are hereby cited, required and commanded to appear before the County Court of Lamb County, Texas, to be held in the County Courtroom in the Courthouse of said County in the City of Littlefield, Lamb County, Texas, such appearance to be at or before ten o'clock A.M. of the first Monday next after the expiration of ten days from the date of service, exclusive of the day of such service, which day and date of service shall be the date of publication that this newspaper bears, and which appearance shall be at such time on such Monday, which will be the 28th day of November, A.D. 1966, by filing written answer to the petition hereinafter mentioned, showing cause, if any there be, why the declaration of heirship sought by such petition should not be made, which petition will be acted upon, said petition having been filed by Pat Boone, Jr., as Petitioner in said Court, on the 28th day of October, A.D.

1966, and now pending there, in a proceeding on the probate docket of said court, styled ESTATES OF MILDRED F. BOONE, DECEASED, AND PAT BOONE, DECEASED, the file number of which petition and docket number of which proceeding is No. 1485, the nature of such petition being an action to declare heirship, and to determine who are the heirs and the sole heirs of the said Mildred F. Boone, Deceased, and Pat Boone, Deceased, alleging that Mildred F. Boone is dead, that Minerva Boone Pope and Alice Boone Allison, both now living, and Pat Boone, now deceased, are the heirs and the sole heirs of the said Mildred F. Boone, Deceased, and that the said Mildred F. Boone at the time of her death left no will disposing of her property and estate and was at the time of her death the owner of real property situated in the State of Texas, constituting a part of her estate, all as more fully shown by said petition on file, in which the shares and interests of her heirs should be determined, and said petition further alleges that Pat Boone is dead, that Flora Beest Boone and Pat Boone, Jr., both now living, are the heirs and the sole heirs of the said Pat Boone, Deceased, and that Pat Boone at the time of his death left no will disposing of his property and estate and was at the time of his said death the owner of various items of real and personal property, constituting his estate, all as more

fully shown by said petition on file, in which the shares and interests of his heirs should be determined.  
 The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.  
 Given under my hand and the seal of said Court at office in Littlefield, Texas, this 9th day of November, A.D. 1966.  
 (SEAL)  
 /s/ CHARLES D. JONES  
 Clerk of the County Court of Lamb County, Texas.  
 By: /s/ Ray Lynn Britt  
 Deputy.

**Revival**  
 Services for the Littlefield Baptist Church are presently underway and attendance is being urged. The services will last through Nov. 20. Services are being held at 7:30 p.m. on Nov. 18 and 19. The evangelist for the revival is Rev. George Crittenden, Fort Worth, pastor of the Baptist Church. Rev. Crittenden has pastored in the North area for several years. At the present time, he is a member of the Texas Division of the World Baptist Fellowship with the World Baptist Fellowship. The congregation and pastor cordially invite you to the revival. Hear this young evangelist. Nursery services are available.

Highlight of the revival, the Fellowship will be held on Sunday, November 18 in cooperation of the pastor's year with his present congregation. A noon meal will be served by the ladies of the church. All ages are invited, from the West Texas and Mexico areas will be speakers. The church has set a goal of attendance for Sunday, Nov. 20. This is the last day of the revival.

**Traffic Accidents Reported**

A total of 65 rural traffic accidents was reported in Lamb County during the first six months of 1966. Twenty-three of these accidents were investigated according to the report of Thurman Keffer, Highway supervisor of this county.

The report stated that his investigation of every rural accident that they became aware of, or notified of, and that he has certain responsibility in reporting these accidents. First, the driver of a vehicle involved in an accident causing injury or death of any person, or total damage to an apparatus of \$25.00 or more, within ten (10) days after the accident forward a written report of such accident to the County Office of Public Safety.

Seventh-day Adventists launched its annual World Service Appeal here in the Littlefield district. The appeal continues until December 31.

The annual World Service Appeal is the only public appeal for funds made by the Adventist Church. Each year approximately six percent of the total budget for Adventist world uplift programs is given in the appeal in community campaigns such as the one beginning now.

Money contributed is divided between needs such as welfare and disaster relief units and world needs such as clinics, dispensaries, leper colonies, missions schools -- often the only facilities available to thousands.

# New Industry Construction Begins

## Work Begins Here Monday

Construction on Littlefield's new \$300,000 cotton batting industry began Monday following final approval by the Small Business Administration of the SBA's \$240,000 loan on the project.

M. L. Hall, secretary-treasurer of the Littlefield Industrial Corporation, told the News-Leader that SBA gave its approval on all plans and specifications of the project.

Plains Steel Buildings Inc. of Lubbock has the construction contract, with the understanding that all local labor and materials will be given preference during the building program, Hall said.

The new industry, to be known as Keeton Felt and Supply Co., will manufacture cotton batting, used in furniture, mattresses and auto upholstery.

The firm will clean and felt cotton notes, a cotton waste material to be secured from gins in this area.

Sales of the material will be to the mattress, upholstery, furniture and auto manufacturing trade, through Keeton Industries.

The plant will employ 25 persons at the beginning and its annual payroll is expected to be in excess of \$200,000, according to Hall.

More than \$125,000 worth of new equipment will be installed in the plant.

Littlefield Industrial Corporation is constructing the plant and providing equipment for Keeton Felt and Supply through a lease-purchase agreement.

The entire \$300,000 used to finance the project will be a loan to be repaid, with interest, in a lease-purchase agreement over a 20-year period.

SBA is providing \$240,000, with the local corporation supplying the other \$60,000. The interest rate is 5 1/2 per cent.

Groundbreaking ceremonies for the new industry were held last week, with Harry H. Keeton Jr., president and chairman of the board of Keeton Felt and Supply, scooping up the first shovelful of dirt.

Keeton Felt and Supply is a division of Keeton Industries, Inc., which has its headquarters at Oklahoma City.

On hand for the ground breaking were officers and directors of Littlefield Industrial Corporation, representatives from Santa Fe Railway, Pioneer Natural Gas, Southwestern Public Service and General Telephone, along with members of the city commission.

They included L. J. Wicker, president of the corporation; Kenneth Reast, vice-president; Hall, secretary-treasurer; and directors, Arthur P. Duggan Jr., Virrel Roberts, G. C. Chandler and O. J. Mangum.

From Santa Fe were Joe S. Clark, manager of the Industrial Development Dept. of the company, and W. A. Cocknell, Lubbock representative of the department.

Representatives from the utilities were Warren Dayton, SWPS; Charles Duval, Pioneer Gas; and Alan Waldrop and Gerald Kehoe, General Telephone.

From the city were Mayor J. E. Chisholm, and commissioners, Paul McCormick, Chester Harvey, H. C. Randall and Dr. James Shortwell.

## Santa Fe Aids Industry

A large role in helping Keeton Felt and Supply plan its home in Littlefield was supplied by Santa Fe Railway, officials of the Littlefield Industrial Corporation told the News-Leader this week.

Santa Fe helped on the layout of the project and is participating financially by bearing part of the cost of the track at the plant.

The fact that Littlefield is on a main line of the Santa Fe helped materially in locating the industry here, officials said.

The Industrial Development Dept. of Santa Fe, headed by Joe S. Clark, provided much of the planning for the project.

## Cranes Have Happy Time

LUBBOCK--Sandhill crane, resting and feeding peacefully west of Lubbock and Big Springs, have had little or no hunting pressure exerted on them during the early part of the October 29 - November 27 hunting season, according to District Chief Ted Wheelis, of the Texas Parks and Wildlife Department.

Wariness on the part of the cranes and apathy on the part of sportsmen have made West Texas a very enjoyable place for sandhill cranes to spend the early fall months.

NEW INDUSTRY --- Groundbreaking ceremonies for Littlefield's new \$300,000 cotton batting industry were conducted last week, with Harry H. Keeton Jr. scooping a shovelful of dirt at the site of a plant which will be constructed to house Keeton Felt and Supply Co.

DEPARTMENT COMMANDER OF TEXAS, R. E. Snead of San Antonio, addresses the 19th District convention of Veterans of World War I held here last Saturday, Nov. 12, at the community center.

## Veterans Of World War I Convene In Littlefield

Members of the 19th District of the Veterans of World War One of the U.S.A., Department of Texas, attended an all-day convention Saturday, November 12, at the Community Center in Littlefield.

According to Van Clark, a total of 84 people, including many members' wives, attended the program.

After opening registration, Luther Wood gave the call to order and pledge of allegiance. R. L. Price, Chaplain of District 19, gave the invocation.

Mayor J. E. Chisholm welcomed the members and their wives to the city for their convention. The response was given by Eula Hudson of Lamesa.

Presiding officers in charge for the day were R. M. Crabtree, 19th district commander, and Opal Crabtree, 19th district president, both of Plainview.

After the guests were introduced, R. E. Snead, San Antonio, department commander for Texas spoke of matters of concern for all members. He was followed by Paulene Beard, Pam-

pa, who also brought greetings from the district president. The Littlefield Quartet then rendered a number of songs, followed by a talk on legislation by Sid Lowery, department claims officer from Lubbock.

The group recessed for lunch, and regular business meetings then concluded the convention in the afternoon sessions.

Van Clark, Littlefield, expressed special appreciation to the fine cooperation of the Littlefield Chamber of Commerce and the city of Littlefield.

## HART CAMP

MRS. EDWIN OLIVER

262-4242

The RA boys of the Hart Camp Baptist Church, under the leadership of Mr. and Mrs. Edwin Oliver, entertained the Sunbeams and others of the community with a Halloween Party at the Baptist Church, October 29.

The RA boys had a "Spook House" that was the big attraction of the evening. All of the younger children went trick or treating for Cans for Kids at the beginning of the party. The canned goods will be carried to the Baptist Children's home in Lubbock.

Attending were Kimmie Foster, June Higgins, Ricky Parkey, LaVon Parkey, Debbe Oliver, Steve Parkey, Greg Burleson, Denny Leonard, Jerry Hendrick, Don Parkey, Mike Burleson, Charlie Green, Clarence Johnson, Glen Johnson, Leon Green, David Johnson, Donnie Green, Collins Johnson and Edward Kinsky.

Shannon Neimast, Olton, spent Friday night in the Aubrey Neimast home with her cousin, Ramona Neimast.

Mr. and Mrs. Edwin Oliver and Debbe visited Saturday night

in Littlefield with Mr. and Mrs. W. H. Robinson.

Services for Mrs. Francis Bell Ball, 93, who died in Tulsa Sunday, were held Tuesday afternoon in the First Baptist Church in Olton. Mrs. Ball is the mother of Lewis Ball of this community. A host of friends from this community attended the funeral services. Burial was in the Olton Cemetery.

Mr. and Mrs. Harvey Jordan and daughter moved last week from Clovis, N.M., to Austin. Jordan will be employed as news director at a radio station in Austin. He is a former resident of this community and a graduate of Olton High School. His wife is the former Ginny Teck of Littlefield.

TAX MAN SAM SEZ:

Congress has provided many tax benefits for our older Americans. If you are retired or if you are over 65 years of age, it will pay you to write to Internal Revenue Service at P.O. Box 594, Dallas, Texas 75221, for Publication 5569, which gives you the "Tax Benefits for Older Americans."

Gene Riney and Kerwin Oliver returned home Wednesday from Amarillo where they had been in the grain harvest a couple of weeks.

Mr. and Mrs. Jerry Langford and daughter Kathy were involved in a car accident as they were enroute to Hollis, Okla. last week to visit his mother. They were not injured, but the car received considerable damage.

## Anton OES Holds Meeting

ANTON -- Anton Chapter OES #936 met Thursday night for their regular meeting, with the worthy matron and worthy patron, Lillian and Howard Parker, presiding.

In the business meeting the group voted to sell fruit cakes during the Thanksgiving and Christmas holidays.

Mrs. Parker gave a report on her trip to the Grand Chapter meeting in Houston October 28-31.

Refreshments of pie and coffee were served by Mrs. Monroe Parker and Mrs. James Henson.

## Education Gets 61 Percent Of Public Spending Here

How does the cost of education in Lamb County compare with that in other parts of the country?

What proportion of local spending is for school construction and maintenance, for teacher salaries and for other school costs?

As in the case in every community in the nation, from the largest to the smallest, local officials are struggling with the problem of how to provide enough educational facilities to take care of the ever-rising tide of young people.

A Federal study of expenditures for education, covering every section of the United States, shows that such costs, in general, are more than twice

those of any other single function of government.

In Lamb County, approximately 61.5 percent of all public spending is for education. In some communities the proportion is somewhat less than that and, in others, much more.

The average nationally is 44.1 percent. In the State of Texas it is 51.3 percent.

The study of local expenditures, made every five years, is based on data compiled by the Census Bureau for its current Census of Governments. The previous one was in 1957.

The report shows that total spending in Lamb County for all public purposes amounted in the year to \$163,03 per local res-

ident. Some \$100.22 of this was for education.

The per capita cost of education in other counties across the country averaged \$96.58 and, in those of comparable size, \$89.61 per capita.

Enrollments in the nation's schools have been growing by leaps and bounds in recent years. Not only has there been this sharp rise in school population but there has also been an increase in the number of years of schooling per person.

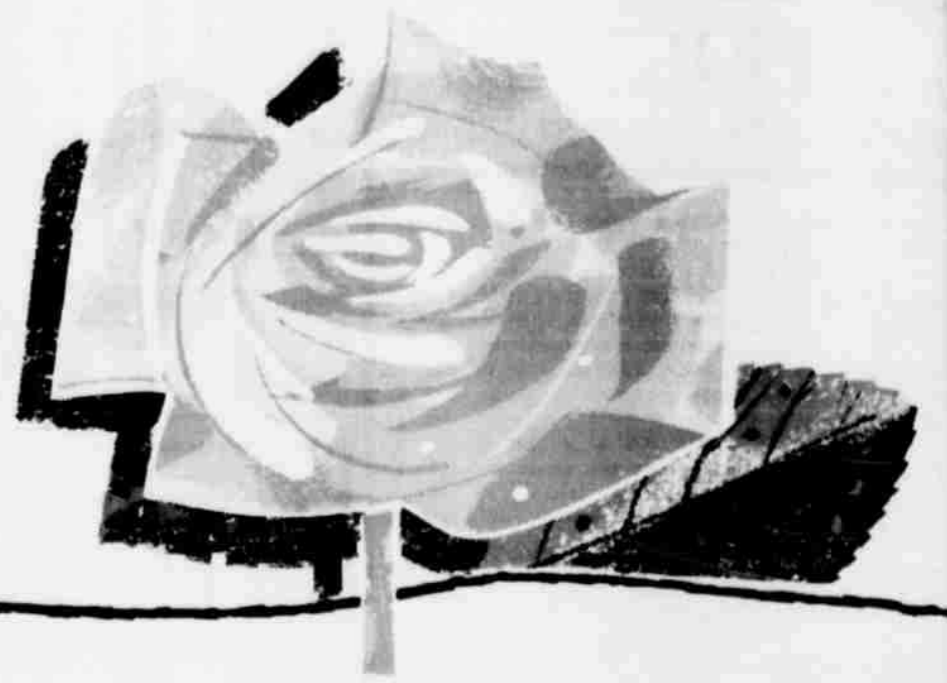

More youngsters are staying to complete their high school training. Compared with 1950, when only 34 percent of the adult population went through high school, 42 percent are doing so now.

## Early Frost Helps Hunt

SAN ANGELO--Sons opening in many Texas counties to a booming season of early cold weather, according to the Texas Parks and Wildlife Department.

Bird dogs, sent their noses may be to separate the nature when weather and green. Now has killed most of odors and dogs will locate habitats.

Reports from the Lower Plains indicate the 1966 to be one of the best seasons since the years of 1958-59.

SECTION 2

NOVEMBER 17, 1966

## 23 PER CENT

### Women Working

More women in Lamb County than ever before are leading double lives -- as homemakers and as job holders.

In growing numbers, they are finding it possible to take care of their home responsibilities and still have enough free time to permit them to do outside work.

Locally, an estimated 23.4 percent of the female population over age 14 are now employed, either part time or full time.

This ratio, high as it is, is below the national figure of 33.2 percent.

The most dramatic changes have been taking place among women in the over-45 age group,

according to data compiled by the Bureau of Labor Statistics and the Commerce Department.

In the last 15 years there has been a 78 percent increase in the number of working women in that category.

Among women in the 25 to 44 age bracket, the increase was 22 percent during that period.

They have been taking jobs in offices, in restaurants, schools, hospitals and in every other line of endeavor that is not, by its nature, purely man's work.

In Lamb County, the 23.4 per-

cent now holding down jobs represents a noticeable increase over the proportion in 1960.

At that time, according to the Census Bureau, there were 1,656 local women employed, equal to 22.7 percent of the female population over 14.

As a result of the steady influx of women into the labor market, especially married women, considerably more than half the families in the United States are now receiving more

than one paycheck each week. What motivates married women to take jobs?

Money is the answer in most cases, a survey shows. With some it is a matter of necessity and with others it is the desire to lie on a better scale than they would be able to otherwise.

In many instances, also, the purpose is to save for a child's education or to pay off debts. Sometimes money is not the principal motive.

**PASTOR WELCOMED** -- Mr. Petricko's family were recently welcomed by the Seventh-day Adventist Church as their new pastor and district leader. He and his family reside in Lubbock where he travels to

other churches in different surrounding counties. Seated, left to right, are Brenda, age 8, Mrs. Petricko, and Pastor Petricko. Standing, left to right, are Bill, age 15, and Bob, age 13.

### New Pastor And Family Welcomed By Adventists

Seventh-day Adventist Duggan and 10th Street, welcomed Pastor Petricko and his family as their new district leader and Petricko will direct the

### Lions Regular Meeting Held At Whitharral

WHITHARRAL--Howard Meaders of Levelland was guest speaker at the regular meeting of the Whitharral Lions at the Lions Club Building last Thursday night.

Meaders spoke on "Community Action," describing the day nurseries for working mothers and the Head Start program for Hockley County.

Pervadus Wade presided over the business session in the absence of Rafe Rodgers. Ed Johnson led the invocation and Clifford Throckmorton led the pledge. Johnson reported on the chili supper in which the club cleared about \$150 after paying the expenses of 140 pounds of meat and other expenditures.

The next meeting will be held on the night in appreciation of the float made by them for the Lions Club.

Present were Howard Meaders; sweetheart, Judy Wade; queen, Paula Reding; and members, Robert Avery, Coy Grant, Lowell Herring, Ed Johnson, Woodrow Howard, Joe Minter, Don Reding, Clifford Throckmorton, George Wade, Jr., Pervadus Wade, H. G. Walden, Joe Pelfrey, O. L. Harris and Norman Theford.

### Chisholm Completes Basic

Airman Ronald D. Chisholm, son of Mr. and Mrs. Hubert A. Chisholm of Rt. 2, Littlefield, Tex., has been assigned to Dow AFB, Maine, after completing Air Force basic training.

The airman, who attended Littlefield High School, will be trained on the job as an air policeman with the Strategic Air Command. He attended Draughton's Business College in Lubbock, Tex.

Airman Chisholm's wife is the former Leona Hardwick, from Amherst, Tex.

## AMY'S ADLIBS

### I Protest!

By Amy Turner

IN THE NAME of women's rights, I protest!

This week I joined the ranks of the unemployed, the persecuted and the down trodden in a clear cut case of discrimination with possible undertones of subversion.

Being a dutiful journalist, I feel The People Have A Right To Know, though I am aware that both this writer and this column are new to readers in the Littlefield area.

I might point out, however, that this column is probably also news to The Publisher My Husband, who is consistently refusing to hire me.

He has a nasty habit of reminding me of my comments over the past six years about how all I wanted out of life was to retire to home and hearth.

How about that? Here I am trying to decide what to do about Vietnam, who's going to get the presidential nomination, what to do about the national debt . . . and he talks about ovens!

In a charitable attempt to raise the level of his thinking, I decided to add a postscript to this infamous note. I merely pointed out: "Dearest: Man does not live by bread alone."

This certainly should have ended the matter but Some People are naturally stubborn and I have found this post-postscript: "Darling: You are so right . . . not by your bread, anyway."

I'm still working on that one but, for the time being, I have decided to be noble and ignore the whole thing.

ACTUALLY, I DON'T remember saying exactly that although I may have suggested something of the sort and I consider it highly unfair to hold a woman to EVERYTHING she says. How was I to know that those big ears are a sure indication of a memory like an elephant?

At any rate, I considered it my honor-bound duty to uphold the banner of womanhood in this matter because the whole thing seems a rather sneaky plot. And if there's one thing I can't stand, it's a sneaky person!

So, I decided to slip into the office while The Publisher was out to coffee, type this up and rush it back to the printers.

KNOWING FULL WELL the economical side of his nature, I didn't think he could bring himself to just throw it away after it was all set up.

But, then, one never knows.

I mean, when someone puts a lock on someone else's typewriter case and hides the key, I call that pretty drastic measures.

To add insult to injury, someone left me a note on that locked typewriter case and read like this:

"Dear: In case you can't open this lock with your handy little bobby pin, apply your nimble fingers to the dial on the wall directly behind you. This is called an oven and you can do wonderful things with it."

IT WOULD SEEM that in a sad situation like mine I should be able to draw unemployment pay but even that appears doubtful.

Even though I have been steadily employed for six years and am now without a job through no fault of my own, there is some question about my salary over this period.

It did vary a little, but my base pay ran around \$100.00 per week with time and a half for overtime and The Publisher, not a tight-fisted man, would frequently double it . . . my salary, not his fist . . . although, come to think of it . . .

I would like to close with these thoughts (undoubtedly thought up by some uncredited woman):

I Have Just Begun To Fight and;  
I Shall Return (if I can open that darn lock by next Thursday.)

The Publisher has always said, too, that classified ads pay, so in order not to leave a stone unturned, I shall try this avenue of approach:

CLASSIFIED AD  
TO WHOM IT MAY CONCERN--Talented, intelligent, lovely, modest and very versatile news editor, columnist, photographer, feature writer and janitor desires job on newspaper. More years experience than she cares to admit. WILL WORK CHEAP.

## DEAR EDITOR

Dear Bill,  
It was a pleasant surprise to see that you're back at the helm of the County Wide News and Leader.  
Welcome!  
Lenore La Grange

Dear Bill,  
Congratulations on your purchase of the newspaper in Littlefield . . . I know that you will be successful in the venture and I wish for you every good thing.  
My regards to Amy & family.

Sincerely  
David Penn

Dear Sir:  
It's that time again. Time to ask for your help in providing Christmas for our 2000 patients.

As you know, your area is among the 65 counties served by our state mental hospital. It is our hope that your citizens will wish to share in the enormous task of securing 4000 NEW gifts; funds for refreshments, decorations, and special therapy equipment.

On \$4.71 per patient, per day, allotted by our legislature for TOTAL operation of this institution, our patients must rely heavily on public support.

Sincerely,

## OWNER'S REPORT

# What To Expect From Us

By Bill Turner

WHAT CAN YOU expect from The Leader and News, now that it's under new ownership and management?

That's a valid question, one that will be asked around Littlefield and Lamb County over the next few weeks.

For one thing, you can expect enthusiasm. Enthusiasm for covering the news, getting pictures, telling the story of our town and our county.

Enthusiasm for seeing the funny side of life, the good side of our people, the honors which come the way of our folks, as well as the serious side.

FOR ANOTHER THING, you can expect co-operation.

Our columns are open for news items from anyone and everyone.

We'll play no favorites, because The Leader and News are everybody's newspapers.

If you want pictures made of your activi-

ties, let us know. We'll do our best to be there, and we'll try to make sure it gets into the paper.

ANOTHER IDEA that we want to get across is that we'll be fair.

No newspaper in the world can avoid controversy all the time and still be a newspaper.

But we want it understood at the beginning that you can expect fairness from us.

We will never knowingly tell one side of a story without telling the other.

YOU ALSO CAN EXPECT to have your say at any time you want to be heard.

We invite your letters and personal observations on any subject you want to take up.

If you think we're going about something in the wrong way, tell us in a letter to the Editor, signed by you.

We'll withhold your name if you like, and

we'll guarantee not to answer you in an editor's note. We won't take unfair advantage and have the last word.

If you like what we're doing, we'd like to know about that, too.

IT'S A GOOD FEELING to be back in Littlefield, to note all of the changes that progress has brought about in the six and one-half years we have been in Olton.

I'm looking forward to giving Littlefield the best newspaper I know how.

As for my general policy, it's rather simple.

Our job is to report the news, to give you a newspaper that will both inform and entertain you and that you will look forward to receiving twice each week.

Our job is also to help build our town and our area.

You can expect both from us.

## THROUGH THE YEARS

### 10 Years Ago

(Taken from the files of the Lamb County Leader, Thursday, November 15, 1956)

Littlefield school trustees made plans to move Seely Stadium, den of the Wildcats, to its new headquarters near the intersection of Highways 84 and 54 Monday night in a regular meeting.

The stands at Seely Stadium, which include a seating capacity of 3,000 will be transferred to the new site. The trustees added that the school system hopes to enlarge the new stadium to about 4,500 in seating capacity as soon as money becomes available.

The Ministerial Association, meeting in regular session this week, commended the city's action in making available an "exhaustive study" of the local water system.

An election was called by city commissioners last week. To be passed on by voters are \$17,000,000 in revenue bonds that would be used to develop water rights in the sandhills now owned by the city and to enlarge present facilities.

### 25 Years Ago

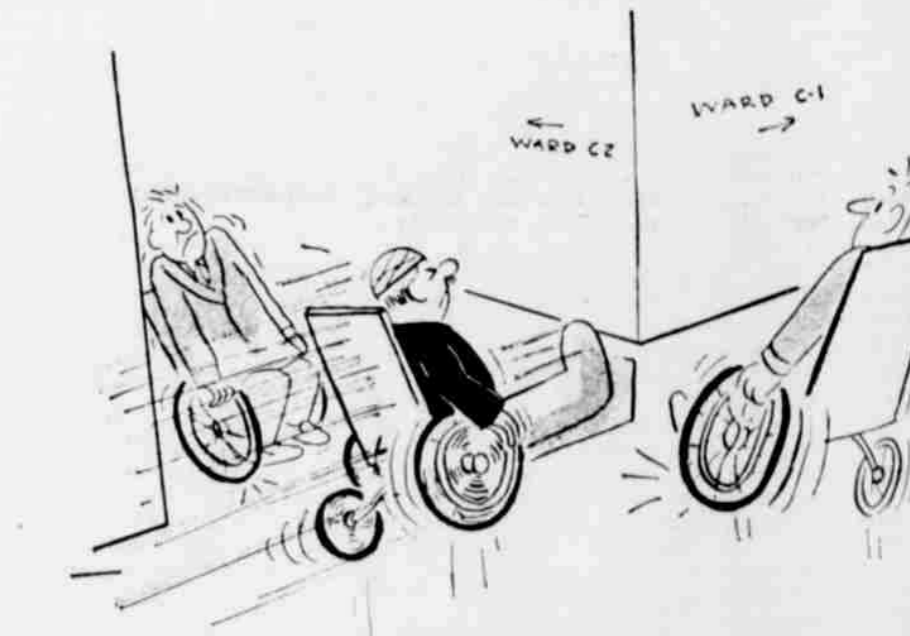

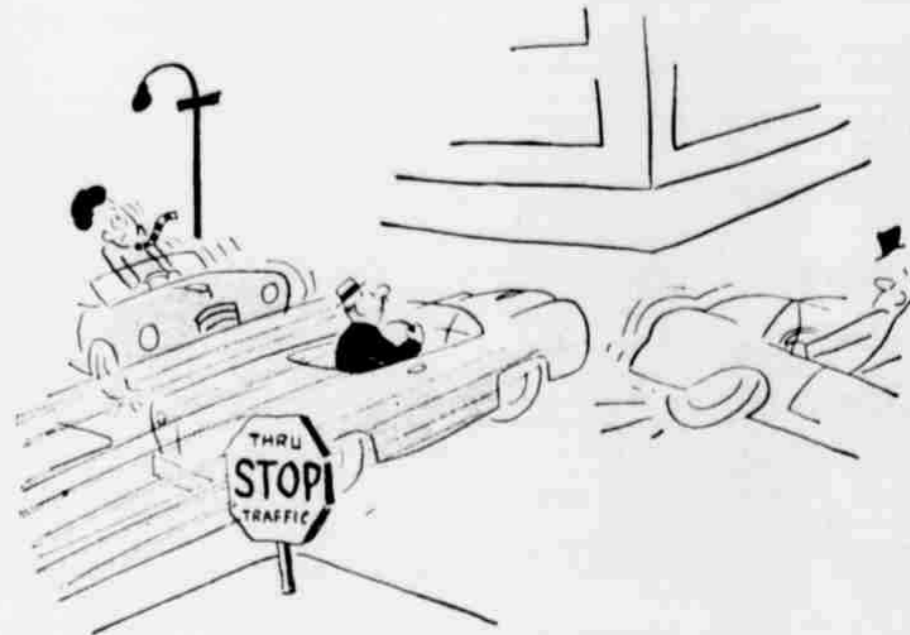

(Taken from the files of Lamb County Leader, Thursday, November 13, 1941)

Citizens of Lamb County joined the nation Tuesday morning, November 11, in the annual Red Cross Membership Drive. Mrs. J. M. Stokes, personally directing the drive in Littlefield, commented that it would not be hard to reach the goal of 1,225 members from Lamb County.

The traditional gridiron clash between the Levelland Lobos and the Littlefield Wildcats is scheduled to take place at Levelland at 2:30 p.m. Friday afternoon, according to information received from the local high school, and due to the fact that it is the most important schoolboy tilt on top it is likely to draw a goodly number of South Plains football fans to the scene of action.

Wildcat stock soared to a new high last Friday night after their 38-0 triumph over the Muleshoe Yellowjackets and barring injuries in scrimmage the latter part of this week they should be in the pick of condition for their tussle with the Lobos.

## CAPITOL COMMENTS

# Nurses Protest Low Pay, Conditions

By Larry Fuhrmann

Our State Capital Correspondent

AUSTIN--"Low pay" and "poor working conditions" were the topics brought up in Austin last week as 265 registered nurses from throughout the state met to find methods of alleviating an acknowledged critical shortage of nurses. The conference was sponsored by the Texas Bureau Association.

It was declared at the meeting that, although other matters were involved and that conscientious hospital administrators were helping to upgrade the profession, salary increases to "reasonable levels" would help substantially to bring more non-practicing registered nurses back into active practice and attract more young people into accredited nursing schools.

Topics on the agenda of the meeting also included "What Nursing Service Expects of Today's Graduate," "Creativity and Research in Nursing," and "What Does the Future Hold."

"While it is clear there is no magic formula for institutional excellence, in my judgment there is one for a strong national system: public and private institutions existing side by side," Governor Connally told persons attending the honorary program at the Graduate Research Center in Dallas. "Private support of higher education occupies a historic role in this country. It began with the founding of Harvard University in 1636. For 150 years all support of higher education in the United States came from private sources.

"The Methodists gave us Southwestern University long before the State had invested its first dollar in higher education. The Baptists gave us Baylor University and were educating Texans many years before tax dollars were used in colleges and universities.

"In the American way a diverse system of higher education has evolved which has been the strength of our nation. For beside this system of private institutions has grown the world's greatest system of public higher education. The private-public partnership and its diversity contributes the strength of our total education system.

"Texas has about five percent of the nation's population, but we grant only about 3.4 percent of the Ph.D. degrees. All this means we must attract more applicants for

graduate school. Whether an institution is of public or private origin becomes of less importance, and its contributions to our overriding goal of a total system of excellence becomes more important. The advancement of higher education today is an enormous task. No single institution, no types of institutions, can carry the load alone."

Possibilities of organizing an Economic Development District under the Economic Administration program will be discussed at the third annual conference of the Central Texas Industrial Development Council, set this week in Waco at Baylor University. President of the council is Senator Murray Watson.

And here's a new one for those who like to sing: a Russian choir, organized by a small group at the University of Texas who received immediate positive response. "I don't know what it is about Russian music that attracts people," says Roderic Keating, director of the choir. "Perhaps they like the earthy, pleasant quality--the depth, the expressiveness." The music scores and words of the Russian songs are provided by Keating, who toured the United States with the Yale Russian Chorus in the spring of 1965. "The music is not hard," he explains, "but pronouncing the words will take a little learning." Keating plans to do a concert at the end of the year. "We've already been asked to sing," he says, "but we had to turn them down--we aren't ready yet."

More than 700 teachers of English and Foreign languages gathered in Austin last week to hear and discuss recent research in various specialties. Twenty-two section meetings were scheduled in American literature, English, French, German, Spanish, Slavic-East European languages, Italian, Portuguese-Brazilian, and general and applied linguistics.

Arnaud de Borchgrave, a senior editor for Newsweek, says that "the war in Viet Nam is no joke, but the North Vietnamese have a

grim one-liner about their plight--"We are born in the North to die in the South."

As the primary Viet Nam correspondent for Newsweek, de Borchgrave has spent time in the field with U. S. troops, including 31 hours in the battle for possession of "Hill 400."

"I feel the decisive military test may come in the demilitarized zone between now and the end of the year," he said. "To assume any sort of negotiation posture, the Viet Cong must have a limited victory or the semblance of one for support.

"There is no question that our bombing is hurting the enemy and slowing their war efforts."

A kind of victory without weapons is being won in South Viet Nam, he continued. "We have to be encouraged by the political and civil side of Viet Nam. It is very significant that voters defied the Viet Cong and cast ballots in the September election." Discounting illegal voting and other discrepancies, de Borchgrave estimated that 65 per cent of the South Vietnamese electorate actually participated.

De Borchgrave sees only one real danger in Viet Nam; an increase in bombing raids, which might be the only move to bring Red China into the war.

A survey among University of Texas students shows that Lyndon B. Johnson, Robert Kennedy and George Romney lead the field of possible candidates for the presidency in 1968. Although Johnson had a large plurality in the survey, Kennedy stole 25 per cent of Democratic support and indications were that he could count on the backing of 15 per cent of the total interviewed.

Governor Romney of Michigan led among the Republicans with 11 per cent in the overall poll. However, in a survey of Republican students only, it was found that Romney and Richard Nixon both shared top spots (23 per cent), trailed by Barry Goldwater and Henry Cabot Lodge.

THE VICOUNTS WILL BE one of the two bands appearing at the Littlefield Sports Arena next Wednesday night. The Vicounts will play a four hour battle-dance with The SPARKLES. The winner of the battle of the bands will be determined by those attending the dance.

## Two Bands At Sports Arena

The battle of the century is coming to the Littlefield area November 23 as the tremendous Vicounts and the ever-popular Sparkles play a four hour battle-dance at the Littlefield Sports Arena to decide the top band in the Southwest.

The Vicounts, eight piece band from Aberdeen, South Dakota, vary their music from rhythm numbers like "Louie, Louie" to soul music (blues) like "Harlem Shuffle" with the accompanying sounds of drums, guitars, saxophones, trumpets, and electric organ, and an electric piano.

Having travelled throughout the Midwest in over 20 states, The Vicounts now claim to be the number one show and dance band in the Southwest.

With a drummer who has been All-State Rock-and-Roll Drummer in Minnesota for the last three years and a bass player considered by many as one of the best on the dance scene, The Vicounts will offer strong opposition to The Sparkles who at one time controlled the Littlefield dance scene.

The Sparkles led by Lucky Floyd claim to be the number one band in Texas. For eight years The Sparkles, five piece band from Lubbock, have been considered by many to be the top most band in the South Plains area.

With a two-drum set up and vocal help by Lucky Floyd, The Sparkles are well-known for their numbers by Roy Orbison, The Righteous Brothers, and Mr. Dynamite himself, James Brown.

With recordings of "The Hip" and "Jack and the Beanstalk," The Sparkles will be putting their title on the line.

The winner of the battle of the bands will be determined by those attending the dance. The dance will begin at 8 p.m. and last until 12 p.m. with admission set at \$1.75 per person for advanced tickets, and \$2.00 per person at the door. A dance contest will be held during the dance, and prizes will be awarded.

## PAUL HARVEY SAYS Enough Of The No-Win War

I have a letter from Vietnam. Not since MacArthur protested to Congressman Joe Martin about our no-win policy in Korea has any professional military man been so eloquent. But this one, to avoid MacArthur's fate, will remain nameless.

"Here in Vietnam the true professional soldier is dissatisfied with his job. It is not the problem of pay or advancement, but rather the manner in which he feels he is being used. "The students of military strategy, the men who have come here to rain destruction on the enemy by killing and destroying as much as they possibly can during every minute of combat, the men who are seeking a pride in their job, the men who will follow a capable leader to the ends of the earth -- these men are leaving the service in ever-increasing numbers.

"They are tired of flying their aircraft for minimum effect, tired of being told how 'not' to fly their aircraft in combat by people who have less experience than they, tired of political appointees, college professors, social do-gooders and college students trying to dictate basic military policy -- and succeeding. "Perhaps these men belong to a bygone era, an era where a military force was an entity led by professionals. They took their general aim from amateurs on the homefront, but conducted their war as they knew it should be conducted."

This letter is not just written "off the top of the head" of a disgruntled Air Force officer. It is documented with facts and figures which have been checked and confirmed by "Aviation Week and Space Technology." The reports we have been handed concerning the "number of sorties" and the "tonnage

HARVEY

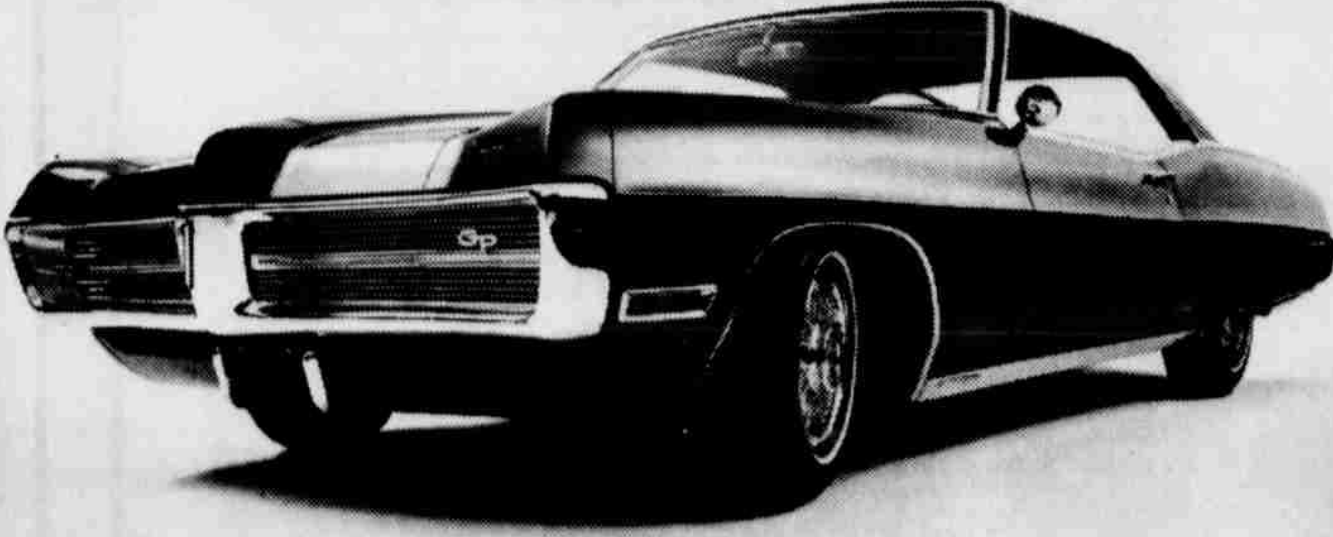

per sortie" have been deceiving. When we hear that during a 200-sortie day we delivered 300,000 pounds of ordinance, that sounds impressive. Until you divide and discover this is barely 1,500 pounds of destruction per aircraft. Our F-4 is capable of carrying 12,000 pounds of hardware. Forty or 50 sorties might have done the same job. And when we hear about the "structures destroyed" we are not told that these targets could have been straw-thatched huts. "Boat" means anything from a dugout canoe to a sampans. "Bridge" means a bamboo foot-bridge or a pair of logs lashed across a stream. "Pack animal" may mean a water buffalo or a cow, even a pig or a goat. So if we use a \$300 bomb and risk an \$800,000 plane, plus the life of a pilot, to knock out a \$20 hut or a \$100 bridge, the enemy is getting the best of the bargain. Yet our biennial State Department missions to Vietnam always end with some variation of the same claim: "The tide is turning."

How much more in the American tradition it was when, in that other war, that other military statesman said, "From the Far East, I send you one single thought, one sole idea, written in red on every beachhead from Australia to Tokyo: There is no substitute for victory!" (Copr. T-M, 1966 Gen. Fea. Corp.)

## SHOTWELLS GO TO DALLAS

Dr. and Mrs. I. T. Shorwell, Jr., and Mrs. Shorwell's mother, Mrs. G. W. Gibson, left Tuesday morning for Dallas to visit while attending to business. From there they will go to Jacksonville to visit friends and Dr. Shorwell, who is a board member of Lang Morris College, will attend a meeting of the board. Mrs. Gibson's sister will return with them for several weeks visit in Littlefield.

When you love your work, it shows.

And we love our work. So much that we couldn't bear to stop with the slickest-looking split grille ever to grace a Wide-Track. (Or any other car, for that matter.) We went ahead and made the windshield wipers disappear. The car not only looks cleaner, but the wipers are less subject to icing and freezing, too. Then we got rid of the vent windows on all Grand Prix hardtops. We replaced them with nifty monograms and a flow-through ventilation system. We even designed a rather unique hood-mounted tachometer

option that's available on all Pontiacs. As are our other new options like stereo tape and stereo radio. And, of course, our handsome interiors have to be seen to be believed. All Pontiacs have standard safety features that include a dual master cylinder brake system with warning light, outside rear-view mirror, and GM's energy absorbing steering column. Isn't it time you decided to see your Pontiac dealer? If you love our work the way we do, it's the least you can do. Pontiac 67/Ride the Wide-Track Winning Streak

## Lions Club Peace Essay Contest Judges Announced

Clifton C. Cutshall, President of the Littlefield Lions Club, has announced the judges for local entries in Lions International's Peace Essay Contest.

They are Troy Armes, local Chevrolet Dealer of Star Rt. 2; Jim Mangum, Insurance Agent & County Judge Elect of 116 East 19th and James T. Lee, banker of 204 East 23rd. They will determine the club's entry in the International Contest.

The Contest is open to all young people in Littlefield who are 14 years of age and under 22 as of January 15, 1967.

The Contest was initiated to generate an awareness and understanding of peace among tomorrow's leaders, Mr. Cutshall said.

He said the Contest would release the ideas of a cross section of the world's youth on the most pressing challenge facing

the world today.

The Contest offers a grand prize of \$25,000 in the form of an educational and/or career assistance grant to the world winner. A grand total of \$50,000 in awards will be made. In addition to the \$25,000 first prize, eight world division semi-finalist prizes of \$1,000 will be given and these eight semi-finalists will also get travel expenses to Chicago, Illinois in July, 1967. At that time, the first prize winner will be chosen from the eight. Also, more than 20,000 local, district and multiple district awards will be made.

The Littlefield Lions Club's winner will be advancing up the ladder to that prize.

The Contest, announced at the 49th Annual Lions Convention in New York, by President Edward M. Lindsey, of Lawrenceburg, Tenn., is one of the high-

lights of the 50th Anniversary of the world's largest service club organization.

The world-wide contest, open to contestants sponsored by Lions' more than 20,000 clubs throughout the world, is the largest Peace Essay Contest in the world.

If successful at the multiple district level, the winner will advance to a world division and opportunity for the grand prize.

World divisional winners will receive \$1,000 and a trip to Chicago for Lions' 50th Anniversary Convention for the final judging of the contest.

Anyone who wants the rules and further details of the contest should contact any member of the Littlefield Lions Club, or Doyle L. Patton, Chairman.

## REFERENDUM IS DECEMBER 5-9

# Interest Increases In \$1-Per-Bale Vote

Interest in the upcoming \$1-per-bale referendum set now for December 5-9, will continue to increase as further information is released concerning the provisions of the election.

The Secretary of Agriculture, Orville Freeman, has established the dates for the referendum as December 5-9 and stated that the vote on this measure will be taken on a separate ballot together with the other vote in which the farmers will again decide on continuation of price supports and acreage reports. The vote will be by mail this time, rather than at polling places as heretofore.

Cotton producers will vote on whether or not a dollar should be taken for every bale of cotton they produce and used for research and promotion of cotton products. Passage requires a two-thirds vote majority or a majority vote of producers who also produce two-thirds of cotton represented in the vote. There are about 500,000 producers of cotton spread over 19 states.

Because of declining markets for cotton, indicated by 16.5 million bales of cotton on hand as of August 1, 1966, and

because manufacturers of synthetic products have outmarketed and out-researched the cotton products market, proponents of the bill indicate a need for a coordinated program with sufficient funds to bring cotton back into contention in the markets of the world. Should the vote favor assessment of the \$1-per-bale, total amount available for research and promotion would be about \$10,000,000, since that is the amount of production estimated for the year, 1967. This amount is a considerable reduction over previous years, since cotton production has been cut almost 35%.

Those who do not wish to participate in the program can apply for a refund within 90 days after the money has been deducted and they will receive it within 60 days.

The Boards of 63 cotton organizations have endorsed the Act. In many instances, however, this represents the boards only inasmuch as the membership has not been polled.

The American Farm Bureau, with over 100,000 members in Texas and over 1.7 million members in America, indicated that they are for research and promotion for the cotton industry but that the present proposal to be voted on would center

too much power in the hands of the Secretary of Agriculture, since the legislative language of the bill indicates that he would have final choice of all members of the Board, would indicate who could even nominate members of the Board, and would always have such veto powers that would always put him in final control of decision making policies. Such power, the Farm Bureau feels, should not be placed in the hands of only one person when so much money is involved, states Jack Wattenbarger, local Farm Bureau Manager, as he discussed the Farm Bureau's position towards the upcoming referendum.

County Agent Buddy Logsdon announces that an educational meeting will be held November 15 beginning at 2 p.m. in the Plains Cotton Co-op Oil Mill, Board Room, 2109 Ave. A. in Lubbock, concerning the entire election. A team of specialists from the Texas Agricultural Extension Service, Texas A & M University, will be on hand to explain details and answer questions relating to the program, he said. Buddy emphasized that the meeting would be educational and both pros and cons would be discussed. All area cotton producers are urged to attend, he concluded.

### SANDERS ATTENDS MEET
