FARMERS READY FOR PLANTING; CROPS AIDED

Mercury Hovers Near Forty-One Degrees Wednesday

Heavy rain fell over Littlefield and the South Plains generally late Tuesday afternoon, continuing through Tuesday night, and all day Wednesday.

Accompanying the rain was a drop in temperature, the mercury hovering around forty-one degrees early Wednesday morning.

This rain will prove very beneficial to the farmers of the South Plains, who have everything in readiness for planting, and needed the moisture to insure growth. Reports are to the effect that in some sections of the belt the grain was suffering from the dryness and recent high winds, and that this rain will greatly aid the wheat crop also.

Reports of a general fall were received from Amarillo, Post, Matador, Brownfield, Ralls, Crosbyton, Dalhart, Lockney, Lamesa, Levell, Dumas, and Silverton.

A Correction

Through an error, the Lamb County Leader stated in an advertisement in last week's issue that A. L. Porter is a candidate for public weigher of Precinct No. 4, an office which he now holds.

Mr. Porter is not a candidate for public weigher; he is seeking election as tax collector of Lamb county.

The Leader regrets having made the error, and gladly publishes the foregoing correction.

Carson Glass was recently appointed by the Littlefield Chamber of Commerce to represent Littlefield in the My Home Town Speaking contest to be held during the Fourteenth Annual convention of the West Texas Chamber of Commerce in Sweetwater May 12, 13 and 14.

A choice of scholarships in eight colleges and universities of West Texas will be offered to the winner of the contest.

Six colleges have already agreed to give scholarships to the winning contestant good for the next school session. They are: John Tarleton Agricultural College, Stephenville; Texas Technological College, Lubbock; Abilene Christian College, Abilene; Baylor University, Waco; Simmons University, Abilene; Howard Payne College, Brownwood; College of Industrial Arts, Denton; and Texas Christian University, Fort Worth.

Entries from at least sixty West Texas cities are expected in the contest this year.

Stanley Williams, son of Mr. and Mrs. A. W. Williams, of the Center community, and Miss Mada Green, daughter of Mr. and Mrs. W. H. Foster, also of the Center community, were married recently.

Mr. and Mrs. J. A. Lilly recently returned from a vacation trip to South Texas.

PLANS UNDERWAY SEND LOCAL BAND TO C. OF C. MEET

OFFICERS ARE ELECTED AT MEET MONDAY NIGHT

The Littlefield band met Monday evening at eight o'clock, with eighteen regular members present.

The following officers were elected: Troy Houghton, president; Wilton Lambert, vice-president; Dean Thornton, librarian; Walter Timian, sergeant-at-arms; Emil Timian, business manager and assistant director; Fern Thornton, secretary.

A motion was made and seconded that a fine of 35 cents be assessed on any band member failing to attend band practice on the regular meeting evenings, which are Mondays and Fridays.

The Littlefield band has many things it wants to accomplish, so let's everyone boost them sky high, and by doing so Littlefield will turn out one of the best bands in the state.

Monte Bowron, the director, is planning to take the band to the Chamber of Commerce convention in Sweetwater May 12, 13, and 14, and he needs your support.

The band meets again Friday evening. All new members come.

SCHOOL BOARD MEETS

Only routine business was transacted at Monday night's meeting of the Littlefield School board.

Great Injustice to West Texas In the Distribution of the Tax Burden, Asserts Arthur P. Duggan; Says West Texas Is Not Getting a Square Deal

Arthur P. Duggan, of Littlefield, who has been a student of taxation for many years, and who was a member of the Tax Survey committee appointed by Governor Moody in 1926, has written an article on taxation, in which he discusses in detail the matter of state aid for schools. Mr. Duggan's article is written under the caption: "Great Injustice to West Texas in the Distribution of the Tax Burden." The author has been president of the Littlefield School board since the creation of that body; is president of the Littlefield Chamber of Commerce; has been prominently identified for years with many activities and organizations seeking to advance the interests of West Texas, and at this time is a candidate for State Senator from the Thirtieth Senatorial district.

Editor's Note.

By ARTHUR P. DUGGAN "TAXATION SHALL BE EQUAL AND UNIFORM"—Constitution of Texas.

Is it? Is West Texas getting a Square Deal?

You good citizens who are rightfully complaining about Taxes these days, read the following facts and see if we do not need, not only Tax Reduction, but a whole lot of Tax Equalization out here in West Texas.

The Thirtieth Senatorial District is composed of twenty-four counties, viz: Andrews, Bailey, Borden, Cochran, Cottle, Crosby, Dawson, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Howard, Kent, King, Lamb, Lubbock, Lynn, Martin, Motley, Stonewall, Terry and Yoakum.

According to the 1930 census there were 227,534 people in these counties, and 65,592 scholastics, or children within school age. A total of 45,530 poll tax receipts were issued for the year 1931. The average value of the lands as assessed for taxes, according to the last Comptroller's Report, is \$6.70 per acre.

This district is out in West Texas where development is quite recent—within the past ten to fifteen years. The large majority of the farm homes are not paid for; many counties still need court houses, and paved roads are very scarce. The large part of the expenses of good roads and county improvements is yet to come. The home owners and farmers are still striving to pay for their homes and farms, which is quite different from the situation in the older settled parts of Texas where the majority of the

homes have already been paid for, or should have been, and where necessary improvements have been made.

Due to their spirit of progressiveness, and desire to give their children the best possible educational advantages, the people of this Senatorial district—these twenty-four counties—taxed themselves, for local school purposes during the year ending August 31, 1929 (the last report from the department of education), the sum of \$1,697,086.09. They received from the State for all school purposes, during that year, the sum of \$1,055,974.77. The per cent of local school taxes to State Aid was 160 per cent.

During the same year these twenty-four counties paid into the State Treasury in Taxes the sum of \$1-

Come to Littlefield Trades Day, Monday, May 2.

Through the co-operation of the business firms of Littlefield the Lamb County Leader has arranged a mammoth Trades Day, one that it is expected will be remembered for a long time as a very enjoyable affair, and at the same time one which proved very beneficial to the people of this city and county.

Merchandise prizes which total a large sum will be given away by the many concerns participating in Trades Day. And in addition, there will be an extensive entertainment program including band concerts, races, a number of feature attractions, and a great treasure hunt in the obtaining of the prizes, which have been offered by Littlefield concerns.

You have been given some general idea of what is to take place next Monday; now plan to be in Littlefield that day. . . . Enter into the spirit of the occasion. . . . Visit all the stores. . . . Get the particulars of the prizes offered. . . . Investigate the special offers in merchandise which will be offered by Littlefield merchants and plan to fill your requirements at the attractive prices which will be offered. Truly Trades Day offers to the people of Lamb county one of the finest combined outings and purchasing opportunities which has been available in some time. The special prizes offered are in themselves worth coming many miles to obtain.

Come to Littlefield Saturday. . . . Come to Littlefield Monday. . . . Come both days. . . . But in any case be sure to be in Littlefield Monday; that is the day of the special entertainment arranged for you.

Littlefield business concerns appreciate the patronage of the people of Lamb county; they realize that in the people of Littlefield's trade territory this city has its greatest assets, for without the great population

EDWARD WINGFIELD, 13, DIES TUESDAY IN LUBBOCK HOSPITAL

THIRD DEATH IN FAMILY IN PAST 18 MONTHS

Funeral services were held Wednesday afternoon, April 27, at 2:30 o'clock at the First Baptist church for Edward Wingfield, aged 13 years, 10 months and four days, son of Mr. and Mrs. J. I. Wingfield, who died in the Lubbock Sanitarium Tuesday, following an appendicitis operation and two months' confinement in the hospital.

Rev. J. F. Grizzle, pastor of the First Baptist church, officiated, and interment took place in the Littlefield cemetery. Hammons Undertaking had charge of the burial arrangements.

The greatest of sympathy is extended the Wingfield family by this city and district, particularly in view of

A NEW BRAND OF PHILOSOPHY

Robert Quillen, that gifted philosopher who writes in The Dallas News each day, said the other day that the best thing for the United States to do is to learn that Santa Claus is not coming, and to buckle down to meet situations as they present themselves. The big trouble, he says, is that we have been kidded by "the big boys" into believing that prosperity was just around the corner, and that lower taxes were sure to come, when, in truth, prosperity may be afar off, and lower taxes will probably not come in our generation. That sounds like pretty good 1932 philosophy to us.—Scurry County Times.

LAW CITES THE LAW

In the daily press we read that Editor Albert A. Law of Lamesa will this week go after the itinerant merchants, teeth and toenails, who come into Lamesa in the fall of the year when business is good to get the pickings and keep as much trade as possible from the merchants who stay on all the time and keep the churches, schools and other needed institutions functioning. Just before tax-paying and tax-collecting time, these birds pack up their little belongings and hit the road. Law has been in correspondence with some of the best lawyers in Texas, who believe that the legislature can pass a law that will catch these fellows on tax payments sufficient to pay their part or keep them out of town. In the meantime, a campaign of education to the people will probably stop some of it.—Terry County Herald.

CRIME IN AMERICA

It is stated that Col. Lindbergh will seek to organize the citizens of America for a determined fight against the crime wave. Lindbergh has paid a heavy toll to the underworld element, contributing not only his son, but money which is said to amount to probably \$200,000. No one is in better condition to feel the need at this time of a determined fight against the organized forces of evil than Col. Lindbergh. Counterbalancing all of the good there is in America, this country has more crime than any nation of the earth. Criminals are safer in America than any nation on the face of the globe. There is less chance of being caught, and less chance for conviction, if caught, in America than in any nation in the world. It is a tragedy to think that in a great country like ours that organized crime is so strong that it can defy every law of man and escape punishment. To suppress this crime wave, it will take the organized powers of the forces of righteousness—the assistance of every law abiding citizen.

EIGHT YEARS AGO IN LITTLEFIELD

(Excerpts from Littlefield Leader)

Rev. S. W. Smith of Plainview occupied the pulpit of the Baptist church in Littlefield last Sunday morning and evening, delivering two interesting sermons.

At the close of the night service he announced his acceptance of the pastorate of this church, stating he would preach at Littlefield every third Sunday, morning and evening.

A Chamber of Commerce was organized at Olton last night. The officers elected were: W. H. Bohner, president; Holland Phillips, vice-president; Len Irvin, second vice-president; Arthur Cavett, treasurer. The directors are H. P. Webb, J. E. Fuller, Dr. Holt, J. E. Bly, and F. W. Kersh.

A deal was closed last Saturday whereby the White Market building property was transferred to Messrs. H. L. Cope and A. S. Harper. The sale also included the butcher equipment.

At a meeting of the directors of the Littlefield Chamber of Commerce held last week, it was the unanimous decision that Littlefield should become an incorporated municipality. It was pointed out that the town was now of sufficient population and the demands of city protection and improvements, which could not be se-

cured otherwise, were sufficient for such a forward step. Accordingly, Attorney E. S. Rowe was appointed to investigate the necessary steps required for securing such a charter and calling such a vote. The proposed corporate limits of the town will embrace nine labors of land, that is, three in each direction.

Mr. and Mrs. D. F. Beisel, Misses Martha and Louise, Ed and Bill, left last week in their auto for Shattuck and Okeene, Oklahoma, for a couple weeks' visit.

The August Timian and W. H. Bell families enjoyed Easter dinner in the home of C. R. Heard, southeast of town. Mr. Heard is one of the new settlers of this section, coming here last fall. The visitors report an excellent dinner, and a delightful visit.

Girl's Strength Seemed To Give Out; Back Ached

"My mother gave me Cardui because my health was poor," writes Mrs. Lizzie Newsome, of Augusta, Ga. "I was a pale and sickly girl, suffering with backache. My strength seemed to give out. Mother had taken Cardui herself and had been so greatly benefited by it that she thought of it as the very medicine for me. It brought me right out, and after I had taken it awhile I felt fine." **CARDUI** is a purely vegetable medicine, suitable for women of all ages; strengthening, harmless. Sold at drug stores. 75-11

borrowing from the \$2,000,000,000 Reconstruction Finance Corporation in lump sums of as much as \$10,000,000 or more, thousands of Texas farmers are not taking advantage of the opportunity to borrow funds.

Texas business leaders agree that the placing in circulation of \$10,000,000 for farm supplies would be a genuine stimulant to business, but records of the regional agricultural loan office in Dallas of the Reconstruction Finance Corporation indicate that less than \$5,000,000 of the \$10,000,000 available for Texas farmers will be used.

As April 30 is the "dead-line" for farmers filing applications for Uncle Sam's Reconstruction Finance Corporation money, it is expected there will be a last minute rush in filing applications with County Loan committees. While many farmers who have adopted balanced farming methods do not require credit, there are thousands of other farmers who do need credit but because of misinformation or lack of information have not applied for loans, field representatives of the Dallas office report.

"These loans are in no sense charity," said Fred Florence, president of the Republic National Bank, Dallas, "because this money has to be repaid."

"Just because a farmer has a little collateral is no reason he can obtain needed credit from ordinary sources this year. Any deserving farmer who really needs money and is morally entitled to it should take advantage of this opportunity of obtaining a government loan because of the scarcity of commercial credit for financing the present crop."

Farmers of the Littlefield section may make applications for loans from the Reconstruction Finance Corporation at the First National Bank of this city.

W. H. Badger Fast Recovering From Major Operation

The many friends of Mr. W. H. Badger will be glad to learn that he is fast recovering from his serious illness and operation undergone several weeks ago at the Lubbock sanitarium.

Mr. Badger, accompanied by Mrs. Badger, left the hospital about a month ago, for Wichita Falls, where he has been recuperating, and visiting his daughter, Mrs. E. B. Bailey, and Dr. Bailey. Mrs. Badger stayed at the hospital during his illness to be near her husband.

Wednesday of last week Mr. and Mrs. Badger returned to their home in Austin, Texas. According to reports, it will be necessary for Mr. Badger to rest two or three months before returning to his duties at the Yellow House Land Company.

Fire Marshall Gives Plan to Reduce Number of Feed Fires

Considerable feed has been lost by fire recently in this section.

J. R. Knowles of five miles northeast of Littlefield lost between ten and twelve thousand bundles of he-gari Friday last between twelve and one p. m. The Littlefield Fire Brigade was called, and succeeded in saving a portion of the largest stack by cutting it away from the part that was burning.

George Staggers of two miles southeast of town also lost all the feed he had, when it burned Sunday afternoon about 2:20.

Friday about noon about a ton of feed north of the ice plant in Littlefield was burned when it caught fire from a burning pile of pummies. According to reports it belonged to the Doggett Grain company.

According to Fire Marshall Fred Hoover, most of the feed that has been burned has been weighted down with wire, or has been near a wire fence, and Mr. Hoover believes that this with the great amount of static which is in the air at the present time acts as a conductor, and causes fire. He suggests that farmers stacking feed ground the wire, and in his opinion this will eliminate the danger. Mr. Hoover says that never in his experience has he noticed such an amount of static in the air as is evident this year.

(Continued from Page One)

ARTHUR P. DUGGAN

\$34.42 or \$240,859.65 more than received for their schools.

What Some Other Districts Received.

Let us compare that with some other Senatorial districts. The Sixth district of being as much as they receive is composed of the counties of Deason, Freestone, Henderson, Hefner and Navarro. That district has 199,377 population, 54,580 scholastics and the average value of their lands for taxes was \$13.46 per acre. Local school taxes assessed was only \$1,248.07, and they received from the State for their schools \$922,412. The per cent of local school taxes to State Aid is 64 per cent. They drew into the State in Taxes the sum of \$716,942.92, which lacked \$205,000 for their schools.

Now let us look at the figures for other Senatorial districts, the Tenth, comprising the rich black land counties of Collin, Hunt, Rockwall and Tarrant. There were 109,968 people in this district, and 31,796 scholastics. Local school taxes assessed was only \$359,638.37 while they took from the State treasury, for their schools \$565,542.74, the percentage being 66 per cent. These counties drew into the State Treasury in taxes \$69,227.74, which was \$95,215.00 more than they needed for their schools. The counties mentioned are not over in the piny part of the Black Land Section.

In brief, the twenty-four counties, comprising the Thirtieth Senatorial district, with 65,592 scholastics, tax themselves for local school purposes the sum of \$1,697,086.09, while the nine counties, old established counties, too, with a combined scholastic population of 86,376 (20-24 more than in the Thirtieth district) were willing to assess local school taxes amounting to \$960,83.44.

Notwithstanding the above the said nine counties drew from the State treasury for the year, for their schools, nearly Half a Million Dollars, \$21,892.09 to be exact, more than the twenty-four counties out in West Texas.

ANYTHING EQUAL AND UNIFORM AND FAIR ABOUT THAT? IS WEST TEXAS GETTING A SQUARE DEAL?

The above figures are not bad at all as compared with some real Eastern counties, Nacogdoches for instance, and a number of others.

facts compiled by the Tax Survey Committee in 1926 showed that there are ninety-nine counties in Texas drawing approximately THREE MILLION DOLLARS ANNUALLY FOR THEIR SCHOOLS MORE THAN THEY PAY INTO THE STATE TREASURY IN TAXES.

There would be about three million dollars better off every year if the thirty-nine counties belonged to Oklahoma or some other state.

WHY IS THE EQUALITY OF UNIFORMITY IN OUR DISTRICTS?

Comparison By Counties

Nothing can go on and on. County comparisons are interesting as they can be. There is a comparison of Polk and Lamb counties, with areas of 1022 square miles respectively, and average valuations of \$8.05 and \$8.05 per acre. The respective facts are as follows:

Polk county paid in \$10,063.77 more than it received, while Polk county drew out for schools alone \$17,906.90 more than it paid in. ARE THE CHILDREN IN POLK COUNTY WORTH MORE TO TEXAS THAN THE CHILDREN IN LAMB? Take Howard and Brazos counties. Respectively the facts are as follows: Population 22,888 and 21,835; scholastics 5287 and 6413; local school taxes \$83,993.80 and \$76,845.26; total State aid \$62,257.82 and \$99,372.78; per cent of local tax to State aid 134 per cent and 77 per cent; paid into State Treasury \$121,456.52 and \$81,900.37. Howard county paid into the State Treasury \$58,198.70 more than it received, while Brazos drew out \$17,472.41 more than it paid in.

county paid in \$10,063.77 more than it received, while Polk county drew out for schools alone \$17,906.90 more than it paid in.

ARE THE CHILDREN IN POLK COUNTY WORTH MORE TO TEXAS THAN THE CHILDREN IN LAMB?

Take Howard and Brazos counties. Respectively the facts are as follows:

Population 22,888 and 21,835; scholastics 5287 and 6413; local school taxes \$83,993.80 and \$76,845.26; total State aid \$62,257.82 and \$99,372.78; per cent of local tax to State aid 134 per cent and 77 per cent; paid into State Treasury \$121,456.52 and \$81,900.37. Howard county paid into the State Treasury \$58,198.70 more than it received, while Brazos drew out \$17,472.41 more than it paid in.

Here is one other comparison, Lubbock and Kaufman, with areas of 868 and 834 square miles respectively. Population 39,104 and 40,905; scholastics 10,628 and 11,394; local school taxes \$233,758.06 and \$121,387.99; per cent 125 per cent and 80 per cent; received for schools \$169,006.28 and \$192,838.51. Lubbock paid into the State Treasury \$17,945.06 more than it received, while Kaufman drew out \$41,626.83 more than it paid in.

The further one goes the worse it gets. Hale county, with 20,189 population and 5,971 children, paid into the State Treasury \$25,115.57 more than it received, while Leon county with 19,898 population and 5,720 children drew out \$38,275.06 more than it paid in. The areas of these two counties is 1036 and 1101 square miles respectively, and the per cent of local tax to State Aid is 170 per cent and 43 per cent respectively.

Hockley county with 3120 children was willing to pay local taxes of \$119,663.18, while Camp county, with 3,176 children, did not assess any local taxes according to the report examined, yet it drew out of the treasury \$33,430.01 more for its schools than it paid in.

The thirteen counties above mentioned, in Central and Eastern Texas, together, drew from the State Treasury for the year, the sum of \$407,680.58 for their schools more than they paid in for all purposes.

Who is paying that half million dollars withdrawal annually for those thirteen old counties? The twenty-four counties in the 30th Senatorial District are paying half of it, as the above figures will show.

HOW LONG ARE WE GOING TO STAND FOR IT?

But that isn't nearly all. Two million dollars annually could be saved by the State of Texas for the available school funds by changing the method of distribution, but leaving the per capita apportionment as it is—\$17.50.

The April issue of "West Texas Today" shows the following facts:

Excess enumeration over enrollment; 130 counties in West Texas, 6,020; 70 counties in East Texas 43,012 and 53 counties in South Texas 73,264. The number of enumerated students in West Texas who do not attend is less than one and a half per cent of the total enrollment while in South Texas the number is 28 per cent of the actual enrollment and in East Texas seven per cent. South Texas students actually enrolled and going to school received an average of \$5.20 more per capita

from the State than students actually attending school in West Texas. East Texas students received \$1.14 more than West Texas on the average and \$4.06 less than South Texas students.

Had the same amount of funds, \$24,987,515.00, been apportioned on the basis of enrollment, and the State spent the entire amount, it could have

paid \$19.14 per capita, and West Texas would have gotten \$632,768 more than by the present method of distribution.

IT APPEARS FROM THE ABOVE THAT WEST TEXAS IS GETTING THE SMALL END OF THIS DEAL ALL THE WAY THROUGH.

Like the brook this will go on forever until the people of this section get up on their hind legs and demand their rights; demand proper redistricting of the State in Representative and Senatorial and Congressional districts, so that this section may have the representation to which the law entitles it. IT SHOULD DEMAND THE PASSAGE OF A LAW MAKING STATE AID TO A COUNTY IN PROPORTION TO THE LOCAL SCHOOL TAX THE COUNTY IS WILLING TO ASSESS; AND IT SHOULD ELECT MEN TO OFFICE WHO KNOW THE NEEDS OF WEST TEXAS AND WILL FIGHT FOR THEM.

MISS V. O. WHITE IS AWARDED HOME 4-H PANTRY PRIZE

1611 CONTAINERS OF FOOD IN PRIZE PANTRY

Judging of the 4-H pantries prepared by home demonstration club women of Lamb county was completed Monday, April 18, by Mrs. D. L. Jones, of the experiment station, Lubbock.

Miss V. O. White, of Sod House, was awarded first prize; Mrs. L. V. Fent, Sand Hill club, second place; and Mrs. C. V. Hanson, Amherst club.

Miss White will receive the pantry shelves as first prize awarded by the Cameron Lumber company of Littlefield, through the efforts of John Porcher, manager of the concern.

Miss White's Work.
"When I undertook the task of a 4-H pantry demonstration for my club I did so doubting that I would ever finish the job," Miss White stated in discussing her work. "I did not have a sealer and my cooker was only 10 quart.

"The low price of farm produce and farm products caused me quite a bit of worry because I knew that I needed more containers and some storage space.

"We had started a concrete cellar three years ago so I persuaded my brothers and neighbors to finish it for me. We used the lumber from the concrete molds for the shelves. I received \$2.40 prize money for a jar of pickled onions that I sent to the Tri-State Fair at Amarillo, Texas. I used this money to buy lime and paint to finish the inside of the cellar. The shelves were painted light green and the walls and ceiling were whitewashed.

"My brother gave me an automatic sealer and I made arrangements with a neighbor to can on the halves for him in order to get 150 containers

that I needed. This neighbor also gave me corn to can and let me use his 25 quart cooker all the summer and fall.

"My pantry was planned for a family of five adults for eight months. I canned it over a period of eight months because the garden season on the Plains is very short and I do not have a hot bed.

"I planned my garden so that I would have all of the vegetables required in my pantry. By doing this I had 40 varieties of vegetables in my garden besides peas, beans, and several varieties of pumpkins in the field. From this supply I canned 300 quarts of leafy vegetables consisting of 7 varieties: turnip greens, mustard, spinach, cabbage, rape, English peas, and snap beans.

"The only starchy vegetables that I canned was corn. I canned this on the halves to get my supply of 146 No. 2 cans. I raised enough Irish potatoes to last all of the summer and fall. I planted enough carrots and parsnips to last through the winter months so I could have these fresh from the garden any time.

"For the other vegetables I canned 246 No. 3 cans of okra, carrots, shelled beans, and peas, squash, pumpkin, beets and sweet potatoes.

"I canned fruit on the halves for my brothers to get my supply of fruit. I have 130 quarts of peaches, apples, pears, green grapes, and rhubarb. I also canned 9 quarts of apple pealings, 2 gallons of fruit juice, and 3 gallons of apple vinegar.

"I have 114 No. 3 cans of tomatoes, 52 No. 3 cans of soup mixture, and 4 quarts of catsup. My tomatoes did not do so well so my neighbors gave me enough to finish the required amount.

"We had 28 No. 3 cans of beef left over from last February. We canned 99 cans of beef in November, 11 cans of chicken, 7 cans of pork roast, and 5 cans of pork liver hash. In all we have 150 cans of meat put up in 28 different ways ready to serve.

"I have 155½ quarts of pickles and relishes. I have 5 varieties of jelly, 8 of preserves, and 2 of fruit butters. I have cantaloupes and watermelon preserves, cubes, and crystallized products, 78 quarts in all.

"I brined 15 quarts of cabbage and turnips.

"I bought enough sea foods to have one serving each week during the 8 months. I also bought 20 pounds of dried fruits since I could get it cheaper that way than to buy the fruit and dry it myself.

"My emergency shelf contains; Boston baked beans, Mexican chili beans, hominy, baked potatoes, candied sweet potatoes, turnip greens, turnips, snapped pinto beans, black-eyed peas, crowder peas, rape, soup mixture, and collards seasoned ready to serve, sandwich spread, baked apples, cream pie filling, pie crust mixture, fruit cake, and pecans are also ready to use. I always keep bread crumbs in pint jars to use on my meats so I have a supply of it on my shelves.

"We have 623 pounds of dried peas and beans that we raised. We also have 550 pounds of pork cured for winter use.

"My shelves contain 1611 containers of food of 152 varieties. There are 552 quarts of food ready to serve. The value of my pantry is \$521.73.

"My shelves would not have been complete had it not been for the cooperation of my family and the unceasing interest and hard work of my neighbors."

Mrs. E. G. Courtney, who suffered a broken ankle last week, is slowly recovering.

C. W. Smith of the Marzelle shop spent Monday and Tuesday in Amarillo on business.

Mrs. Douglas McGehee of Lubbock is visiting her parents, Mr. and Mrs. G. S. Glenn, and her sister, Mrs. Leonard Wright.

Mr. and Mrs. Ed. Seely are spending a few days in Amarillo this week.

Mrs. Henry Ritter of near Littlefield returned recently from Anaheim, California, where she was called on account of the sickness of her daughter.

Littlefield boys who deserve to be commended on their splendid showing at the District Meet, which took place at Tech College, Lubbock, Friday and Saturday, April 15 and 16, are Carson Glass, Glenn Woody and Elwin Carter.

Carson Glass won first place in extemporaneous speaking. This is the third consecutive year that Carson has won at the District meet. In 1930 he went to Austin, but was eliminated in the finals. In 1931 he won fifth place in the semi-finals. He will go to Austin to the State Interscholastic League meet May 6 and 7 and compete for State honors.

Glenn Woody won first place in athletics; and Elwin Carter won third place in the 440-yard dash, and will also compete for honors at the State meet next month.

Dr. Ira E. Woods Moves To Sadler's Drug Store

Dr. Ira E. Woods, optometrist and watchmaker, who established his business in Littlefield last September, is now located at Sadler's Drug Store.

Dr. Woods has been doing watch repairing for seventeen years and has been a registered optometrist for twelve years. He took the state board when the optometry law of Texas was passed in 1920.

The doctor has been connected with the jewelry, watchmaking and optometry work virtually all of his life. His father, Dr. J. L. Woods, of Graham, has been engaged in those activities for thirty-five years. Dr. Ira Woods has either worked for his father or been engaged in business for himself ever since a youth.

CHURCHES

METHODIST CHURCH

We are still on the job for Christ and his kingdom. How about you? Brother, when do you expect to come to church? When friends carry you in on your route to the city of the dead? May I say that every one in Littlefield and vicinity who are not regularly in the public worship, is missing a great blessing. Every church in Littlefield is wide open for you to number yourself among its worshippers. Some folks are worrying about being poorly clad and poorly fed, but oh, how naked and starved you are in a spiritual sense. Many things perish with the passing but not so the personal faith and the fellowship with God. Non-Church Attender, will you not come amidst your friends and seek the joys of Christian fellowship. I have a special message for you next Sunday morning. I shall pray daily that God will bless you in the hearing of this message: "Am I the Best Christian I Know. How to Be?" Come to the night services and join in our song service and hear a message on "Drifting." Remember the hours, Sunday school at 9:45. Morning worship at 11:00, and the Leagues at 7:15 and night services at 8:00. I will meet my regular appointment at Felton Sunday afternoon.

FIRST BAPTIST CHURCH

Sunday, May 1. 9:45—Sunday school. Happy says 9:45 means exactly 15 minutes before ten and with that in mind he rings for the opening programs to start. Regardless of the sand there were 30 new pupils added to the school last Sunday. Come. We have a place for you. 11:00—Special service with the Odd Fellows and Rebeccas as our guests. A special program will be arranged and carried out for this service. 7:15—B. T. S. The Seniors put on one of the best Mission programs that it has been our privilege to attend for some time last Sunday evening. Miss Hilry Luke and Miss Edna Byers were in charge. 8:15—Evening worship. You are invited. Joe Grizzle, Pastor.

FIRST PRESBYTERIAN CHURCH

Sunday, May 1. There will be no services Sunday, but Sunday school as usual, at 9:45.

METHODIST MISSIONARY SOCIETY MEETS AT CHURCH

The Methodist Missionary Society met at the church Monday afternoon in regular session. The president, Mrs. W. W. Gillette, presided. An interesting lesson from the book, "Studies in Prophecy," was led by Mrs. W. H. Gardner. She was assisted by Mrs. Van Clark and Mrs. W. P. Kirk. The following members were present for the meeting: Mesdames Eagan, Elms, Spires, Lee, Coley, Wales, Kirk, Thaxton, Gardner, Hood, Gillette, Price, Clark, Vaughn, Boyd, Cogdill, Beard, Hemphill, Keithley, Green.

JELLIES DOWN TOUGHS IN FOOTBALL GAME FRIDAY; TO MEET FOR SECOND BOUT TOMORROW AFTERNOON AT PARK

SPADE

Our basket ball boys and girls have started spring training. Our squad will be somewhat changed next year, but Coach Read states that we have good prospects for as good if not better team than we had this year. The basket ball squad took some pictures Monday.

The seventh graders and seniors are talking graduation exercises now, and we hope they will make their exercises good ones.

Don't forget the sophomore's play Saturday night, April 30. It is entitled "The Paths Across the Will". The characters are: Samuel Crawford, "Grandpa", Fuston Stevens; Robert Post, the visitor, Basil Edwards; Walter Conrad, Ruth's brother, O. D. Yeager; Dr. Jammie Reed, with ambition, Henry Hiebert; Salamander Alexander John, Henry Jones; Zuzu's Choice, David McGavock; Mrs. Davis, "Grandma," Miss Panky; Ruth Conrad, nicknamed "Bobbie," Avis Ashburn; Flo Gray, Ruth's cousin, Charlene Risinger; Lottie, a neighbor, Wilma Lee Coffey; Zuzu, the cook, Sue Hiebert.

The admission has been changed from 10c and 15c to 5c and 10c. Everyone come.

The fourth grade gave a very nice chapel program Monday.

Treva Swinney was ill Monday and we missed her very much.

Eva Mae Wright is out of school with the measles.

Ernest Dennis is reported ill.

Willma Lee Coffey entertained a group of her friends with a birthday party Friday night. They all reported a muddy trip home after the party.

The Wayland college band rendered two good programs at Spade Sunday.

The Intermediate B. Y. P. U. enjoyed a social at the Joyner home Friday night. The report was plenty of ice cream and cake and rain for refreshments.

For Office Supplies and Equipment call the Lamb County Leader. Phone 27.

Littlefield football fans saw the high school candidates in their first real battle in spring training Friday afternoon when the Jellies downed the Toughs by a score of 12 to 0.

The Toughs and Jellies are two teams made up from the spring training squad.

T. L. Kimmell is captain of the Jellies and Royce Beebe pilots the Tough crew.

The two teams will meet again in the local park for a game Friday afternoon at 2:30.

WHOLESALE ICE CREAM AGENCY OPENED HERE

A wholesale ice cream agency has been opened in the Friendly grocery and market representing the Mid-West Dairies of El Paso.

Otto Jones, of the Friendly grocery, and who will have charge of the new department, stated that a sufficient supply of ice cream would be carried in stock to supply retail dealers in Littlefield and adjoining cities.

Mr. Jones also stated that all retailers in Littlefield were giving their patronage, as well as many in adjoining cities and towns.

LIVELY HOME ECONOMICS MEET FRIDAY

The "Lively Home Economics Club" met Friday in Room 9. In the absence of the president and vice-president, the chairman of the Program committee took charge of the meeting. The following program was rendered:

Reading—Jewel Byrd.

A Talk on Interior Decoration, by Mrs. W. H. Gardner, president, of the Woman's Study club.

Duet by Louise and Leona Spann. After the program the club sang its club songs and gave club yells. Then the members joined in a spelling match, using home economics words to spell.

Members of the Spanish club were guests of the Lively Home Economics club on this occasion.

Funeral Services Conducted Here for Mrs. M. J. Carnahan

Funeral services were conducted Tuesday at 3 p. m. at the First Methodist church, Littlefield, for Mrs. M. J. Carnahan, aged 55, who died Monday, April 25, at her home nine miles northeast of Littlefield, following a short illness.

Rev. Joe F. Boyd, pastor, officiated, and interment was made immediately in the Littlefield cemetery, with Hammons Undertaking in charge of burial arrangements.

Deceased was born in Hood county, Texas. She with her family moved to the South Plains about five years ago.

She is survived by her husband, six children, three sons and three daughters, all of whom were present at the funeral; two sisters; one brother; and seven grandchildren. She also leaves a host of friends to mourn her loss.

Deceased was a member of the Methodist church since thirteen years of age, and lived a good Christian life.

"BEAUTY AND THE BOSS" WILL BE SHOWN AT PALACE TONIGHT

"Beauty and the Boss," the Warner Bros. picture which comes to the Palace theater tonight, is a radiant romance, spicy and snappy, with pretty girls and gay comedy, with a cast headed by charming Marian Marsh, debonair Warren William and laugh-provoking Charles Butterworth. Joseph Jackson adapted it from the Broadway hit by Paul Frank and Ladislav Fodor and Roy Del Ruth directed.

The story could not be better suited to Miss Marsh's winsome manner and captivating personality, that of a little secretarial drudge who throws away her paper cuffs for décolleté, forgets her note pads for night clubs

and, in short, gets her man—who is none other than a Baron, and her boss as well.

Gay scenes of Paris night life add to the zest of the picture. Peeps into milady's houndoir add to the general sauciness, while the scenes are handled with a masterly finesse.

The story, beautifully environed, is set in Paris and Vienna.

These theme is a modern day version of the Cinderella romance, the story of a poverty-stricken girl, outwardly of the bashful type but with courage written big in her heart, who wins her way to a job as the Baron's secretary, and who finally, with the aid of nice clothes, transforms herself to such an extent that she steals the Baron from his other loves.

N. H. Payne Named District Manager Texas Co-Operative

LUBBOCK, Texas, April 27.—N. H. Payne of Lubbock, for the past eleven years field representative of the Texas Farm Bureau Cotton Association and the Texas Cotton Co-Operative association, has been named district manager for the Texas Co-Operative association, taking the place left vacant since the resignation of Chas. A. Davis, Jan. 15.

Formerly of Erath and Comanche counties, Payne served the Texas Farm Bureau Cotton association from its organization in 1921 until it was succeeded by the Texas Cotton Co-Operative association two years ago. He has lived in Lubbock since 1926.

Fourteen branch offices and four sub offices in Northwest Texas, scattered over a territory nearly three hundred miles square known as District No. 2, will be under the supervision of the new manager. The branch offices are located in the following towns: Lubbock, Levelland, Brownfield, Littlefield, Childress, Paducah, Plainview, O'Donnell, Lamesa, Tahoka, Memphis, Chillicothe, Vernon, Wellington. The sub-offices are at Anton, Turkey, Amherst and Ralls.

LITTLEFIELD FIRE DEPARTMENT IS GIVING SERIES OF DANCES TO RAISE FUNDS; FIRST DANCE WAS HELD TUESDAY NIGHT

The first of a series of four dances which will be given at the American Legion home by the Littlefield Fire department, was held Tuesday night.

The remaining three dances will be given Tuesday night, May 10; Tuesday night, May 24, and Tuesday night, June 7.

The American Legion has very kindly given the firemen the use of their hall free of charge for the holding of the series of dances.

The dance Tuesday night was well attended, and was a very enjoyable affair.

The Littlefield Fire Department is a volunteer organization, the members serving without pay. From time to time the department is in need of funds, and in order to avoid the necessity of soliciting money from the citizens of Littlefield, the firemen carry out some special program. The series of four dances is their method of raising money at this time.

Local musicians, desiring to have a part in assisting the fire department, are giving their services free in playing for the dances.

The Littlefield Fire Department is one of Littlefield's most valuable institutions. The men who make up the department save the citizens a large sum annually in taxes, because of giving their services free of

charge. And, in addition, they protect life and property, risking their own lives in order that they may serve their city.

Services of the Littlefield Fire department extend far beyond the city. They frequently make runs far into the country to save the property of the farmers of this section.

Beautiful gifts suitable for bridge prizes, showers, etc., and such a large variety to choose from, at prices that anyone can afford to pay. Chisholm's Studio & Gift Shoppe. 53-1te

Woman's Study Club Elects Delegate To Attend Convention

The Woman's Study club met Wednesday afternoon, April 20. The club voted to stand behind the school board in retaining the following subjects in the school: Home Economics, Agriculture, Athletics, Art and Music. It is the desire of the club that our school reach the highest degree of efficiency possible. Mrs. R. E. McCaskill was elected delegate to attend the District convention of the Federated Women's clubs at Canadian April 26, 27 and 28, but being unable to attend, Mrs. W. H. Gardner took her place as a delegate from the local club. Mrs. A. P. Duggan, chairman of the Rules and Regulations department, and Mrs. F. G. Sudler, chairman of American home, also represented the local club at the convention. Two books by Richard Haliburton were reviewed. Mrs. Joe Boyd reported on Royal Road to Romance, and Mrs. S. T. Hodges on Glorious Adventure. Mrs. C. E. Cooper added interesting remarks on the lesson, since she has known the author personally. Those present were Mesdames John H. Arnett, R. T. Badger, Pat Boone, Joe Boyd, C. E. Cooper, A. P. Duggan, R. A. Davis, T. B. Duke, R. E. McCaskill, W. H. Gardner, L. C. Grissom, C. L. Harless, B. M. Harrison, J. C. Hilbun, S. T. Hodges, T. Miss Stella Bob Turner entertained the Ace Hi Bridge club with a steak fry Monday evening. Members and guests of the club met at the home of Mr. and Mrs. Bob Miller. They later drove to Bull Dam, where steak and potatoes were fried over a camp fire. They later went to the home of Mr. and Mrs. Ronnie Blair, where bridge was played. Those present were Mr. and Mrs. Payne Wood, Mr. and Mrs. Ronnie Blair, Mr. and Mrs. Duwaine Kennedy, Misses Lydia Crockett, Gladys Jones, Messrs. Earl Hopping, Travis Jones, Kenneth Houk and the hostess.

Miss Mildred Jordan and Joe Walters Are Wed in Clovis, N. M.

Miss Mildred Jordan became the bride of Joe Walters Tuesday evening, April 19, at Clovis, N. M. Rev. Nix, pastor of the First Baptist church of that city, officiated. Miss Jeffie Pickens and Manuel Yohner accompanied the couple to Clovis, and witnessed the wedding vows. The bride is the popular young daughter of Dr. and Mrs. D. T. Jordan of Morton, and has spent considerable time in Littlefield, where she has a host of friends. The groom, the son of Mr. and Mrs. Oscar Walters, is one of the prominent young business men of Littlefield. He graduated from the State Teachers College, Silver City, N. M., in 1930, and completed a business college course at Draughon's College about two months ago. He is now associated with his father in the Walters drug store. The happy couple returned the same night to Littlefield and are at home at 106 W. 5th street.

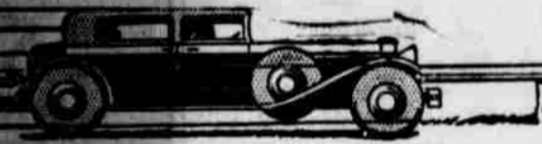

Mrs. M. V. Etter Hostess Bridge Club Saturday

Mrs. M. V. Etter very graciously entertained the members of the 1930 Bridge club and other guests at her home, 414 East 8th Street, Saturday afternoon. CLUB MEETS**
The Friendship club met Thursday,
April 21st at the church, with Miss
Ruby Mashburn. Members present
were: Four Sunshine, one Bluebonnet
and fourteen Friendship, besides five
visitors, and one new member. We
were very glad to have such a nice
attendance, and invite them all to
meet with us again. Miss Ruby was
the leader of the lesson, which was
on "Selecting Appropriate Colors and
Designs in Clothes." She gave a very
interesting illustration by showing
the colors, best suited to the six dif-
ferent types of people. It was a very
good lesson, which was enjoyed by
all.

There was a plan suggested to the
club to start a Community Library,
which will be finished at our next
meeting.

ENOCHS' BREEZES

By Omas Campbell, Correspondent.

Mr. and Mrs. Jess Williams are the proud parents of a baby boy, born last week.

Mr. McClung of Fredrick, Okla., is transacting business in Enochs this week. He has several farms near Enochs and Littlefield.

The farmers have their land pretty well put up, and are waiting for a rain before planting.

Roy Helson has returned from Hot Springs, Ark., where he visited a week.

Miss Kathleen Helson of Walnut Ridge, Ark., is visiting at the home of her brother, Roy Helson, and will probably spend the summer here.

Mrs. J. D. Blalock has been quite ill the past week, but is improved at this time.

Miss Cecil Patterson, who is attending Littlefield High school, spent the week-end at home here.

Mr. Glenn Roper of Littlefield spent the week-end here with his family.

The revival meeting being conducted by Missionary Kirk is progressing nicely.

The sandstorm knocked us out of two good baseball games. Well, we guess Littlefield is glad, for these boys have blood in their eyes, and are seeking revenge.

Joe Kirkpatrick left Monday morning for Dallas for examination for more disability money. He is a World War veteran.

Albert Rosson happened to a painful accident Saturday night. While riding on a trailer he caught his heel between the car and trailer in some way and as a result will be on crutches for some time.

LUM'S CHAPEL

By Inez Nance, Correspondent.

The revival meeting closed Friday night.

Misses Ida Marshall, Valarie Humphries, Mary Kate Lightsey and Mrs. Melvin Theford spent Monday with Mrs. Tim Theford.

There will be an all-day singing at Anton next Sunday.

Miss Jude Noble spent Wednesday afternoon with Mrs. Carey.

Misses Inez Nance and Iris New spent Sunday with Mrs. Emzy Hobbs.

Miss Ida Marshall spent the last week with Valarie Humphries.

**THE STATE OF TEXAS
TO THE SHERIFF OR ANY CON-
STABLE OF LAMB COUNTY,
GREETING:**
You are hereby commanded to
summon W. L. Rotan by making pub-
lication of this citation once in each
week for four consecutive weeks pre-
vious to the return day hereof, in
some newspaper published in your
county, if there be a newspaper pub-
lished therein, but if not, then in the
nearest county where a newspaper is
published, to appear at a regular
term of the Justice Court of Precinct
No. 4, of Lamb county, Texas, to be
held at the office of the Justice of
the Peace thereof, at the city hall in
the city of Littlefield, in said county
and State, on the fourth Monday in
May, A. D. 1932, the same being the
23rd day of May, A. D. 1932,
then and there to answer a suit filed
in said court on the 8th day of March,
A. D. 1932, in which suit, numbered
on the docket of said court No. 705,
wherein the First National Bank of
Littlefield, Texas, is plaintiff, and L.
K. Rotan and W. L. Rotan are de-
fendants, in which suit it is alleged
by plaintiff as follows:
"That on the 23rd day of Decem-
ber, 1930, the defendants L. K. Ro-

and delivered to plaintiff their cer-
tain promissory note for the principal
sum of \$50.00, dated the said 23rd
day of December, 1930, due and pay-
able to the order of plaintiff at Lit-
tlefield, Texas, on November 1st,
1931, bearing interest thereon from
date thereof at the rate of ten per
cent per annum, and further provid-
ing for payment of ten per cent of
the principal and interest due there-
on, in addition thereto, as attorney's
fees if placed in the hands of an at-
torney for collection, whereby de-
fendants and each of them promised
and agreed to pay said note accord-
ing to the tenor, effect and reading
thereof. That said note is past due
and unpaid and defendants though
often requested have hitherto failed
and refused and continue to fail and
refuse to pay the same or any part
thereof, to plaintiff's damage. That
plaintiff has placed said note in the
hands of T. Wade Potter, an attor-
ney, for collection, and has promised
and agreed to pay him the ten per
cent attorney's fees stipulated there-
in, which is the usual and customary
fee. Plaintiff prays for judgment
against defendants, jointly and sever-
ally, for its debt, \$50.00, interest
and attorney's fees thereon, for all
costs of suit, and for such other and
further relief, special and general, in
law and in equity, to which plaintiff
may be found entitled."

Herein fail not, but have you be-
fore said court on said first day of
the next term thereof, this writ, with
your return thereon, showing how
you have executed the same.

Miss Lucille E. Scheuer and W. A. Reitman Wed Here

Miss Lucille E. Scheuer and William A. Reitman were joined in the holy bonds of matrimony by Rev. Father Charles Dvorak at Sacred Heart church, Littlefield, Monday, April 18, at 8:00 a. m.

Miss Genevieve Scheuer acted as bridesmaid and Edward Reitman as best man.

A large number of friends and relatives were present to witness the marriage ceremony. After the ceremony the guests, accompanied by Father Dvorak, proceeded to the home of the bride's parents southwest of town, where a bounteous wedding dinner was served.

Among those attending the wedding were Mrs. Bernard Reitman and Edward Reitman of Hale Center, mother and brother of the groom; Mr. and Mrs. Brooks Brininstool and Mrs. Max Kopp and children of Carlsbad, N. M.; Mr. and Mrs. Joe Reitman and family, south of Littlefield, and Miss Florence Grisham, also of Littlefield.

The bride is the charming daughter of Mr. and Mrs. J. M. Scheuer, was a student of Littlefield High school for some time, and is well and favorably known in this section.

The groom is the son of Mr. and Mrs. Bernard Reitman; is a progressive wheat farmer of Hale Center; is a young man of good habits, and held in the highest esteem by all who know him.

Mr. and Mrs. W. A. Reitman left Monday for Hale Center, Plainview and Amarillo on a honeymoon. On their return they will live in Littlefield.

Chevrolet Dealers Sell Many Used Cars

Chevrolet dealers sold 17,452 new and 26,573 used cars during the first ten days of April, H. J. Klingler, vice-president and general sales manager, announced.

The performance was the best for any ten-day period this year and exceeded sales during the first full ten-day period following the announcement of the present line of cars on December 5, Mr. Klingler said.

He reported that the April sales mark was 4,000 new cars higher than for the previous ten days, and 88.7 per cent above the corresponding period for March.

Improvement was general throughout the country, many zones more than doubling their sales performance over the first ten days of March, and a number of dealers reported selling more cars in the first ten days of April than during the entire month of March, Mr. Klingler said.

In the month just ended, Chevrolet dealers conducted a campaign which resulted in the sale of 85,298 cars to retail buyers.

Roy Gilbert was transacting business in Littlefield Saturday.

Mrs. Carl Jordan and Mrs. Beaman Phillips attended the beauty show in Lubbock Tuesday.

HOW ONE MAN LOST 22 POUNDS

Mr. Herman Runkis of Detroit writes: "A few lines of thanks from a rheumatism sufferer—my first bottle of Kruschen Salts took all the aches and swellings out of my joints—with my first bottle I went on a diet and lost 22 pounds and now I feel like a new man."

To lose fat SAFELY and quickly, take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast.

For your health's sake ask for and get Kruschen—the cost for a bottle that lasts 4 weeks is but a trifle at any drugstore in the world and if after the first bottle you are not joyfully satisfied with results—money back. All good druggists will be glad

to supply you.

WE THINK—

very pleasant day's outing. That the prizes which will be given are well worth a trip to Littlefield. And we know that Trades Day will offer wonderful opportunities to make substantial savings in the purchase of merchandise of all kinds.

HOW TIMES DO CHANGE—

A number of years ago an automobile would have blocked traffic. Today few people gaze into the sky when an airplane passes over. A few nights ago in Littlefield a team of horses and a buggy which was driven through Phelps avenue caused considerable comment.

HE'S ORIGINAL—

We know very little about J. N. Johnston of Floydada, candidate for representative from the 120th district, but we do wish to make special comment on the fact that he is original.

We have heard various faiths discuss religion on the streets of Littlefield, but Monday was the first time to our knowledge that a candidate for office has discussed his candidacy in an informal speech before a bunch of the boys who just happened to gather around.

Most candidates from out of town just walk up and down the streets and pass out cards.

She dusted thoroughly today, Yet knows to her deep sorrow, However well she dusted today She'll have to dust tomorrow. —Swiped. That was an inspiration for this— Sand storms are a bore, Sand storms we abhor; If it doesn't blow in the window, It'll blow in the door. —Original.

TYPOGRAPHICAL ERROR

As you say, "She may be empty, but I'll tell the world she's clean!" But when the sheet is printed and is out upon the mail. On its way to the subscribers, I have never seen it fail— In the center of the front page, in a most conspicuous place, Some typographical error fairly kicks you in the face. For the typographical error is a slippery thing and sly, You can hunt till you are dizzy, but it somehow will get by; Till the forms are off the presses it is strange how still it keeps, It shrinks down into the corner and it never stirs or peeps. That typographical error is too small for human eyes, Till the ink is on the paper, when it grows to mountain size, And you see that blasted error, far as you could throw a dog, Looming up in all its splendor, like a lighthouse in a fog! That glaring blunder juts out like an ulcerated tooth, Where it dodged the eagle vision of the napping comma sleuth. It is sure too late to mind it, but it fills your soul with rage, As you see it swelling loudly in the middle of the page. The boss stares with horror, then he grabs his hair and groans, The copy reader drops his head upon his hands and moans— The remainder of the issue may be clean as clean can be, But that typographical error is the only thing they see. It was down among the six-point till the copy was all read, When it shifted into blackface or a two-inch banner head— Then when the sheet was printed it jumped up and hollered "Boo!" You never saw me, did you? This is sure a horse on you!"

GOD'S GUIDING HAND

Few things by chance just happen, If they happen thus at all; For the God that rules the Heavens Leads our efforts by His call. While the minds of men are delving in the mysteries of our sphere, The Master-mind of Heaven speaks, And mysteries are clear.

From the time the Eastern Sages, Made their journey from afar, And knelt at Bethlehem's manger, Through the aid of Heaven's star, Not a cloud of doubt has risen, On our much beclouded way, But that God in Heavenly wisdom, Guides our footsteps day by day.

Man may fathom deepest mystery, He may master science, art; He may even trace creation From today back to the start; But, after all his efforts, Searching through the sea and land, He finds in endless limit, The marks of God's great hand.

We speak of man's inventions— Give great honor to his name; We even call him 'wizard' And emblazon him with fame. But, man is puny, helpless, He is just a child of clay, And nothing can accomplish, 'Less God directs his way.

As we study of God's greatness— Know His goodness day by day; As we feel His safe protection, All along our life's pathway, May we have that hope and feeling, That when time shall be no more, The Star that led the wise men, Will guide the Heavens' shore. —W. Edd Brown.

surrounding this city Littlefield could not hope to grow and progress.

The program will open at 10:00 a. m. with a band concert given by the Littlefield band, and there will be a series of concerts throughout the day. But from noon on the chief events will be carried out. The races will be conducted on Phelps avenue. Merchandise and money prizes will be given. Boys and girls, bring your bicycles; there's going to be a bicycle race. Get into the game. See how fast you can ride.

Littlefield is proud of her new band. Hear them, watch them, strut their stuff!

There'll be some special features, one of them a real thriller is expected.

City Marshal W. P. McDaniel, who has had extensive experience in the conducting of Trades Days, has kindly volunteered to assist in the carrying out of the races and other events.

We haven't told you all. Watch for circular giving more details of what is expected to be the greatest Trades Day that has ever been held in Littlefield.

Ride em, cowboy!

R. E. MCCASKILL RESIGNS AS TEXAS UTILITIES MANAGER

Purchases Valley Gin; Will Continue to Live In Littlefield

R. E. McCaskill, who established the Littlefield electric light plant, and who has been manager for Littlefield and several towns since the property was purchased about seven years ago by the Texas Utilities Co., has tendered his resignation to the company, effective this Saturday.

Mr. McCaskill has purchased the Valley gin located twelve miles southwest of Littlefield, and is now in charge of the property. He will be actively connected with the operation of the gin with the opening of the ginning season.

Mr. McCaskill has been actively identified with civic work in Littlefield and in West Texas, and although Mr. McCaskill will not be manager of the electric utility, he will nevertheless continue to be a part of this city in that his business will be located within a short driving distance of the city. Mr. McCaskill also will continue his home in Littlefield.

Edward Wingfield—

the fact that this is the third tragedy in this family within a period of eighteen months. On October 21, 1930, a son, J. L. Wingfield, aged 16, returning in a car from hunting with three other companions, was accidentally shot by a gun which it was believed was fired in the shifting of the gears. Another son, Charles, aged 14, suffered a fatal injury when a runaway team hitched to a wagon knocked the boy from a pony he was riding and ran over him. This tragedy occurred March 24, 1931, a short distance of the first railway crossing on Highway No. 7.

Edward took ill about two months ago; was rushed to the Lubbock hospital where it was found he had a ruptured appendix, and was operated on. For some time he seemed to be doing fine, but about three weeks ago pus accumulated, and a second operation was performed. He seemed to be improving for a time, but the last several days before his death was in a low condition.

Surviving Edward, besides his parents, are three brothers and three sisters. The brothers are: William, Vance and Jackie, all living at home. The sisters are: Mrs. Clara Voucher, Antlers, Okla.; Martha Lee and Margaret, living at home.

City Is Enjoying Low Water Rate

Littlefield has been enjoying a reduced water rate ever since early last summer.

When the present administration took office a summer rate was established and that rate has been continually in effect ever since.

Mayor Sales stated that a number of persons have asked about a summer rate for this year, but the mayor explained that it would be impossible to reduce the water rate at this time in view of the fact that the city was already enjoying a summer rate.

The mayor also said that Littlefield's regular water rate at present is considerably cheaper than many towns' summer rates.

The city commission reports a number of improvements in well machinery, including the purchase of another gas engine. Two of the city's wells are now equipped with gas engines as against electricity which was formerly used.

A water line to the colored school was recently completed.

Trio Are Released From Lubbock Jail

Murph Harold, who, with another man and a woman, were arrested in Littlefield on Monday of last week, and later taken to Lubbock, were released from the Lubbock county jail Friday morning.

Sheriff Wade Hardy of Lubbock county, said that Abilene authorities, who first had reported they wanted the trio, later notified him the men and the woman were not wanted there.

Progress Being Made In Developing Plains Oil Industry

Activity leading to the development of the oil industry in this section of the South Plains is gaining momentum.

The Muleshoe Journal says:

For an avowedly agricultural country to become enthusiastically interested in the production of oil is a rare fact, yet such interest is rapidly accumulating in this section of the Panhandle, and for at least two reasons.

The future outlook for oil is more cheerful at this time than it has been for several months past, according to recent statements made by leading men connected with the oil production business. Present indications are that oil is soon due a liberal raise in price, which will permit the companies engaged in that business to again launch out into the fields of development.

It is also a known fact that very favorable geologic reports have been made as to the under structure of Bailey county and of that portion of New Mexico lying immediately west of this county and just across the line.

Of course, neither the major oil companies nor the privately owned oil concerns are putting out any unnecessary information regarding their future plans and activities, yet such policy does not preclude occasional leaks, and there has been enough information leaked out during the past three weeks to cause folks of this section to become vitally interested in any contemplated operations that may soon be put into action here.

It is now a known fact that State Highway No. 24 is being built west in Lubbock county to that county's western line. For sometime the State, with the assistance of Lubbock county officials and citizens have been trying to secure a right-of-way for this highway on the north side of the Santa Fe railroad through Heckley county. For reason, the citizens of Heckley county, and especially those of Levelland, the county seat, have opposed such action, insisting this road should be transferred to the south side of the railroad so as to pass through the county seat town.

It is now known that the State Highway Commission is planning extending the improvement of Highway No. 24 from the east line of Cochran county into Morton, the county seat of that county. Furthermore, the Texas Commission has made official request of the New Mexico Highway Commission that it build an all-weather highway from the west line of Cochran county, which is also the eastern New Mexico line, for a distance of about 20 miles, and it is understood that the New Mexico Commission has agreed to this plan.

New Mexico has become sufficiently interested in the contemplated project that leading citizens of Clovis, backed by their Chamber of Commerce organization, are even now making urgent request of the New Mexico State Highway Commission that an all-weather road be built from that point south through Curry and Roosevelt counties, past Portales and on into a central point of the contemplated new oil field. It is stated by some that such a road will then put the new oil field between seven and eight miles nearer to Clovis than

it will be to Lubbock.

Well founded rumor has it that a large block of leased land is now being held by a group of at least five major oil companies just across the New Mexico Roosevelt counties, and just as soon as oil conditions have improved to a reasonable point, drilling operations will be started on these leases. It is quite well presumed that these companies already know the underground structure and have a satisfactory idea of such content, since not more than three years ago two wildcat holes were put down in the southwestern part of Roosevelt county and were never finished; just why, no one seems to know.

There is pretty strong reason for believing that the Sand range, which runs across the northern part of Lamb and Bailey counties, and across the western part of Cochran county is considered "good oil area" by interested parties who are in a position to know. About three years ago two holes were sunk in the Sand range in northern Lamb county, neither of which came to anything, although oil showings were encountered. Just now a major company is sinking a wildcat well in the same range about 14 miles north of Muleshoe, oil showings having already been encountered and a lease of several thousand acres has also been secured by another concern to put down a test well between six and eight miles northeast of Muleshoe. It is also a known fact that parties now securing a lease on land in the southern part of Bailey county for drilling purposes. Latest reports are that more than 20,000 acres of this block have already been obtained, some of this land being across the line in Cochran county. Parties interested state they want at least 60,000 acres in their lease, and that they will not begin drilling until at least 40,000 acres have been obtained. A competent geologist has been obtained, rumor being to the effect that the point has already been spotted for the first well, though definite information is steadfastly refused at this time.

While much of the details of the above are lacking, interested parties being quite secretive in the matter, yet enough has leaked out for citizens of this section to believe the day is not far in the future when active oil operations of some kind will be started in this area.

Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.
