Texas Salvation Army Head To Speak Here

The annual Salvation Army Advisory Board dinner will be this evening at 7:30 p.m. in the First Christian Church.

Principal speaker at the affair will be Brigadier B. Gordon Swyers, of Dallas, Texas divisional Commander of the Army.

Also during the evening new officers for the coming year will be installed, and six new members of the

advisory board will be introduced.

Swyers began his Salvation Army in the early 1930's and has served with the Army in the East, the South and the Southwest. He was appointed to his present command during January of this year.

Along with the new advisory board member, the new head of the Salvation Army in Littlefield, Sgt. Major James McFarland will be introduced. McFarland took over the city post early in May. He succeeded Major Stevenson who returned to private life.

Present members of the board who will be present are: Willard G. Street, Jr., T. R. Jewel, James Lee, Mrs. Betty Hodges, Pat Boone, Jr., John Clayton, Ellis Foust, Elmo Jones, David Keithley, Rev. Robert Longshore, Glenn Barea for several days.

Mr. and Mrs. S. N. Twilley and Mrs. Lela Wilson left Sunday afternoon for a visit in Pecos.

Minnie Glover of Mount Pleasant visited in the home of Mrs. Reginal Stephens Friday. She is a former Anton resident.

Visitors in First Baptist Church Sunday included Mr. and Mrs. D. Freeman and children of Des Moines, Iowa.

Mrs. F. D. Stephens and her mother, Mrs. Long attended a funeral in Hereford Sunday.

SUMMER FUN---City youngsters participating in the city's youth program took to it in a big way Monday as the program got underway with a group of them spending part of the time in Crescent Park's pool. The program, under the direction of Ben White, is for youths ages 6 through 17 and is on every morning from 9 until the funeral of J. A. Martin.

VFW Reports Of Memorial

The Veteran's of Foreign Wars have reported their Memorial Day activities which included special services over the graves of Robert Weldon Hammons and Pryor Clark Hammons, Jr. the sons of Pryor Hammons. Both sons were veterans.

The Rev. Roy Grote officiated at the services. Following the services, the group placed small American flags on the graves of all servicemen.

Eastern Star To Design Trustees

Order of Eastern Star will have a stated meeting this evening at the Masonic Hall at 8.

Grace Findley, Worthy Matron and Weldon Findley, Worthy Patron will preside. Obligation night will be observed with the program in charge of Frank and Harriet Cummings. New officers of the year will fill their stations. Officers are asked to be the hall by 7:30.

Open House Will Show New Work

Littlefield's new \$15,000 modernized Community Center will swing open its doors to the public Saturday evening from 7:30 to 10 for an open house that will show off the new features of the building built entirely as a community project.

Members of the Community Center Board of Directors, the Special Committee in charge of the remodeling, The Commerce Conference and Conventions Committee, the City Council and the Chamber of Commerce Board of Directors will be host at the affair.

The open house is planned as a come and go event with no type of a program being planned. Everyone in this trade area is cordially invited to come and see the completed Center.

WTCC Official To Speak Here On Development

Paul Marable, an official of the West Texas Chamber of Commerce, will speak to various groups in Littlefield concerning the potential of industrial development in the city.

Today at noon, Marable will address the Rotary Club. This evening, he will meet with the Board of City Development. He will wind up his speaking engagements here Friday at noon by speaking to the monthly membership luncheon of the Chamber of Commerce in Thornton's Cafeteria. In each speech, Marable will cover different facets of community industrial development.

Aside from the talks that Marable will deliver, discussions of different aspects of development will take place. Specific data, compiled recently by the BCD in an industrial survey of the city, will aid in these discussions.

It is the wish of the chamber that every person interested in the development of Littlefield attend at least one, if not all, of these meetings," Gene Garrison, chamber manager said.

"It has become more and more apparent that if communities such as ours are to maintain their economic status, in this era of urbanization, we must engage (Continued on Page 4)

WEATHER BOX

FORECAST Clear to partly cloudy this afternoon thru Thursday. Widely scattered thunderstorms this afternoon and Thursday evening. Little cooler. TEMPERATURES - Sunday low 65, high 88; Monday, low 64, high 90; Tuesday low 65, high 76; Wednesday low 68, high 76 at noon.

MOISTURE - .84 for the week, .86 for the month, 10.01 for the year, 6.03 this time last year.

Speaking for the Chamber of Commerce, Gene Garrison said "We cannot emphasize strongly enough that the entire public is invited to come by and view the magnificent job done under the leadership of the Special Committee and the specific construction work supervised by Elmo Jones."

The fund drive to raise the necessary money to recondition the "down-at-the-heels" Community Center began in January and was completed in early March when the goal of \$15,000 had been reached. Actual construction work on the building began in March and was completed last week.

Everything inside the building was either replaced or refinished and is once again ready for public use. The Center was constructed in 1950 with voluntary contributions but portions of the building were never completed due to a lack of available funds. Through the years the building became run down due to lack of funds available to the Community Center Board. Late last year the Board requested the City Council to take the building over and the Council in turn appointed a committee to investigate the situation.

At this point the Chamber of Commerce Board of Directors decided that for the betterment of the town a drive should be undertaken to raise the necessary funds. The special committee appointed to look into the situation determined that \$15,000 would be necessary to put the Center into "first class" condition.

The Chamber Board went to work calling on merchants and individuals alike and in a few short weeks had the funds available and some donated labor so that the remodeling could begin.

Two weeks ago the City Council, who now has control of the Center, appointed a new Community Center Board, one member each from the various cities. (Continued on Page 4)

a car driven by Frances Sue Rhodes of Anton and knocked her car into the back of one driven by Frank Ray Sitton of Littlefield. Durham received a ticket for failure to yield the right of way. Damage was estimated at \$175 on Durham's car, \$25 on the Rhodes vehicle and \$50 on Sitton's car.

Monday morning the Highway Patrol investigated a three-car accident at the intersection of Highways 54 and 84.

A car driven by Leander McGrew of Anton ran into the back of an auto driven by Mrs. R.A. Reed of Fieldton. Mrs. Reed's car was knocked into the front of a vehicle driven by Barnett Ross Ellis of Anton. Mrs. Reed was going east on Highway 54. She was waiting for a truck and trailer going west on Highway 84 to make a right hand turn before turning herself. Ellis was behind the truck and trailer.

Damage was estimated by Patrolman Bill Angel at \$400 on the Reed vehicle, \$175 on Ellis' and \$300 on the McGrew car. McGrew was ticketed for failing to control the speed of a motor vehicle. He received medical treatment after the accident but was released immediately.

given for this outside of school course during the high school years, but that to do so the piano teacher must have a certified teaching certificate. No action was taken by the Board and the matter was tabled for further consideration.

James Pirkey, high school principal, met with the Board to discuss a proposed change in class schedules for the high school. The change would make classes longer but would limit the number of classes any one day to five instead of six. He pointed out that each student would be enrolled in six classes with each class meeting four times a week instead of five as is now the case.

The change to "floating periods" would call for school to begin at 8:45 and continue until 12:25 for lunch and resume at 1:05 and dismiss at 3:40.

The Board will approve or reject the proposal at the July meeting.

since TV has acquainted youngsters with the figure of the President, Dad is generally taking second place. Prof's Robt D. Hess and David Easton (Univ. of Chicago) queried school children from grades 2 through 8 on how they rated the President (at the time "Ike") in comparison with their fathers, on various points. Less than 10% of the youngsters who were questioned believed that their fathers worked harder, knew more, or were more honest than the President. About 40% believed their fathers worked less hard and knew less. However, only 4% rated their fathers as less honest, while about 7% considered them to be more honest than the Chief Exec, with the rest judging the two as being equally honest.

JUNE is bride's month... well, suppose the grooms are involved too, but they hardly ever get their pictures in the paper. We like June at the newspaper because the many beautiful brides help the looks of our newspaper.

In fact, we have two new brides employed here at the paper... Mrs. Mansell and Mrs. Brock. They haven't gotten accustomed to their new names, because they still look sorta bewildered when they answer the phone as Mrs.

A marriage counselor says that the marriage of the future will be happier because of several factors, including greater use of prepared foods and increased emotional maturity.

What is wrecking homes these days is the serving of prepared foods to husbands who aren't emotionally mature enough to put up with them.

DR CARL NOWLIN spoke on the proposed Federal Aid to Education bill at the Rotary Club a week or two ago and I especially like his remark concerning this bill. "The nation's schools are in much better financial condition than the United States Government, so why should the government plan on adding money (which it really doesn't have) to our schools?"

It's sorta like the situation of Italy, Texas. The town was nearly blown away about a month ago. The GO BOUT A MONTH AGO. The verment wired that they would offer financial help. The townspeople of Italy wired back and reported that they were still in better financial condition than the Government... so just keep the money.

OF COURSE the big concern about Federal Aid to Education is more government control... and right in our hometown schools. Our Governmental affairs committees have done a good job of fighting this "MENACE"... and we as individuals should be getting those letters into our congressman... NOW!

THE BEAUTIFUL new Community Center is ready for the formal opening Saturday night and it is certainly a fine job of bringing out a drab obscure building into a most lovely modern new center.

Many persons can be credited and commended for this new Community Center....we could go back and list the ones who built it in the first place, some ten years ago....and we could list the board of directors of the chamber of commerce and the chamber's manager who took it upon themselves to raise the \$15,000.

Five persons spearheaded the drive and have done a wonderful job seeing the completion of the building as it now appears. They are Mancil Hall, Jack Wicker, Gene Pratt, Mrs. Gus Shaw, and Mrs. J.S. Abernathy.

I can certainly urge everyone to view this modern new center Saturday evening....see for yourself....see how your money has been well spent for the good of the community and for the people of this entire area who will be enjoying it.

CARD OF THANKS
 May we humbly express our
 gratitude and thanks to our
 many friends for their
 many acts of kindness
 shown us during the long
 illness and loss of our
 precious beloved husband,
 father and brother, Lester

Letters To The Editor

June 10, 1961
Gentlemen:
Could you please send me several copies of your June 8th edition of the paper? I am enclosing a check for \$1.00 which I hope will cover cost of the papers and for mailing them. If it is more, please let me know and I will send it by return mail.
I want to compliment you on the quality of your photography work. My daughter's picture appeared in several papers over the state including both of the big Dallas papers, but none of them compared with the one in your paper. It is really excellent work. I am hoping I am not too late to get 3 or 4 or as many as you can send me as many as 10 if you have them. And if the charge is more than a dollar, I will send it to you.

Sincerely,
Mrs. A. Jase Jones
13574 Brookgreen Drive
Dallas 30, Texas

Mr. Wendell Tooley,
The County Wide News,
Littlefield, Texas.

Dear Mr. Tooley:
I am writing this letter for you to consider for publication in the News and Leader to tell the people of Littlefield and Lamb County about a wonderful place I have found -- the Texas Rehabilitation Center of Gonzales Warm Springs Foundation, located near Gonzales.

As many Lamb County people will remember, the left side of my body -- both my arm and leg -- is paralyzed, and until I came to Warm Springs for treatment I had almost given up hope of finding a place where I could learn to lead an almost-normal life again. I've found that TRC helps rehabilitate physically disabled people from

all across the state. There is no discrimination because of race, age, or beliefs; all the patients here are given treatment by capable, devoted therapists.

Since I entered the Texas Rehabilitation Center last March 20, I've improved more than I ever thought possible. Though I still can't use my left hand, I walk (and even climb steps) with the help of a leg brace and cane. I've learned to sew again (with my right hand) and have just finished making a dress for my little daughter and am now embroidering a headscarf. At one time I was afraid that I would "just sit" at home for a long, long time waiting to be waited upon. Now, thanks to TRC, I can take care of myself, walk, and do just about anything I want to do.

TRC is not supported by the state; it's a non-profit, charitable organization, and it must have the financial support of the people of Lamb County -- and the other counties across Texas -- to continue to operate. If it were ever forced to close it would be a tragedy for me and for thousands of other physically handicapped Texans.

I hope to return home soon, but I have "fallen in love" with TRC, and plan to stay here as long as I can continue to improve. This is an invitation to all my friends there to visit me here at TRC and to see for themselves the great work that is being done here.

Sincerely,
Arlene (Polly) Dotson

Hart Camp News

Mrs. James Ball honored her mother-in-law, Mrs. Ivy Thompson, with a birthday supper Saturday night.

SPADE NEWS by Joyce Caldwell

Spade Baptist To Picnic Sunday

Members of the local Baptist Church plan to meet at the church this afternoon at 1:00 p.m. and go to Plains Baptist Assembly grounds near Floydada for the purpose of cleaning their cabin there and for picnicing. Each family attending will bring picnic lunch and also if they desire come prepared to go swimming also.

Mr. and Mrs. J.R. Hodges spent Sunday afternoon visiting in the home of his father, Mr. J. H. Hodges of Littlefield and also in the home of her mother, Mrs. Ava Warner also of Littlefield.

Those celebrating birthdays this week are Peggy Gregson, Nelson McDaniel, Joe Trull, Roy Wayne Thompson, J. W. Bailey, Mrs. Aubrey Neinst, Irene Taylor, Fran Gray, Charles Garrett and Mrs. Olan Crump. Mr. and Mrs. Duane Gray are celebrating an anniversary this week.

The Second Annual Youth Lectureship was held Monday through Friday of last week at Lubbock Christian College in Lubbock. Young people from the local community who attended were Dianne Cook, Joyce Stanley, Patsy Wood, Peggy Gregson, Evonne Stubblefield, and Billie Cook.

Mr. Alf Grose of Tipton Okla. spent the past weekend visiting in the home of his nephew and family, Mr. and Mrs. Carl Thompson and children.

The Women's Missionary Society of the local Baptist church met at 2:30 p.m. Monday for this month's Royal Service Mission program. Mrs. Donald Caldwell was in

charge of the day's program. Mrs. Ernest Savage read the calendar of prayer and led in prayer for the missionaries listed on the calendar.

Mrs. Caldwell took charge of the program, which was on the theme "Our Task Has Just Begun", telling of mission work in Rhodesia, Tanganyika, and Kenya. She read several passages of scripture and led the group in an imaginary tour through these countries with several ladies representing different missionaries in these countries.

Mrs. Arwin Turner asked specific questions about each place as it was visited and Mrs. Caldwell answered the questions and introduced the different parts. Mrs. Arthur Turner gave the first part "A Hospital Begins" Mrs. Ernest Savage gave the second "A Church Begins", Mrs. Doc Vann gave the third part "A Center Begins", Mrs. H. Harvey gave the fourth part "A School Begins" and Mrs. Jess Emmons gave the last part "My Task has Just Begun". Mrs. Caldwell then gave the conclusion. Among the mission stations visited during the program were Livingston, Sanyati Reserve, and Kitwe, Rhodesia, Dar Es Salaam and Tukuyu, Tanganyika, and Nairobi, Kenya. To close the program Mrs. Ted Hutchins led in a special prayer for the mission work.

Those present were Mrs. Hutchins, Mrs. Caldwell, Mrs. Savage, Mrs. Arthur Turner, Mrs. Harvey, Mrs. Arwin Turner, Mrs. Emmons, Mrs. Vann, Mrs. Robert McCurry and Jimmy and Mrs. Bill Hindman and Mark.

A vacation Bible school was held last week each

morning from 8:30 to 11:30 a.m. at the local Baptist church. Rev. Bill Hindman was principal for the school. The total enrollment for the school was about 75 pupils.

In the Intermediate department Mrs. Ted Hutchins was superintendent, Mrs. J. R. Inklebarger - Bible Study, Mrs. Hutchins - character story, Mrs. Donald Caldwell - Mission study, and Mrs. Robert McCurry - creative activity. There was ten enrolled in this department. Their theme of study was "Discovering What God is Like"

In the Junior department Mrs. H. Harvey was superintendent and Bible teacher, Miss Ada Anderson - character story, Mrs. Jess Emmons, Mission Study, and Mrs. Tyson Nabors, Mrs. Don Tindal, and Mrs. J. R. Hodges - Creative Activity. The Juniors' theme of study was "Learning About Jesus". There was ten enrolled in the Junior department.

In the Primary department Mrs. Doc Vann was superintendent, with Mrs. Arthur Turner - Bible story, Mrs. Leon Leonard character story, Miss Wilma Jo Blankenship - music and Mrs. Sam Tindal - creative activity. The theme of their study was "Jesus, Our Best". They had nineteen enrolled.

In the Beginner department Mrs. Ernest Savage was superintendent with Mrs. Arwin Turner, and Mrs. Bill Thompson helping. The beginners studied missions and had nine enrolled.

In the nursery Mrs. Lanell Haire, Mrs. Saretta Heard, and Mrs. Twana Hindman worked. There were 2 bed babies and six toddlers enrolled.

Friday night at 8:00 p.m. at the church the school's

commencement exercise were held. The joint service was used as the beginning of the program as it was each day of the school. Rev. Hindman was in charge with Mrs. Donald Caldwell playing the piano. Then each department presented a part of the program. After the program each student and worker was presented a diploma by Rev. Hindman. At the close of the program the parents and guests present enjoyed the displays of handwork done during the school in the fellowship hall of the church.

There will be a bridal shower honoring Miss Billie Vann June 23 from 3:00 to 5:00 p.m. in the home of Mrs. Jack Stubblefield. Miss Vann is the bride-elect of Airman 2nd Class Paul Pace of Littlefield who is presently stationed at Nellis Air Force Base at Las Vegas Nevada. The couple will be married July 24 in Littlefield.

Hostesses for the occasion will be Mrs. H. O. Sewell, Mrs. G. G. Vandever, Mrs. J. W. Johnson, Jr., Mrs. N. E. Hall, Mrs. W. B. Jones, Sr., Mrs. Bill Cook, Mrs. Grover Durham, Mrs. Luther Wood, Mrs. Garland Bryant, and Mrs. Jack Stubblefield. All friends and relatives of the couple are invited to attend the shower.

TEC Manager Transferred

Thurman R. Jewell, manager of the Littlefield Texas Employment Commission for the past two and a half years, has been transferred to Houston.

Jewell will be working as head of skilled labor placements in the gulf city office.

A spokesman for the TEC here said that he expected a new manager to be nam-

ed in the near future. At present, Carl Pillion has taken over as temporary head. During his tenure of office here, the TEC has expanded

to almost double that it was when over. He was in civic affairs finishing a term as chairman of the the Salvation Army

OK, so the rains, hail and storm came Friday night. We just can't win. We wrote the column on Friday morning and it was already set and in the paper when the storm hit.

There is certainly something wrong with our fast moving world. The two AWOL youths who admitted killing seven persons in various parts of the nation during a week's spree, said they did it to get out of the "rat race". To quote one story about the pair they said they thought they were doing the people they killed a "good deed" by getting them out of this world. To date they have showed no remorse in what they have done. One of the boys said they probably wouldn't have killed the seven if they had known that the first victim they tried to kill didn't die.

Just what sort of warped minds is it that "joke about the death penalty"? How

much off the rocker would two persons have to be to exchange this conversation. "You'll have to go first to the hot seat". The other answered, "No, we'll both go together." Both youths, still in their teens were AWOL from Ft. Hood where they had been placed in the guard house for more or less minor offenses. One was serving time for theft and the other AWOL from another Army post. One of the youths has a brother who was sentenced two weeks ago on a charge of grand theft at Orange.

It hasn't been but a few years ago that a mentally deranged youth and with his girl friend spread a blood bath over Kansas and Nebraska. He had the same sort of "don't give a darn" attitude as the pair involved this time. What is there about the society in which they have been raised that would make killers, who kill for no purpose than just to shed blood, of these persons?

Just a few years before that a young blond named Billy Cook went on a blood letting from Oklahoma to California and was finally captured and executed in California for his crimes. I can well remember this case for several reasons. First of all the body was brought back and open to

public display at Comanche, Okla. just 20 miles from my home. Secondly, my sister-in-law's brother picked him up in Tulsa without knowing he was the killer. Thirdly, just about everyone in the state (Oklahoma) was on needles and pins until he was captured in California.

Police Chief Fitzgerald has been trying for some time to see if the city could go for at least two weeks without a traffic accident. To date the longest period for no traffic mishaps is about 10 days. Personally, I would like to see a full month without a traffic accident.

Eleven From Area Attend WTSC Summer School

CANYON- June 15 (Special) - Eight persons from Littlefield, two from Amherst, and one from Bula are attending the first summer session at West Texas State College. The first term ends July 7, and the second term begins July 11.

From Bula is Mrs. Ruby L. Reid, a senior education major. The two from Amherst are Ann Fields, a junior elementary education major, and Joe A. Patterman, senior sociology major.

Those from Littlefield are Mrs. Karlyn Hulse Bowman, Stephen Butler, Georgeann Byerley, Norman Wuthrich, Lee Boyd Montgomery, Sandra Sue Kimbrough, Jonathan T. Graham, and Mrs. Barbara Hinkle Alexander.

Mrs. Bowman, a senior elementary education major, is the daughter of Mr. and Mrs. Dewey S. Hulse, now of Lubbock. She is a Littlefield High School graduate.

Butler, an Amherst graduate, is a junior finance major. He is the son of Mr. and Mrs. Robert Butler, Star Route 2. Mrs. Byerley is the daughter of Mr. and Mrs. O. L. Walker, Route 2. She is a senior and is a transfer from Hardin-Simmons.

Wuthrich, son of Mr. and Mrs. J. E. Wuthrich, Star Route 1, is a sophomore agriculture major. A graduate in music education, Montgomery is the son of Mr. and Mrs. L. B. Montgomery, Sr. He holds the B. S. in music from Texas Tech.

A senior in business education, Miss Kimbrough is the daughter of Mr. and Mrs. W. R. Kimbrough, 810 W. Second. Graham, a sophomore speech major, is the son of Mr. and Mrs. J. T. Graham, Route 2. Mrs. Alexander, daughter

of Mr. and Mrs. Kenneth Hinkle, now of Albuquerque, is a senior elementary education major.

Earth Rainbows Are Installed

"Stairway to Happiness" was the theme of an open installation for Order of Rainbow Girls, Earth Number 156 held at 8 p.m. Monday night at the Masonic Hall here. Installed as Worthy Advisor was Miss Irene Angeley, daughter of Mr. and Mrs. Jarvis Angeley. Other stations were filled as follows: Sharon Been, Associate Advisor; Janice Cowley, Charity; Nancy Kelley, Hope; Cheryl Foster, Faith; Gene Proppes, Drill Leader; Kathy Richardson, Love; Alicia Galloway, Religion; Peggy Kelley, Nature; Donna Kay Rudd, Immortality; Sharon McAlpin, Fidelity; Pruda Kay Sanders, Patriotism; Diane Hodge, Service; Carolyn Kelley, Confidential Observer; Joan Sanderson, Mission; Linda Starkey, Chaplin; LaDon Messer, Recorder, and Dixie Parish, Treasurer.

A doll representing a Rainbow girl ascending a styrafoam stairway and orchid glittered styrafoam lettering, "Stairway to Happiness" decorated the East. Other steps to happiness, love, joy and religion, with suitable emblems were placed at the other three stations.

Miss Angeley's chosen colors, orchid and white and her flower, the rose, were used elsewhere in the hall. The refreshment table, laid with an orchid lace cloth, was centered with a Rainbow Bible and color streamers on a styrafoam base ruffled with orchid net and accented with white roses. From it Nancy Kelly served white cake squares topped with orchid roses and Pruda Kay Sanders served punch.

Approximately 50 guests were registered by Gay Angeley.

Judy Angeley, Lubbock, served as installing officer with LaDon Messer serving as installing marshal. Installing recorder was Susanne Davis and Twila Whitford was installing chaplin. Mrs. B. Campbell was installing musician.

Chosen mascot was J. J. Angeley, son of the Bobby Angeleys. Mrs. Marcus Messer was sponsor.

Included on the program was a vocal solo, "My Happiness" by Sharon Been accompanied by Janice Cowley. Mrs. B. Campbell recited a poem, "Happiness" and a short program honoring Glenda Williamson, outgoing Worthy Advisor, was presented. Mrs. M.H. Been, Mother Advisor, presented Miss Williamson with her Past Worthy Advisor pin and enumerated the many projects completed during her term.

John Jones owned a service station. He sold gas in an open dirty paint bucket to an angry looking customer who said it was for his car.

But what he really used it for was to throw it into a bar room full of people who had heckled him. He lit the gasoline, burning some of the people badly.

The police caught the culprit and he went to prison. The burned bar patrons sued the gas station owner, claiming that Jones should not have sold the gas. A city law said that gas should be pumped only into car tanks or into metal containers with cap or screw.

The court held: Gas stations sell dangerous goods. The city law aims to protect the public. Jones was negligent in selling the gas in an open bucket. A jury should decide if he should have known the gas might be wrongly used. If so, he would be liable for damages.

If a person negligently sets the stage for a later criminal act, he may have to pay for the damage if he could have reasonably foreseen the consequences. You leave a loaded gun lying around. A delinquent neighborhood boy gets it and shoots someone. You may well be to blame; but not if the boy broke into your home and stole the gun, for you could not have foreseen this.

In a famous case, a young lady bought a train ticket to one town. Mistakenly she rode beyond the town started on the ticket. A conductor found the error, stopped the train, and put the girl off in the middle of nowhere. She had to walk to the next town which meant walking by a known hobo camp. The hobos attacked her. She sued the railroad and the court held it was liable. The conductor should have foreseen what might happen.

Recently a construction firm left a bulldozer unlocked. Vandals started the bulldozer, drove it for a while. Later, unable to stop it, they headed it toward a hill. The bulldozer ran into several homes and a car before it came to a stop. The court said that the contractor should have foreseen the likelihood of vandals and locked the bulldozer. The contractor was held liable.

Sunday supper guests of the George Choates were Mr. and Mrs. Charley Thomas of Amherst and Mrs. Jila Stinson of Littlefield.

These are: (1) Most industries in small towns are developed locally and are what might be described as local or area-service industries. (2) Most of the leadership and initiative for the establishment of the plant came from local people. (3) Most industrial establishments in small towns and cities of the South employ less than 20 people. (4) Small towns or cities attracting industry from the outside generally have experienced significant civic or community improvements and growth before getting the industry. "An industrial committee that meets regularly and involves a high proportion of the citizenry in its efforts eventually will produce workable ideas. For every town, though, that can maintain the morale of a working committee, there are hundred that do not. There are a few cities like Miami, Oklahoma, where a committee made 76 formal attempts at obtaining an industry. All ended in failure, but the 77th succeeded.

Since industrial development could be such a tremendous asset to the future of Lamb County let us urge each one of you to attend the meeting Friday, and hear this important discussion.

THE SWIMMING HOLE---Two city boys found a way to beat the heat that has hovered over Littlefield and the county the past few days. They took their suits and cooled off in Nature's swimming hole in Laguna Park. The heavy rains of the past weeks filled up the center of the park and the boys put the accumulation to good use. One lad, with his back to the camera, proved a little shy and headed for deep water. The Press photographer raised his camera.

A part of the cattle feeding program, of course, has to do with the raising of grain, milo and corn. Your section is one of the most important sorghum producing areas of the Nation. We may reasonably expect such operations as that of the Corn Products Refining Company at Corpus Christi to find locations for such plants in your area. In fact, I have already submitted this information to three of the other major corn syrup and corn starch producing companies.

Some consideration is now being given to the growing of sugar beets in the plains country and based on a sufficient production, there would follow beet sugar mills and beet sugar refineries. These developments, will, of course, depend on what permanent and stable allocations are made on sugar quotas.

You will understand, of course, that these are only preliminary and offhand observations and suggestions. At my earliest opportunity I hope to be in your section and while there, I would like to have sufficient time to make a very thorough investigation and study of all of the advantages which your area has.

Come to see me again when your business brings you to Austin."

As we have stated many times, any industrial development in this area would of necessity be linked directly with Agriculture. Recently, Mr. Bill Kimbrough mailed this office an article from the Texas Agricultural Progress that points out Agricultural interest in industrial development. The article as quoted here is addressed to Small Towns:

"Continued planning for industrial growth by small towns is commendable because recent estimates show that only 10 to 15 per cent of the farm boys reaching 20 years of age during 1954-63 will find employment opportunities on farms.

"A problem that has long hindered the South and Southwest is the underemployment of such a large segment of the population. An individual who works half-time normally can expect to buy half the goods and services of an individual of similar ability who works full time. A question already faced by small towns is, "How can we increase the income of our people?" It is being answered in many ways. In

May Patrol Report Told

The highway patrol investigated 8 accidents on rural highways in Lamb County during the month of May, according to Sgt. D.S. Lawson, highway patrol supervisor of this area.

These wrecks accounted for five persons injured, and a property damage of \$5,170.00.

This brings the total for the first five months of 1961 in this county to 50 rural traffic crashes resulting in four persons being killed, 34 injured, and a combined property damage amounting to \$31,575.00.

After noting the accident picture for this county for the first five months of this year, the Sergeant pointed out another significant fact. As summer approaches with longer days and additional good driving weather, the driver should be especially aware of the danger period at dusk. Many accidents happen during this period. One cause of this is the driver fails to turn his lights on soon enough. Although the law sets out when lights must be turned on, the driver should also use his own good judgment. Any time a driver cannot see an unlighted object approximately one-half mile away, he should turn his lights on. He may be able to see the other driver, but can the other driver see you?

Another hint for parents with children beginning school, is to provide each child with a thorough physical check-up from a physician.

Also, it is wise to check school regulations concerning vaccinations.

About Your Health

Beginning September 1, 1961, Texans will begin paying a higher fee for certified birth and death certificates according to Senate Bill 69 passed by the 57th Legislature.

The law raises the fee for a certified copy from \$1.00 to \$1.50, to cover the increased cost for issuing such certificates.

The new law does not affect birth certificate copies requested before September 1.

The Records and Statistics Section of the State Health Department -- the State agency responsible for Texas' birth and death record keeping -- also made its annual summer plea for parents of children entering school for the first time to make application for certified birth copies as soon as possible to avoid the last minute rush.

There is an added incentive this year, explained State Health authorities, because of the expected rush of requests seeking to beat the September fee increase.

Texas schools usually require proof-of-age for children entering school for the first time. A certified copy of a birth certificate is the best and most accurate proof, accepted by all Texas schools.

Certified copies may be obtained from county clerks and local registrars.

If not procured locally, a copy may be obtained for \$1.00 from the Records and Statistics Section of the Texas State Department of Health in Austin until September 1, 1961 -- \$1.50 after that date. The fee must accompany the certificate request.

Needed for a quick and positive search of records are the name of the child, both parents' names, place of birth and date of birth. This information should be included with the request. Past experience proves

Below National Average
Milk Production On Upswing In Texas

Milk production in Texas is steadily toward the national average. The average production for Texas dairy cows is 3,390 pounds per

cow per year, but in 1960 it was 5,090 pounds. This is still considerably lower than the national figure of 7,004 pounds of milk per cow per year, but it does reflect tremendous progress.

A.M. Meekma, extension dairy specialist, says one of the big factors contributing to this increased production has been the use of the artificial breeding program. In 1958, only 7.2 per cent of all dairy cows bred were bred artificially, but in 1960, 12.4 percent were bred by this means. Meekma believes there is a direct correlation between the increase in artificial breeding and the increase in production. The artificial insemination program lets the dairyman make use of such advantages as a wider choice of good bulls, spreading the risks involved in proving the breeding worth of young bulls, safe breeding of older bulls to young heifers, and easier control of reproductive diseases. It also eliminates the need for special pens, sheds, equipment and labor necessary to manage the dairy bull, and eliminates the risk of injury to the dairyman or members of

his family. Last, and perhaps most important, the use of artificial insemination makes possible more rapid improvement of the producing ability of the herd.

Meekma says the replacement program being followed by Texas dairymen makes this last advantage especially important. DHIA records show that 2.9 per cent of Texas cows on dhia test were removed from the herd during the 1959-60 testing year. At this rate, dairyman in the state will be milking a herd of completely different cows five years from now. The level of production of this future herd depends on the replacement program being followed. Good brood cows should be selected and bred to the best bulls available.

How do you do this? Meekma says by taking advantage of the artificial insemination program.

Farm Safety Week Slated By President

The period from July 23-29 has been designated as National Farm Safety Week by a proclamation released by President Kennedy.

The President called attention to the fact that more than a million farm residents are injured and thousands are killed each year in accidents and that these accidents bring suffering and sorrow to our farm families and inflict heavy economic losses upon both the farm community and nation. The safety of these people, he continued, who produce our food is of vital concern to all our citizens.

President Kennedy is urging all persons and organizations interested in the safety of farm people to support and participate in this special endeavor to help reduce the number of farm accidents. He asked farm residents to remember that "Safety is a Family Affair."

Sandhills Philosopher

Philosopher Tries His Hand At Writing Speech For 61 Graduates, But Gives Up

Editor's Note: The Sandhills Philosopher on his Johnson grass farm meets a difficult problem this week, and then sidesteps.

Dear editor: A friend of mine who didn't have much to do and less on his mind stopped by out here the other day and after complaining about the weather and high taxes said: "Say, if you were making a speech to a class of graduating students, what would you say?"

This is like asking somebody who has just gone bankrupt how he would pay off the national debt, and I ignored the question, but after he left I got to thinking about it.

Later on in the day I read a newspaper account of a speech a man made to a bunch of university graduates, and he painted the picture of the world as so serious, so grave, so fraught with dangers and momentous uncertainties, so filled with the possibilities of the destruction of man if the wrong decisions

are made, that for a moment my advice to anybody graduating from school this spring was:

Don't do it. Get back in school. It's too dangerous out here in the world.

You'd think somewhere, sometime, a speaker would tell a graduating class: "This is a fine, wonderful world we've arranged for you. Be sure to take care of it," but so far none of them has had the nerve. They just warn em what's out there, then duck.

But then I got to thinking. If the present world, under the type of management us adults have been giving it, hasn't blown up, it ought to be safe for graduates to come on out and see what they can do with it.

Of course it won't be much but then the standards already set aren't too high anyway. Personally, I have never felt uneasy about turning over the world to a new set of graduates. In the first place, they don't have nearly the effect on the

world as they figured they would. Doesn't make any difference how much education a graduate has, the world just doesn't seem too impressed at the start, and frequently not at the finish.

When it comes to giving advice to graduates, I shut the gate and retire to the back side of this Johnson grass farm.

Yours faithfully
J.A.

Grain Sorghum Smut

Lowers Harvest Yield

By--Harlan E. Smith, Extension Plant Pathologist

Head smut disease of grain sorghum occurs in all areas of Texas. Losses are likely to range from 0 to 25 percent in the Coastal Bend area of Texas.

The disease, in recent years, has been building up in other areas, and losses of 5 to 10 percent are not uncommon. The value of badly infested land is lowered.

Close examination of the stalk near harvest is necessary to determine disease loss. With many infested varieties and hybrids, the head is sterile. In such cases, the blackish, powdery smut is found by pushing the leaves and checking lower on the stalk. On other varieties and hybrids, the main head will be smutted and destroyed. In harvesting a badly-infested field, smut comes from a combine in a black cloud. When the smut gall first appears, it is covered by a whitish membrane. The membrane soon breaks and allows the black dust (spores) to be scattered by the wind and rain. The fungus disease overwinters as spores in old plant trash or in the soil. The following spring and summer the spores germinate and produce smaller spores of

another type, which in turn infect the sorghum plants through the roots. The fungus grows up through the roots and stalk to complete its life cycle. Infection of the root may occur at any time during the growth of the sorghum.

In the absence of grain sorghum, disease spores in the soil gradually die. However, some may remain alive for an undetermined number of years. The fungus builds up in the soil when regrowth is allowed to develop.

When head smut is expected to be serious, it is recommended that growers avoid the use of highly susceptible varieties and hybrids. Highly susceptible are Combine 7078, RS 610, RS 608, AMAK R-10, and AMAK R-12. The use of rather susceptible varieties and hybrids such as F 62a, E 56a, Redbine-60 and Texicoa 54, in heavily infested soil is questionable. The growing of adapted hybrids with a higher degree of tolerance to head smut is highly recommended. Resistant hybrids may be observed in experiment station tests and in demonstrations conducted by county agents. Several strains of the fungus occur and this has made more difficult the development of resistant hybrids.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex.--See Texas first this summer. Texas Highway Department will help you plan a good time. "Many Texans have never seen their own state through a tourist's eyes," says State Highway Engineer D.C. Greer. They're unaware of the pleasures immediately available to them via Texas' excellent highway system.

- For example, Greer noted, Texas has:
1. One National Park (Big Bend).
 2. Four National Forests.
 3. More than 600 miles of coastline.
 4. More than 50 mountains over 6,000 feet high.
 5. Numerous scenic caverns, inland lakes, old cattle trails, restored forts, monuments and museums.
 6. More than 50 state parks for outdoor recreation including water sports and camping.
 7. Some 1,000 roadside parks where travelers may rest or picnic.

Highway Department will send maps and descriptive literature on points of interest and special events upon request without charge. Those writing should indicate the part of the state they want to visit and the sort of things they would like to see and do.

Address the Texas Highway Department, P.O. Box 5064, Austin 31.

TASK FORCE FOR TAXES
Gov. Price Daniel has named a 19-member committee to study Texas tax problems and recommend a plan for raising some \$350,000,000 for the next two years.

All the 19 appointees are in positions causing them to have a strong interest in seeing sufficient money raised for coming state appropriations. They include the chairmen of the governing boards of the state's educational, welfare and hospital systems and officials of a number of school-connected associations.

Their report is to be ready prior to July 10, opening date of the special legislative session.

WHAT'S IN A NAME--Pro-sales tax legislators declare that Governor Daniel is merely calling "a rose by another name" in his labeling of what is and what is not a sales tax.

Sen. Wardlow Lane and four House members presented "their side of the story" in a formal answer to the governor's report to the people on the reg-

ular session failure to pass a tax bill.

Any \$350,000,000 tax program, including the governor's, will have to run heavily to sales taxes, whatever they're called, said the lawmakers. They recommended "telling the truth about it."

Governor Daniel announced he had received a heavy volume of mail since his talk, with the sentiment running 6 to 1 in favor of his program.

Several legislators said this was contrary to the way their mail was running.

TROUBLES ALL OVER--To make matters worse, Comptroller Robert S. Calvert reported that some of Texas' prime sources of tax revenue seems to be dwindling.

Oil production taxes for the nine months ending May 31 were \$92,110,769, down by \$3,000,000 from the same period a year ago and down \$12,000,000 from the year before that.

Gasoline taxes, which have spiraled up at about 5 per cent a year, have hit a slow-down. They are expected to be about \$129,000,000. This is identical to the same nine months period of a year ago.

Corporation franchise taxes were also down to \$51,542,964 for this year, a drop of about \$7,000,000 from last year.

One bright spot was in

sin taxes." Cigarette taxes brought in \$7,821,931 during May compared with \$6,310,562 for April. Taxes on alcoholic beverages (beer, wine and liquor) were up from \$2,672,947 in April to \$2,835,650 in May. But poll taxes were down from \$2,818,527 in 1960, the presidential election year, to only \$1,827,574 for 1961.

Despite everything, the deficit in the state general revenue fund dropped in May to \$78,848,137 from a high of \$102,000,000 in April. Hopes are that it will go even lower, not to exceed \$63,000,000 by August 31, the end of the fiscal year.

SOME CHANGES MADE--Despite the bog-down on tax bills, the Legislature did add quite a bit to the law of the land in its recent session. Among noteworthy changes:

1. Old age pensioners, beginning next January 1, can receive help with their hospital, doctor and nursing home expenses. Any state-licensed hospital or nursing home will be eligible for participation in the program.

2. Filing fee for candidates for statewide office will be \$1,000. Previous fee for candidates in special statewide elections was \$50. This brought out 71 candidates in the recent special senatorial race.

3. Persons who refuse to hang up when a party telephone line is needed for an emergency call will be subject to fine. Notice will be printed in this year's new telephone directories.

Not all these bills have been signed, but the governor has indicated no opposition.

SMALL LOAN LAW URGED--Atty. Gen. Will Wilson has urged Governor

Daniel to add loan company regulation to the list of subjects which may be considered in the upcoming special session.

At present the governor has limited the session to revenue and appropriations bills. Only subjects included in the governor's "call" may be considered in a special session.

Wilson said that, by beginning where the last session left off, lawmakers should be able to pass a loan bill quickly. A regulatory bill was passed by the House last session, but opposing forces came to a deadlock in the Senate.

Governor Daniel has evidenced coolness toward considering anything else until a revenue-and-appropriation agreement is reached--not even his pet escheat bill.

Also being asked for special session consideration is a bill to increase unemployment benefits which failed in the regular session. It passed on second reading in the House, but never got any further.

HE'S STILL JUDGE--A district court conviction cannot be thrown out because the judge of the court has not paid his Bar dues, the Court of Criminal Appeals ruled.

In the case at issue, the defendant was sentenced to 10 years for theft. He sought his freedom on grounds that the judge of the trial court, because of failure to pay dues, was not a member of the State Bar of Texas.

Appeals Court ruled that the judge was qualified for his office under the requirements of the Texas Constitution and the conviction was upheld.

Mrs. Coleman Terrell underwent surgery last week in an Amherst hospital and returned home Sunday.

Right to Choose Employment Is Hallmark of Free Economy

A MAN'S JOB—OR A WOMAN'S—is a lot more important than the money it brings in.

This may be the first reason we give as to why we work: To pay for food, a place to live, clothing, education, all the expenses of living a decent American way of life.

But deep inside all of us, if we will but take a moment for contemplation, is the feeling that it is the job itself—the accomplishment that rewards us beyond wages.

WORK IS THE WAY MAN PROCLAIMS his worth.

Work is the way man justifies the living room he takes up on the planet.

Work, the small voice within reminds, is the expression of thanks for the talents you have and for the opportunity to use them to make this a better life.

It matters little whether the calling is considered high or low. The sense of usefulness can be the same if one examines closely how his or her job fits into the grand design of the American way of life.

What matters much, however, is the right to work in callings and localities of our choice.

THIS IS ONE OF THE BASIC rights of free Americans, stemming from the Founding Fathers' fundamental concern for the dignity and freedom of the individual.

The right to change jobs, to go somewhere else to look for work if one so chooses, is so basic that many Americans probably take it for granted—as too many take other aspects of our heritage of freedom for granted.

But millions of human beings don't have this simple freedom. Can you imagine a toiler in a Communist Chinese commune, or even in a Soviet or satellite state-owned factory, going up to the boss and saying, "I'm chucking this job for a better one?"

IN AMERICA, THE RELATIONSHIP between employe and employer suggests another right with which we have embellished the older right to work in callings and localities of our choice.

This is the right to bargain with our employers and employees.

Laws establishing the rights of labor and management are the outgrowth of our dynamic economy. But even they, in their modern dress, still stem from the basic American concern for the dignity and freedom of the individual.

Often our laws are not perfect. Sometimes it is necessary to change them in order to redress a balance of our freedoms.

A quarter of a century ago a whole body of new laws emerged from our democratic processes which greatly added to the stature and power of union labor.

The recently ended session of the 86th Congress passed a law aimed at restraining some abuses by a segment of labor.

THIS LEGISLATION, SO NEW THAT it scarcely has been put into operation, still is based on the old and revered American concept that a man's—or a woman's—job is important, and that the freedom of choice surrounding it must be protected from those who would exploit workers, voiceless and en masse.

Texas Salvation Army Head To Speak Here

The annual Salvation Army Advisory Board dinner will be this evening at 7:30 p.m. in the First Christian Church.

Principal speaker at the affair will be Brigadier B. Gordon Swyers, of Dallas, Texas divisional Commander of the Army.

Also during the evening new officers for the coming year will be installed, and six new members of the

advisory board will be introduced.

Swyers began his Salvation Army in the early 1930's and has served with the Army in the East, the South and the Southwest. He was appointed to his present command during January of this year.

Along with the new advisory board member, the new head of the Salvation Army in Littlefield, Sgt. Major James McFarland will be introduced. McFarland took over the city post early in May. He succeeded Major Stevenson who returned to private life.

Present members of the board who will be present are: Willard G. Street, Jr., T. R. Jewel, James Lee, Mrs. Betty Hodges, Pat Boone, Jr., John Clayton, Ellis Foust, Elmo Jones, David Keithley, Rev. Robert Longshore, Glenn

and several days.

Mr. and Mrs. S. N. Twilley and Mrs. Lela Wilson left Sunday afternoon for a visit in Pecos.

Minnie Glover of Mount Pleasant visited in the home of Mrs. Reginal Stephens Friday. She is a former Anton resident.

Visitors in First Baptist Church Sunday included Mr. and Mrs. D. Freeman and children of Des Moines, Iowa.

Mrs. F. D. Stephens and her mother, Mrs. Long attended a funeral in Hereford Sunday.

SUMMER FUN---City youngsters participating in the city's youth program took to it in a big way Monday as the program got underway with a group of them spending part of the time in Crescent Park's pool. The program, under the direction of Ben White, is for youths ages 6 through 17 and is on every morning from 9 until the funeral of J. A. Martin.

VFW Reports Of Memorial

The Veteran's of Foreign Wars have reported their Memorial Day activities which included special services over the graves of Robert Weldon Hammons and Pryor Clark Hammons, Jr. the sons of Pryor Hammons. Both sons were veterans.

The Rev. Roy Grote officiated at the services. Following the services, the group placed small American flags on the graves of all servicemen.

Eastern Star To Meet Tonight

Order of Eastern Star will have a stated meeting this evening at the Masonic Hall at 8.

Grace Findley, Worthy Matron and Weldon Findley, Worthy Patron will preside.

Obligation night will be observed with the program in charge of Frank and Harriet Cummings. New officers of the year will fill their stations. Officers are asked to be the hall by 7:30.

Design, Trustees

Mrs. Ivan Fowler, at the Board's request, met to discuss the applied music course as set up by the State Board of Education and suggested for all school wherever possible. Mrs. Fowler said she realized the school was not financially able to provide an adequate applied music course but suggested that students who are taking piano lessons be allowed one hour in which to have their lesson. She continued that she felt a credit should be given for this.

Thieft's Swamp City Police

Charges of misdemeanor theft were lodged against five persons Saturday afternoon when they were arrested in connection with three thefts earlier in the day.

All five were arrested by Police Chief Fitzgerald, and had in their possession at that time 43 cartons of cigarettes taken from Piggy Wiggly, Furr's and Foust Food.

The five admitted the shopliftings and pleaded guilty to the charges. Bernice Haynes of Houston, Annette Hayes of Amherst, Billy Brown, Dale Obis Davis and Edward Mollett all of Waco were each fined \$200 and court costs. They were placed in the county jail.

Open House Will Show New Work

Littlefield's new \$15,000 modernized Community Center will swing open its doors to the public Saturday evening from 7:30 to 10 for an open house that will show off the new features of the building built entirely as a community project.

Members of the Community Center Board of Directors, the Special Committee in charge of the remodeling, The Commerce Conference and Conventions Committee, the City Council and the Chamber of Commerce Board of Directors will be host at the affair.

The open house is planned as a come and go event with no type of a program being planned. Everyone in this trade area is cordially invited to come and see the completed Center.

WTCC Official To Speak Here On Development

Paul Marable, an official of the West Texas Chamber of Commerce, will speak to various groups in Littlefield concerning the potential of industrial development in the city.

Today at noon, Marable will address the Rotary Club. This evening, he will meet with the Board of City Development. He will wind up his speaking engagements here Friday afternoon by speaking to the monthly membership luncheon of the Chamber of Commerce in Thornton's Cafeteria.

In each speech, Marable will cover different facets of community industrial development.

Aside from the talks that Marable will deliver, discussions on present aspects of development will take place. Specific data, compiled recently by the BCD in an industrial survey of the city, will aid in these discussions.

It is the wish of the chamber that every person interested in the development of Littlefield attend at least one, if not all, of these meetings," Gene Garrison, chamber manager said.

"It has become more and more apparent that if communities such as ours are to maintain their economic status, in this era of urbanization, we must engage in these discussions."

WEATHER BOX

FORECAST Clear to partly cloudy this afternoon thru Thursday. Widely scattered thunderstorms this afternoon and Thursday evening. Little cooler.

TEMPERATURES - Sunday low 65, high 88; Monday, low 64, high 90; Tuesday low 65, high 76; Wednesday low 68, high 76 at noon.

MOISTURE - .84 for the week, .86 for the month, 10.01 for the year, 6.03 this time last year.

Speaking for the Chamber of Commerce, Gene Garrison said "We cannot emphasize strongly enough that the entire public is invited to come by and view the magnificent job done under the leadership of the Special Committee and the specific construction work supervised by Elmo Jones."

The fund drive to raise the necessary money to recondition the "down-at-the-heels" Community Center began in January and was completed in early March when the goal of \$15,000 had been reached.

Actual construction work on the building began in March and was completed last week.

Everything inside the building was either replaced or refinished and is once again ready for public use.

The Center was constructed in 1950 with voluntary contributions but portions of the building were never completed due to a lack of available funds. Through the years the building became run down due to lack of funds available to the Community Center Board.

Late last year the Board requested the City Council to take the building over and the Council in turn appointed a committee to investigate the situation.

At this point the Chamber of Commerce Board of Directors decided that for the betterment of the town a drive should be undertaken to raise the necessary funds. The special committee appointed to look into the situation determined that \$15,000 would be necessary to put the Center into "first class" condition.

The Chamber Board went to work calling on merchants and individuals alike and in a few short weeks had the funds available and some donated labor so that the remodeling could begin.

Two weeks ago the City Council, who now has control of the Center, appointed a new Community Center Board, one member each from these various cities.

The new Board will be composed of Earl Pierce, Jaycees; Mrs. J. S. Abernathy, Forum; Latrelle Pell, Jaycee-Ettes; Mrs. J. M. Griffin, Home Demonstration Clubs; Gene Pratt, Lions Club; Mrs. T. L. Dunlap, Woman's Club; Doyle Tapley, 4-H; Rev. Alby Cockrell, Ministerial Alliance; Marlon Williams, WOW; Mrs. Toby Walker, Girl Scouts; Jim Mangum and Tom Hillman, Boy Scouts; Mrs. C. O. Stone, Art Club; Kenneth Ware, Chamber of Commerce and Bob Rogers Rotary Club.

At the Board's organization meeting Jim Mangum was elected president, Doyle Tapley, vice-president and Latrelle Pell, secretary-treasurer.

Members of the other committees who will play host to the affair include Charlie Duval, Gene Pratt, Howard Horne, Bob Saunders, Boyd Allen, Jack Wicker, Mancil Hall, Mrs. G. M. Shaw and the members of the Chamber Board and the City Council.

The public is invited to view the newly redecorated building during the open house Saturday.

Three Accidents

a car driven by Frances Sue Rhodes of Anton and knocked her car into the back of one driven by Frank Ray Sitton of Littlefield.

Durham received a ticket for failure to yield the right of way. Damage was estimated at \$175 on Durham's car, \$25 on the Rhodes vehicle and \$50 on Sitton's car.

Monday morning the Highway Patrol investigated a three-car accident at the intersection of Highways 54 and 84.

A car driven by Leander McGrew of Anton ran into the back of an auto driven by Mrs. R.A. Reed of Fieldton. Mrs. Reed's car was knocked into the front of a vehicle driven by Barnett Ross Ellis of Anton. Mrs. Reed was going east on Highway 54. She was waiting for a truck and trailer going west on Highway 84 to make a right hand turn before turning herself. Ellis was behind the truck and trailer.

Damage was estimated by Patrolman Bill Angel at \$400 on the Reed vehicle, \$175 on Ellis' and \$300 on the McGrew car.

McGrew was ticketed for failing to control the speed of a motor vehicle. He received medical treatment after the accident but was released immediately.

given for this outside of school course during the high school years, but that to do so the piano teacher must have a certified teaching certificate. No action was taken by the Board and the matter was tabled for further consideration.

James Pirkey, high school principal, met with the Board to discuss a proposed change in class schedules for the high school. The change would make classes longer but would limit the number of classes any one day to five instead of six. He pointed out that each student would be enrolled in six classes with each class meeting four times a week instead of five as is now the case.

The change to "floating periods" would call for school to begin at 8:45 and continue until 12:25 for lunch and resume at 1:05 and dismiss at 3:40.

The Board will approve or reject the proposal at the July meeting.

in some form of industrialization," he added.

Garrison went on to say that he felt that the series of speeches by Marable, coupled with the discussions, would clear the atmosphere and "we should be able to more accurately plan for the future."

Town

(Continued from page one)

since TV has acquainted youngsters with the figure of the President, Dad is generally taking second place. Prof's Rob't D. Hess and David Easton (Univ. of Chicago) queried school children from grades 2 through 8 on how they rated the President (at the time "Ike") in comparison with their fathers, on various points. Less than 10% of the youngsters who were questioned believed that their fathers worked harder, knew more, or were more honest than the President. About 40% believed their fathers worked less hard and knew less. However, only 4% rated their fathers as less honest, while about 7% considered them to be more honest than the Chief Exec, with the rest judging the two as being equally honest.

JUNE is bride's month, well, suppose the grooms are involved too, but they hardly ever get their pictures in the paper. We like June at the newspaper because the many beautiful brides help the looks of our newspaper.

In fact, we have two new brides employed here at the paper... Mrs. Mansell and Mrs. Brock. They haven't gotten accustomed to their new names, because they still look sorta bewildered when they answer the phone as Mrs.

A marriage counselor says that the marriage of the future will be happier because of several factors, including greater use of prepared foods and increased emotional maturity.

What is wrecking homes these days is the serving of prepared foods to husbands who aren't emotionally mature enough to put up with them.

DR. CARL NOWLIN spoke on the proposed Federal Aid to Education bill at the Rotary Club a week or two ago and I especially like his remark concerning this bill. "The nation's schools are in much better financial condition than the United States Government, so why should the government plan on adding money (which it really doesn't have) to our schools?"

It's sorta like the situation of Italy, Texas. The town was nearly blown away about a month ago. The GO BOUT A MONTH AGO, The vernment wired that they would offer financial help. The townspeople of Italy wired back and reported that they were still in better financial condition than the Government... so just keep the money.

OF COURSE the big concern about Federal Aid to Education is more government control... and right in our hometown schools. Our Governmental affairs committees have done a good job of fighting this "MENACE"... and we as individuals should be getting those letters into our congressman... NOW!

THE BEAUTIFUL new Community Center is ready for the formal opening Saturday night and it is certainly a fine job of bringing out a drab obscure building into a most lovely modern new center.

Many persons can be credited and commended for this new Community Center... we could go back and list the ones who built it in the first place, some ten years ago... and we could list the board of directors of the chamber of commerce and the chamber's manager who took it upon themselves to raise the \$15,000.

Five persons spearheaded the drive and have done a wonderful job seeing the completion of the building as it now appears. They are Mancil Hall, Jack Wicker, Gene Pratt, Mrs. Gus Shaw, and Mrs. J.S. Abernathy.

I can certainly urge everyone to view this modern new center Saturday evening... see for yourself... see how your money has been well spent for the good of the community and for the people of this entire area who will be enjoying it.

Letters To The Editor

June 10, 1961
Gentlemen:
Could you please send me several copies of your June 8th edition of the paper? I am enclosing a check for \$1.00 which I hope will cover cost of the papers and for mailing them. If it is more, please let me know and I will send it by return mail.

I want to compliment you on the quality of your photography work. My daughter's picture appeared in several papers over the state including both of the big Dallas papers, but none of them compared with the one in your paper. It is really excellent work. I am hoping I am not too late to get 3 or 4 or as many as you can send me as many as 10 if you have them. And if the charge is more than a dollar, I will send it to you.

Sincerely,
Mrs. A. Jase Jones
13574 Brookgreen Drive
Dallas 30, Texas

Mr. Wendell Tooley,
The County Wide News,
Littlefield, Texas.

Dear Mr. Tooley:
I am writing this letter for you to consider for publication in the News and Leader to tell the people of Littlefield and Lamb County about a wonderful place I have found -- the Texas Rehabilitation Center of Gonzales Warm Springs Foundation, located near Gonzales.

As many Lamb County people will remember, the left side of my body -- both my arm and leg -- is paralyzed, and until I came to Warm Springs for treatment I had almost given up hope of finding a place where I could learn to lead an almost-normal life again. I've found that TRC helps rehabilitate physically disabled people from

all across the state. There is no discrimination because of race, age, or beliefs; all the patients here are given treatment by capable, devoted therapists. Since I entered the Texas Rehabilitation Center last March 20, I've improved more than I ever thought possible. Though I still can't use my left hand, I walk (and even climb steps) with the help of a leg brace and cane. I've learned to sew again (with my right hand) and have just finished making a dress for my little daughter and am now embroidering a headscarf. At one time I was afraid that I would "just sit" at home for a long, long time waiting to be waited upon. Now, thanks to TRC, I can take care of myself, walk, and do just about anything I want to do.

TRC is not supported by the state; it's a non-profit, charitable organization, and it must have the financial support of the people of Lamb County -- and the other counties across Texas -- to continue to operate. If it were ever forced to close it would be a tragedy for me and for thousands of other physically handicapped Texans.

I hope to return home soon, but I have "fallen in love" with TRC, and plan to stay here as long as I can continue to improve. This is an invitation to all my friends there to visit me here at TRC and to see for themselves the great work that is being done here.

Sincerely,
Arlene (Polly) Dotson

SPADE NEWS by Joyce Caldwell

Spade Baptist To Picnic Sunday

Members of the local Baptist Church plan to meet at the church this afternoon at 1:00 p.m. and go to Plains Baptist Assembly grounds near Floydada for the purpose of cleaning their cabin there and for picnicing. Each family attending will bring picnic lunch and also if they desire come prepared to go swimming also.

Mr. and Mrs. J.R. Hodges spent Sunday afternoon visiting in the home of his father, Mr. J. H. Hodges of Littlefield and also in the home of her mother, Mrs. Ava Warner also of Littlefield.

Those celebrating birthdays this week are Peggy Gregson, Nelson McDaniel, Joe Trull, Roy Wayne Thompson, J. W. Bailey, Mrs. Aubrey Neilson, Irene Taylor, Fran Gray, Charles Garrett and Mrs. Olan Crump. Mr. and Mrs. Duane Gray are celebrating an anniversary this week.

The Second Annual Youth Lectureship was held Monday through Friday of last week at Lubbock Christian College in Lubbock. Young people from the local community who attended were Dianne Cook, Joyce Stanley, Patsy Wood, Peggy Gregson, Evonne Stubblefield, and Billie Cook.

Mr. Alf Grose of Tipton Okla. spent the past week-end visiting in the home of his nephew and family, Mr. and Mrs. Carl Thompson and children.

The Women's Missionary Society of the local Baptist church met at 2:30 p.m. Monday for this month's Royal Service Mission program. Mrs. Donald Caldwell was in

charge of the day's program. Mrs. Ernest Savage read the calendar of prayer and led in prayer for the missionaries listed on the calendar.

Mrs. Caldwell took charge of the program, which was on the theme "Our Task Has Just Begun", telling of mission work in Rhodesia, Tanganyika, and Kenya. She read several passages of scripture and led the group in an imaginary tour through these countries with several ladies representing different missionaries in these countries.

Mrs. Arwin Turner asked specific questions about each place as it was visited and Mrs. Caldwell answered the questions and introduced the different parts. Mrs. Arthur Turner gave the first part "A Hospital Begins". Mrs. Ernest Savage gave the second "A Church Begins". Mrs. Doc Vann gave the third part "A Center Begins". Mrs. H. Harvey gave the fourth part "A School Begins" and Mrs. Jess Emmons gave the last part "My Task has Just Begun". Mrs. Caldwell then gave the conclusion. Among the mission stations visited during the program were Livingston, Sanyati Reserve, and Kitwe, Rhodesia, Dar Es Salaam and Tukuyu, Tanganyika, and Nairobi, Kenya. To close the program Mrs. Ted Hutchins led in a special prayer for the mission work.

Those present were Mrs. Hutchins, Mrs. Caldwell, Mrs. Savage, Mrs. Arthur Turner, Mrs. Harvey, Mrs. Arwin Turner, Mrs. Emmons, Mrs. Vann, Mrs. Robert McCurrv and Jimmv and Mrs. Bill Hindman and Mark.

A vacation Bible school was held last week each

morning from 8:30 to 11:30 a.m. at the local Baptist church. Rev. Bill Hindman was principal for the school. The total enrollment for the school was about 75 pupils.

In the Intermediate department Mrs. Ted Hutchins was superintendent. Mrs. J. R. Inklebarger - Bible Study, Mrs. Hutchins - character story, Mrs. Donald Caldwell - Mission study, and Mrs. Robert McCurry - creative activity. There was ten enrolled in this department. Their theme of study was "Discovering What God is Like"

In the Junion department Mrs. H. Harvey was superintendent and Bible teacher, Miss Ada Anderson - character story, Mrs. Jess Emmons, Mission Study, and Mrs. Tyson Nabors, Mrs. Don Tindal, and Mrs. J. R. Hodges - Creative activity. The Juniors' theme of study was "Learning About Jesus". There was ten enrolled in the Junion department.

In the Primary department Mrs. Doc Vann was superintendent, with Mrs. Arthur Turner - Bible story, Mrs. Leon Leonard character story, Miss Wilma Jo Blankenship - music and Mrs. Sam Tindal - creative activity. The theme of their study was "Jesus, Our Best". They had nineteen enrolled.

In the Beginner department Mrs. Ernest Savage was superintendent with Mrs. Arwin Turner, and Mrs. Bill Thompson helping. The beginners studied missions and had nine enrolled.

In the nursery Mrs. Lanell Haire, Mrs. Saretta Heard, and Mrs. Twana Hindman worked. There were 2 bed babies and six toddlers enrolled.

Friday night at 8:00 p.m. at the church the school's

commencement exercise were held. The joint service was used as the beginning of the program as it was each day of the school. Rev. Hindman was in charge with Mrs. Donald Caldwell playing the piano. Then each department presented a part of the program. After the program each student and worker was presented a diploma by Rev. Hindman. At the close of the program the parents and guests present enjoyed the displays of handwork done during the school in the fellowship hall of the church.

There will be a bridal shower honoring Miss Billie Vann June 23 from 3:00 to 5:00 p.m. in the home of Mrs. Jack Stubblefield. Miss Vann is the bride-elect of Airman 2nd Class Paul Pace of Littlefield who is presently stationed at Nellis Air Force Base at Las Vegas Nevada. The couple will be married July 24 in Littlefield.

Hostesses for the occasion will be Mrs. H. O. Sewell, Mrs. G. G. Vandever, Mrs. J. W. Johnson, Jr. Mrs. N. E. Hall, Mrs. W. B. Jones, Sr. Mrs. Bill Cook, Mrs. Grover Durham, Mrs. Luther Wood, Mrs. Garland Bryant, and Mrs. Jack Stubblefield. All friends and relatives of the couple are invited to attend the shower.

TEC Manager Transferred

Thurman R. Jewell, manager of the Littlefield Texas Employment Commission for the past two and a half years, has been transferred to Houston.

Jewell will be working as head of skilled labor placements in the gulf city office.

A spokesman for the TEC here said that he expected a new manager to be nam-

ed in the near future. At present, Carl Pillion has taken over as temporary head. During his tenure of office here, the TEC has expanded to almost double that it was when over. He was in civic affairs finishing a term as chairman of the Salvation Army.

Legislative Facts

YOUTH TAKES OVER--On the heels of the Legislature's departure, the Capital was invaded by two new contingents of politicians--the youngest and most vigorous it sees from one year to the next.

They are the delegates to Boys State and Girls State, outstanding high school seniors who come to Austin each summer to gain experience in government. And they learn to do by doing. Each group (separately) forms political parties, nominated candidates, holds elections and sets up a state government--all with realistic zeal.

American Legion and American Legion Auxiliary sponsor the activity.

Long Services Held Monday

Funeral services for W. L. Long, 76, were held Monday in the First Baptist Church in Amherst. The Rev. John Rankin, pastor, officiated.

Long died Sunday after suffering a heart attack. He had lived in Amherst for many years, and was a retired farmer.

Burial was in Littlefield Memorial Park under the direction of Payne Funeral Home of Amherst. Grandsons were pallbearers.

Survivors include three daughters, Mrs. Blanche Royal, Amherst, Mrs. Vera McNeely, Shreveport, La., and Mrs. Etoile Salmon, Peoria, Ill.; three sons, Tom, Paducah, A. B., Lubbock; and Marvin, Cactus, Tex.; two brothers and one sister; 13 grandchildren and 15 great-grandchildren.

OK, so the rains, hail and storm came Friday night. We just can't win. We wrote the column on Friday morning and it was already set and in the paper when the storm hit.

There is certainly something wrong with our fast moving world. The two AWOL youths who admitted killing seven persons in various parts of the nation during a week's spree, said they did it to get out of the "rat race". To quote one story about the pair they said they thought they were doing the people they killed a "good deed" by getting them out of this world. To date they have showed no remorse in what they have done. One of the boys said they probably wouldn't have killed the seven if they had known that the first victim they tried to kill didn't die.

much off the rocker would two persons have to be to exchange this conversation. "You'll have to go first to the hot seat". The other answered, "No, we'll both go together." Both youths, still in their teens were AWOL from Ft. Hood where they had been placed in the guardhouse for more or less minor offenses. One was serving time for theft and the other AWOL from another Army post. One of the youths has a brother who was sentenced two weeks ago on a charge of grand theft at Orange.

It hasn't been but a few years ago that a mentally deranged youth and with his girl friend spread a blood bath over Kansas and Nebraska. He had the same sort of "don't give a darn" attitude as the pair involved this time. What is there about the society in which they have been raised that would make killers, who kill for no purpose than just to shed blood, of these persons?

Just a few years before that a young blond named Billy Cook went on a blood letting from Oklahoma to California and was finally captured and executed in California for his crimes. I can well remember this case for several reasons. First of all the body was brought back and open to

public display at Comanche, Okla. just 20 miles from my home. Secondly, my sister-in-law's brother picked him up in Tulsa without knowing he was the killer. Thirdly, just about everyone in the state (Oklahoma) was on needles and pins until he was captured in California.

Police Chief Fitzgerald has been trying for some time to see if the city could go for at least two weeks without a traffic accident. To date the longest period for no traffic mishaps is about 10 days. Personally, I would like to see a full month without a traffic accident.
