## VOTING PROCEDURE SIMPLIFIED

# Ballot Changes Made

### Mark Straight Or Split Ticket

To vote a "straight party" ticket, mark an "X" in one, and only one, of the boxes on the top line:

Candidates for:	<input type="checkbox"/> PARTY A	<input type="checkbox"/> PARTY B	<input type="checkbox"/> PARTY C
-----------------	----------------------------------	----------------------------------	----------------------------------

To vote a "split ticket" do not mark any box on the top line. Instead, mark "X's" in the boxes at the side of the individual candidates of your choice:

Candidates for:	<input type="checkbox"/> DEMOCRATIC PARTY	<input type="checkbox"/> REPUBLICAN PARTY	<input type="checkbox"/> AMERICAN PARTY
Pres. & V. Pres.	<input type="checkbox"/> HUBERT H. HUMPHREY EDMUND S. MUSKIE	<input type="checkbox"/> RICHARD M. NIXON SPIRO T. AGNEW	<input type="checkbox"/> GEORGE C. WALLACE S. MARVIN GRIFFIN

## Election Officials Release Instructions

With the November 5 general election just around the corner and absentee balloting in full swing, it is important for the voter to know everything possible about voting procedures. Certain changes have been made in the ballot to be used in Texas this year that should be carefully noted by all the 8,540 registered Lamb county voters prior to reporting to the polls.

The instructions arrived too late for those 44 absentee voters who have already cast their ballot. Absentee balloting began on Oct. 16 and will continue until Nov. 1.

A clarification of the voting procedures and the newly designed ballot in Texas that should be of interest to all Lamb county voters was received from voting officials in Austin this week.

To assure that as many people as possible are familiar with the new ballot prior to entering the voting booth, the explanation and sample form are printed here.

The explanation is as follows: Two factors may cause some balloting confusion in the November 5 general election, election officials in Texas forecast this week.

The two factors are: 1. A new State law has inserted a new top line on the paper ballots so that persons desiring to vote a "straight party ticket" may do so by making one mark. This new line is expected to confuse not

only the "straight ticket" voters, but also the "split ticket" voters.

2. "Split ticket" voters are expected to be more numerous than ever before, especially since there is a third party, the American Party, and it has candidates for only President and Vice-President and no other offices.

Voters are cautioned to be certain that their ballots are properly marked so that their intentions will not be subject to interpretation by election officials.

The "scratch" method of voting, which some people prefer, is still permitted. However, voters using this method are cautioned to be certain to mark through all names in all three party columns for which they do not wish to vote.

There are 19 counties in Texas that use voting machines. As in the past, one lever can be pulled to vote a "straight ticket." To vote a "split ticket", individual levers should be pulled for each candidate of the voter's choice. Persons who are uncertain as to how to operate a machine should contact one of the election officials before entering the voting booth.

Voting machines are scheduled to be used in the following counties: Bell, Bexar, Brazoria, Cameron, Dallas, Ector, El Paso, Galveston, Gregg, Harris, Hidalgo, Jefferson, Midland, Nueces, Potter, Randall, Rusk, Smith and Tarrant.

EXPLAINING HIS VIEWS--Cong. Bob Price, candidate for re-election from the 72nd Congressional District, explains his stand on the various issues to a group of supporters and interested persons at a reception held in his honor in the XIT Room of the Security State Bank in Littlefield Monday night. He later spoke to the members of the Farmers Union

in the Willie Room of the REA building. Enthusiastic participation by farm union members marked a question and answer period following his talk that lasted well into the night. During that time, Price gave his views on national and world problems as well as those on the farm situation.

## PRICE TELLS LOCAL GATHERING

# Farm Program Failure

Congressman Bob Price speaking to a meeting of farmers and ranchers in Littlefield Monday night said the American Farmer is becoming the "forgotten man" of this generation. "While the cost of living continues to rise, the farmer is one of the few, it seems, who can't add higher wages and other costs to the price of his goods. "In 1967 alone, net farm income dropped 11.5 percent," he added.

"Although I supported a one-year extension of the farm program this year, this does not mean that I believe the present farm program has done what it was intended to do in achieving a parity position for farmers that compares with our other citizens in industry and commerce.

"The parity ratio, which averaged 85 during the eight years of the Eisenhower Administration, averaged only 74 for 1967 as a whole and is now down to about 73, and the parity ratio is the lowest it has been since the depression year of 1934," he said.

"Until we get politics and politicians out of agriculture, it is not going to change one iota. Back in 1920, the farmer's interests were protected by a majority of the members

of Congress. In that year, 251 seats, which is 57 percent, in the House of Representatives were occupied by members who represented farm districts.

"By 1960, 51 Congressmen--only 12 percent of the total--were farm district representatives," Price continued.

The 1970 census will show a further erosion of farmer's strength in Congress. According to tentative estimates of the Census Bureau there will be 39 farm district representatives or slightly less than 9 percent after the 1970 census, Price pointed out.

The Congressman, who is a member of the House Agriculture Committee, said the crucial question facing today's farmer is, "How best can I use the strength and the resources I do have to advance my own economic well-being and that of my fellow farmers?"

"Part of the answer, as I see it, is that the farmer must learn what all minority groups sooner or later must learn. Pool resources and speak with one voice, and groups such as yours can do this very effectively," Price said.

## Wallace Rally Slated Tonight

A "Wallace For President" rally will be held at the Lamb County Community Center tonight.

The rally, with the theme "Stand Up For America", will begin at 8 p.m.

All Wallace supporters and the general public are cordially invited to attend, Jean Smith, president of the Wallace for President Committee, has announced.

ALL IN FUN--Ralph Krebbs, of the Lubbock Chamber of Commerce, holds the basket as Rita Ann Harris, of Fisher's Restaurant, draws a winning ticket during a visit here by members of the Lubbock Chamber Tuesday. The drawing in this instance was for two tickets to the Texas Tech-Texas Christian football game. In a previous drawing, Weldon Findley,

shown in the immediate background, won an ash tray admittedly "liberated" from a Levelland restaurant during the group's visit there earlier in the day. Eighteen members of the Lubbock Chamber visited Morton, Levelland and Littlefield on a goodwill tour to foster better communications between the communities.

## County Business Payrolls Show Slow, Steady Rise

What is the makeup of the business community in Lamb County? How many businesses in operation locally? How many people do they employ? How big a payroll do they pay?

The answers are provided in a Federal report entitled "Business Patterns," prepared by the Census Bureau with the cooperation of the Department of Health, Education and Welfare. It gives county-by-county data on all kinds of businesses--agriculture, manufacturing, construction, retail and wholesale trade, real estate, service industries--based upon tax returns submitted by employers in the past year. It shows that Lamb County, for instance, has a substantial number of business establishments--425--in which one or more people are employed. Of this total, 284 have 3 employees or less, 79 have from 4 to 7 and 50 from 8 to 19. The large proportion of establishments in this group indicates the extent to which moderate-size enterprises are supported locally. They are the backbone of business in the area. The report shows that local businesses provide grateful employment for some 2,105 men and women in jobs that are covered under social security. This is exclusive of domestic workers, farm help, self-employed people, members of the armed forces and civilians in the employ of Federal, state and local governments. The annual payroll in the local area has also been getting bigger. Taxable wages and salaries

in the county, as reflected in the report, have now reached a total of \$7,652,000.

For the nation as a whole, the report shows that payrolls subject to social security taxes rose from \$60.5 billion to \$73.9 billion in the two-year period.

In many parts of the country, the figures indicate, mergers, consolidations, automation and strong competition have been taking their toll among small businesses. They have been decreasing in number while the large-size units have been increasing.

## TO INTERSTATE WATER POST

# Rep. Clayton Elected

State Representative Bill Clayton of Springlake was elected Friday to the executive committee of the Interstate Conference on Water Problems, holding its annual meeting in New Orleans.

The Interstate Conference on Water Problems is composed of State water officials, river authority officers and legislators throughout the United States. It is affiliated with the Council of State Governments with offices in Washington, D. C., Atlanta, Chicago and San Francisco.

The Interstate Conference on

Water Problems concerns itself with all aspects of water conservation, development, pollution control and other water-related problems throughout the Nation. Its officers and members closely follow congressional legislation and federal agency regulations on water subjects to assure that the rights of the States and local areas are fully protected from federal encroachment and domination.

Officers of the Conference are often called upon to testify before Congressional Committees on water legislation.

Only one other elected State official, Henry Stucky of South Carolina, is on the Executive Committee with Clayton. State water officials who also serve on the Executive Committee are Reinhold W. Thieme, Vermont; Calvin T. Watts, Louisiana; Francis W. Montanari,

New York; Herbert Lambert, Utah; Norman Billings, Michigan; Herbert A. Howlett, New Jersey; Robert R. Lee, Idaho; and Odile McMurry, Iowa.

A person must continue as a legislator or state official to remain on the Executive Committee of the Conference.

While at the interstate conference on water problems, Clayton finalized arrangements with the Bureau of Reclamation for a West Texas area tour by Calvin Watts, assistant director of the department of public works, Louisiana; John Pegg, chairman of the Mississippi River Commission from Vicksburg; Howard Boswell, executive director, Texas Water Development Board; Leon Hill, Amarillo, regional director of the Bureau of Reclamation and Harry Burleigh, chief engineer of the Austin office of the Bureau of Reclamation on November 7th and 8th.

## Candidates Slate Visit

Littlefield will be the scene of a full-scale "gathering of the clan" of Republican candidates Friday. All state GOP candidates with exception of Paul Eggers, senior, Bob Price, congressman and Frank Ford, state representative hopeful, will be at a coffee here. Those who will attend the meeting to be held in the XIT room of the Security State Bank at 10:45 a.m., include: Doug DeCluit, candidate for lieutenant Governor.

Sproesser Wynn, candidate for Attorney General.

John M. Bennett, Jr., candidate for Comptroller of Public Accounts.

Manuel Sanchez, candidate for State Treasurer.

Millard K. Neptune, candidate for Commissioner of General Land Office.

E. G. Schuhart, II, candidate for Commissioner of Agriculture.

Jim Segrest, candidate for Railroad Commissioner.

CASUALTY OF DAYLIGHT SAVING TIME--An indication of the effect of daylight saving time on certain types of businesses in the Littlefield-Lamb county area is depicted by the sign above at the XIT Theater on the Levelland highway that was erected when the daylight day began last spring. Woody Nelson, manager of the theater, has stated that it will not open or operate during the

fall and winter months due to the cold and, if daylight again goes into effect next April, it will remain closed. Restaurants, drive-in theaters and similar businesses that do most of their business during hours of darkness, have flooded legislators with opposition letters to the later daylight time. This is one example of a possible total victim of the procedure.

## DST To End Sunday

The long-awaited special day is close at hand for opponents of that perennial summer gimmick "Daylight Saving Time".

Sunday, Oct. 27, will be a very special day for them, and they will have 25 hours in which to relish their triumph. At 2 a.m. on that day, their six-months-long ordeal will come to an end with the setting of the clock back one hour.

The extra hour in the day--that hour between 1 and 2 a.m.--will be repeated and will make up for the hour lost last April 29, the day DST began.

To revert back to Central Standard Time, all

clocks must be moved back one hour.

Few issues in recent times have raised such controversy in Texas as the time measure. Opponents of Daylight Saving Time contend that it was passed by the state legislature against the wishes of the majority of the people of the state. Their active opposition has continued without pause ever since the measure was passed.

Now they will be back where they want to be and may even be able to go to work and school in the daylight and come home in the dark, instead of vice versa.

## Altar Society Has Meeting

PEP--The Altar Society of St. Philip's Parish, held their regular meeting Wednesday evening, Oct. 16, in the Parish Hall, called to order by the president, Mrs. Gualbert Demel, and dedicated to the most Holy Rosary.

Roll was called by the secretary, Mrs. Eugene Gerik, with each member answering by the name of their favorite television program.

The Ways and Means chairman, Mrs. Fred Albus stated that they had purchased the cedar chest for which chances will be sold as the Thanksgiving Festival project. The cooking committee chairman, Mrs. Valeria Shannon, reported on the turkey donations.

Mrs. Demel announced that the proceeds from the traveling can netted \$40.

Mrs. Eugene Gerik read a thank you letter from the National Council of Catholic Women, for the donation from the society.

Under new business, Mrs.

Eugene Gerik and Mrs. Evelyn Albus were appointed to attend the DCCW Convention in Amarillo, on Oct. 29-30, as delegates. Alternates are Mrs. Leonard Albus and Mrs. Eddie Skelton.

The society agreed to have a 'Pot Luck' birthday supper on Thursday evening, Oct. 31, at 6:30 p.m. honoring Rev. Stanley.

The Catholic Charities program in November will be the baby shower.

The meeting closed with a prayer, led by Rev. Stanley, after which refreshments of cake, coffee, and soft drinks, were served by the hostesses, Mrs. A. J. Sokora, Mrs. Evelyn Albus, and Mrs. J. W. Walker.

### ADDISON'S DISEASE

Addison's disease, an ailment of the adrenal glands which usually causes weakness and exhaustion, was first described by Thomas Addison, an English physician, in 1855.

'WE, THE WOMEN' met Tuesday noon in the Reddy Room for its monthly luncheon and business meeting. Ham and "trimmings" were served buffet style to those attending.

## 'We' The Women Conduct Meeting

"We, The Women" met in regular session Tuesday noon, in the Reddy Room of Southwestern Public Service Company.

Following the noon meal, the business session was held, with President Mrs. Diane Mitchell, presiding.

Mrs. Lois Owen, the civic organization's secretary-treasurer, presented minutes of the last meeting and the financial report.

She read a letter from the Chamber of Commerce, which thanked the organization for its cash donation for the Christmas decorations project.

Mrs. Mitchell informed the group that 232 tulip bulbs have arrived and are ready to be planted at the school, Friday, Nov. 1, was chosen as date for setting the bulbs in place, and several members volunteered to help.

Homes are still being solicited for "open house" in the Christmas Home Tour, to be scheduled for sometime in December.

Mrs. Mitchell quoted some statistics from an article on voting and encouraged members to "get out and vote" in the upcoming election.

She introduced to the group the fact that a "Friends of the Library" is being organized in Lamb County, to benefit the County Library; and that the Woman's Club Scholarship Din-

ner has been scheduled for Nov. 12.

Mrs. Beth Kelly spoke on progress of the Christmas Bazaar, which has been scheduled for Saturday, Dec. 7, in the old Onstead Furniture Building. Preparation of gift items and food items, to be sold at the Bazaar, were discussed.

Material for aprons for the organization has been ordered and members will form a "sewing bee" to make them in the near future.

Next meeting will be held Nov. 26 in the Reddy Room.

## FTA Members Are Installed

Littlefield Chapter of FTA met Monday night, Oct. 21, in the high school library.

Janice Oldham gave the invocation and a salad supper was held, followed by a formal installation of 21 new members. Donna Seay, Peggy Dean, Cathy Barton, Diane Kelsey and Mrs. Lenton Smith, conducted the installation ceremony.

The Future Teachers Pledge was repeated by members present.

Mrs. Lenton Smith reminded the group that the "A" in FTA stands for America--Our America.

Donna Seay closed the meeting.

## Oklahoma A Officers Name

Oklahoma Avenue Demonstration Club met home of Mrs. Dewey Thursday, Oct. 17.

Roll call was answered "What Is My Hobby?"

The meeting was for election of new officers for the coming year.

Mrs. Dee Myers is the newly elected president. Joe Bitner is vice-president.

Mrs. J. M. Griffin, secretary; Mrs. A. B. Roberts, council delegate; Mrs. Maner, alternate council delegate; and Mrs. Thelma fin, reporter.

The Club Council Christmas party will be held Dec. 1, place of the meeting was announced later.

Mrs. Hulse served refreshments of homemade ice cream and cake to Mmes. Starnes, A. B. Roberts, Davis, Dee Myers, Rutledge, Veida Gage, Thelma fin, Doss Maner, Joe B. and one guest, Mrs. Hawk.

# Putting-you-firsts:

(A quick tour of some of the thoughtful new features the 1969 Chevrolets offer that other cars in Chevrolet's field don't.)

### Headlight washers

You push the windshield washer knob and hold it, and your headlights come clean.

Fluid is diverted to two jet nozzles at each light lens. (Outer lights only on duals.)

The spray removes up to 80% of accumulated dirt.

The feature is standard on 1969 Corvettes. It comes with the hidden headlights available on Camaro, Caprice and Kingswood Estate Wagons. It is available on all other models except Corvair.

### Heated glass

In a moment your rear window will self-defrost.

Because we've built onto it a network of tiny ceramic strips capable of heating the entire surface.

Fog and frost disappear quickly and quietly. You just flick a switch.

The heated rear window is available on the 1969 Caprice Coupe and Impala Custom Coupe.

### Pushbutton tire chains

You push a button on the instrument panel and the rear tires get a shot of "liquid tire chain."

You spin your wheels once, wait a moment, and you're off--with traction you wouldn't believe possible on slick ice, or packed snow.

Available on all 1969 big Chevrolets.

### Steering wheel lock

When you own a car as desirable as the 1969 Chevrolet, you don't take chances.

When you leave it, you lock it. Not just the doors.

You lock the ignition, steering wheel and transmission lever, too.

Our new lock on the steering column takes care of all that.

Standard on all 1969 Chevrolets, Chevelles, Chevy Novas, Camaros and Corvettes.

### Power steering plus

The 1969 Caprice, Impala and Camaro are available with a new type of power steering.

Variable-ratio power steering. What it does is give you faster steering with fewer turns of the wheel.

Variable-ratio power steering is particularly helpful in short, full turns.

And parking becomes unbelievably easy. You'll see.

### Walk-in wagons

The tailgate swings open like a door on most of our 1969 station wagons.

Which in itself is no big deal. But wait, there's more.

We've built a concealed step into the rear bumper.

You simply step up, over, and in.

(The way we build our wagons, you can do it without bumping your head, and without acrobatics.)

Walk into a wagon soon at your Chevrolet dealer's.

## Sondra Bales Has Birthday

Sondra L'Jean Bales was honored by her parents, Mr. and Mrs. Jimmy Bales, with a birthday party at their home Saturday, Oct. 12.

Sondra celebrated her third birthday with several friends and relatives. "Snoopy and Charlie Brown" theme was used in decorations featured throughout the house and serving table.

Children played games and the honoree opened her gifts. Favors from the party were Halloween sacks of "goodies".

Refreshments of orange cupcakes and orange punch were served to Becky Lobaugh, Denise Houk, Gregory Houk, Stephanie Duke, Angie Duke, her cousins, Joe Bales and D'Anna Bales; her aunt, Sheila Harrell; her maternal grandmother, Mrs. Freddie Harrell; and her maternal great-grandmother, Mrs. George D. Parker.

Mrs. Leland Maxwell Stone left Tuesday after several days visit with her mother-in-law, Ophelia Stone. She and Leland have been living in Korea but will soon be moving to Japan.

Rev. and Mrs. Edwin Hall from Mt. Hope, Ala., former residents of Littlefield, spent from Thursday until Sunday in the home of his parents, Mr. and Mrs. Comor Hall.

Mr. and Mrs. W. D. Hall have recently returned from Aledo, where they visited their daughter and family, Mr. and Mrs. Truit Absher and baby son.

## Maria Huerta Joins VISTA

Maria Diana Huerta, daughter of Mr. and Mrs. Greg Huerta of Sudan, was one of 36 trainees who were graduated recently from a VISTA training program at the Educational Services Corporation Training Center in Binghamton, N. Y.

As a Volunteer in Service to America, Maria will spend one year working with the Rochester, N. Y. Volunteer activities—develop self-help housing, credit unions and cooperatives; develop resources to meet health problems, unemployment, and poor housing needs; develop education programs.

Maria is a 1964 graduate of Sudan High School, and attended West Texas State at Canyon. Her previous volunteer was with the Buffalo Gals in Canyon.

## Sheriff's Posse Has Trail Ride

Members of Lamb County Sheriff's Posse met at Bull Lake Sunday afternoon for a trail ride and outing.

Riding in the event were Mr. and Mrs. Barton Spencer, Debbie and Herbert; Mrs. Junior Nicholas, Gay and Kerry; Mr. and Mrs. Bill Stone and Terry; Mr. and Mrs. Bill Blackwell; V. M. Peterman; Bobby Brown; Haley Reynolds; Quin McKinnon; Garth Grizzle; Dusty Angel; Lynn and R. V. Armstrong; Mrs. L. D. Others enjoying the picnic supper and fellowship, who did not ride were Mrs. Bobby Brown and Brett; Mr. and Mrs. R. N. Nicholas; Heath Reynolds; Mrs. V. M. Peterman; Mr. and Mrs. R. V. Armstrong; Mrs. Frank Prentice, all of Littlefield; and Mr. and Mrs. Larry Baldwin of Whiteface.

## Club Buys Weight Setup

The Littlefield Quarterback Club spent over \$2,000 Tuesday night, and voted Judd Walker "Booster of the Week".

The members voted to donate \$2,075 to the school with which a 10-station weight "machine" can be purchased for its apparatus ordinarily costs \$2,675, but was offered to the school at the reduced price.

Coach Raymond Birchfield said it was highly desirable and would be beneficial to the boys. The weight sets now being used by the high school will be transferred to the junior high for those athletes.

Walker was voted "Booster of the Week". He will take his place with the team throughout all preparations tomorrow evening, stay with them on the bench, during halftime and in the dressing room after the game.

## Whitharral Sets Homecoming

A chili supper at Whitharral school cafeteria from 5 to 7 p.m., will kick off homecoming activities at Whitharral Friday.

Whitharral Lions Club is sponsoring the chili supper and tickets may be purchased from any Lions member or at the door for 75 cents per person.

Following the chili supper, a bonfire will be held prior to the 7:30 kickoff in the game with Cotton Center.

A homecoming queen will receive her crown during halftime activities. Queen candidates are Rita Avery, Karen Hayes, and Gayle Burrus.

After the game, the senior class of Whitharral High School will serve coffee and dessert in the cafeteria.

# XIT Neighborhood Projects Discussed

The XIT Neighborhood meeting was held Monday, Oct. 21, in the Girl Scout building, with Mrs. Ethel Maurer, chairman; twelve troop leaders and Peggy Schugarek, district advisor from Lubbock, attending.

Service projects, such as needed repairs and cleaning of the building, and plans for coming events were discussed.

Play day will be held Saturday, from 10 a.m. to 2:30 p.m. in Laguna Park. Each girl is to bring a sack lunch, money, for her soft drink and a penny for each year she is old, for a contribution to the Juliet Lowe World Friendship Fund.

A Beta Sigma Phi representative reported on plans for the Spook House, to be conducted at the Girl Scout Building at 7 p.m. Oct. 31. Proceeds from the event will be shared with Girl Scouts.

The annual Father-Daughter pie supper will be held in the Community Center at 7 p.m. Nov. 11. The program will consist of various skits, songs, etc., to be presented by the different troops. Each girl is to bring her father, or a substitute, half a pie and a pair of outgrown, but still wearable shoes. The latter is a NBH Service Project for "Shoes".

ANTON Junior Cheerleaders are, left to right, standing, Christi Stone, Dorenda Timms and Kim Newton; kneeling, Mary Cantu and Michelle Jones.

# You have all weekend to take advantage of the phone company.

Anytime on Saturday and Sunday, you can call anywhere in the country for a dollar.

If you've ever called long distance during the day, you probably know it's more expensive than calling after 7 p.m. and all day Saturday and Sunday.

So you can understand why some people feel the way they do about us.

After all, they argue, why can't we charge the cheaper rate all day long? The answer boils down to the Law of Supply and Demand.

Most people call long distance during the day, when we charge our regular rates. So we can't really squawk about needing more business during those hours.

But in the evening, our office is more like a ghost town than anything else. Since running a ghost town is a losing proposition, we decided to run what you might call a sale on long distance calls. And that's when you can take

advantage of us. In fact, you can call anybody, anywhere in the country for a dollar or less.

Obviously, opportunity doesn't knock but once. It knocks after 7 p.m. And all day Saturday and Sunday.

## Boy Scouts Give Program For Pep

PEP--The Pep P-TA held their regular meeting Monday evening, Oct. 14, in the school auditorium, at which a Boy Scout program was presented.

During the program, Scouts received all honors they had earned at Camp Poc this summer--some receiving as many as five awards.

The president, Mrs. Frank Simmacher, called the meeting to order, and presided over the business session. John Shaller led the P-TA prayer, and the pledge to the flag was given in unison.

The Unit discussed voting, and Mrs. Simmacher encouraged all to vote at the coming election.

Mrs. J. W. Walker read a paper on "Legislation", and stated that all should read and study the amendments.

Mrs. Eugene Gerik, Mrs. Larry McCain, Mrs. Frank Simmacher, and Mrs. J. W. Walker, will attend the P-TA Fall Workshop in Olton, Oct. 22.

The P-TA yearbooks were distributed, and meetings are scheduled on the second Monday of each month.

In the room count, the eleventh grade was awarded the room banner.

Following the meeting, refreshments were served by Mr. and Mrs. J. W. Walker and Mrs. and Mrs. L. V. Hogue.

## Pep Sodality Plans Festival

PEP--The Sodality of the children of Mary of St. Philip's Parish met Sunday afternoon in the Parish Hall with the president, Ann Albus, presiding. Barbara Glumpler led the opening prayer.

The main discussion included the members help at the Thanksgiving Day Festival here, during the meals.

Lea Gerik led the closing prayer.

Attending were Rev. Stanley, Betty Jane, Gloria, Beverley, Joyce and Susan Gail Albus, Terri and Lea Gerik, Ann Albus, Faye and Kaye Demel, Barbara and Debbie Glumpler, Vivian Green, Teresa Diesterhaus, Kathy Decker, Diana Walker, and a guest, Jan Diersing of Paducah.

## Priceless Privileges

THE RIGHTS of U. S. citizenship include freedom of religion, speech and press, freedom of peaceable assembly, the right to own property and arms, and equality before the law.

Only a tiny proportion of the people who ever lived on earth have enjoyed this state of personal independence and freedom from tyranny.

An article in Traffic Manager magazine points out that to pay for his rights every U. S. citizen is expected to be loyal to his

country, obey its laws, vote in its elections, pay taxes for the support of government and serve in the armed forces if called.

SOME OF OUR PEOPLE seem to want the rights and privileges of U. S. citizenship but are unwilling to pay the price for them in return.

We should all remember that you never get something for nothing, least of all the priceless privilege of life, liberty and the pursuit of happiness.

## THE FARMER'S WIFE

### Lack of Interest?

BY LIBBY MUDGETT

IT'S JUST a cotton pickin' bloody shame. I've heard Orville Freeman cussed, dis-cussed, blamed, slandered, etc. etc. ever since he became the Secretary of Agriculture. Yet, when he makes one of his rare appearances in this area in a meeting open to the public and free for nothing, who shows up?

A handful. A big handful, but still just a handful.

SURE, he's stumping for Hubert, but he still talked only of farm problems and everyone was given a chance to write comments and questions, some of which he answered and the rest he STUFFED INTO HIS VERY OWN BRIEFCASE. I KNOW BECAUSE I WATCHED CAREFULLY.

So the next time you start spouting off your mouth, Mr. Farmer, about how those guys in Washington just don't know the way things really are out here on the farm, just remind yourself that you had the chance to tell it like it really is, ask the Secretary of Agriculture of your own country any question you wanted to, and didn't take the time or make the effort to do so.

THE QUESTIONS he didn't have time to answer verbally he promised faithfully to answer by mail. Granted that somebody else will probably do the actual writing, never you doubt but what he got the picture just from glancing through those cards upon which every person present was free to write whatever he bloody well pleased.

His speech was the same old thing, just like you knew it would be, but the point is, you still had the opportunity to see, listen to, complain to, gripe at and, if you were so inclined, even insult (and believe me, some of those questions that he answered were pretty insulting to the head of the department that sets the policies that directly affect the way you make your living.

USHERS PASSED OUT little white cards upon which people were asked to write whatever they wished. I snickered, knowing full well that those cards were going to be carefully picked over by aides, a few selected ones given to Mr. Freeman, and the rest tossed into the wastebasket.

I was full well wrong. They were given directly to Orville and I'll say this for the man—he waded right into them and laid only one aside. (I'll go to my grave wild with curiosity over that one. Was it obscene? embarrassing? slanderous? personal?)

BEFORE he was through speaking, individuals from the audience were writing questions and comments on their cards and taking them directly to the stage and to Orville himself.

Now ask yourself this question—IN HOW MANY COUNTRIES OF THE WORLD CAN THIS STILL HAPPEN?

Sure, I know, this is an election year, the Democrats are running scared, and just reading comments and answering questions doesn't change anything.

THE POINT IS THIS: The Secretary of Agriculture was here in our parts, farmers had a chance to tell or ask anything they desired and THAT AUDITORIUM WASN'T EVEN NEAR FULL!

It scares me. It makes me wonder.

FREEDOM DIES from lack of interest and farmers have already lost a lot of freedom. They complain about it constantly. Yet here was one great big freedom they do still have and only a precious few took advantage of it.

So, Mr. Farmer, whatever you were doing last Monday afternoon, unless it was mighty all-fired important, you should have grasped your opportunity to be heard.

The day may come when that freedom, too, will be a thing of the past.

## PAUL HARVEY

### Parents Will Be Strict!

It was during the International Kiwanis Convention in Toronto that I got my first glimpse of the moderns' version of the old "hobo jungle."

Most hippielands in the United States are so unsavory as to be unpleasant, even dangerous, but in Toronto's "village"—three blocks of one street—you can observe the weird getups of these fugitives from reality without yourself getting soiled.

FIRST, let this not reflect unfavorably on Toronto generally. It is a most beautiful city, its people are uncommonly hospitable.

Americans who travel overseas these days are most likely to feel unwelcome. For diverse reasons, many in other lands resent Americans and show it. Many are rude, some openly hostile.

In Toronto every cab driver, every hotel employee, every news vendor could not do enough to make the American visitors feel wanted.

ME'N THE BOYS JUST PLAY POKER FER MATCHES THAT WAY NOBODY GETS BURNED.

AND IT WAS NOT a false face masking a mercenary motive. Even during the most terrible traffic crush in the history of Toronto's airport few were flustered and nobody was rude.

So what I am describing is an inevitable adolescent pimple on an otherwise beautiful face.

THE "VILLAGE" is a sad circus. I guess that is what impressed me most. With their long hair and short skirts or short hair and long skirts or soiled jeans or shapeless sackcloth, sandaled or barefoot, these children are such faded flowers.

No job, no curfew, no responsibilities—they are as free as can be—yet so miserable.

FROM THE DREADFUL DRUDGERY of uselessness they seek escape in sex and narcotics and so young their bodies sag and their eyes glaze with cynicism.

If only they laughed and sang and danced in the street.

Instead, they stand and stare or walk and stare or sit and sulk.

Don't you know that when these young grow up they are going to be strict with their children!

THESE ARE GOING TO BE as rigid in enforcing discipline as we were careless in relaxing it.

Those who survive the hippie era intact—if their bodies survive the ravages of dirt, neglect and overindulgence and their brains are not softened by drugs or disease—those who do get through this era of permissiveness and get married and have babies are going to become tougher disciplinarians than their great-grandmothers!

Don't you know their babies are going to be supervised until they are 27!

I WILL NOT BE SURPRISED if this next generation of parents, having tasted the bitter fruits of uninhibited freedom, reverts to chaperoned dating and modest dress and parentally enforced curfew, decency and good manners.

Why, this next generation might even dust off the Bible—at long last reconvinced by the pain of their own trial and error that God's laws are still the best laws for insuring an orderly existence; that even if this book did not promise life hereafter, it is still the best rule book for a good life here.

## This Is Littlefield

Big pieces of machinery and heavily laden trucks are laboring inside Littlefield, as well as outside.

But the difference is, those operating in the city are doing road improvement work, while those outside are harvesting in the fields.

Reconstruction of roadway is underway in three locations within the city. One phase is on west 10th from Sunset to Monticello.

The other two phases are on Delano,

at opposite ends. The east part is on Highway 84 to the Spade cutoff, and other part is from Sunset to Monticello.

Work here, 0.4 of a mile near Olmos resurfacing the highway from Littlefield to Spade is all part of a \$953,681.84 project being carried out by Kerr Construction Company of Lubbock, low bid to the State Highway Department.

A community of construction noises, with hustle and bustle....This is Littlefield.

Dear Turnrow Tunkel:

D. C. McBRIDE

DID YOU READ where it has been discovered that teeth can be cleaned with sound waves?

It must work, at least in some cases. I have noticed that both my wife and Hubert Humphrey have real bright teeth.

I UNDERSTAND that cucumbers and cabbage soup are the main items in the diet of average Russians, who spend only 50 minutes a day eating.

With a menu like that, I could give them back 45 minutes.

WERE YOU SURPRISED that Greek billionaire Aristotle Onassis proposed marriage to Jackie Kennedy?

I don't consider it any of my business, but a friend of mine—a veteran married man—says we now have two Greeks in the news: Mr. Onassis and Spiro T. Anonymos. He allows they have something in common—the tendency to say things on the spur of the moment that they may regret later.

JUDGING FROM YOUR experience in WW II, would you say that men from the farms and ranches of the Southwest made good soldiers?

When things got rough, they were the best. It's pretty hard to shake a fellow who has worked on top of a windmill with a "blue Norther" blowing.

WHAT DID YOU think of Mr. Nixon's statement that if he is elected he will not ask Congress for a lot of new legislation? He thinks we have too many laws already.

His attitude could result in much unemployment. When Congress passes a new law, a bureau must be set up to administer, interpret and enforce it. The type of law doesn't matter, in fact the more complicated it is, the more employment it provides. This probably explains some of the legislation passed the last few years.

DON'T YOU THINK that Fall is the most pleasant time of the year in the Southwest? How about Winter, when it's too cold to plow, but just right to play dominos?

## THE ABUNDANT LIFE

### Crass Cynicism

BY BOB WEAR

IT SEEMS that there is too much distrust of life, and of the future. Of course, the present-day materialism and sophistication provide the climate in which crass cynicism can flourish.

PESSIMISM IS A COMMONLY USED WORD which expresses some of the feelings of cynical people. The fullness of cynicism, however, is more than pessimism. Realizing this helps us realize how very badly cynicism damages us.

Another part of the cynical spirit is found in the misanthrope, the person who has a deep-seated distrust, contempt and often dislike of human beings. Those with such attitudes will have feelings of discomfort in their associations with others.

THIS CRASS CYNICISM includes a sneering, contemptuous disbelief in the sincerity, the nobility and the integrity of people and their goodness. The persons who permit themselves to be so adversely affected are most unfair and unhappy with themselves and others. They have eyes, but they do not see.

As undesirable as the spirit of crass cynicism is known to be, we must not assume that naivety is a justified view of life. The lack of informed judgment is not to be recommended, and can be quite harmful in the living experience.

WE MUST REALIZE that becoming well-informed does not automatically cause us to assume the posture of a cynic. We can know, and accept the totality of real things, and events; the bad, as well as the good, without having any of the feelings of cynicism.

We can attain the balance that enables us to see and appreciate the desirable qualities of life, even while we are fully conscious of the undesirable qualities.

Dickens said, "It will generally be found that those who sneer habitually at human nature, and affect to despise it, are among the worst and least pleasant samples."

THERE IS NO PROPER PLACE in a worthwhile life for any of the spirit of cynicism. Refusal or failure to see any good or anything of value in one's fellowmen, or in their behavior is the basic characteristic of the cynic.

The cynic is the person who believes that all human conduct is motivated wholly by self-interest. He does not believe that human beings are capable of unselfish thought or behavior.

Oscar Wilde describes a cynic, "the cynic is one who never sees a good quality in a man, and never fails to see a bad one. The cynic is one who knows the price of everything and the value of nothing."

THE MENTAL ATMOSPHERE caused by crass cynicism is one of the most unwholesome and most undesirable known to man. It is productive of no good, and expresses evil nature through all manner of perverse conduct.

It often involves a deep-seated hatred of mankind, and causes the individual to be upon the general activities and endeavors of human beings as hopeless and meaningless.

This state of mind is fundamentally materialistic, and embraces the philosophy that lives by bread alone.

CRASS CYNICISM is a sickness caused by spiritual malnutrition, because the life the cynic is devoid of faith, hope and love and is filled with doubt, despair and hatred.

We are cynical when we doubt the worth of life, and to the extent we accept crass cynicism we are destroying our own personal well-being.

### Viet Note Of Encouragement Gives Spirit

Coach Raymond Birchfield received the following letter from PFC Lyndell M. Stansell, now stationed with an Artillery Battery in Viet Nam. He said the letter commented for itself:

Dear Coach: I just got the news over here in Vietnam from my parents that you beat LeVelland. I'm trying to get the Littlefield paper so I can read up on all your games.

I also heard that you got beat by Estacado but the first game is a game to get experience. I remember when I was on the "B" team in 1965, we lost the first game to Monterrey and then we won the next eight games.

In 1966 we did pretty good for the first three games then we started riding high and got knocked off by Tulla. A loss may be helpful at times.

So, I hope that the Wildcats have a great season. It's not the wins that people want, it's how their team puts out.

I know that the team is a small team. People like to see the little man beat the big man. If they know how much a win means after two years out of school when you look back at that season.

Time to start thinking is now, then look back at a good season. I wish you luck Coach Birchfield, Lindy Stansell.

The Netherlands ranks high among the nation's shipbuilders.

### Gay And Nancy Given FFA Recognition

NANCY HALL

Gay Nicholas and Nancy Hall received top recognition at the October meeting of the local FFA chapter. Gay, daughter of Mr. and Mrs. R. M. Nicholas, was selected FFA Sweetheart while Nancy Hall was chosen Plowgirl.

GAY NICHOLAS

Gay, a blonde, blue-eyed senior, spends much of her time on horseback. She acted as Queen for the Lamb County Sheriff's Posse last year. She is an active band member.

This is Nancy's second time to hold the Plowgirl title. She holds membership in many organizations including the National Honor Society and Student Council.

Both girls will present awards at the annual spring stock show and Gay will represent the chapter in district competition.

### Romans XII Again Hits Seniors

Have you noticed several of the seniors walking around with Bibles lately? It would be hard to believe that they are ministerial students. Actually, they are students in Mrs. Lynn's senior English class.

Each year about this time, Mrs. Lynn assigns Romans 12 to her students as memory work. There are twenty-one verses in the chapter.

When asked why she thought this memory work was important, Mrs. Lynn stated: "First of all, it's just good literature. And, it has principles for good living. And during this six weeks, we will be studying the period that gave us the translation into English."

There are several different versions to Romans 12, including the King James version, Living Letters, Good News for Modern Man, The New England Translation, Catholic version, and others.

Mrs. Lynn stated she had been assigning Romans 12 as memory work for about eight years.

### Time Will Tell If You Have Time To Figure

It's time for the time to be changed back to the time when the time was the right time before daylight savings time came along. If you are now thoroughly confused about the changing of daylight savings as I am, then you will have difficulty in keeping your sanity when its time to turn back your clock to the right time.

Just remember that this coming Sunday to turn your clock back an hour. If you don't turn your clock back and you wake up an hour early Monday morning to go to school then actually you'll be getting up two hours earlier than you actually thought. Now that I've thrown the whole human race back into total confusion, I bid you farewell.

Officers of the NHS held a short meeting last Monday to discuss the proper procedure for the induction.

Probationary members to the Joe C. Hutchinson Chapter of National Honor Society will be inducted in a ceremony on the evening of October 29.

A refreshment committee was appointed. Pat Hinds will serve as chairman, and Debbie Hill and Jane Nowlin will assist her. Rosendo Soria (chairman), Nancy Hall, Allen Williams, and Janie Hyatt were appointed to serve on the committee to clean the trophy cases.

### ATHLETICS IN ACTION

BY ROY BOLTON

Tomorrow night the Littlefield Wildcats take on the Snyder Tigers in Wildcat Stadium. Kickoff time is 7:30.

Last Friday night the Tigers' homecoming was upset by the Sweetwater Mustangs with a score of 48-0. The Tigers were held to minus 31 yards rushing, but gained 131 yards through the air.

Last Friday the Wildcats were defeated by Lamesa 21-7. The Wildcats scored first when linebacker Vernell Kemp latched on to a Tornado lateral and raced for an unbelievable 94-yard touchdown. Roy Burk kicked the extra point.

Then Lamesa's quarterback Terry Kinard passed to end Steve Burdett for a 14-yard touchdown. The extra point try was good, tying it up 7-7.

In the play after the one following kickoff, the Wildcats received a serious blow. Senior quarterback Roy Burk, starting for his second season, was tackled after picking up 12 yards around his right end. Both bones just above the ankle of his left leg were broken on the play. He will be out for the duration of football season and probably the first part of basketball season.

The Kinard-to-Burdett combination worked twice more on pass plays covering 21 and 24 yards. The first extra-point was no good, but the second ended up in a two-point conversion on a faked kick.

A group of boys who have been working long and hard this season is the LHS B-team. These boys went through two-a-days and go out to the football field at three o'clock every day the same as the Varsity. Most of these boys will be on the Varsity next year and they need your support NOW. Give it to them! Tonight the B-team plays the Lubbock sophomores at Chapman Field in Lubbock. Gametime is 7:00 p.m.

### FTA Initiates New Members At Salad Supper

New members of FTA were initiated at a salad supper this week in the high school library. Officers of the chapter explained the purposes and rules of the organization to new members who then took the FTA pledge in initiation ceremonies.

The chapter has a full calendar of events planned for the year. Members will attend district convention at Olton on December 7. Many of the students will compete for the titles Mr. and Miss FTA during the winter. A chili supper has been scheduled for February, and in the same month, delegates will attend the state convention in Austin. The chapter will host a coffee for the faculty during Public School week, March 2-8. Activities will come to a close in May with a cookout honoring graduating seniors.

Dona Seay, chapter president urged all interested parties to attend the next meeting, November 18. Yearly dues are \$1.50.

### It Takes Hours, But Grounds Show Results

Have you ever noticed how clean our campus is? Well, it is due to the excellent work of Mr. Hodge, our school yard maintainer, who was first employed three years ago at LHS.

Mr. Hodge spends his days beautifying our campus. His jobs include mowing the grass which he does once a week during the summer and mowing the field once every other week, and pruning the trees and bushes. He also has the patio garden to keep up, and makes sure the campus is free of trash and litter.

A lot of time and effort is spent to keep these grounds attractive for enjoyment. He keeps it beautiful not only for us, but also for the travelers who might be passing through Littlefield.

CARRYING THE LOAD for Twirp Week, La Tonya Dangerfield smiles coyly as Joe Lynn Ross stacks books high. Such was the scene in the halls of LHS this week.

### Twirp Causes Turnabout With Girls After Boys

RUN boys RUN because the girls are coming. The situation of the boys fighting over the girls, calling up asking for dates, carrying heavy books and opening car doors, will now take a reverse action. The girls will now take a reverse action. The girls will be using their most sincere pleas, their special smiles, and their most tactive moves to hook the fellow she wants. Yes, that's right because this week at LHS marks the beginning of another TWIRP Week.

The initials T.W.I.R.P. hold the meaning of: The Woman is Requested to Pay, and that is exactly what the girls of LHS will do. Twirp began here in 1955-56 by the Social Director Paul Yarbrough. Yarbrough got his idea for Twirp Week from a comic strip. This will be the twelfth year in which this activity has taken place at LHS. Our Student Council sponsors this activity twice a year; in the spring and fall.

The purpose of Twirp at LHS is mainly for fun and still another reason is to "fetch" herself a guy. Knows? Bells may start ringing sooner than you think girls. Happy Hunting!

### FHA Installs Rosanne To Head Organization

The Patsy Lively Chapter of Future Homemakers of America conducted a special session last week in the high school auditorium. The objective was to install the newly elected officers and to explain to them the duties and responsibilities they were about to assume. The session included candlelight ceremonies which explained the purposes of FHA.

The officers who were installed are: Rosanne Funk, president; Cheryl Lasiter, first vice-president, is in charge of the programs; Vicki Wimberly, second vice-president, is in charge of degrees and yearbooks; Nancy Henson, third vice-president, is in charge of projects; Dianne Perkins, fourth vice-president, is songleader and in charge of recreation; Tonya Bingham, fifth vice-president, is in charge of publicity; Kay Burk, secretary; Patricia Sanders, treasurer; and Carolyn Lumsden, parliamentarian and historian.

You know, life is full of little tragedies, like having to tie your Honey Bun before thawing out or tearing your stockings before you get out front door. Some mornings start off wrong. Have you started to brush your teeth got a hold of your toothbrush Brillcreme instead of Gleen? Boy, a little did you after a tiring day school, there's nothing coming home to find that retarded dog has scratched new Johnny Rivers album with darling brother left in the bed.

### SKAT STAFF

The SKAT is edited by the first period Journalism students of LHS, and published each Thursday by The Leader-News without expense to the school or taxpayers. The SKAT invites other media to use stories or articles therein.

Editor, Milynda Morris. News Editor, Danny Gowen. Sports Editor, Roy Bolton. Feature Editor, Laqua Graham. Reporters, Junnie Gray, David Roden and Juanita Samanlego. Advisor, Mr. John Nail.

Then too, you could be blessed with a splendid car. Cars just don't run very well. Did you ever have to use spark plug to turn off the heater? (I won't go into details. Many conveniences seem to cause more trouble than they are worth.)

Luxembourg's prosperity depends largely on steel mills.

HOW'S THAT FOR SIZE? Dianne Perkins fits Peggy Richy with a ring as the juniors ordered their senior rings last week.

The world's largest copper reserve estimated at 134 billion pounds is in Chile.

### Juniors Order Rings For '70

The junior class had the ordering of future seniors with the order of senior rings Thursday morning. Every year the seniors have been offered senior rings at a reasonable price. This year the rings are being sold to LHS seniors by the Star Engraving Company of Houston.

An estimated 105 juniors placed orders for rings ranging in prices from \$17 to as high as \$40 depending upon the size and workmanship.

## No Homework

Whoever thought of Twirp Week anyway? For some, Twirp Week is stupid, silly and up to no good. For others, it is the chance of a lifetime, the chance to get out and get that one boy.

Twirp week is okay, except when it comes to WHO chooses WHO! If someone asks a boy before you do, then probably think Twirp Week is stupid, and up to no good.

But if you can get the boy you want, it's love at last—for him AND Twirp Week. For us—twirp, twirp. In other words, we're chicken.

ton in a very close battle. Today the eighth grade team will play Plainview at 5:30 here in Littlefield at the stadium.

The freshmen traveled to Olton last Thursday to battle in a no scoring loss. Our fighting wildkittens will venture to Plainview to tangle with the Plainview Bluepups. Good luck and bring home a victory!

BEAT PLAINVIEW!!

A pep rally will be held at 3:30 in the gym this afternoon to help lead the boys on to victory. Everyone is invited to attend. Many thanks are given to the band for the good job they are doing.

If you've been smelling gas or something burning, perhaps it could be the home economics girls attempting to prepare a breakfast. Last Friday all the home ec girls beautified themselves with their aprons and those lovely hairnets! The breakfast consisted of orange juice, biscuits, butter, and jelly. The biscuits were a bit hard, but tasted great to those girls who worked so hard on them. They will all make good little housewives for some unfortunate guy. Until then, let's hope they learn a lot from Mrs. Keeling! Keep up the good work and try not to burn down the building!

F. H. A. members have been out selling cook books and school record books. They are earning money to send a girl to the state meeting. That will be a great honor for some girl. F. H. A. meets the first Tuesday of every month. Mrs. Keeling is really doing a great job with all these girls.

Deck the Hut with Coconut????  
'Twas the day of the pep rally  
And all through the school,  
Polite and mannerly students  
Made "no hall noise" our rule.

Congratulations to Gary Brown! Gary won first place here in Punt, Pass, and Kick. When he went to Lubbock he won first there, also. This Saturday Gary participates in Dallas and if he wins there, he goes to Washington, D. C.

GOOD LUCK, GARY!!

The junior high band has learned its entire show for marching contest now. Contest is November 12 so they've really got to work hard. Pound it in, Mr. Anthony!

By the time a man realizes that maybe his father was right, he usually has a son who thinks he's wrong.

Have a good week.....and twirp away!

# School Participation Honors Given Kelly

Jim Kelly, Executive vice-president of the Chamber of Commerce, has been recognized for successful participation in his third year of the Principles of Management course in the Institute program, the Chamber of Commerce of the United States has announced today.

Recognizing the increasing number of challenges facing the business and professional community of today and the need for executives with the knowledge, skills, and attitudes to do the job, the National Chamber conducts Institutes each summer at six of America's leading universities.

Institute faculty is a productive blend of outstanding men and women who have demonstrated effective leadership of today's voluntary business organizations. University professors whose education and major interests are in areas related to the special problems of participants also teach in the program.

Institutes are guided by a Board of Regents composed of executives of leading trade and professional associations and

## Young Farmers Hear Stone

Lloyd Stone of Plainview was the principal speaker at a meeting of the Young Farmers at Spade School Thursday.

He spoke to the group on the subject of the importance of turning under maze stubble to provide humus in the soil. This will help condition the soil for better crops in future years, Stone told them.

A question and answer period after the talk was followed by a short business meeting and refreshments.

Don Bell, president of the organization, presided at the meeting.

BROWNIE TROOP 452 visited A. G. Jungman's Taxidermy at Pep Wednesday. Making the trip were, left to right, back row: Shalyn Grant, Dana Bassett, and Carla Jo Turner. ## VOTING RECORD & POSITION

### ★ Water Development

Bill Clayton has been directly associated with every major piece of water legislation passed during the last six years. He is recognized by his colleagues as being one of the most effective and well informed members of the Texas Legislature on water and soil resource development and conservation. Bill Clayton knows the vital importance of water, not only to your future, but to the future of the entire State. Past accomplishments and effective leadership have made Clayton vital to continued progress in development of water resources for the High Plains.

### ★ Education

Child by child we build our nation...tomorrow depends on today's children and young adults. Bill Clayton is ever mindful of the need to raise our standard of excellence in the Texas school systems. This can only be done through the uprating of the Texas schools, and dedicated recruitment of the finest teachers. Clayton co-authored a bill that created the "coordinating Board of Texas Colleges and University systems. His voting record shows a continued support of teacher pay-raise and the strengthening of all educational systems in Texas.

### ★ Law Enforcement

Today, law enforcement agencies are facing new problems. Bill Clayton is concerned about the breakdown of law and order. Clayton has been active in seeking higher salaries for law enforcement officials and uniform standard procedures. Bill Clayton served on a special House Committee which will suggest revision of our obsolete liquor laws. Clayton believes that all people must respect the law and that proper enforcement is essential to maintain law and order.

**BILL CLAYTON**

Representing the 72nd District

Legislative District

Your effective voice in State Government

Take advantage of this opportunity to keep your firm grip in the State Legislature by going to the polls on November 5th, and casting your ballot for BILL CLAYTON.

# THE 72nd DISTRICT NEEDS BILL CLAYTON

Pd. Pol. Adv. By The Bill Clayton For Better Government Fund, Virgie Halk, Chairman.

## VOTING RECORD & POSITION

### ★ Industrial Development

Bill Clayton knows that industrial development helps to stabilize the economy of any given city or area. During his six years in the Legislature, Bill Clayton has worked aggressively for industrial development for our area of the State. Several smaller cities in our 72nd Legislative District now have airports as a result of Clayton's assistance in starting a program of State grants. These State grants are financed with unclaimed gas tax refund on aviation fuel. Bill Clayton knows that airports help encourage industry in less densely populated areas.

### ★ Tourism

Bill Clayton has worked hard for tourism during his six years as State Representative. Clayton, House Speaker Ben Barnes and other interested legislators were successful in establishing a National Park in the Big Bend area of West Texas. The water importation program being led by Clayton will develop many new recreational opportunities with huge water reservoirs for fishing and boating. Bill Clayton realizes both the need for more recreational facilities in his district and increased business activity from tourist trade.

### ★ County, City & Local Gov't

Bill Clayton has been a strong advocate of local government. He is currently serving as chairman of the Committee on Counties of the Texas House of Representatives. Clayton believes that government at the county and city level are more responsive to the people and whenever possible they should take the lead and the responsibility of many governmental programs and functions. Clayton has authored many bills that benefit the cities and support the idea of allowing cities the option to choose their own method of taxation. Bill Clayton is needed on the job for more effective and responsible county, city, and local government action.

# Limping 'Cats Host Snyder

The old saying "When it rains, it pours", doesn't pertain only to the weather, nor is it the exclusive saying of an American salt company. It also applies to injuries of the Littlefield Wildcat football team.

Last Friday night, Coach Raymond Birchfield lost for the rest of the season his two-year starting quarterback Roy Burk, when the fine all-round athlete had both bones just above his ankle

broken when tackles in the Lamesa game.

Birchfield announced that his leading ground gainer, Kenneth Twitty, had reinjured his hip and would very likely miss Friday night's clash here against Snyder.

The Tigers have won one less game than have the Wildcats, 1-4 and 2-3, but they can break any game wide open on the running of David McGinnis, who is

one of the highest scoring backs in the conference.

McGinnis has been injured the past two games, but is figured to be ready for the Wildcat clash. The fullback has scored seven touchdowns this season for 42 points.

Coach Birchfield says the Tigers are strong and to be highly respected.

"I don't see how they've lost

like they have. Their fullback McGinnis has been hurt a game or two.

"If we don't play to the best of our ability we could be beaten real bad. If we play our best, I believe we can win," said the Wildcat mentor.

Snyder's backfield is its pride. Though they are not too large, they are swift and have considerable experience.

The line is the most inexperienced, and not nearly as strong as it was last year when the Tigers held Littlefield 7-6.

In that 1967 game, it was McGinnis that scored the winning touchdown. He ran it over from the five yard line in a defensive battle that was a standout game for the season.

Snyder scored first in that game, after being held twice from punching over though

reaching as deep in Wildcat territory as the one-yard line.

Littlefield's score was on a 74-yard pass from Burk to graduated Mike Grissom. The running try for extra points, that could have won the game, was cut short by the hard-rushing Tiger line.

Birchfield will have to go with only five backs against Snyder. He will start Charley Holt as quarterback, Eddie Hickman at Wingback, Travis Danford at Tailback in place of Twitty, and Vernell Kemp at Fullback.

Versatile Bruce Timian is the only reserve back, but he has played quarterback and fullback during the season when called upon.

Timian will start on defense, where there are no reserves for the secondary.

PUNT RETURN--Travis Danford, 10, returns a Lamesa punt 13 yards to the Littlefield 47 yard line early in the second quarter of Friday night's District 3-AAA contest at Lamesa.

Danford's run was lengthened seven yards by a block on Lamesa's Floyd Jenkins by Hickman.

## Eighth 'B' Team Posts City's Only Win

Of five games played by Littlefield football teams last week, only one club won. That was the Eighth Grade B team.

And the Eighth B did it convincingly, too, 30-0.

It was a game of the big touchdowns, with all scores coming on plays covering 24

to 43 yards. They were scored by Aureo Soria, 40-yard run; Jon Berry, 24-yard run; Don Trotter, 35-yard run, and Doyle Washington, 43-yard pass and run from Randy Dayton.

Extra points were run by Eddie Surratt and two by Leon Hodge.

The locals racked up 260 yards on total offense to 115.

In the other games, the Eighth A lost to Slaton by a scant 20-18 margin, but the Freshmen lost 14-0 to Olton, the Junior Varsity 26-0 to the Ponies while the Varsity was bowing 21-7 to Lamesa.

Scoring for the Eighth A were Donald Britt, four-yard run; Leroy Danford, 25-yard run; and Donald Washington, an 80-yard pass and run from J. E. Johnson.

Slaton gained 253 yards total offense to Littlefield's 230.

The Eighth B record is now 1-2-2, while the A card reads 1-4.

The Freshmen's game was considerably closer than indicated by the 14-0 score. Olton scored the second touchdown with only five seconds remaining in the game.

Littlefield quarterback was Randy Trotter, given the assignment with Porfirio Cristian injured his knee last week against Abernathy.

Littlefield trailed in the statistics: 4-7 in first downs, 84-114 in total yards. But the locals led in rushing, 84-57. Olton added 57 yards by passing.

Dennis Hartley was the leading local ground gainer with 45 yards, followed by Danny Estrada with 37.

The Eighth A and B play here this afternoon, starting at 5:30. They will meet Plain-

**LITTLEFIELD SPORTS ARENA**

# Six Area Home Games Friday

You can pretty well have your choice of football games tomorrow night and not have far to travel to any of them.

Only two of the eight Littlefield area schools are on the road, and those are fairly close.

Playing at home will be Littlefield against Snyder, Vega at Sudan, Cotton Center at Whitehall, Smyer at Bula, Sundown at Amherst and Ropesville at Anton.

The two road games include Springlake-Earth traveling to Bovina and Olton roading it to Lockney.

All eight games are conference games, as the two Class B schools, Amherst and Anton, open their district play this week.

Olton, the only undefeated team of the area and still the top-ranked AA school on the South Plains, puts its prestige on the line against tough Lockney.

The Mustangs have breezed past six opponents, three of whom are District 3-AA members. They've rolled up 219 points to 34 for the season and 89-18 in loop play.

Charles McClain is leading in scoring with 64 points, followed by Kenneth Johnson, 36, R. L. Copeland, 32, and Benny Akin, 25.

Lockney, though holding only a 3-3 season and 0-2 loop record, plays it tough. The two loop losses have been by only one point to Floydada (8-7) and Priona (14-13 last week). None of the Longhorn backs are among the district's top 10 scorers.

After playing Farwell tough at home last week, but losing 26-7, the Wolverines of Springlake-Earth will try to get on the winning side of the District 3-A ledger against Bovina.

Their hosts are also winless in conference play, losing to Sudan last week 46-6.

The Wolverines, led by Tony Barton, 30 points, and Hoyt Glasscock, 28, have two wins against four defeats for the season, and have scored 106 points while allowing 155.

Bovina has tough Stuart McMeans who has scored 43 points and Royce Sisk, 24 points, who have accounted for most of their 114 points this season. Bovina is 3-3 for the season, having given up 100 points to the opposition.

Sudan, the number one Class A ball club on the South Plains will take on District 3-A newcomer Vega. The Hornets are 5-1 for the season, having scor-

ed 186 points while allowing only 61.

Jerry Bellar, a junior, is the leading high school scorer on the South Plains with 101 points, while classmate Larry Janna packs a lot of defensive respect with his eight touchdowns for 48 points.

The Longhorns lost their initial conference game last week to Kress, 19-0, and now stand 3-3 for the season. They've scored 93 points but have allowed 85.

Whitehall's Panthers opened conference play with a 44-36 win over winless Bula last week, and take on Cotton Center at home tomorrow night.

The Panthers are now 2-4 for the season. They've scored 110 points, but have allowed 242. Cotton Center was 2-3 going into last week's game with Gail, and no report of that game's outcome is available.

Smyer, 2-4 for the season and 33-0 for the season to Three Way last

Friday, takes on win-hungry Bula in Bulldog stadium. Smyer has scored 48 points and allowed 188, part of which came from the previous week's 43-16 loss to Dawson.

The Bulldogs have scored 62 points in their four losses, and have given up 130 points.

Amherst, 2-3 for the pre-conference battles, will be taking on another top Class B club in Sundown.

The Roughnecks, 4-1 for the season with 157 points against 97, are the only team this year able to beat Sudan. And the Hornets have one of those three losses handed the Bulldogs.

Amherst lost to Lazbuddie 46-19, while the Roughnecks are fresh from a 64-15 victory over Matador.

Royce McAdams is the big offensive gun for the Bulldogs, and the Roughnecks will counter with Mike Morgan.

Winless Anton opens its conference schedule against unde-

feated Ropesville. The hapless Bulldogs have scored only 22 points in their five starts, and have given up 134. Their game last week was an interesting 12-6 battle with Hart.

Having observed an open date last Friday, fresh Ropesville will try to improve its 4-0 record and 92-37 offensive, defensive scoring card. The last game Ropes played was two weeks ago. That was a 14-0

shutout over O'Donnell in Ricky Braden starred, he 24 points for the season.

Phyllis Kirk and Arthur Godfrey say  
**"Viking Kitchen Carpet is for women who don't believe in kitchen carpet"**

**Viking works... and we can prove it!**

Come watch us smear oil over it. Spill grapejuice on it. Scrub it with a stiff wire brush. Scorch it with a lighted cigarette and make an instant repair. Prove to you that Viking Kitchen Carpet can take all the actions and accidents in the kitchen (and play room, basement, nursery, bathroom, dining room) and come up looking like new.

It has a super dense, super tight nylon pile over a B. F. Goodrich sponge rubber under-cushion (not foam!) with a built-in waterproof barrier in between. So easy to clean. And so easy on you. No more waxing and buffing and de-waxing. This is the one that takes all the upkeeping out of housekeeping. Hard to believe? See for yourself!

And Viking is the genuine kitchen carpet—the Real Thing. Not felt, not pressed fiber, not grass—but carpet, engineered to go where carpet never could before.

Arthur Godfrey has Viking Kitchen Carpet in his kitchen. Listen to him tell about it every Monday and Thursday on The Arthur Godfrey Time CBS radio network.

**A TIME FOR DECISION**

A Presidential election, the most important one in our lifetime, is close upon us. With three candidates in the race Texans are confronted with such a variety of appeals that some confusion is not surprising. We see some of our top state political leaders urging support of Hubert Humphrey on the self-serving appeal of party loyalty. We see fine Texans tempted to support George Wallace because they like his outspoken position on certain issues and are thus swayed by an appeal of sheer emotion. With full respect for the right of every Texan to make a personal decision, this message in behalf of Richard Nixon is offered as

**... AN APPEAL TO REASON!**

**HUBERT HUMPHREY WILL NOT** change. He has proved consistently anti-Texas. He is famous for his filibuster against Texas owning its tidelands. He has fought our right-to-work laws and sought to destroy our vital oil depletion allowance. On every issue of world importance his position is contrary to that of most Texans. Humphrey, an ultra-liberal founder of the ADA organization, would gain executive authority for radical minority viewpoints should he become president. This cannot happen by popular vote. In view of his vicious attacks upon George Wallace, what a ghastly miscarriage of intent it would be if Wallace supporters themselves should throw the election into the House of Representatives where every Wallace vote in Texas would automatically go to Humphrey!

**GEORGE WALLACE CANNOT** be denied his impressive showing. A number of fine people heed his third party call. The very least that can be said is that he has dramatized the desires of many people for a change of direction in the affairs of our government. However, the very most his supporters can hope for is to split the popular vote so that all of us would be at the mercy of Washington politicians who would elect our president for us. This is Hubert Humphrey's only hope for election. The more positive way to vote for change is to recognize the many fine merits of Richard Nixon and his program, then vote for Nixon to assure the election of our president by the people instead of by the Congress!

**RICHARD NIXON CAN... AND WILL**

- supply dynamic, experienced leadership for an immediate change of direction—at the top—in all our national affairs at home and around the world. Your concerns are his concerns!
- NIXON ON LAW AND ORDER** is pledged to help improve local police protection, to appoint an Attorney General dedicated to rooting out crime, to restore balance in our courts strengthening peace forces against criminal elements and to cease freeing so many of the guilty on technicalities.
- NIXON ON VIET NAM** will call upon his experience as vice-president during eight great Eisenhower years of peace to reform world alliances now in disarray, to redirect our strategy on new global terms. He will end this war and avoid future ones by dealing with adversaries in the only way they respect—through strength, collective security and patience.
- NIXON ON LOCAL GOVERNMENT** is pledged to move control of local schools and all other governmental functions which properly belong at the local level closer to the people.
- NIXON ON OTHER PROBLEMS** has solid solutions PLUS solid backing of enough members of Congress to implement those solutions.

IF YOU REALLY WANT A CHANGE... AND IF YOU WANT TO BE SURE YOU REALLY GET IT... VOTE FOR NIXON/AGNEW

**THIS IS WHAT FRANK FORD HAS BEEN SAYING DURING HIS CAMPAIGN TO SERVE YOU AS STATE REPRESENTATIVE**

**WATER CONSERVATION AND IMPORTATION:**

"Water is the life-blood of our irrigated economy, and the importance of total water resources planning cannot be over-emphasized. Feasibility studies for importing water to the high-plains from the lower Mississippi basin should be pushed forward at maximum speed. Funding on these and importation itself—must come from congress, with maximum state-federal cooperation. At the state level, our district is far behind on planning for flood control and conservation dams on our creeks. We must keep the water that falls in our district, rather than seeing it rampaging on down-stream after every big rain. We must use lake water and tail water return systems to the maximum, along with irrigation practices consistent with the water available in any given area. If elected, I intend to work with men who have a proven record of water conservation. Under no circumstance must this issue be allowed to become a political football to be used at election time for partisan gain."

**EDUCATION AND VOCATIONAL TRAINING:**

"Texas has fallen from 33rd to 38th during the past eight years in per-student support for education. During the same time, we have fallen from 40th to 44th in literacy. This dismal record cannot be continued if our young people are going to be able to hold jobs which will be available in the 1970's. We must increase our attention to primary education and the development of basic skills, give additional help to children with specific learning disabilities, increase pre-school opportunities with bilingual education where needed. Vocational training must be increased, with emphasis on job training by private industry, so that the trainee will know that a specific job is waiting upon completion of the training. Education and jobs are the only effective answer to poverty."

**FRANK FORD IS THE ONLY CANDIDATE IN THE RACE WHO HAS SPOKEN OUT CLEARLY ON:**

- ★ The need to keep the family sized farm unit strong as it is the backbone of our rural economy.
- ★ Practical measures that should be encouraged in each community for economic growth.
- ★ The need for abolishing daylight savings time, a measure which his opponent pushed to passage in 1967.
- ★ Ways to reduce the crime rate, which has nearly doubled in the last eight years.
- ★ The need for a two-party system so that the people can regain control of their state government.

**FRANK FORD WILL REPRESENT THE PEOPLE OF THIS DISTRICT**

## Seven Entries Have Perfect Game Picks

It finally happened. None of the upsets materialized, and a whole host of perfect and near-perfect entries in the weekly Leader-News football contest emerged.

The previous week's record of two perfect entries was shattered, with a new record being established with seven.

First place finally determined by the tie breaker scores was submitted by Darrell Nichols of Littlefield.

He narrowly nosed Maylon Smith, also of Littlefield, into second place money, and both edged season-total leader Lloyd Pollard of Sudan.

Also-rans who didn't get their tie breaker scores as close, but who still had 16 perfect picks, included James Walker, Debbie Mitchell and Jerry Williams, all of Littlefield, and Jim Zoth of Brownfield.

Nichols and Smith were so close on their tie breaker scores, it narrowed down to the fact that Nichols had two teams with the exact scores before he could be judged the winner. Their point spreads were exactly the same.

Ten other entrants were nip-

ping on their heels, with only one miss. They included Loyd Hood, James Trammell, James Owens, Mozelle Hutson, Roy Hutson, and Weldon Gage, all of Littlefield, Max McLelland and C. D. Moates of Amherst, Joe Bellar of Sudan and Harold Pollard (Lloyd's brother), of Enochs.

Pollard continues to lead the pack in the race for those two tickets to the Cotton Bowl game on January 1. But one falter, and he could be overtaken by James Walker, or any of a large group that trails closely behind.

The Sudan expert now has 80 correct guesses for the season. Walker has 78.

Holding their own and biding their time for the leader to make his slip are Williams, Mitchell, Bellar and Floyce Pierce, all with 75.

Charles Didway and McLelland trail with 73, Raymond Duvall with 72, Maylon Smith with 71, Armon Perrin and Harold Pollard with 70, and at 69 are tie-holders Mozelle Hutson, Arthur Duggan, Jerry Trees, Don Hevern and Maurice Sexton.

There are still several hundred in the running, but these are the leaders.

Each week's top three placers receive cash prizes of \$7.50, \$5, and \$2.50 for their respective efforts.

## Basketball Games Start

Those lights in the area school gymnasiums at night aren't for late physical education classes. They've started basketball already in the record books.

SPADE vs. BULA

A girls doubleheader at Bula Tuesday of last week was split between the A and B teams of Spade and Bula.

Spade edged Bula in the A game, 38-36. Scoring for Spade were Belinda Thompson, 16, Christy Adams, 12, and Joella Myers, 10. For Bula it was Diane Crume, 18, Sharon Turney, 12, and Judy Sniker, 6.

Bula topped Spade in the B game, however, 53-36. Bula scorers were Pam Layton, 23, Sheila Medlin, 19, and Iva Clawson, 11. Linda Hopper racked up 22 for Spade, followed by Debbie Myers, 14.

BULA vs. MEADOW

Bula coach Willis Hedges lost a doubleheader to his twin brother Willard Tuesday night. His A team lost 49-70, though Crume and Layton scored 20 points each and Turney 12.

The B game was much closer, one point. Bula lost 47-48 behind the point production of Medlin, 26, Terry Claunch, 14, and Clawson, 7.

SCHEDULE

Bula A and B girls travel to Wilson for a doubleheader Tuesday, starting at 6:30.

Spade's varsity boys and girls host Pep tomorrow night, with the girls game starting action at 7.

## Cotton Group Re-Elects Top Officers

Members of Plains Cotton Growers, Inc. gathered in Lubbock Thursday for the organization's twelfth annual meeting, re-elected three top officers for 1968-69 and heard a definite challenge from Elton Thigpen, economist with the International Cotton Advisory Committee, who was principal speaker for the occasion.

Re-elected to head up the 23 county, 25,000 member cotton producer group were L.D. (Don) Anderson of Crosbyton, President, Donnell Nichols of Lamessa, Vice President; and Ray Joe Riley of Hart, Secretary-Treasurer. Continuing as Chairman of the Board for the coming year will be J.D. Smith of Littlefield, immediate past president.

Thigpen told the PCG members that High Plains cotton "will continue to be an important raw material in the textile mills of the world for a long time to come," but cautioned that if it is to meet competition from man-made fibers and foreign growths it "must be of competitive quality, available in continuous supply and competitively priced."

Selection of the directors took place at a Board meeting immediately following the membership meeting and all officers were elected by acclamation after their names were submitted by the Nominating Committee. All have served in their present capacities one year and under PCG by-laws are only eligible for one more term.

Anderson, who served as general chairman of the meeting and gave the President's annual report, said the organization's number one job during the coming year was to "fully evaluate the area's cotton marketing problems and set in motion new programs or accelerated existing programs to solve those problems."

## Pistol, Clothing Reported Stolen

Theft of a pistol and clothing with a total estimated value of \$50 was reported to police Tuesday night by Mrs. M. R. Fowler of 142 Cook St., Littlefield.

The thief or thieves entered the house through an overhead garage door and broke through the inside door leading to the house.

Taken, at an unknown time during the day Tuesday, was a nickel plated .25 caliber automatic pistol and a canvas bag containing assorted clothing.

## High School Again Scene Of Burglary

The Littlefield High School building was the victim of its second break-in and burglary within two weeks Friday night or Saturday morning, according to police reports.

Emilio Abeyta, school employee, reported the burglary when he reported for work at 5:30 Tuesday morning.

The intruders made entry by breaking the glass in the south door of the lunchroom and opening the door from the inside, then began a tour of destruction throughout a large portion of the building.

A window was broken in the boys' dressing room, another broken in the southeast hall near the patio and the library showed grim evidence of having been prowled through.

The burglars entered the principal's office by breaking a plastic panel in the door and rifled through drawers and files, leaving the office a shambles. A panel was torn from the ceiling of the office and one from the same area in Room 11.

Items of value carried off by the thieves included one Remington electric adding machine and one green Royal electric typewriter. In addition to these, one turkey and one chicken, whose origin was not made clear, was carted away.

The school was the scene of a break-in on the night of Oct. 11-12, when an extensive but unsuccessful effort was made to open the school safe. There was no apparent attempt on the safe during this last incident.

## Crippled Children Clinic Scheduled

The fall 1968 session of St. John's Crippled Children's Clinic will be conducted from 1 to 3 p.m. Saturday, Nov. 2, at St. John's Methodist Church, 15th Street and University Avenue.

The clinic is conducted quarterly and is free for South Plains crippled children. It is conducted by doctors and the sponsor, Fellowship Class of St. John's Methodist Church.

Four orthopedic surgeons will be present to examine children Saturday. City-County health nurses of several counties will assist.

The clinic is financed through contributions.

Clinic personnel will arrange for braces and furniture care when needed. Braces and appliances have been provided for 150 patients through the clinic.

About 650 pairs of shoes have been given to more than 700 children since the first clinic session was conducted in 1963.

Children going for the first time are to be accompanied by a parent or guardian.
