10¢

VOLUME 28

LAMB COUNTY LEADER, LITTLEFIELD, LAMB COUNTY, TEXAS, SEPTEMBER 7, 1961

NUMBER 16

## First County Cotton Is Ginned

FIRST COUNTY BALE - Pictured above with the first bale of Lamb County cotton is J. D. Lilley, manager of the Farmers Co-op Gin Association of Sudan. The cotton belonged to W. I. Nelson who is presently recovering from an operation and couldn't be on hand for the big event.

First bale of the 1961 bumper cotton crop was ginned Monday morning at the Farmers Co-op Association of Sudan. The 515 pound bale was raised by W. I. Nelson, who farms about two miles north of Sudan. Nelson, who is confined to his bed recovering from a recent operation, planted his cotton crop on April 20 using Gregg variety. The bale was brought to the gin at 10:30 a.m. Monday and had been ginned and delivered to the compress at Sudan by 11:02, according to J. D. Lilley, gin manager.

### Pep Dinner Planned For Tonight

Tickets are still available for the Pep farm-business dinner that will be held tonight at 8 p.m. in the hall of the St. Phillips Catholic Church. Gene Garrison said the response hasn't been as good as hoped and he expressed the desire that those businessmen who haven't bought tickets as yet to contact the Chamber office, Lloyd White or Otis Bennett. Menu for the dinner will consist of homemade sausage, a slaw salad, homemade bread, potatoes and cherry cobbler. The Pep dinner is usually one of the best attended by the local merchants. In addition the Pep women will have sausage for sale for those who would like to take some home.

Nelson received free ginning, wrapping and was paid a premium of 50 cents a pound for his cotton by the ginner and also received the prize offered by the Sudan Chamber of Commerce.

Tuesday morning Bill Moss who farms about a mile east of Bainer brought a bale to the Paymaster Gin there. The 475 pound bale was the first in this area and the second in the county. Moss will receive the Littlefield Chamber of Commerce prize. In addition he received free ginning and 50 cents per pound premium.

Lilley said the cotton should begin a slow movement to the gins the late part of this week and that by the 15th of this month there should be a lot of activity. He said the outlook around Sudan was the best he has ever seen.

Bill Kimbrough, county agent, said that throughout the entire county the crops are beautiful. He added that some of the dryland cotton has been hurt a little by lack of additional moisture and some of the early watered crops may be in the same condition.

He continued that his estimate was near the 200,000 (Continued on Page Eight)

SEVEN OFF TO SCHOOL -- Tuesday was a mighty big day in the Choice Francis household as all seven of their children went to school. Pictured above are the children leaving the house with their mother and heading for school. On the front row, left to right, they are Kenny and Glenn, (First Graders), second row, Sherri (Fourth Grade), Vollena (Third Grade) and Merril (Fourth Grade); back row, Billy (Special Class), Jimmy (Sixth Grade) and Mrs. Francis.

### TOWN and COUNTRY by Wendell Tooley

HERE WAS this lady Odessa who parked her car and began to shop Lubbock last week. Not after she had parked in Littlefield resident, Mrs. Mangum and her sister Lubbock decided to downtown and by coincidence they parked next to the Odessa resident's car. After taking care of their business, Mrs. Mangum and her sister returned to the car and thought that they thought was in the car and got in and drove to the sister's home. The sister remarked that the car's gauge must be broken because now it was only half full and she had to get it earlier. . . and complained about how power brakes didn't seem to be working properly, and the power steering was pretty stiff. In the meantime the Odessa lady returned to her car and she thought was her car and when she tried her key in the ignition switch she was alarmed that it didn't work! In fact she looked over the car, discovered that it was the same color, but not her car.

### Five Jailed By County

Five persons were arrested by County officers during the weekend and the early part of this week. Each was arrested on a different charge. Cruz Salais, 43-year-old Latin American from San Diego, Calif., was arrested on a warrant from the San Diego sheriff's office. He was picked up on a farm about four miles east of Littlefield. The warrant was for child desertion. Raymond Rivera, 18-year-old Latin from Littlefield, was arrested at his home Tuesday morning and charged with violation of the liquor law by possession. He pleaded guilty to the charge and was fined \$100 and costs. In other action one was arrested for drunk, one for violation of the check law and one for no driver's license.

My car has been stolen, she thought and found a nearby policeman and told him of her (Continued on Page Eight)

### Thefts, Vandalism Bother City Police

A rash of petty thefts and vandalism has City Police up in arms as 11 such incidents were reported to the officers during the weekend and the forepart of this week. Police Chief F. A. Fitzgerald said something has to be done to put a stop to all the thefts and vandalism acts. He commented that someone who lives near the school probably noticed someone around the school Sunday night and if so he would appreciate a call. One or more persons broke out 10 windows on the east side of the high school library Sunday night and entered the building scattering books from student lockers all over the halls. Other reports of vandalism came from Oma Keene who said someone used a heavy tool or instrument to beat the windows out of her car and from Bobby Phipps who reported the windshield broken out on his car. Theft reports were from Ty Jones, four hubcaps taken from his car; Jarold Jones, four hubcaps taken from a car; G. W. Parrett, a wheel and tire taken from a pickup; Porcher Produce where money was taken from a billfold; Hart Camp Co-op Gin, a skill saw and two drills; Evelyn West, four hubcaps taken from her car and A. E. Mann, a tire and wheel taken from a pickup. Two accidents were reported to City Police. Sunday Richard Kimbrough was making a left turn from 3rd onto Phelps while the light was green. Two pedestrians started across Phelps from the west side of the street and were struck by the vehicle. The two, Jesus Gonzalez Maldonado and Leopoldo G. DeLaTorre both of Sudan, were not injured but just bruised. Monday a freak type accident occurred in the alley between 3rd and 4th off Duggan Avenue. A car belonging to James R. Strickland of Amarillo was parked in the alley when a truck (Continued on Page Eight)

### Eagan Wins Club Golf Champion

Vernon Eagan defeated Hayden McCary Sunday afternoon for the club golf championship of the Littlefield Country Club. Eagan, the defending champion, was ousted in the second round of play also by Eagan. Alvin Webb won the championship flight consolation bracket composed of first round losers. In the first round of the championship flight Buster Owens downed Webb, Eagan defeated Dr. O. W. Still, R. McCary whipped Jack Wicker and H. McCary won over Carl Rushing. H. McCary defeated Owens and Eagan downed R. McCary in the second round to gain the finals. In first flight competition V. L. Stokes was the victor with Shelley Duval the runner up. Jim Tom Brittain won the consolation. Second flight champion was Sterl Harmon and the runner up was Johnny Talbott. Walter Hobgood won the consolation. Harold Clements won over Dave Eaton to take the winner's spot in the third flight. G. W. Steffy was the consolation winner. The finals in all flights were played Sunday afternoon.

### Three Are Caught Redhanded

Littlefield police caught three Negroes at the Littlefield Phillips 66 Station on Clovis Road Wednesday morning at 1:10 as they were burglarizing the place of business. Officers Charles Tue and Harless Burns caught one inside the station and the other two fled, however they caught them later when they had car trouble. Willie Lott, 24, of Lubbock was jailed after he was arrested with \$11.40, presumably taken from the Littlefield service station. Later jailed were James Weldon Sneed, 21, and Barkley D. Lott, 30, both of Lubbock. In searching the negroes' car \$41.77 was found in the glove compartment and \$12.27 under the back seat. Chief Fitzgerald said all of the money was in small change, indicating it had been taken from vending machines. Police from other area cities will question the men to determine if they were involved in other thefts.

### 18 Families Move Here

Eighteen new families were listed as moving to Littlefield during August by the Chamber of Commerce. Included in the list were Tommy Hooks, 812 Twitshell; Mrs. Stella Wallace, 1016 Duncan; Vincent Ramakers, 720 W. 6th; Opa Gosdin, 509 E. 5th; Albert Lockwood, 206 E. 21st; Everett H. Pingrey, 817 W. 8th; Dr. Larry Shipp, 410 E. 13th; J. L. Cox, 408 E. 7th; V. R. Martin, 404 W. 2nd; Billy J. Lynch, 522 E. 7th; Harold Green, 1205 W. 9th; Fred Self, 502 W. 6th; Daryl M. Quimby, 901 E. 6th; Dick Brantley, Clovis Highway, Randall Edwards, 202 S. Westside; John M. Fields, 212 E. 15th; Monte Phelps, 179 N. Westside; and A. L. Smith, 611 E. 9th. Letters of welcome have been mailed to these people by various Littlefield merchants.

### Contest Deadline Is Friday

Have you mailed or brought in your football contest entry? If not, you have only until tomorrow (Friday) by 1 p.m. to get that entry in. All you have to do is either bring it or mail it to the Littlefield Press. Your guess may be just the winner. First prize is \$7.50, second is \$5 and third is \$2.50. You can't be a winner unless you send in an entry. Everyone is eligible to enter except employees of the Press. You don't have to indicate a score on any of the games except the tie breaker. This game will always appear in the upper left hand corner of the contest page.

### Barker, Nelson Sidelined

Muleshoe lost their first game of the season last Friday night against Clovis

### Wildcats To Play Muleshoe

All area football teams will be playing Friday night as the fall season swings into high gear. The Littlefield Wildcats open their schedule against Muleshoe here. Muleshoe lost their first game of the season last Friday night against Clovis by the score of 14 to 6. Muleshoe went into the game highly favored and are listed as a favorite in 2AA. Littlefield, yet to test their team, will be without the services of quarterback Boots Barker and tackle Jim Nelson. Barker injured his neck during practice Monday and Nelson re-injured his knee. Coach Don Williams has been leading his charges through contact drills for several practices now, anticipating the lid opener with the Mules. "It's going to be a tough game," Williams said, "Of course, the first one of the season always is." "We will make mistakes naturally, and they do have a one game edge on us in experience this season." Amherst will travel to Wilson to try for the season second win of the season after downing New Deal 34 to 16. The game will begin at 8 p.m. Anton tackles Sudan on their home field also at (Continued on Page Eight)

### Cuban Exile Speaks Today

Littlefield Rotarians will hear Dr. Leon Hitzel, a Cuban exile, at their regular meeting Thursday noon. Dr. Hitzel, a practicing physician in Cuba for over 20 years, left Cuba after Castro took power. He fled fearing for the life of his family. He owned some property in Cuba which was taken by the Castro government and had families moved into his home with his family.

### Elected At Annual Meeting

## Diersing REA Prexy

Pep farmer V. H. Diersing was elected new president of the Lamb County Electric Cooperative at the annual meeting Tuesday night in the Littlefield Sports Arena. Diersing served as secretary of the Co-op last year and he succeeds Henry Meyer as president. Meyer introduced attorney Bob Murphy of Nacogdoches, Texas who served as emcee and kept the crowd delighted with his many humorous stories. Murphy introduced J. R. Cobb, State REA manager who told the gathering of 650 that the REA had brought rural people all of the many convenience of electricity since its beginning in 1939, he enumerated the many benefits of REA in Lamb County and the entire state. He emphasized that a lot of responsibility of the members was necessary in maintaining a good REA

### TV Request On Agenda

A proposal will be presented to the City Council Thursday night concerning a TV cable for Littlefield that will bring in all ABC TV programs. The proposal will be voiced by the County Judge from Plains. Also listed for Thursday's agenda will be the adoption of an ordinance on the sale of impounded property by the city, submitting of the 1961-62 budget, setting a date for the budget hearing and opening bids on some sewer tile and five tank truck loads of gasoline.

### What members could strengthen the organization by urging more to attend the annual meetings.

He told those present to remember that REA was not owned by the federal government, but that it was an independent operation for the benefit of rural people and owned by those people. Murphy next introduced (Continued on Page Eight)

### REA Annual Meeting

REA ANNUAL MEETING . . . pictured after the Tuesday night meeting in Littlefield are left to right; Bob Murphy of Nacogdoches who emceed the meeting; V. H. Diersing, new president of the Lamb County Electric Coop; J. R. Cobb, state REA manager who made the speech of the occasion; and J. H. Carl, local manager.

Salvation Army Needs Nothing ELPHI HELP! Salvation Army leader Parker reports that there is a desperate need in the local office for children's clothing and shoes. Since school time has passed all of the children's clothing and shoes have been depleted. Much more is needed at this time. Mr. Parker will be happy to pick up the clothing if needed. The Salvation Army number is 385-3403, address is 6th and Hard Streets.

## Eight Backfield Players Returning Lettermen

Exactly half of Texas Tech's 16 returning lettermen are backs.

In most Southwest Conference camps this wouldn't sound like a lot of depth. In fact, only Texas Christian, with five lettermen ball carriers, has fewer returning than the Red Raiders.

But, by comparison with the Raiders' line, the Texas Tech backfield is experienced enough to send fullback Charlie Harrison of Abilene up front to center.

This leaves the Raiders with these letterman backs -- fullbacks Coolidge Hunt, 206, 6-3, of Lubbock, George Fraser, 200, 6-0, of Llano, and C. W. Williams (moved from halfback), 179, 5-0, of McKinney; halfbacks Bake Turner, 188, 5-2, of Alpine, Dick Polson, 183, 5-11, of Amarillo, and Charles McEntire, 180, 5-11, of McKinney; and quarterback Johnny Lovelace, 210, 6-4, of Farwell.

Hunt, as a sophomore last fall, led the Southwest Conference in rushing. He specialized on offense in 1960, but showed defensive potential in spring training.

Turner is a senior who could easily figure in the all-conference selections. Few backs in the Southwest Conference have been able to do so many things so well. He has already been heralded as "Tech's most exciting player" for his ability to come up with the big play.

Polson doesn't have the physical capabilities of many conference backs, but his knowledge of football evens things up. He led the Raiders in pass receiving and was second only to Hunt in rushing. Polson is a senior.

Turner, Hunt, and Polson were starters last year. Lovelace played most of the season behind Glen Amerson of Munday and showed good speed, considering his size, and strength.

Fraser, rated a good all-around fullback, is a reliable punter and place-kicker. McEntire and Williams both were promising players but were slowed or sidelined by injuries before the season ended.

Also at fullback will be the Picadors' leading rusher and scorer last year, H. L. Daniels of Marshall, 185, 5-11. He's valuable, too as a punter. Richard Willis, 204, 6-2 of Fort Sumner, N. M. held out last year, is another fullback who may move into the line, at a guard slot.

Other halfbacks are squadman Juniors Jay Dean Byrum, 170, 5-9, of Ysleta, a slippery runner and good receiver; Roger Gill, 188, 6-1, of San Antonio Harlandale, an end in 1960 who blossomed out as a runner this spring; sophomores Bill Worley, 163, 5-9, of Midland, who has a knack of finding daylight; David Earkin, 177, 6-2 also of Midland, a steady performer, and Charles Lipsey, 165, 5-9, of Cisco, a dangerous kick returner.

With Lovelace at quarterback are Allen Shuler, 177, 6-1, of San Antonio Sam Houston, who moved the team well in spring

training after playing defensive halfback last year, sophomore Doug Cannon, 192, 5-10 of Levelland, pinpoint passer who led the Picadors in total offense last fall, and soph Wayne Scott, 155, 5-9 of Marlow, Okla. Scott is listed as a quarterback, but he's slated primarily for

defensive duties in place of one or two of the signal callers.

Losses from last year's team are quarterbacks Amerson and Richard Mahan of Snyder, the latter on grades, halfback Dan Gurley of Fort Worth, Larry Tipton of Levelland, and Gerald Hodges of Dallas.

## Research Farm Schedules Open For Area

Agricultural Research on the Texas High Plains -- Past and Future, will be the theme of open house dedication ceremonies at the new Texas Agricultural Experiment Station, Sub-Station No. 8 at Lubbock.

The new 320-acre expanded research farm is located just north of Lubbock's Municipal Airport on Farm Road 1294. It will be open to the public for the first time on Sept. 19 between 1 and 6 p.m. with guided tours over the station scheduled. Visitors will be allowed to visit the various research laboratories and other station facilities.

Earl Rudder, president of Texas A & M College, along with other top officials of the Texas A & M College System and Texas Experiment Station and Extension Service of College Station, will be on hand. Rudder will make a brief address on "South Plains Research, Past and Future."

Charles Fisher, superintendent of the new Lubbock station, explained the chief function of agricultural research by saying it seeks the whys, whens, wheres and the hows of hundreds of problems confronting operators of farms and ranches throughout the area, plus the many industries depending on or serving agriculture.

The research activities at Sub-Station No. 8 are conducted cooperatively with the Agricultural Research Service, the USDA, Texas Tech, the High Plains Research Foundation at Halfway and the Texas Extension Service. Support and financial assistance for many of the stu-

dies are made possible by the plains Cotton Growers, Inc., the South Plains Soil Fertility Committee, private industry, farmers and businessmen.

The original station at Lubbock was established in 1909 by the Legislature and consisted of 160 acres of land. It was located 3 1/2 miles northeast of Lubbock. Today this site is virtually surrounded by Lubbock, and was the main reason for re-locating the station north of Municipal Airport.

Approximately 2,000 visitors are expected for the open house dedication ceremonies, including farmers and businessmen from throughout the 20-odd counties on the Plains.

A barbeque supper will be served in the evening, followed by dedication ceremonies scheduled thereafter.

## SPADE NEWS

Mr. and Mrs. M. F. Nix of Lubbock spent Monday and Monday night visiting in the home of their son and family, Mr. and Mrs. Jack Nix and Jackie and Ronnie.

Mr. and Mrs. Welland Brown and Dicky and Dan of Big Spring, spent the weekend visiting in the home of her brother and wife, Mr. and Mrs. Melton Bell.

Mr. R. M. White returned home recently after visiting with his father in Arkansas, while he was recovering from recent surgery. Mr. White also visited with his sister in Oklahoma City.

She will take her state board examinations at Jefferson City, Mo., and will begin working at Chicago Wesley Memorial Hospital in Chicago.

### Get-Together Club Enjoys Supper

Mr. and Mrs. C. A. Thomas entertained the Get Together Club members and their families with a back yard supper Thursday evening.

The group enjoyed char-coaled hamburgers and hot dogs with all the trimmings and they played games of 42.

Visitors for the evening were Marie Thomas from Electra, and Mr. and Mrs. Graham D. Lair, Amherst. Members attending were: Mr. and Mrs. Bill Ward, Mr. and Mrs. Clinton Phillips, Poni Kay and Kent, Mr. and Mrs. C. A. Brock, Mr. and Mrs. Mar-

ue to work for Western Auto.

LIL  
Recent guests in the home of Mr. and Mrs. George Neely were their son, Loyd Neely and family, San Diego, Calif., and Mr. and Mrs. Jeff Peeler, Muleshoe.

## Paulk Rites Tuesday In Levelland

Dwayne Paulk, 16-year-old former Littlefield resident, was accidentally killed as he was returning from a weekend hunting trip. The youth was riding in the back seat of a car when the rifle he was holding between his legs discharged.

The bullet, from the supposedly unloaded .22 caliber weapon, struck him in the forehead. He was pronounced dead on arrival at a Levelland hospital. Funeral services for young Paulk were held Tuesday at the Fifth Street Baptist Church in Levelland. Rev. Everett Springfield of Lubbock officiated assisted by Rev. John Mullins, pastor of the Levelland church. Burial was in the City of Levelland cemetery.

Paulk was born in Paducah and had lived here and at Lubbock. After his mother's death in 1959, he moved to Levelland to live with his aunt, Mrs. W. M. Easterwood.

Survivors include his father, Dee Paulk, 3607-B Gary St., and two sisters, Mrs. James John, and Mrs. Billy Boyles, all of Lubbock.

## Drama Is Presented At Baylor By Local Baptist Young Women

WHAT IS THAT IN THINE HAND? a drama written by Mrs. Ralph Nelson, Young Woman's Director of the First Baptist Church, Littlefield, will be used by all Texas YWA's during the State Week of Prayer, September 10-16.

It was previewed at Baylor University on Wednesday morning, August 30, during the State Woman's Missionary Union House-party.

The play concerns Moselle, Prayer Chairman for her YWA. Seeking ideas for her Week of Prayer program, Moselle reads Exodus 3 and 4 in which God, speaking from a burning bush, asks His servant Moses the meaningful question, "What is that in thine hand?" Completely uninspired by what she has read, Moselle goes to sleep.

In a vision, she too hears the voice of God directing

her to lead His people, and asking her, "What is that in thine hand?" Moselle finds, in a most dramatic manner, that she holds in her hands the destiny of the people of Texas . . . language groups, small churches and missions needing financial aid and encouragement.

She holds in her hands her own life which can be used to fulfill God's plan for the ages. The new character of Moselle, truly dedicated to God, unfolds in a beautiful and moving manner during the course of the play.

At last she can say, with tears choking her voice; "Here are my hands, O Lord, Thou gavest me. With humble heart, I give them back to Thee."

Accompanying Mrs. Nelson to Waco were Misses Sarah Gentry, Patricia Locker, and Judy and Linda Dale, who played the leading roles in the presentation. Miss Gentry, as Moselle, was most outstanding as she so perfectly interpreted the character.

Miss Locker, resplendent in a pale blue pima nylon fiesta dress with white lace and rhinestone mantilla, played the part of the spirit of Latin-America, introducing to Moselle those who needed her help. Background music, setting the theme of the play, was beautifully rendered by Judy and Linda Dale. Also, Miss Judy Dale played the part of a Latin-American student of Baylor University, whose education is being made possible by a scholarship from Texas Baptists. Miss Linda Dale also played the part of a member of a small rural church which has been rehabilitated through a gift from Texas Baptists. Other members of the cast were Mrs. Cecil Turner of Hale Center, Mrs. Mildred Garlin of Dallas; Mrs. Billie Henderson of Hallsville; and Mrs. Taylor McGregor of Richland Springs. Miss Karen Carpenter, a student at Howard Payne College, Brownwood, accompanied the Miss Dales at the piano.

WHAT IS THAT IN THINE HAND? was presented in the Littlefield First Baptist Church basement Wednesday evening, September 6, with members of the Janet May YWA in the cast. Besides those named above, the cast included Misses Jo Harmon, Marcia Sullins, Janey Blackmon, Joyce Thompson, Paula Fields, Marilyn Wheeler, Jane Dunagin, Janice Burks, Linda Walthall and Melva Lynn Ross; and Mrs. Jesse Pedroza.

At both performances the play was directed by Mrs. Nelson, who also played the part of a Mexican woman, resident of Torreon, Mexico, who is being ministered to through the Texas Baptist radio broadcast from Harlingen.

# Remarkably practical

Your investment in a Cadillac returns many dividends over and above the finest motoring the world has ever known. Cadillac's favorable first cost, surprisingly close to many models of lesser cars, is very nearly your last . . . for no car is more economical in its maintenance needs. And its precise craftsmanship and enduring styling have traditionally commanded a premium in resale markets across the land. Visit your authorized dealer and discover the practicality of owning a Cadillac . . . and why this is a practical time to buy.

## Crawford Arrives In Germany

STUTTGART, GERMANY (AHTNC) -- Army Pvt. Billy C. Crawford, son of Mr. and Mrs. James C. Crawford, Littlefield, Tex. recently arrived in Germany and is now a member of the 25th Artillery.

Crawford, a meteorological specialist in the artillery's Headquarters and Service Battery in Stuttgart, entered the Army last January and completed basic training at Fort Hood, Tex.

The 23-year-old soldier is a 1957 graduate of Dolores County High School in Dore Creek, Colo.

## Open House Is Saturday At Local Elevator

Open House at the new Littlefield Farmers Co-op Elevator begins at 1 p.m. Saturday. Manager Don Scott and the board of directors invite the general public to

come by and look over the 700,000 bushel capacity new elevator. There'll be refreshments and a clock radio will be given away.

## Sides Named PCG Field Service Official

Truitt Sides, 48, who has lived at Olton since 1938, has been named a field-service representative of the Plains Cotton Growers Inc. George W. Pfeifferberger, PCG executive vice president, announced Tuesday that Sides will work with area cotton ginners on expanding service to and personal contact with farmers.

Reared on a farm about eight miles east of Lubbock, Sides was graduated from Texas Tech in 1938 with a B. S. degree in agriculture. He majored in agricultural education.

Sides taught vocational agriculture at Olton High School for about seven years. He then entered the farm machinery business and assumed farming interests at Olton.

The new PCG staff member was in the farm machinery business at Olton for

six years, and he farmed from 320 to 1,400 acres there from 1943 through 1960.

Sides is past president and present program chairman of the Olton Lions Club, is a member of the Masonic Lodge and the Methodist Church and is chairman of the Lamb County Red Cross Chapter. He served on the Olton school board for about 12 years.

Sides and his wife have two married daughters, Mrs. Bill Walden of Olton and Mrs. Danny Smith of Springlake, and a 10-year-old son, Danny Lee. He and his wife and son will continue living at Olton at present.

## Elms Anniversary

Mr. and Mrs. M. A. Elms celebrated their Golden Anniversary with a reception given in their honor by their children at the community center, Sunday afternoon.

The serving table was covered with a white linen cloth and was centered with an arrangement of gold chrysanthemums. On one end of the table was a decorated white and gold cake.

Assisting with the service were the Elms' grandchildren, Mrs. Jimmy Hill, Mrs. Perry Cates, Mrs. David Penn and Betty Elms; and daughters, Mrs. M. A. Elms, Mrs. James Elms, Mrs. Williams Elms, Mrs. Deane Elms, and Mrs. Arlie Elms.

Numerous floral arrangements, sent by friends, decorated the center.

Forming the receiving line were: Mr. and Mrs. Elms, their daughter and husband, Mr. and Mrs. J. W. Bitner, and sons, James, Lehman, William (Bill) M. A. Jr. (Rip), and Arlie.

Approximately two hundred guests registered. Out of town relatives were: Mr. and Mrs. Lester Lawhorn, Mr. and Mrs. Wyatt Robinson, Mrs. Lillie Forrest all of Temple, Lem Brock of Stephenville, Mallory Elms of Eric, Okla., Mr. and Mrs. King Potter of Shallowater, and Mr. and Mrs. Clyde Gallagher of Plainview.

## SPADE NEWS by Joyce Caldwell

# Assembly Program Marks School Opening Monday

Classes began at the local public school Monday morning. School was opened Monday morning with an assembly program at 9 in the gymnasium. The program opened with the pledge of allegiance to the flag. Miss Sylvia Bailey accompanied by Miss Carolyn Ramage at the piano led the group in singing several songs. Rev. Albert Cooper, pastor of the local Methodist Church then spoke to those present. Mr. I. S. Bridges, high school principal then gave information and instructions to the students.

School will begin each morning this year at 8:50 a.m. Two places for teachers have not been definitely filled as yet. Miss Robinson who was to teach the first grade was injured seriously in a car wreck while in the process of moving here. Mrs. Joe Bailey is filling in as first grade teacher for Miss Robinson. There is also a vacancy for a fourth grade teacher and Mrs. Vance of Lubbock is the substitute for that grade. Other teachers are as follows: Mrs. Betty Norton, second grade; Mrs. C. C. Byars, third grade; Mrs. Frank Smith, fifth grade; Mr. Turner, sixth grade; James Easter, seventh

grade; J. W. Rives, eighth grade; Mrs. Dick Green, high school English; James Easter, agriculture; Leon Birch, coach and algebra teacher; Mrs. Hazel Kimbrough, Home Economics; Mrs. I. S. Bridges, high school principal and Mr. Joe W. Bailey, superintendent of the school.

Miss Doris Stubblefield is again the secretary for the school. Ray McCarty will again be the school custodian. Mrs. Ray McCarty will be head cook in the lunch room with Mrs. Ernest Cotton assisting her.

Mr. and Mrs. W. B. Jones and David, Mr. and Mrs. Jack Stubblefield and daughters, Kathy Bailey and Mr. and Mrs. Frank Coleman and boys now of Pecos, but formerly of this community spent last week vacationing at Lake Buchanan near Austin.

Mr. and Mrs. Don Tindal spent several days last week vacationing in Red River, N. M. Starla Tindal spent the week with Mr. and Mrs. W. A. Tindal.

Rev. and Mrs. Bill Hindman and son, Mark spent several days last week at Lake Kemp. They went on to Oklahoma where they spent several days visiting with friends and relatives.

Mr. and Mrs. Paschal Caldwell went to Vernon Monday where they visited with relatives and friends. They visited several friends at Odell and attended the Methodist revival services there Monday night. They also visited in the home of her sister and husband, Mr. and Mrs. Weaver Phillips of near Altus, Okla.,

Mr. and Mrs. J. R. Hodges went to near Edmonson Sunday afternoon where they visited there in the home of his sister and family, Mr. and Mrs. Earl James and Benny, Gayle and Don. Also present were Mr. and Mrs. Tom Bacon of Lynnwood, Cal. and Mr. J. H. Hodges of Littlefield.

Mr. and Mrs. Bo Duffer and children, Mr. and Mrs. Jack Nix and children, and Mr. and Mrs. Garland Patterson returned last week after several days vacation in Colorado.

Mr. and Mrs. J. B. Lackey and daughter of Littlefield spent Sunday visiting in the home of her parents Mr. and Mrs. Bud White.

Those celebrating birthdays this week are David Duffer, B. D. Mouser, Lindell Holly, Tig Howard, Floeth White, Rosemary Guerrero, Donald Caldwell, Mrs. B. D. Mouser, Wayne Matthews, Dianne Cook, J. K. Hodges, and Mrs. Ted Hutchins. Mr. and Mrs. Robert Ramage are celebrating their anniversary this week.

Mr. and Mrs. Donald Caldwell and Kim spent last week skiing and fishing at Lake Kemp. Mr. and Mrs. Tommy Thrash and Cindy of Littlefield, and Mr. and Mrs. Ben Gibson of near Quanah spent several days at the lake with the Caldwells. Several friends from Odell also visited them on Wednesday night. Mr. and Mrs. Sam Se-

well and family spent several days last week at Lake Kemp.

Mr. and Mrs. Carl Freeman and family and Vanetta Mouser went to Lake Kemp last Tuesday when they spent most of the week water skiing and vacationing there.

## LETTERS to EDITOR

Dear Mr. Tooley: The members of the Littlefield Volunteer Fire Department would like to thank you very much for your kind words in your column in last Sunday's paper. It is not often that one speaks good of a fire department, whether be a paid or a volunteer department. It seems that people just don't understand that any time you see a fire, there is going to be some water damage. We have several members that have attended and received credit from State Fire Training School at Texas A & M. that have attended the school to try to teach other members what we have learned and try to use this knowledge at the actual fire. It is impossible for us to assign men to special jobs as paid departments do because we never know who will be the

first to get to the fire. I will say personally that I believe every man on the department does the best job possible with the equipment that we have to work with.

Mr. Tooley, I wish that you had still been there when our big fire truck went on the blink and we had to pull it with another truck to load the fire hose and to get it back to the station. We just grin and bear it, and hope some day that someone other than the department will realize just how bad we need a new truck and do something about it.

We would like to say thanks again Mr. Tooley, it makes us feel good to hear or read something good that someone has to say about us.

Littlefield Volunteer Fire Dept.  
O. B. Graham, Secy.

## From Your Chamber Office

A large number of our businessmen will be going to Pep for our final Farmer of the year tonight. The men tell me that the ones at Pep have a way of making sausage that is "of this world" for sure. Incidentally, the ladies will have an ample supply of this delicacy on which we can buy and bring home.

The Christmas Decorating and Lighting Committee met last Tuesday morning. The downtown lighting decoration will be much the same as last Yuletide.

It will be necessary to make considerable additional equipment because high trucks knocked down several of our cameras last year. The committee hopes that a portion of this expensive strophe can be avoided this year. This will be a difficult task unless the existing poles are raised; it is almost impossible to raise high trucks and traffic off of Phelps Avenue and night. In spite of the fact that raising the height of the poles could be to be expensive, it is doubtful if that will be more expensive than replacing a lot of decoration material each year. At least we should know shortly.

The committee further decided to sponsor a "re-

idence decorating contest" again this year. Families who are judged to have done the best job of decorating their residence will be awarded prizes. The details of this contest will be worked out and reported later. We do want to assure you residents that we will have the contest again this year.

Another factor of interest to our merchants is that no one will be calling on you to donate on Christmas lights this year. They will be financed from the budget of the retail council as promised at the beginning of the year.

Congratulations to Bill Moss for bringing in Littlefield's first bale of cotton (second in Lamb County). The prize awarded to Mr. Moss also came from the Chamber budget as planned the first of the year.

We are striving to budget our years work to the extent that business and

## Lums Chapel Baptists To Have Revival

Revival services will begin Sunday at the Lums Chapel Baptist Church, according to Rev. E. J. Hollis, pastor.

Rev. Clifton Igo of the Southside Baptist Church in Lubbock will be the evangelist and the singing will be led by Jimmy Gary also of the Lubbock church.

Services will be held Sunday at 10 a.m. and at 8 p.m. each evening. Rev. Hollis invited the public to attend the week-long meeting.

professional men can better estimate their total community development expenditure costs at the beginning of the year. If a United Fund were developed and supported it would greatly help the above mentioned objective.

## OLTON NEWS

Winfred Hair has accepted employment as bookkeeper at Kembill Gin at Earth. Winfred is a graduate of Lippert's Business College in Plainview.

Mr. and Mrs. D. B. Barker of Kerrville arrived Thursday for a visit with friends in Olton. They will also visit in the home of their son Mr. and Mrs. D. B. Barker, Jr. in Amarillo.

Teddy Jack Estes, son of Mr. and Mrs. Jack Estes received his BA Degree from Texas A & M College, College Station this week. He majored in business. He and Miss Billie Joe Scheller of Fern, Texas visited in the home of his parents Mr. and Mrs. Jack Estes this week. Teddy Jack plans to enter the service soon.

Ron Rogers, son of Mr. and Mrs. Coy Rogers, has chosen Lippert's Business College in Plainview. He and some other students plan to drive to Plainview daily.

To attend Draughon's Business School in Lubbock is Patricia Ann Small, daughter of Mr. and Mrs. J. L. Small.

Hazel Smith, daughter of Mr. and Mrs. W. B. Smith, Jr. will attend West Texas State College, Canyon where she will major in Secretarial Science. She attended summer school there six weeks.

Haydon Hankins, son of Mr. and Mrs. W. T. Hankins will return to West Texas State this fall, where he will major in art. He will be classified as a junior.

Mrs. Jane Brown plans to attend Lippert's Business College in Plainview.

# Attend the Church of your Choice Regularly

## WHEELS OF PROGRESS

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Nehemiah	4	15-23
Monday	Psalms	128	1-6
Tuesday	Haggai	1	1-6
Wednesday	I Corinthians	3	1-9
Thursday	I Corinthians	3	10-17
Friday	Philippians	2	3-11
Saturday	I Thessalonians	2	8-13

This Series is Sponsored By the Business Firms and Individuals Listed On This Page. These Firms Along With the Ministers of Littlefield Hope That Each Weekly Message Will Be An Inspiration To Everyone.

Mass production has taught us a new dimension in cooperation. Now three men operate the same machine around the clock. And as the whistle blows at the change of the shift one hand surrenders the lever to another—while the wheels spin endlessly.

The same ready cooperation is becoming characteristic of the work of our churches. A Church School teacher moves to another city. There is another earnest Christian to take over her class. The term of an officer expires. There are equally qualified men ready to serve if elected.

Make willingness one of your virtues as you go to Church each Sunday. Volunteer for one of the humble yet all-important tasks that keep the wheels of spiritual progress forever spinning.

Want to buy 8 or 10 foot

**Town**

plight. After a couple hours of checking and study it occurred to them that since the remaining car looked so much like her's... that it would be wise to check the license number and find the owner.

The owner was phoned (Mrs. Mangum's sister)... they returned the "stolen" car... yes, the one set of keys worked in both cars... and although the Odesa woman was sorta annoyed by it all she tried her best to be nice... Mrs. Mangum and her sister enjoyed many laughs as they remembered the unusual things about what they thought was their car on the way home.

LAMB'S FIRST bale of cotton came one day ahead of last year's first bale. Of course we're always more interested in how many bales instead of how fast they come... late first bales usually indicate "no hot spots" and that the crop is still putting on more bolls and plenty more to mature.

On the milo grain front we see that Secretary of Agriculture Freeman has turned loose milo on the open market at \$1.00. This means that farmers selling on the open market will be getting around \$1.50 for their new year's grain.

Freeman is doing just what he said he would do, and although some farmers did not go into the program, they'll still receive more than the \$1.45 they received last year.

I COULD use several columns telling the many stories that Bob Murphy told at the annual REA meeting Tuesday night, but you've gotta hear Bob's East Texas whang to get the full impact of the home-spun yarns he gives out.

In talking about his bald head, he said that the good Lord made some heads that he wasn't so proud of... these he covered with hair!

**Diarsing**

local manager Dick Carl who said that the past history of REA was very successful, but that the future would need much advance planning and that "We're not all thinking big enough."

Carl said that in 1950 the local plant was built for what was thought would be a ten year expansion, but it progressed so fast that the need had outgrown its capabilities in three years.

Carl emphasized the fact that county REA's must hand together and build their own power supply. He discussed the present and past power contracts with supplying power companies and that a study was being made to decide what the cost per kilowatt hour would be to REA people if they built their own power supply.

Three new directors to the board were elected. In the Olton area (district 1) Leroy Jackler replaced H. G. Walker; in the Sudan-Beck area, (district 2) Roy Baccus replaced Henry Meyer; and in the Spade area (district 4) T. C. Faver replaced Jay Phillips.

Special recognition was given Walker, who has served on the board 15 years and to Meyer, who has served on the board six years.

In other business Meyer read the statement of purpose of the meeting, auditor Alvin Webb gave the financial report. He was assisted by Billy Tom Grant.

A friend asked Bob last week if he was going to quit chewing tobacco since the sales tax had come along. Bob said that he hadn't cut down on amount he chewed... he just didn't spit as often!

For pure entertainment Bob is undoubtedly among the best in the state. There are better inspirational and other type speakers I'm sure, but he's at the top for laughs.

**First Cotton**

bale mark with the only things to keep the total from climbing over this mark an early freeze, army and leaf worms. "There is no insect infestation at this time," he stated, "but farmers should keep on the look out."

Rip Elms, manager of the Paymaster Oil Mill, said his estimate was 203,000 bales, or about 28,000 bales more than was produced in the county last year.

Cool weather moved into the county during the week-end dropping temperatures in the 40's and creating a scare of a possible early freeze. However, the temperature climbed back to the 80's by Wednesday with the warming trend expected to hold for several more weeks.

**Thefts**

driven by D. H. Brewster of Van Horn, Tex., came into the alley. The cab on the truck cleared the auto but a gust of wind caught the partially closed door of the Strickland car and opened it and the back wheels of the truck struck the door.

**Wildcats**

8 p.m. Friday. Both teams will be trying for their first win of the season. Anton lost to Kress 29 to 6 in the opener and Sudan went down to Morton by a 22 to 14 score. Sudan won the 1960 tangle 28 to 0.

Bula travels to Smyer and will be trying for their first season win. They lost to Southland 40 to 12 last Friday. Gametime is 8 p.m.

Olton's Mustangs fresh from a close 14 to 12 victory over Petersburg will play their first home game Friday at 8 p.m. against McCamey. Olton downed the McCamey team last year 12 to 8.

Springlake, winner last week over Bovina, take on Hart at 8 p.m. and also open the home game. Hart defeated New Home last week with a 28 to 6 score.

Whitharral's Panthers will try to bring home another victory as they travel to New Home Friday. The Panthers won over New Home last year by a 14 to 6 score and defeated Lorenzo last week by a 12 to 6 score.

Game results will be in Sunday's County Wide News.

## ANTON NEWS by Mrs. Estelle Grace

### First Baptists Hear Plainview Man

Terry Morris of Plainview was speaker at First Baptist Church Sunday for both morning and evening services. Rev. Morris was accompanied by his wife, and two children and they were guests in the home of Mr. and Mrs. B. Forman.

Leon Wooten is still confined to a Littlefield hospital where he underwent surgery recently. He is reported to be improving.

Mr. and Mrs. Reginal Stephens returned Friday from a week's vacation in Colorado Springs, Colo.

Alvin Mitchell, son of Mr. and Mrs. A. A. Mitchell moved to Abilene last week. He will be a student in Abilene Christian College and will also be employed by an insurance company there.

Shorty Stephenson and Roy Grace attended homecoming at Estelline Saturday. Both are ex-students of Estelline school.

Guests in the home of Mr. and Mrs. G. C. Reed last week included their grand son and his family from Dallas.

Mr. and Mrs. A. L. Hargrove spent the day Sunday in Littlefield visiting Mr. Hargrove's father.

The annual reception for teachers was held in the Cafeteria Tuesday night at 8.

This affair is held every year to introduce new teachers and enable teachers and parents to become better acquainted. The executive committee of the PTA were hosts and served refreshments to those present.

Mrs. Kenneth Grace is a patient in Methodist Hospital, Lubbock, where she has her surgery on her back Friday morning.

Twenty University of Texas scientists will be touring Texas junior and senior high schools this year, giving lectures, demonstrations, guidance and serving as members of panel discussions.

Sharp decline in gambling stamps issued by the Federal government in Texas has been noted. Record shows Corpus Christi 11, Galveston, 9; Houston, 7; Victoria, 7; San Antonio, 7; Austin, 2, Waco, 1.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford

**AUSTIN, Tex** -- Storms of protest boiled up among consumers, merchants and business men during the first week of application of Texas' almost universal sales tax.

Reaction was not so much against the cost of the new tax but more to the principle of inconvenience and confusion. Natural resistance to any new levy always is evident. And there is nothing "hidden" about a sales tax.

Surpluses of pennies in pocket and purse. They are bothersome. Arguments also ensued over the subject to tax, and the tax.

Although State Comptroller Robert S. Calvert explained what is being done by the tax, it was evident that much time will be passed before every citizen clearly understands the new law.

cents or less. He pointed out that 14 to 16 cents per pound is the usual cost of raising broilers.

The Attorney General is invoking a court of inquiry to investigate the possibility of anti-trust violations.

**DRIVERS SLOW DOWN** -- State Highway Department survey indicates a continued slow-down in average speed on Texas highways. This year the study indicated an average of 55.3 miles per hour for passenger cars clocked by hidden radar at 25 locations over the state.

This compares with 55.9 MPH in 1960, and 56.2 MPH in 1959. Average speed for trucks was 50.1 MPH, compared with 51.2 MPH last year. Buses slowed down slightly from 60.7 MPH last year to 60.5 MPH in the recent survey.

**LIEUTENANT GOVERNOR'S RACE SHAPING** -- Many eyes of Texans are beginning to look in the direction of the Lieutenant Governor's office, vacated by Ben Ramsey's appointment as Railroad Commissioner.

One candidate, Republican O. W. Hayes of Temple, has announced he definitely will be in the race. Other definite possibilities include House Speaker James A. Turman of Gomer, Sen. Crawford Martin of Hillsboro, Sen. A. M. Alkin, Jr., of Paris, Sen. Preston Smith of Lubbock, Sen. Bob Baker of Houston and Don Yarborough of Houston. Yarborough ran against Ramsey last time.

**NEW IDEA FOR PADRE ISLAND** -- Land Commissioner Jerry Sadler tossed a new idea into the breach of controversy over what should be done with the beautiful Padre Island.

The beaches, he said, should be turned into a state park -- not turned over to the Federal government for a National park as has been proposed. He said the proposed Federal project would take about 200,000 acres of submerged lands which already have yielded more than \$12,000,000 for the state's permanent school fund, and which have a potential of at least \$1,000,000,000 in oil and gas development.

### SLEEP WHILE YOUR WANT AD WORKS

**INSTITUTIONAL WORK WEEK CUT** -- More than 9,000 state hospital and special school employees, forced to work longer hours than other state workers for several years, got the break they had been waiting for when the Hospital Board invoked the 40-hour week throughout the system.

Legislature had given the board the option of hiring additional employees and reducing the 44-hour week to 40, or of retaining the longer work week and giving present employees pay raises. The money was provided to do it either way.

"This new work schedule will make it possible to retain and attract more qualified personnel," board chairman French Robertson of Abilene said.

**TOUGHER SECURITY FOR GATESVILLE** -- Recent serious trouble at the Gatesville State School for Boys has led to tighter security measures.

Dr. James Turman, Executive Director of the Texas Youth Council, reports that horses and jeeps will soon be placed in service for patrol purposes, and men will be equipped with walkie-talkies.

"We want to give evidence of authority," he said.

Although guards will not be armed, he pointed out that "every man knows he can use physical force to control his company." He also noted that many problems will be eliminated with completion next year of a maximum security unit to be known as Mountain View School, one and one-half miles from the Gatesville school. A double fence with barbed wire on top will surround this unit.

"We are not dealing with Boy Scouts or Sunday School classes," said council member Robert W. Kneebone.

**AUTOMATIC TAX CHECK DUE** -- Internal Revenue Commissioner Mortimer M. Caplin, on a recent visit to Austin, dropped the hint that automation in the processing of income tax returns may ultimately eliminate spot-checks and permit scrutiny of every return in detail.

He said an automatic processing system soon will be put into service that will quickly spot individuals and business firms failing to file returns, check mathematical accuracy and other data.

Center of the tax accounting system will be in Martinsburg, West Virginia, where a master file of business and individual taxpayers will be maintained. Returns from district offices will be sent to nine regional centers where data will be magnetic-taped to be sent to the computer center for processing.

AMHERST NEWS by Mrs. Lester LaGrange

# Field House Under Construction

By the middle of October it is expected that the Amherst High School field house will be completed. The new building, at the cost of \$27,000 is being attached to the north side of the gymnasium.

The 2000 square foot area will include a girls dressing room, a boys dressing room, public rest rooms and a concession stand.

A six foot wide corridor will be the length of the building. This space is for the use and convenience of basketball and football fans.

Jimmy Love, son of Mr. and Mrs. Woodrow Love who was critically injured in the train-car accident in Littlefield last February, is showing marked improvement. Although still confined to a wheel chair he was able to attend the football game here Friday night when Amherst and New Deal played.

Mr. and Mrs. Tom Bradley and Tammy Smith, Snyder, Okla. Mr. and Mrs. R. V. Smith, and Mrs. Bertha Thompson spent Sunday in Odessa with the Smith's daughter, and family.

Mrs. Bertha Thompson and Mr. and Mrs. Tom Bradley and Tommy Smith spent Monday in Lubbock with Mr. and Mrs. Claude Thompson.

Mr. and Mrs. Bill Elms, Jay and Betty attended the fiftieth wedding anniversary of his parents, Mr. and Mrs. M. A. Elms at the Community Center in Littlefield Sunday afternoon. All of their children and grandchildren were present for the occasion.

Mr. and Mrs. Ervin Jackson, of LeGrand, Calif. visited his sister and husband, Mr. and Mrs. Will Masten and his niece, Mrs. Bill Elms and family last week.

Weekend guests of Mr. and Mrs. Larkin White were their son, Jack and family from Los Alamos, N. M.

Mr. and Mrs. Alton (Red) Morgan are visiting relatives in South Texas.

Mrs. Earl Chapman, Winters visited Misses Vee and Willie White and their brother last week.

Mrs. Raymond Humphreys is substituting for Mrs. Frances Melton, school secretary while she is on vacation this week.

Mr. and Mrs. Fred Hamm, Hart, visited their daughters, Mrs. W. P. Holland, Jr., and Mrs. Gerald Coffey and families last week.

Guests in the Bill Elms home Saturday night were his nephew and wife, Mr. and Mrs. Larry Elms, Silverton, and his niece, and husband, Mr. and Mrs. Perry Cates, Amarillo.

Monday of last week, Mr. and Mrs. Bill Elms, Littlefield attended funeral services in Claude for Alton McClure. They visited the Arlie Elms in Silverton, enroute Claude.

Mr. and Mrs. Norman Humphreys were in Downey, Calif. for his sister Arlene's wedding Saturday.

Mrs. Guy Southern, Lubbock was guest of Mrs. Eva Attaway Sunday.

Here for a weekend visit with her grandparents, Mr. and Mrs. C. N. Stine were Mr. and Mrs. Bud Watson and children, Amarillo.

Mr. and Mrs. James Holland, Jan and Paul attended the Elms 50th Anniversary celebration Sunday.

Coach Lawrence Cook and family have moved to the place recently vacated by the W. P. Stones.

Joe Brandstatt and Fred Wilson are fishing at Lake Falcon on the Rio Grande.

Guests in the Bob Simmons home during the weekend were Mr. and Mrs. Hugh Simmons and family, and Mr. and Mrs. Willard Simmons, Spearman, and Mr. and Mrs. Tony Cahill and children, Brownfield.

C. A. Duffy and Mr. and Mrs. Mike Duffy and Michael visited Mr. and Mrs. Kenneth White, and family Lubbock Sunday. The Whites moved back to Lubbock last week from Austin where they resided the past year.

Mr. and Mrs. Billie Zachary and Donna were here from Houston during the weekend, guests of his parents, Mr. and Mrs. W. C. Zachary.

Mr. and Mrs. Virgil Allen Hinds, Jr., Dallas, and Mr. and Mrs. Earl Sands and Chris, Amarillo, were weekend guests of their parents, and sister, Sue.

Mr. and Mrs. B. McSpadden have returned to Amherst after several years spent in Stigler, Okla. They are erecting a new home on Adams street.

The Willis Hedges family from Olton was here for the New Deal - Amherst football game Friday night.

Rev. and Mrs. E. R. McGregor and daughters assisted their other daughter and family move from Ralls to Corpus Christi last week. She had been ill recently. Rev. Wayne Cook, chaplain at the Methodist Hospital, Lubbock, occupied the pulpit for Rev. McGregor at the morning service, Sunday.

Alfred Hodges, Roswell, N. M. spent the weekend with his aunt, Mrs. John Cape and Mr. Cape.

Mr. and Mrs. Laverne Long, Gaylen and Judy spent the Labor Day weekend in Ruidoso, N. M.

Airman Richard Lemer returned from a 12 months tour of duty in Greenland. His wife, Doris Leathers Lemer and son, Terry met him in Lubbock Thursday and they went to Ruidoso for the holiday weekend. He expects to be stationed in California when his leave is terminated.

Mrs. Vheola Sherrill, Denton, Tex. spent several days with her sister, Mrs. Uncle Reno and Amherst friends.

Mr. and Mrs. George Harmon spent the Labor Day weekend at Tres Ritos N. M. guests of the Allan Whites.

Sunday guests in the W. P. Holland home were Mr. and Mrs. Tommy Cole, and children, Midland, Mr. and Mrs. Thomas Cole, Clarksville, Tex., Mr. and Mrs. L. L. Swindle, Hart and Mr. and Mrs. Jeff Brantley and children, Lubbock.

Saturday guests of Mr. and Mrs. James Holland and family were her parents, Mr. and Mrs. Pau Vause, Littlefield, and her aunts, Mrs. Lester Lawhon, Mr. Lawhon and Mrs. Wyatt Robinson, Mr. Robinson of Temple. They were here to attend the wedding anniversary of their brother and wife, Mr. and Mrs. M. A. Elms in Littlefield Sunday.

### Two Area Men Finish Army Intelligence

Fort Sam Houston - Army Reserve Maj. Jay B. Harbin, son of Mrs. Ada E. Harbin of Whitharral and 1st Lt. Robert S. Terry, son of Mr. and Mrs. W. V. Terry of Sudan, completed the two-week Intelligence course at the Fourth Army Intelligence School at Fort Sam Houston on August 26.

The school, established 13 years ago to train personnel in all phases of Army Intelligence, offers 14 separate courses of instruction in the latest intelligence doctrine.

Harbin and his wife, Wilma, live on Route 4, Levelland and he is a farmer. He is a 1942 graduate of Texas Tech.

Terry and his wife, Betty, live in Roswell where he is a life-insurance underwriter. He is a 1948 graduate of Sudan High School.

UT Ex-Students' Association will honor U. S. Navy Secretary John B. Connally with distinguished alumnus award in November. He will deliver the principal address at a November 10 banquet prior to homecoming activities.

**GRAND CHAMPION COCKEREL** - Doc Leonard of Spade is shown with his grand champion cockerel which won five ribbons at the Colorado State Fair held in Pueblo last week. All the ribbons shown above were won by Leonard's Rhode Island Reds at the fair. The bird with Leonard won Champion Cockerel, Grand Champion Cockerel, Champion of the American Class, Best Color Shape and Feathered Bird. In addition he had the Champion Trio, Reserve Grand Champion Pullet, Best Colored and Feathered Female. He also won First Cock, Hen, Cockerel, Pullet and Trio. Leonard has six other breeds of bantams with about 250 chickens in all. He has a pet talking crow that has been at the Leonard home for seven years. He plans to enter several other fairs.

## Philosopher Comes Up With Proposal That Crisis Be Put On A Quota Basis

Editor's Note: The Sandhills Philosopher on his Johnson grass farm has an odd notion this week, but there's nothing odd about that.

Dear editor:  
I'm not telling anybody how to run a newspaper, but as a farmer who knows what it is to be a victim of over-production, I would like to suggest to the newspapers of this country, especially the big city dailies, that the crisis market in this world is being swamped and if it keeps

going like it has been the past few months newspapers are either going to have more crisis news than they can handle or the people are going to get tired of reading about it.

In fact, after reading all the headlines about Berlin, Cuba, Brazil, and a few months back, the Congo, Egypt and all those other crises which sounded world-shaking at the time but have now faded from memory, I have come to the conclusion that what the world needs is a crisis

quota. Running a country is not much different from running a farm; very few people can do it successfully.

So, the world ought to be divided up into twelve zones and only one zone allowed to have a crisis at a time, and that one limited to one month. Any time a crisis can't run its course in a month, somebody is just hogging the news. Thus we'd have only twelve a year, and never more than one at a time. You take a country whose crisis allot-

ment comes in January, and it gets to itching to have one in November, it'll just have to wait. There's nothing worse or harder on newspaper readers than having two or three crises at the same time, not to mention how hard it is on Washington to get enough officials to fly to them, or on the newspapers to find enough reporters to cover them all.

Oh, I know some people will say we could save money by having one diplomat attend to three or

four crises on the same trip, but it's asking too much, he'll get home and start trying to remember how much money he promised which country. One crisis a month, twelve a year, ought to be the maximum. Otherwise the crisis business is going bankrupt. Over-production can play thunder with the crisis market the same as it can with us farmers, and everybody knows the world can't stand to be in the same shape farming's in.

Yours faithfully, J. A. county agent. Local meetings will be held in the near future to explain the new program and Bates urges all wheat growers to attend.

## Barley Added To Feed Grain

Though barley ranks well down on the list of feed grains produced in Texas, many growers will soon have to make a decision on whether or not to participate in the 1962 feed grain program. Winter barley has been added to the program and seeding time is not far off.

The feed grain program for 1962 is about the same as the 1961 plan, but with winter barley added. The purpose is to reduce the total barley acreage while protecting the farmer with price support and conservation payments, say economists for the Texas Agricultural Extension Service.

To participate in the barley program a farmer must divert at least 20 per cent of his 1959-60 barley base and at the same time not increase his corn or grain sorghum acreage. The diverted acres must be put to conservation uses, the economists say. Payment for the first 20 per cent of diverted acreage will be figured on 50 per cent of the normal barley yield on the farm. Additional acreage may also be taken out of production at a higher rate

of payment.

If the producer chooses, he may plant all or a part of his diverted barley acreage to one or more of the following oilseed crops: castor beans, guar, safflower, sunflower or sesame by passing up conservation payments. He will, however, be eligible for barley support price.

The economists advise farmers who are eligible to participate in the winter barley phase of the 1962 feed grain program to check with their local county agent or Agricultural Stabilization and Conservation office for details on the program.

Bates, extension farm management specialist. A two-thirds majority was needed to keep marketing quotas in effect, and to make operative the new wheat stabilization program.

Wheat producers will have to cut their acreage allotments by at least 10 percent for 1962 and may, if they choose, take out another 30 percent of their allotment. Bates says, Those who comply with their acreage allotments and conservation requirements will be eligible for the \$2.00 per bushel price support and for wheat payments.

### Fifth Annual Field Day Planned

The 5th Annual Field Day of the High Plains research Foundation will be held the afternoon of Wednesday, September 27. Tours will start at 1:30 p.m. and continue until the barbecue at 5:00 p.m. Research projects will be explained by farmers and scientists at stops on the tours. The evening program will begin at 8:00 p.m. with the introduction of the Trustees of the Foundation. Addresses by Congressman James Wright and Texas Agricultural Commissioner, John White, will conclude the program.

Harold Hinn, Chairman, announced today that the Board of Trustees of the Foundation will hold their semi-annual meeting at McGrath's at 10:00 a.m. the morning of Field Day.

The board will establish the research program and budget of 1962 and decide policy matters for the Foundation. Steve Taylor, Vice - President of Dimmit, is chairman of the

Field Day Host Committee, which is composed of board members.

Board members from this area include: James Angeley, Earth; I. B. Holt, Cleo Smith, and Jim Yates Olton; Jack Yarbrough, Amherst; E. J. Wicker, Littlefield; A. R. Kuykendall, Roy Hickman, Morton, Orville Bailey, Anton, R. H. Hester, Levelland and Grady Goodpasture, Brownfield.

## Referendum Favored By Farmers

Texas wheat producers and those in the other 38 commercial wheat producing states voted on August 24 to continue marketing quotas on their 1962 wheat crops. In the nation, 79.4 per cent of those voting favored quotas and in Texas, 78.9 percent voted yes, says C. H.

**THE WAREHOUSE FOR THE NEW  
Littlefield Farmers Co-op  
WAS BUILT BY DELTA STEEL BUILDINGS**

This strong all steel and concrete structure will store approximately 600,000 bushels and is modern in every respect. Automatic temperature controls alert elevator workers when "hot spots" develop at any area of the building.

Our best wishes to the board of directors and manager Don Scott on the opening of this new elevator Saturday.

CHURCH WORK - Many of the millions of visitors who annually enjoy the natural wonders of our national parks, and the parks' 30,000 employees, share in Sunday worship services led by the 156 student ministers of the National Council of Churches' Ministry in the National Parks. Above is a view of services in the Grand Teton National Park, Wyoming, on the shore of Jackson Lake.

under the supervision and guidance of interdenominational committees having more than 5,000 members from the churches.

Over-all authority over the Council is vested in its triennial General Assembly, which consists of 659 clergymen and 386 laymen appointed by member communions. Interim policy decisions are made by the General Board which meets three times a year. Member denominations are represented on the Board by 162 clergymen and 91 laymen.

The Council has, in its short ten years, managed to build an impressive record of service to the churches and the country. For its work in "pointing up the differences between Christianity and Communism and the unique values of the American way of life," the N. C. C. in April, 1961, received the George Washington Honor Medal Award of the Freedoms Foundation.

The Council received the award, together with the ABC network, for a radio series of its Broadcasting and Film Commission entitled "Christianity and Communism." It was further honored by the American Heritage Foundation with a 1961 award for "outstanding citizenship."

Through its Division of Home Missions, the Council has provided "churches on wheels" for 250,000 migrant farm workers in 30 states. Designed to give migrants the protective benefits and warmth of a community life they otherwise lack, it offers a religious ministry, adult education, vacation church schools, recreational activities and child care and community centers.

In an attempt to meet the social, economic and spiritual needs of the Indian American, the Council carries on a program of Indian work that includes staffing ten U. S. Government boarding schools for Indians with twelve full-time chaplains.

Many of the millions of visitors who annually enjoy the natural wonders of our national parks, and the parks' 30,000 employees, share in Sunday worship services led by the 156 student ministers of the Council's Ministry in the National Parks.

(Continued on Page Eight)

## What Is The National Council Of Churches?

Ed. Note: In 1950, the National Council of Churches was formed by 29 Protestant bodies -- representing the common spirit and purpose of its members. Today, 33 denominations and Eastern Orthodox communions (with nearly 40 million churchgoers) are members of the Council - 23 others participate in one or more of its 70 programs. The following article on the NCC's domestic activities will be followed by one on operations abroad.

do better together than alone? Oppose the growing strength of the forces which challenge the Christian Gospel by "reinforcing each with the strength of all."

So say the leaders of 33 Protestant and Eastern Orthodox communions and to this end they work together through the National Council of Churches which they themselves formed ten years ago.

Contrary to widely held beliefs, the Council does not speak for the nearly 40 million churchgoers re-

presented in the 33 member denominations, but it serves them in the fields of Christian education, foreign and home missions, overseas relief, evangelism, and in matters affecting spiritual, moral, and social conditions under which the Church and its Christian believers must carry on.

The Council is charged by the member denominations to develop and maintain more than 70 programs in these fields. Each program is directed by qualified staff who are in turn

# Our Contemporaries Are Saying Waste-Hunters Bag Billions

ANDREWS COUNTY NEWS  
A million dollars is still a lot of money at the local level. And, certainly, when organized waste-hunters can cut \$2,000 million (that's two billion, you know) out of local budgets in a single state -- and without impairment of public services -- that's important news in 49 other states!

How this has been done in California, in 35 years of eagle-eyed surveillance of local spending by a citizens' group of "gimlet-eyed vigilantes", is the subject of a report by Patricia and Ron Deutsch in the September Reader's Digest that should be exciting and encouraging reading for everyone everywhere who pays taxes.

"How You Can Curb Your Local Taxes" is a factual report on how the alert and efficient California Taxpayers Association (Cal-Tax for short) checks waste at state, county and town levels, responds to crushfiles of extravagance wherever they may break in and saves taxpayers \$400 for every dollar it spends. In 1960, for example, Cal-Tax lightened local tax burdens by \$145 million.

It rescued one county from underwriting a road program it didn't need. It saved \$50,000 a year by having the janitors at the State Capitol report for duty at five p.m., when they could start work, instead of at 3:30 when they would sit around at public expense for an hour-and-a-half. It squelched a "small" pension concession that saved Los Angeles County \$50 million. It effectively attacked abuses of state relief and adult education, established central purchasing for the school system.

In short, Cal-Tax found a way to combat a universal weakness in the conduct of civic affairs -- that those favoring high, wide and handsome spending always attend public meetings, while those who must get up the money sit home until it's too late to howl. So effective, in fact, have its methods proved that the Cal-Tax pattern of organization and operation have been imported into 37 other states and at least two dozen former Cal-Tax men have fanned out into other states as budget experts and administrators. Two have even gone into the US Bureau of the Budget -- and we can hope there will be more!

"People figure", said one of these vigilantes, "that since Government spends billions of dollars, some of that money ought to be spent on them. They forget they themselves have to pay the bills." But Cal-Tax is reminding them -- in the most impressive way we have yet heard of.

Here is a story that should be read aloud -- in the meetings of every taxpayer group in America!

## A Small Carrot.....

ANDREWS COUNTY NEWS

One of the most important proposals made by the president -- and one which, in principle, if not in

detail, should excite little controversy -- is that concerning the stimulation of industrial expansion and the modernization of plants and equipment. The stimulant proposed is a tax credit to be applied against the federal income tax. The formula suggested in the Presidential message is a complicated one, and some fear that the average businessman might not be able to fully understand it. So a substitute formula, of a very simple nature is being considered, and this, it is reported, has Administration approval. Under it, Congress would determine the amount of investment credit to be allowed. Say the figure established was 8 per cent. In this case a business could deduct \$8 for every \$100 invested in depreciable assets.

It is hoped this small carrot held before the work horse will encourage business and industry to replace obsolete equipment at a faster rate. This would mean more jobs and better jobs, as well as more and better goods for consumers. Increased business activity, and the increased payrolls and sales would produce increases in tax revenue to offset the tax.

## Diagnosis Is On Target....

Nashville (Tenn.) Banner

The majority opinion of the doctors who were surveyed on the cause of juvenile delinquency was on target. Eighty-eight per cent of the 5,500 physicians questioned said they believed lack of parental supervision was the principal underlying cause for teenage crime. Also blamed was the decreased emphasis on spiritual values of life which, of course, ties in closely with what most of the doctors stated was the root of the evil.

Millions of words have been written and spoken on this subject. There have been sound articles and those not so sound. There have been hand-wringing speeches deploring the increase of juvenile delinquency, but seldom -- if ever -- do we get the answer. The most heinous of crimes too often are committed by "crazy, mixed - up kids." They may be, but how did they get that way?

Too frequently one reads newspaper stories about such things as vandalism, muggings, sex attacks and even murders committed by gangs of roving juveniles. The members of these rat packs are out all hours of the night committing their deviltry. In these instances, there is no parental supervision. The parents have either lost all control of their youngsters or they just don't care. But whatever the case this does not relieve them of the responsibility for their children's acts of violence. Since these parents are accessories before and after the fact, they too, should be hauled into court and punished for creating a menace to society.

Thus, if the rise of juvenile crime is to be curbed, the job will have to be done by the parents. Parental supervision includes knowledge of where your child is, with whom he is associating and the use of disciplinary measures when they are needed. We can talk and write about juvenile delinquency ad infinitum, but it will all be wasted if American parents refuse to measure up to the task and the responsibility which the very fact of parenthood assigns to them.

## Penn Point

By D.H.P.

There were a couple of items left out of Penn Point last Sunday and I think they are good enough to run this Thursday.

First is this gem of wisdom by Sydney Harris, a Chicago columnist and author. It is from his book titled, "Last Things First" that we quote.

SCHOOL is a place where children go to learn how to read, write and count. It cannot be much more than that, and when it tries, it often becomes much less than that.

"A school cannot build character; it cannot guarantee success; it cannot teach popularity; it cannot automatically make a child happy.

"Most of our frantic talk about 'good schools' is a cheap and cowardly evasion of our own parental responsibility.

"Where the child goes to school is not nearly so important as what he learns at home -- the moral, spiritual, social and emotional climate of the family.

"Many parents want the school to rectify their own mistakes in the past, and to do the job that parents were meant to do.

"When the school makes a half-hearted attempt to do this, it usually falls down on its basic job of education....

"All the outstanding children I have ever known grew up in homes where their intellectual and moral qualities were encouraged; the school they went to made little difference."

Second, I figure as how the Littlefield regular and

volunteer fire departments should receive a lot of praise for the rapid work and danger they went through to put out the Byers Grain Company fire. These are the guys behind the scenes, the unheard of ones the fellows who risk life and limb so that you and I can have low insurance rates and sleep through the night even when the fire siren blows.

This group practice just about every week so they can keep up with the latest fire fighting methods. One thing is for certain they don't do it for the pay... they do it so that you and I and all the other people in and around Littlefield can have the best fire department possible.

There is one thing that those of us who aren't members of the volunteers can do to make their job easier and that is to stay off the streets and away from the scene of fires. There have been accidents caused by people trying to beat the fire trucks and firemen to the scene and all this is needless. If you must follow the fires at least give the firemen a chance to get there before you do. It isn't much to ask and it might just be your house that is saved.

Mantle and Maris are both ahead of Babe Ruth in the home run race. Chances are probably the best they have ever been for one of these two modern baseball giants to break the long standing record of the Babe. For those of us who never saw Babe play or weren't around during his

## Insurance Classification Saves Motorist Money

Approximately 55% of the private passenger automobiles in Lamb County can now be covered for basic limits public liability insurance for only \$6.00 more than the same insurance cost in 1938. This is due to the use of insurance classification plans, including the Texas Safe Driving Insurance Plan, according to the State Board of Insurance.

To give a specific illustration, basic limits public liability insurance (bodily injury and property damage combined) on a private passenger car, used only for family purposes, and not owned or operated by a male under 25 years of age, and principally garaged in a town or city in such county now costs \$36.00. If the owner and his co-resident operators are accident and conviction free under the Texas Safe Driving Plan (sub-class 0)

one day, think of him as an immortal and personally I would hate to see his record broken. I don't much favor living in the past, but the Babe is a part of baseball that should live on forever. Some of his records will probably never be broken but if they are someone should give him a record for holding the home run record the longest.

lowed which would reduce the rate to \$29.00. In 1938 the same insurance on a private passenger car in a city or town in Lamb County would have cost \$23.00. Approximately 55% of the non-farm private passenger cars in such county are entitled to this reduced rate.

Farm automobiles carry a lower rate because they are not exposed to hazard in the same degree as non-farm cars. In most counties in Texas farm cars will enjoy about the same ratio of benefit from the Safe Driving Plan in relation to former costs as the non-farm cars will receive.

The purpose of insurance classification plans is to allocate more of the cost of insurance to the class of risks which result in the most losses.

don't have a thing to do Friday night... so go out and watch the Wildcats take on the Mules.

I visited with Doc Leonard out at Spade this week. Doc raises champion show birds. He just walked off with most of the prizes in a recent show in Colorado with some fine looking Rhode Island Reds. But the things I enjoyed the most out at Doc's was a talking crow. Doc said he had had the crow for seven years. I guess you might just call this an "old crow". Doc and Mrs. Leonard have about 250 birds in all with seven breeds of the bantam class. Our congratulations to Doc on his winnings.

Got the first look at my Journalism class Tuesday. They seemed eager to begin work, so it is my hope that we can have a better start this year.

## Twirling Festival Will Spark Panhandle South Plains Fair

One of the highlights of the Panhandle South Plains Fair, slated Sept. 25 to 30 will be the eighth annual West Texas Twirling Festival, an event that annually draws as many as 400 youngsters from throughout the western section of the state.

The twirling festival will be held at 8 a.m. Sept. 30 on the fairgrounds near the Merchants' Building and will be directed by Benji Dunn Evans. Deadline for entering the events will be Sept. 21, but twirlers can

pay a \$1 penalty and enter as late as Sept. 29, Mrs. Evans said.

Other highlights of the 1961 Fair will be the 21st edition of Ice Capades, the I. Q. Zoo, the Children's Barnyard, the livestock exhibits, the Merchants' Building, the Women's Building, the Bill Hames midway, the Parade of Bands and an all-new Antique Auto Show.

Premiums for the Panhandle South Plains Fair this year will be more than

\$22,000.

The all-new Ice Capades -- which made a hit even with the Russians this summer -- will feature Aja Zanova, Jimmy Grogan, Peter Voss, Helga Neff, the Emanuels, The Maxfields, the Three Bruisers, Hans Letter, Louisa Orwell and many others.

Some of the Ice Capades numbers will include a "Salute to Rodgers and Hammerstein," a medley of four operas called "Opera IV," a skating ver-

sion of "The Wizard of Oz," an Arabian Nights Fantasy titled "Scheherazade," and several others, including comedy numbers by performers who had the audiences rolling in the aisles last year.

Ice Capades performances are set for 3 p.m. on Sept. 24, 25 and 26, for 5:30 p.m. on Sept. 29, and for 8:30 p.m. on Sept. 25, 26, 27 and 28.

The I. Q. Zoo was such an overwhelming success in 1960 that Panhandle

South Plains Fair officials signed a longer and more attractive animal act this year. Along with the individual acts seen last year will be a complete 8 to 12 minute stage show. The most popular acts of 1960 were retained, some of the less popular ones were replaced and some new ones were added to make I. Q. Zoo an even bigger part of the 1961 Fair.

The I. Q. Zoo will be inside Fair Park Coliseum this year -- on each side un-

der the grandstands -- and will still be a free attraction.

Also inside the Coliseum and also a free attraction will be the first or Pioneer Antique Auto Show. The cars will all be older than 1920 models and will be on view during the entire Fair.

More than 1,000 animals will compete in the Livestock Shows -- not counting the hundreds of rabbits. About 300 head of

cattle will be on hand and more than 700 swine.

The Children's Barnyard -- a feature attraction of recent fairs -- is already shaping up, with several animals signed. The Barnyard appeals to parents as well as children and the animals include donkeys, chicks, sheep, ponies and ducks.

A giant Parade of Bands will again open the Fair at 10 a.m. Sept. 25 and more than 35 area bands are expected to compete for \$600 in prize money. Bands will be divided into four classes -- AAA, AA,

and B, -- for the competition with the best band in each class receiving \$100 and the second place band \$50. Any area band eligible to compete and a AAA school size band should be mailed to the Lubbock Chamber of Commerce.

State's red ink amount to \$72,000,000, according to State Treasurer James. Impact of rising school payments will offset somewhat by sales taxes.

### Churches

On the education front, the N. C. C. gives executive leadership to the United Christian Youth Movement, embracing ten million young people.

Interdenominational committees of the Council's Division of Christian Education administer the preparation of Sunday School curriculum outlines used by thousands of church groups. The Division also syndicates Sunday School lessons to newspapers and magazines through "National Council Religious Features."

Hundreds of religious radio and TV broadcasts reach Americans through the Council's Broadcasting and Film Commission.

The film, "Split Level Family", has played to an audience of about two million, while "Off to Adventure," "Talk Back," and "Man to Man", a few of the B. F. C.'s TV series have helped it win the 1960 George Foster Peabody Award for Radio - Television Education. Another current TV favorite from the Council, in cooperation with the United Lutheran Church, is "Davey and Goliath," viewed by children over 200 stations.

The U. S. Army and Air Force are among the heaviest purchasers of National Council audio-visual materials ranging in subject matter from premarital counseling to foreign missions. International church relief and the training of youth leaders.

In connection with the churches' education programs, the Council sponsors Christian Education Week, which begins this year on September 21 under the theme "The Christian and His Community."

Also on the Council's yearly calendar are 20 other religious observances ranging from the Univer-

sal Week of Prayer in January to Share Our Surplus Week at Thanksgiving time.

These are but a few of the varied activities of the National Council for the churches of the nation, which also provides staff and facilities for the 12 million women associated with its United Church Women program and for its United Church Men organization.

The first ten years of the Council's existence have dispelled fears that it would lead to a super-church or that it would exert any kind of control over the churches. The Council's constitution makes it clear it is an agency of the churches, established by them to serve them, and, through its policy-making General Board of member church representatives, to speak to the churches on matters of Christian social concern.

The Council has been misrepresented by some critics as being a "prothis" or "against-that" organization and that it claims to speak for the churches. Nothing is further from the truth.

When the National Council of Churches speaks on issues of Christian concern it is the elected or appointed leaders of the member denominations who together speak to their churches on these issues.

Today, the National Council of Churches, together with over 1,000 county, city and state councils of churches, symbolizes one of the most important developments since the Reformation. It is an expression of the growing unity and cooperation of the Protestant and Eastern Orthodox churches of America.
