MAY ACT ON PIPELINE EASEMENT MATTER Council Slates Special Session

A special session, called for opening of bids on waterworks fittings, is set for Littlefield City Council Friday at 5 p.m., but another matter could take the spotlight on the agenda. Councilmen are expected to consider a course of action on an easement controversy with Les Hewitt. The matter was presented at the regular council meeting last week. Mayor Bill Armistead reported that Hewitt had turned down an easement proposal for laying a 24-inch water pipeline across his land northeast of town. Three other farm owners involved along the proposed route indicated satisfaction with the easement offer, the mayor said. The council postponed action on the easement question, pending further study, and it is expected to be considered again Friday evening. Hewitt has voiced the argument that \$1,300 offered him in payment for crossing his property with the pipeline "is not enough damage that will be done to an irrigated farm by this

15 PERCENT DROP IN CIGARETTE SMOKING ESTIMATED IN COUNTY

Cigarette smokers in Lamb County are reaching for a smoke a little slower these past few days, by count about 15 percent slower. This is the estimate of cigarette vendor Clint Penn of Littlefield, who owns and services dozens of cigarette vending machines over the county. "I'd say the drop off has been about 15 percent in the past week," Penn says, the past week being since Surgeon General Luther Terry sounded the official U.S. warning that cigarettes are a proven cause of cancer. "Some of this is seasonal," Penn points out, "but there has been a slow down in cigarette buying." The slowdown pattern is stronger than in times past when medical warnings have caused limited letups in smoking. In the past the smoking trend generally has recovered. One Hereford smoker is quoted in an offbeat reaction to the smoking scare: "This whole business about cigarettes and cancer has made me so nervous I'm smoking more than ever before."

Awards Slated For Chamber's 'Golden' Fete

Plans for Littlefield's Golden Anniversary Chamber of Commerce banquet have been completed, and local members and citizens are urged to get their tickets for the highlight event of the C-C year on Jan. 29. With the nation's No. 1 speaker, Dr. Kenneth McFarland, on the program, the annual affair is expected to draw the largest audience ever to attend a local C of C banquet. President Troy Armes will be master of ceremonies for the fete. Ticket sales chairman Joe Montgomery reported tickets were moving good but cautioned members to make their reservations soon. A big push to make as many reservations as possible will be made this week, he reported. Deadline for ticket reservations has been announced for Saturday night. Aside from the appearance of Dr. McFarland, the annual event will see the presentation of the year's "outstanding farmer" and several other traditional awards. Top junior and senior FFA members will be presented, and the county's outstanding 4-H boy and girl will be recognized. Glenn Reeves will make award presentations and introduce the guest speaker. The banquet also marks the installation of new officers, and Jerry Sanders will take over the president's gavel from Armes.

Chris Andrews, 6-year-old son of Mr. and Mrs. Cecil Andrews of 209 E. 21st, sustained a broken leg and minor bruises when his bicycle was struck by a car Monday at 6:20 p.m. on Farwell and E. 23rd St. According to the police report, the youngster drove his bicycle into the path of a car driven by Judy Ann Tollett, 16, of Littlefield. No traffic violation was charged to the driver. Mrs. Andrews, contacted Wednesday morning at the hospital, said, "We feel very fortunate that the accident was not more serious." She added that parents should take heed from the accident and stress the importance of safety rules to children who ride bicycles. Chris is a first-grade student here, enrolled in Mrs. Edith Weed's room. Mrs. Weed is a new teacher, replacing Mrs. Alta Rattan. Chris was in fine spirit Wednesday, except of course for the heavy cast on his right leg. Police filed two other accident reports this week. COVETED SILVER BEAVER Tom Hilbun Gets Scouter Award

Tom Hilbun, longtime Littlefield scouter, was one of five persons to receive the coveted Silver Beaver award for Scouting service in the annual recognition dinner of the South Plains Council of Boy Scouts in Lubbock Tuesday night. The Silver Beaver is the highest award made to Scouters on a council level. Two Lubbock men, one from Plainview and one from Lamesa received the award with Hilbun. Hilbun is Scoutmaster of Troop 638 in Littlefield, and has been active in Cub and Boy Scout work for a dozen years. He has been an assistant Cubmaster, Scout institutional representative, district committeeman and has worked in Scout camping activities. In 1960 he received the Wood Badge at Camp Philmont, N.M., an award that makes its holders members of Scout Troop Number 1, in England. This award is given for leadership training. The Silver Beaver was the second significant Scout award

The body of an infant girl, about two days old, was found between the rails of the Santa Fe Railroad track 3 1/2 miles northwest of Sudan Tuesday morning. Lamb County officials were continuing an investigation Wednesday as to the identification of the little red-headed, Anglo infant. A. B. Jenkins, Sudan justice of peace, conducted an inquest at the scene and estimated the baby had been dead 24 to 48 hours. The little girl appeared to be normal, weighing about 6 pounds, 8 ounces. The JP estimated the baby was 44 to 48 hours old. Sheriff's deputy Homer McLaury, who is investigating the case, reported there were no bruises or marks of any kind on the body. He theorized the body, wrapped in a woman's dressing gown and a newspaper and placed in a large paper sack, was placed between the rails. There was enough clearance between the body and a passing train that the body wasn't moved, the deputy said. Special agents from the Santa Fe Railroad went to the scene but said if officials were sure the infant hadn't been dropped from the train, they had no interest in the case. McLaury reported the body was found by a railway section crew about 10:25 a.m. Tuesday. A farm road crosses the tracks about 50 feet from the scene, but the deputy was not able to find footprints leading up to the tracks. The deputy said a farm house is located about 500 to 600 yards away from where the body was found. The farmer there remembers his dogs barking sometime during the night Monday, leading officers to believe the baby was placed there during the night. The newspaper which the baby was wrapped in was a Lubbock edition dated Oct. 23, 1963. McLaury said the brown sack was "the kind you would get in a grocery store." The Lamb deputy said evidence indicated that the child had not been cleaned after birth. The unidentified infant received brief and simple burial rites Wednesday in Amherst Cemetery. The body had been taken to Payne Funeral Home in Amherst following its discovery.

Deputies also reported the arrest of two drunks, one for a traffic violation, and another for carrying a prohibitive weapon.

Authentic Mexican Recipes Furnished By Gary Walden

Mrs. Gary Walden, wife of Joe Walden, 309 22nd Street, is sharing two recipes for Mexican dishes with this week's readers.

Joe and Gary have three children, Kenneth, age 6, in the first grade; Julie, 4, and Leslie, 3, who are mother's helpers. The Waldens moved here in July from Amarillo where they had lived 5 years. Joe is employed as a car salesman at Hall Motor Company.

The Waldens are not newcomers to Littlefield, however, as both attended school and graduated from Littlefield High School in 1952. Gary's parents are Mr. and Mrs. Frank Anzeline, who own and operate Littlefield Glass Works. Joe's mother is Mrs. G.V. Walden, also of Littlefield.

Joe is a graduate of West Texas State University, with a business major. Gary attended Texas Tech and West Texas State University and majored in architecture.

The Waldens spent 1 1/2 years in Germany while Joe was in the US Army. Mr. and Mrs. Walden and children attend church services at First Methodist Church. Joe is a member of the Lions Club and recently began helping with a boy scout troop. Gary is vice president of the Primary Elementary PTA unit.

For pastime, Mrs. Walden enjoys doing yard work. She also enjoys sewing. Painting used to be one of her hobbies but she hasn't had the time for this lately. Joe likes to play golf when he has the time. He is interested in sports, having played football in high school and college. He also does a lot of reading.

Their son, Kenneth, is very interested in all the building going on around their home, where new houses are being built. He thinks he would like to be a carpenter. He loves picking up scrap lumber, nails, etc. The girls are not yet old enough to know that type occupation they would enjoy when they are grown.

Mrs. Walden's recipes for Chili Con Queso, which she served while in Germany, and Guacamole Salad, prepared the authentic Mexican way, follows:

- CHILI CON QUESO
1 cup chopped onion
1 tablespoon shortening
1 1/2 cup canned tomatoes, drained
2-4 oz. canned Mexican green chilies
3/4 clove garlic
1 teaspoon salt
1/2 teaspoon pepper
1 pound Velveta cheese
Saute onions in shortening.

RECIPES OF THE WEEK--Mrs. Joe Walden submitted two Mexican recipes this week which she obtained during a stay in Germany while her husband was in the service. Shown with her are her two daughters, Leslie and Julie. Gary also has a son, Kenneth, who is in the first grade.

W.D. (Dick) Ratliff
candidate for sheriff's office

Ratliff Issues Statement

W.D. (Dick) Ratliff has authorized the Lamb County Leader and County Wide News to announce his candidacy for the office of sheriff of Lamb County subject to action of the Democratic primary May 2.

Following is a formal statement by Ratliff:

"My decision to become a candidate for Sheriff of Lamb County was not a snap judgment on my part. It is something that I have been thinking about for a long time. After careful consideration of all the factors involved, and at the urging of many friends in this area, I decided to become a candidate for this most important office.

"Since I have lived in and around this area since Dec. of 1925, I feel that a lot of biographical information would be unnecessary. However, for the benefit of those who may not know me, I think I should state some of my experience that I believe would be valuable in the Sheriff's office.

"I have served in the offices of Mayor and Chief of Police in Ruidoso, New Mexico. Having been a Mayor and Chief of Police, I understand the many problems of law enforcement as well as the importance of close cooperation between law enforcement officials and city and county government. Altogether, I have had over six years experience in law enforcement. This includes commissions with the Sheriff of Lincoln County, New Mexico and the New Mexico State Police.

"The Sheriff's office is a business. I have more or less been in business since I was 1 year old. I have played with and managed professional baseball teams and have had much experience dealing with the public. This is important because I believe that even a criminal deserves fair and just

treatment. I have been active with Lions Clubs and Chambers of Commerce. I have worked with the Boy Scouts and other youth work which is important to the job of Sheriff.

"My father, L.A. 'Pap' Ratliff was in law enforcement, including the office of sheriff, for 35 years. Though I learned a lot from him, I am running on my own record and ability.

"If elected, I can only promise to do my best for the people and I can assure every community in Lamb County good and efficient Sheriff's service.

"I earnestly solicit the support and influence of every citizen of Lamb County.

"My pledge to citizens is this: Honest and fair dealings to everyone; special privileges or favors to none."

Sincerely
W.D. (Dick) Ratliff

Legion Launches Membership Drive

The Richard New American Legion Post 301 of Littlefield has challenged the Levelland Legion Post to a membership drive contest, it was announced this week by Commander Slick Chandler.

Local dues are now payable, and Chandler urges old and new members to pay their dues

to one of the following: Chandler at G & C Auto, Bill Little at the Farm Bureau office, Bob Falk at Garland Motor, or C.L. Walker, Red Cross office.

Chandler emphasized that the membership contest is only a sidelight, that veterans draw important benefits from belonging to the Legion.

A lack of building facilities has been a long-sore spot, and the United Fund board recently gave an okay to the drive. Scout leaders hope to start building this summer and have a new Hut ready for next fall.

SPEEDY'S SCOREBOOK

By Speedy Nieman

Many Littlefield football fans are excited about the appearance of Baylor Coach John Bridgers here Feb. 3 for the annual Quarterback Club football banquet.

Anytime you land a top Southwest Conference coach as speaker, it's good news. The selection of Bridgers seems even more appropriate this year, however.

Bridgers has made the SWC pass conscious again, bringing the exciting, wide-open, pro-style attack to Baylor. His record includes the SWC in passing offense the past four seasons.

Littlefield's Wildcats, unable to get a strong offensive game going the first half of the 1963 season, switched to a Baylor-type offensive in the Dumas game. It took a few games to smooth out the wrinkles, however, and the Cats lost two district games they felt should have been theirs.

Quarterback Larry Wood, moved from an end's post to take advantage of his throwing arm, hit 43 of 99 passes for 666 yards in just four games. Flanker Grover Pigrum hauled in 28 passes for 506 yards, most of this coming in the final four tilts.

A number of avid Wildcat fans couldn't help but wonder how the season would have gone if Littlefield had opened with the pro-style attack. The Cats appeared to have hit their stride in the final game of the season, rolling over a fine Phillips team by a one-sided margin.

Bridgers' record at Baylor includes frequent bowl games from promoters conscious of the fan draw of his exciting brand of offense. Baylor went to the Bluebonnet Bowl this past season and scored a victory over Oregon.

Bridgers has had three all-American performers over the past three seasons--halfback Ronnie Bull of 1961 and quarterback Don Trull and flanker Lawrence Elkins of 1963. Bull went on to be named the NFL's rookie of the year in 1962.

The Baylor coach is a native of Birmingham, Ala., playing guard for Auburn teams of 1940-42. He later was "B" team coach at Auburn, then served as an assistant at Sewanee. He was head coach at Johns Hopkins, then went to

the Baltimore Colts as an assistant line coach.

The red-headed mentor has coached five years at Baylor, just completing the first season of a new five-year contract.

Larry Wood has taken over the individual scoring leadership on the Wildcat basketball team with 196 points and a 13.1 per-game average. Paul Roberts, the leader most of the season, is close behind with 191 points and a 12.7 mean.

Wood has averaged 19.7 points a game in the three district outings to bring his average up. Junior Hodge follows Wood and Roberts on the season with an 8.4 mark in 15 games.

Roberts has hit the mostfield goals, 84, while Wood leads at the free-throw line with 36. Wood also holds the lead in a less enviable statistic--personal fouls. The lanky senior has drawn 53 fouls in 15 games.

Here are the season scoring statistics:

Player	fg	ft	pf	tp
Wood	80	36	53	196
Roberts	84	23	28	191
Hodge	52	22	26	126
Sitton	46	25	42	117

Shiek, Luis In Rematch

Wrestling fans who witnessed last Saturday's match between The Shiek and Luis Martinez will be anxious to see a return match this week.

Many fans left Littlefield Sports Arena mad and unhappy after last week's match was ruled a draw. The Shiek won the first fall with his famed camel hold, then Martinez took the second fall with a back breaker.

Martinez couldn't wait for the referee to return from the dressing room in the third fall, so the match was declared a draw since there was no official start. The pair meet again in the main event Saturday.

The first match, at 8:30 p.m., will pit Joe Gump against popular Pat Kelley in a one-fall, 20-minute limit event. The first main event has Sputnik Monroe meeting Dale Lewis in a one-hour limit match.

CONSERVATION PRACTICES--A combination of crop residue and listing to control water erosion and to conserve rainfall is used on the W.H. Cunningham farm, located 1 mile west and 1 mile south of Littlefield. In the bottom photo, Dennis Hoelscher, who farms near Pep, checks sorghum stubble planted 40 inches apart. It provides excellent wind erosion control.

Ford Wins Motor Trend's "Car of the Year" Award

January 8: Motor Trend magazine's "Car of the Year" Award goes to an engineering breakthrough! It honors all the '64s from Ford "For engineering advancement in the concept of Total Performance, proven in open competition."

Thunderbird, Falcon, Super Torque Ford, Fairlane (reading counterclockwise): winners of Motor Trend's "Car of the Year" Award

Here's what the Motor Trend Award means to you... The editors of Motor Trend, America's largest general automotive magazine, watched Ford's total performance in open competition... saw competition-modified Fords win every 500-mile stock car race in the last year, saw Ford-built engines end an era at Indianapolis and sweep the sports car circuits. Then they drove the 1964 Fords, Falcons, Fairlanes and Thunderbirds and discovered how the lessons of open competition have helped breed into them a new kind of total performance for the open road, for your kind of driving. And then they made their award! The "Car of the Year" Award is an impressive testimonial, but see for yourself—take the wheel of a '64 from Ford. These cars speak for themselves with their ease of handling in a supermarket parking lot or their greater stability on a rain-slick blacktop. Before you buy any new car this year, test-drive total performance in a Solid, Silent Super Torque Ford, now hundreds of pounds more car than anything in its field. Try America's only total performance compact, the Falcon V-8, totally new, totally changed. Or, any of the '64 Cars of the Year from Ford!

That's Total Performance!

On a spreeing weekend in Palm Springs anything can happen, and does, as in this scene from "Palm Springs Weekend" where Jerry Van Dyke, starred as a goofy ball team manager, and Ty Hardin, as a Hollywood stuntman, get together to out-sing each other. "Palm Spring Weekend", Warner Bros. comedy in Technicolor, opens Sunday at the Palace Theatre. FOR GOOD USED CAR Before You Trade Talk With Grimes
 Interested in buying, trading or selling a used car? Before you do either one, go by and talk with James Grimes, owner and manager of Grimes Auto Sales at 315 W. Delano.
 Grimes doesn't feature any "red-hot" bargains on his lot, but he does offer top used car values at reasonable prices and trades.
 Grimes will take a trade on almost anything, even if it eats. He traded a Shetland pony recently, to prove this point. James has a reputation of knowing the value of cars, since he has been in the automotive business here since 1957.
 After being in the garage business for five years, Grimes went into automotive sales in 1962. His father-in-law, A.L. Offield, helps him on the sales lot at 315 W. Delano. Grimes says many of his car buyers are customers who brought their cars to him for repairs when he was in the garage business.
 James was raised in Olton, moving here in 1951 and graduating from high school in 1952. He is married and the father of three children--two girls ages 9 and 7, and a son who is 3 years old.
 Grimes handles all makes and models of good used cars, so if you are in the market be sure to talk with James before you trade. (PAID ADV.)
