JUDGE I. B. HOLT IS SUCCESSFUL IN RACE FOR REPRESENTATIVE

In the second primary of Saturday last, Judge I. B. Holt of Lamb County was elected representative from the 120th District...

unreported (estimated at about 40 votes) Judge Holt won the election with a majority of 510 votes.

The vote by counties was as follows: Lamb—Holt, 2506; Jennings, 580

Bailey—Holt, 346; Jennings, 277

Briscoe—Holt, 351; Jennings, 315

Castro—Holt, 383; Jennings, 325

Farmer—Holt, 392; Jennings, 387

Hale—Holt, 1241; Jennings, 2558

Floyd—Holt 1310; Jennings, 1346

Swisher—Holt, 435; Jennings, 666 votes. Judge Holt received a total of 6964 votes, and Mr. Jennings a total of 6454 votes.

Judge Holt has been a resident of Lamb County for the past 25 years, during which time he has lived in Olton and vicinity. He owns a farm of 190 acres four miles southeast of Spring Lake, on which he is now making his home.

Judge Holt has very efficiently served Lamb County for the past twelve years. He served as district clerk four years; tax assessor-elect four years; and is now in his fourth year as county judge.

Judge Holt is highly regarded over the entire South Plains area; has the reputation of being honest and upright in his dealings, and is expected to represent the area in a commendable manner.

T. G. SHAW SUSTAINS BROKEN LEG IN ROPING CALVES AT ARENA

T. G. Shaw is walking with a crutch as the result of a broken right leg, sustained Sunday.

Mr. Shaw, who is representative of this district of the Curtis Candy Company, was roping calves Sunday at the new Littlefield arena when the accident occurred.

He had roped a calf and when he came off his horse to tie the animal he stepped in some loose dirt and fell, breaking his right leg just below the knee. He has his leg in a cast.

Mr. Shaw is secretary-treasurer of the roping club.

District Court To Convene Sept. 5

The district court will convene in Littlefield Thursday, September 5, with Judge C. D. Russell presiding.

LAMB COUNTY'S FIRST BALE OF 1946 COTTON AUCTIONED HERE SATURDAY

Lamb County's first bale of cotton from the 1946 crop was brought to Littlefield Thursday by W. M. McCurry of 12 miles northwest of Spade.

The bale, which weighed 400 pounds, was ginned by the Irwin Gin Company, and was auctioned off on Phelps Avenue, in front of the First National Bank at 3 o'clock Saturday afternoon to the highest bidder, which was the West Texas Cotton Oil Company, through Charles Signor, manager, which company paid 52 cents per pound for the bale.

Bob Kirk, county attorney-elect, acted as auctioneer. This is the highest price ever to be paid per pound for cotton in this area, and is the earliest cotton on

record for Lamb County. Cotton is reported to have gone as high as 41 cents per pound following World War I. The grade of the cotton was declared to be middling 7/8th cotton.

Mr. McCurry has 130 acres in cotton, 90 of which is irrigated. He stated that the bale brought in Thursday is from the irrigated land, adding that he has a good stand of cotton, and that it will make three-fourths of a bale to the acre.

The seed, which was Early Improved Hybrid half-and-half, was planted April 8.

The bale brought in Thursday is reported to be the earliest cotton on record for Lamb County.

Contestants To Ride In Parade On Opening Day

Thirteen Cities Will Sponsor Candidates For Rodeo Queen

Cowgirls are coming into their own!

Thirteen contestants for the Rodeo Queen crown will ride in the parade Thursday afternoon, September 19, to open the big rodeo in Littlefield. The queen will be chosen during the parade, and will be selected for her horsemanship, rodeo attire and riding ability.

The winner will be crowned Queen of the Rodeo that night.

To Select Miss Littlefield

Each business firm is invited to sponsor a contest this coming Tuesday night, September 3, at 8 o'clock, at the rodeo grounds, when Miss Littlefield will be selected. Any Littlefield girl eligible is invited to participate, whether she has a sponsor or not.

Mayor A. C. Chesher and other members of the city commission will be present Tuesday night. Mayor Chesher will make a talk explaining what has been accomplished in bringing about a rodeo for Littlefield and a permanent fair grounds for the county.

The public generally is invited. The roping club will put on an exhibition of roping.

Invited to Participate

The Junior Chamber of Commerce is also extending invitations to twelve other cities over this area, asking that they each sponsor a contestant for Queen of the Rodeo; and it is expected that the local group will play hostesses to the visiting contestants.

Invitations have been sent to the following cities to sponsor contestants: Amherst, Sudan, Muleshoe, Clovis, Lubbock, Anton, Olton, Plainview, Levelland, Brownfield, Portales and Hereford.

Parade September 19

The parade on the afternoon of Thursday will start from the courthouse, and each business concern is invited to take part in the parade in some manner.

M. L. Aycock of Lavender Motor Company is chairman of the parade committee, and information relative to the Parade may be secured from him.

Prizes Purchased

Jack Pope, president of the Littlefield Junior Chamber of Commerce, and John D. Smith, secretary, purchased the prizes this week to be awarded in the rodeo queen contest, as follows. First prize, a pair of boots; second prize, a bride; and third prize, belt and buckle set.

Girls, here is your chance to strut your stuff—you girls who have a pony and can ride; or, if you don't own a pony, borrow one, get your riding togs together, and "ride 'em, cowgirl!"—down that road in the Littlefield rodeo parade, Thursday, September 19.

Local Precipitation More Than Three Inches for Early Tuesday and Night

Heavy rains fell over the South Plains Tuesday morning and Tuesday night to break the drought of several months, and to bring smiles to merchants and farmers alike, who declared Wednesday that without a doubt it was the best general rain received in this section since 1941. Littlefield received 2 1/2 inches of moisture Tuesday night and Wednesday morning, which with 57/100ths of an inch falling early Tuesday morning, brought the precipitation this week to three and 7/100ths inches.

The Lubbock highway, due to heavy rains, was impassable Wednesday morning, and the Lubbock bus due here at 6:45 didn't arrive until about 10 o'clock. Other roads were also reported to be under water, including the Whitharral to Anton road, and the highway between Littlefield and Sudan.

Heavy moisture is reported from Amarillo to Odessa; Clovis to Lubbock; and from El Paso to Amarillo.

The rain, which started falling heavily here about 10 o'clock Tuesday night, continued all night, and fell lightly during the day. Heavy clouds continue overhead, which promise more moisture.

The entire South Plains received moisture measuring from one and a half to as much as five inches.

Farmers reported Wednesday morning that there was more water in the lakes around this area than there had been since 1941.

Sudan, Anton, Amherst, Muleshoe, Levelland, Olton, Bula and Enochs all reported heavy rains, measuring from two to four inches.

Hail fell Wednesday morning over a strip on the side of Bull Lake, which damaged feed considerably.

Communities reporting plenty of rain were: Lum's Chapel, 5 inches; Oklahoma Flats, 3 3/4 inches; southwest of Littlefield, between three and four inches; north of town, two inches; six miles southwest of Littlefield reported a flood; the area ten miles northeast of town is said to have received 3 1/2 inches; five and a half inches of moisture is reported east of Whitharral; 4 1/2 inches at Whitharral; 1 inch at Fieldton; 1 1/2 inches on the Blackwater Draw; and between three and four inches directly south of Littlefield.

Spring Lake received big rains both Tuesday night and Wednesday morning—about five inches in all.

Fleet Gill, of Levelland, in town Wednesday, was definite in his belief that the drought was broken. He stated that back in 1900 it was dry like it had been recently; and that on Sept. 8 of that year it began raining and rained about a week. He wasn't betting on it raining a week this time, but his thoughts were running in that direction.

Charles Signor Sent to Houston

Charles Signor, manager of the West Texas Cotton Oil Mill here, is being transferred to Houston, where he is to attend a cotton oil training processing school, it was announced this week by the company employing Signor.

The cotton oil mill here will be managed by O. L. Peterman of Brownwood, who is also the manager of the mill there. Durwood Howell will be cashier in charge of the Littlefield mill, handling the office and business matters in the absence of Peterman, who will be charged with both offices.

Signor stated he would move his family to Houston when he was able to obtain a place in which to live.

Announces Rodeo Cash Prizes

The Littlefield Junior Chamber of Commerce announces that \$1500 in cash prizes, plus entrance fees, will be given away at the rodeo to be staged September 19, 20 and 21.

Entrance Fee \$25

Entrance fees for calf roping, bareback bronc, saddle bronc, bulldogging and bull riding will each be \$25, and the prize in each will be \$300 purse, plus entrance fees.

Entry Deadline Noon Sept. 19

The rodeo management will greatly appreciate those wishing to enter to send in their entry blank, filled out, at the earliest possible date. All entries must be in by noon, Sept. 19. Those wishing to enter are asked to mail entries and fees to Jack Pope, President, Littlefield Junior Chamber of Commerce, P. O. Box 1202, Littlefield.

Must Adhere to Rules

All contests must conform to RCA rules and regulations, it being an open show, and no one barred except those on RCA blacklist.

JUDGE RUSSELL TRANSFERS NEWTON CASE TO SWISHER CO

The case of Dr. W. R. Newton, Cameron physician who was charged with assault with attempt to murder, has been transferred to Swisher County by Judge C. D. Russell, who will try this case at Tulla.

Judge Russell had previously set the trial of this case for Monday, Oct. 28, at Plainview. It is expected the case will be tried at Tulla in October.

The charge against Dr. Newton developed following the shooting of the late Dr. Roy E. Hunt, Littlefield physician, on Highway 84, about three miles east of the city.

Dr. Newton was tried in Lamb County district court, and sentenced to the penitentiary. The court of criminal appeals at Austin reversed the decision of the trial court. Attorneys for the defense obtained a change of venue in a hearing before Judge Russell, and the judge transferred the case to the district court at Plainview. When Dr. Newton was tried in the Plainview court there was a hung jury and, therefore, it was necessary to set the trial a third time.

Dr. Hunt survived, but he and Mrs. Hunt were later murdered in their home in Littlefield.

Interesting News Events As Depicted By Cameramen of the World

THERE WAS MORTAR FIRE on the black beaches of Iwo Jima, and death, for the Marine (left), his face plunged deep into the volcanic sand. This August, Iwo and many of its grim sister islands of the Pacific are silent monuments to American valor and sacrifice. On the white beaches of the United States the sailor, soldier, or veteran can peer into the glow of his outdoor hearth (right), remembering, but alive and at home again.

THE SHOOTING is not all over for the sailor on the right. But he doesn't mind, so long as he will never live to see again his country send its sons across the seas to take up arms like the fighting men on the left did at Okinawa before the Japs surrendered to make possible the first V-J Day. In a year the United States Navy has demobilized its millions of wartime reservist personnel and has sent them back to their civilian pursuits and fancies far from the boom of guns at sea and the deadly scream of high-powered rifles on the beach. If ex-Sailor Joe Blow still wants to finger a musket, there are always the ducks and clay pipes at the range on the midway. For this is peace.

Information For Veterans

Q. Is it possible for me to complete a four-year course in three years if I go to school during the summer as well as during the regular school year?

A. Under the accelerated program, in some schools, it is possible to complete the four-year course in three years or less.

Q. In event a veteran is employed, can he meet all requirements for a degree by attending late afternoon and evening classes?

A. Some colleges and universities have served the needs of employed workers for many years by offering a complete program of instruction in the late afternoon and during the evening. With the exception of medicine, the requirements for a degree in any curriculum may be met while the student is employed full-time during the day. Since it takes proportionately longer to complete the college work on a part-time basis, approximately 60 per cent of the veterans in the past two years have preferred to obtain subsistence benefits from Veterans Administration and attend college full time.

Q. May I transfer from one college to another under the provisions of the Serviceman's Readjustment Act or the Rehabilitation Act?

A. Yes. Under the regulations of the Veterans Administration, the veteran may change his school, but he must have the approval of Veterans Administration in advance.

Q. If I get out of service just before school opens and do not have time to make formal application and wait for official determination of my eligibility and entitlement before the beginning of the term, may I attend classes?

A. Yes. You may make application, formal or informal, directly to

the approved school that you desire to attend. You should, however, make a formal application on Form 1950 at the earliest possible time. This formal application may be submitted to Veterans Administration through the approved school.

WOW Day At State Fair October 6

A parade of 25 precision drill teams in shining silk and waving plumes will open Woodmen of the World Day at the State Fair, stated C. R. Hamilton of Dallas, member of the National Service Committee.

WOW Day, for 20 years an annual State Fair event, will be observed Oct. 6, according to W. H. Hitzelberger, executive vice president and general manager.

The 425 marchers will parade from the Grand Avenue entrance of Fair Park around the grounds to the Hall of State, where Farrar Newberry of Omaha, Nebraska, national president of the organization will address the expected 2,000 visiting members.

During his speech Mr. Newberry will dedicate a concrete ice water drinking fountain the Woodmen of the World are presenting to the Fair Park. The fountain will be constructed on the State Fair midway.

Other WOW program events are to include boys' woodcraft exhibits and an individual axe manual contest.

Drill teams, each consisting of 16 men and a captain, are expected from Dallas, Daingerfield, Itasca, Belton, Sherman, Allen, McKinney, Fort Worth, Waxahachie, Celina, Wolfe

In the lowest brackets the total has dropped nine million families.

JIM THOMAS CASE TRANSFERRED TO DISTRICT COURT, SWEETWATER

LAMESA, Aug. 27.—Third trial of Jim Thomas, convict charged in the double slaying of Dr. and Mrs. Roy Hunt of Littlefield, was moved to the 32nd district court at Sweetwater Tuesday. Change of venue was on the motion of Judge Louis B. Reed of the 160th district court, where the second trial was conducted. Thomas was first tried at Plainview in 1944 for the Oct. 26, 1943, slaying and giving the death sentence, but District Judge C. D. Russell of the 64th district declared a mistrial after misconduct had been indicated in the jury room. Judge Russell ordered change of venue to Lamesa. Thomas was tried a second time and again given the death penalty in

the 106th district court at Lamesa before Special Judge J. E. Garland in January, 1945. The court of criminal appeals reversed the decision on grounds of insufficient evidence. The third trial is due to be conducted before Judge A. S. Mauszey of the 32nd district court at Sweetwater. District Attorney Harold M. LaFont of Plainview, when informed of Judge Reed's action, declared, "we're ready to go to trial again, whenever the case is called." LaFont has been directing prosecution of the case and was assisted by Geo. W. Duprees of Lubbock, and Carl Rountree of Lamesa in the third trial here.

War Veterans To Benefit From Social Security Provisions

Many survivors of World War II veterans who have died since leaving the service will benefit from one of the provisions of the Social Security Act Amendments of 1946, Elliott W. Adams, manager of the Lubbock Social Security Administration field office said this week. Mr. Adams explained that the new section of the act provides for the payment of monthly benefits to qualified survivors of veterans who die within three years of their discharge and whose dependents are not qualified to receive compensation or pensions from the Veterans Administration. National Service Life Insurance is not considered as compensation or a pension. In the case of such veterans who died before the enactment of the new amendment, the measure provides for monthly benefits retroactive to the date of the veteran's death if the survivors file their benefit claims with the nearest office of the Social Security Administration before midnight February 10, 1947. Of course, monthly benefits other than retroactive are payable on claims filed at any time by qualified persons. In cases where survivors of veterans who qualify under the new amendment already have filed claim for monthly benefits earned by the veteran under the old-age and survivors' insurance program of the Social Security Administration, it is possible that the provisions of the new measure will provide greater benefits than those earned by the veteran. These survivors are included in the immediate potential beneficiaries, Mr. Adams said, and should apply to the field office of the Social Security Administration. The same applies, Mr. Adams added, to survivors who have filed claim for lump-sum benefits under the old-age and survivors' insurance program on a qualified veteran's account. The new amendment may make them eligible for monthly benefit payment, or it may increase the amount of the lump-sum benefit. In the latter case, they will receive the difference between the lump sum they received and the larger amount they are eligible for under the amendment, if they apply at the office of the Social Security Administration.

qualified for social security benefits, families of deceased veterans to whom this new section of the law has immediate application should come to our office to file their benefit claims as soon as possible," Mr. Adams said.

Good Roads Amendment Endorsed

Endorsement of the Good Roads Constitutional Amendment to be voted upon in the November 5 election was announced at the meeting of the State Board of Education Monday August 19. The Good Roads Amendment prohibits the diversion of gasoline taxes and motor vehicle registration fees to non-highway purposes, with the exception of one-fourth of the gas tax which will continue to be allocated to the Available Free School Fund. In adopting a resolution supporting the amendment, the board stated that there are 6,000 school buses in operation in the State of Texas, traveling 50,000,000 miles each year and transporting 300,000 school children at an annual cost of \$7,000,000. "Operation over unimproved roads adds to the cost of upkeep and re-

duces the life of a bus," the Board of Education pointed out. "Construction of hard-surfaced school bus routes assured by the good roads amendment will reduce the annual cost of school transportation by an estimated \$1,500,000."

An adequate transportation program is the controlling factor in the creation of rural high schools and consolidation of rural school districts, the board declared, and continued expansion of the rural school program, now reaching maximum development under present road conditions, will be guaranteed by the construction of hard-surfaced school bus routes.

In further explaining its stand, the Board of Education emphasized that it has been generally understood that one-fourth of the gasoline tax was originally allocated to the Available School Fund because the gasoline tax was declared to be an "occupation tax" and one-fourth of all such taxes were allocated to the School Fund by the Constitution; however, decisions of the State courts have held that this is an "excise tax" and, therefore the School Fund receives one-fourth at present solely because of statutory direction and does not have a constitutional right to share in this tax. "This amendment," the board explained, "will provide for a constitutional guarantee of that one-fourth of the gas tax."

The State Board of Education is one of twenty state organizations which have already pledged support of the Good Roads Amendment.

Texas Cow Pony To Join Parade At Dallas Fair

The Texas cow pony will join in the parade of champions at the State Fair of Texas in Dallas for the first time this year, according to Ben E. Campbell, chairman of the agricultural and livestock committee. A division has been set up for a quarter horse show in connection with the livestock department, he said.

The quarter horse, small, chunky, heavily muscled but fast cowpony of the ranges, has been such an integral part of the development of the Southwest livestock industry that State Fair officials deem it should join in the parade of champions in the Texas exposition.

Quarter horses will be judged in the showing on Oct. 16 and special ribbons will be awarded with the official sanction of the American Quarter Horse Association. A total of 200 entries are expected.

Raymond D. Hollingsworth of Amarillo, newly appointed executive secretary of the American Quarter Horse Association, has been invited to act as superintendent of the division, and Robert E. Hooper Jr., of Plainview, and Percy W. Turner, of Water Valley, have been asked to judge the entries.

Represents Local Club At Meeting

Members of the Littlefield Junior Chamber of Commerce joined representatives of ten towns of Regions 1 and 2, Texas Junior Chamber of Commerce, in Plainview for a regional meeting Sunday last.

Attending from here were: Jack Pope, president; E. E. Wesley, Nelson Naylor and Duane Bull.

Present at the meeting and taking part in the program were: John M. Mangel, president of Texas Jaycees, of Dallas; Roy Faulkner, vice president, region 2, Lubbock; and John B. Sheppard, national vice president of the United States Chamber of Commerce, of Gladewater, Texas.

Mr. Sheppard has long been active in Jaycee work, having attended 1600 Jaycee meetings in 22 states, traveling over 25,000 miles in the interest of the organization.

Mr. Pope made a report at the meeting on the various accomplishments of the local club, and the activities planned during the year, including the rodeo planned, booster trip, donkey softball games, and the census.

If you stand in the way of your friend's prosperity you'll only hinder your own.

Jaycees Complete Plans for Goodwill Tour

Three Chartered Buses Secured To Boost 3-Day Event
Tickets On Sale At \$4.95; 100 Are Expected to Go

fine, according to Jack Pope, president.
Three Buses Secured
 In connection with the advertising of the rodeo, three buses have been chartered for goodwill trips for September 16; one to make a trip to Clovis and calling at intermediate points and putting on a program; one to travel to Hereford and stop for programs at cities and communities en route; and the third one to make a trip to Lubbock and Crosbyton, stopping at intervening points for programs and fun.
G. M. Shaw Chairman
 G. M. Shaw, manager of Dunlap's is chairman of this committee and,

with his extensive experience in activities of this kind, the program are bound to be enjoyable, and everyone on these goodwill trips are assured of a real entertaining time. Too, these goodwill trips will boost the rodeo and various activities connected with it.
 It is expected that at least 100 delegates will take part in these trips.
Tickets On Sale
 Tickets are now on sale for this booster trip at \$4.95, including lunch. Deadline for buying tickets is September 7.
 Information regarding tickets may be obtained from Mr. Shaw of Dunlap's, W-W Electric, Lamb County

Leader or County Wide News.
Choice of Three Trips
 Those buying tickets may have their choice of the three trips until one bus is filled, after which they may have their choice of the next two buses, until they are filled.
 The Leader has been asked to explain that the Jaycees are hoping to have the business establishments represented on these booster trips 100 per cent, and that if the owners or operators are not able to attend, they may send someone else to represent them.
 These buses will leave Littlefield Monday, September 16, at 7:30 a.m., and return to this city in time to stage a rally and program in the evening advertising the rodeo.
Entertainment Furnished
 On the buses there will be furnished a splendid program for the entertainment of everyone, and at the various cities and communities where stops are made. There will be band music, quartets who will render music and singing, and other entertaining features.

K. W. Ellis has purchased the Corner Cafe at the corner of Highway 51 and East Ninth Street, and will take possession Sunday.
 Mr. and Mrs. Ellis have been residents of this city since 1924, with the exception of some time, about three years in all, away from the city.
 Mrs. Vera Flowers, who is recognized as an expert in her line, has been employed as cook.
 Mr. Ellis has had considerable experience in the cafe business.
 Mr. and Mrs. Ellis invite their many friends to eat with them.

Pioneer Citizen Dies Here Tuesday

Mrs. Emma Bell, 84, passed away Tuesday at 1 p.m., at her home in Littlefield, following a stroke of paralysis suffered about three weeks ago.
 Mrs. Bell was unfortunate enough as to break a hip about three weeks ago, and since that time had been bedfast. She had been in a coma since Monday.
 Funeral services were conducted at the Littlefield Drive Church of Christ at 4 o'clock Wednesday afternoon, with Bro. Jack McCormick officiating. Interment, in charge of Hammons Funeral Home, took place in the Littlefield Cemetery.
 Mrs. Bell was born on May 31, 1864, in Illinois, and had lived in Littlefield since 1924. Living with Mrs. Bell at the time of her death was her son, A. F. Bell, and her daughter and son-in-law, Mr. and Mrs. Joe Mapes.
 Mrs. Bell was married to A. P. Bell, in Bell County, in 1876. He passed away in 1929.
 She is survived by nine children, five sons and four daughters.
 The daughters are: Mrs. C. R. Heard, of Glenwood, Cal.; Mrs. Rosa McClung, of Cheyenne Wells, Colo.; Mrs. Ralph Burns, of Winters, Texas; and Mrs. Joe Mapes of Littlefield.
 The sons are: A. F., W. W. and L. F. Bell of Littlefield; W. H. Bell of Turkey, Texas, and O. H. Bell, of Hobbs, N.M.
 She is also survived by two sisters, Mrs. W. H. Raven, of Austin, and Mrs. Bill Fagen, of Fort Worth; 26 grandchildren and 13 great-grandchildren.

with interment in the Littlefield Cemetery.
 Last rites for Mrs. Sexton were conducted at the First Baptist Church, Littlefield, Sunday afternoon, at 3 o'clock, with the pastor, Rev. Lee Hemphill, officiating.
 Interment, in charge of Payne Funeral Home, Amherst, took place in the Littlefield Cemetery.
 Pallbearers were: Fred Gerlach, Robert Bridges, J. T. Jamieson, V. M. Peterman and Floyd Chafin.
 Flower bearers were: Misses Joan Harmon, Joy Porter, Yvonne Harmon, Jeanette House, Lanette Pelts, Dorothy Chambers and Joan Meadows.
 Mrs. Sexton is survived by her husband, and five children, two daughters and two sons, as follows: Leta Faye, aged 16; Alice Louise, 14; Thomas Leon, 12; L. D., aged 9; and Celia, aged 7.
 She is also survived by five brothers and three sisters, all of Littlefield.

Family Reunion Enjoyed At Home Of Mr., Mrs. A. L. Hood

The family of Mr. and Mrs. A. L. Hood enjoyed a family reunion Sunday, when all their eight children and families were present.
 Those present, besides Mr. and Mrs. Hood, were: Arthur Hood and wife,

Kansas was named for an Indian tribe, "people of the south wind."
 Kentucky is the Wyandot name for "land of tomorrow."
 Oglethorpe named Georgia in gratitude to George II, who granted him homestead rights.
 Minnesota is Sioux for "sky-tinted water."
 Wisconsin is Sak for "wild rushing channel."
 of Andrews, Texas; Mr. and Mrs. N. M. Summers and son, of Riverside, Cal.; Mr. and Mrs. Charles Marshall and two daughters, Frances and Charlene, of Jacksonville, Ill.; Mr. and Mrs. Lester Hood and children, Loyd and Sandra, of Whitharral; Mr. and Mrs. Hugh Sloan, of Whitharral; Mrs. J. F. Walker and baby, of Tacoma, Wash.; Mr. and Mrs. Robert Graham and children, Kathy and Roger, and Mr. and Mrs. Harold Hood, of Littlefield.
 This was the second time the family had all ever been at home at the same time, the first time having been nine years ago. The afternoon was spent in visiting and taking pictures of the group, and then going down to the Chisholm Studio and having a family picture taken.

Last Rites Held For Mrs. Sexton

Mrs. Lillian M. Sexton, 31, wife of Lester F. Sexton, farmer of 12 miles north of Littlefield, passed away at the Amherst Hospital Friday at 12:30 noon.
 Funeral services for an infant girl, named Linda Magaline, were held Saturday afternoon at 1:30 o'clock at the home of the grandparents, Mr. and Mrs. Leonard Gage, Littlefield,

... and Now the Only One Left To Go to School Is 'Little Cholly'

This is the first fall in twenty years that Mr. and Mrs. W. E. Heathman, 416 West Third Street, haven't sent some one of their children off to school. But this year there is no one to go—they have all finished!
 Helen Heathman, age 21, was the first member of the family to complete her studies. She was graduated from Baylor University, Waco, Texas, at the end of the winter term and, as customary, received her diploma in June of this year with a major in accountings and economics.
 Charles E. Heathman, age 25, entered Baylor U. in the fall of 1939, but was called into the Army and served as a lieutenant in the Army Air Corps, flying a P-51 Mustang fighter plane with the 8th AAF.

Charles re-entered Baylor in December of 1945, and completed his work and received his degree in August of this year, with a major in accounting.
 Mrs. Charles E. (Marguerite) Heathman, age 22, withdrew from Baylor when she married Charles and returned to school with him this past December. Upon her completion of 10 quarter hours by correspondence she will receive her degree in business administration.
 Now the only member of the Heathman family left to go to school is little Charles W. (Cholly) Heathman, aged 18 months. And it looks as if he's destined to be a Baylor man!

MOSTLY STATIC by The Zacharys—

HOWDY, FOLKS:
It won't be long now until school bells will be ringing.

Well do we remember the happy days of our life in school. We especially remember the honor system. That's an educational plan where the teacher has the honor and the students have the system.

We really got the most good from the school of experience. We didn't get a sheepskin; just had ours removed. The class yell was "Ouch!"

In the school lineup, perhaps the first grade teacher is one of the most important. She knows how to make the little things count.

Of course the secret of teaching is pretending that you knew all your life what you learned that afternoon.

Some one said that a teacher is a textbook wired for sound.

When we went to school it wasn't the school we disliked; it was the principal of the thing.

Automotive Parts To Be Offered For Sale by W. A. A.

Automotive parts which cost the government an aggregate of 14 million dollars will be offered for sale by War Assets Administration at Salt Lake City, Utah, Sept. 9 through 14. WAA officials hope to set an intermountain area dollar volume record for a single merchandising venture during this six-day period.

More than 4,000 lots—large, medium and small—have been made up of the material, which consists of automotive parts and accessories for all popular makes of cars and trucks, as well as jeeps and special vehicles. There are quantities of garage equipment, tools and hardware-type items; new and use complete engines; mechanics' tools, cylinder blocks, crankshafts, transmissions and differentials; every type of automotive electrical part and accessory; gears and bearings; water and fuel pumps; axles and frames; electric drills; buffers and grinders, compressors and motorcycle parts and assemblies.

Prospective purchasers may inspect property and immediately enter a bid on each lot. At the close of the sale, high bid for each lot will already have been tabulated and the complete list of awards will be available to the bidders on Monday, September 16.

Automotive supply houses, mail order houses, chain stores, auto rebuilders and wreckers, and garage and service station operators, as well as priority claimants, will be eligible to buy.

Commercial buyers and priority claimants will compete for the material on an equal basis, and the highest bidder to reach lot will be awarded the property. Priority claimants, including veterans of World War II, already have an opportunity to buy this type of property.

Miss Mary Frances Shavor and Rayfield Dickinson Wed

The marriage of Miss Mary Frances Shavor, daughter of Mrs. B. O. Shavor of Amherst, and Rayfield Dickinson, son of Mr. and Mrs. W. K. Dickinson, of 1919 Ave. L, Lubbock, took place Tuesday, August 20, in the home of the officiating minister, Rev. C. J. McCarty, Lubbock.

The bride wore a white gabardine with navy blue and white accents, and a pink rosebud corsage. Her "something old" she wore a watch belonging to her maternal grandmother. Her attendant, Miss Geneva Enloe, wore a brown crepe dress with a corsage of pink gladioli. Richard Parks served as best man. Mrs. Dickinson graduated from the Amherst High School with the class of '41. She attended Draughon's Business College, and for the past few years has worked in Lubbock. The groom served four years in the service of his country. The couple left immediately following the ceremony for points in New Mexico and Colorado, after which they will be at home on a ranch near Tatum, N.M. The bride's going-away suit was black with red accessories. Those attending, besides the mother, were a brother and aunt of the groom. The bride's mother wore a navy blue crepe dress and a corsage of carnations. The groom's mother was dressed in black and a corsage of white gladioli.

Miss Williams And Wm. C. Battle Wed At Amherst Saturday

In a quiet single-ring ceremony, which took place at 10 o'clock Saturday morning last, in the home of Rev. and Mrs. B. P. Harrison, Miss Emma Williams of Hereford, Texas, formerly of Amherst, became the bride of Mr. William Clyde Battle, also of Hereford.

The ceremony was read by Rev. Harrison, Baptist pastor. The couple were attended by the bride's brother and sister-in-law, Mr. and Mrs. George Williams.

The bride was charming in a soft taupe gray dress. Mrs. Battle is the daughter of Mr. and Mrs. Arthur Williams of Hereford.

Following the ceremony the happy couple left for points in New Mexico and Colorado, and on their return will be at home at Hereford, Texas, where the groom and his father are operating an irrigated farm.

Lum's Chapel H. D. Club Enjoys Picnic

The Lum's Chapel Home Demonstration Club held their August picnic last Thursday at the Buck Ross picnic grounds. A very delicious picnic supper was enjoyed.

Those attending were: Mr. and Mrs. O. L. Baisden and Patsy and Peggy, Maudean Bryan, Mrs. Alpha McCarty and Leonard, Mrs. Doss Manner and children, Mr. and Mrs. Burl Rogers, Mr. and Mrs. Floyd Brown and children, Mr. and Mrs. Hub Sprayberry, and Hubert Owen and Fritzie Westmoreland. Some of the group went swimming.

Tuesday morning for encampment at Pala Dura summer camp. Family groups made the trip, about seven automobiles going in the party.

Among those taking the outing were: Mr. and Mrs. D. C. Lindley and family, Mrs. Hemphill and children, Mrs. Viggo Peterson, Mrs. Maude Street and son, J. T.; Mrs. Otis Baker, etc.

Littlefield Party Catches 54 Fish At Eagle Nest, N. M.

Mr. and Mrs. A. C. Chesher and Mrs. Grady Thompson of Littlefield, N.M., returned Tuesday of a five days' fishing trip to Eagle Nest, N.M. Mr. Chesher reported that they caught 54 rainbow trout; that they lost most of them, but brought home 10.

Leave to Attend College in Ohio

Allan Winston and his sister, Miss Kathryn Winston, left Monday for Cincinnati, Ohio, to attend school.

Mr. Winston will attend the Conservatory of Music, and his sister will be a freshman in the University of Cincinnati, majoring in architecture.

Allan and Kathryn are the son and daughter of Mr. and Mrs. E. L. Winston of Littlefield.

Michigan is an Algonquin name meaning "big lake."

Care Food Gifts Bring Food and New Hope to People in Europe

New York, N. Y.—At long last there's sugar and spice and something nice for thousands of hungry European families who are receiving CARE gift food packages sent over by generous Americans.

But, definitely not just sugar and spice, but stews and meat, preserved butter, bacon, evaporated milk, coffee and cocoa powders, and many other items are found in the nutritious 30 pounds of food sent through CARE.

In fact, it is the same food which fed our armies in combat zones... the former "10-in-1" ra-

ten CARE food packages was distributed among them, how quickly they forgot!

"The only way in which the worker can hope to survive the battle of malnutrition is through outside help," Pierre Neumayer, National Treasurer of Confédération Generale du Travail of Paris, writes. "You have begun to give him help, and in so doing you have added fresh hope and new strength to the workers of France... from the point of view of vitamin content and wholesomeness, well-balanced food, your '10-in-1' packages surpass in quality and quan-

tions which were purchased by CARE from the WAR Assets Administration.

Proof of its effectiveness pours in daily at CARE headquarters. Receipts and letters from grateful recipients... individuals, families and institutions who have had their meager rations supplemented by things to eat they haven't tasted since before the war.

Take for example, the children in the Hospital des Enfants Malades in Paris. Most of them were ill from potato poisoning. But when President Truman's gift of

city any other food parcels I have ever seen."

CARE, a non-profit organization, is approved by the United States government. It is composed of twenty-five of the principal American agencies engaged in foreign relief work.

Individuals wishing to send a 49 pound CARE package overseas are required to mail a \$15 check or money order to CARE, 30 Broad Street, New York, N. Y., with name and address of both recipient and donor clearly indicated.

Warning Issued By Red Cross

The local office of the Lamb County Chapter of the American Red Cross has received information that in recent weeks several unofficial civilian groups have been circularizing former prisoners of war or the relatives of deceased prisoners. They are soliciting representation on a contingent fee basis of claims against the German and Japanese governments for damages for personal injuries or death due to mistreatment, money due for labor performed, or property seized while the claimants were prisoners of war.

The following information is issued by the War and Navy departments to protect personnel from unnecessary expenses or loss in connection with such claims.

No statutory authority exists at the present time which permits settlement of such claims. The general fund of reparations out of which payment would come has as yet not been determined. The Department of State will make public such information as may be available from time to time.

In the meantime it is recommended that persons desiring to file claims against enemy governments for damages should forward affidavits, accompanied by any corroborative evidence available, to the appropriate office:

Army Personnel: Office of the Judge Advocate General, War Department, Washington 25, D. C. Attention: Chief, Claims Division.

Navy Personnel: Claims Section (POW Claims), Office of the Judge Advocate General, Navy Department, Washington 25, D. C.

Mrs. Lyle Brandon, executive secretary of the Lamb County Chapter of the American Red Cross, in the local office at Littlefield, will be very glad to help prepare affidavits and write letters for any one wishing help on these claims.

U. S. Employment Manager Attends Amarillo Meeting

The local U. S. Employment Service office, located on the second floor of the courthouse, will be closed next Wednesday, Thursday and Friday, Sept. 4, 5 and 6.

E. R. Williams, manager, has been called into the district office at Amarillo for a managers' conference.

Around 200 Flyers Are Expected Here Sunday

Breakfast Club To Enjoy Meal, Program Here

Three Prizes Will Be Awarded To Pilots Sunday

The Flyers Breakfast Club Association will meet in Littlefield Sunday.

From 150 to 200 flyers from neighboring cities are expected to gather by plane at the Duggan Airfield about 8 o'clock Sunday morning, and go from there to the Legion Hut, where they will enjoy breakfast, and a program.

According to Jim McGuire, manager of the airport, invitations have been sent to flyers over the entire South Plains area.

Prizes will be presented to the flyer coming the greatest distance; also a prize will be given to the youngest pilot present, and also the oldest one attending.

Claiming Priorities In Amherst Nursery

Claiming priorities on the bassinets in the nursery at the South Plains Cooperative Hospital are five little Texans and one out-of-state visitor.

First of the six to become a resident in the nursery was little Sybil Bertie Sneed, daughter of Mr. and Mrs. C. B. Sneed of Muleshoe. Sybil was born on August 17, at 9:52 a.m., and weighed seven pounds and nine ounces.

On August 19, at 7:38 a.m., little baby girl Rudd made her appearance. She is the daughter of Mr. and Mrs. John R. Rudd, of Spring Lake. She weighed seven pounds, nine ounces.

The third new little Texan to arrive was baby girl Willingham, daughter of Mr. and Mrs. E. D. Willingham, of Morton. She was born on August 22, at 1:28 p.m., and weighed six pounds, seven ounces.

The out-of-state visitor is baby boy Bass, son of Mr. and Mrs. Virgil Bass, of Portales, N.M. Born on August 22, at 4:10 a.m., he weighed nine pounds, five and a half ounces.

Little James La Fayette Witcher, son of Mr. and Mrs. N. L. Witcher, of Littlefield, arrived at 1:28 p.m., on August 23. He weighed seven pounds, five and a half ounces.

Latest of the Texans to arrive was baby boy Lynn, at 3:45 a.m., on August 24. He weighed four pounds, 10 ounces, and is the son of Mr. and Mrs. K. O. Lynn, of Sudan.

Among those sufficiently recovered from recent illnesses to return home this week after short stays at the South Plains Cooperative Hospital are Mr. Elma Seaney, of Morton, who was injured in the locker explosion there; Mrs. S. W. Cowan of Amherst; Mrs. A. E. Leach of Pie Town, N.M.; Mrs. Woodrow Reed of Sudan; Mrs. Della Jenkins of Littlefield; and Mrs. C. B. Sneed of Muleshoe.

Club Warns Boys Against Running Calves At Arena

The Roping Club is complaining that boys from 10 to 14 years of age are going into the arena at the rodeo grounds and running the calves. They point out that no one, who is not a member of the roping club has any right to go there, and asked the Leader to warn these boys that law officers are being instructed to punish boys who are seen committing this offense.

Parents are asked to cooperate with members of the roping club in seeing that their boys do not interfere with the calves.

terial placed over a year ago were in before the majority of orders now placed from other parts of the country, and that they are expecting delivery on those around the first of the year.

Mr. Carl added that "It may be that we will have better luck with some of the manufacturers who don't have as large a backlog of orders on hand, and it may be that we will be able to get materials before that time. We are making every effort to get all the stuff we can possibly get hold of. We are ready to start this construction as soon as materials arrive, but, no doubt, our construction program will be somewhat hampered.

In an interview with Mr. Carl Saturday, when commenting on the difficulty to get materials, he stated that in connection with the additional application for a loan to extend lines and contacting manufacturers for materials, one manufacturer would not promise delivery on copper under 2 1/2 years; another required 90 days for delivery of transformers, and 18 months for anchors.

Local Veterans Are Among Buyers In First 'Mail Order' Sale

Among the successful purchasers in the first "mail order" catalog sale of surplus used motor vehicles conducted by the Veterans' Division of the War Assets Administration office in Fort Worth were Marion O. Duargin, Raymond H. Daffey, Walter P. Houston and Talmage M. Sparkman, all of Littlefield and veterans of World War II.

Duargin purchased an International dump truck for \$1071; Daffey, a 1942 Ford sedan for \$804; Houston, a 1942 Ford Jeep for \$466; and Sparkman, a semi-trailer for \$851.

The sale was unique, in that it offered in excess of 12,000 certified veterans an opportunity to inspect the vehicles at any of the 16 Army camp locations through North and West Texas, and make their purchases by mail, with alternate choices given, since the oldest dated certificate holders sending in an order were awarded their choices in strict chronological order. The sale resulted in the disposal of 457 out of the 648 vehicles of all types, including passenger cars, jeeps, station wagons, motorcycles, scooters, trucks, trailers and truck tractors, WAA officials announced.

Shortage of Pepper Reported In U. S.

Only 9,000 bags of black pepper stand between the entire United States and pepperless meals.

After those are gone, there likely won't be any more for a long time.

Before the war, more than 30,000,000 two-ounce cans of ground pepper were sold each year over the counter.

Nine thousand bags hold roughly 1,170,000 pounds of pepper, and would produce approximately 9,360,000 cans for retail trade.

But, even if holders released these bags—which they won't at present prices—most of it would go for meat packing and industrial uses. Only 2,000,000 or 3,000,000 cans would be available to the nation's 140,000,000 consumers.

"But there's no real shortage of pepper in the world, as far as available supply is concerned," said M. J. Golombek, who has been a spice exporter for 15 years. "You can get it right now in India, or the Dutch East Indies.

"But the OPA ceiling in this country for whole black pepper is 15 cents a pound. You can't buy it for less than 42 cents at its source."

After the pepper is ground, the ceiling goes up to 18 1/2 cents.

These are wholesale prices. Spice traders hear rumors that OPA will lift its present ceiling, but OPA officials in New York denied that.

Netherlands officials also deny that there's plenty of pepper in the East Indies. They report that it will take three or four years to rehabilitate pepper culture on Bangka Island and Southern Borneo.

Only half of one per cent, or 100,000 of 20,000,000 pepper trees on Bangka are now standing, while only 20 per cent remain in Borneo.

Mr. and Mrs. Aubrey Stubbs Purchase Vanity Shop

Mr. and Mrs. Aubrey Stubbs, formerly of Littlefield, but recently of Amarillo, purchased last week the Vanity Shop from Mrs. W. S. Savage and, after selling the stock of ladies' ready-to-wear, they will operate the store as the Tot Shop, and carry only children's and infants' wear, and children's supplies.

They expect it will take them about thirty days to get a full line of infants' and children's wear.

Tech Asks Allotment For Setting Up Housing Facilities

Seeking further to meet its obligations in educating veterans, Texas Technological College has requested the government to allot it a sizable amount of aid in setting up additional non-housing facilities on the campus.

President W. M. Whyburn, acting for the college, made application for a share of the \$100,000,000 recently made available through the Bureau of Community Facilities, Federal Works Agency, to provide needed buildings.

Tech's application pointed out the college, with an expected enrollment this fall over 50 per cent higher than last spring, needs additional classrooms, laboratories, ROTC space, a dispensary clinic, repair shops, faculty offices, lecture auditorium, physical education building and veterans guidance center, if the college is to care for veterans adequately.

Under the program the Works Agency would put up buildings for educational institutions for emergency use, the colleges providing ground, sidewalks, streets, utilities, and other adjuncts.

Tech, Dr. Whyburn said, has received formal notice of meetings at which the program will be discussed and at which progress toward allotment will be made.

Dr. Whyburn praised the program, stating thousands of veterans will see education more quickly as a result. Tech and other schools, he added, have been unable to erect needed structures, partly because of building restrictions.

People Are Eating More Meat

Amounts of meat eaten per person reached a high in 1945, despite so-called war-time shortages, an analysis of meat consumption in the United States shows. The average American in 1945 ate 10 per cent more meat than he did during the 1935-'39 period.

High production and higher incomes explain the paradox—how this country could eat more meat and at the same time ship quantities to its armed services, according to Tyrus R. Timm, economist in farm management for the A. and M. College Extension Service, who compiled the report from USDA reports.

One trend in the report of importance to Texas farm families is the increase in the amount of poultry products eaten by the average person. Per capita consumption of turkey in 1945 was 65 per cent above the figures for 1935-'39. Consumption of chicken was up 41 per cent and of eggs 31 per cent.

The average person ate about 137 pounds of "red meat," nearly 30 pounds of chicken and turkey, and 390 eggs last year, the Timm report shows. During the last war year consumption of veal had increased about 45 per cent over the 1935-'39 period. Consumption of beef, pork, lamb and mutton per person went up 7 per cent for each of those meat products.

Silage Good Pasture Substitute

Silage, as a substitute for pasture, is cheap, high in nutrient content and an excellent dairy cow conditioner.

When fed to dairy cows as silage, crops like corn, hegari, feterita and reo top will yield as much food nutrient as they would have if fed at harvest time, according to G. G. Gibson, dairy husbandman with the Texas A and M. College Extension Service. Silage is also cheap, if handled properly, because there is little or no waste involved in feeding.

Silage seems to have a cooling and slightly laxative effect on cows in dry lots and pastures or dry stalk fields, Gibson says, and serves as a tonic in keeping their systems in good working order. As a result, the cow has a better appetite. She will eat more feed, and in the case of good cows, more feed means more milk.

Gibson also points out that the average dairy cow in Texas is fed only one-fifth as much silage as the average cow in other parts of the country. This fact might be a reason why the average production per cow is so low in this state. For each animal in a dairyman's herd, he should put up three tons of silage for a year-around feed supply.

We'd rather be able to appreciate things we cannot have than to have things we are unable to appreciate.

during the grace period. Q. Can a veteran pay his NSLI premiums by deductions from compensation, retirement pay, or pension, A. Yes. The insured may authorize the monthly deduction of premiums from compensation, retirement pay, or pension that have been awarded him under any laws administered by Veterans Administration.

Q. Can creditors make claims on a beneficiary of a National Service Life Insurance policy?

A. Payments of insurance to a beneficiary are exempt from the claims of creditors of the insured or creditors of the beneficiary, and are not liable to attachment levy, or seizure, either before or after receipt by the beneficiary. However, this exemption does not apply against the United States.

Q. What is the "National Life Insurance Fund?"

A. National Service Life Insurance is mutual insurance. All premiums paid on this insurance and all interest earned thereon are deposited in a separate trust fund in the U. S. Treasury, designated as the "National Service Life Insurance Fund." The government derives no profit from its administration and acts in the capacity of trustee of the fund for the sole benefit of the policyholders and their beneficiaries.

Transport Planes Available For Overseas Service

Thirty-eight C-54 transport planes will be made available to airlines for use in overseas service to meet the emergency which has developed in international air travel, under the terms of a directive to War Assets Administration issued by the Civil Production Administration.

Robt. M. Littlejohn, War Assets administrator, explained that the directive from CPA takes precedence over existing priority procedures of the Curplus Property Act.

The planes have been released by the Army especially for the purpose and will be allocated to the airlines by the Civil Aeronautics Board.

It was pointed out that an existing shortage has been intensified by the grounding, since July 11, of all Constellation aircraft and that it is impracticable to secure equipment from within the industry.

WAA also announced that prices of Beech AT-11 and Cessna UC-78 light transport planes and primary trainers have been lowered to make allowances for deterioration since prices for these planes were last fixed. Maximum and minimum price

ranges remain the same, but individual aircraft have been repriced within these groups.

AT-11's formerly priced at \$15,000 have been reduced to \$12,500, and AT-11's priced at \$12,500 are now \$10,000. Cessna UC-78, AT-17 and JRC-1 which were priced \$5,500 are now \$3,750, and those at \$4,500 have been reduced to \$3,000.

Father of Lubbock Surgeon Dies

Dr. E. Krueger of Austin, father of Dr. J. T. Krueger of Lubbock, died about 2 o'clock Friday morning in a hospital at Austin.

He had entered the hospital after suffering a broken hip in a fall at his residence Tuesday morning previous.

Dr. J. T. Krueger has left immediately on learning of his father's fall for Austin with his mother, who had been visiting her son in Lubbock for several days.

Funeral services were conducted Saturday afternoon in Austin. Mrs. J. T. Krueger left Lubbock for Austin Friday morning after being notified of the death of her father-in-law.

Colorado, meaning he, was probably named for the earth coloring in certain sections of the state.

Spring Lake Woman Dies At Home After Lengthy Illness

Mrs. J. R. Busby, 71, a resident at Springlake the past 26 years, died at her home early Sunday morning, Aug. 18. She had been ill about a year.

The body was removed by hearse to Amarillo, from where it was taken by train to Calera, Alabama, for burial.

Mrs. Busby was born March 19, 1875, in Clinton County, Alabama. She moved to Springlake from Calera. She was a member of the Baptist church.

Survivors are her husband, and four sons, Leard Busby, Calera; Leonard Busby, Springlake; Jewel Busby, Littlefield; and J. E. Busby, Olton.

A Plainview funeral home had charge of arrangements.

Cooked a Fine Dinner Then Threw It To Dog

One lady recently stated that she used to throw her own dinner to the dog most of the time. It made her sick just to look at anything to eat. She was swollen with gas, full of bloot, had headaches, felt worn out and was badly constipated. Finally she got INNER-AID and says she now eats everything in sight and digests it perfectly. Bowels are regular and normal. She is enjoying life once more and feels like "some other woman" since taking this New Compound.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering. Get INNER-AID. Sold by all drug stores here in Lamb County.

NOW, MORE THAN EVER BEFORE THE ARMY HAS A GOOD JOB FOR YOU!

NON-COMMISSIONED GRADES NOW OFFERED TO FORMER ARMY OCCUPATIONAL SPECIALISTS

Good jobs in non-commissioned grades are being offered now by the Regular Army to qualified former servicemen!

Veterans discharged on or after May 12, 1945, who enlist or reenlist for 3 years may be enlisted in the non-commissioned grade for which qualified, provided this grade is not higher than that held at time of discharge, and provided that at least 6 months of former service was in one of 400 designated military occupational specialties in which enlistment is now desired.

Important, interesting jobs are open in hundreds of skills and trades in the Army, with splendid training and educational advantages! These are in addition to free food, housing, clothing, medical and dental care, low-cost insurance.

There's adventure, travel, education, a secure and profitable future in this vital, realistic profession. Get full details at your nearest Army Recruiting Station.

Highlights of Regular Army Enlistments

1. Enlistments for 1½, 2 or 3 years. (1½-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in the Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
4. A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Offices.
5. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
6. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
7. GI Bill of Rights benefits assured for men who enlist on or before October 5, 1946.
8. Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

Metal Bearings Help To Relieve Industry Shortages

By employing new methods developed by Chrysler Corporation Amplex Corporation's Annex Division for producing certain bearings and machine parts from metal powders, some critical shortages in the aviation, metal working, machine tool, chemical, textile and forest products industries have been relieved.

Originally pioneered and manufactured exclusively for the automotive industry, where self-lubrication, long life and low cost, combined with good mechanical properties offered many advantages, Amplex bearings and parts pressed from metal powders, have come of age as an instrument of economical high-speed quantity production for all industries.

In addition to helping some to relieve current shortages, the Amplex rapid-production method offers some other advantages, among which is the reduction of finish machining operations required. Also the ability of self-lubricating metals to withstand shock-loads, due to the hydraulic cushioning effect, has solved some of the knottiest engineering problems in a wide variety of industries.

In addition to bearings and machine parts, Amplex has undertaken quantity production and is making available large stocks of bronze and iron-base cored and solid bars, from which many plants throughout the country have been able to machine parts needed to complete finished units for the waiting market.

To Speed Delivery Of Scarce Materials

To speed the delivery of scarce building materials for veterans' housing, an initial \$3,000,000 of War Assets Administration funds has been allocated to the U. C. Corps of Engineers for payment of contracts to dismantle Army and Navy installations containing housing materials, WAA announced Monday.

Among the Army camps now being dismantled is Camp Howze, Gainesville, comprised of 2,600 buildings, and the McLean prisoner of war camp, McLean, 79 buildings. The Hereford prisoner of war camp, Hereford, is now being surveyed by WAA for future dismantling.

The reclaimed short supply materials, including wood framing, roofing, plumbing fixtures, electric wiring and fixtures and fibre binding, from the 11 surplus installations now being dismantled will be made available first to the FPFA for use as temporary housing for veterans at colleges and in congested industrial areas.

Materials will also be made available to the Veterans Administration for its hospital program and then to private builders holding HH priorities for construction of permanent homes or apartments for veterans.

1,080,000 POUNDS OF BLACKEYED PEAS ARE NEEDED FROM WEST TEXAS EACH DAY BY GILBERT C. WILSON, Laboratories AT Pittsburg, Texas

We will need 1,800,000 pounds of blackeyed peas per day. Our plant will have a maximum daily production capacity in excess of 30,000 cases per day.

MR. R. W. BADGER, Box 1146, Phone 78, Littlefield, Texas, will handle buying for us in the Levelland and Littlefield territories, setting up receiving points at convenient loading places throughout the territory, to be designated later. He will take care of receiving and will pay for the peas at the time they are received.

We will pay market price for the peas, which should be in the vicinity of \$65.00 per ton. The demand for canned blackeyes appears to be far in excess of what canners can supply this year. We will also buy dried blackeyed peas this year.

With Mrs. Esther Wuchts, 33, Joliet, Ill., are left to right: Mary, 14; Delores, 13; James, 11; Shirley, 10; Albert, 9; Kenneth, 7; Patricia, 6; Rose Marie, 5; Robert, 4, and Esther, 22 months. The baby held by Mrs. Wuchts was born at the Mooseheart hospital.

Personals

Mrs. Dan Heard and Doris were due home August 25 from their two weeks' visit in Long Beach, Cal., where they have been visiting Mrs. Heard's brother and family. They enjoyed a nice time and lots of sights. Mrs. Heard and her mother, Mrs. Staton, went to see Mrs. Clarence Heard, a former resident and storekeeper of Littlefield and now living in Lynwood, Cal.; also visited Roy Heard and family, also formerly of Littlefield. Mrs. Staton and sister, Mrs. T. T. Robinette, plan on extending their visit for some time.

Mr. and Mrs. Fred Gerlach and children left Saturday morning for a vacation trip to points in New Mexico and Colorado.

Miss Emma Sell returned to Littlefield Thursday after spending the holidays with her mother, Mrs. Augusta Sell, at Temple, Texas.

Mr. and Mrs. Wolfe Shaw and children, Connie Wray and Dickie, returned Wednesday night of last week from a three weeks' vacation trip to California.

Miss Madeline Foster of Olton has accepted employment with the South-

western Investment Company in Amarillo. She is the daughter of Mr. and Mrs. Fred Foster. She has been attending Luppert's Business College.

Mr. and Mrs. E. G. Courtney and daughter, Miss Wilda Courtney, of Dallas, spent Friday and Saturday here visiting relatives, including Mr. and Mrs. Roy Wade, their daughter and son-in-law, and sister and brother-in-law. They left Saturday for Ruidosa, N.M., where they will spend a week. En route to Ruidosa they went to Artesia, N.M., where they were joined by their grandchildren, Jackie and Charles Snowden, who accompanied the Courtney family to Ruidosa. Jackie and Charles Snowden had gone to Artesia from Dallas by plane.

Clyde Willis has been in Hot Springs, N.M., taking baths and vacationing for the past two weeks. He plans to remain another week.

Mrs. W. M. Petticolas of Lubbock, daughter of Mrs. M. E. Lowe, underwent a major operation at the West Texas Hospital about two weeks ago, and is getting along nicely.

May Eliminate Commencement

Faced with rapidly increasing requests for degrees in absentia, the convocation committee of Texas Technological College has recommended abandonment of the summer commencement exercises after this year. If the proposal is adopted, students completing work during the summer will be given certificates and will be asked to return for commencement the following June, the same as students ending studies in January.

Elimination of summer commencement will follow the practice of most major colleges and universities of the nation.

STATEMENT OBTAINED IN ALBUQUERQUE JEWELRY HOLDUP

Sheriff Harold Hubbell of Albuquerque, N.M., said there that he had obtained a signed statement regarding a \$1,000 Albuquerque jewelry store holdup from Cecil Moran Pierce, held at Levelland for bank robbery, the Associated Press reported Saturday.

Earlier Police Chief Pat J. Dugan disclosed that he had obtained a warrant for Joseph Addison Pearce, alias James A. Pierce, identified from FBI pictures by two jewelry store employees as the man who held them up with a sawed-off shotgun July 30. Hubbell went to Levelland after the similarity in names was noted.

Law Abolishes FSA, Establishes Subsistence Loans

The secretary of agriculture still is in the small-loan business, but titles will be changed on some office doors in his department.

That, in general, will be effect of the Farmers' Home Administration Act signed recently by the president. It folds up one agency, but creates another and does not cut out any lending activities.

This is what the four important sections of the act do:

1. Abolish the Farm Security Administration. An offspring of the Resettlement Administration, FSA was established Sept. 1, 1937.

2. Authorize direct loans for the purchase, repair, or improvement of family-size farms — if the borrower can not get a loan from any private bank in his community.

3. Provide for insuring farm mortgages.

4. Consolidate the short-term emergency loan programs heretofore operated both by FSA and the Farm Credit Administration under annual appropriations from Congress.

The FSA will be succeeded by a Farmers' Home Administration. The law doesn't say such an agency is to be set up, but says in its title that the law will be referred to as "The Farmers' Home Administration Act 1946."

"The legislative history is clear," explains a department attorney who helped write the bill. "Congress expected that a new agency would be created to administer the law."

The FSA was set up by executive order, taking over from another agency founded by executive order. The new FHA will be established by authority of the act carrying its name.

The act directs the secretary of agriculture to appoint an administrator, subject to the senate's confirmation, and sets his salary at \$10,000 a year. The department has 90 days to do its reorganizing.

To be eligible for farm purchase loans under the new law, borrowers must be experienced — as tenants, sharecroppers, or as farm hands. Also, the farm they want to buy must be of "family size," which the department interprets to mean one acre which "a diligent farm family" can earn a living.

These requirements are waived only for disabled war veterans. They need not be experienced, and their farm may be of any size so long as the department thinks the veteran's pension plus the probable income from the land will be enough to support him.

Loans to purchase farms, repair them, or make permanent improvements such as barns and outbuildings, may run as long as 40 years. The interest rate can not exceed 3 1/2 per cent.

The law also provides for three-man county committees to receive loan applications and expedite their handling. No loan can be made without the approval of a local committee.

The only completely new activity authorized by the law is the insuring of farm mortgages.

A man borrowing money from a private bank to purchase a farm can have his mortgage insured to its full amount. The government then takes over all "servicing" of the mortgage — in other words, makes the collections for the lending bank.

Interest on these loans is limited to 2 1/2 per cent (paid to the bank), plus 1 per cent on the unpaid balance kept by the government.

The cost to the borrower is the same as for a direct government loan. The bank receives less than it otherwise might, but the mortgage it holds is insured and it spends nothing to collect the payments.

The department hopes the plan will attract private capital to this investment field.

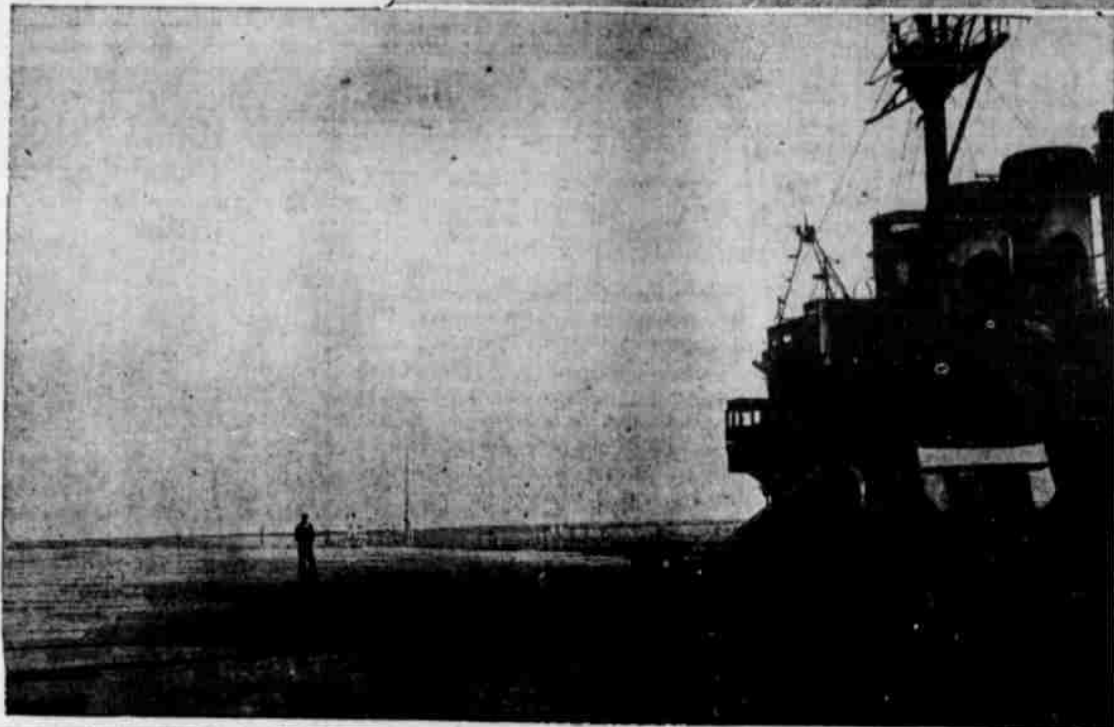

For several years, the FSA has helped low-income farmers finance their operations by loans to buy seed and machinery. This overlapped the Farm Credit Administration's crop and feed loan program.

The new law abolishes FCA's emergency loans, and authorizes instead "subsistence" loans covering the same purpose. These will be for a year, or a crop season, and interest will be limited to 5 per cent.

Liquidation of all resettlement and rehabilitation projects within three years also is required by the new act. The government has been disposing of them since before the war, and has few left.

THE FLAT TOP of "Fighting Lady" is a safer place today for the wandering sailor than it was a year ago. On the flight decks of many of the carriers that brought America's naval air might to the very soil of Japan itself, the visitor, like the Navyman (below), can walk without fear of thundering propellers or the spotting of squadrons ready to roar out over the sea to drop lethal loads on enemy targets. This V-J Day finds thousands of "the birds with folded wings" voiceless and at rest and their mother hens secured snugly to their piers, but ready for almost instant action should the unwanted time for their services come again.

MANY IRRIGATION WELLS

K. W. Wells, who has been acting as representative of the Anton Lions Club in gathering data on the Anton community for the Anton-Umbarger Highway Association, states that his figures show that in the 88 sections covered by his survey there are 130 irrigation wells now in operation, with 40 proposed wells. The territory covered is a strip four miles east of Anton to four miles west of the town; and from seven miles south of Anton to four miles north.

Loans Yugoslavia 269 Million Dollars

Official records Thursday showed that the United States has poured more than \$269,855,440 into Yugoslavia in wartime and postwar aid.

This includes lend-lease and assistance by UNRRA, most of the latter being American money, but does not include direct military aid by American forces in wartime.

The State Department fixed the amount of American lend-lease to Yugoslavia at \$32,000,000.

In addition, a total of \$327,577,000 in UNRRA supplies have already been delivered or are en route, and more than \$100,000,000 worth are still to be shipped under present schedules.

Yugoslavia has been the chief recipient thus far of UNRRA aid, 72 per cent of which, or \$237,855,140, has been contributed by the United States.

A State Department official said lend-lease aid included only three advanced trainer planes and one small cargo plane.

Many warplanes were sent to Russia, however, and while recipients of lend-lease goods were forbidden to sell them, there would be nothing to prevent them from giving them or lending them to friendly neighbors.

A former American soldier told newsmen in Trieste that he witnessed the shooting down of a U. S. Army transport at the Yugoslavia frontier and that the attacking Yugoslav planes appeared to be P-51 Mustangs of American manufacture.

The State Department official said that approximately one-half the \$32,000,000 lend-lease shipments were agricultural and industrial commodities; the rest watercraft. He placed at \$1,700,000 the amount of ordnance, which included arms and ammunition.

There May Be No Tomorrow!

Few strong, healthy persons expect to become disabled or die until some far distant tomorrow. But disability often comes, and life often ends sooner than one expects. For many there may be no tomorrow. You do intend to provide for your own care if disabled, and for your family if death deprives them of your support. But tomorrow may be too late.

program ended, Yugoslavia has received directly no surplus American planes, foreign liquidation commission officials said. However, only a few days ago the Yugoslavs applied for a C-47 surplus transport and were told none were available. Three C-47's originally turned over to UNRRA found their way to Yugoslavia, officials said.

Peak Movement For Colorado Peaches Expected This Week

Last week's Southwest markets registered weaker prices for cotton, fruits and vegetables, firm for poultry and eggs and wool and mohair, and steady to stronger for livestock and grain.

Peak movement of Colorado peaches is expected between August 28 and 30, with the season coming to a quick close around September 1. Last week peaches brought about steady prices at most shipping points, but were slightly weaker at some Southwest and Midwest markets. Demand for Colorado potatoes was slow and marketings increased. Most end-of-the-season sales of West Texas potatoes went to the government. Also, West Texas nearly wound up its onion harvesting, but Colorado is just beginning. Onions remained generally dull and weak. Louisiana sweet potato prices declined late last week as shipments increased. Shipping point quotations ranged from \$2 to \$2.25 per bushel crate under dull demand.

Southwest egg and poultry markets stood firm last week on quality stock. Demand was generally good since both poultry and eggs were in a favorable competitive position compared to the higher costs of most meats. Receipts were fairly liberal for this time of the summer.

Cotton prices declined about \$1.50 a bale last week in fairly active spot markets. Demand continued strong for higher white grains. Indicated

cotton supply for the current season is the smallest since 1927-28.

Last week saw little change in most grain prices, except for a two-cent a bushel rise on wheat and a nickel a cwt. on sorghums. Louisiana and Texas rice harvesting was well under way, but only a slow trickle went to market as growers and millers awaited government action on their requests for maximum prices.

Demand increased for fine original bag domestic wools in Boston and in Texas. Prices ranged from 59 to 60 cents for adult mohair.

Both spring lambs and ewes closed the week at steady to higher prices at most Southwest markets, compared to the previous week's close. Active trading quickly cleared light supplies.

Hog prices rallied near the end of the week to regain earlier losses. Top butchers ranged from \$17 to \$21 a cwt. at most Southwest markets, with some reaching \$23 at Denver. Receipts were much smaller than during the previous week.

Reaction to new price controls contributed to uneven cattle prices early last week, but Friday's quotations at most Southwest markets followed steady to higher trends at Chicago and other Northern terminals. Common and medium cows brought \$8.75 to \$11 a cwt., Houston; \$9.25 to \$11.50, San Antonio; \$9.50 to \$12, Fort Worth and Wichita. Medium and good beef cows sold around \$12 to \$13.50, Oklahoma City; and common to good cows aat \$10.50 to \$14, Denver.

Foust and Hilburn Ship Cattle To Kansas City Market

Ellis Foust and Clyde Hilburn returned Thursday from Kansas City, to which market they had shipped cattle from Sedeau, Kansas.

Mr. Foust had been gone three weeks, and was joined in Kansas last week by Mr. Hilburn, who with Mr. Foust are partners in the cattle business.

Mr. Foust reported that it was pretty dry in Kansas and the pasture not too good. He and Mr. Hilburn shipped 1600 cattle from Sedeau, Kans., to Kansas City.

No wonder newborn babes cry so much. If you were only a few days old, out of a job and owed the government \$2,500, you'd squall, too.

Management's-eye-view of the Santa Fe

View from fireman's seat inside cab of one of Santa Fe's great fleet of Diesel locomotives. Engineer sits at right.

Many of the fine things you are enjoying and are about to enjoy on the Santa Fe are the direct result of riding the line rather than riding an office chair.

You can see more railroad from the cab of a locomotive than you can from a typewritten report. It all goes to prove that foresight is better than hindsight.

That's why you so often find the top executives of Santa Fe at the "head-end" of Santa Fe trains. They ride in front by desire and design to see what lies ahead.

The modern railroad executive, who has grown up with tracks and trains and who has spent a large part of his life in railroading, looks at a section of track not in terms of ties and rails

but in terms of the possible improvements for better service to shippers and passengers.

Coupling long experience with mature vision, he translates new ideas into action with immediate decision which is both practical and timely.

This practical "Management's-eye-view" has led to the straightening of curves, improved roadbeds, new bridges and many other things which pay off in terms of better service for both passengers and shippers. It has led also to improvements of design and handling in the locomotives themselves.

During the next few months, Santa Fe will announce a number of new features improving its service and equipment. Watch for them.
