Panhandle Throttles Wheeler

Everything about last Friday night's football game was long. The scoring plays were long. The stat sheet was long. But the longest part of the entire night was the gruesome fourth quarter

that the Mustangs endured.

Panhandle used runningback Brady Shadid's 53-yard scoring jaunt and converted three Wheeler turnovers into 20 points all in the fourth quarter to blow open what had been a moderately close game. Going into the fourth quarter Panhandle led the Mustangs 30-20. Twelve minutes later however, the score board read 57-20.

57-20? It was strange to see those kinds of numbers up on the scoreboard. There have been entire 10-game seasons in which a Wheeler defense has not allowed 57 points. Wheeler's 20 points is mildly surprising considering what the Panthers' defense usually gives up. But believe it or not, between these two normally defensive teams, the combined score was a very offensive 77 points.

A big reason for the Panthers' offensive success was the running of Junior fullback, Mark Land. The 163-pounder slammed his way to 240 yards on 22 rushes and scored three TD's on runs of 2.67 and 56 yards. Sophomore Brady Shadid, who was moved to runningback from quarterback because of injuries, danced for another 120 yards on 19 carries and three TD's on runs of 53 and 2 yards. Shadid

also scored on a 35-yard interception return. Even freshman quarterback, Cody Wilkinson got in on the action as he threw a 60-yard bomb to junior split end Jamie Rocha to increase Panhandle's lead to 27-14 with 16 seconds left in the first half. The other two Panthers scores were courtesy of placekicker Kelley Lesley and defense (Continued Page 10)

Powerful Memphis Comes to Town Friday

Just when you thought it was safe to go back on the football field (cue Jaws Theme)—Memphis is coming Friday night. And anyone who remembers the 1991 Cyclones knows that the Mustangs better have their helmets strapped on straight because the '92 version of Memphis is just as good, if not better. And seeing as how the Cyclones twisted their way to a Class

A state title last season—be frightened. Be very frightened.

If you do not know what a Memphis Cyclone football team is, well, it is quite similar to a cyclone. It comes quickly, without much warning, wreaking havoc and leaves as quickly as it came and all a person left in its wake can do is gasp for air. That's Memphis: very fast, very devastating.

The Cyclones' speed is symbolic in their three backs. Quarterback Jay Lynn Rannels, who tore Wheeler's defense up last season with his speed is a double threat with his passing and running. Imagine what he can do when he drops back to pass and decides to scramble (does the name Randall

CWE CHAT WITH EDITOR

By Louis C. Stas

These past few days have certainly been nice; certainly not preparing us for the cold weather predicted for the weekend.

—cwe—
Sounds like football fans need to contact the Boosters organization and purchase one or more of those snuggles to keep warm Friday night.

—cwe—
And, speaking of Friday night, **MUSTANGS**, let's buckle down and turn that score around this week.

—cwe—
Don't forget the townhall meeting scheduled for Tuesday, Oct. 27. We need to attend to become an informed voter. See you at 7 at the school. Yes, I know that is over a week away, just mark the calendar.

—cwe—
Our local 4-H'ers will be honored at the annual Wheeler County 4-H Achievement Banquet this Tuesday night at the school cafeteria. How well I remember my time in 4-H.

—cwe—
The community was saddened this week with the report of the death of two young ladies from the Sweetwater Community, they were killed in a one car accident east of Sweetwater. The girls, Gillettea Sharp and Lori Keathley; they both graduated with the Sweetwater Class of '92 and were a part of the local Tri-State Rodeo group from Wheeler County.

—cwe—
Another death connected to the county was that of Dennis Jones of Springer, Okla. I didn't know Dennis, but Panna worked on the ambulance service while she lived here. Our sympathy to these families.

—cwe—
We traveled to Oklahoma for the weekend, but it was just a quiet family weekend; if you could call a gathering of the Stas and Meriwether family quite.

SHORTY SECHRIST

Meet The Care Center Residents

By Heath Mitchell
Shorty Sechrist was born on February 1, 1913. He grew up in Stephenville, Texas. He was one of ten children. Most people around Wheeler when asked about Mr. Sechrist, would say "Sure, I know Shorty, he is one fine man." Actually, Shorty is not his real name. Shorty is just a nickname. His real name is Norvel Sechrist. He has a twin brother named Orvel, that people call Blacky.

Shorty moved to Wheeler around 1956, about thirty-five years ago. He and his wife Sally moved here with a young family—one girl and three boys. His daughter's name is Ladonna and his three boys are Norvel (Sonny), Richard, and Calvin. Shorty was an active leader in 4-H and loved to work with his children and other children in the community. His children grew up and went to school here at Wheeler. Now they visit him frequently and Shorty looks forward to seeing them and his six grandchildren.

When I visited Shorty, he told me about his favorite hobby, collecting Indian artifacts. He started his collection thirty-five years ago when he first moved to Wheeler. Most of his collection came from the settlement of Fort Elliott. His collection could be worth a great deal of money but Shorty said, "It means more to me and my family than it would mean to anyone else."

Shorty has fond memories of his friends in Wheeler. He especially remembers all the good times he spent with his good friend, Ab Gunter.

People from all over the Texas Panhandle know the name Shorty Sechrist because of his famous peach orchard. Shorty raised his family on a farm west of Wheeler. His main occupation was in agriculture. His peach orchard was one of his biggest accomplishments. People in Wheeler are still enjoying peaches from his orchard.

I enjoyed visiting with Shorty very much and plan to go back and visit him often. I feel like I have met a new friend. When I was in the fifth grade I remember Shorty coming to the school and sharing some of his exciting stories with us. When I told him that I remembered him coming to the school, he said he hoped to get well soon so that he could return to the school and share some of his artifacts and stories with other kids. If you get a chance go by and visit Shorty Sechrist, he is a very interesting man to talk with.

Here & There
By Laura Guthrie

Today, Monday, was a lovely day. Time for doing pre winter chores outside. After almost half of October is passed. By the time this paper is at your door, we may be having chill weather. OK, that's fine. We don't want to live in the same temperature the year around. That would be monotonous.

But I would love to see a big rain! I trailed along with Melinda to another garage sale Saturday morning. I didn't really go to buy, I just wanted to see the people. Of course Bobbye Hill was there, seeing that all went well and her daughter Melissa Schooler was cashier. I had short chats with Marie Baker, Frances Hefley, Etta Morris and a few others that were there early in the day. I enjoyed it. I came home with a beautiful small glass as a remembrance of my dear friend, Esther Hill.

Brent Lee, who has been serving with the Military in Germany for the last year, is on leave and is visiting with his parents Sylvia and Leo Shuler. Brent will be here a few days and then be stationed at Ft. Riley in Kansas. That won't be nearly so far away from home as Germany!

To celebrate Brent's home coming, all of his family was invited to Sunday dinner at his parents home. That included his grandparents, Rev. and Mrs. M.B. Smith of Pampa, sisters Lucretia and family of Wheeler, Melony and family of Weatherford, OK, and sister Lori of Stephenville and brother Mike Lee, and family of Wheeler. I know they had a great time.

Violet Knight has been serving as an "Angel of Mercy" for about a month. She went to Chickasha, Ok. and spent a couple of weeks with her daughter and a brand new granddaughter. The baby's name is Jessica Victoria. The little one must do fine, to live up to such a big name. Then, last week Violet's sister Gloria Swires at Pampa had to report to the hospital for day surgery, but Violet stayed with her for several days to see that all went well and to keep the chores done.

Tim's parents, Rosie and Clyde Whorton, who live at Dumas, came by on their way home from Dallas where they had been visiting a daughter and her family. Tim and Melinda were in Amarillo. So after a short visit Rosie and Clyde drove home.

Elva Wood called me Saturday to tell me that her cousin, Frances Sellers of Albuquerque, N.M. had passed away. Frances was the daughter of the late Mr. and Mrs. Bob Wilson who, years ago, lived east of town. Later Mrs. Wilson was my next door neighbor, to the north. Another daughter, Doris Bradley who lives in El Paso, is a friend of mine.

It's time to make up your mind. In just a few weeks we must cast a vote for the next president of the U.S.A. — along with a lot of others.

Patricia Forrester visited her husband in Amarillo again this weekend. Ed's parents Mr. and Mrs. O.L. Forrester joined them on Saturday and they did a bit of shopping.

Finally my name is in the Phone Directory again. Through the "lack of thinking," on my part, it was left off the list when Melinda and Tim Whorton moved here into my house. They entered their names and mine was left out. But just look in the new Directory. Right there at the top to page 52 is Laura Guthrie 826-3158.

Ain't It The Truth

By Ab Gunter

Ain't got any idea how many of you folks have been to Skiatook, Oklahoma, but I just made my first trip there a few days ago. Now I have been to Oolagah an Chelsey an Nowata an Broken Bow an Broken Arrow an Cherokee and Comanche but I had never been to that town uv Skiatook. My son and our granddaughter made a fast trip down there to get a Jeep the son had bought and I thought it would be a piece uv cake. Anyhow when we got there I found the Jeep wuz what the Russians called a Tundra an it hauled seven Russians and the writin on it wuz in Bolshevic an not English. The son and his friend got the vehicle to run and it wuz gettin supper time and since the Barbeque King of Oklahoma had an eatin place there in town we had us amess uv all kinds uv barbeque and granddaughter Jessica an all the kids had to go to the carnival that wuz there for the County Fair.

We spent the nite with these nice folks and had breakfast an then had to get a sort uv two wheel trailer to haul the Tundra on. We found one over at Owasso where an Okie by the name of Bob or Robert, skinned me out of my good pocket knife, happeded to have a trailer that we needed an this Bob gave me back the pocket knife an five bucks an said "Ab throw that durn knife in the creek an buy another with this five bucks. The Okies never did cotton to us Texans much.

By the way they wuz havin a parade there in town an naturally the kids had to go and we got everything ready and loaded and had to wait on the parade an all the rides the kids took an finally we got loaded and headed back toward the Hoosier state.

We got on that Will Rogers Turnpike and headed toward Missouri and home. We were going along jes fine an somehow that durn Tundra sort of bronk and buck a bit an I told the son we ought to check on it as we would never get home in that fashion. Fianly we found that the tires on the trailer wernt quite the same tire pressure and we solved that problem at a fillin station. After that we were in good shape but had to watch our speed as that vehicle wuz heavier than the one we were in and we didn't want to be pushed down the road. That would sort uv be like having the wagon before the horse, believe me it aint fun as I have had that to happen one time in the mountains.

Terry the son wuz doin all the drivin and I wuz a poor copilot but sometime in the wee hours we got close to being home, again the son called Mama and she met us again at Cloverdale an finally we got there an I wuz never so glad to see anybody as that Little Fat Wife. She told me she had mowed our lawn, trimmed the flower beds, canned a bunch uv Chili Sause, made a couple uv loafs uv Apple bread an done the washin an ironing. I wuz plannin on tellin her how tired an weary I wuz, being on such a long trip, but I decided it would be best to wait, she had been up just waitin for the call to come get me.

We pulled into our drive at 0500, that's in the morning if you aint used to GI time and when Mama got me tucked in bed we slept till way up in the day and as I finally got my self out uv the bed I could smell breakfast cookin. I set down to the finest breakfast I had ever et, sausage, biskits with gravy an two cackleberrys an a big helpin uv jelly and topped off with some uv that Chili sause she had just made. Course we had a few cups of Java er coffee as you would say.

I found out something on this trip to Oklahoma and that is that if I ever go any place else Im goin to have Mama with me an we aint goin to be in no hurry to get there. Me an Mama realize we aint the Jet set uv folks any more we are sort of Horse an Buggy

type now an hope to stay that way. We are close to being married 50 years and when that time comes I hope she will let me renew the contract for another 50.

WHAT MATTERS IN A LEADER TO YOU?

When Bill Clinton, who wants us to trust him to be our President, was asked about his character by Reader's Digest, he said we should not be concerned. The exact question was, "Polls indicate voter concern over Governor Clinton's character. Should voters be concerned?" Mr. Clinton said these exact words, "No. People should not be concerned about whether I have the strength of character to be President?" I cannot believe that someone would actually say that. We want people to have the character to be a pastor, a coach, a mayor, a school superintendent, a teacher, or just about anything else. Why would we not care about a person having the strength of character to be President. I thought I had heard Ted Kennedy and Jesse Jackson say some pretty ridiculous things, but that answer to the character question absolutely appalls me.

Mr. Clinton also said in answering that question, "My values are the values of the vast majority of the American people." Well, I certainly hope that the vast majority of the American people don't really believe that sleeping around with other women on foreign soil after deceiving people to avoid the draft, telling different stories on the same issue (which I call lying), and bringing in homosexuals to your Convention to be given prominent speaking positions are acceptable values.

We are constantly being told by Clinton's pals in the news media that these matters are of no consequence. How interesting? Things are major matters if it is Dan Quayle. Criticize Murphy Brown and Hollywood and it is a major issue. We heard about that for weeks. Misspell Potato and we hear about it over and over on the news and at the Democratic Convention. They thought that was major. Dan Quayle joined the national Guard in the conventional way with no tricks, no deceit and no protests. That was major news four years ago. We were led by the newscasters and commentators to believe that was horrible. But let Clinton commit adultery, dodge the draft by deceit, travel to foreign soil and organize war protests, and flat out tell us that character is not a concern, and we are told it doesn't matter, that we are landing low blows to mention it, and we are ignoring the main issues. Character matters to me. I think it does to the majority of Americans, but Mr. Slick is so smooth in his rhetoric and supported so strongly by the liberal news media, that I'm afraid multiplied thousands of people are being deceived to accept someone they don't agree with and won't like.

If this guy wins the election, I think it will be time to lower the flag to half mast.

ALLISON NEWS

By Christine Gilmer

Jude 1:20 & 21: "But Ye, beloved, building up yourselves on Your most holy faith, praying in the Holy Ghost, Keep Yourselves in the love of God, looking for the Mercy of our Lord Jesus Christ unto eternal life."

This is another lovely fall day here in Allison.

Sunday dinner guests in the home of Frank George were Charles and June Elliott from Pampa, Charles and Alene George from Pampa, Cokey and Evelyn Chappell from Sayre, Hector and Kathy Bodillo and Hector Hank of Allison, Frankie Miller from Wheeler and Betty Dyer of Allison. In the afternoon, everyone went to see how work was progressing on the home of David and Linda Gilmer. They were having a roofing party so after a tour of the inside of the house, which is looking real nice, they left as not wanting to get involved in that kind of a party.

Six of the Giddens brothers and sisters and some of their families gathered at the home of Wilma Gilmer for a family get together and a delicious meal and a lot of visiting and picture taking. Those there were Johnnie and Nora Giddens from Mecosta, Mich., George and Margaret Giddens and Clara of Allison, Roy and Sue Giddens from the Ranch, Wayne and Kathy Zybach, Clay and Casey from Briscoe, Nancy Britten, Christina, Jennifer and Lindsey from Amarillo, Virginia Jesseph from Hollis, and her daughter, Anita from Hydro, Okla., and Wilma and Christine Gilmer. Rhonda McWhorter came by for a few minutes in the afternoon. We all enjoyed being together. Two brothers and their wives, Randy and Clare Giddens, who live in Arkansas and Fred and Jean, who live in Ohio. We all enjoyed being together, Johnnie and Nora left early this morning, going home. Johnnie, Nora and Wilma were supper guests with me last Tuesday evening. They also visited with George and family and Roy and his family.

J. R. and Leota Black's grandson, jobert Black from Amarillo, spent last week with them.

Warren and Charlene Brown from Amarillo and Roma and Billy Brown visited Opal and Juanita Boydston last Friday. Opal has been having quite a bit of back problems lately, but is slowly improving.

Merlyn Brown from Clinton spent last Friday night with Roma and Billy Brown and they all went to Amarillo on Business Saturday. Warren and Charlene Brown spent last Thursday night with Roma and Billy and Warren helped Roma dig sweet potatoes.

Ronnie and Ruth Chadwick visited Loyd Jones at the Pampa hospital last Sunday afternoon. Sorry to hear that Loyd is in the hospital.

Steve Chadwick from Altus spent Friday night with Ronnie and Ruth and helped his dad cut a load of wood and haul it in.

Recently Loyd and Nona Jones, Monroe and Nadine Reynolds, Bill and Kay Donaldson, Lee and Sharon Hall and Harold Jones and Billy Ray and Nonnie Jones all spent a week at Procter Lake.

Red and Anna Dukes attended a ball game last Tuesday night at Briscoe. Jimmy and Shirley Pewitt and their son from Paradise, Texas visited Red and Anna from Friday until Sunday afternoon and Jimmy was the speaker Sunday morning at the Church of Christ. Red, Jimmy and Jimmy Dave attended the football game at Panhandle last Friday night.

Last Saturday, Red, Anna, Jimmy and Shirley and their son Jimmy, Minnie Bell Vinson and Nelda Dukes all went to Hedley to help celebrate Red's Aunt Mollie Dickson's 99th Birthday. Sunday Minnie Bell and Clyde were Sunday dinner guests with

Red and Anna and their guest from Paradise. Sunday afternoon Red, Anna and Minnie Bell and Clyde went to Shamrock and visited Bessie Crenshaw.

Bessie Giddens went to Amarillo last week to get her eyes checked, went Monday and came home Wednesday. Johnnie and Nora Giddens visited Bessie last Friday afternoon.

HELP CHILDREN TO SHOP WISELY

When shopping with your child, you have a great opportunity to develop their skill in finding the best buy for the money. Choose an item that is something they recognize, but not something they are trying to buy, such as milk or bread. Ask them to tell you which brand, or which size container is the best buy? They may have learned some buying skills at school. Let them show you what they know. Ask them to share how they made their choice.

Take a few minutes to show them the unit price label on the shelf. This helps them spot quickly which one costs the least per ounce or pound. Then ask them how much they think the family needs. Would one size be better than another for your family? Would one type be better for the use intended? Is there some other reason why the lowest price may not be the best buy? Some people prefer whole grain bread over enriched white bread, and are willing to pay more for it.

Explain how the giant, economy size may not be the best buy if you need only half as much. Help them see that products that look alike may have different purposes, such as skim, low-fat and homogenized milk. Show how other products that may look entirely different can be a better buy, such as non-fat dry milk for cooking, or, canned rather than fresh tomatoes for soups and sauces. If you are shopping for clothing, let them compare the cost of brand name items with the cost of similar items having a store or generic brand. Let them figure out whether it is more important to them to have more of the items (jeans, shirts, shoes) at a lower price, or fewer at a higher price. Which is more important to them, and what trade-off are they willing to make to get what they want?

Next, choose an item on your list and give them the responsibility for finding the best buy. Build their confidence by showing them how much they saved the family by making the best buy.

Learning to use time and knowledge to compare prices and products develops youth's resourcefulness.

AVISO DE ELECCION PARA BONOS

EL ESTADO DE TEXAS CONDADO DE WHEELER A LOS RESIDENTES CON DERECHO DE VOTAR DEL CONDADO DE WHEELER, TEXAS:

AVISO de que una eleccion tendra lugar en el CONDADO DE WHEELER, TEXAS el dia 31 de octubre de 1992, de acuerdo con un decreto aprobado por la Corte de Comisionados que se lee basicamente como sigue:

UN DECRETO por la Corte de Comisionados del Condado de Wheeler, Texas, llamando una eleccion para bonos a tener

The District entered into a memo of understanding with the Soil Conservation Service in 1948 to provide personnel specially trained in the field of erosion control. The current SCS staff consists of Fred Allison, Jr., district Conservationist; Kenneth Reed, Range Conservationist; and Calvin Devereaux, Soil conservationist. Rhonda Ferguson is employed as a District Clerk. Don Humphreys is a Green Thumb employee.

The SWCD works closely with the SCS to promote all phases of conservation. Your SWCD is proud to present this report of some of the work and accomplishments during the 1992 fiscal year.

Wheeler County SWCD has been busy during 1992. Most of the business involves establishing grass on acreage enrolled in the Conservation Reserve Program (CRP) and development & servicing of Food Security Act (FSA) plans. Under the CRP program, highly erodible cropland is converted to grassland with government assistance. Each CRP contract is for a ten year period where the land user receives annual rental payments in exchange for not farming land. Wheeler County has 341 active contracts on approximately 55,222 acres. Wheeler County has reached its 25% limitation.

The Food Security Act of 1985 mandated that every farmer who produces crops on highly erodible soils must have developed a conservation plan by January 1, 1990. These plans must be fully applied by January 1, 1995. Wheeler County has approximately 826 Food Security Act plans.

The Great Plains Program, Resource Conservation and Development Program, and the regular District Programs must be carried out in addition to CRP & FSA. We currently have one active Great Plains Contract. Fencing, livestock water development, and brush management are being performed under GPCP.

Some of the accomplishments of the SWCD/SCS for 1992 include: New District Cooperators — 108 for 20,151 Acres; Conservation plans prepared — 104 for 10,318 Acres; Conservation plans revised — 129 for 23,080 Acres; Individuals and Units of Government assisted — 381; Individuals applying a practice — 295; Grass Seeding — 16,000 Acres; Deferred Grazing — 20,000 Acres; Cropland Benefited from applying a practice — 42,791 Acres; Range and Pastureland benefited from applying a practice — 40,000 Acres; Ponds — 3 no.; Brush Management — 700 Acres; Prescribed burning — 2500 Acres; Wells — 5; Water Storage Facility — 7; Irrigation Pipelines — 2,000 feet; Diversion Terraces 10,000 feet; Irrigation System Sprinklers — 5 No.; Cover Crops 4,000 Acres; Wind Strips 400 Acres; Conservation presentations and tours — 4 with 150 people in attendance. These are only a few of the conservation accomplishments done in 1992.

All services of the Soil Conservation Service and the Wheeler County Soil and Water Conservation District are available regardless of age, sex, race, color, religion, handicap or national origin.

Ware Chevrolet Gets Honors For Service

Ware Chevrolet Buick-Olds-Pontiac was honored on Oct. 1, 1992 by the Texas Automobile Dealers Association (TADA) for 43 years of continuous service by the same family.

TADA Field Manager, James Conner, Jr. presented the Silver Select Circle Award at the dealership on Thursday to N.D. Ware, Bobby Ware, Kent Ware, and Gary Ware of Ware Chevrolet. "We are proud to have helped the people of Wheeler County move and grow for the past 43 years," said N.D. Ware. "We look forward to continuing to be a part of this community for many years to come."

Top O' Texas Cattlewomen's Style Show Held

Top O' Texas Cattlewomen's Style Show & Brunch was held September 19 at the Pampa Country Club. President, Carolyn Buckingham of Wheeler welcomed the group and then presented Danny Bainum of Danny's Market of Pampa with the "Beef Backer Award" for the year. Each year an area restaurant from the eastern Panhandle area is presented this award for outstanding menu, food preparation and overall excellence in serving beef.

Following this presentation brunch was served buffet style to over 230 area women. Brunch consisted of assorted fruit and melon, lemon and blueberry muffins, beef crepes, beef estrada and coffee or tea. Bethel Robinson of Panhandle gave a brief description of Cattlewomen's purpose and projects for the year. She emphasized that membership is open to any woman who is interested in the beef industry and getting the message out "that beef is good for You" and rich in several essential elements needed for a balanced diet. For a "little fun" each

person was asked to look on the back of their program. If your program had a white dot you received a ticket for the Texas Lottery. Out of fifteen tickets, one person won \$20, one \$2 and one three more tickets.

Anita Brown of Wheeler, narrator of the style show, presented approximately 80 fashions to those attending. Fashions consisted of the latest in fall clothing for young children, teenagers and college students to clothes for the business woman as well as the more mature women. There was a variety of fashions from casual to dressy; from conservative to the bold. Door prizes donated by area merchants participating in the show were given to 12 lucky winners.

The largest door prize, a trip for two to Las Vegas courtesy of American Airlines, was won by Georgia Mack of Pampa.

Top O' Texas Cattlewomen would like to thank all of the area merchants participating this year and to those attending.

Locals Attend Texas Ext. Homemakers Conv.

The Texas Extension Homemakers Association 1992 State Convention was held in Galveston Sept. 22nd to the 24th. Martha Barker and Carolyn Stockton of Shamrock and Wanda King of Wheeler attended as delegates of Wheeler County. The first General Assembly was held on Tuesday night with 945 in attendance. The United States Coast Guard Galveston Base was in charge of the Professional and Presentation of Colors. Judy Bahr, Galveston County Council chairman led the Pledge of Allegiance. After an invocation by Zaphania Phillips of the Greater Bellzion Baptist Church, the welcome was made by Grace Glaze, Director of District 11, the hosting district. Judge Ray Holbrook, Galveston County Judge, welcomed all to Galveston. The mayor, Barbara Crews gave the greetings.

During the awards presentation, Zamber Skaggs, age 90, of Live Oak County, was presented a plaque for the oldest attending. She has been a member for ten years, joining T.E.H.A. at 80 years of age. The youngest was Audrey Mitchell, age 26, of Oldham County.

There are 106 members in T.E.H.A. that have been in clubs fifty years or more.

In 1992, the volunteer work that was accomplished was a grand total of 211,166 hours.

It was reported that \$43,000 4-H Scholarships were awarded by various means.

Throughout the state, there were 4,698 projects completed including tutoring, recycling, educational programs on fighting drugs, travel safety, foreign cultures and natural resources.

On Wednesday, a T.E.H.A. Delegate Training Session was held. During the General Assembly a speech on "Know America" by Mary D. Stewart, Marketing Coordinator of the National 4-H Council, was of interest to all. A children and television seminar was conducted by Charlotte Watson and Martha Crawford. In the afternoon, the election for new state officers was held.

Wednesday night, the meeting was held at the historic Opera House, built in 1894. Workshops were the order of the day on Thursday, which was attended by the Wheeler County delegates. They will be presenting these programs to the county clubs in early 1993. These programs will be on "Health and Safety"; "Natural Resources/Community Resources" and "Cultural Arts/International Understanding." An elegant banquet, held at the Moody Convention Center, concluded the 1992 Convention. A check for over \$6,000 was presented to the Texas 4-H Youth Development Foundation for use at the 4-H Center in Brownwood. This money was collected at each club meeting with the title of "Coins for Friendship".

The "Encore Youth Performers" of Houston presented outstanding entertainment with a program of song and dance on America. Those are high school and college students that practice and perform in their spare time. Also, Curtis Bryan sang a solo titled "Footprints in the Sand of Time."

Other interest for the convention was a "Time-Out" on Wednesday afternoon for the visitors to tour "The Strand" and special tours of the wonderful historic sites in Galveston, including the Bishop's Palace, The Sea Wall and Trolley rides along the route of famous old homes. The 1993 convention will be held in Waco in September.

Oct. Named Domestic Violence Awareness Mo.

October has been designated Domestic Violence Awareness Month according to Janet Watts, Executive Director of Tralee Crisis Center.

Each year in the United States about 3-4 million women are physically abused by their mates. Because understanding the problem is the first step toward solving it, Tralee is sponsoring a ribbon campaign in honor of those women who have lost their lives at the hands of their partners. Everyone is asked to wear a purple ribbon which Tralee is providing in each community served during the month in support of this cause. Ribbons are available in the County Judge's office in the courthouse.

During the last year in the eight counties served by Tralee, services were provided to 335 adults and children. Sexual assault cases accounted for an additional 20 victims.

Tralee Crisis Center is a non-profit organization whose belief is that every person has the right to live free of violence. The center offers a 24 hour hotline manned by volunteers, a shelter open 24 hours a day, advocacy of crime victims and various support groups. If a woman chooses not to stay at the shelter but is subjected to an abusive partner, there is a counselor who provides help for her. Recently, a children's program has been formed for residents' and non-residents' children who have been emotionally and/or physically subjected to the abuse.

Brenda Wilkinson, Victim Services Coordinator, also serves as the Outreach Representative for Roberts, Hemphill, Wheeler, Collingsworth and Donley counties. She is available to serve anyone by appointment in these communities on Thursdays. Linda Wright of the Berger office serves Carson and Hutchinson counties.

There is also offered a 12 step program, HEART, Helping End Abusive Relationship Tendencies, which meets bi-monthly and is open to the public.

The center is always in need of dedicated volunteers. Anyone who is interested in serving in that capacity is urged to call the office at 669-1131 or if in an Outreach area, 800-658-2796. Any donations or financial assistance are always appreciated.

Representatives are always available for programs and presentations for clubs, churches or organizations and can be arranged by calling 669-1131.

Mr. and Mrs. David Anderson

SHULER-ANDERSON NUPTIAL VOWS ARE EXCHANGED SEPT. 12 IN BRYAN, TEXAS

Wedding vows for Pamela Shawn Shuler and David Wayne Anderson, both of Bryan, Texas were read at 6:30 p.m. on September 12, 1992, at the Victorian in Bryan. Judge Mike Callihan officiated. The parents of the bride are Ms. Gwen Shuler of Perryton and Mr. and Mrs. Leo Shuler of Wheeler. The parents of the groom are Mr. and Mrs. Bill Anderson of Victoria, TX.

This day was especially chosen because on September 12, 1925, the bride's grandparents (Mr. and Mrs. T. R. Shirley) were married; a portrait of Mr. Shirley and the late Mrs. Shirley was on display at the wedding to honor them and their wedding date was embossed on the portrait for all the guests to see.

The altar of the wedding area was flanked by candelabra and bouquets of ivory colored roses. Throughout the house were floral arrangements in shades of ivory, plum, blue with greenery.

Traditional wedding music was played before the wedding. The processional was the traditional bridal chorus. During the ceremony Gaylene Slaughter of Houston sang "Surround Me With Love" and "Only God Could Love You More". The traditional wedding march closed the ceremony.

For something old the bride used a pearl covered Bible given her by her grandmother Shirley. The wedding gown was something new, something borrowed was the veil from Lesley Lightsey and something blue was the traditional garter.

The bride's dress was candlelight satin with butterfly neckline, dropped waistline, a floor length, full skirt, long puffed sleeves, a low V back with base bow, from which flowed a cathedral length train with scalloped lace edge. The dress and train was charmingly set with pearls and sequins. The finger length veil was set with sprays of beads, sequins and small flowers. The bride's bouquet was an arched spray of ivory roses and rose buds tipped with plum, entwined with pearls. Fern and ivory cascaded from the arch.

The Maid of Honor was Shelly Johnson of Houston. Bridesmaids were Lesley Lightsey of Houston and Jeana Spain of College Station, TX. The attendants were dressed in iridescent taffeta in plum, emerald green and midnight blue. They were designed with portrait collars and full, tea length skirts, topped with black velvet bodices. Their bouquets were arranged in brandy snifters with scented candles, accented with black floral bows with streamers of iridescent taffeta to match the dresses.

The flower girl Carly Noonan, of Austin, niece of the bride, was dressed in ivory satin and carried a plum basket of rose petals.

The ring bearer was Matthew Nobles of Austin, nephew of the bride.

The groom was attired in a black tuxedo with tails, ivory shirt, black vest and bow tie. His boutonniere was a single rosebud with a sprig of baby's breath.

The Best Man was the groom's father. The groomsmen were Ray Anderson, brother of the groom, from Austin and George Alexander, a friend, from Victoria. The ushers were Rick Maldonado, of Houston and Jim Pace of Woodlands, TX. These attendants were dressed in black Eton length tuxedos, ivory shirts, black vests and bow ties with rose bud boutonnières.

The programs for the service were handed out by Tricia Beazley of Houston and Karen Bretthauer of College Station. The guests were registered by Brenda Smith, sister of the groom from Casper, Wyoming.

Immediately following the ceremony a reception was held at the Victorian. The bride's table was centered with a three tiered cake, based on a water fountain. The white cake, with strawberry filling was topped by two crystal swans, accented by sprays of pearls. Staircases from the center cake led to two smaller 2 tiered cakes. The staircases were entwined with ribbons and greenery. The bride's table was served

by Kim Noonan and Robyn Klingeman of Austin, sisters of the bride and a friend Theresa Allen of Mansfield, TX.

On the groom's table there was a chocolate cake decorated like a hole from Putt Putt. (The groom plays professional Putt Putt) Serving the grooms table were his nieces, Shawn Martin and Georgia Smith, both from Casper, Wyoming. Ted Nobles of Austin led the Champagne toast. Rice bags were passed out by Shanon Spain, Rael Noonan, Billy Parks and Vanessa Morgan.

Buffet tables offered assorted finger sandwiches, assorted fruit and vegetables. Coffee and mints were served. The tables were decorated with the bride's colors.

The bride's mother was dressed in a tea rose colored two piece suit with jacket trimmed in lace. The groom's mother wore a two piece turquoise dress trimmed in beads.

The newlyweds took a Caribbean Cruise and will be at home in Bryan, TX.

The bride graduated from Perryton High School in 1985. She is a 1992 graduate of Sam Houston State University with a BA in Interior Design. She is employed as a Consultant for Christopher Designs College Station, TX.

The groom is a 1983 graduate of Victoria High School and attended Texas A&M. He is presently serving as General Manager for Casa Ole Restaurant in College Station.

Out of town guests were Bill and Rita Etherton, Ted and Matthew Nobles, Bobby, Kim, Rael, and Carly Noonan, Jason and Robyn Klingeman, Billy Parks, Ray Anderson all of Austin, TX. Extension Update

Joan Gray, CEA-HE

Youth figure out pretty quickly that money is required to get many of the things they want. To help them put money in a resourceful perspective, use activities that help them realize that money is used for goods and services you cannot or do not want to make or perform for yourself.

Choose a discovery time to share with your children. Discover together what your family uses that requires money and what you can do or get without spending money because you choose to use your time and talent instead. Involve your child in listing things your family bought or used recently, such as toys, books, paper for drawing and writing, groceries, food eaten away from home and gasoline. Discover together what choices your family had about using your talents and time or your money to get these goods and services.

For example, is paper recycled from work for them to use for art activities at home? Are toys "handed down" from child to child within the family? Are books checked out from the library or bought for family reading? What do you use the car to do that family members could do by bicycle or walking instead? Why do you choose to cook some meals and pay more to eat some meals away from home? The answers are different from every family and may be different from child to child. Your goal is to help your children see money as one of several resources the family can use to get the things you need and want.

Encourage your child to begin adding up how much money it takes to get the things he or she wants or needs for a week. At the end of the week, let them share their discovery. Let them share their decisions about when to use money and when to use their

other resources to get what they want. Resourceful youth develop a sense that money is not the only resource, but one of many choices they have for reaching their goals in life.

Teach Children How to Use their Resources

Guiding the development of your child's personal resources builds the greatest resource they will ever have — themselves. As you build your child's confidence in his or her resourcefulness, it is also important to

THE WHEELER TIMES

Page 8—Thursday, October 15, 1992

"Wheeler, town of friendship and pride."

help youth understand that resources have limits. That means that we all have choices to make about how we use our resources.

Making choices begins by helping youth understand the difference between needs and wants. Let your children look up "needs" and "wants" in a dictionary and tell you how the words are different. Then, involve them in deciding what their needs are and their wants. Reinforce the idea that needs and wants are different whenever your child asks for something. Ask if what they asked for is a need or

a want and why, and what choices the two of you have for meeting the need or want.

For example, if your son has been learning about building personal energy resources, he may need more exercise, but want to watch TV more. Guide his thinking with questions about the choices he has about playing that could also give more exercise, such as play that involves running, swimming, or dancing.

By helping children learn the difference between needs and wants and seeing how they make choices in the use of their resources to meet their needs and wants, they begin to see and live with the limits of their resources. Teaching them principles of resourceful living gives them a foundation for thinking about using limited resources to meet unlimited needs and wants as they increase their responsibility for managing money resources and become more aware of the limits of our natural resources. They become resourceful in applying the same principles to living with all resource limitations with greater understanding and less stress.

Meals on Wheels Is Available to Residents

We are hoping that the people of Wheeler have not forgotten about the possibilities for getting your meal delivered to you. The meals are sent out according to your Drs. orders. The meals cost \$2.50, or whatever you can pay. No one is denied. We are striving to keep the people in their own homes as long as possible. Some have taken them for awhile, then they get to feeling better and will stop the meals, some time they wait too long to get them again, and will find themselves in the hospital or the Care Center.
I am speaking as one who has taken a complete series of meals after I had eye surgery, and had restrictions on what I could do. I will say that I found all meals very delicious and ample. I would recommend them to anyone.
If any of you reading this and have a friend, or loved one that could profit health wise by taking these meals for a short time or long time, call Betty Hennard at the County Judges office, 826-5961, or her home, 826-5790. Or you can call Amelia Sims, 826-3764, or Evangeline or Bob Wills, 826-5721.

— AN OPEN LETTER —

There is one thing that can be declared without reservation about a nursing home. There is no monotony. Each day brings its own surprises and interesting events. There are no problems, just situations to be handled and very seldom do we see two days alike.

The purpose of this letter is to make a first hand statement to give facts regarding a happening that has caused wide spread rumor both in Wheeler Care Center and in the town of Wheeler. About a month ago activity intensified at WCC with law enforcement officers swarming in and around the nursing home. Taking employees and others away to be questioned and holding conferences within the facility. Needless to say this caused no small stir among patients and staff alike. Those staff members who were in the know were instructed by Sheriff Jimmy Adams to make no comments about the case and we were forced to evade the many questions which came forth. Wheeler has a very effective small town grape vine and word spread but it does not always carry the full truth.

For some time some of the Department Heads at the Center had suspected that a resident of the nursing home was involved in the distribution of illegal drugs and that one or more of the employees were helping him. Nothing could be done until there was evidence to support their opinions.

When they had something to back up the charge the Administrator was informed and he called Sheriff Adams for a meeting. Within minutes of the call Sheriff Adams sat down in the office with the Administrator, Director of Nursing, Karen Puryear, and Tracy Newsom, Assistant Administrator. Upon hearing our report the Sheriff informed us that he was aware of the situation and was working with federal drug agents and the Postal Inspector, as a PO box was being used. This meeting was on Friday, August 21st, and Sheriff Adams asked that we keep it quiet over the weekend while they gathered more evidence.

On Monday, August 24th, the mail came and an envelope was delivered to our resident who has no use of his limbs and requires total assistance. He called for help to open the envelope and put its contents in a locked drawer in his room.

Angie Mata, a certified nurses aide, answered his call and when she opened the envelope law officers swarmed into the room and took possession of the packet which proved to be cocaine. Angie was escorted out of the facility by two officers and was questioned extensively. She was then released without being charged in any manner as she was only doing her duty in assisting a resident and did not know what was in the package she was asked to open. There was a rumor in town that Angie was arrested for stealing, but it was totally false. She was not arrested, only questioned as were many other employees.

It is our understanding that one resident of Wheeler Care Center, one employee and one or more persons in California who supplied the drugs are being charged with crimes. It has been extremely difficult to continue suppressing gossip, caring for a resident everyone on staff knows is being charged and quelling rumors while indictments were being prepared.

I want to publicly apologize to the staff members who have been questioned, suspicioned and inconvenienced by the month long ordeal. Sheriff Adams has stated that the case could never have been closed without the help of the WCC staff. They all performed in an admirable way and I want to personally thank each of them.

This case has been reported to the Texas Department of Health both in Austin and in the Regional office at Canyon and there is no stigma attached to the Nursing Home in regard to this matter. Charges are pending against the individuals who were caught dealing in illicit drugs, but there are no charges being filed against Wheeler Care Center, its owner, Administrator or any of the management staff of the Care Center.

Special thanks for fulfilling their duty in a superb way during this investigation go to Tracy Newsom, Karen Puryear, Angie Mata, Kim Flanagan, Cathy Montgomery, Janine Mata and also I want to thank Sheriff Adams and those who worked with him for their quick response and systematic investigation which brought this issue to fruition quickly before it could involve others.

Sincerely,
B.A. Hyatt, Administrator

Elk City Community Offers Eye Surgery

Medical history was made at Community Hospital on Tuesday when John Belardo, M.D., Ophthalmologist, performed this hospital's first corneal transplant.

With a donor cornea received from the Rochester Eye Bank, Dr. Belardo performed the transplant surgery under local anesthesia. The recipient of the cornea was a 73 year old patient with a decompensation of the cornea from an old styled intraocular lens. The patient was able to go home the same day of the surgery with instructions to report to Dr. Belardo's office the next day.

After the next day evaluation Belardo stated, "Our patient is doing just fine! He came through the surgery extremely well. We'll monitor his progress throughout the next year to make sure everything is as it should be. This operation provided this patient a second chance to see, and chances like this are made possible only through the generous gift of organ donation. I'm looking forward to developing an eye donor program in Western Oklahoma."

Corneal transplants can be performed for such conditions as keratoconus, corneal scars, corneal infections, inherited corneal diseases and corneal decompensation from intraocular lenses used in the 1970's and early 1980's.

Corneal transplants at Community Hospital offer the convenience of not only having this procedure available in western Oklahoma but having tissue availability so that patients can schedule their surgery at their convenience.

Jack Sparlin, Level II Instructor. The public is invited to visit the fire station and meetings of the WVFD are open to the public.

XI UPSILON ETA Goes Trick or Treating

Cathy Hunt and Jane Dukes were the hostesses for the October meeting. Members were asked to bring a costume and candy. After the meeting and a delicious meal, the members exchanged costumes and were taken on a hay-ride to go treating area homes. Families were treated with bags of candy and asked to vote on the best costume. After many laughs and a chain saw attack, we made it back to Cathy's house and counted the votes. Sonya Holder-Martin was the winner of the "BEST COSTUME". All we can say is, "Watch out Dolly!". Members present for the fun evening were: Kay Luttrell, Jane Dukes, Cathy Hunt, Dena Brown, Janet Tatyrek, Pat Graham, Sonya Holder-Martin and Debbie Kinnaman.

To the Editor
The Wheeler Times

I am writing this letter in defiance to some of the citizens of this community. I am appalled at the treatment that is currently being given to Mickey Porter. I have reflected back on my high school years and have come to one conclusion: the majority of the things I know I learned in college. The only exception is my English background.

One of the major complaints I hear about Mrs. Porter is that she gives bad grades to the athletes in this town. Teachers do not give bad grade—students earn them all on their own. As far as the athlete part of that statement goes who cares? I have never heard of a college professor or a prospective employer quizing someone over the record of their football team. In the real world, it just does not mat-

Panhandle (from Page 1)

30-14 lead in the third quarter. Bertrand was the culprit behind Wheeler's fourth quarter collapse. After Shadid's 53-yard score, the 165-pound junior Bertrand scooped up Wheeler QB Chad Dunnam's fumble and dashed 33 yards to the end zone to give Panhandle a 43-20 lead.

Wheeler was game all the way into the fourth quarter collapse. After Shadid's 53-yard score, the 165-pound junior Bertrand scooped up Wheeler QB Chad Dunnam's fumble and dashed 33 yards to the end zone to give Panhandle a 43-20 lead.

Wheeler was game all the way into the fourth quarter. The "Stangs even held a 14-13 lead with 5:47 left in the first half.

After Land's initial TD runs of 2 and 67 yards, the second coming with 11:01 left in the first half. Wheeler charged right back into the game. The Ponies's first score came after Shadid muffed a Joe Dan Ledbetter on the 50-yard line.

Jarrod Ledbetter recovered the fumble and six plays later, Dunnam snuck in from a yard out. Dunnam's PAT kick was good and with 7:56 left in the half Wheeler was back in the game at 13-7.

Two plays following the ensuing kickoff, Wilkinson was picked off by junior cornerback Marcus Hardcastle on the 50. Wheeler wasted no time in scoring either. Facing a second and 15, runningback Mark Marshall took a pitch from Dunnam in that appeared to be the average student body right. But wait! Marshall instead pulled up and lofted a pass to splitback Joe Dan Ledbetter, who had snuck behind the Panther secondary. Fifty-five yards and a Dunnam kick later Wheeler held a slim 14-13 lead with 5:47 left in the half.

Panhandle proved just how slim that lead was as they picked up two more scores before the half was even over. Land bulled 56 yards for a score with 4:55 left and Wilkinson and Rocho hooked up for 60 yards with :36 left. So before the Mustangs could even catch their breaths, they found themselves down 27-14 going into the locker room for halftime.

Memphis (from Page 1)

Cunningham mean anything?) the core of the cyclones speed, however, are tailback Brian Brown (a 10.5 100-meter sprinter) and cousin Kerry Brown (sub 51-sec. 400-m speed). Cyclone devastation comes in the form of their swarming defense. The Browns, Kerry at inside linebacker and Brian at outside LB, are keys here as well while the front four in Coach Matt Monzingo's Split-6 defense average 192 pounds.

Wheeler probably will not run for cover however. The Mustangs will definitely run full-kelter as they will try to avenge last season's only regular-season defeat. That loss, incidentally cost the "Stangs a district crown and fueled Memphis' state title run. The ponies hope to turn the tables this season and get some momentum for themselves.

ter. Sure, football is fun, but it is also meant to be an extracurricular activity. It is not meant to be a way of life.

If some of the parents would spend as much time supporting the teachers in his town as they do trying to run one off, maybe the kids would learn something. I hear everyday about graduates of this school quitting or flunking out of college because it is too hard. Well, wake up and smell the coffee—life is hard. No one will care fifteen, ten, or even five years from now if you played sports in high school. They will only care if you can deliver a product as good as or better than anyone else.

You may be thinking "who are you to tell us what to do?" Let me tell you who I am. I am a 1985 graduate of Wheeler High School. I was not an exceptional student. I had Mrs. Porter for English I. I did not wake up every morning excited about her class. It was hard. Now, I am a senior at SWOSU majoring in Secondary Education. I will graduate in May with honors and as a recognized leader on campus. I wake up every morning glad I had Mrs. Porter for a teacher. I never worry about writing for my classes I passed the English Proficiency Test the first time I took it, which is something not many students can attest too. In case you wondering, this is an essay test that must be passed in order to graduate.

I receive papers almost every day in my classes that have comments from my professors that say things like "good form", "good basis in writing" and "very correct form." These comments are not a reflection of me, they are a reflection of the English teachers I have had.

I may not convince any of you to change your mind, but maybe you will stop a second and look at what you are doing to your children. If you would spend half as much time supporting your kids and their teachers as you do supporting the athletic programs in this town, your kids would not find college so hard. If they flunk out of college or arrange for easier classes it may be your fault. On the other hand, if they succeed, it is because of the basics they learned in school from "hard" English teachers.

The people in this town need to re-evaluate their priorities. Life is not a football game. Life is a series of communicating with others. If your children are having a hard time in Mrs. Porter's class, then help them. If you can not help them, find someone who can (like someone who has been through her class). If you do these things, then someday you may receive the same phone call my parents did when I called and said, "I am so happy I had Mrs. Porter as an English teacher."
