BRISCOE BRONCO

(News prepared for The Times by staff members of the Briscoe schools).

Library News
Several new books have been added to the library. Superintendent and Mrs. Swinburn, Miss Ewing and Miss Stubbs went to Lela Monday, Sept. 6, to get some history reference books and English classics. Reading lists have been issued to students and the library is now open at all periods. It has been rumored that a full time librarian will begin work Monday to be paid through the WPA. She will issue books, collect fines, keep books in repair, and check in books. Students have been keeping the library.
The Reader's Digest has been added to our library and the subscription for Correct English has been renewed.

H. E. III Girls Entertain
Tuesday night at 7:30 the home ec. III girls entertained the faculty with a dinner in the home ec. cottage.
Faculty members present were: Ima Scott, Loyce Ewing, Edith Stubbs, Mr. and Mrs. Swinburn, Deulah Hubbard, Mr. and Mrs. O. C. Evans, Elmo Scott, W. T. Roach and Glenn Wiseman.
Lavelle Coney, home economics instructor, supervised the girls who cooked and served the meal. They were Ruth Morris, Lou Dean Luttrell, Mabel Barnes, Vera McNeill, Alma Waters and Laverne Evans.
Mr. and Mrs. W. F. McNeill were special guests.

First Grade
The boys and girls in our room have enjoyed the study about boats—especially did we enjoy the coloring. Since school has begun we have been making plans to make our room more attractive and to make it more convenient. We hope to have this done by the end of next week.
We welcome a new member to our second grade group, Henry J. McDonald.

Junior News
After a long period of waiting, the unknown Mr. X has been found. Mr. X, W. T. Roach, is the new manual training and Texas history teacher and coach. He comes to the Panhandle from Commerce, Texas. He attended school in East Texas State Teacher's college.

By GLENN FIELD
Briscoe softball team scored Friday when Coach Peeples brought his Allison teams here for match games that will be returned Sept. 10. The Briscoe senior boys overwhelmingly defeated the Allison senior team with a score of 26 to 14. The Briscoe junior high boys defeated Allison junior high team 16-9. Allison senior girls were victorious with a 6-5 score. The Briscoe senior girls will be in good condition for the return game and hope to clinch the victory.

Sixth Grade Organizes
The sixth grade met Sept. 6 at 1 o'clock to organize. Officers were elected as follows: Zane Grey Francis, president; Melvin Helton, vice president; Thelma Heffley, secretary; Troice Young, Jack Riley, Billy Candler, program committee.
The club will meet again Friday, Sept. 10.

Seventh Grade News
By DELMA LEE SATTERFIELD AND EDVIS MORROW
Miss Ewing sponsored the organization of the seventh grade into a club. Officers were elected Monday as follows: Edvis Morrow, president; Kenneth Greenhouse, vice president; Dorothy Nell Self, secretary; Delma Lee Satterfield, Tunis Morrow, Valoree Riley, program committee. The club will adopt a name at the next meeting.

The seventh grade geography class have been making graphs and reports on different crops and cities of Texas. Each member of the class has written to a chamber of commerce of a Texas city and will report on the information received.
Mr. and Mrs. Satterfield and Mr. and Mrs. Morrow, seventh grade room parents, entertained the class with a weiner roast on Gageby creek Sept. 2.

Allison News
(Mrs. Lester Levitt)
Mr. and Mrs. Lee Kiker returned home Friday from a weeks stay in Amarillo where Lee has been under the doctor's care. He is feeling some better now.
Mr. and Mrs. Carl Levitt and children visited Mr. and Mrs. Tom Bradstreet at Wheeler Sunday.

Mr. and Mrs. Claude McMillin spent from Sunday until Wednesday with Mrs. Dudley McMillin at Wheeler.
Lloyd Jones and wife, W. S. McCoy and Mrs. Walter Holbrook were Shamrock callers Wednesday.

Mr. and Mrs. Fred Weeks and children from Gageby visited in the parental, Paton Keesee, home Sunday.
Mr. and Mrs. Hosea Weeks, Mr. and Mrs. Vern Lohberger and Mr. and Mrs. Lester Levitt were dinner guests in the Frank Tipps home Sunday.
Elbert Haynes and family from Borger visited relatives here over the week end.

Mr. and Mrs. E. P. Kiker were in Shattuck, Okla., one day last week.
Mrs. Dudley McMillin from Wheeler visited relatives here Sunday.

VOLUME XIII—NUMBER 2

THURSDAY, SEPTEMBER 9, 1937

WHEELER, TEXAS

Enrollment Totals 436 Students for New School Term

**Grammar Grades Have 258 Pupils
on Books, Higher Classes
Boast 178**

The Wheeler school student body of 436 pupils and the faculty of 21 members have begun the new school year with an enrollment of fewer students than last year.

High school enrollment totals 178, with 29 seniors, 31 juniors, 44 sophomores, and 74 freshmen. Grammar school answers roll call with 258 students, making the grand total of 436. This is somewhat less than last year's total which was 220 for the high school and more than 250 for the grammar school.

This year the former grammar school building, which has been enlarged, will be used for the high school, and the grade school will occupy the old building.

The advantages of this change will be the better lighting of the study hall and classrooms and a more conveniently situated library, according to Supt. J. L. Gilmore.

Two Years Offered in Agriculture Classes

**Promising Year Is Scheduled for
58 Boys Enrolled in
Department**

A very promising season is scheduled in the vocational agriculture department for the coming year, according to W. C. Zerkle, instructor. Second year agriculture is being taught for the first time. There are 21 students in the second year class, and 37 in the first year group.

In agriculture I soil and livestock will be the first topics for discussion. The first few weeks of agriculture II will be devoted to the study of diseases of livestock.

The agriculture department will have three judging teams this year which will make several trips. Each team will be made up of four boys. Lubbock and Fort Worth are sponsoring two of the main contests which the boys will enter. The boys are making plans to attend the fat stock show at Amarillo Sept. 25.

ATHLETIC DEPARTMENT GETS NEW PLAYING EQUIPMENT

The athletic department has received some new equipment this week. It consists of 22 new playing jerseys, 20 baseballs and six playground bats.

According to Coach Stina Cain, they expect an order of football shoes this week.

Seniors of '37 Engage In Various Activities

**One-third of Class Will Attend
School—Others are at
Work or Home**

About one-third of the class of '37 are going away to school, while others are staying at home. Several have jobs working in town and out of town, and a few have moved away. Those who are planning to go away for school are: Bonnie Adams, Austin university; Evelyn Ray Benge, State Teacher's college, Denton; Parlice Clay, Business college, Wichita, Kansas; Troy Derryberry, W. T. S. T. C. Canyon.

Eugenia Mae Durham, Texas Tech, Lubbock; W. J. Ford, Oklahoma University; Ruth Faye Garrison, Junior college, Amarillo; Calvin Harmon, W. T. S. T. C. Canyon; Oretta Puett, Texas Tech, Lubbock; Elva Willard, Texas university; and Marthals Wiley, S. C. W. Denton.

Those who are staying home are: Clarice Robertson, Bob Tillman, J. N. Tucker, Waver Wallace, Herbert Whitener, Bill Noah, Florene Wright, H. E. Young, Ferrol Ficke, Helen June George, Alice Hardin, Alvis Jolly, Olen Maxwell, Dudley Callan, Chlorene Morgan and Junior Jamison.

Dawn Weatherly has moved to Amarillo, Lois Walker to California, Genese Latham to Sunray, Troy Lee Carver to California, and Dorothy Lee Burke to Ballinger, Texas.

Those that have jobs working in town and out of town are: Wallace Pendleton, Royal Drug; Guy Robinson, Lubbock; Maxie Lee Wilson, Forrester's Insurance office; Raymond Badley, Dumas; Evrette Cole, Panhandle Power & Light Co.; Ray Norman a Pampa filling station; Robert Guynes, Puckett's Cash store.

Inez Hunter is taking a post-graduate course.

ORGANIZATION OF SCOUT TROOPS IS POSTPONED

Girl Scouts are not meeting at the present, as their leader, Miss Florence Merriman, is away on her vacation.

Boy Scouts, if organized again this year, will probably be under the direction of Coach Stina Cain, who is taking over the work of the former coach, Bob Clark.

PHILLIPS 66 GAS COMPANY DONATES MANY BOOK COVERS

Supt. J. L. Gilmore received a large number of book covers this week which were donated by the Phillips 66 Gasoline company. On the front of these wrappers are pictures and rules regarding traffic safety. Students will have no excuse now for not having books covered, Gilmore says.

Librarian Is Secured for First Time In History

A Motley Canine Sleeps as Corral Reporters Labor

A brown and black dog trimmed in white walked into the typing room on the first lab, day and lay down as if he wanted to help with the paper.

He was also seen in history III class, where he came in and caused a lot of excitement.

Maybe he was hunting his master. Or perhaps in these modern days the dumb animals are coming to school for an education.

That old saying "a dog is man's best friend," still holds good, even if Towser has to follow Johnnie to school every day.

Quill, Scroll Party Proves Gala Occasion

Because of a picnic scheduled for the same night, attendance at the Quill and Scroll party Friday evening was rather slim. However, Irene Hunt, president, reports a gala time for those who attended.

This entertainment was given by the six members of the local chapter of this international society for all students who have taken journalism.

The home economics cottage living room was decorated in pink and silver, Quill and Scroll colors. All games during the evening pertained to newspaper work, concluding with an auction, with Laveau Cole, auctioneer. Money for this sale was advertisements obtained as forfeits during the party.

Those present were Marthals Wiley and Beatrice Miller, charter members; Irene Hunt, president, Aubrey Warren, who joined last year, and Miss Bernie Addison, sponsor.

Guests: Lois Ficke, Evelyn Balch, A. B. Turner, Laveau Cole, Marvin Montgomery, Travis Jones, Clowes Jones and Mrs. Nina H. Young.

STUDENTS TAKE EXERCISES FOUR DAYS EACH WEEK

Girls will meet each week on Mondays and Wednesdays at 10:20 for physical education, and the boys on Tuesdays and Thursdays.

When the paper went to press a game schedule had not been made.

Fridays are assembly days. Various school organizations and the ministers of the town will have charge of programs.

Mrs. Vera Jamison to Have Charge of Checking Out Books

**Other Innovations Planned for
Systematizing Outside
Reading**

For the first time in history, Wheeler high school will have a full-time librarian. The services of Mrs. Vera Jamison have been secured for this long-needed addition to the library. She began her duties Tuesday. "We hope to have the outside reading and reference work handled much more systematically and conveniently now," says Mrs. J. L. Gilmore, librarian for the past two years. "With the co-operation of students and the assistance of the faculty, we feel that Mrs. Jamison will fill this new position splendidly."

Teachers, Students Rejoice
"Heretofore crowded conditions and lack of a librarian who could devote her full time to the task of checking out material has prevented operation of the library as efficiently as the faculty wished. Teachers and students are rejoicing in her appointment."

Although details had not been worked out Monday, students from the senior class probably will assist Mrs. Jamison, as it would be difficult for one person to wait on the 130 enrolled in high school, according to Mrs. Gilmore.

Card Catalogue Contemplated
Instead of using tables in the library, plans this year are to allow students to take books and magazines to their seats in the study hall. Another innovation under consideration is a card catalogue of all books in the library to facilitate finding material.

"It would save time of both pupil and library keepers," Mrs. Gilmore said. "Students need to learn how to look up information so that they can use college libraries intelligently when they go away to school."

Books are to be arranged a little differently also. In the instance of classics of which there are several copies, these will be classified for freshmen, sophomores, juniors and seniors and placed separately. When there will be a short story section containing all books with good short stories. Fiction, biography, encyclo-

(Continued on Page 4)

THE CORRAL

Editors: Lorraine Wallace and Ruth Faust.

Reporters: R. J. Puckett, Marion Smith, Meta Bruton, Ruth Barr, Vergie Ashley, Elva Bell Couch, Clowes Jones, Lois Ficke, Burtow Riley, Margie Bowers, Mary Belle Johnston, Betty Gene Coul, and Aubrey Warren.

Sponsor: Miss Bernice Addison.

THURSDAY, SEPTEMBER 9, 1937

LIBRARY IN THE SPOTLIGHT

Three cheers for Mrs. Jamison, new full-time librarian, and may she find pleasure in our association throughout the year. You may see her smiling behind the bars from 8:30 until 3:30 daily.

If you have difficulty in finding the book you need, Mrs. Jamison will be ready to help you.

Of course she will need your cooperation, as the work will be tiring and certain periods may be more rushed than others.

Seniors who need an extra half credit probably will help in the library for 45 minutes each day. They will check books out to the students.

Especially are our teachers happy to have Mrs. Jamison, for heretofore one of them has acted as librarian and could devote to this task only off periods and time after school.

Last year and preceding years students read the magazines and newspapers at tables in the library. This year the magazines will be read in the study hall, thus saving unnecessary confusion in the library.

It is planned to add several new books to the library this year including fiction, dictionaries and encyclopedias.

With the help of Mrs. Jamison we hope to build our library up to a big and more valuable asset to the school.

BEGINNINGS

Do you know that the United States government is spending \$200 per annum for the education of each high school student? In other words, the government is paying us this amount to attend school.

This is the beginning of another new school year. Each student should make up his mind to acquire all the knowledge he possibly can. If not, you have wasted \$200. The boy or girl who does the very best he can earn the full amount of his \$200.

"I don't think much of the man who is not wiser today than he was yesterday." This was the opinion of Abraham Lincoln. When we go to our classes and sit during the entire period with our minds anywhere but in the classroom, we learn practically nothing and consequently are not any wiser than the day before. Then when the tests come we "cram" in all the knowledge we can the night before examinations.

Why wouldn't it be easier to study a little each day? Every day when you go to class try and keep your mind on the subject the teacher is discussing. Never get the idea that he or she is trying to bore you with wisdom.

The feeling that you know "just a little" about the subject of which the instructor is speaking makes the classes much more pleasant. Just try it some time. Don't wait for knowledge to come to you. If you intend to get the most out of your high school days, go in search of it.

"The man who goes through life looking for a soft thing can find it right under his hat." You cannot ex-

SNUBBING POST

We are always glad to see the old exes trespassing on our premises. It makes us rather sad to awaken to the realization that they have risen above the realm of our intelligence and what's more "they have went."

Bonnie Adams and Mae Durban, in a statement to the press concluded, "We shall never forget our childhood days spent in Wheeler Hill."

Edward Smith bears a striking resemblance to Buster Keaton. Claude Pillars boasts a profile like that of handsome Robert Taylor. Had you noticed?

"And a good time was had by all" at the Quill and Scroll party. Friday night. A few "yes-sayers" were taught not to "yes-yes" so much. (Maybe we're all crazy, yes?) Perhaps the previous statement will be funny to those who attended, anyway.

Mary Belle told Margie and Margie told Ruth and Ruth told me that Imagine, Bea and Jerry were seen Sunday afternoon riding around with some Mobergic products.

"Saragota" shows Jean Harlow in her last bit of flaming glory. What could be more appealing than Clark Gable as her boy friend?

Several pans turned pink when Miss Holbert asked the English IV class what they thought about. Is there a possibility that the dignified seniors ponder on such frivolous subjects as the objects of their affections?

A "thank you" and a "you're welcome" in a newer and bigger form take their place in popularity. She: "Gee, thanks, Pal."

He: "Ah, that's all right, chum." Did you know the "Merry Go Round Broke Down"?

SPARKS FROM THE CAMPFIRE

Don't hope for the best—hope for it.

You can borrow trouble any time without putting up collateral. Great minds discuss ideas, average minds discuss events, small minds discuss people.

Don't envy successful men—copy them.

Inspect the neighborhood of thy life, every self, every nook of thine abode.

Don't live in the past. An ounce of tomorrow is worth a pound of yesterday.

Good grades are not made by burning mid-night oil, but by being wide awake in class and making use of study periods.

Expect to achieve success unless you work for it. For, "success is not made by lying awake at night, but by keeping awake in daytime."

Keep your mind open at all times and you cannot help making men and women of whom Lincoln could be justly proud.

The ABC's of the Seniors

A is for Aubrey, the German so fair,
B is for Barr, a girl we can't spare,
C is for Couch, the girl we adore,
D is for Dorothy, who is always getting "sore,"
E is for Evelyn, who likes a bright moon,

F is for Faust, who is always trying to croon,
G is for Groves, the head of it all,
H is for Hunt, the "red head" we call,
I is for Inez, the girl with a smile,
J is for Jamison, who just sings a while,

K is for Kirby, who has a big heart,
L is for Lavell, who does her part,
M is for Mary Belle, a bright child is she,
N is for Nations, as happy as can be,
O is for Ott, and Puckett takes the lead,

P is for Pillars, who hears but doesn't always heed,
Q is for Quill, Page bears them all,
R is for Rex, who isn't very small,
S is for Seniors, which is a fine class,
T is for Thelma, a fine little lass,
U is for Us, we'll put on a show,

V is for Verma, we'll all get to know,
W is for Wheeler, a very fine school,
X on our papers is usually the rule,
Y is for you—some day a senior will be,
Z means that's all, and that's as far as we can see.

8 NEW STUDENTS ENROLL IN HIGH SCHOOL MONDAY

Eight new students were enrolled in high school Monday. Harley Mitchell, Glynn Weeks, Arlie Cole, Jack Williams and Malcolm Crowder attended school at Wheeler last year. Myrtle Lou Jenkins and Oleta Carter, Hubert Johnson came from Maggie City.

Arlie Cole is a junior, Glynn Weeks is a sophomore and the others are freshmen.

REPORTERS ATTEMPT VARIOUS STAFF DUTIES

The Corral will not organize for a few weeks until journalism students have been tried out for various duties.

For this week Lorraine Wallace and Ruth Faust were editors.

Others who reported and wrote heads were: R. J. Puckett, Marion Smith, Meta Bruton, Ruth Barr, Vergie Ashley, Elva Bell Couch, Clowes Jones, Lois Ficke, Burtow Riley, Margie Bowers, Mary Belle Johnston, and Aubrey Warren.

THIRD GRADE EXPERIMENTS IN STAYING ON SUBJECT

An experiment to teach students to stay on the subject of conversation was conducted this week by third grade students, under the direction of their teacher, Mrs. John Hood.

Three children brought a duck, a leuret and a hen to school. The owner of each pet stood before the room and answered questions about the animals which spectators asked.

No one was allowed to introduce another topic until the one under discussion had been exhausted.

Louise Genthe, who is attending high school in Oklahoma this year, visited school here Friday.

Lavell Jaco, Irene Hunt, Wava Wallace and Mrs. Bill Perrin attended the show in Shamrock last Sunday.

Caught in The Lasso's Noose

Elva Bell Couch was seen going to the show with a strange boy . . . watch your step, Elva Bell.

We wonder if Buford Emler is loose this year, poor boy.

It seems that several high school girls have a passion for coco-colas and all-day suckers. Let's hope they are not turning holyish on us at this advanced stage in life!

Miss Holbert said the only way she could hit a high "C" on her trumpet was to get real angry. A good hint for Mr. Lummus.

It looks as if Virginia is getting acquainted with a new pupil in our school—Claudie Pillars.

We wonder who it was that Albert was talking to in the hall Friday. It couldn't possibly have been Lorraine Simms.

"Sailboats in the Moonlight" seems to be a very popular song, at least with the Wheeler girls.

Coach Stina Cain must have big feet . . . anyway he is filling Bob Clark's shoes expertly.

Has Bobby Groves lost his voice? Mr. Wynne had to sing his song for him Friday.

Hansel Parker, in public speaking was required to use the word "dolt" in a sentence. Not knowing exactly what the expression meant, he thought he would play safe and said, "The teacher is a dolt." Mrs. Gilmore, teacher, good naturedly joked about being called a blockhead.

Seen at the show Sunday . . . Rosemary Porter—R. J. Puckett; Max Britt—Marcell Famer; Earl Gilmore—Louise Britt.

Question—How can we get rhythm on the school bus?

Answer—Let the band director drive it.

SCHOOL PAPERS ARE NAMED ON CORRAL EXCHANGE LIST

Editor C. G. Miller donates 12 Wheeler Times each year to the Corral to be used in exchange with other papers of high school and colleges over the state.

Among those papers now on this list are: The Prairie, W. T. S. C. Canyon, the Westerner World, Lubbock, high school, the Toronado, Texas Technological college, Lubbock; the Austin Maroon, Austin high school; the Sandstrom, Amarillo high school, and the Bronk, Hardin-Simmons university, Abilene.

County Surveyor Is Versatile Linguist

Merriman Speaks Eight Languages — Has Brilliant Memory and Keeps Up With News

J. D. Merriman, Wheeler county surveyor, finds that playing classical music mixed in with a few hoedowns on the violin, can make a right entertaining evening.

An interview made by a Corral reporter last spring showed that Merriman keeps up with affairs of congress and the chief justice exceptionally well. In response to the question, "What do you think about the way in which Dr. Townsend walked out of the meeting in which he was being questioned?" he answered that any self-respecting man would have done the same thing, after their meals.

Your reporter was spellbound by the number of languages spoken by Merriman. He can actually read, write and talk eight languages, including Greek, Latin, Hebrew, Spanish, French, Italian and just but not least, English.

Fresh memory he recited the first chapter of "The Lady of the Lake" in German. Among some of his treasured possessions are Greek and Latin New Testaments, and a Martin Luther interpretation of the Bible.

Last year when a skating rink was opened in Wheeler, Merriman went every night for the first week and amused the young folks by turning handspans with on skates, and cutting other such "capers."

Merriman was born Nov. 17, 1867, and has been in Wheeler county since 1908. In 1912 he became county surveyor and state geologist in 1920. When he first came to Wheeler county he was superintendent of Mobeetie public schools.

"I think it would be the best thing in the world for the proposed changes in the supreme court to be made," stated Merriman when the course of conversation wandered to the proposed constitutional amendment made by the president.

COLTS

An increase of 10 is shown in the enrollment of the beginners this year. Mrs. Gordon Phillips has charge of this class and she states that they are making quite an improvement. They are learning to count. Some time this week they will start studying to read and write their names.

Miss Pauline Irons, instructor of the high first, has a class of 35 students who are working on a word study now. They hope to start a study of pets next week. Then they will construct some posters.

The second grade is under the supervision of Mrs. C. C. Crowder. She has 26 pupils who have been issued their books and they will start some unit of study in the near future.

Mrs. John Hood has the third grade with 28 students in her room. They are studying Indian and farm life and are making posters to aid them in this study.

The two sections of the fourth grade are under the supervision of Mrs. Lloyd Davidson and Mrs. C. J. Meek. Each has 26 pupils. They plan to start a study of how to prepare for school.

The fifth, sixth and seventh are following a regular routine of study. They will organize a system for their activity period soon.

RAMELINGS ON THE RANGE

Viola and Dorothy Lamb spent Sunday afternoon in Corn Valley.

Alycia Hampton, Norma Lou Maxwell, Mary Edith Vinton, Greta Maxwell, Bob and Dewey Hutchison were visitors in Magee City Sunday. Mary Helen Jones visited at the home of M. V. Callan several days.

Pauline Schaub was shopping in Shamrock last Saturday afternoon. Joyce Faust visited in Mobeetie last week.

Madge McClain spent two weeks with her grandmother, Mrs. R. L. McClain.

Miss Winona Adams spent last Tuesday evening in Pampa.

Mr. and Mrs. J. L. Gilmore motored to Pampa last Wednesday afternoon to meet their daughter, Helen.

Willie Dee Lawrence was in Shamrock last Monday evening.

Chas. Sewell was shopping in Shamrock last Saturday evening.

Louis Fiecke visited in Canadian last Monday.

Object and Purposes of Resettlement Plan

In an effort to improve the quality of livestock through the acquisition of high-grade breeding animals, and offer other community services to the income farmers who are being aided by resettlement loans, the resettlement administration is pushing its community co-operative program rapidly, according to A. A. Glenn, community co-operative specialist who is in charge of this highly important phase of the resettlement program to improve the status of the low-income farmer and help him shape his farming into a self-sufficient economic unit.

A total of 47 loans has been made for \$80,111, with 2,483 farmers participating in the co-operative benefits. Thirty-five of these loans have been made in the past four months under the direction of Glenn.

Farmers in Region 12, composed of New Mexico, and parts of Texas, Oklahoma, Kansas and Colorado, are beginning to realize the real benefits that may be derived from a community co-operative loan, and are beginning to take advantage of this service rendered by the resettlement administration.

Twenty-four loans have been made for the purchase of high-grade breeding animals to assist the low-income farmers and other clients to produce a higher grade of work stock. The 24 loans amounted to \$16,068, an average of \$669 per loan, serving a total of 608 individual farmers.

The breeding loans classified by states, are: Oklahoma — Beaver County Breeding Ass'n; Colorado — Bent County Breeding Circle; Farmers County Breeding Service; and Pinon Breeding Service; New Mexico — Delta Breeding Ass'n; Fort Sumner Stallion Circle; Garfield Breeding Service; Las Cruces Breeding Service; McDonald Mule Raisers Ass'n; Pomistaja Breeding Service; Pitchfork Mule Raisers Ass'n; Richland Breeding Service; and Sierra Circle Breeding Service; Texas — Alameda Mule Breeders Ass'n; Dennis Breeding Ass'n; Farwell Jack Ass'n; Gagey Mule Raisers Ass'n; Hodges Bull Circle; Hub Breeders Ass'n; Lamesa Jack Service; Patricia Breeding Circle; Pleasant View Mule Raisers Ass'n; State Line Breeding Service and Whiteface Breeding Service.

Seventeen loans were made for other co-operative services for a to-

tal of \$17,260, an average of \$1,015 per loan, serving a total of 168 farmers.

These loans, classified by states, includes, Texas: Roseville Tractor and Binder Group; Kansas: Breitkrantz Combine Service; Chas. Combine Service and Corbison Combine Service; N. Mex.: Belleview Combine Ass'n; Brown Grain and Binder Group; Blodose Enbridge Hircroster; Gals. Combine Service; Joseph Haybaling Service; Kansa Combine Service; La Plata Binder Service; Newton Binder Service; Prairie View Enslage Ass'n; Redrock Machinery Group; Stanton Binder Service; Tame Haybaling Service and Claunch Well Group.

The remaining six loans are to incorporate co-operative associations and are itemized as follows: Fort Sumner Co-operative Cannery, \$9,777; Hope Community Ditch (for irrigation purposes), \$28,800; Monticello Community Co-operative \$788; Pullman Marketing Growers Ass'n, \$260; Sandoval Co-operative Cannery, \$4,318; and Santa Cruz Dehydrator, \$1,600. These loans amount to a total of \$43,783, and 1,707 farmers are participating in the benefits of the program.

Glenn urged farmers to take advantage of this service offered by the resettlement administration. Information can be had from any county supervisor or the resettlement administration or by writing direct to Glenn at regional headquarters in Amarillo, Texas. He said: "We can make loans to individuals to establish needed services for the community. We can also loan money to individuals to purchase a share in an already organized co-operative such as an elevator, tractor fuel station, or gin."

Glenn further emphasized that all loans are self-liquidating, inasmuch as the principal interest will be repaid over a short term of years through the application of fees received for various services. In addition each participating farmer is assured an additional source of net income through reducing expenses for harvesting, and increasing the quality and value of his stock. Glenn said that a large number of applications are now pending in the regional office, and these will be cleared as rapidly as money is allocated in the next fiscal year. It is the hope of workers in the community co-operative division that at least one co-operative may be established in every county in Region 12 during the next fiscal year.

Mountain View News

(By Times Correspondent)

(Entered for last week)

Mr. and Mrs. A. B. Lancaster and daughter Aileen visited Mr. and Mrs. W. W. Williams on Sunday. Mrs. L. W. Williams and son Don visited Saturday with Mrs. A. B. Lancaster.

Miss Velma Herd of Pampa is visiting this week with her parents, Mr. and Mrs. E. V. Herd.

Ray Halkins, who has been visiting his parents Mr. and Mrs. A. W. Halkins, returned Tuesday to his work near Hereford.

Mr. and Mrs. C. A. Dysart had as their Sunday dinner guests Mr. and Mrs. W. T. Beck and Mr. and Mrs. A. C. Babb.

Royal Halkins, who is working near Hereford, visited over the week end with relatives and friends in this community.

Misses Bernice Dysart and Evelyn Rush are visiting this week with Mr. and Mrs. Frank L. Rush.

Future Homemakers of Texas

The 57 members of the three home-making groups started classes Monday of this week with their new teacher, Mrs. Nina H. Young.

The home economics I class has 22 members enrolled. They will study clothing and child care.

Twenty-two students will take home economics II, which is a study of foods and food preservation.

Girls in home economics III will study foods and family and community relationship. This class has 13 members.

When asked how she liked the course, Mrs. Young replied, "I think it deserves an A plus."

All three classes cleaned the cottage last week and began regular work Monday. Several new projects have been added to the building.

A date for the first meeting of the home economics club has not yet been set.

Drinking Fountains Draw Crowds on These Hot Days

Now that warm September days are here, it's more fun than a barrel of monkeys to watch drinking fountains in the grade building.

As the smaller children line up for their turn, you hear all kinds of voices and different tones. "Don't push," "It's my time," "Don't crowd in," they grumble.

Children drink differently. Here comes Charley, a very dignified little boy who sips politely, but does not get much water.

Mary does not care how she gets a drink just so she gets one. She makes a plunge for the clear stream of water in front of her and bathes her whole face in it.

Two little girls come up and the smaller one takes a drink and holds it for the other one, who gets knocked forward in the rush and has her dress sopping wet.

A little boy stands against the wall so lazy he can hardly move, but when everyone is through he quenches his thirst.

Betty is graceful in doing everything. She takes a sip and drinks deeply, then ambles off.

George watches her go off and collides with everyone and finally ends up by hitting the fountain. He looks as if he could tear it up, but takes a drink instead.

Nothing is more popular than the water fountains in hot weather.

Margie Bowers spent the week end at Kellon with her parents.

Max and Miss Roberta Addison visited their sister, Miss Bernice Addison last Thursday night.

SPORTS NEWS

Whip Wellington—Mustangs!

Samnorwood Game Cancelled; Wellington Next Opponent

Mustangs to Meet Skyrockets Sept. 17

First Conference Game at Wellington
Next Friday Night—to Be
Highlight of Season

One of the highlights of the coming season is promised on the football schedule next Friday night, Sept. 17, when the former district champions, the Wheeler Mustangs,

Samnorwood Game for Friday Cancelled

According to Coach Stina Cain, the football game with Samnorwood which was scheduled for Friday, has been called off.

It was to have been the first game of the season but because of the closing of the Collingsworth county schools, including Samnorwood, the game was cancelled.

No other game has been scheduled for that date.

meet the highly touted Wellington Skyrockets on the Rocket's gridiron.

Due to the lack of experience the Mustangs will enter the game the underdog. Although they are expected to go into the game the goats, they probably will give a better account of themselves than most of the sport fans are predicting.

The Skyrockets are much stronger on reserve strength than the Mustangs. The local eleven lost seven lettermen last year while the Skyrockets lost only three.

If the Skyrockets win the encounter they will know that they have been in a game of some kind. The Skyrockets are rated to win the conference by most of the sports writers in this conference.

As usual the schedule is quite rough and as for predicting the winner, it would be almost impossible to pick the 3-B district winner.

Mustangs Are Busy Building Brawn for Season of Football

Local Eleven Being Rebuilt After Losing 8 Lettermen from Last Year's Team

Mustangs on the 1937 football roster are busy preparing brawn for the coming season. As a result of losing eight of last year's lettermen, the local eleven has been torn up and rebuilt from the foundation.

Herbert Green, last year's guard who made the second string in the all-district selection, is now successfully holding down the difficult job of quarterback. Green has another year.

Alton Weeks, who is wearing the colors of the school for his last year, has been moved from center to full-back. Weeks was the selection for all-district center last year.

Amos Page, end, held down a tackle position last year. He was on the second string all-conference team last season. Page is also playing his last year.

Edford Emler, another letterman who is back, has two more years of eligibility. Emler won't honor mention on the all-district team last year. He has been moved from an end position to half back.

Jack Pitcock has another year as a first string end. He was a reserve half back last year.

H. V. Compton, 170 pound, freshman tackle, has three more years to play.

Claude Pillars, who is playing his first year for the Mustangs, is a tackle. This is his senior year.

Douglas Groves, who takes half-back position, held a reserve back-field berth last year. He has two more years to play.

James Passons, at one time a reserve guard on the Mustang eleven, is now in that berth on the starting line-up.

Troy Shipman, senior, is playing his last year as a guard. He was a reserve tackle last year.

R. B. Stephens is a sophomore. He is holding down a center position.

With this masterful eleven the

Mustangs Have Five Lettermen on Team

Shipman, Emler, Weeks, Green, Page Back from Last Year's Squad

The five lettermen from the conference winning team of last year are Page, Green, Emler, Weeks and Shipman.

Claude Pillars and Duard Parker are the two boys from Twitty out for the team.

The new boys from Magic City are Compton and Cordell, who are freshmen. Groves and Stephens were here last year.

Others on the team are from Wheeler. They are Pitcock, Hall, Puckett, Wright, A. Jones, H. Jones, Passons, Hale, A. Weeks, G. Weeks, Markham, Ford, Barnes and Red. There probably will be more as the season progresses.

The first game of the year will be the conference opener with the Wellington Skyrockets at Wellington, Friday night, Sept. 17.

SPORT SLANTS

By a Mustang

The Wheeler-Samnorwood game was called off due to an infantile paralysis case reported near Samnorwood. The Wellington-Paduach game, to have been played this Friday night at Wellington, was also cancelled for the same reason. Thus Wheeler and Wellington tangle for their first game of the season at Wellington next Friday night.

There are rumors that certain football boys were shot at in a watermelon patch. My suggestion is to do your running on the football field.

The Wheeler grid machine gets under way next Friday night when they play the Wellington Skyrockets. This game which will be played at Wellington, promises to be one of the high lights of the season.

If Wheeler lads would engage in athletics as much as the Magic City boys do, we would have more boys out for football.

Coach Cain has announced that football would start for the Colts very soon. There should be a lot of the smaller boys out for this team. There will be matched games for them just as for the Mustangs.

Wheeler should have a good basketball team this year. Only five lettermen were lost last year. They were: Ford, Jolly, Young, Dorryberry and Norman. The returning lettermen are Page, Markham, Groves, Stephens, Emler, Green and Puckett.

school hopes to see Coach Stina Cain accomplish another district championship. Cain, a graduate of West Texas State college, was assistant coach last year. He attended school at Wheeler.

SCHOOL BOARD EMPLOYEES TWO NEW BUS DRIVERS

Two new bus drivers have been employed by the Wheeler school board this year.

J. W. Lummins, who took Bernie Morgan's place is driving bus No. 4 to Porter. R. J. Buckle, working in Phil Bentley's place, has the bus from Magic City.

Other drivers are: Luther Parks, the old Magic City bus on a local route about two miles out of town, Harold Robertson, bus No. 1 to East-creek Grove and Charley Bradshaw bus No. 2 to Sandy Basin.

LIBRARIAN IS SECURED FOR FIRST TIME IN HISTORY

(Continued from First Page)

pedias and reference books will be arranged as usual.

Funds for purchasing library equipment and reading material are solicited by charging a library fee of 25 cents each semester. This is in accordance with a ruling, passed by the local school board that students failing to pay this sum will not be issued grades. With 180 now enrolled, the amount available this year will approximate \$300.

Fines for overdue and lost books also swell this fund. Charges are 10 cents for books one day overdue and 3 cents for each day afterward. Cost of lost books is estimated by catalogue prices.

A double check system used last year likely will be repeated this year. Mrs. Gilmore says, for fewer books were lost during the 1936-37 term than ever before. In addition to putting students' names on the stamped card, a record was kept in a ledger.

Teachers are to meet soon and decide on magazines which they wish to use for the various classes. Last year these periodicals were subscribed for with library money: News Week, Time, Readers Digest, Dallas News and Fiction Parade. Other magazines contributed by patrons and teachers were the Amarrillo and the Pampa Daily News, the Cosmopolitan, the Literary Digest, and the Saturday Evening Post.

A check-up will be made soon on books unfit for use and a new series of fiction will be ordered. Last year 25 fiction books were added to the shelves.

An unabridged dictionary and a Book of Knowledge set were bought last year. A similar dictionary and perhaps a set of Britannica Encyclopedias will be purchased this year.

This is the first year that an English teacher, usually the head of the department, has not been in charge of the library as an extra-curricular activity.

From 1927-1930 Mrs. Allen L. Smith took over this duty. Miss Bernie Addison was librarian from 1930-1935. For the past two years Mrs. J. L. Gilmore has been in complete charge.

Several of the other teachers assisted each year, but those mentioned above had entire responsibility for seeing that books were equipped for checking out, kept track of, repaired and re-ordered.

FOOTBALL SCHEDULE—1937

| | | |
|---------|--------------------|------------|
| Wheeler | Sept. 17, there | Wellington |
| Wheeler | Sept. 24, Open | |
