THE COUNTY SEAT NEWSPAPER

Bearrow Arraigned; Pleads Not Guilty

Trial Date for Young Shamrock Man, Charged with Murder, Set for Dec. 13

When district court opened Monday morning, Eugene (Stubby) Bearrow of Shamrock was arraigned before Judge W. R. Ewing and entered a plea of not guilty to the charge of murder returned against him in a grand jury indictment last Wednesday. The charge resulted from investigations made by the grand jury into the death of Wilburn Nixon, young Dozier community farmer, whose battered body was found on the highway east of Shamrock early Sunday morning, Nov. 21.

The court set Monday, Dec. 13, as the trial date of Bearrow, who is confined in the county jail here. Judge Ewing instructed Holt Green, court clerk, to draw a special venire of 140 names from the current petit jury list. From this venire it is expected a trial jury can be secured.

Officers have released only meagre details of the carousings of that fatal Saturday night which resulted in Nixon's death and the implication of at least three men, a woman and a 12-year-old son besides Bearrow. The men, Cliff Nuttall, Davis and Lee Bowen, were material witnesses. They were liberated on bond last week.

The woman, Mrs. Louise Goley, and her son, Doyle McLaughlin, returned to Dallas where they have been living for some time, before being apprehended here. Sheriff Raymond Waters and Deputy W. W. Davis returned Saturday from Dallas with them. In a default of a \$750.00 witness bond, the woman is being held in jail at Pampa. The boy was released in custody of his grandfather, who lives near Plymouth. Mother and son had been visiting in northern Collingsworth county previous to the tragedy.

No further indictments implicating anyone as principal in the murder except Bearrow have been reported.

Other activities of the sheriff's office include the return here Wednesday evening of Deputy Davis from Wichita Falls with Fin Ingram, charged with burglary and robbery of the Bob Douglas hardware store in Shamrock some weeks ago. A complaint charging Ernest Walker with complicity in the crime has been filed.

Ingram is in jail pending bond arrangements; Walker had not yet been arrested this afternoon.

TEACHERS AND TRUSTEES BANQUET NEXT THURSDAY

All teachers and trustees of Wheeler county are invited to be present for the third annual banquet of the group next Thursday night, Dec. 9, in Wheeler. So states an announcement issued by B. T. Rucker, county superintendent. Teachers are to bring their trustees as guests, continues the announcement, which declares the collation will be a real turkey dinner with the usual accessories, served at Nora's cafe. Plates will be 50 cents.

Principals or superintendents are requested to make reservations for those who expect to attend from each district by next Monday evening.

An elaborate program is being arranged. Principal speakers will be Supt. C. A. Cryer of McLean, president of the Panhandle-Plains Superintendents association, and J. B. Speer of Canyon, deputy district superintendent. Good entertainment numbers are also promised.

This idea of a joint banquet for teachers and trustees had its inception during the school term of 1935-36 and has become probably the most profitable and outstanding meeting of school people in Wheeler county.

The growth of Wheeler county schools in the past few years is a result of the close co-operation and understanding created by such meetings and organizations.

Present officers of the Wheeler County Teachers association are: A. S. Wharton, president, Magic City; C. C. Brown, vice president, Kelton, and Mrs. Jeanette Ellerd, secretary and Mrs. Jeanette Ellerd, secretary, Plainview.

NORTH COUNTY MAN VISITS MOTHER AT WICHITA FALLS

Mr. and Mrs. C. A. McCandless, living four miles north of Briscoe, left their home at 12:20 Sunday night on a hurried trip to Wichita Falls to see his mother who was quite ill. They arrived in time for breakfast.

Mrs. McCandless reports they returned home in time to eat dinner by her preparing it. They had a very good time on the trip.

TIMES WINDOW SHOWS SOME ODDITIES

This week's entries for display in the Times windows are few in number but sufficiently odd to warrant prominent mention.

One was a freak turnip, brought in Friday by Junior Ahler, a young friend of the paper who is always on the lookout for something unusual for the exhibit window. This specimen, quite small, bore a strong resemblance to the lower half of the human figure. Being somewhat perishable, it had to be discarded after a short time.

On Saturday, Edison Sorensen brought in a cluster of small oysters (complete with shells) which he found on the Carancahua river, above Matagorda bay on the east gulf coast of Texas. The bivalves, apparently petrified, or at least wholly void of life and thoroughly dried out, are held together in a curious shaped group or cluster by a marine growth similar to coral formation.

World-Wide Traveler, Author and Lecturer to Speak in Wheeler

Dr. Cooper, Bible Research Society President, in Three Lectures Thursday, Dec. 9

People of Wheeler will have a rare opportunity to hear an eminent theologian, world traveler, author and lecturer when Dr. David L. Cooper, Th. M., Ph. D., of Los Angeles appears here in a series of three lectures. Cooper is also president of the Bible Research society.

His first lecture will be at 10:20 Thursday morning in the high school auditorium-gymnasium for the convenience of students and all others who care to attend. In the afternoon Cooper will be the guest speaker at a special meeting of missionary ladies organizations of the several churches in the Baptist church at 2:30. At 7:15 Thursday evening he will give the third lecture in the Church of Christ.

Several Wheeler citizens are acquainted with Cooper and his work and are greatly pleased at the prospect of people in this community having the chance to benefit from the learning and research of so able a man. He has recently returned from a trip to Europe, Egypt and Palestine, where he did research in the libraries of London, Paris, Rome, Berlin, Cairo and Jerusalem. Comprehensive summaries of these studies will be brought to his hearers in the series of lectures here next week.

No admission fee will be charged at the lectures, and the public is invited to attend any or all of them.

Crop Payment Applications Coming Soon

The county agent's office announces that applications for crop payments under the 1937 program will reach this county Monday, and sign-up will start Tuesday, Dec. 7. Beginning at 8 o'clock that morning, with headquarters in the chamber of commerce office, the following districts will be served: Bailey, Hawk, Locke, Satterfield, Mitchell and Clark.

On Wednesday applications will be at Twitty for the Rives and Shaffer districts.

Thursday, Dec. 9, headquarters will be maintained at Briscoe for Davis, Zybach and Laman districts.

Friday will be the date for sign-up at Wheeler for Ramsey-Whitener, Scribner and Purnell districts. Those unable to sign-up at the places and on the dates named may do so at the agent's office any day thereafter, states Tarter, who points out that early action is highly important if farmers and land-owners wish to hasten payments. The longer the time taken in sign-up the longer delay until payments are received.

CANADIAN CAGE TEAMS AT ALLISON SATURDAY NIGHT

According to Johnny Peeples, superintendent of the Allison schools, a basketball contest will be highlighted at his school Saturday night, Dec. 4. On that date the girls' and boys' teams from Canadian will invade the stronghold of real basketball (especially the girls') and strive for hoop victories.

Highway Association Meets Dec. 14, Pampa

Oilfield No. 41 Group in Annual Session Next Tuesday, Say Dispatches

In the absence of further details than are found in the story, or a program outline, The Times reproduces the following article which appeared in Wednesday's Amarillo News under a Pampa dateline of Nov. 30:

December 14 has been set as the date for the annual meeting of Oilfield Highway 41 association with Pampa the meeting place, according to announcement made by Judge Noel McDade of Dumas, president of the association.

Invitations have already been sent to highway organizations, chambers of commerce and newspapers in Texas, Oklahoma and Colorado through which the highway passes by the Pampa Board of City Development.

The highway, under several different designations, connect Oklahoma City with Denver via Sayre, Okla., Pampa, Borger, Dalhart, Texas, Boise City, Okla., and Kit Carson, Colo. Hope of the association is to have the full distance placed on federal aid, several sections already being on the program.

First plans for such a highway were introduced in 1917 by the late F. P. Reid of Pampa who with associates secured a connection with Highway 33. Small portions of the distance were added from year to year until 1927 when Oilfield Highway 41 association was organized with Reid as its president.

It is hoped that further information will be available for publication in next week's paper, which will still precede the meeting date. This is a matter of vital interest to Wheeler and northern Wheeler county. The gathering is one which every public-spirited citizen of this region should make special efforts to attend.

School Visitations Begin Next Monday

The following schedule of visitations to rural aid schools of Wheeler county by J. B. Speer, district deputy state superintendent, has been announced. As will be seen by the figures below, the tour will begin next Monday Dec. 6, the date tentatively announced by authority of County Superintendent B. T. Rucker in these columns two weeks ago.

The itinerary of dates, hours and places is:

Monday, Dec. 6: 10 a. m. to 12 noon—Wheeler independent; 1:30 to 2:30 p. m.—Kelton independent; 3 to 4 p. m.—Davis.

Tuesday: 9 to 9:30 a. m.—Corn Valley; 10 to 12 noon—Mobeetie independent; 1:30 to 2 p. m.—Mountain View; 2:30 to 3 p. m.—Union.

Wednesday: 9 to 9:30 a. m.—Twitty; 9:45 to 10:15 a. m.—Center; 11:15 a. m. to 1 p. m.—Bethel; 1:30 to 2:30 p. m.—Lela; 3 to 3:20 p. m.—Heald.

Thursday: 9 to 11 a. m.—Briscoe.

J. P. Green & Sons to Stage Bargain Event

Open Removal Sale to Reduce Stock Before Transferring to New Business Location

Starting this week and continuing well into the holidays, J. P. Green & Sons, local hardware merchants, offer sharp price reduction in a removal sale preceding transfer of the stock to its new location. Around the first of the year, the firm will occupy its own building on the south side of the square, now housing the Malay restaurant and market in one side and the Nations barber shop in the other.

The Green hardware store moved to its present location exactly 10 years ago on the first day of this month. Green bought the A. H. Hunt stock late in November of 1927 and moved it shortly thereafter to the Moore building on the west side of the square, where it has since remained. Some five or six years ago, he bought the building immediately west of Puckett's grocery from Mr. Pettit and has had it leased to different tenants since that time.

In 1923, Green sold a hardware business and building to Ernest Lee. During the intervening four years between that sale and the purchase of the present concern, he was engaged principally in ranch activities.

Plans Complete for Kelton Tournament

Many Teams Enter Initial Cage Tourney of Region on Dec. 10 and 11

Word received this week from sponsors of the Kelton basketball tournament, dated for Friday and Saturday, Dec. 10 and 11, indicate that plans are complete for what promises to be a very successful cage tourney. It is the first event of its kind for the current season in this region.

On Friday night Kelton meets Samnorwood senior boys and senior girls in the official opening of the basketball season for the Kelton teams. Both Samnorwood groups are expected to prove quite strong, since they have many regulars held over from last year.

Prospects for successful Kelton teams are very good, according to information released by coaches. Some 20 boys are doing their best to win berths on the top quintet, while the number of girl candidates has been reduced to 14.

Both Kelton teams will appear in new playing suits Friday night.

County Club Council Elects New Officers

New officers for the Wheeler County Home Demonstration council were elected Saturday at a regular meeting of the organization held in the club rooms at the court house.

Mrs. Milt Williams of Center was named chairman to succeed Mrs. Jim Trout, who has been chairman for the past two years. Mrs. Williams is president of the Community Neighbors club at Center and has for a number of years been prominent in club work throughout the county.

Mrs. Clarence Zybach of Briscoe was elected vice chairman of the council. She has been secretary of the group for the past year and is an active member of the Briscoe club.

Mrs. Howard Leake of Shamrock was chosen secretary-treasurer of the council. She is a prominent worker in the Three Leaf club at Shamrock.

The various committee heads will be named at the next meeting which convenes in January.

Miss Dalton Burleson, home demonstration agent, was presented with a lovely gift from the council as an expression of esteem and appreciation for her leadership in club work in the county.

FARM DEMONSTRATION COUNCIL MEETS; REPORTS AND PLANS ARE SUMMARIZED

Through the courtesy of County Agent Jake Tarter the following news of interest to farmers is given.

The Wheeler County Farm council convened Nov. 20 at 2:00 and adjourned at 5:30 p. m. with considerable unfinished business yet to be done. The regular chairman being delayed and not arriving until late, the council was presided over by J. Z. Baird, named temporary chairman. Nineteen members were present when the business session started.

Accomplishments of the past year's work were reviewed and a program planned for 1938, with 912 demonstrations suggested by the council. These are to feature crops and livestock demonstrations that should be carried out. Due consideration was given needs of the county in making recommendations.

The regular roster will be submitted to the state office and also published locally after Dec. 6, when elections of local and county committees are completed and membership of the new council ascertained. The council will be composed of regularly-elected local and county committees, together with chairmen of other committees appointed to assist in carrying out the extension service program.

Committeemen Appointed
Committeemen appointed to date include: Dusan Pakan, chairman, beef cattle. A. O. Krug, J. E. Willard, swine. J. Z. Baird, rodent and pest control.

C. A. Dysart, sheep. Paul Stauffer, George Henderson, organization.

J. A. Bryant, poultry.

Grain Sorghums Reports
Reports on 12 demonstration plots of rust-proof grain sorghums have been received at the office and results were sufficient to induce the council to ask that 30 such plots be established in 1938. These are to prove yields of rust-proof sorghums developed at the Lubbock experiment station by planting these varieties adjoining those which are not rust-proof. Kafirs showed a yield of 50 per cent more than varieties not rust-proof, while milo equalled the non-resisting kinds.

MOBEETIE WINS CAGE TILTS IN 2 GROUPS VS. WHEELER

Traveling to Mobeetie Wednesday night, the Wheeler Mustangs were subdued by the Hornets in a flashy cage tilt with a score of 14-11 in favor of the Mobeetians. The Wheeler girls' team also received a drubbing in their contest with the Mobeetie lassies to the tune of 36 to 13.

Wheeler Auto Supply & Electric Co. Moves

Store Operated by Nash Brothers Makes Change of Location This Week

The Wheeler Auto Supply & Electric Co., of which the Nash brothers are proprietors, is moving today to its new location in the Porter building first door south of the City Drug store, on the west side of the square. Preliminary announcement of the proposed change was made in last week's Times.

Considerable work was required on the building, taking more time than was at first estimated. But it now presents a very attractive appearance, well worth waiting for—although the Nash boys were anxious to get into the new quarters and arrange their stock in time to share in the holiday trade.

This they will now be in position to do. Harold Nash, senior member of the firm, declared this afternoon that the store would be ready for patronage in the morning, Friday.

The Wheeler Auto Supply & Electric company was established here in May of 1936, approximately 20 months ago. During that time it has expanded greatly, adding new lines of merchandise until it now has a well balanced stock of automobile supplies, electrical goods, radios and household appliances in a good variety of popular brands.

It has been situated in one room of the H. M. Wiley building, erected about two years ago, on the northwest corner of the block containing the post office.

Pie Supper at Davis School

This paper has been requested to announce that a pie supper will be held at the Davis school house on Wednesday night, Dec. 8. Proceeds are to be used for Christmas exercises for the school children. Everyone is invited.

Farm Committeemen Selected this Week

Election for Final Districts of County in Wheeler on Saturday Morning

Under direction of the county agent's office, district elections throughout Wheeler county for the purpose of choosing local committeemen to assist with the agricultural conservation program have been held this week. Two are being held today, Thursday. One was dated for 10 o'clock this morning at Allison for the Davis district, and one this afternoon at Briscoe for the Zybach district.

The tenth and final one will be held at 10 a. m. Saturday morning in Wheeler. It is for the Ramsey-Whitener districts.

Elections are being held early this time and the reason for such action, according to Jake Tarter, county agent, is because the 1938 program will be announced and put into effect early in January. Regardless of the very busy season, Tarter has urged that all farmers should take time out, attend these elections, and help choose committeemen.

With the first educational meetings under the new program dated for Dec. 6 and 7 at Amarillo, it was necessary that all local committeemen be named long enough before that time to designate county committeemen, who will accompany the county agent and his assistants to Amarillo. Only those selected as county committeemen are expected to attend the Amarillo meet. Dec. 4 is, therefore, the last date for district elections within the county.

Chairmen of the local committees, 12 in number, compose the county committee. Alternates are provided to fill vacancies, should any occur.

Commenting on the program, Tarter declared that the most important part is the election meetings, where every farmer should be present and have a voice in proceedings, as the committeemen make all allotments. They also comprise the board of directors and control expenses of program operation.

"These two items alone," concluded Tarter, "are sufficient to induce all farmers to make special efforts to attend the meetings."

Farmers are directed to attend the meeting for the district in which they live, as they are not eligible to vote in any other district.

Limited Activity in Week's Court Labors

Entering Monday morning, upon its fourth week of the current term—civil, with jury—district court proceedings were of limited activity. An early trial, requiring jury service, was called. Because of its nature a long contest was foreseen by attorneys on both sides and the judge, who excused the remaining jurors until this morning.

Shortly afterward, and somewhat surprising to interested parties, an agreement was reached without trial and the panel released.

Without a jury available because of the release given in good faith in the first instance, no further procedure was had until this morning, when another panel was dismissed and court recessed.

Quite a number of motions and other matters not requiring jury duty were disposed of during the week.

Jurors for the sixth week, beginning Dec. 13, are:

O. I. Johnston, F. L. Rathjen, Floyd Carver, J. E. Willard, L. V. Savage, R. C. Gunzel, C. H. Starkey, J. B. Calcote, H. H. Walsler, Jess Moore, J. B. Davis, J. Z. Baird, P. A. Martin, Oren Horn, Wheeler; Earl Satterfield, J. B. Harvey, Mitt Bullard, Edwin T. Griffin, H. E. Forgey, O. C. Hager, W. L. Orrick, J. H. Hanes, Ernest Snell, Shamrock; Roy Waters, B. F. Meadows, Briscoe; Willard Godwin, A. I. Baird, A. B. Lancaster, L. W. Williams, J. L. Johnston, J. B. Robinson, J. O. Sims, Mobeetie; John Hodge, Texola; W. J. Chilton, C. A. Myatt, McLean; E. B. Robertson, M. Braxton, Twitty; W. O. Traylor, G. A. Wilkinson, Allison; S. L. Smith, Gageby.

The seventh and concluding week of court will be non-jury, according to original announcement.

Briscoe Couple Wed

Miss Margie Vaughn, daughter of Mr. and Mrs. M. H. Vaughn, and B. F. Meadows, jr., son of Mr. and Mrs. B. F. Meadows, sr., both of Briscoe, were quietly married Nov. 20 at Sayre, Okla.

The couple are making their home at Briscoe, where they attended high school and are very popular with the younger set.

WILL YOU WADE OR RIDE?

You have witnessed the inevitable
result of political and labor radicalism—
a definite slowing up of business.

Whether the present recession
develops into another depression,
depends upon labor leaders and con-
gress.

For some years it has been con-
sidered good politics to berate capital
and industry.

Nothing has been too drastic to
heap on industry, in the way of leg-
islation, regulation, taxation, govern-
ment competition, political dictator-
ship, labor dictatorship and countless
artificial restrictions and penalties
for this, that or the other thing.

Under such a bombardment, in-
dustry and investors are supposed to
smile, turn the other cheek to be
slapped, and dig up the taxes to fi-
nance government expenditures.

Well you see the inevitable result.
The wheels of the Coach of Progress
are mired in a man-made economic
quagmire. The horses that pull the
load have been flogged until they are
balking. The passengers (all of us)
who have tickets on the Coach of
Progress are becoming fearful it will
be stuck in the mud, and are wading
ashore. The owners of the coach
(millions of stockholders in Ameri-
can industries) are seeking a way
out of the quagmire. New investors
to furnish capital for the horsepower
necessary to pull the coach out of
the mud, are afraid to put up money
for fear their horses will be abused,
as have those now hitched to the
coach.

Political radicalism and labor rad-
icalism have been taking a free ride
on the Coach of Progress. They have
overloaded it. If the coach is pulled
out of the mire, some of the dead-
heads will have to be dumped off.

Congress is the driver who will
have to do the job. It can start by
throwing off the malignant capital
gains and surplus profits tax that
crowds a pay-load off the coach.

It can balance the national budget
by spreading the tax base instead of
miring the nation's horsepower by a
confiscatory tax load.

It can adopt a constructive rail-
road policy which would be a mighty
boost to labor and every industry
which sells rail supplies. This would
help pry the coach out of the quag-
mire.

It can drop its socialistic program
of government competition with the
electric industry, thus releasing from
\$500,000,000 to \$750,000,000 a year
for improvements, which this in-
dustry would make if not fearful of
subsidized government competition.

It can announce a determination to
institute a "square deal" policy for
both capital and labor—equality of
consideration for both.

It can announce a policy of en-
couragement rather than discourag-
ement of private enterprise.

It can announce that government
will stand as the impartial umpire in
the affairs of its citizens rather than
adopting the attitude of a master.

These are a few things congress
can do that would help pry the Coach
of Progress out of the mud and send
it down the paved road of normal
activity. Such a program would re-
sult in millions of jobs and tens of
millions in increased earnings and
dividends to workers and stockhold-
ers in industries.

AMARILLO LOOKS AT ITSELF

The Amarillo News-Globe recently
conducted a symposium entitled
"Whither Amarillo?" inviting its
readers to enumerate and discuss the
factors bearing upon the city's fu-
ture. Such discussions are worth
while to any city. They are a form
of civic stock-taking that is essential
to civic planning. Amarillo doubtless
has a much clearer view of its oppor-
tunities as a result of the symposi-
um.

Some of the facts brought out
should be of interest to Wichita
Falls, not because there is much simi-
larity between Wichita Falls and
Amarillo as to their respective prob-
lems, but because they invite com-
parisons which it may be profitable
to make.

Geography gave Amarillo its start.
Its location made it the meeting
place of several transcontinental rail-
roads. Its remoteness from other
cities made it something of a distrib-
uting point from the start even
though the circumjacent territory for
hundreds of miles contained few
towns and not a great many families.

Its position improved as ranching
slowly gave way to wheat raising,
but beef and wheat, important
though they undoubtedly are, do not
build cities. They did enable Amarillo
to develop in such a way that
when the oil and gas discoveries
were made in the Panhandle, the
city was in position to reap very sub-
stantial benefits from the ensuing
development. Already the capital of
a beef-wheat empire, it added oil and
natural gas to its resources, became
one of the first 10 or 12 cities of
Texas.

Wheat and beef depend upon rain-
fall for their production, and the
region around Amarillo has witnessed
some severe droughts. The effects of
these have been very unhappily em-
phasized in recent years by the dust
storms, nature's new way of rebuking
mankind for his agricultural
errors. The benefits of oil, as
Wichita Falls can testify, are un-
stable. The large area for which
Amarillo is a logical distributing
center has increased in population in
the past 15 years, but is still, in the
main, a beef-wheat area.

Some of the contributors to the
symposium laid stress on natural gas,
which is abundant in the Panhandle,

and which Amarillo is enabled to offer
to manufacturers at a lower rate
than any other city. To the manu-
facturer for whom fuel is a consider-
able item, Amarillo seems to offer a
special opportunity, but this is re-
stricted by the fact that the finished
product will still be a long, long way
from the large population centers.

The smelting and carbon black in-
dustries, dependent upon natural gas,
are already being developed to some
extent. There are other industrial
possibilities, conspicuous among
which is that of rubber, for Amarillo
to intensively study.

Amarillo's opportunity differs in
so many respects from that of
Wichita Falls that a comparison is
difficult. There is this similarity,
that each of the cities has handicaps
to overcome and that each must find
itself to develop the opportunities it
has.—Wichita Daily Times.

Pampa Announces Big Parade for Saturday

Pampa and Gray county children are going to make their parade Santa Day, next Saturday, Dec. 4, so fascinating that Santa Claus will want to come and see it.

The Jaycees who are trying to get Santa to attend the big Santa Day celebration are helping and encouraging school children in their parade plans. The Jaycees who annually sponsor Santa Day are a bit anxious about Santa Claus reaction to their invitation. They also want to do everything in their power to have him come.

At the head of the Santa Day parade committee is D. L. Parker, who is dealing directly with the school teachers for the Jaycees.

Yesterday, Parker announced that the schools have already decided which characters they will portray and which stories they will tell in the parade. The Jaycees will furnish part of the costumes, including false faces, masks, heads and hats.

Hundreds of school children will take part in the parade which will undoubtedly be the most colorful and interesting ever staged on Santa Day in Pampa.

The school heads, teachers and pupils are co-operating "wonderfully" in the parade, Parker said. The parade will be fairlyland in review.

VISIT TOYLAND

Santa Claus has come to Wheeler! And he has established his headquarters at the Ernest Lee Hardware store. It's the kind of a toyland that little boys and girls dream about... and grown-ups wouldn't want to miss! Mechanical toys that cut all sorts of capers and do surprising stunts; dolls as lovable as baby sister; wagons, tricycles and bicycles... just about everything that means "fun" for the youngsters!

FOR GIRLS

Cunning little sets of dishes to gladden the heart of any little girl; tiny stoves, cooking utensils and other items just like "mamma" has; jolly little tables and chairs and many other attractive toys.

FOR BOYS

Boys always want something that will bring plenty of action. This craving will be satisfied with a substantial ball-bearing, a 11-steel wagon, a new streamline tricycle or a bicycle for slightly older ones.

For Home Pleasure and Comfort

When purchasing its stock of gift goods this store did not neglect the home. Here, with an extensive line of household articles and furniture, it is possible to find many attractive items for the home. Just to mention a few:

Furniture in single pieces or sets; Axminster wool or sanitary linoleum rugs; dishes in new patterns, sets or any quantity; silverware; carving sets; aluminum and granite kitchen ware; radios, and scores of other things to make the home more pleasant and comfortable.

Girls Basketball News

The girls have been working faithfully in basketball for the last two weeks in order to stand up against the Samnorwood girls' team Friday night, Dec. 3, when they will play their first game. This contest will determine how the teams will rate in the Kelton tournament, which is scheduled for Dec. 10 and 11. Samnorwood girls will come to Kelton Friday night to play, and Kelton will play them at Samnorwood Saturday night.

Those going out for basketball are: Morene Clay, Lorene Clay, Imogene Beatty, Maxine Garner, Merl Kuykendall, Vendell Davis, Kathryn Whiteley, Daisy Cooper, Edith Harvey, Grace Garner, Frankie Beatty, Louise Britt and Leone Hefley.

We are glad to say that the girls have received their new uniforms for the season. They will wear them for the first time Friday night in the game to be played with Samnorwood.

Let's Get to Work

Now that vacation is over and we have nothing to interfere with our school work, let's get to work. Do we realize that this is the fifth week of our second six weeks and that next week we have our second six weeks examinations? If we have not kept up with our assignments or if we need to review, we had better get to work. If at the end of the semester or the year we do not pass some of our subjects, who will be to blame and why? We will, of course, because we didn't work.

You may think now that working is just an unnecessary task, but you are badly mistaken. In later years you will have to work twice as hard as you do now for the same achievement. So I say again, "Let's get to work."

Freshman Breezes

The freshman class enjoyed a party in the gymnasium Wednesday night, Nov. 24. Several games were played and everyone seemed to have a good time. Refreshments were served to the following pupils: Alvina Kenney, Frankie Beatty, Grace Garner, J. D. Henderson, Hue Wayne Lovelady, Louise Mooney, Evelyn Mason, Granville Simmons, Glen D. Hodges, Weldon Armstrong, Donald Carmon, Mr. Brown and their sponsor, Mrs. Brown.

All students seem to enjoy school since the vacation for cotton picking. Some students are still working, but all are expected to return within the next week.

Home Economics Club News
The Home Economics department of Kelton high school gave a tea for

the faculty, Friday afternoon, Nov. 26. The co-hostesses were Bernice Burrell and Ebris Dunaway, with Edith Harvey presiding at the table. The program consisted of two piano solos by Louise Britt, a Thanksgiving reading by Juanice Dale, and Evelyn Bullock presented a discussion, "Objectives of Future Home Makers."

Table decorations were baskets of fruit. Tea was served to the following: Mrs. John Lewis, Rex Lovelady, Miss Grace Stauffer, Miss Madge Lewis, Mrs. C. C. Brown, the Home Economics club, and the sponsor, Mrs. Rex Lovelady.

The club regretted the absence of Mr. Brown and Mrs. Gandy.

Junior News

There are still a few students who have not reported at school since cotton picking. We hope to have them back soon.

Misses Edith Harvey and Vendell Davis spent the week end with Miss Kathryn Whiteley.

Irving Davis and Buck Henderson seem to be the most "popular boys" in the junior class. Why? They are the only boys in the class.

We wonder if a majority of the junior students attending history III class are Republicans or Democrats. They thought they were Democrats, but since they have learned the difference, they may be Republicans.

There was a certain boy in geometry class Monday who made this remark, "Miss Lewis, are you going to give us a test every morning?" This statement seems to be true. We are getting a sample of what tests are.

Onetta Joiner spent Sunday with Miss Rena Johnson.

Senior News

Genevieve Britt was in Shamrock Saturday night and Sunday afternoon.

Truman Henderson, Buek Henderson, and Ray Webster were in Shamrock Saturday night.

Basketball Tournament Next Week

Final preparations are well under way for the basketball tournament which will be held here Friday and Saturday, Dec. 10 and 11. Much enthusiasm has been shown by both the girls' and boys' teams, and the tournament promises to be one of the best that Kelton has ever had. The awards have been on display for a week at the Holcomb & Son store in Kelton.

The following girls' and boys' teams have registered for the tournament: Samnorwood, Wheeler, Mobeetie, Shamrock, Briscoe and Allison.

Exes Visit School
Edith Pearl Beatty and Josephine Poole, '36 and '37 graduates of Kel-

ton high, visited school last Friday. These two girls are attending college at Canyon.

New Students in High School

Naomi Johnson, a sophomore, was able to enter school Monday after she had taken a rest for two years. The students and teachers welcome Naomi and everyone is delighted to know that she is able to be in school again.

Edith Harvey and W. C. Burrell, both former students of our high school, have entered the sophomore class. We welcome these students, also.

Home Makers Lab. Improved

The home making department of Kelton high school has become very home-like. The entire walls have been refinished with ivory; new shades and curtains of tan have been added, and the floors cleaned and waxed, giving the finish of hardwood. The furniture was rearranged, with a new supply table being added.

There are more improvements that the home economics girls wish to complete in the near future.

Kelton Future Home Makers

At a recent Home Economics club meeting, a committee composed of Morene Clay, Louise Britt and Leone Hefley was appointed to make the annual Home Economics club year book.

The year book will consist of the club officers, motto and creed, and

will outline our meetings and duties throughout the year. It is hoped that each meeting will function as outlined in the year book.

Sunday School Lesson Exposition

CHRISTIAN REST
Scripture Text: Matt. 11:28-30;
Heb. 4:1-11.
Lesson Scope: Matt. 11:28-30;
Heb. 4:1-16.
Devotional Reading: Rev. 22:1-5.

An Approach
Some think of Christ as the greatest of philosophers. These, if they take His "philosophy" seriously, do not burden themselves with it. The more perfect the philosophy, the heavier the burden, if there is nothing else to be found in Him. There is no "rest" for them from the standpoint of philosophy. Others add to that and think of Him as a great "theologian"; that is, He gives to society the greatest ethical principles of life, and "God" is thus made known to man.

THE HEART OF THE LESSON

Introduction
First, let us dismiss from our thoughts that Christ is here talking about the sabbath day—one day of the week called a rest day.

Then, there are two kinds of rest, or two aspects of the same rest. One is enjoyed now in this life; the other, in the life to come. Our lesson is about rest for the Child of God in this present life.

Also, there are four conditions to be complied with if this rest is to be experienced by the "weary and heavy laden." These are expressed in four words: Come, Take, Learn, Find. Come

Come where? To what? To whom? Christ answers with the word "me." Now, this rest, whatever it means, is offered only to those who "come," and that unto Christ.

That act is expressed in our Hebrew text as faith. He gives an example of those who failed to enter into rest "because of unbelief." Not merely a belief that Jesus once lived, worked and taught upon this earth, but receiving Him and trusting in Him as the rock of refuge in a weary land. He alone can give us forgiveness, comfort and complete enduring satisfaction—rest.

Weary and Heavy Laden
It is thought by you to be superfluous for me to say that only those who are laboring and heavy laden can answer this divine call to come unto the Christ? Well, anyway, let me make it very plain that people who do not feel the guilt of sin, the "sting of death" and the justice of judgment, together with the feeling of an absolute need of God's righteousness (John 16:7-10) cannot answer that personal invitation of the Saviour.

Take
"Take what?" "Take My Yoke!" It is certain that every person is yoked up with another in some way. And we are all either yoked up with Satan or with God. IF YOU have a galling, heavy yoke, (take it from me) you are yoked with the wrong party. The wrong party made that yoke.

Christ makes smooth, proper-fitting yokes. You cannot get under His yoke without finding that He is your pal and fellow-laborer. When God made that yoke He made it so that He laid upon Christ "the iniquity of us all"—"He was bruised for our iniquity; the chastisement of our peace was upon Him; and with His stripes we were healed."

Thus we "rest from OUR labors." "But when the kindness of God our Saviour, and His love toward man, appeared, not by works done in righteousness, which we did ourselves, but according to His mercy He saved us, through the washing of regeneration and renewing of the Holy Spirit" (Titus 3:4-5).

Learn
"And learn of Me." Taking His yoke and taking up His cross are two things entirely unlike each other. With that "peace of God which passeth all understanding" He gives power to labor and grace to endure His cross. Learn of Him, watch Him as He goes about His work and see how He does it. There is in Him a perfect example of rest amid persecution and suffering. "Who for the joy set before Him endured the cross and despised its shame."

He promised the believer that the Holy Spirit would "take of mine and give it unto you." His words are the "words of life" and no Christian can live and labor for God and bear afflictions for Christ who ignores, neglects or denies His word. Therefore, "study to show thyself approved unto God, a workman that needeth not to be ashamed."

Find
"And ye shall find rest unto your soul." And that find is only for those who comply with the other leading words—come, Take, Learn. Remember the warning of "unbelief" in our Hebrew text. Do you know that rest? Do you understand it; or see how it can be? Well, come on. Take up His yoke. Learn of Him. Then you shall find, and find out the why and the wherefore of it all. Then it may be the sweetest experience of your life. Then peace will flood your soul and nothing else will matter then.

O, that we Christians would truly believe that such a rest is meant for us to experience! We have been galling under the yoke of unbelief too long already. Cast away your complaints and your frettings and your murmurings and trust God, you are sinking, like Peter, in the waves of unbelief. Cry out unto your Lord: "Lord, save me, or I perish!"

GUESS WHICH IS FASTER!

CORRECT ANSWER appears below in upside-down type. Play fair! Don't look until you have guessed.

DEER-FLY OR AIRPLANE?

BUT YOU DON'T HAVE TO GUESS WHICH GASOLINE STARTS FASTER!

Sensational high test makes Phillips 66 Poly Gas sensationally fast-starting. But it costs no more than ordinary, lower test gasolines because Phillips is WORLD'S LARGEST PRODUCER of Natural High Test motor fuel. Try a tankful! Feel that difference in quicker warm-up and smoother running. Note the extra mileage resulting from greatly reduced use of the choke. So end slow starting and save money with Phillips 66 Poly Gas.

ANSWER: World's record airplane speed, held by Italy, is 410.6 miles per hour. The American Museum of Natural History says the male deer fly (Cephenemyia) is almost twice as fast, speeds 818 miles per hour—fast enough to fly around the world in 17 hours.

We want to sell this merchandise and have made prices to move it quickly. First come, first served; but early buyers will naturally have the best choice. We plan to move by Jan. 1 and this sale will continue until after Christmas. But don't delay—you might be disappointed.

Postmaster Advises Early Xmas Mailing

Lewis Explains Rates of Postage on Cards and Offers Suggestions

As is customary at this time of year, the post office department urges mailing of Christmas packages, cards and other material as early as possible. This request is not prompted by selfish motives but to afford patrons better service, because with the heavy flood of holiday mail a certain amount of delay cannot be avoided. Therefore, if it is spread over a longer period of time and not all left until the last moment better service results.

Chester Lewis, local postmaster, says that some confusion exists with respect to the rate of postage on Christmas and other greeting cards sent under cover of unsealed envelopes and offers the following explanation.

Printed greeting cards mailed in unsealed envelopes are chargeable at the third class rate of 1½ cents for each two ounces or fraction thereof, regardless of whether addressed for delivery through post office boxes, general delivery, or by city or rural carrier. The 1 cent drop-letter rate applicable to non-letter carrier offices does not apply to such cards in unsealed envelopes.

Printed Christmas and other greeting cards in unsealed envelopes may bear a simple written inscription not in the nature of personal correspondence, such as Sincerely Yours, Merry Christmas, Happy New Year, etc., together with the name and address of the sender and of the addressee, without subjecting them to more than the third class rate.

Greeting cards, sealed or unsealed, bearing written messages other than similar to those mentioned, as well as all cards sent in sealed envelopes carry the first class rate of 3 cents an ounce or fraction, except when the 1 or 2 cent drop letter rate applies.

Patrons are advised that it is often more desirable from the standpoint of both sender and addressee to mail cards in sealed envelopes at the first

class rate, especially those of an expensive kind, because of the better service accorded first class mail matter including forwarding and return if undelivered as addressed.

Large numbers of undelivered cards mailed at the third class rate are disposed of as waste every year, because they can not be forwarded or returned to sender.

B. A. Zorns, Wheeler, Weds Wellington Girl

Miss Virginia Phillips, daughter of Mr. and Mrs. H. A. Phillips, and Benton A. Zorns were married at 9 o'clock Thursday morning, Nov. 25, in the First Baptist church, Wellington. Rev. J. P. Neal read the ceremony in the presence of about one hundred friends and relatives.

Mrs. Zorns wore an ice blue satin gown with a blue net veil held in place by a wreath of tiny silver leaves and carried an arm bouquet of calla lilies.

The matron of honor, Mrs. Harry Womack of Memphis, sister of the bride, wore a thistle taffeta dress and carried chrysanthemums. The bridesmaids, Miss Wanna Ruth Hopson and Bobby Sue Hopson, sisters of the groom, wore rust taffeta and carried chrysanthemums.

The bride graduated from Wellington high school in the class of 1929 and attended college at C. I. A. for one year. Since that time she has been in the Collingsworth county agent's office.

The groom is the son of Mr. and Mrs. R. B. Hopson of Decatur. He graduated from Decatur high school and attended Decatur Baptist college. In 1935 he received his degree from Texas A. & M. Since that time he has been engaged in the extension service from A. & M. college. He spent six months in Wellington in this work and is now in Wheeler where he is senior assistant in the Agriculture Conservation program. Zorns also spent some time in Canyon as assistant county agent.

Immediately following the wedding about 40 guests were present at the Phillips home for a reception. After the reception the couple left for Fort Worth, Dallas and Decatur where they visited for several days with relatives.

Mr. and Mrs. Zorns returned Tuesday from their trip and moved the same day to their new home on North Canadian street, built by Mrs. Sadie Pollard for the newlyweds.

Those attending the wedding from Wheeler were Mr. and Mrs. Jake Tarter and son, Jack, Mr. and Mrs. Dudley McMillin, Mrs. C. N. Wofford and daughter, Miss Reba, Miss Clara O'Gorman, Taft Holloway and Harry Wofford.

Miss Martha Herd became the bride of Fred Skaggs of Pampa, in a simple ceremony Wednesday evening, at Wheeler.

Mrs. Skaggs is the daughter of Mr. and Mrs. E. V. Herd of Mobeetie, where she attended grade and high school, graduating in 1934. For the past two years she has made her home in Pampa, where she has been employed.

Skaggs is the son of Mrs. Maye Skaggs of Pampa, where he has made his home for the past two years. He is now employed at the Perkins pharmacy in that city. The young couple will be at home at 916 East Fisher in Pampa. The many friends of Mr. and Mrs. Skaggs join in wishing them a happy and prosperous married life.

Vernon Minister Visits Here
Rev. Jay Oiler, uncle of Mrs. P. H. Schaub, returned Friday to his home at Vernon after a week's visit at the Schaub home and with other friends in the Locust Grove community. Rev. Oiler has been a minister of the Baptist faith for more than 40 years. He is now 74 years old.

Miss Winifred Dixon spent Monday in Amarillo and Canyon.

Relative of Wheeler Folk Dies in Kansas

Mrs. A. T. Duzan, 71, Moran, Kans., died Sunday at a hospital in Fort Scott, Kans., where she underwent a major operation the previous Monday. She is the mother of Mrs. J. W. Barr and sister of Mrs. D. E. Holt and Robert Bowers, all of Wheeler, and has many friends made during her numerous visits here.

Miss Nettie Bowers was born in February, 1866, near Berlin, Kans., and died at Fort Scott, Kans., Nov. 28, 1937, at the age of 71 years and nine months. Early in 1884 she was married to A. T. Duzan and to this happy union three children were born. They are: Mrs. J. W. Barr, Wheeler; Dennis Duzan and Mrs. Roy Smith, Moran, Kans. Besides the devoted husband and three children, she is survived by two sisters and three brothers: Mrs. D. E. Holt, Wheeler; Mrs. R. B. Holt, Walsh, Colo.; John and Will Bowers, Bronson, Kans.; and Robert Bowers, Wheeler, also four grandchildren and a number of other relatives and a host of friends.

The three children and five brothers and sisters were present for the funeral services, conducted at Moran Tuesday afternoon of this week with burial at Bronson, Kans.

Those attending from Wheeler were Mr. and Mrs. D. E. Holt, Mrs. J. W. Barr and Robert Bowers.

PENDLETON HOME IS PLACE OF THANKSGIVING DINNER

Mr. and Mrs. Guy E. Gabbart and son, Gayle, of Durham, Okla., came to the W. M. Pendleton home, northeast of Wheeler, on Thanksgiving Day bringing with them a ready-cooked turkey and all the fixin's. This was the third consecutive Thanksgiving for these good friends to spend with Mr. and Mrs. Pendleton.

Mrs. Augusta I. C. Metcalfe and son, Howard, also of Durham, accompanied the Gabbarts last year but were unable to come this time. Mrs. Metcalfe, however, sent a picture and a letter. And what specimens these were! Mr. Pendleton was showing them to friends here in town Saturday.

The picture is 10 by 14 inches in size, with roses surrounding a woodland scene. It is an original composition and hand painted in water colors by Mrs. Metcalfe, whose age is past the half-century mark. The letter, also written by her, was unusual with miniature pen and ink sketches substituted for words in many places. Both the picture and letter displayed exceptional artistic ability.

On last Sunday the Pendleton home was the scene of a large gathering of relatives and friends, when 52 guests were welcomed during the day. Thirty persons partook of the bountiful noontime meal.

HOME DEMONSTRATION CLUB HAS SOCIAL ON WEDNESDAY

The Wheeler Home Demonstration club closed its year's work with an all day social meeting Wednesday, Dec. 1, at the club room when 14 members served a covered dish luncheon to their families and two special guests, Mrs. J. A. Dixon and Mrs. R. Irons.

The ladies served a delicious dinner to 49 children and adults. Mrs. C. Bryan Witt directed a number of contest and games during the afternoon, followed by an exchange of gifts, enjoyed by Mesdames Lula Mae Farley, Jesse Crowder, Jim Risser, John Ficke, Elon Myers, J. M. Porter, Holt Green, O. O. Sandifer, Homer Moss, Bill Owen, J. H. Watts, J. H. Templeton, Jim Trout, C. Bryan Witt, members and Mrs. J. A. Dixon and Mrs. R. Irons, guests.

Mr. and Mrs. C. G. Miller, honored with an invitation, were unable to attend. Next meeting will be on Jan. 5, 1938.

MISS ANNIE MAE GREEN IS KAPPA BETA CLUB HOSTESS

Miss Annie Mae Green entertained the Kappa Beta club at the J. P. Green home Tuesday evening.

During the business meeting the following officers were elected: Florence Merriman, president; Annie Mae Green, vice president; Willetta Templeton, secretary; Bessie Mae Ficke, reporter.

Dainty refreshments were served to Misses Bessie Mae Ficke, Imogene Holbert, Willetta Templeton, Bernice Addison, Winona Adams, Florence Merriman, Doris Myatt, Mary Eunice Noah, Helen Green, Mrs. E. C. Raney and the hostess.

WHEELER MEN ATTEND STATE MASONIC MEETS THIS WEEK

H. J. Garrison and Lee Guthrie, members of Wheeler Masonic lodge, left Saturday night for Waco, where they have attended sessions of the Grand Chapter, Royal Arch Masons, and the Grand Lodge of Texas, A. F. & A. M. Although this is the centennial year of the Grand Lodge, the present communication is the 102nd.

Garrison and Guthrie were accompanied by Wallace Pendleton, who visited Taft Holloway, local Baptist pastor, at the home of his mother in Jonesboro.

The party is expected home late today.

Mrs. Sam Watson went to San Antonio Wednesday and spent Thanksgiving with her parents, Mr. and Mrs. Sam Guest, and other relatives. Mr. and Mrs. Guest came home with her Saturday and visited until Tuesday.

Mrs. C. B. Nash and sons, Harold and Shelton, moved Monday to the Roy Badley residence in the west part of town from the Wiley apartments, where they have been living since moving to Wheeler about two years ago from Sayre, Okla.

The Sunday afternoon preaching service conducted by H. P. Cooper of Shamrock at the local Church of Christ was well attended with representatives present from Shamrock, Pampa, Briscoe, Kellerville and several other nearby towns.

Mr. and Mrs. Norvill Miller and his sister, Mrs. J. L. Parker, of Socorro, N. Mex., came Monday to spend a week or two with their parents, Mr. and Mrs. W. O. Miller, and several brothers and sisters and other relatives.

Mr. and Mrs. R. D. Underwood and children, Bobby and Joline, of Wink came Thursday to visit Mrs. Underwood's grandparents, Mr. and Mrs. J. C. Trout, and family and Mr. and Mrs. Jim Trout and family. The Underwoods returned home Sunday.

Miss Lucille Smith, who is teaching school near Groom, and Buster Walsler motored Wednesday night to Kansas City, Mo., where they visited her sister and husband, Mr. and Mrs. J. A. Warren, during the Thanksgiving vacation. They returned Sunday.

Mr. and Mrs. C. H. Davidson and son, Harold Dean, motored Wednesday night to Eakley, Okla., and spent Thanksgiving with both their parents and other relatives. They were accompanied home Thursday night by Aaron Weddel, who is working for Mr. Davidson at the City Bakery.

Mr. and Mrs. Roy Puckett and son, R. J., motored Thursday to Erick, Okla., where they were dinner guests of Mr. Puckett's sister and husband, Mr. and Mrs. John Brauchi. They also attended a football game there in the afternoon, returning home that evening.

Mr. and Mrs. Lloyd Davidson and her mother, Mrs. J. E. Cox, motored Friday to Graham to bring home the former's mother, Mrs. G. J. Davidson, of McLean. She had spent a month at the Stovall Wells health resort near Graham. Mrs. Cox spent most of the time with a sister-in-law, Mrs. F. F. Knox, and children at Throckmorton. They all returned to their homes Sunday.

MRS. AL WATSON IS HOSTESS TO CONTRACT BRIDGE CLUB

Mrs. Al Watson was a charming hostess to members and friends of the Contract Bridge club at the Watson hotel Tuesday afternoon. Mrs. D. A. Hunt won high score and Mrs. R. L. Daily won low.

Others enjoying the games were Mesdames Cora Hall, Inez Garrison, Ed Watson, Glen Porter, Dudley McMillin, Roy Puckett, Nelson Porter, Bronson Green, and Misses Clarice Holt and Reba Wofford.

The hostess served a delicious salad course.

Judge and Mrs. W. O. Puett and Wallace Pendleton went to Lubbock Thursday and spent Thanksgiving with the former's daughters, Misses Anna Mae and Orveta Puett, and attended the Texas Tech and Craton university, Omaha, Neb., football game that afternoon.

Mrs. J. E. Willard motored Sunday to Canyon to take her daughter, Miss Elva, back to W. T. S. C., where she will resume her studies after recovering from an appendix operation. They were accompanied by Mrs. J. B. Roper and daughter, Ruby Mae, and Mrs. Jesse Crowder who returned home Monday night after spending the day in Amarillo.

Blankinships Visit Taos Indian School

Government Project in Use Only
Two Years—Fine Training Courses Given

Superintendent and Mrs. M. D. Blankinship visited the Taos Indian school during the Armistice holiday. The school is a government project and has been in use only two years.

Besides being a school for the children, the buildings are also used as a community center for adults. They are to be seen in the library, reading; in the laundry, using electric machines; in the kitchen, canning meat and vegetables, and in the shop, making various articles of wood and metal.

Most of the teachers were white; however, the vocational teacher and several of the assistants were Indians.

In connection with the school was a government owned and operated hospital. The doctor in charge and three of the nurses were white persons, the other employees were Indian men and women.

Both the hospital and school were well supplied with modern equipment, and the superintendent said that the Indians were delighted with the work the government is doing for them.

Supt. Blankinship expressed his appreciation of the good teaching he saw in the school and the wonderful spirit of co-operation that the Indians showed toward their superintendents and other white officials.

Teacher Employed to Fill School Vacancy

B. B. Green of Fort Worth Takes Place of J. G. Martin in Grade School

B. B. Green has been hired to fill the vacancy in the Mobeetie grade school, caused by the resignation of J. G. Martin a short time ago. Green was on the regular substitute list of the Fort Worth faculty.

This new teacher for our schools has a B. A. degree from Abilene Christian college, Abilene, Texas, and is well qualified for the position to which he has been elected. He will be particularly fitted to direct public speaking and glee club work, since he has had special training along those lines.

Dr. Daily Speaks at Assembly

Dr. Bob Daily, local physician, recently delivered an interesting as well as instructive talk to the student body on cold prevention. First, he explained different kinds of colds; then he declared that prevention, in most cases, is entirely possible. After this he gave instructions as to what was the best treatment after a cold is contracted.

Dr. Daily says that more time is lost from school and work from colds than any other disease known. "If the time lost was estimated in money," he said, "it would be enough to pay off the national debt over a period of a year's time."

MOBEETIE FOOTBALL SQUAD—1937

Reading from left to right, they are:

Standing: Beck, center; Crockmore, end; Capt. Mixon, halfback; Hooker, tackle; Johnson, fullback; Red, tackle; tackle; R. Sims, end; H. Gordon, quarterback; W. Reed, tackle; Pugh, halfback.

Kneeling: Seltz, end; Bartram, guard; Matthews, guard; G. Gordon, center; Barton, guard; Baird, guard; Savage, tackle.

A TRIBUTE TO THOSE WHO WON

WHO ARE THEY? WHAT DID THEY WIN?

They are some of the boys on the football squad. They have won self-respect and the respect of others. The season is over. Some of them have lost all except two games. The others have won every game. The ones who have been consistent winners are the ones who have gone into every game determined to win, and played as nearly perfect as they possibly could.

They lost some games, it is true, because the scores count and the

best team won. But the individual counts, also. If he can look back into every game and know that he did his best, then he has won self-respect and the respect of his friends and fellow-students.

Some of them may never play football again, but when they go into college or other walks of life, may they take with them all the good qualities portrayed in the game, and may they profit by the lessons learned on the gridiron.

School Library Gets Quantity New Books

My, oh my, and is the library attractive with those new books in it! Only a portion of the new book order has arrived, but we will soon have \$5.00 worth of new books in our high school library.

Some of them are: The Valley of Silent Men by J. O. Curwood; The Heart of Democracy, by James Ross; Doctor Nye, by J. C. Lincoln; St. Elmo, by Augusta Evans; Toss of the Storm Country, by Grace White; The Inevitable Millionaires, by E. Phillips Oppenheim.

Cherry Square, by Grace Richmond; East Lyme, by Mrs. Henry Wood; The Story of a Cowboy, by Emerson Hough; Touchstones of Success, by 160 Men of Achievement, and the Way of All Flesh, by Samuel Butler.

Patrons May Visit Friday Assemblies

Assembly programs in Mobeetie school, given by the student body and faculty members, are proving quite successful and highly interesting. Patrons of the school are welcome to attend these programs on any date that suits their convenience; in fact, they are urged to be present whenever they desire. Assembly is held each Friday afternoon from 2:45 to 3:30.

Clarence Key is a Real Craftsman

Folks, you can't imagine what a workman Clarence Key really is. Boy, oh boy, and has he got nifty Christmas novelties! And they are from 10 cents up to 50 cents.

Friends, let's all try to help this boy, as he says he is going to make enough money to buy a wheel chair. And when that boy says he is going to do anything, he usually does it.

He has whatnot stands, ladies' purses, clock shelves, letter holders, door stops, and several other nice articles suitable for Christmas gifts.

Would You Believe It?

Some of the Mobeetie girls are ashamed of their middle names. Following is listed a few of them. But don't tell anyone, because they don't want it known.

Wilma Irene Robinson, Lois Alene Farmer, Holly Estelle Seitz, Georgia Darlene Shahan, Odessa Mae Futch, Dora Ann Goodnight, Wilma Ray Sims, Edna Morine Sims, Wandella Nell Sims, Fern Lorene Smith, Ina Emma Zell, Elsie Mae Robinson.

Charlene Lemoine Bailey, Thessa Etta Godwin, Maxine Marie Patterson, Maurita Dunn, Bessie Ruth Haning, Mary Berniece Bailey, Eva Juana Brewster, Ella Ruth Burch, Elda Marie Gordon, Alice Louise Lippold and Vineta Pauline McCain.

Mobeetie Boys Trio Win Group Contest

Amateur Musicians Earn Trip to San Antonio State Meet in January

Three of the boys who played instruments in the amateur contest recently held at Wheeler took first place in their division. The award is a three-day trip to San Antonio with all expenses paid. There they will compete in the state contest. In addition to this, they will receive a screen test and a radio audition.

The trio is composed of Wilton Sims, Warren Thompson and Charles Nixon. Thompson plays the accordion, Sims the guitar and Mixon the mandolin.

The San Antonio trip will be made some time in January.

Principal of Grade School is Elected

J. A. Neece Named to Fill Place Vacated by J. G. Martin, Who Resigned

J. A. Neece has been elected to fill the position of grade school principal, succeeding J. G. Martin, former principal, who resigned recently from the Mobeetie schools to accept a place in the Fritch schools.

Neece has taught history and arithmetic in the Mobeetie grade school for the past three years. He came here when the Mt. Zion district was combined with Mobeetie through contract. He had taught at Mt. Zion two years.

He did his college work in Abilene Christian college, where he received his B. A. Degree in 1932.

Center Teachers Visit School

Mr. and Mrs. Jones of the Center school visited Mobeetie school on Monday, Nov. 15. Jones is principal and Mrs. Jones is primary teacher at Center. That school has turned out for cotton picking.

A surprise birthday dinner in honor of Mrs. M. M. Pounds and W. A. Strickland was given Sunday, Nov. 14, in the A. A. Burch home by Misses Alice Burch of Pampa and Ruth Burch and Mrs. Otis Beck of this city.

HOLIDAY ANNOUNCEMENT BRINGS HAPPY CHEERS

What a roar of happy cheers resounded in study hall at noon, Wednesday, Nov. 10. Following a brief lecture by Supt. M. D. Blankinship, he quietly announced: "I have one more thing I want to tell you, but I don't want any weeping done over it—school is dismissed for the rest of the week." Of course you can guess the rest.

The holidays were spent in various profitable ways. Some worked, some played and some even studied for the coming examinations.

THANKSGIVING DAY

To the people who established it, Thanksgiving Day had a very deep meaning. They considered it as a day of giving thanks that they were still alive and in a free land. Don't you imagine that they carried this spirit of gratefulness through their other days of life?

We should be thankful for a great many of the benefits we enjoy. I mean the ones like eyesight, good food, good health, sound minds, a prosperous nation, access to free education, freedom to express opinions, freedom to read books and magazines, and more than anything else, the privilege of choosing our vocations.

To be thankful we have to appreciate and realize the fact that it is to live in freedom. We can be thankful on Thanksgiving Day as well as every other day of our year. Every day should be Thanksgiving day for us all.

DO WE WANT A STUDENT COUNCIL?

Do we want a student council? Well, maybe we would if we knew the purpose of a student council.

The outstanding things that a student council does is to make rules and give advice. A president is elected from the student body and a representative from each class. Representatives are elected from the classes to take class problems to the president of the student council.

For instance, when a certain class wants a party they can take it to the student council and see whether or not there is anything to prevent them from giving a party without their going to the faculty members.

If some grass were planted on the school ground, the student council could make rules to keep the students off of it.

Of course at the beginning a student council might not be very efficient, but it would grow and become larger and stronger.

What about it, students, do we want to begin a student council?

HARBOR FOR LOVE

By MARIE WATERS

I used to think that I must see to love;

Now since you are gone, I know, I know My soul shall search the unknown darkness

And where you've gone, I'll go!

I used to think that I must listen As you declared your love with rapturous voice;

Now my heart finds yours in silence

I know you speak, so I rejoice.

I used to think I'd never live without you near;

But faith in you has kept my longing satisfied.

You're gone yet somehow you are close.

My heart contains your memory Here it shall abide.

SUPREME COURT CHANGES

At the end of the first session of the current congress, it was believed that the supreme court issue would again be introduced at the next session.

Since that time, the feeling has grown that, due to the size and influence of congressional opposition, the issue is dead, and may not see the light of day again.

If the country press of the nation accurately reflects the temper of the American people, the issue is dead indeed.

The Industrial News Review recently sent a questionnaire to 12,585 country papers asking four direct, non-leading questions concerning possible court changes. More than 2,300 papers replied. Proposed legislation that would permit the president to appoint additional justices, was opposed by 90.4 per cent; 71.6 per cent were opposed to the proposal that a two-thirds vote of each house be required to declare acts of congress unconstitutional; 72 per cent were opposed to any bill forcing justices to retire at an age fixed by law. And 88.3 per cent were opposed to a constitutional amendment limiting the authority of the court over acts of congress.

There was a remarkable consistency in the views of editors in far separated states, showing sentiment solidified against court changes, irrespective of sectional politics and feelings. The completed questionnaires, together with a multitude of supplemental notes and letters, indicate that these editors—as did the congressional majority when the court bill was voted on—feel that the supreme court is the bulwark of our liberties, and our first line of defense against dictatorship, and that it would be a national catastrophe to tamper with it.

The country press is not swayed by momentary enthusiasms, or political hysteria. It looks at issues in the light of their effect on the fundamentals of government. It thinks them out. And no better example of this fact could be found than in the editors' reply to the Industrial News Review's Court questionnaire.

Mobettie Gridsters Beat Canadian 13-7

Hornets Rout Wildcats in Final Game of Season—Prepare for Basketball

Traveling to Canadian, the Mobettie Hornets football team beat the Canadian Wildcats by a score of 13-7 on Friday night, Nov. 19.

The Hornets scored during the second quarter and again in the fourth quarter. A pass gained the extra point after the first goal but the attempt was no good in the second instance.

The Wildcats scored in the third quarter and were successful in the effort for the extra point.

This was the last game of the season for the Hornets. It was not a conference contest.

The boys are now making preparations for the approaching basketball season. Prospects are said to be favorable for a good cage team this year.

Senior Basketball Teams vs. Wheeler

The Mobettie Hornets are to contend with the Wheeler Mustangs Wednesday, Dec. 1, in the Mobettie gymnasium in the first cage events of the season for these schools.

Both the senior boys and the senior girls will play.

As a good send-off and encouragement for the opening of the season, a large attendance would be appropriate.

Football Coach

CLINTON MEEK

Coach Meek has been at Mobettie two years. He has had eight years of experience along the line of football. He played football four years in high school, two years at Amarillo Junior College, and two years, with the Buffaloes, at West Texas State College.

Football Captain

CHARLES MIXON

Captain Mixon has had a very successful year with the Hornets. He plays in the halfback position and weighs around 150 pounds. He has played three years of football, one at Kelton and two with the Hornets. He is leaving the team this year as he is a graduating senior.

Mobettie Beaten by Lakeview Eagles 41-0

Game Played on Powell Field at Memphis as a Feature of Armistice Day

The Mobettie Hornets football team was beaten by the Lakeview Eagles, 41-0, in an Armistice Day game played on Powell Field, Memphis. This game was one of the feature events of the celebration in honor of Armistice Day staged by the Hall county town.

Several of the Hornets received injuries, mostly of a minor nature, during the game. Two or three of the boys, however, were taken out of play because of their hurts.

Various events throughout the day besides this ball game, provided a well-rounded program of fun and entertainment.

Senior Basketball Boys Get New Suits

An order was recently placed for 10 new suits for the senior basketball boys. These uniforms are cardinal, trimmed in white, and have small white numerals on the front and larger ones on the back.

Preparations are being rapidly made for the coming season. The boys are looking forward to a successful series of cage events this year.

DO YOU KNOW—

That the boys new basketball suits have come in?

That Thanksgiving vacation is over?

That we are now well into the last six weeks of the first semester?

That the amateur program is going to be a good one?

That most of the students are getting back in school?

That term themes are due?

That most of the teachers and students reported a pleasant or profitable Thanksgiving?

Grade School News

J. A. Neece was elected as grade school principal this week to succeed J. G. Martin, who accepted a position as principal of the Fritch school. Neece has been teaching in the Mobettie system for the past three years and is well qualified for this position.

The grade school was very glad to have Mr. and Mrs. Jones of Center as visitors this week.

Perfect Attendance for the First Three Months

First grade—C. H. Bonds, Tom Brothers, Doyle Greenhouse, Dan Hardin, Tom Laman, jr., Bryon St. John, Doris Barton, Francis Corcoran, Delia Key, Emily Lancaster, Sidney Lancaster, Joyce Williams and Betty Jean Patton.

Second grade—Angela Duncan, Francis Ford, and Mary Alice Nixon.

Third grade—Mary Lou Bonds, Bennie Barton, Louis Key, J. A. Lancaster and Bud Carroll Scribner.

Fourth grade—Lindy Mason, James Orr, Clytia Brothers and Maurita Laman.

Fifth grade—Tom Walker, Donald Bostie, Juanita Walker, Agnes Corcoran and Naomi Bostie.

Sixth grade—Mary Bell Heare, Augusta Matthews, Hoyt Dunn, R. Z. Ford, Robert McCain and Hairy Thomas.

The fifth grade English class has organized a Citizenship club. The club is divided into four committees: thrift, good manners, character study, and safety first. The thrift committee gave a program for assembly Thursday afternoon.

Seventh Grade News

Pupils of the seventh grade will help out at the carnival Saturday night. Some thought they

THE FISH POND

The freshman class had a class party at the gymnasium Wednesday night. They played games until about 10 o'clock and then they went home. Everyone reported a very nice time.

did more than any other class and their help was greatly appreciated.

A drive for the use of good manners was planned by the class. It works like this—if someone talked, snapped his fingers, or held up his hand while someone else was talking his name is taken down by classmates. After the month is over there will be a check-up and the one with the fewest marks against him will be awarded a gift from Miss Knight.

The music class is progressing in every line. They're learning the signs, different songs, formulas, melodies, and—well lots of things about music.

We are surely glad the six weeks examinations are over and won't be a bit glad when they come again.

We Wonder
Why it was suggested by a certain person that pretty teeth helped out in later life.

Why Orvel Ferguson insists on playing in history class.

Why Juanita Beck can't be joked.

Why Doris Key complains of a bad headache when a test was going to be given.

Why we're having so many six page themes to write.

Why it was told that Violet Vankirk had only three pages of a six-page theme due because she wrote a seven-page letter to a boy friend. (For further information go to the brothers of Elbert Blackwood).

SENIOR BOYS BASKETBALL UNIFORMS HAVE ARRIVED

The senior boys will have new basketball suits to wear in their first game of the season against Wheeler Wednesday night, Dec. 1. The boys are quite proud of these suits and are training diligently to live up to the fine appearance they make when wearing them.

The Owl Says:

To Whom It May Concern:

The only thing wrong with the letters I received this week was that most of them sounded too formal. Some of the students had geometry on their minds so much that I could hardly understand their letters; therefore I could not answer them. Here is an example:

Dear Owl:

Statement: I try to be square with everyone. But people seem to run in circles to do me dirt. I try to get even with them from every angle possible. I can't seem to get even with them from the "right angle." Mr. Blankinship is unfair, too. In geometry "the shortest distance between two points is a straight line," and when I cut across on the way to town, Mr. Blankinship asked me not to do it again.

Reason—Given.

Very truly yours,
OLAF SIVAGE.

Dear Owl:

I wish I could catch a girl with hair just the color of mine. I can think of two, but one of them is my sister and the other one doesn't even speak to me. How can I make her notice me?

Sot on Red Heads,
LOY SEITZ.

Dear Loy David:

I suggest that you get a hat like Mr. Blankinship's, a checked pair of trousers like Mr. Meek's, a checked jacket like Mr. Plaster's, a red shirt like F. P.'s, some boots like Ed Johnson's, and don't wear such dark colored ties, then she might notice you.

You might also try walking like Warren Thompson, smiling like George Gordon, making a duple like Hugh Bailey's, and put a look on your face and try to fool people into thinking you're smart, like Houston Hooker. If you do that, I believe she will notice you.

Attractively yours,
THE OWL.

Dearest Birdie:

Please call in your assistants and help me with a very serious problem. I am in deep distress. I have been trying to learn to drive a car, but it seems that there isn't anyone who cares to help me. My feet and head don't work together. But listen, you haven't heard the half of it. I was trying to drive my dad's car the other day and stripped the gears, so they say. Anyway it quit running.

Ramblingly yours,
VINETA MCAIN.

Dearest Chauffeur:

Since experience is the best teacher, my advice is that you just learn yourself. It is also better to work up from the smaller things; therefore I am going to suggest that you get a car and learn to push in the clutch before shifting the gears.

Helpfully yours,
THE OWL.

Army Boy Visits Home Town

Charles Burch, son of A. A. Burch of this city, an enlisted man in the United States army and stationed at Fort Logan, Colo., has returned to Mobeetie on a 30-day furlough to visit relatives and friends. Charles received all his grade schooling here and was enrolled in Mobeetie high school until 1936.

Upon entering the army he chose an engineer's course for further training. He reports a liking for his work and has the determination to make progress and improvement.

New Methodist Pastor Assigned to Mobeetie

Rev. W. B. Gillam, former pastor of the Kellerville Methodist church, was assigned by the recent district conference as the new pastor here. Gillam succeeds Rev. C. W. Young, who takes the pastorate at Lakston, leaving Mobeetie Wednesday, Nov. 24, to assume his duties in the new field. Rev. Gillam arrived here on the same date to begin his year's work.

FORMER MOBEETIE STUDENTS HOME DURING THANKSGIVING

Ex-students of the Mobeetie schools, away attending college, seeking careers in the commercial world, who spent the Thanksgiving vacation here include:

John Sims, son of Mr. and Mrs. M. J. Sims, is now a student in W. T. S. C. Canyon.
Cleveland Laman, daughter of Mr. and Mrs. Tom Laman. She is also a student in W. T. S. C. at Canyon.

A. B. Crump, son of Mr. and Mrs. Dick Crump; R. L. Dunn, son of Mr. and Mrs. John Dunn; Blanche Brannon, daughter of Mr. and Mrs. J. M. Brannon, and Melvin Pettit, son of Mr. and Mrs. E. G. Pettit. These young people are of the graduating class of 1937 and are all attending Draughton's Business college at Oklahoma City.

Arle Lee, daughter of Mr. and Mrs. Clarence Lee, and Irvene Scribner, daughter of Mr. and Mrs. Bud Scribner. Arle graduated in 1936 and Irvene in 1937. They are both attending Texas Tech at Lubbock.

Mr. and Mrs. Pete Sims of Amarillo. They are visiting in the home of Mr. and Mrs. O. E. Sims and Mr. and Mrs. J. K. Ribble.

Odle Mae Porter, who is working in Pampa, was visiting her mother, Mrs. C. D. Trusty.

HIGH SCHOOL SONGSTERS TO BE NAMED FOR SPECIALITIES

Miss Knight, Choral club instructor, is planning to select a high school quartet, trio, duet and soloist in the near future. The Choral club is making great progress, with each student developing considerable vocal talent.

Mr. and Mrs. Boyd Beck and daughter of Magic City and Mr. and Mrs. M. S. Beck were dinner guests of Mr. and Mrs. Otis Beck last Sunday.

Teachers Practice for Faculty Play

Entertainment to Be Presented by Single Instructors on Dec. 14

With the night of the faculty play drawing near, single members of the faculty are working very hard, according to Mrs. J. L. Gilmore, coach. The entertainment is scheduled for Dec. 14.

Characters are Agnes Martyn, a widow, Mrs. Nina H. Young; Bob, her son, Mal Wynne; Marilee, her elder daughter, Miss Lois Kirby; Gracie, her youngest daughter, Miss Bernice Addison.

Miss Lydia, her sister-in-law, Miss Pauline Irons; Henry Turner, a widower, W. T. Roach; Doris, his daughter, Miss Imogene Holbert; Sammy, his son, Stina Cain; Begonia, the Martyn's darky cook, Miss Winona Adams; and Nieldemus, the Martyn's handy man, W. J. Murdaugh.

Girl Scouts Discuss Plans for Christmas

The Wheeler Girl Scouts and their leader, Miss Imogene Holbert, met at the Methodist church last Tuesday afternoon after school to discuss Thanksgiving and Christmas plans. At the beginning of the meeting, the girls practiced Christmas carols, which they will sing Christmas eve. They also plan to collect old toys and repair them for children who are likely not to have any Christmas.

After the songs, those in the tenderfoot rank passed some of their tests to the second class girls. The high school girls have not enough members to organize a separate group yet. However, in the near future they plan to do so.

Those present were: Mary Joe Ivy, Melba Wiley, Winona Red, Joyce Faust, Oleta Carter, Lucille Balch, Verta Warren, Geraldine Williams, Dorothy Gene Dixon, Johnnie Faye Templeton, Celeste Wiley, Ruth Faust, and Miss Imogene Holbert.

SNUBBING POST IS QUOTED BY AMARILLO TRI-STATE PRESS

Again Irene Hunt's Snubbing Post has been quoted in the Tri-State press. In that column of the Amarillo Daily News for Monday appeared these words:

"Initiating newcomers to our little dust storms is a timeworn habit of staid plainmen." Following this was an item about W. J. Murdaugh a new teacher, and Panhandle sandstorms taken from the gossip column of Corral for Nov. 18.

Raving Reporter Goes Goofy in Effort to Uncover News for This Week's Paper

Poor little us, poor little us. We haven't any news. None of the students got married this year (yet) or eloped. Not one of the faculty has murdered anyone or has been murdered. In fact, nothing exciting has happened in this school (except a mouse in the English teacher's wastebasket).

Last week there were only three days of school. Monday was spent in "getting out" last week's Corral. Tuesday and Wednesday nothing occurred (as we have already said).

Monday of this week the entire high school spent the activity period at the "March of Time," instead of hunting news stories, as usual. Over the Thanksgiving holidays members of the faculty and students ate turkey, etc., instead of doing something, unusual in order to get their name in print.

Let me give you a hint as to how to get your name in the

paper without marrying, killing someone or dying yourselves. Just go some place you know you shouldn't and your mooniker will be spread all over the front page without a doubt. We must fill up space some way.

The staff planned to make a big story on the honor roll but because of several make-up tests, not all grades were available. Then the ball game with Mobettee would have made fine copy but it was scheduled for Wednesday night and Tuesday night is Corral deadline.

On and on it went in attempts to find something or other to write about until finally, in despair, the editor assigned this feature story to me.

Well, we wasted 263 words and maybe you have enjoyed it. I can't think of another syllable. Anyway, this has used up about six inches of good front-page space.

Room Mothers Meet to Plan Activities

Group of Singers Will Practice After Monthly P.-T. A.

Room mothers met Tuesday afternoon at 2:30 in the high school study hall. Mrs. H. M. Wiley, chairman, was in charge.

Those attending decided to suggest at the next Parent-Teachers meeting that this group have as a financial project buying library books for the first three or four grades.

Another decision reached was to organize a Mother Singers club to meet directly after P.-T. A. each month.

After the group meeting each teacher discussed with the room mothers plans for a program and tree for that room.

Mothers attending were Mesdames Lee Guthrie, Bob Rodgers, Roy Esslinger, Ethel Ahler, F. L. Carver, Percy Farmer, Cleo Gaines, Vernie Hardeste, Ted Cottrell, Clyde Newsum, Jess Crowder, O. O. Sandifer and Aaron Williams.

ARTICLE BY ADDISON APPEARS IN QUILL AND SCROLL MAGAZINE

Miss Bernice Addison, sponsor of the Corral, wrote a special feature article on "Why Not Brighten Your Paper With More Interviews?" which was submitted to the Quill and Scroll magazine, international journalism publication, last summer. This story appeared in the December-January issue for 1937-38.

Supt. Gilmore Says Convention is Successful

"It was the best teachers convention I have ever attended," said Supt. J. L. Gilmore in speaking of the Federated Ex-Students Association of the Teachers Colleges of Texas meeting at Houston over the holidays. There were about 19,000 teachers from all over the state present.

Supt. Gilmore was appointed on the executive council for the coming year. He was succeeded as president by Judge Joel H. Berry of Houston. Other members of the executive council from this part of the state are Carl Clift, county superintendent of Potter county, and Mrs. Lee Johnson of Canyon. Harlan C. Fowell of Dallas was elected executive secretary.

Approximately 300 attended the banquet at which Supt. Gilmore presided as toastmaster.

Supt. Gilmore stated that this was probably the largest teachers meeting in the history of the state.

PUPILS SEE MARCH OF TIME MONDAY AT BARGE THEATRE

At the activity period last Monday the entire group of high school students from Wheeler high school again had the privilege of seeing another March of Time newsreel. The three topics were on United States secret service, the crisis in Algeria, and Amoskeag.

Lee Guthrie, manager of the Barge Theatre, has been presenting these newsreels to the students free of charge since the beginning of school this year.

Students, Teachers Get Two Holidays

Instructors Spend Brief Vacations in Scattered Sections of Country

With two school holidays last week, the Wheeler faculty and students are complaining of having eaten too much turkey on Thanksgiving.

If anyone wishes to learn whether this national dish tastes the same all over Texas, he might find out if he could get the teachers together for an interview.

Places where the faculty spent the holidays are as follows: Wheeler, W. T. Roach, Principal C. B. Witt, Mrs. C. C. Crowder, Mrs. John Hood, Miss Winona Adams, Miss Pauline Irons, Mrs. Gordon Phillips, Mrs. C. J. Meek, Amoskeag, Mrs. Imogene Holbert, Miss Bernice Addison, Coach Stina Cain.

Mrs. J. L. Gilmore, Turkey; Supt. J. L. Gilmore, Houston; Mrs. Lloyd Davidson, Graham and Throckmorton; Mal Wynne, Oklahoma City and Norman; Miss Lois Kirby, McLean; W. J. Murdaugh, Greenville; Mrs. Nina H. Young, Roby; Mrs. A. McCrohan, Joshua; W. C. Zirkle, Perryton; Mrs. Allen I. Smith, Shamrock.

Low First Students Make Highest Grades

5 Pupils Make All A's on Honor Roll This Six Weeks

Mrs. Gordon Phillips' low first grade wins the honor of having the largest number of students on the grade school honor roll for six weeks. Patsy Ruth Noah is the only one in her room who made a straight A card.

The following students made A's and B's: Duane Bradford, Richmond Davis, Richard Gaines, Harold Hardeste, Cuelin Robertson, Carl Scott, Keith McMillin, Flancia Beeme, Yevie Sue Carter, Ruby Davis, Barbara Farley, Imogene Plynt, Margaret Ann Holt.

Melba May, Doris McClain, Wanda Shirey, Anita Weatherly and Patsy June Williams.

Those in the high first who made the A and B honor roll are: Leroy Herd, Dolores Ahler, Betty Joyce May, Lois May, Mary Newsome, Ruby Reid, Beatrice Rowe, Leverne Watts, Lillian Potts and Billy Jean Pond.

The following students were on the A and B honor roll in the second grade: Dorothy Baker, Charles Bradshaw, Cleo Hill, Vendell Starkey, Clyde Revious, John Sanders, Paul Waters, Joy and Floyd Bradstreet.

William Barton made all A's in

EAT, DRINK AND BE MERRY, BUT NOT IN CLASSES

Paper and crumbs on the floor. Chomping jaws and smacking lips! Someone is constantly eating candy, peanuts and cookies in the study hall or classroom.

While this disturbance is going on, you'll hear somebody say something like this, "Oh, come and give me some. I gave you a bite of apple yesterday." The next thing you know the teacher gets out that little red demerit book and her pencil and before she has time to say anything, you have crammed the last half-bar of candy in your mouth.

By this time you have to run for the water fountain because you're about to choke.

Then you must wash all the chocolate off your face and hands for you borrowed some paper from Billy this morning and he may see you. Then he'd know that you spent that nickel for candy instead of paper.

For a change let's all do our eating and sleeping at home.

MARCH WIND IN FEBRUARY PLAYS FREAKS THESE DAYS

The changeable thing that no one has ever seen, has been a daily visitor in this part of the country. It can be heard and felt, but it cannot be seen.

This "March" wind in February is nothing unusual to us. Here in the so-called "dust bowl" we are not surprised at what kind of weather we have or when. Every time we go to school we take along a fan, coat, overshoes and an umbrella. Maybe when the world gets to where it doesn't change, we can expect a certain kind of weather all of the time.

Before long the white flakes of snow will start flying and then the school boys can begin their annual snow balling. When the lakes begin to freeze hard enough to go skating, the superintendent may have a hard time keeping the school children from playing hockey. You can soon skate and ski because it isn't long until Santa Claus's visit.

SNUBBING POST

In last week's Snubbing Post there appeared a perfectly innocent statement saying that "We would appreciate your comment on this column." Several persons told yours truly that they preferred it in its present form.

However, there was one person, (and incidentally he is the author of that little insignificant column appearing on the last page. I believe it is called Sport Slants, but I'm sure that you have never noticed it.) Nevertheless, he made the statement that the only way the Snubbing Post could be improved would be to leave it entirely out of the paper.

Far be it from me to sling dirt, but I ask you as friend to friend, "Does he have any room to talk?" As Mr. Witt would say "so much for that."

Margie Bowers has nice eyes, brown eye lashes, and eyes. (Take your bow, Margie!)

Miss Holbert to the rescue! The song hit we suggested last week is spelled "Vieni, Vieni."

Call Jerry "Chubby" and watch her show her dimples.

A song written in 1936 and just now receiving its due recognition is "The One Rose." It reminds one of the old favorites "Let Me Call You Sweetheart" and "I Love You Truly." My philosophy is that it will live as long as they. If you hear it once you desire to hear it again.

Imogene is wearing a Miami ring again.

Huffman Walker says all re-haired people are smart. (What's that about blowing your own horn?)

Some day Earl Gilmore will become a great dentist—and then we can say: "I knew him when—"

Boots, toboggans and plaid sport coats are the thing with the "drug store cowboys" around the "Hi Hi" building.

Marilyn and Marion must have had a nice week end. Or anyway, they were both smiling mighty big Monday morning.

Everyone enjoys the newsreels once a month.

Some of our faces are enough to stop a clock but "Time Marches On!"

Senior Song Hits

Two of the most popular song hits are sung by two senior, Amos Page, football star, and Irene Hunt, Snubbing Post composer.

The songs are "You're the One Rose," by "Satchel" Page, and "I Gotta Feelin' You're Foolin'," by Irene.

Senior Saddle Strings

Name: Irene Hunt.
 Age: 16.
 Birthplace: Wheeler, Texas.
 Weight: 123.
 Hobby: Spectator and partaker in sports.

Favorite color: Green.
 Favorite Comic Strip: Little Abner.
 Favorite Food: Pork Chops.
 Favorite Subject: Journalism.
 Favorite Movie Star: Spencer Tracy.
 Pet Dislike: When her plans aren't visualized.

Ambition: Licensed embalmer.
 Ideal Boy: Anthonio, big-hearted, courteous, athletic, kind, friendly, and a large boy with a good physique.
 Activities: Secretary-treasurer of senior class, president of Quill and Sewal, leader of pep squad, basketball, and declaiming.
 Prospective college: W. T. S. C., Canyon.

Meet the Faculty

"Mr. and Mrs. J. E. Kirby announce the arrival of a small daughter, Lois, on Sept. 30," read an announcement in a certain newspaper in the small town of Granite, Okla., not many years ago. This daughter is now science teacher at Wheeler school.

Attends School in McLean

To go back to the beginning, Mr. and Mrs. Kirby moved with their small daughter to McLean, where she attended the second grade in 1921. A much changed, much more dignified Lois graduated from grammar school as salutatorian of her class in 1928. The same dignified Lois entered high school the next year.

While in high school, she participated in baseball, volleyball, basketball, debate and declamation. During her junior year she was president of her class; in her senior year she was class secretary.

After graduating from high school as valedictorian, Miss Kirby entered W. T. S. C. at Canyon in 1932. While in college she belonged to the Y. W. C. A. She received her B. S. degree, with a major in chemistry, in 1935. Since then, she has been teaching here.

Ambition is to Become Surgeon

Miss Kirby's ambition is to become a surgeon. And she is more interested in chemistry than any other subject. She does not intend to get married (she says). Semi-classical music and the classical compositions of Chopin are her preference. Jeanette MacDonald and Nelson Eddy are her favorite movie stars.

Charles Dickens is her best liked author and his book, "Tale of Two Cities" is her favorite book. The color she likes most is green, spinach is her favorite food. Cosmopolitan, Red Book, Liberty and Popular Science are the magazines she reads most.

Collecting dogs (not live ones) is her hobby. Miss Kirby has taken piano lessons since she was seven years old and she plays the clarinnet in the band. Her pet dislike is having students talk out in class.

"I think it is all right for the Duke and Duchess of Windsor to come to live in America," she says.

In directing Susan Glaspell's "Alison's House," next play to be presented by the Curtin club at the University of Texas, James H. Parke is requiring each member of the cast to write a biography and character sketch of the person whom he is portraying.

Caught in The Lasso's Noose

Answers to the column questions given last week in the Lasso's Noose are as follows:

1. A pretty green and white cap—Mrs. Jamison.
2. A constant want for chewing gum—Betty Gene Col.
3. A pretty sweater suit in Wheeler school—Oleta Carter.
4. A very becoming grey suit and red cap—Lavell Jaco.
5. That's what we'd like to know—A-plus in English.

Maybe you haven't heard about the little love affair that has been going on right under our noses between DOROTHY MILLS and BOBBY GROVES. It really is getting quite serious. (Watch your step, children!)

There seemed to be a lot of requests for J. B. CROWDER at amateur night. On account of his curly locks, they wanted him to play the part of Shirley Temple.

MISS ADDISON knows her English, history and journalism, but she seems to have fallen down in her geography; she couldn't even think what country Brazil is in.

It seems awkward for ELVA BELLE to be practicing boxing. This is a warning, boys. Watch out for her.

Ruth Faust (in current events discussion). What do you call that kind of storm where the waters come over the land?

Betty Gene: A flood.
 Irene: My tootsie wootsie's are cold.
 Elva Belle: What about your toes?

Anybody wanting a visitor for Thanksgiving dinner would not have had much trouble finding one. Mr. Roach was sent asking the journalism class if he could eat dinner with them.

Willie Jean certainly had a bright smile on her face when she found out that Bartow Riley was on the bus last Monday morning.

We wonder why Marilyn is calling Marion "T. S." and Marion calling Marilyn "T. J."

The following poem was given to the LASSO'S NOOSE by a faithful reader of this column: Mary had a little lamb. It's fleece was white as cotton. And every where that Mary went The lamb would come a-trotting'.

Who would ever believe that a certain little blond-haired freshman girl would make below 90 in deportment. She seems to everyone to be very demure. It will happen though.

Spanish Feast Held Without Any Boys

Miss Beulah Hubbard Delivers Chief Address

Did you ever attend a banquet with no boys present?

Such a banquet was held by the Spanish club last Tuesday night in the basement of the Methodist church.

Ethel Clare Ramey was the toast-alma maestra or toast mistress. The orator, main speaker of the evening, was Miss Beulah Hubbard, who has been in Cuba and Mexico, Spanish-speaking countries.

Red, white and green decorations, Spain's national flag of these colors, and their national flowers, the poinsettias, decorated the table.

"America," "The Death of the Mule," "The Eyes of Texas" and "Goodnight Ladies" were sung in Spanish by the club.

Elizabeth Balch told "Why We Study Spanish," "Lascas" was read by Ruth Faust.

Tomato cocktail, hot tamales, marshmallow and jelly salad, beans, deviled eggs, hot buns and butter, hot chocolate and coffee and lemon shortcake were served to Mary Belle Johnston, Margie Bowers.

Ethel Clare Ramey, Ruth Faust, Presley Guynes, Frances Noah, Joyce Faust, Lois Fieck, Elizabeth Balch, Edis Manney, Mads McClain, Miss Beulah Hubbard, Miss Winona Adams, Miss Bernice Addison, Miss Lois Kirby and the Spanish sponsor, Mrs. J. L. Gilmore.

FROM OTHER BRANDING IRONS

Byron White, of Colorado university, and California's Johnny Meek of the Golden Bears are considered as the most outstanding quarterbacks of the 1937 season.

There are eight million school boys and girls in America who are members of the Junior Red Cross.

Texas Tech's livestock judging team, winners of the national American Royal contest at Kansas City, left for Chicago last Saturday where they will make a bid for world honors in the International Livestock show.

Kisses may shorten life in a man but life in a man doesn't shorten kisses.

Girls are like newspapers because: They are healthier and stronger than they used to be.

They have many type faces. They are worth looking over. Back numbers aren't in demand. They try hard to be up-to-date. They aren't afraid to speak their minds.

They can make or break a man. They have much influence. A little color helps their looks. They carry news wherever they go. If they know anything, they tell it. Every guy should have one of his own and leave the neighbor's alone.

Good high school grades serve the college freshman in good stead, it is indicated by a recent survey of last year's freshman class at the University of Texas. Ninety per cent of the new students who graduated in the first quarter of their high school class made the required university average in at least four courses.

COLTS

Melba Barnes and Inetta Maxwell led for the highest grade on the seventh grade six-week's test in English, so each of these girls received a merit card.

Pupils from the sixth and seventh grades are preparing a Christmas program to be given the night of Dec. 21 in the gymnasium. The entertainment will consist of readings, trumpet solos, the song "Star of the East" by a group of girls, and a play entitled "Xmas Gifts."

Charges will be 5 cents for those below high school and 10 cents for all others. Proceeds will be used to buy library books for the intermediate-grade libraries.

Please watch the Corral for further announcements, as those participating will be listed later.

One group in the first grade has started in a new reader. In spelling when they don't miss a word, they get to ride the train. If they miss a word they have to get off at that station.

Patsy Wiley of the third grade gave six jig-saw puzzles to the class. They are finishing all work that was started previously, getting ready for Christmas.

Officers of the Citizenship club for the fourth B have been elected for the next six weeks. Junior Aher was chosen president; Devon Bragman, vice president and Nedda Joy Pickens, secretary. Alice Mullins was appointed on the committee for the first, Ruthie Mae Mize for the thirty and Charles Hubbard for character study.

Albert Griffin of Decoto, Calif., has enrolled in the fourth grade. This group has started making Christmas decorations.

RAMBLINGS ON THE RANGE

Marilyn Johnston and Marion Smith visited in Shamrock during the Thanksgiving holidays.

Betty Gene Coil went to Pampa Sunday.

Claudia Stinson spent the holidays with friends in Wellington.

Glyn Wicks attended singing at Corn Valley Sunday night.

Oleta Carter went to Kelton Thursday.

Evelyn LaFon visited in Pampa and Amarillo during the holidays.

Aline Coleman went to Mobeetie Sunday.

Dorothy Mills spent Friday night with friends in Shamrock.

Willie Dee Lawrence spent Thanksgiving day in Shamrock.

Norma Maxwell was in Kelton Sunday afternoon.

Imogene Jamison had friends visiting her from Miami during the holidays.

Norma Webb was in Shamrock Saturday night and Sunday afternoon.

Oleta Cordell spent the holidays in Shattuck, Okla.

Verna Greenhouse spent the holidays in Perrytown.

Dorothy Gene Dixon had friends visiting her during the Thanksgiving holidays.

Lois Fieck visited in Canadian Friday afternoon.

Clifford Young, who has been out of school for several weeks on account of illness, is back in school now.

Meta Bruton was in Shamrock Saturday afternoon.

Calling Children To Be Ready for Xmas and Santa

"Calling all children, calling all children under 70."

Get out your best manners, polish them till they shine. Say "No, no," "Pardon me," "Thank you," and "If you please." Get up in the morning the first time you are called. Wash your face, comb your hair, brush your teeth, and come to the breakfast table sprick and span. Eat all of your hot cereal and smile pleasantly (even if it does hurt).

When you have finished breakfast, begin your morning work immediately. Having finished this, if you are a child of school age, make yourself neat and tidy for school. Enter the study hall quietly and study indistinctly until the bell rings.

Go to your classes prepared to recite on any topic. Answer correctly all questions asked by the instructor. Prepare every lesson of the day in this manner. Smile with delight when the assignments are made (no matter how long or hard they may be).

When school is dismissed, come home at once and begin on your evening chores. When these are done, eat your cereal and pretend you like your spinach. Again drink your milk without a grumble, excuse yourself politely and begin on your assignments for the next day.

Stay at home and have your lessons finished by 9 o'clock. Still smiling, with a pleasant "good night" to all, tuck yourself in bed by 9:30.

If you keep this up three weeks you may relax, for then—it's CHRISTMAS.

WEST TEXAS COLLEGE ASKS INFORMATION ON CORRAL

The Department of Journalism of West Texas State college in Canyon, has written for information about the Corral and for three or four consecutive issues of the paper.

Mary Belle Johnston, editor, and Shirley Mae Swan, typist, sent the following information: "The sponsor's name and her duties, staff offices and officers; printing arrangement, and deadlines."

FLORENCE MERRIMAN GIVES READERS DIGEST TO LIBRARY

Miss Florence Merriman contributed about eight copies of the Readers Digest to the school library on Monday of last week.

Mrs. J. L. Gilmore, librarian instructor, is very pleased with this contribution. Any material given to the library is greatly appreciated.

2 Holidays Given for Thanksgiving

Faces of the students in the study hall beamed with delight at the thought of a four-day holiday for Thanksgiving. This gave them ample time to digest all the "over load" of turkey on Thanksgiving Day.

Freshman students who attended the University of Texas last year numbered 1,640.

The library at the University of Texas has 531,454 volumes, making it the largest and most important library in the South.

Texas public schools received 12,005 books of library materials from the Extension Loan Library of the University of Texas last year.

FUTURE FARMERS OF AMERICA

Conducted by W. C. Zirkle Vocational Agriculture Instructor

W. C. Zirkle started last Monday that the Wheeler F. F. A. chapter has received \$685.25 from the Canadian Valley Production Credit association, at Canadian, Texas. These funds are to be used in financing the pig and calf projects that are being carried on by the Wheeler F. F. A. boys this year.

The boys who borrowed this money will pay 5% interest for the use of it. They will have to repay it the first of April. Twenty-three boys have borrowed money.

The entire chapter entertained the Home Economics club Tuesday night at the agriculture building.

The chapter took three teams of basketball players to Shamrock last Wednesday to play the Shamrock boys in several games of basketball.

Hornets to Invade Mustang Lair for Return Game Dec. 7

Annual Wheeler Tourney Will Be Jan. 7-8—Winners to Receive Prizes

The Mustangs are preparing for the Hornets invasion which will be Dec. 7. This will be the second game of the season for the Wheeler Five. The Mustangs have been practicing for the last three weeks.

Coach Clinton Meek of Mobetie states that he has a good ball club and expects a favorable year.

The third annual tournament will be held at Wheeler Jan. 7-8. First, second and consolation winners will be given prizes.

The first tournament was Jan. 3-4, 1936. The Wheeler boys took the honors for third place, while Canadian defeated Mobetie for first place. The Wheeler girls were nosed out in the semi-finals by Allison.

The second tournament was held Jan. 1 and 2, 1937, with 22 teams entered. Quail boys won the first place trophy and the Wheeler B team won second place.

FRESHMAN HISTORY STUDENTS MAKE PROJECT SCRAP BOOKS

Students in the freshman history classes of Miss Bernie Addison are making a scrap book on their project this six weeks. The A section chose Jewell Young to have charge of their scrap book; B section selected Will Dew Lawrence.

Each student is to give his class representative newspaper and magazine clippings of current events in the countries they are studying. Among these places are: Egypt, Greece, Italy, Spain, Palestine and Africa.

At the end of the school term the scrapbooks are to be judged as to which is better.

LOW FIRST STUDENTS MAKE HIGHEST GRADES

(Continued from First Page)

Edith Ashley, named on Committee
Edith Ashley, former editor of the Corral and ex-student of Wheeler high school, was one of the committee chairmen when Cousins Hill of Canyon entertained with a Thanksgiving dance and theater party.

The third grade, A's and B's were made by Leon Weatherly, Benny Westmoreland, Violet Cowden, Josephine Noah and Patsy Wiley.

Bill David Currie made all A's in the fourth grade. A's and B's were made by Chester Anglin, Guinn Parker, Dolores Watson, Garland Foshee, Mary Frances George, Mary Lee Reid, Nelda Jean Stinson, Elmer Tolliver, Lula Jewel Walker and Nelda Joy Pickens.

A's were made by Lois Polk and Louise Tillman in the fifth grade. Jean Hall, Sammy May, R. J. Holt, Lewis Craig, Guy Ed Crossland, Janelle Crouder, Barroll Pettit and Arnie Weatherly.

Jane Ruth Waters and Helen Sims made A's and B's in the sixth grade. Harold Callans, Hiram Whitener and S. D. Miller made A's and B's in the seventh grade.

Teams to Enter in Kelton Tournament

Wheeler high school will be represented in the annual Kelton tournament Dec. 10-11. Both girls' and boys' teams will be entered in senior competition. All the surrounding towns are expected to compete.

Neither of the teams placed in the Kelton tournament last year, although the boys' squad was runner-up for the consolation trophy.

Last year the Kelton team beat the Mustangs in the finals of the county tournament and the Mustangs hope to get a chance at them this year to get revenge.

Sage Blossoms

"The Keeper of the Bees," by the beloved American author, Gene Stratton-Porter, is a story which should be of interest to every one. It is about a man who fought in the late World War.

After the war he returned to the United States where he was confined to a hospital. He stays here for two years, the doctors tell him there is no chance of his recovery. They plan to have him placed in a hospital for the tubercular. He hears of their plans and runs away from the place.

This book is appealing because it is true to life. It is the story of one of the many who faced similar situations. Juniors who read it will receive three points on their English.

"Green" Freshmen Look Onward Ever

When freshmen enter college they are said to be "green." It is just about the same when enrolling in high school. The freshmen from small schools do not know their way around. They are ignored by the seniors. Constantly they were giggling and laughing "kind of silly," which sometimes gives people the wrong impression.

They too, like the sophomores and juniors, dream of the day when they too will be seniors so they can be the most important class in school. If, however, they go "onward ever, backward never," they will finally reach the coveted goal of seniorhood.

SPARKS FROM THE CAMPFIRE

Cheerfulness or joyfulness is the atmosphere under which all things thrive.

Observe thyself as thy greatest enemy would do; so shalt thou be thy greatest friend.

Mental blindness is worse than sightless eyes.

Perfect valor is to do without a witness all that we could do before the whole world.

They are never alone who are accompanied by noble thoughts.

Out of the lowest depth there is a path to the loftiest height.

No one is useless in the world who lightens the burden of it for someone else.

SPORT SLANTS

By a Mustang

Basketball teams of Wheeler high school will visit the Kelton tournament. It is not known what type of competition will be found at this tournament as it is the first of the season. However, it is expected there will be several first class ball clubs attending. Both of Wheeler's teams should be in good shape although they are inexperienced.

The championship of Districts 3B and 4B will be decided when the Wellington Skyrocks meet the battling Spur team. Spur and Flomot were tied for first place in their hotly contested district. Spur protested Flomot and the Longhorns were ruled out because a regular tie had not made enough credits last year.

If the game is played in the Panhandle, the Skyrocks will whip Spur, but if the Rockets go down in enemy territory the game will be a toss-up with the breaks deciding the game.

Flomot Longhorns, last year's runner-up in the region I title, were ruled ineligible by a district committee last week because they were playing a man who was not up to par in his scholastic standing. They won the bi-district title from the Mustangs at Mustard last year on a field knee-peg in mud.

Panhandle is again favored to win their fourth bi-district title. They meet the Tulsa Horns in the deciding game this week end, while the Wellington Skyrocks are doped to beat the Spur eleven as the contender for the Regional I blue ribbon.

Amarillo is steadily marching toward her fourth consecutive state championship. They meet Wichita Falls in a bi-district play off tomorrow. Wichita Falls won their district over Vernon when a committee ruled Quannah ineligible.

The first tournament for the local quintet will be at Kelton on the 10 and 11 of December. They played their first game of the season Wednesday night in Mobetie against the Mobetie five.

Wheeler for a return engagement with the Mustangs next Tuesday night at the local gymnasium. There has been basketball rivalry between these two teams ever since the game has come to this sector of the country. For the last two years the Mustangs have had an edge over the Hornets, although the games were always very close. This year there will still be close scores.

My nomination for the sorriest bit of journalism ever to be published in the Corral (you know the one I am thinking of) but in case there is a doubt in your mind—it is the Snubbing Column.

The column is always about the Snubbing Post writer's latest flame or girl friend and it gets on my nerves. For example, last week there was an item stating this reporter's vote for the most popular boy, and that certain writer was seen at a party with him that very same week.
