## Another Lot Leave for Training Camp

Seven Men from County Start Late Today for Ft. Bliss to Enter Year's Military Duty

Assembling at the court house here preparatory to departure, seven more men from Wheeler county left late this afternoon for Ft. Bliss, near El Paso, where they will enter a year's military training as a part of the nation-wide preparedness program now in progress.

Of this group, one is a volunteer under 21, therefore not in the draft age limit, and two others who were enrolled for selective service are also volunteers.

The men and their addresses are Thomas Lafayette Bond, Mobeetie, volunteer under 21; 225—James Newton Ruff, Shamrock, 233—Dave Monroe Gabriel, Mobeetie, both enrollee volunteers; 510—Carlton Ray Murrell, Mobeetie; 138—Arch Ware, Mobeetie; 163—Neville Lee Dillon, Allison; 173—Edward Paul Cadra, Shamrock.

To date, Wheeler county is short three men of its quota, according to information released at the selective service office in the court house here. This is due, it was explained, to the rejection of one man each in the last two groups sent and the return of a replacement found unfit for service who was to fill one of the rejected men's places.

### More Questionnaires

On Wednesday and Thursday of last week, another batch of questionnaires, from 351 to 399 inclusive, were mailed out to registrants. Actually, only 48 quiz papers were mailed, since one man, James Lonnie Powell, No. 362, had already volunteered and entered service. The list follows:

- 351—Jasper Edward Bailey.
- 352—Robert Franklin Frye.
- 353—James Andrew Orrick.
- 354—Edgar A. Parks.

## NASH APPLIANCE HAS VERY SUCCESSFUL PICTURE SHOW

Featuring Case tractors and implements, a free picture show for farmers and their families was presented Tuesday night at the Rogue Theatre with the Nash Appliance & Supply Co., local Case distributors, as sponsors. A capacity house greeted the showing of tractors and attachments in technicolor and listened attentively to the features of the Case line extolled.

## E. R. Jones Sells Out and Moves to Lubbock

Mr. and Mrs. E. R. Jones and children left Wednesday for Lubbock, where they plan to make their home. W. W. Adams bought their residence and acreage in the south part of town and they sold their teams and farming equipment to Curtis Pond, who has rented the place and expects to move this week.

Mr. and Mrs. Jones, and especially their son and daughter, Travis and Miss Helena, regret leaving Wheeler because of their many friends here and extend an invitation to visit them in the new home.

## SOUTHWEST TELEPHONE FOLK MEET HERE SATURDAY NIGHT

The Southwestern Telephone Workers union met Saturday night at a call meeting in the Wheeler district court room.

Officials and employees present were Guy Shelly, Clarendon; W. W. Jenkins, Memphis; A. A. Denney, Guyton, Okla.; Joe Darden, Wellington; Vaughn Shaffner, Arnett, Okla.; A. V. Hill, Beaver, Okla.; "Dad" Landrum, Vega; Twig Greenwood, Buffalo, Okla.; Frank Winn, Perryton; Emmet Fondron, Panhandle; Mr. Collins, Shattuck, Okla., and Harold Shively, Wheeler.

## Texan Publisher Goes to Oklahoma Location

Albert Cooper Takes Charge Newspapers at Hugo—Continues Shamrock Holdings

Albert Cooper, publisher of the Shamrock Texan, announced last Thursday that he had made arrangements to take over the management of the Hugo Daily News and the Weekly Husonian-Democrat, at Hugo, Okla., effective this week. He said he will continue his ownership of controlling interest in the Texan and will divide his time between Shamrock and Hugo.

He plans to spend most of the next two or three months at Hugo, familiarizing himself with his new duties, but Shamrock will continue to be his home.

Arval Montgomery and Ted Rogers, who with Cooper purchased the Shamrock newspaper a year ago, will be in charge of the business during Cooper's absence, Montgomery in the editorial and business departments and Rogers the mechanical department.

Both were with The Texan for many years before buying an interest in the business with Cooper.

In taking charge of the Hugo newspapers, Cooper is returning to a familiar field. He entered newspaper work as a carrier boy on the Hugo Daily Husonian 24 years ago. He was later made reporter on the Daily News and then editor. Cooper was manager of the Southeast Oklahoman, weekly published at Hugo, before coming to Shamrock in 1926. His mother still resides at Hugo.

## LETTA'S BEAUTY SHOP IN MOBEETIE NOW OPERATING

Announcement is made elsewhere in this paper that Letta's Beauty Shop at Mobeetie is again in operation and offers some beauty work specials for the next 15 days.

Elsie Roberts of Turkey, who came to Mobeetie from Borger, is the new operator who took charge Monday of this week. Mrs. Roberts has had several years experience in beauty shop work, both as operator and manager.

## Farmers Short Course Dates Just Announced

H. H. Williamson director of extension service for A. and M. college, announces that the week beginning Sunday, July 13, through Friday, July 18, has been selected as the period for the 1941 Farmers' Short Course at the college.

The tentative program sets Sunday, Monday and Tuesday for the farm men and women's programs; Wednesday for agents' conference, and Thursday and Friday for 4-H boys' and girls' programs.

Several nationally known men, including Secretary of Agriculture Claude Wickard, are expected to be present and speak.

Director Williamson, D. L. Weddington, executive assistant, Geo. E. Adams, vice director and state agent, and Mildred Horton, vice director and state home demonstration agent, comprise the executive committee.

The short course program committee consists of Roy Snyder, chairman; L. L. Johnson, Onah Jacks, R. E. Callender, R. G. Burwell, Bess Edwards, Mae Belle Smith and Myrtle Murray.

## DAINTY BASKET OF LOVELY FLOWERS BY MRS. MORTON

The Times office window has enjoyed a splash of pretty color since Monday, when Mrs. T. P. Morton, well-known Wheeler lady, presented a dainty basket of artificial flowers to Mrs. C. G. Miller, local news and society reporter. The basket, composed of crocheted work, was shaped by a stiffening solution and is the handiwork of Mrs. Morton. She purchased the flowers.

## District Scout Court of Honor Big Success

Kellerville First at Wellington Meet, Wheeler Close Second; Local Scouts Receive Awards

The March Court of Honor for District VI, Adobe Walls council, held at Wellington on Tuesday night of this week, was one of the most successful events of its kind ever presented in this section, reports J. Troy Israel, district Scout executive.

A feature of the meeting was the new Honor Ladder, now standard in all districts of the council. A bar for each troop in the district is attached to the ladder, and the honor troop of the month is allowed to hang its bar at the top. Winners are determined on a point system, figured on attendance of Scouts, parents, leaders, uniforming and advancement.

Honor troop for March is No. 70 of Kellerville, which had a rating of 530 points and was closely followed by Troop 72 of Wheeler with 510 points. Troop 70 will retain this rating until the May Court of Honor, which will be held in Shamrock. At that time ratings for all 12 troops will again be figured on the basis of achievement during the two-months period as well as attendance, uniforming and other credits.

Star Scout awards were presented Tuesday night to F. B. Craig, jr., and R. J. Holt, jr., of Wheeler. Both are members of Troop 72, sponsored by the Lions club, with Bernard M. Wilson as Scoutmaster.

Those from Wheeler attending the Wellington meeting were: F. B. Craig, jr., Don Farmer, Junior Ahler, Charles Hubbard, Lewis Craig, R. J. Holt, jr., Elmer Tolliver, Donald Hunt, Jean Hall and Devon Brigran, Scouts; Homer Moss, R. J. Holt and Bernard Wilson, leaders, and Mr. and Mrs. Loyd Lee.

Israel plans to launch a Boy Scout finance campaign here Friday. The present pledge period expires in May, but district officials wish to advance beginning of the fiscal year to March.

## Two Fires on Monday Create Small Losses

After remaining free of property fire for several weeks, two small blazes on Monday of this week created comparatively small losses.

The first blaze occurred Monday forenoon, when the roof of the Crescent Cleaners adjacent to a boiler heater vent pipe ignited but was put out with little or no damage resulting. The fire truck made a run to the location, but Henry Miller, proprietor of the shop, had things under control when the apparatus arrived.

The other fire occurred about 9:30 Monday night, when the small residence house just east of the Tolliver cabins burst into flames from some unknown cause and quickly burned to the ground. It was occupied by the Jim Gibbins family, all of whom had gone to bed except Gibbins, and were forced to flee in their night clothes. Nothing was saved from the building which was owned by Agnes Reynolds. No insurance was carried on building or contents.

The fire truck responded promptly but the fire was too far advanced for anything to be done toward checking it or saving the tinder-dry building.

## ATTENDANCE METER IS NEW METHODIST CHURCH DEVICE

We could not get along these days without water meters, light meters, gas meters and many other kinds of meters that help us to keep a check on things, declares a spokesman for the directors and captains of the Laymen's Loyalty Crusade now in progress at the Methodist church.

And now the Methodist church has installed a new kind of meter—an attendance meter. Those who have previewed this "record keeper" feel it has splendid possibilities. It is arranged to keep an accurate check on an attendance of as many as 240 members and friends for a three-months period.

Directions for its use will be found on the meter. It is simple in its operation—a child will find no difficulty in using it correctly, and adults will find it interesting and helpful.

All members and friends of the church are invited, declares The Times informant, to see the meter at the church Sunday, March 23. If all concerned enter into the use of the meter in a spirit of co-operation, it will undoubtedly prove a valued contribution to the church.

Raymond Hooker of the 18th field artillery at Ft. Sill, Okla., returned Wednesday after a visit with his parents, Mr. and Mrs. S. H. Hooker, and family near Mobeetie. Mrs. Hooker and daughter-in-law, Mrs. S. B. Hooker, took him to Shamrock from where he continued by bus.

## Auto Crashes Follow Shamrock Festivities

One Youth Killed and Two Others Badly Injured in Car Upset—Collision Not Serious

Two auto crashes incident to heavy homeward bound traffic from the Shamrock St. Patrick's Day celebration Monday resulted in death for the occupant of one car and serious injuries for two of his companions. The other accident, reported as a collision, was not serious except to the extent of damage sustained by the cars.

The fatal accident is said to have resulted from a car turning over near the highway barns just north of Shamrock after a tire had blown out. In the machine were six young men from the south part of the county and Miss Dorothy Howard of Miami, whom they were escorting home.

Finis Roden, Shamrock youth, died as a result of injuries received when the car turned over several times following the tire blowout. T. M. Daniels, driver, suffered a fractured skull and it is feared will lose the sight of one eye. Thurman Lee Rives received a fracture of the skull. Other occupants of the car were E. M. Rives, Jack Anderson and Gene Ray, who escaped with minor injuries and shock.

Time of this accident is reported at about 1:30 o'clock.

The second accident is said to have been a collision between a car occupied by W. T. Reynolds and Mr. Burress of Mobeetie and one driven by O. L. Tuttle.

Further particulars, other than that slight injuries were received by the men and both cars were badly damaged, are not available.

This crash occurred a mile south of the Twitty store at about 12:45 o'clock.

## Interesting Address by Oklahoma Senator

United States Senator Josh Lee of Oklahoma brought to the people of Wheeler county and the Texas Panhandle one of the most interesting and informative addresses they have been privileged to hear in a long time, when he appeared at the Clark Auditorium, Shamrock, Sunday night, March 16, to officially open the St. Patrick's Day festivities.

Supt. W. C. Perkins introduced Attorney Clayton Heare of Shamrock, who gave the welcome address to introduce the Panhandle's own state senator, Grady Hazlewood, who presented the speaker of the evening.

Senator Lee prefaced his address with an amusing and interesting sketch of his early life in western Oklahoma, telling of the hardships and privations encountered by a pioneer doctor-farmer's family in the struggle to exist and gain an education, making all the more unique the speaker's position today as one of the nation's foremost orators and a powerful figure in the United States senate.

Lee is heartily in favor of the administration's foreign policy, especially in regard to the lease-lend bill and its aid to Britain. He paid a glowing tribute to President Roosevelt for his firm stand on foreign affairs and unbounded knowledge of world conditions.

Highlight of his speech was reference to England's navy standing between the young American fleet, under Admiral Dewey, and the combined superior fleets of Spain and Germany in the battle of Manila Bay, thereby aiding materially in throwing the tide of battle in favor of the United States. Comparison was made to the present day amazing stand of the crippled British navy against Nazi forces in the English channel, keeping Britain's coast free of invasion and, by so doing, again protecting the United States.

Lee declared the Atlantic Ocean, without the English fleet's resistance, would be transformed from a protecting barrier for this country into a "Highway of Invasion" over which the German, French and Italian navies could sail unhindered to land forces on the inadequately protected 43,000 miles of American seacoast.

At the conclusion of his address, Senator Lee was given a tremendous ovation, every listener rising to pay homage to a great statesman and orator. The Superintendents and Principals association and the St. Patrick's Day committee of Shamrock are to be complimented on bringing so great a speaker to the Panhandle.

Mrs. Tobe Giles and children, Edward and Sue, and Mrs. W. C. Zirkle and son, Larry Don, were Monday dinner guests of Mr. and Mrs. T. M. Dickey in Shamrock and also attended the St. Patrick's celebration.

## NICE GROUP WHEELER FOLK ATTEND JOSH LEE LECTURE

Those from Wheeler attending the lecture by Senator Josh Lee of Oklahoma at Clark auditorium in Shamrock Sunday night were:

Messrs. and Mesdames J. L. Gilmore, D. O. Beene, Frank O. Wofford, F. B. Craig, Max Wiley and Raymon Holt; Misses Clara Finsterwald, Mary Frances Salmon, Beth Stiles, Lucile Chance and Agnes Reynolds; Mrs. J. M. Porter, Mrs. Artie Lee Hunt, Mrs. G. O. McCrohan; Harry Wofford and Bill Miller, Wheeler, and Mr. and Mrs. J. M. Turner, Pampa.

## State Director Says Co-Operation Helpful

Advantages to Selective Service Registrants Stressed by Gen. J. Watt Page

The advantages which come to a Selective Service registrant by closely co-operating with his local board were stressed recently in a statement by General J. Watt Page, state director of Selective Service.

In outlining a few of the most important things for the registrant to remember in his contact with his local board, General Page pointed out that the registrant's full co-operation not only speeds up the machinery of the Selective Service system, but directly benefits the registrant in a number of definite and concrete ways.

"The importance of the registrant keeping in touch with his local board and immediately notifying it when he changes his address and moves from one place to another cannot be exaggerated," General Page declared. "The reason for this is obvious. The registrant who fails in this violates the law, places himself in needless jeopardy, does himself an injustice and causes the local board all kinds of needless trouble."

The state director also emphasized the fact that registrants can save themselves—and their board—much grief by exercising great care in filling out the questionnaire for his classification.

"Every local board has an advisory board," he said, "and the registrant who is in doubt as to how to answer any given question should consult this board and follow its instructions. That's what the advisory board is for. And to advise him on any other puzzling matter, also."

"The registrant who believes he has been placed in the wrong classification and wants to make an appeal has at his service the government appeal agent attached to his local board. This government appeal agent is charged with the duty of protecting the interests of the registrant, as well as those of the government, and to assist and advise him as to the procedure in making an appeal."

The state director complimented the local boards of the state for their understanding and broad sympathy in dealing with individual cases.

"The registrants appreciate it, too," he added, "as witness correspondence and oral comment from them. We don't want any registrant to forget that the local board is his friend and that co-operation works both ways. It makes things much easier for everyone."

## Super Savings Event at Harrell's Variety

Announcement of a new shopping feature by Harrell's 5c to \$1.00 store is made in this issue of The Times. Termed a Super Savings sale, "biggest value event of the season," it will start Saturday morning and continue for one week. A number of leading items are listed in the announcement and scores of others will be found displayed at the store.

## MRS. MCCROHAN TO CANYON AND LUBBOCK ON WEEK END

Mrs. G. O. McCrohan motored to Canyon Friday and attended the teachers' meeting and went to Lubbock that night and visited her sister, Mrs. R. N. Land, and family until Saturday evening when she was accompanied home by Mrs. Raymond Waters and children, Miss Arlie Ruth, Paul and Bill.

The Waters family visited friends and relatives here until Monday when Mr. Waters met them in Shamrock and attended the St. Patrick's celebration, all returning that night.

## Attend Revival at Gem

Mr. and Mrs. C. B. Witt, Mrs. J. F. Witt, Mr. and Mrs. C. R. Weatherly, Mrs. R. H. Forrester, Mrs. Jimmie Mitchner, Mr. and Mrs. Bill Owen, Mrs. Cordie Gill and Mrs. Ernest Balch motored to Gem Sunday evening and attended the closing services of the revival conducted by E. B. Joseph, Hebrew evangelist in the community church.

## Spring Term Court Opens On April 14

Grand and Petit Jury Lists Made Public This Week by Artie Lee Hunt, Court Clerk

Scheduled to begin on Monday, April 14, the regular spring term of district court for Wheeler county will open its seven weeks session on that date with District Judge W. R. Ewing of Pampa, presiding. Artie Lee Hunt, court clerk, this week made public the names of prospective jurors in the approaching term.

At this time indications point to a comparatively light term of court. Only a few new civil matters have been filed so far, according to the court clerk. Prospects for a fairly heavy criminal docket prevail, however. Results of the grand jury's labors will, of course, greatly affect that division of court.

Preferential settings and other data are not available at the moment. In accordance with the usual custom, it is understood, the first and seventh weeks will be non-jury. Names of those drawn for jury duty are as follows:

### Grand Jurors

R. G. Russ, C. F. Pennington, Ernest Lee, Wheeler; R. C. Lewis, A. N. Williams, Shamrock; L. D. McCauley, Ebb Farmer, Clayton C. Kelley, H. J. Finsterwald, Mobeetie; J. E. Steen, Newman Hammer, C. P. Waters, Briscoe; Henry Hink, J. L. Henderson, A. A. Holcomb, Kelton; L. W. Davidson, Texola, Okla.

## LEASE-LEND ROLL CALL

There is food for thought for the country and something to give the administration pause in the roll call on the lease-lend bill. In the first place, although the vote was 60 to 31, it got 17 Republican votes. Had these Republicans, or only 15 of them, voted against the bill, it would have been defeated.

Second, there is the extraordinary large number of split delegations—states with one senator who voted for the bill and one senator who voted against it.

Twenty-one states saw their senators voting against each other. Their very names are impressive: California, Connecticut, Illinois, Iowa, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Mexico, North Carolina, Ohio, Oregon, Pennsylvania, Rhode Island, South Dakota, Vermont, Washington. States in all parts of the country, including many with large populations.

In addition to the states with split delegations, there were five states both of whose senators voted against the bill: Colorado, Idaho, Kansas, North Dakota and Wisconsin. This makes a total of 26 states reflecting doubt about the bill or openly opposed.

And no fewer than seven senators who finally voted for the bill did so only after having previously introduced or supported one or more of the restricting amendments (regarding convoys and use of troops outside the western hemisphere) which failed to pass. They were Senators Lodge, McNary, Ellender, Norris, O'Mahoney, Barbour and Brewster.

The 22 states which cast two votes for the bill include many Southern states with senators who are inclined to go along with the administration as well as some of its sharpest critics. They are: Alabama, Arizona, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maine, Maryland, Mississippi, New Jersey, New York, South Carolina, Tennessee, Texas, Utah, Virginia and Wyoming.

A final observation on the roll call is that not in years has an issue found so many senators recorded. Ninety-one answered to their names. Reed of Kansas and Wagner of New York were announced against and for respectively. West Virginia has a vacancy. Only Thomas of Oklahoma and Van Nuys of Indiana went unrecorded when the clerk called the names.

## OATHS FOR TEACHERS

One of the troublesome by-products of the fear of Communism is a belief that school teachers should be required to swear their loyalty to American institutions—just another silly bit of hysteria which has a tendency to crop up during times of unrest. The belief, however, has found expression in federal legislation and new statutes in a number of states.

Teachers, naturally, resent the requirement because they feel it singles them out as a group toward which

## THAT MEANS ALL OF US

the finger of suspicion is pointed. Advocates of the oath insist that influence impressionable young minds, should give special evidence of their loyalty.

The legislature at Austin has apparently hit upon a compromise solution. It has approved a measure under which teachers would take the same oath of office as other government employees, with no direct reference to any foreign doctrine.

No worthy citizen can find fault with the idea that school teachers should be loyal Americans in the fullest sense of the word. There is plenty of room for argument, of course, regarding the effect an oath of loyalty would have. If a teacher were an agent of Moscow itself, bent on developing Communistic beliefs in young minds, that teacher would be among the first and most willing to take any sort of oath to allay suspicion; such action would merely be living up to the teachings of "ism" organizations.

All of which does not reflect upon the sanctity and efficacy of oaths assumed by honest, sincere persons. Whatever danger may exist in connection with teaching isms in American school rooms, it cannot be cured by merely administering an oath. It is up to the school authorities to carefully scrutinize all text books and reference material used in the schools; then patrons should elect school board members whose loyalty is beyond doubt, and finally, make it their business to know what kind of teachers are employed by those officials.

The best safeguard against disloyal and subversive conduct of school teachers (or any one else) is constant watchfulness by loyal citizens. Regardless of how carefully these agents of discord conceal their true mission, certain signs and actions will inevitably betray them to jealous guardians of American principles.

## FIGURE THIS ONE OUT

An ironical paradox was created by the selective service law, and our other defense measures. They provide for protection against aggression by the "ism" nations. Yet, strangely, we condone an expanding "ism" within our own borders.

The federal government, long before the palpable excuse of defense came into being, adopted a definite policy of promoting Socialization of the privately-owned, publicly-regulated electric utility industry. It backed this policy with propaganda and cash. Huge hydro-electric projects sprang up over the country from the Eastern Seaboard to the Pacific Coast, from Canada to the Gulf of Mexico.

Appropriations for construction of dams and hydro-electric plants were granted under the euphonious labels of navigation, flood control, irrigation, etc. The subsidized "by-product" of these projects, electricity, has resulted in the forced sale of many private electric companies. Citizens who had invested their savings in one of the country's soundest industries, have lost millions, thanks to the "sell or die" tactics used by their own government in eliminating the private companies.

And the end is not yet. The promoters of this program never use the word Socialism. They condemn the "propaganda" of private utilities that still have the temerity to fight for their lives and let the public in on what is happening, before it is too late. The utility industry quaintly believes that if it is to be Socialized, with all that implies to the future of our country, it should be done with the full knowledge and consent of the public!

The paradox of spending millions to establish Socialism at home, while at the same time spending billions to defend ourselves against an alien brand of the same article, does not make sense. A people who are giving the best that is in them to defend what they feel is their way of life, deserve a better break.

## LET'S GROW MORE FOODSTUFF

Wellington needs to go to work to get the food stamp plan in operation here. Frankly I cannot see why the government does not extend this plan to every community and every section that has no defense spending boom. Here we are with a surplus of many products, but too large a number of our own people do not have enough to eat to keep them healthy.

The heart-breaking facts happen to be this: Our warehouses are bulging, but some of our people are hungry. Our granaries are full, but millions are starving in France, Belgium, Holland, Norway, Finland, Denmark, China and many other nations.

Our farmers can produce an even greater amount of foodstuffs, but they are told to keep it down so that the demand will earn them a meager living. Since the government is risking billions, it could risk something to provide food in future days.

Everything else is being urged to run at full capacity, and it is being done on government credit and subsidy. Why not turn the farmers loose? Let them pile up huge, huge surpluses. Guarantee them a living out of it. It is wealth. In time it can be used as such. Wheat, cattle, corn, hogs, etc., are much more real wealth than gold or silver.

Do I think that anything like this will be done? I do not. Unless a negotiated peace comes to pass, I think it is much more likely that we will be eating cornbread and karo syrup.

Meatless days, wheatless days, rigid restrictions on butter, lard, sugar, etc.—I can remember them still. Remembering this, I ask why don't we turn the farmers loose now and guarantee them a living while they are showing the dictators how much they can produce?

These are broad matters, but it would not hurt to write your congressman and your senator demanding that the food stamp plan be extended to this county. It will help in a small way.—Deck Wells in Wellington Leader.

## CO-OPS CAN HELP

Agriculture faces trying times. Only one thing is certain. It will be many a day before any substantial measure of stability or security is again attained. The farmer, like everyone else, is being swept forward on the crest of a wartime economy. Costs are rising around him like angry seas. He is threatened by a labor trek from farm to shipyard unless he pays wages which few farmers can pay and stay in business. The cost of everything he buys, from wearing apparel to tractors, is steadily inching upward.

The farmer must in some measure meet these rising costs by increasing the selling price of his products. There is no doubt that agencies such as the farmer-owned marketing co-operatives will play a vital part in this life and death battle. Members of the marketing co-ops have found in the past that their marketing problems diminish remarkably when placed in the hands of these organizations of their own making, that have no aim in view other than stable markets and fair prices for farm products. They will find them doubly valuable in the future.

## LIMIT TO PATIENCE

News reports tell of a threatened strike by highly paid workers in a big army cantonment, because the contractor in the case has employed some non-union workers—free American citizens who have a right to work.

If the "dollar-a-day" young men who have been conscripted into the army threatened to walk out because they didn't agree with the ideas of a new bunch of conscripts coming into camp, the crackdown would be swift and harsh.

Oklahoma seldom has anything on the Lone Star State, loyal Texans boast. But the Sooners this week passed a constitutional amendment prohibiting deficits by the state legislature. Ever since the World War, Texas has been operating on a deficit basis. Our neighbors have shown the way and it may be a good example to follow.—Panhandle Herald.

Every church has a member or two who seldom attends, never helps with the annual budget or with any of the church activities, but freely complains when officers are elected from among the church's best workers, that they are trying to run the organization.—Tulia Herald.

Hood G. Wills, for the past five years vocational agriculture teacher in the Miami schools, was named to teach agriculture in the Pampa public school system at a recent meeting of the school board. Wills, a graduate of Texas Tech, Lubbock, has made a remarkable success as agriculture instructor in the local schools. His judging teams have placed high in various contests. He will report for duty at Pampa, Sept. 1, 1941.—Miami Chief.

### Class News

The senior play, "Don't Darken My Door," will be presented Tuesday evening, April 8. The class is organizing for the sale of tickets and publicity arrangements. This play is full of laughter, romance and mystery. Members of the cast are really enjoying rehearsals and feel they will be able to furnish genuine entertainment to their audience. Keep the evening of April 8 in mind, and make plans to attend this annual senior play.

The class plans to use proceeds of this play to help defray expenses to Carlsbad, and will appreciate your support. They are determined to give you something for your money. Don't forget "Don't Darken My Door," Tuesday evening, April 8.

The junior play, "Pleased to Meetcha," is also under way and will be presented soon after the senior play. The following cast was chosen by a faculty committee:

Martha Bixby—Inetta Maxwell.  
Betty Bixby—Arlene Reynolds.  
Henry Bixby—Charles B. Sandifer.

### Home Ec. News

All that any of the Home Ec girls are talking about this week is the fact they are losing their teacher, Miss Mary Frances Salmon. Her resignation will take effect this week. The F. H. T. girls are very sorry to lose Miss Salmon and are wishing her every success in her new "work." They have given her this parting admonition: "Don't forget to practice what you preached to us in our Home Ec classes."

### High School Band Notes

Although handicapped by lack of uniforms, the Wheeler high school band did very commendable work in representing its school and town in the St. Patrick's Day parade and massed band concert. Of the 36 members only 25 were able to find a make-shift uniform and march with the band.

The band is quite proud of its four new trombone players—making this section now boast five members. Recently the school purchased a baritone horn for the band.

### Grade School Band

Snappily attired in their trim new uniforms of white slacks and royal blue sweaters decorated with a music emblem, and topped with a white admiral's cap, members of the Wheeler grade school band smartly stepped through their paces at the Irish festival Monday in Shamrock.

The band was handicapped by the fact that the high school group used the bass instrument, but they were very proud of their new bass drum, purchased recently for them.

### Volleyball Game

The Wheeler high school girls' volleyball team played its second games of the season Thursday, March 13, at noon in the local gymnasium. The Kelton girls and their coach were the visitors. They played our girls four games, defeating them three times out of four. These defeats have only served as an incentive for the girls to work harder, and they have promised that it shall not happen again.

### Faculty Entertained

Members of the intermediate department of the grade school entertained members of the faculty and their wives or husbands with a very lovely party in the Home Ec cottage, Monday evening, March 17. The St. Patrick's motif was carried out in the appointments. Miss Mary Frances Salmon was presented with a gift from all the faculty.

### Interscholastic Try-Outs

The local elimination try-outs for declamation, both high school and grade school, and for story telling will be held in the grade school auditorium Monday evening, March 24. At this time a student in each group will be chosen to represent the school in the County Interscholastic League meet at Shamrock, March 28. The public is cordially invited to attend this program.

### Texas History Fun

Mr. Witt wrote several topics on the board and each pupil chose the one they wanted except Kenneth. When he was assigned a topic he said: "Everyone volunteered but me, and so I got drafted!"  
Lowell was late to Texas history and came in without his book. Mr. Witt sent him to the study hall to get it. In about five minutes Lowell stuck his head in at the door and asked if he could come in; he had found his book.

### What They Think About St. Pat's Day

William—"What a headache!"  
Joyce—"Tis a foine toime we did have."  
Marie—"What's a little thing like blistered face and feet!"  
Odena—"How I love the swing!"  
Jackie—"Wish they had one every month!"  
Annie—"I guess it was all right; but, oh, I'm tired!"  
Juanita—"What a sunburn!"  
Carroll—"I can't remember that far back. I've slept since then!"  
John—"Can't remember!"  
Wanda—"It was 'swell'!"  
Oleta—"The bands! Oh, boy!"  
Juanita Sherwood—"Oh, what a carnival! But it got my money!"

Adrian—"It was all right! But the senior play will be more fun!"  
Jocie—"Wish I had a merry mix-up to ride all the time!"  
Waymon—"I don't know!"

### We Wish That—

Thelma Hunter would tell us who her boy friend was Monday?  
We could see Juanita Sherwood and Charles B. together more.  
Shamrock would have more parades.

We could learn all our parts in the senior play.

Everyone had a pretty gold sweater like the band students.

The volleyball girls would not lose another game.

Annie and Juanita would tell us their boy friends' names.

### We Wonder Why—

Tommy Hyatt said "huh" so much Monday?

All the students looked so sleepy Tuesday?

Joyce and Odena's feet are so sore?

J. W. Cordell has two black eyes? Louise Tillman is wearing a certain senior ring?

Thelma Hunter looked so happy Monday?

William came home earlier than he expected Monday night?

Mr. Gilmore and the other teachers didn't have school Monday?

Margie was so thrilled Monday; could Tommy Howell be the answer?

### Orchids—

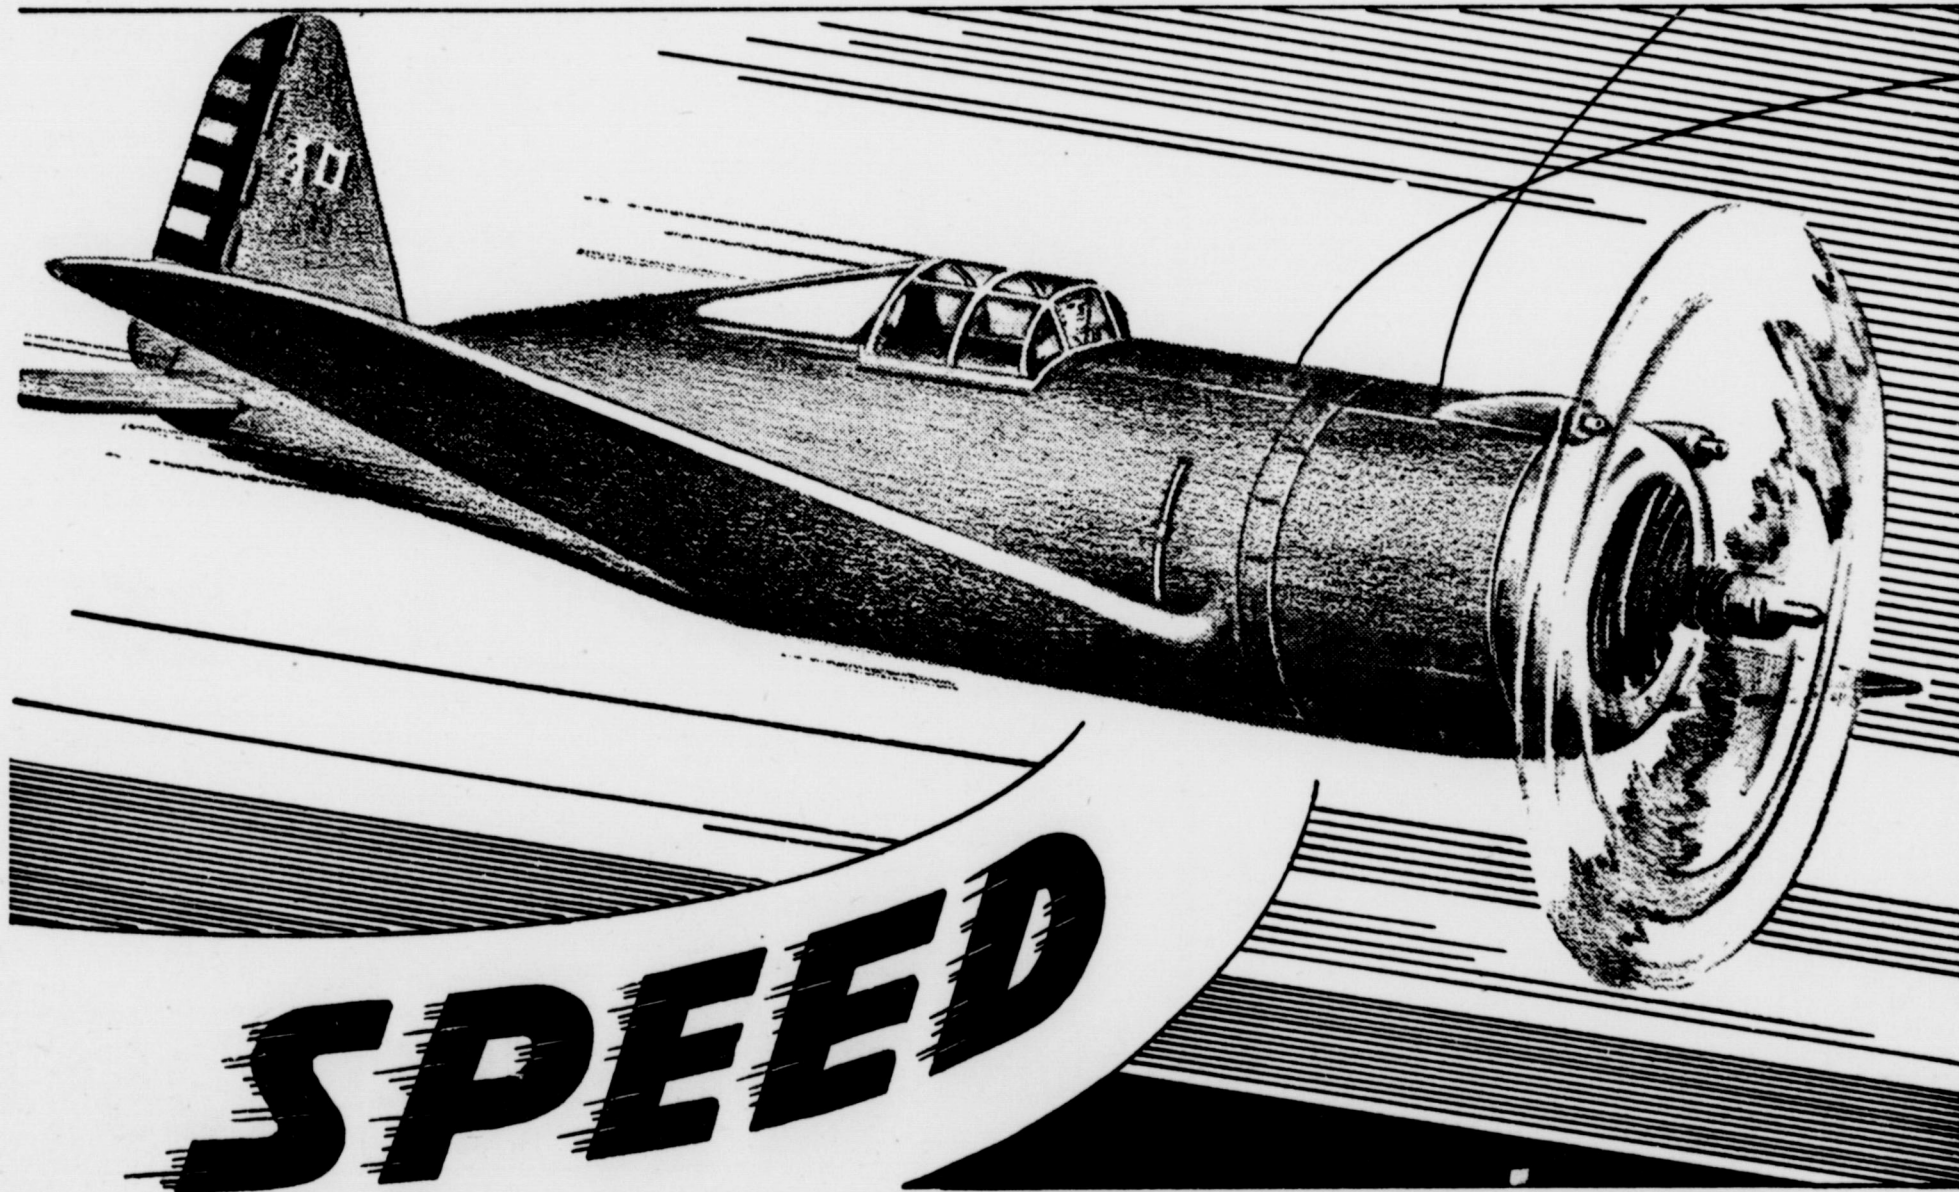

To the band for its good performance in the parade.  
To Lowell for taking his scolding in Texas history as he did.  
To Harry Garrison for being a good boy and drinking his milk.

### Home-Making Hints

By MISS VERA MARTIN  
Home Supervisor, F. S. A.

**"Enriched" Flour and Bread**  
When a kitchen staple undergoes a major change—that's news to the homemaker who keeps up with the times.

White flour and white bread right now are undergoing such a change. They are coming to market in a new "enriched" form with a higher vitamin and mineral content than ordinary white flour or white bread. These vitamins and minerals are valuable from the standpoint of family nutrition—and every homemaker who wants to make sure of getting "enriched" flour and bread should know some of the basic facts about them.

In the following questionnaire, Dr. Louise Stanley, chief of the Bureau of Home Economics, U. S. Department of Agriculture, answers some pertinent questions about the new flour and bread.

Q. How does "enriched" flour differ from ordinary white flour?

A. Nutritionally, it differs in vitamin and mineral content. That is, it must have a certain amount of thiamin chloride (vitamin B-1), nicotinic acid (pellagra-preventive factor), and iron. Two of the other ingredients that may be in the "enriched" flour are calcium and riboflavin.

In taste, the new flour cannot be distinguished from plain white flour. In looks, flour that has been "enriched" by the addition of vitamin and mineral concentrates after it has been milled resembles plain white flour. On the other hand, flour "enriched" by a modification of the milling process so as to retain a larger amount of the grain—particularly those parts richest in vitamins and minerals—will be a light creamy color rather than pure white.

Q. Why were these particular vitamins and minerals selected?

A. They were chosen because they are the food values we logically should expect bread and other flour products to contribute to our diets. They are all present in the original wheat—but are removed in making refined white flour. Chief among nutrients lost are thiamin, nicotinic acid and iron. These may all be added to flour at little or no extra cost. Bread that contains 6 or 8 per cent of mild solids will often come up to the minimum standards for the riboflavin and calcium.

### FACING COTTON'S PROBLEMS

A list of the problems to be studied by the cotton congress at Waco in June attests the miserable plight of that staple. The June meeting will discuss "the carryover of about 14,000,000 bales with foreign markets almost gone; increased competition of synthetic fibers; the policy of the Canadian government in purchasing Brazilian cotton; the increase in the use of soybeans in place of cotton seed."

It is an impressive and dismaying enumeration of cotton's ills, and if the meeting in June can find a solution to just one of the problems, it will have rendered a great service to the South.

If no cotton at all were raised this year, there still would be enough for all normal needs, due to the prodigious number of bales carried over from last season. A product that faces the two-way problem of a big surplus supply and a steadily decreasing demand is on the way to a crisis.

We hope the cotton congress can find the right answers, but there is nothing to encourage such a hope.

### GOOD NEIGHBORS

(By a Times Reader)

What simple fools we Americans be, in the stronghold of world democracy, to deplete our store of natural resources

To feed a vast herd of Trojan horses. Our wise men lend money to foreign nations

To strengthen our friendly foreign relations. While their strong men swagger and gloat

For the opportunity to cut our throat. We have worked long years to amass our wealth.

To acquire our country and preserve our health; Our institutions are free and grand—You will find this obtains in no other land.

It's reserved as a privilege of liberty, Handed down as a trust to you and me.

To preserve and protect for posterity The salvation and hope of humanity. Then why undermine a wonderful nation

To establish a dubious friendly relation With those, who never by thought or deed, Have shown sympathy with American creed?

Their intentions and promises, thin as vapor, Their notes a bunch of worthless paper.

We once were poor then rich for a day, But where will we be if we give it away?

We have lots of good people, who by every stint, Try to get their names into newspaper print;

They send millions of dollars to far foreign lands, While poor folks at home live the best way they can.

Our good neighbor policy, I think, is just grand, But we don't have to search in a far-away land.

When we have something to give, if we try right hard, We find a good neighbor in the next backyard.

### Club Notes

Happenings of Interest by and for Home Demonstration Club Women of the County.

#### Pakan Club Meets Friday Night

"We must learn to build up farm land in our county by trying to maintain a good covering of vegetation. Farming real sandy soil should be avoided, since it is more likely to blow away than produce a crop," was brought out by members of the Pakan Home Demonstration club at a meeting Friday night, March 14, in the home of Mrs. Paul Macina. Programs in the yearbooks were

discussed and plans made. Members who do not have their yearbooks filled out for the remainder of the year, are requested to see Mrs. Paul Macina, program chairman, or Mrs. J. W. Stauffer, member of that committee.

A report from the Texas Agriculture association meeting was given; also of the County Home Demonstration council and the Consumers' Guide.

Those present were Misses Louise Risian and May Ruth Stauffer, Mrs. J. W. Stauffer, Faith Christine and Paul Macina, jr., and the hostess.

The next meeting will be with Mrs. John Hrciar, jr., in Shamrock on Friday afternoon, March 28. All members urged to be present and visitors invited.—MRS. E. A. DEERING, Reporter.

#### Wheeler H. D. Club Meets

The Wheeler Home Demonstration club met Wednesday afternoon in the club room with Mrs. O. O. Sandifer, president, in charge of a brief

business session when Miss Iva Davidson was elected club reporter. A book review on "Magnificent Obsession" was given by Miss Thelma Hunter while the biography of the author, Lloyd C. Douglas, was told by Mrs. J. M. Porter.

Mrs. J. H. Watts and Mrs. Jess Crowder served refreshments to Mesdames O. O. Sandifer, J. M. Porter, J. G. Davidson and J. F. Noah and Misses Thelma Hunter and Iva Davidson.

#### Kansans Visit Relatives Here

Mrs. E. H. Hess and little son, Donnie, and Miss Ruth Beaty of Herington, Kans., came Sunday night to spend the week with their parents, Mr. and Mrs. O. O. Beaty, of Wheeler and to attend the big Irish celebration at Shamrock. They spent Monday night and until Tuesday evening with a brother, George Beaty, at Shamrock and will visit another brother, Lamond Beaty, at Briscoe.

**STITCH AND CHATTER CLUB MEETS WITH MRS. SIVAGE**

Mrs. Annie Sivage was a gracious hostess to members and guests of the Stitch and Chatter club at her home Thursday afternoon of last week. Needlework furnished diversion of the afternoon.

The brief business session was conducted by Mrs. C. R. Weatherly, as Mrs. R. E. Johnson, president, was absent on account of illness.

The club presented the hostess with a lovely gift instead of individual gifts as has been the custom.

Delicious refreshments were served to Mesdames W. L. Gaines, T. P. Morton, W. H. Black, E. D. Guynes, Bill Owen, C. B. Witt, H. E. Cole, W. E. Bowen, Marlow Dill, Fyrmon Martin, Frank Noah, Waylon Pollard, Walter Hooker, C. R. Weatherly and the hostess.

**MISS FINLEY-BUD MARTIN NUPTIALS APRIL 5**

Mrs. B. E. Finley of Pampa announced the engagement and approaching marriage of her daughter, Miss Flora Deen Finley, to Bud Martin of Wheeler at a coffee in the Finley home at 10 o'clock last Saturday morning.

Miss Finley and Mr. Martin will be married April 5 at the First Presbyterian church, Pampa.

The guests were received at the door by Mrs. Finley, Mrs. E. L. Martin, Mrs. C. A. McCann of Oklahoma City, sister of the bridegroom-elect, Mrs. M. L. Ferguson of Corpus Christi, sister of the bride-elect, and Miss Finley.

In the reception room Picardy gladioli were arranged in a white floor urn and a low bowl of white gladioli decorated the piano. In the dining room the lace covered table was centered with a classic arrangement of calla lilies on a mirror reflector on which the names of the betrothed couple and the date of the wedding were lettered in gold. Tall white tapers lighted the centerpiece.

Miss Finley carried a miniature colonial nosegay of pink roses and white carnations.

Miss Finley is a graduate of Pampa high school and the University of Oklahoma where she received her B. A. degree with an English major. While attending Oklahoma university, she was president of the Pi Beta Phi, vice president of Alpha Lambda Delta, national scholastic honorary society for freshmen, treasurer of the Racket club, a member of Y. W. C. A. council, Panhellenic council, varsity volleyball, baseball, and hockey, and Phi Beta Kappa.

Miss Finley received the Chi Delta Phi award for the highest grades in the English department. She is a member of the Pampa Gamma Kappa club from which she is representative to the Council of Clubs.

Martin, son of Mr. and Mrs. E. L. Martin of Oklahoma City, is district attorney of the 31st judicial district. He was graduated from Sayre high school and attended the University of Oklahoma and University of Texas where he received his law degree. He is a member of the Kappa Alpha fraternity.

**TUESDAY DINNER-BRIDGE HONORS MISS SALMON**

Misses Lois Hodges and Sybil Giddens gave a dinner-bridge Tuesday evening complimenting Miss Mary Frances Salmon, who is to marry Wendell Jordan at Commerce on April 6. Miss Salmon won high score award and was also presented with a lovely gift by the hostesses and guests.

Guests were Mesdames Clint Wofford, Inez Garrison, and Misses Tommye Barton, Marguerite Ficke, Clare O'Gorman and the honoree, Miss Salmon, Wheeler, and Mrs. J. M. Salmon, Fort Worth; Miss Rose Erisman, Wellington, and the hostesses, Misses Hodges and Giddens.

**O. E. S. Entertains Deputy**  
Mobeetie chapter No. 554, Order of the Eastern Star, held a special meeting last Wednesday night for the purpose of entertaining the deputy grand matron, Mrs. Inez Montgomery. Mrs. Tiley Hardin, associate matron, presided in the absence of the worthy matron, Mrs. H. E. Matthews.

Mrs. Montgomery, who is from Shamrock, made a very interesting talk. She also brought instructions from the worthy grand matron. The local chapter enjoyed her visit very much and she was highly complimentary.

St. Patrick's Day refreshments were served to 16 members and six guests.

**Teachers' Meet**  
The Mobeetie schools were well represented at the teachers' meeting held in Canyon last week end. Every member of the teaching staff in the local school attended the meeting at least one day and the majority attended both days.

All the instructors reported the meeting as highly educational and very instructive.

Teachers who attended were Mesdames Leonard Green, J. H. Scribner, Lloyd Whitfield, C. C. Porter, Dennis O'Brian, J. A. Neece, M. D. Blankinship, Nolan Satterwhite and St. Marchbanks; Messrs. M. D. Blankinship, J. A. Neece, John N. Plaster and Nolan Satterwhite, and Miss Virginia Crowell.

**Free Senior Entertainment**  
All out for another senior entertainment! But this time, it is a full evening's entertainment free. Everyone is invited to a senior class program of miscellaneous numbers and a one-act play, Tuesday evening, March 25, in the high school gymnasium at 7:45.

Principal purpose of this program, in addition to "showing off" some of the senior talent, is to give away the quilt which was made by mothers of the seniors. This quilt is on display at Gilbert's Dry Goods store and will remain there till Tuesday night. Everyone who has seen it seems quite eager to own this quilt, which will be awarded at the conclusion of Tuesday night's program.

Pete Whitlow of Dimmitt was a business caller here Monday afternoon. He is manager of the local elevator.

Tommy Jones of Canadian transacted business here Saturday.

Miss Pauline Oswald, a student in W. T. S. C., at Canyon, visited her parents, Mr. and Mrs. Bert Oswald, and other relatives and friends this week end.

**Band Enjoys St. Patrick's Day**  
The band students, accompanied by their director and several sponsors, went to Shamrock Monday to appear in the parade there.

Those going were Alva Lee, Tommy Cook, Thelma Hefley, Faye Francis, Jo Rean Moore, Billy Candler, Ewing Barnett, Truman Zybach, Valoree Riley, Lottie Zybach, Bobbie Zybach, R. L. Zybach, Marion J. Williams, Alfred Treadwell, Bobbie Joe Greenhouse, Anita O'Brien, Jo Ann O'Brien, Vernon Savage, Mdeen Wilson and Bobbie Candler.

Everyone had a very enjoyable time.

**Senior Roll Call**  
One of the outstanding senior class members is Bernice Williams, a tall senior girl. She has brown hair and blue eyes. She is always smiling and has a very pleasing personality.

She has played basketball all four years in high school. In 1939 she was awarded a trophy for being the most attractive girl in the Shamrock tournament.

She had an important role in the junior play, "Aunt Minnie from Minnesota," and also plays an important part in the senior play, "Sailor, Take Care."

There are 10 characters in the play. They are: Eddie Bronson, a gale, Bud McCarrroll.

Frances Bronson, a calm before the storm, Alma Waters, Julie Bronson, a tidal wave, Bernice Williams.

Skipper Purnell, the wind in the sails, Alvin Hefley, Susie Purnell, a ripple, Susie Strawbridge.

Tishy Swamscott, a derelict, Tommie Riley, Leonard Peele, a man o'war, R. H. Williams.

Donald Clark, a first mate, Pete Luttrell.

The play will be presented some time in April.

**4-H Club Meets Tuesday**  
The Briscoe 4-H club met Tuesday, March 18, in the grade school library, with the meeting called to order by the president, Mary Ruth Evans resigned as clothing demonstrator and Ladell Atherton was appointed to fill her place. Nelda Bess Barry was elected parliamentarian.

A very interesting report was given by the council delegate. The following demonstrations were given: Dish towel, Ladell Atherton; head scarf, Emilie Seedig; turban, Clara Helen Seedig.

The program consisted of a story by Rozena Helton; song, Lottie Marie Zybach and Mary Ruth Evans; poem, Iris Clepper; codfish tap dance, Betty Jane Barry, and a reading by Maidel Sorensen.

**Assembly Notes**  
The program last week was sponsored by Mrs. A. D. Barry and was composed entirely of declaimers who will go to the county meet at Shamrock, March 28 and 29. Those taking part and their subjects were: Vernon Savage—"Dur Democracy," Iris Clepper—"House by the Side of the Road," Thelma Hefley—"The Unknown Soldier," Arnell Sorensen—"America for Me."

Mr. Mohr conducted choral singing by the grades, followed by assembly singing.

Assembly program this week will be in the form of a declamation contest.

**Personality of the Week**  
Short freshman girl; black hair and black eyes; well-liked. Name—Estelle Aderholt.

**Characteristics**  
An average height sophomore girl; dark hair, grey eyes. A new student, but formerly a B. H. S. student. She doesn't take part in athletics and is very quiet.

A short freshman boy; grey eyes and brown hair; takes part in dramatics, plays tennis and is an outstanding member of the freshman class. He is very likeable.

Short senior boy; has brown hair and grey eyes, plays tennis. Sometimes very loud, goes with a certain junior girl and has a very pleasing personality.

Answers to last week: Ela Sweetnam, Billy Cowan and Marie Finsterwald.

##### My Version

A tide of wars demolish the qualities of advance civilization. It tramples mankind under in its desperate attempt to rule the world. Human lives become only a trifle as this great tide sweeps onward. It demoralizes the minds of the people, turning their ideas and actions toward one goal, which is also the law of the beast of the jungles—the strongest shall survive, the weakest perish. Are we to be compared to them?

Man was given a brain capable of reasoning. Was this given to him for the purpose of helping him to reason out means by which to destroy humanity and civilization? The general trend of the past generations has been toward a more highly developed reasoning power rather than a physical Hercules.

Is the destruction of valuable works and human lives an illustration of this? Some seem to think so. When you consider how the United States is divided into 48 states so as to improve the efficiency of its government, try to imagine the whole world under one head.

War is a direct step toward the return of mankind to the primitive stage, when he was compelled to live by his strength among the other animals of the land. He lived by his ability to wield his crude weapons in defense as well as for obtaining food.

It wasn't until man began comparing his talents with his neighbors, that we find the existence of quarrels. It spread from persons to states, from quarrels to fights. Now, we find nations at war with one another; totally destroying years of planning and accomplishments in an effort to settle a small dispute.

Now let me ask you—is war an accomplishment of the world's backing of educational institutions, scientific research work, recreational centers, progressive inventions, etc.? If it is I prefer to move back several centuries and live with my "cave-man" ancestors.

##### PERSONALITIES

###### Senior

Name—Max Britt.  
 Age—17.  
 Years in K. H. S.—3.  
 Favorite Subject—Agriculture.  
 Favorite Actress—Margaret Sul-lavan.  
 Favorite Actor—Clark Gable.  
 Favorite Sport—Football.  
 Likes—Pretty girls.  
 Dislikes—Staying home.  
 Ambition—Rancher.

###### Sports

The girls journeyed to Wheeler Thursday to play their girls. They played four games and were victorious in three.

Those composing the main teams are: Marvella Wallis, Leona Mooney, Juanita Garner, Norma Dee Robertson, Vergie Burks and Winona Red. They have a very promising team and the outlook is good for going places.

###### Senior News

All the senior class members are wishing Ton and Francine the best of luck and many years of happiness in their marriage. They were mar-

ried Saturday, March 8. They plan on finishing school this term. The seniors are very proud of their colleen contestant, Norma Dee Robertson. She won the title of Kelton colleen with a large majority of votes, although she was defeated in the St. Patrick's celebration contest. We wish that Weldon and Max would get together on their disturbance in English class. They can't succeed by fighting each other! The seniors reported a grand time at the Shamrock celebration. Some of them didn't need to report it, as we all could see next morning.

##### Junior News

Leona is getting so ambitious with her geometry that she stays up at Mr. Brawley's desk half the period. Juliette and Winona were visitors at Center Wednesday. (Naughty, naughty, naughty).

Can anyone imagine the juniors having a chance to hold a class meeting and not doing so? It seems funny that they won't even have a class party this year.

We are fighting valiantly for the "privilege" of going to Carlsbad with the seniors. We wonder if they don't want our company?

We wonder if Mr. Brown would mind hurting Verna Mae's feelings once in a while. But remember, she does like to play volleyball.

Members of the junior class who are receiving basketball jackets are: Loyd Kenney, Oscar Johnson, Glen Rives, Vergie Burks, Juanita Garner and Juliette Richardson.

The English III class has just finished studying Julius Caesar. Everyone must have liked it fine as we didn't hear any groans.

We will certainly be glad when Louise Hembree comes back to school. We expect her back in a week or two.

##### Sophomore Movie Title Tale

It all began when you placed the ring on my Third Finger, Left Hand. Things were fine on our honeymoon in Bali, but when we got home to our cottage on Hudson Bay, the Hul-labaloo began. You were Slightly Tempted with Too Many Girls around, especially one named Kitty Foyle, called the Nice Girl; therefore You'll Find Out that I Want a Divorce. I'll Escape and go to Arizona with our son, Laddie. I'll take the Night Train from there to Reno and You'll Be Just the Outsider. The Whole Town's Talking now because you were such a Scatterbrain.

##### Ideal Sophomore Boy

Personality—C. L.  
 Hair—Claude.  
 Eyes—Bobby.  
 Teeth—Floyd.  
 Disposition—Lonnie Lee.  
 Talent—Carol.  
 Friendliness—Billie Wayne.  
 Ambitious—Edwin.

##### Home Ec.

Members of the second and third year homemaking classes are sewing and making dresses. The second year girls plan to enter theirs in the style show. First year girls have just completed work on cup towels and are beginning their first real garments.

##### Is It a Fact—

Peggy likes to play volleyball?  
 Miss Traweck takes part in all kinds of sports?  
 Juliette likes to see her name in the paper?  
 Mr. Brawley has ever been to college?  
 Mr. Brown likes to carry letters for Frankie?  
 Winona is crazy about Bryan?  
 Peggy likes to talk of her dates with Loyd and J. D.?  
 Weldon likes play practice?  
 Ton and Francine finally got married?

##### Such Is Life—

The difference between dancing and wrestling is that some holds are barred.

If you don't believe women are wearing fewer clothes today just look at the figures.

Our boss is getting too old for the heavier burdens of business. So they're getting him a lighter stenographer.

Wise Guy (boarding a street car): "Well, Noah, is the ark full?"  
 Conductor: "Nope, we need one more jackass! Come on in."—Maroon Bee.

They nestled by the fireplace. And, oh, he loved her so. That the sparks that fell upon them  
 Felt like little flakes of snow!

##### Seen and Heard—

Vergie and Juanita eating raisins. Sophomore girls chewing bubble gum.  
 Benita and Stella giggling.  
 Vally Mae eating candy in Home Ec. class.  
 Miss Traweck wearing a lot of rouge.  
 C. L. with a knot on his head.  
 Mr. Brawley with a black eye.

##### Funny-bone Ticklers

What did the adhesive tape say to the doctor? "Don't worry about me, I'll stick around."

What did the third floor say to the first floor? "There's a good story between us."

What did one wheel say to the

other? "Why don't you come over and stay with me, I've got a flat?"  
 What did the hole say to the marble? "Drop in some time, Aggie."

What did the faucet say to the water? "All I have to do is to turn around and you run."

What is the lover's favorite vegetable? "Lettuce alone."

##### Wonder If—

Darlene and Opal Joe are friends again?

Stella Mae really blushed when a certain boy kissed her hand?

Frankie is going to settle down on a farm north of Kelton or join the army?

Claude is ever going to turn on his "glamour stuff."

J. D. has really quit worrying about his interest in Shamrock?

Lois' fiance was here to see her last week?

The letter Celestial had was from her boy friend?

Oscar ever gets the blues?

Leona and Vergie are particular who sits in front of them?

Glen was in "Dear Ole Oklahoma?"

##### Uncensored

Who is it that attracts so much attention in English III class? Ah—Claude.

Wonder why some six or seven juniors were so anxious to go see Louise? There seems to be a certain junior boy who misses her terribly!

What did Peggy have planned to do from Friday until Monday?

Reckon Nelle had a date for St. Patrick's Day? Well, it looked that way to us.

Wonder why Sonny was so sleepy Wednesday morning? Seems he must be sorta mixed up in our dates.

Who was Mr. Brown talking about in history when he said, "monkeys look like some people." Well, why not be frank?

##### The Showdown

Hold your horses, tighten your gun belt, pull your hat down, Hopalong Cassidy is in town. The time has come for a showdown. With deuces wild and an ace up his sleeve, Hoppy is here to show them that it is anybody's game and that anything can happen. It is the calm before the storm, and you can bet your bottom dollar that you are going to like The Showdown when it comes to the Rogue, Friday and Saturday, March 21-22.

##### Comrade X

You last saw Clark Gable as Rhett Butler in Gone With the Wind. You will be delighted to see gorgeous Hedy Lamarr in anything. So make your plans now to see them both in their newest picture, Comrade X, which comes to the Rogue Preview, Sunday and Monday, March 22-23-24. This picture has been hailed by motion picture critics as very outstanding and something different from the usual routine. We know that you are going to thoroughly enjoy every foot of it.

##### Gallant Sons

Jackie Cooper, Bonita Granville and Gene Reynolds will be with us Wednesday and Thursday, March 26-27 in a picture called Gallant Sons. Here again we have something of the life, loves and hardships of a couple of kids who get off on the wrong track only to find that it leads to fruition. After a melee of exciting adventures, filled with heartaches and sorrows, they finally stage a comeback which straightens out their tangled lives and puts them on the road to happiness.

## Texas Cotton Ginners Group to San Antonio

**Convention Early in April to Have Many Prominent Speakers and Good Entertainment**

Preparations are completed for holding the largest and most interesting Texas Cotton Ginners' association annual convention in San Antonio April 3, 4 and 5 ever scheduled by the cotton ginners of this state. Approximately 5,000 delegates, composed principally of cotton ginners, oilmill men, affiliated machinery and supply house representatives and their families, are expected to converge on San Antonio for the big meeting.

Emphasis will be placed in the business sessions on successfully dealing with problems confronting the cotton industry today. All business sessions and the extensive list of exhibits will be housed in the Municipal Auditorium located in downtown San Antonio.

The convention dates of April 3, 4 and 5, which fall on Thursday, Friday and Saturday, were carefully selected so that delegates who desire may spend the week end visiting the many places of scenic and historic interest in and about San Antonio. San Antonio's unusual convention and entertainment facilities are expected to contribute much to the increased attendance this year.

An outstanding feature of the three day meeting will be the "Big Show" staged on Friday night, April 4th, titled "A Night in Old Mexico." This entertainment feature will have added significance as it will be typical of Old Mexico, and will be entirely different from any show staged at the past conventions.

Officers of the Texas Cotton Ginners' association are R. R. Ramey, Beaumont, president; W. J. Ely, Snyder, vice president; John C. Thompson, Dallas, executive secretary. Members of the executive committee include: Aubrey L. Lockett, Vernon; H. P. Donigan, White Wright; Max C. Smith, San Marcos; W. L. Bishop, Justin; C. W. Pfluger, Coupland.

Ginners will be pleased to learn that Chas. A. Bennett and F. L. Gerdes, from the U. S. Cotton Ginning Laboratories at Stoneville, Miss., will appear on the program to conduct their now famous ginners' forum. Messrs. Bennett and Gerdes have for years rendered the ginning industry an outstanding and continuing service by virtue of their researches at the laboratories.

Among other speakers who will appear with important messages will be Dr. Simon Williams, research technologist in the Bureau of Industrial Chemistry, University of Texas. The subject of his address is "Selling Texas Cotton to American Mills."

Among several other outstanding speakers will be A. L. Ward of Dallas, director of the educational service of the National Cottonseed Products association.

George Chance of Bryan, who was elected president of the Texas unit of the National Cotton Council of America, at that organization's annual meeting in Augusta, Ga., a few weeks ago, will address the convention on "What the National Cotton Council Means to the Ginning Industry."

**Planting and Care of Trees Get Added Cash**

Take it from a landscape specialist—every farmer in Texas should be familiar with the Triple-A's 1941 provisions for a payment of \$15 to each farm for the planting and maintaining of trees. This payment can be earned over and above the regular soil building allowance.

Sadie Hatfield, specialist in landscape gardening for the A. and M. College Extension service, points out that in every section of Texas trees are needed for shade for the home, the livestock and poultry, and for windbreaks. In some of the wooded sections of Texas this natural protection is used and appreciated, she says, but on the coastal plains and on the plains of West Texas the need is still strongly felt.

Along the coast and in warm sections of Texas it is easy to grow a windbreak of tamarix, which is commonly called athol, athel, and evergreen salt cedar. Then, there are so many varieties of pine trees that there are some pines suited to all sections of Texas. The AAA will pay at the rate of \$4.50 per acre for the planting of pine trees.

On the western plains and in the Panhandle of Texas, hardwood deciduous trees are used in combination with pines and other evergreen trees. AAA payments for hardwood trees are made at the rate of \$6 per acre. Among the trees well adapted to the semi-arid portions of the state are desert willow, salt cedar, elms, ash, honey locust, Russian olive, juniper and red cedar, as well as western yellow pine and Australian pine.

Thus, under the AAA provisions, planting of 2 1/2 acres of hardwood trees or 3 1-3 acres of pine trees would earn the maximum of \$15 which is available in addition to the soil-building allowance for the farm. Additional tree planting could earn additional payments under the soil-building allowance. For the cultivation of forest trees planted between July 1, 1937, and Jan. 1, 1941, the AAA will pay \$1.50 per acre as part of the soil-building allowance for the farm.

Mr. and Mrs. Cliff Bradstreet and Misses Dorothy Elliott, Susie Mae and LaRue Cole spent Monday in Shamrock, attending the St. Patrick's celebration.

**Deadline for Payment Applications March 31**

All applications for payment under the 1940 Agricultural Conservation programs must be signed and in the county offices by March 31. Fred Rennels, assistant administrative officer in charge of the AAA in Texas, has announced.

The deadline applies to payments for soil-building and range-improvement work as well as regular payments under the conservation program, the AAA officials said. The closing date is applicable all over the United States.

To date, 361,628 applications for a total of \$43,314,700 have been certified for payment in the state office out of an anticipated 405,000 applications for \$50,000,000 in payment under the conservation program, Rennels said.

These payments brought to \$71,508,054 the amount received by farmers and ranchmen for co-operating with the 1940 AAA program, Rennels said. Estimates are that the total will reach \$78,775,000. Status of price adjustment payments on the major commodities follows:

Wheat—48,064 applications for \$3,483,285 out of an anticipated 48,100 for \$3,485,000;

Cotton—337,523 applications for \$24,469,982 out of an anticipated 350,000 for \$25,000,000;

Rice—647 applications for \$240,087 out of an anticipated 800 for \$290,000.

Absolutely no extension will be made on the closing date, Rennels declared, and applicants who fail to meet the deadline will not receive payment.

Mr. and Mrs. D. A. Wilcoxson returned Saturday from Canadian where they had been visiting their daughter and husband, Mr. and Mrs. A. T. Davidson, who brought them home and visited briefly with Mrs. Neva Sampson.

## Planting and Care of Trees Get Added Cash

Take it from a landscape specialist—every farmer in Texas should be familiar with the Triple-A's 1941 provisions for a payment of \$15 to each farm for the planting and maintaining of trees. This payment can be earned over and above the regular soil building allowance.

Sadie Hatfield, specialist in landscape gardening for the A. and M. College Extension service, points out that in every section of Texas trees are needed for shade for the home, the livestock and poultry, and for windbreaks. In some of the wooded sections of Texas this natural protection is used and appreciated, she says, but on the coastal plains and on the plains of West Texas the need is still strongly felt.

Along the coast and in warm sections of Texas it is easy to grow a windbreak of tamarix, which is commonly called athol, athel, and evergreen salt cedar. Then, there are so many varieties of pine trees that there are some pines suited to all sections of Texas. The AAA will pay at the rate of \$4.50 per acre for the planting of pine trees.

On the western plains and in the Panhandle of Texas, hardwood deciduous trees are used in combination with pines and other evergreen trees. AAA payments for hardwood trees are made at the rate of \$6 per acre. Among the trees well adapted to the semi-arid portions of the state are desert willow, salt cedar, elms, ash, honey locust, Russian olive, juniper and red cedar, as well as western yellow pine and Australian pine.

Thus, under the AAA provisions, planting of 2 1/2 acres of hardwood trees or 3 1-3 acres of pine trees would earn the maximum of \$15 which is available in addition to the soil-building allowance for the farm. Additional tree planting could earn additional payments under the soil-building allowance. For the cultivation of forest trees planted between July 1, 1937, and Jan. 1, 1941, the AAA will pay \$1.50 per acre as part of the soil-building allowance for the farm.

## CUSTOM HATCHING, \$1.50 PER TRAY

If paid when eggs are set.

This price effective March 25 and will continue balance of season. We buy our eggs from the farms from select flocks, and if all hatcherymen in the U. S. A. would buy from the producers on the farms, instead of producing their own eggs, the price of eggs would be much more than 13c per dozen as it is now. This is something to think about.
