Outstanding leaders in agriculture and milk production, and the governors of many states have been pointing out the dangers involved in undermining our farm output by policies which treat agriculture as a non-essential industry, in comparison with so-called war industries.

It is self evident that any policy which cripples food production, will wreck the whole war program. Men and women have to eat every day before they can produce or fight. We can't keep our promises to our Allies to furnish them food, and at the same time feed this nation, unless the farmer has the manpower and the equipment to raise the crops.

A lost crop season or a lost milk cow involves a time element for replacement, of from one to three years. It is well that these facts are now being impressed on those responsible for future farm policies.

In a recent speech before the American Society of Newspaper Editors, Donald M. Nelson made these thought-provoking remarks: "Our free institutions are meeting their supreme test.

"Our enemies say that free institutions are inefficient; therefore, they have abolished them. They say free labor cannot serve a war economy efficiently; so they have destroyed free labor and made every worker a slave. They say free industry cannot be as useful in a war economy as state-controlled industry; so they have put all industry under tight controls and made of every industrialist a servant. And they say that a free press is a hindrance to a nation which is fighting for its life; so they have destroyed the free press and made of every editor a lackey.

"It is up to us to prove that they are wrong—by showing that our free institutions, our free labor, our free industry and our free press, give us more strength than they can muster through all their controls. We shall prove it in the way of free men, by . . . showing that free men driven by their own loyalty and determination are better than slaves driven by their master's lash."

The free institutions of this country must meet this supreme test or perish. There is no middle ground. No one who knows the history of this nation doubts they will meet it. There has been delay and waste. There has been stupidity in government and industry and in labor. But these are little things, lost in the picture of American achievement.

All our freedoms depend on one another. Without freedom in industry we could not have freedom of labor. Without freedom of press we could not have free, representative government. Dictatorship, by its very nature, must be all-encompassing. It must destroy all freedoms—for all freedoms are its enemy.

We will win this war in the way of free men. And while we are winning it, we must make sure that when the war is over we will have a world in which men can still speak their minds, still do the work they want, still operate their own businesses. That is the kind of world we are fighting for, a world in which every man, no matter what his origin, is free to go as far as his abilities can take him.

The United States is in its present plight because we did not follow the wise advice, "In time of peace, prepare for war."

THROUGH THE JUNGLE

Without regard for the legislature, which had set the salary, the executive director of Old Age Assistance has received a \$1,000 increase a year and other officials of the department have received pay hikes too—and it was 11 months before anybody on the outside found out.

Rep. Ennis Favors' committee also has discovered that one man has been holding two State jobs and drawing two State salaries at the same time—\$250 a month as director of appeals and complaints in the Old Age Assistance department and \$7.50 a day as Senate parliamentarian by appointment of Lieut. Gov. John Lee Smith.

While all this salary-grabbing has been going on, the pension checks to the old people have been cut \$3 a month.

All these facts taken together are sufficient to turn the stomach of a decent citizen.

When your columnist was editing a "country weekly" for a year up in the northeast corner of Arkansas, a traveling man told me about a fellow in the neighboring state. Passenger fare in Missouri was 3 cents a mile—but, on lines less than 100 miles long, 5 cents a mile could be charged, so this chap built more 99-mile railroads than anybody in the history of the world.

He wasn't so much concerned for a fast operating schedule for his trains as he was to hold down construction costs—so, instead of tunneling through a hill or bridging it, he would build around it. Of course, the distance was much greater but he saved a lot of money.

There was a spot on one of his lines where a "jog" of several miles was made to miss a range of hills. Traveling salesman, knowing this, would drop off the slow-moving train, walk across and be waiting to climb back on board when the train got around the hills just to make the train crew mad!

In spite of his economies, the railroad owner had plenty of financial troubles and would get behind in meeting the payroll. One day in Cape Girardeau, he had quite a few drinks and was walking unsteadily along the street when his heel came down on a barrel stave. The stave flew up and hit him in the back of the head. He turned around on wobbly legs, held up a hand and said, "Hold on, boys; I'll pay you off right now."

My favorite wolf story is the one that Baron Munchausen related. This great traveler—and liar—of several centuries ago said he was driving across the Russian steppes in a sleigh when a ferocious wolf gave chase. The baron lashed his horse into a run but the wolf gained ground until his foaming jaws were so close that Munchausen could feel the animal's hot breath on the back of his neck.

Just as the wolf leaped, the baron ducked and the animal went over his head and, landing on the horse's flank, ate clear through the horse and right into the bits—

"And", concluded Munchausen, "I drove the wolf on into Moscow."

Dealers to Give "Point Invoices"

All dealers in foods covered by the meats and fats rationing program have been advised by OPA to give "point invoices" along with their customary dollar and cents invoices for products sold.

Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on the Times' exchange list.

The pathos of war pulled on the heartstrings of nearly every person in Swisher County and each pulled on his pursestrings and gave liberally to the Red Cross War Fund Drive recently conducted. Because of the generosity of the donors and the hard work of the solicitors, this county reached, passed, and kept soaring ahead of its set quota. The good work that the Red Cross does with your money will more than repay you for the amount you gave.—Tulia Herald.

There's a dog over at Pampa that owns, legally and rightfully a ration book that will permit him to buy

not more than 2 1-2 pounds of meat per week. His owner, Tommy Hammond, blind confectionery store operator, says "Frisky" actually needs a pound of meat per day. "Frisky" is a seeing eye dog.—Dalhart Texan.

Trying to arrange the scattered leaves of truth that have fallen since childhood, it is difficult to justify the gruff, tall man who used to sit on the iron park bench throughout the afternoons. He never worked and found constant fault with the world and its people. But to me he symbolized something of strange and unearthly power. He used to hold a magnifying glass between his pipe and the sun, move it slowly until smoke swirled from the bowl.—Mata-dor Tribune.

This draft deferment business certainly has upset men of the 38-45 year bracket. They are trying to determine what vocation is essential, and whether or not they would be deferred if they changed jobs. Thousands of these men are rushing to their local boards, trying to get information. It is with regret that the men are told that regulations are changed so often that whatsoever may be true today will not be true tomorrow. The safe thing is for every man to keep right on doing the job that he knows and in which he is now engaged. When the armed services need men of this age, or it becomes necessary to take married men with children, chances are no job will be considered wholly essential.—Canyon News.

The sale of one of the large ranches in Hemphill county is announced this week by Laurin Hardage, Canadian, one of three administrators for the estate of his father, the late W. H. Hardage. This deal is reported to involve 6,180 acres at \$13 an acre, for a total sum of approximately \$80,000. Gene Howe, Amarillo, owner of the Big Bull ranch, is the purchaser.

The land sold lies between the J. C. Stuler and Sons' Anvil Park ranch, on the west, and the Lake Marvin tract, on the east. It is land W. H. Hardage purchased in 1909 from the late Vas Stickle. Besides Laurin Hardage, two other administrators of the estate are Fred Hardage, and Mrs. Willie Breikeutz, both of Glazier.—Canadian Record.

The Legislative Grapevine BY GRADY HAZELWOOD

(Senator 31st District)

The early life of Lieutenant Governor John Lee Smith, who was recently a Panhandle visitor, should be an inspiration for any boy. Born of humble parents who homesteaded a tract of land near Throckmorton, the present Lieutenant Governor lived from infancy to young manhood in a dug-out. He was nearly 15 years old before he had an opportunity to attend public schools. Now a deep student of history, a profound admirer of such characters as Abraham Lincoln, Thomas Jefferson, Sam Houston and other early pioneers of Texas history, the Lieutenant Governor charts his future upon the ideas and fundamental principles of these great men. After active foreign service in World War I he returned home and successfully ran for County Judge of Throckmorton County. He was elected to the state senate, and while serving his first term, he ran for his present office and was elected. Now he serves as a very able presiding officer of the Senate of the State of Texas. He is Grand Chancellor for the Knights of Pythias for the United States and Canada, and on one occasion conferred the rituals upon President Franklin D. Roosevelt.

Passed last week by the House of Representatives were the banking code and the remission of delinquent taxes bills. Passed by the Senate was the Manford Labor Bill, and also

a bill by the writer which would compel the appointment of a new executive director of the Old Age Assistance Commission within ten days from the effective date of the Act. The bill passed by the vote of 24 to 0, which might indicate how the Senate feels toward this department. Also set for special order for next Tuesday morning is a bill by the writer which would freeze dues and assessments charged by labor unions at pre-war levels: would outlaw strikes or work cessations, and would make it a criminal offense for any representative of a labor union to make false representations concerning work or working conditions in order to induce prospective members to join.

With five members in the army, and needing 25 members present to suspend constitutional rules, it really places a great responsibility on the remaining 26 members to be continuously present. If more than one member is absent the whole senate is thrown out of gear.

Indemnity-Payments for Cotton

The 1943 indemnity-payment program, which will provide a market for up to 35,000 bales of surplus low-grade American cotton, has been announced by the U. S. Department of Agriculture. Through indemnity payments, insulation manufacturers using cotton are able to obtain raw materials at costs which compare more favorably with the costs of other types of raw materials. Manufacturers will receive a payment of nine cents a pound for finished insulation produced according to specifications.

BUSTER WALSER HONORED ON RECENT BIRTHDAY

Mrs. Buster Walser entertained with a dinner Sunday in honor of her husband's birthday anniversary. Those enjoying this occasion were: Mr. and Mrs. Taylor Patterson and children, Mr. and Mrs. J. B. Oglesby and children, Mr. and Mrs. Loyd Anglin and daughter, Mr. and Mrs. D. L. Briley and children of Amarillo, Mr. and Mrs. Tommie Henderson and daughter of Twitty, Mrs. C. H. Clay, Mr. and Mrs. Robert McCain, Mr. and Mrs. Clifton Patterson, Mr. and Mrs. H. H. Walser, the honoree, Buster Walser and the hostess, Mrs. Buster Walser.

STITCH AND CHATTER GROUP MET TUESDAY AFTERNOON

The Stitch and Chatter Club met Tuesday afternoon with Mrs. H. H. Walser as hostess.

The afternoon was spent sewing and visiting and late in the afternoon the hostess served delicious refreshments to Mesdames J. F. Noah, S. P. Hodnett, D. O. Beene, Bill Black, J. F. Witt and C. H. Clay.

The next meeting of the club will be with Mrs. J. F. Witt.

MYRTLE H. D. CLUB LEARNS OF GARDENING

The Myrtle Home Demonstration Club met last Thursday at the home of Mrs. Olen Smith for a demonstration on gardening and patching.

At the close of the meeting, refreshments were served to Mrs. Boyd Burks, Albert Anderson, Troy Miller, Buddy Errington, Elmer Miller, Clayton Callan, W. A. Sorensen and Miss Scales.

COUNTY H. D. AGENT VISITS PAKAN CLUB FRIDAY

"When fastening the belt of a dress do not pin it to keep it from slipping out of the buckle, because this tears the material. After the belt is slipped through the buckle, turn belt back and slip it through the buckle again, this will hold the belt in place." This was pointed out at a meeting of the Pakan Home Demonstration Club by Miss Scales, county home demonstration agent, at the home of Mrs. John Cadra, Friday afternoon, March 26.

Miss Scales showed the group how to patch and darn wool garments so that torn places will not show and yet wear well.

When thread cannot be found to match the torn material, use a hair to darn with as it will not show and will wear many years.

Miss Louise Risian gave a report of the marketing committee and plans for buying and marketing fruits and vegetables this year were discussed.

Plans were made for the next meeting, Thursday night, April 8 with Mrs. Joe Kilman hostess. Subject of program will be, "A Free World" and "World Peace." Visitors always welcome.

Refreshments were served to the following: Mrs. Cecil Seago, Mrs. Ruby Johnson, new members, Mrs. Joe Kilman, Mrs. J. W. Stauffer, Miss Murie Scales of Wheeler, Miss Louise Risian, Miss May Ruth Stauffer, and the hostess.

Mr. and Mrs. D. L. Briley and children of Amarillo spent Sunday night with her parents, Mr. and Mrs. H. H. Walser.

Miss LaVerna Evans Is Bride of Sergeant Willis E Fillingim

Miss LaVerna Evans and Sgt. Willis E. Fillingim were united in marriage March 25 at Wheeler, Texas, by Rev. John A. English, pastor of the Methodist Church. They were attended by the bride's sister, Mary Ruth Evans and Jack Riley.

For her wedding ensemble, the bride chose a beige tan suit with blue accessories.

Mrs. Fillingim teaches the primary grades in the Briscoe School. Sgt. Fillingim is stationed at Camp Adair, Oregon, where he returned Sunday. Mrs. Fillingim plans to continue teaching at Briscoe.

The parents of Sgt. Fillingim live in the Briscoe community.

OLETA MAE CORDELL BRIDE OF LINUEL PETTY

Miss Oleta Mae Cordell, daughter of Mr. and Mrs. Geo. W. Cordell, former Wheeler county residents who now reside in Shattuck, Okla. became the bride of Linuel R. Petty, son of Mr. and Mrs. R. H. Petty of Magic City, Texas, Saturday afternoon, March 27 at 2 p. m.

The single ring ceremony was performed by candle light in the home of Mr. and Mrs. J. F. Chastain of Shattuck, with Rev. C. I. Kenney officiating. The couple stood before an improvised altar attractively decorated with sweet peas and greenery.

The bride wore a pale blue alpaca dress with beige accessories and her corsage was of white carnations.

Mrs. Petty attended school at Magic City and Wheeler. In Wheeler she was a member of the pep squad and volleyball team and served on the Corral, the school paper.

The bridegroom attended school in Arizona, Plainview and Pakan.

Attending the wedding were the bride's parents, Mr. and Mrs. Geo. W. Cordell, Mr. and Mrs. R. H. Petty of Magic City, Texas, Mr. and Mrs. Cliff Johnson of Phoenix, Arizona, Mr. and Mrs. J. F. Chastain, Mrs. J. E. Chastain and Mr. and Mrs. Leo E. Chastain all of Shattuck.

The young couple are at home in Shattuck where he is employed at the Shattuck Motor Company.

SUNSHINE CLUB MET WITH MRS. CLIF MASON

The Sunshine Club met with Mrs. Clifford Mason, March 25.

At the close of the meeting refreshments were served to Mesdames Weldon Weatherly, T. M. Bradstreet, Claude Cox, Jess Moore, G. W. Mason, J. G. Davidson, Arnold Waldo, Floyd Davidson and Miss Iva Davidson.

The next meeting will be April 8 with Mrs. Jess Moore as hostess.

IN APPRECIATION

To the many friends around Wheeler and everywhere who were so sympathetic and offered so many floral tributes, may we take this means of expressing our appreciation and heartfelt gratitude.

The life and energy of George has been stilled and his grin will be missed by us all and his place can never be filled, but we will try to realize that God needed him more than we did. May God Bless all of you.

From his mother, brother, and sister, Mrs. W. J. Warren, Hardy Cadwell, Jr., DeLeon, Texas and Mrs. Odena Bailey, Greenville, Tennessee.

This is the first time this year that we have put our school news in the paper.

We are going to try to give our readers some interesting news, not only of the high school, but of the entire school.

Due to tests and other hindrances our news this week is incomplete, but we will try to have more and better news next week.

Grades I and II

The First and Second grades have a new United States flag which we bought with the money we made at the fair.

We are happy to have Jaunell Mixon from Stratford to enroll in the Second grade.

The three who have the most stars in Spelling in the First grade are: Donal Ray Whiteley, G. W. Kemper, and Philip Dwyer.

Those who are leading in the Second grade are: Ila Carol Bledsoe, Le Wanda Rives, and Almetia Forest.

We have pots with aster and nasturtiums growing in them. Each pupil can watch his own flowers grow.

For the month of March, the First grade painted sailing duck boats; and the Second grade painted Holland scenes.

We Point With Pride to—

Mr. Webster Willoughby, who aside from his duties as superintendent, finds time to plant and care for a Victory garden. He has already planted 200 pounds of Irish potatoes and one-half gallon of onions. He plans to plant 200 more pounds of potatoes, one-fourth acre of corn, sweet potatoes, tomatoes, eggplant,

peppers, cucumbers, and more onions. Mr. Willoughby has covered his potatoes and onions with burs to protect them from frost. He has to haul water to his garden when he waters it.

Because of these things, I think Mr. Willoughby's gardening should serve as an impetus to those of us who have an hour or two of spare time each day. Even though we can't plant a four acre garden, we can have a few tomato plants, some green beans, and perhaps some carrots—So come on—let's garden for victory this spring and be proud we can help keep things rolling on the home front.

Sophomore

We sure seem to be having a hard time, especially those who are taking world history. Everyone thinks outlining is fun. If they don't they might as well, they're stuck.

Everyone enjoyed the theatre party. Aren't they fun though?

We're doing fine! Just think, the same English work book as the Seniors. Diagraming is fun too. Wouldn't it be swell if everyone knew how?

Our class is losing a member. Lori Gillenwater is going to attend school at Allison. The best luck Lois, but we're going to miss you.

Everyone was happily surprised when the marriage of the former Miss Ester Oren to Lt. J. W. Leitner was announced.

The ceremony was solemnized June 20, 1942, at Sebastopol, Calif., in the home of Mrs. F. E. Miller by Rev. Charles Senter.

The bride wore a tan dress with green and brown accessories. Her corsage was of gardenias. The groom, whose home was in Durham, Okla., was stationed in Calif. at the time of the wedding. Both young people are graduates of West Texas State College at Canyon. Mrs. Leitner received her degree in Home Economics and Lt. Leitner received his B. S. degree in Agriculture.

Mrs. Leitner is now Home Making teacher of Kelton High School. The groom is now serving as Lt. in the motor-maintenance branch of the army, stationed at Hoffman, North Carolina.

Lt. Leitner left Sunlay after having spent a ten day furlough with Mrs. Leitner here and his parents who reside at Durham, Okla.

The students of K.H.S. as well as everyone in the community wishes the very best for them.

Junior

We Juniors have had our Senior Class rings ordered for some time but we have received notice that they will not arrive until next fall. Will we be glad when next fall comes!

We certainly hope a lot of our girls make the volley ball team. After all, our class had the majority on the basketball team. By the way, we've ordered our jackets but they haven't come as yet.

Believe it or not; There are only four boys in the Junior Class. They should have a time, eh?

We haven't decided yet whether or not we'll have a play. But we certainly want to have a banquet.

This is the first year we've had to study but believe me we're making up for lost time in Miss Drew's English three and in Mrs. Bledsoe's American History.

Former Graduates

In this column we are going to take the graduates of each year, beginning in 1936, and give something about each one. We suggest that you save this column each week and when we have finished, seven years, you will know the whereabouts of all the graduates of K.H.S. We are going to try to make this the most interesting column of the paper.

Gossip

Has everyone noticed the group pictures of the seniors in the library? It's in the form of a S. We're really proud of our seniors this year.

How does Miss Drew manage to keep the eighth period study hall so quiet? It isn't much of a problem.

Why aren't the seniors having play practice as much as they used to?

Claudine Gipson and Peggy June Kelly seem to have an interest in Erick. Could two certain people be the reason?

Doris Bell—did anyone ever tell you that you were cute? Could it

have been Doyle? Wouldn't it be nice if the girl's jackets were to come in? The girls would be happy anyway.

Someone told us that the reason Carol K. made so good on typing was the letter he received before he took the test. How about it Carol?

How does everyone like the idea of staying out of the school house at noons? They tell me that fresh air and sunshine are good for you.

Senior Personalities

Ray Wright: birthday, June 18, 1925; subject, Economics; teacher, Miss Drew; drink, cherry coke; show, "Gone With The Wind"; actress and actor, Betty Grable, James Cagney; likes, blondes; dislikes, conceited people; ambition, air corps.

Stella Mae Lister: birthday, March 14, 1926; subject, home ec.; teacher, Miss Purnell; drink, cherry coke; show, "Wuthering Heights"; actress, Ilona Massey; actor, Clark Gable; likes, pecan pie; dislikes, conceited people; ambition, dietitian.

Senior News

The Seniors are looking forward to one of greatest events in our lives—graduation. We wish to thank all the teachers for the things they have done that will prepare us for a better future.

We regret that Thomas Joiner had to move and will not be able to graduate with our class.

Our class was really thrilled when we received our group picture. We think it's the best out.

We have been working hard on our play, "Listen to Leon," starring Claude Reivous. We hope to be able to present it by the middle of April.

Our school sold over fourteen dollars worth of stamps and bonds in our bond and stamp drive a few weeks ago. Several families of the community bought bonds which helped our school drive. We are very proud of this.

LET'S NOT CALL IT FOOD RATIONING . . . BUT FOOD SHARING!

Of course, none of us wanted this food rationing business brought upon us; we have nobody but a couple of guys by the name of Adolph and Hirohito to blame for it all. But it's here, and we are all going to make the best of it. There's not a mother's son or daughter of us who begrudges those fighting sons-o-guns on the firing line for victory the food that they must have to bring victory to us and our children. Everyone of us wants to share what food is left after the boys are served and some is given to the Allies. We can count on Wheeler County people falling in line with the food sharing plan in the typical American way.

SCHOOL'S FIRST WEDDING PROVES BIG ATTRACTION

For the first time in the history of the Wheeler Schools, the first wedding was held in the study hall Tuesday, March 30. The teachers were properly shocked, as were the students, when Pauline Miller announced her engagement to Donald Hunt. The couple made their wishes known for a school wedding and plans were made at once for the event to take place.

Harold Callan, a former student of Wheeler High, was chosen to perform the marriage ceremony. The bridesmaid was Celeste Wiley and the best man Tommie Hyatt. Flower girls were Mary Elizabeth Marrs, Louise Whitener, Pauline Dyer, Burdena Barker, Marie Clark, and Nina Merle Pond.

Two vocal numbers were offered by the students, "I Wish I Was Single Again" was rendered by Robert Bean with Mr. Gilmore at the piano, and "Oh, Why Did I Get Married," by Mrs. Wofford, accompanied by Bill Hix and F. B. Craig with their Jew's harps.

Mourners present were Lewis Craig, a student at Wheeler High and Donald's mother, Mrs. D. A. Hunt.

After the ceremony the students accompanied them to "Ma's" where a grand wedding supper of hamburgers was served. They were given a grand send-off with ancient eggs, geometry books, and other useless articles. They plan to spend their honeymoon at Mobeetie and then make their home at Twitty.

The English IV class joins the other students and faculty members in wishing the newly-weds a long and prosperous life.

(APRIL FOOL)

Can You IMAGINE

Marie Clark running over study hall and making a noise, Mary Eliz. sitting quietly at her desk and working, Burdena's hair being tousled and her dress wrinkled, No. 4 bus running a whole week without missing, Iris Conner not playing tricks on someone, Imogene Crowder wearing the same dress twice, Celeste Wiley not always having an answer in Civics, Bill Hix, Carrol Pettit and Louise Tillman not talking in the third period study hall, Burdena Barker not knowing how to chew gum, Mr. Gilmore teaching typing instead of plane geometry, La Rue Cole not knowing how to dress, Bobby Ashley being quiet, Lowell Pendleton's hair being straight and stringy, F. B. Craig being anything but handsome, Mary Eliz. and Naomi's new hair do, making them look anything but attractive, Neva Jane Weatherly's hair being black, Emily Lou not keeping up with the new hair "do's", Mrs. Brown not being friendly, Mrs. Gilmore being tall and having a loud voice, Mrs. Wofford being gawky and gruff, Clyde Guynes coming to school on time, Jimmy not asking "why", Charles Ray not teasing or tormenting someone, Students chewing gum in Mrs. Wofford's, Mrs. Wiley's and Mrs. Brown's classes, Mr. Witt not giving demerits in last period study hall.

Why and Wherefore

Why are the students in bookkeeping not liking class as well? Could it be that bookkeeping is getting harder? Why is the third period study hall so noisy? Could it be that the geometry students are in there? Why do some of the girls look funny? Could it be their new hair do? Why was the Section I Civics class so happy Tuesday morn-

BRISCOE BRONCO

News of Briscoe school activities, community happenings and other matters of interest and information, compiled for The Wheeler Times by the student body and faculty members of the Briscoe schools.

Our Gang Happenings

Did Mary Ruth have a come early and stay late visitor Saturday night? Is Cecil still smiling at the eighth grade girl? Why does M.R.E. like the last period study hall. Could it be because of a senior boy? Margaret Anglin went to Wheeler Saturday night. Hazel Harvey has her tonsils out. We hope she recovers quickly. Does Margaret really care for Bobbie or is she leading him on falsely? Who was the Sophomore girl Ewing was sitting with Monday? Why is Wayne McDonald so blue, could it be because of S.I.D.? It seems the Zybach and Venable case is progressing.

Seen and Heard

Seems as if Peggy's lone ambition is to join the W.A.A.C.'s. Mary Ruth is considering graduating this year; Lottie Marie is quite content with the junior play. She likes to help a certain junior practice; Sammie wishing she wasn't at school Monday. (What did you do Wayne?) Willie complaining about having to work; Someone wanting the snooper to come a snooping. Sammie Practicing making biscuits. (Wonder why?) Evans and Davis have a lot to talk about; Business arithmetic class uninterested in problems of interest. They are nice; Mary Ruth wondering where Jimmy was the sixth period Monday. (What's this! What's this?) The Dougherty and McDonald case is progressing slowly; Bessie has a new beau; High school boys new bracelets and necklaces; Roy Harold imitating animals; High school girls taking exercises; Darville enjoying last period study hall; Zane's frequent visit to last period study hall; Melvin trying to get rid of certain pictures; Jack as a "biscuit inspector"; Separation of certain students in study hall before morning classes; Ewing quit Monday afternoon; Carl and Wane Mc. dressing up Monday evening second period; Thelma blushing in commercial geography Mon.

Senior News

The seniors have started studying McBeth. They are enjoying it very much but are having a hard time getting Gene to understand it. We received a letter from Enid stating that we can have some small pictures made if we wish.

Snooper

Dear Snooper—Did Gene like the show Saturday night?—M.J.W. Dear M.J.W.—I'll say he did especially the "Blonde" girl. Dear Snooper—Will the happy occasion ever come to me like it did to our grade school teach-

ing? Could it be Mr. Gilmore and Mr. Dyer bragged on them? Where were some of the students Friday morning? Were they at the grade school building?

Around School

The juniors have been practicing on their play, "The Crazy Mix-Up". All characters have been selected. The High School students saw the boys at Wheeler when they left for the Army.

The Senior Pictures finally came in Friday. With the arrival of the warm sun shiny spring, the buildings are empty at noon.

The English IV grammar classes are studying paraphrasing, precis and theme writing as well as conjugation of verbs in the subjunctive mood.

MOVIE CHATTER

(By a Rogue)

Apache Trail

Here is a fast moving adventure picture prepared as a screen antidote for war headline blues. Lloyd Nolan, whom you are accustomed to seeing as thug and killer, has been cast in the role of the bad man of the West. Donna Reed plays feminine lead and Fuzzy Knight adds humor. An exceptionally good musical score adds to the general entertainment feature at the Rogue Friday and Saturday.

Yank At Eton

This time it's Mickey in "college"—but it's Eton in England instead of Notre Dame in the U.S.A. Mickey is disappointed. There is resentment. To Mickey the customs prevailing the ancient system of Eton are queer and unfair. There is rebellion, there's sabotage, there's beatings and bullies. But Mickey comes through—wins a horse race, and is hero again. Freddy Bartolomeo (now at Amarillo Air Field) and Ian Hunter have leads in the story. It's a review of teen age boys activities, so with three chances, Preview, Sunday and Monday, you should not miss this one.

Panama Hattie

Ann Southern again makes the screen as "Panama Hattie." But you don't have to depend on her alone for your entertainment. Red Skelton with two other sailors, Rags Ragland and Ben Blue will give you a large, deep laugh. And we don't stop here, Lena Horne, colored star, gives you an appealing, singing-dancing number and then is accompanied by the Berry Brothers. Then there is Dan Daily, Jr., adding the romantic note. Could you ask for more? Why not spend Wednesday or Thursday evening at the local theatre? It will be worth your time and money. We'll be looking for you.

Mr. and Mrs. Wilford Jones and daughter of St. Louis, Okla., attended the funeral of her uncle, Dread Lee, Monday and will remain for a few days visiting her parents, Mr. and Mrs. Frank Lee of Mobeetie.

er?—S. D. Dear S. D.—Yes, I think W. M. will pop the question soon. Dear Snooper—Why doesn't Pat date any girl?—M. H. Dear M. H.—It seems he is trying to choose between E. A. and T. H. Dear Snooper—What does the future hold for me?—E. A. Dear E. A.—You will become acquainted with that pilot you saw Saturday night.

Eighth Grade News

We are glad to see Dorothy Mae back in school; Leola has been bothered with a crick in her neck, wonder way? We girls are enjoying our activities with the high school girls, but the exercise, whew! We have just got our sand table finished in science and are all going to play with cars, airplanes and trains (studying transportation). We enjoy Miss Cox's lectures but not "pop" tests. We wonder why Olen didn't have his arithmetic today? He always has it.

Mobeetie Hi-Life

Matters of interest and information, compiled for The Wheeler Times by the student body and faculty members of the Mobeetie High School.

Don't Miss M'Liss

Over a hundred years ago there was born a man who was destined to make his mark in the field of American literature. This man was Bret Harte. As a writer of thrilling, wholesome Western stories, he had no equal. He was to the West what Mark Twain was to the Mississippi country. Harte sprung into fame with a tale entitled, "The Luck of Roaring Camp." This was followed by many others with flavor of the wide-open spaces and eventually some of his works reached the stage in dramatized form. One of the successful plays made from his stories was "Salomy Jane," which had an enormous vogue. But perhaps the longest-lived of any of his dramatized stories was the famous "M'Liss," which toured the entire United States for over three decades. Some of our most famous theatrical stars of a past era have appeared in the title role of this great play.

"M'Liss" has been made into a motion picture picture on several occasions. Years ago, in the days of silent movies, it was one of Mary Pickford's triumphs; and in recent years Anne Shirley portrayed the role in the talkie version. And again, at some date in the near future, it will be filmed with another popular star, for "M'Liss" is a story that will never die. It contains all the elements of popular appeal: laughter, tears and thrills.

Recently Samuel French, of New York City, had a new and up-to-date version of the play prepared for the use of amateur actors; and it is this version that the Juniors will present.

The cast of characters are: George Smith, the town loafer—Hoyt Dunn; M'Liss, a cute mischievous little tomboy of about eighteen—Glorice Haynes; John Grey, the schoolmaster—L. D. Smith; Yuba Bill, a talkative Westerner—J. W. Creekmore; Mrs. Leona Moffits, the landlady of the "Roarin' Dog" hotel—Imogene Herd; Clytie Moffits, a soft-spoken little country girl—Billie Jean Baird; Bess Starlight, an actress who plays havoc with Yuba Bill's heart—Jewell Eubanks; Clara Hunting, a handsome cultured lady from the city—Lanelle Scribner; Carter Landon, a good looking manly chap in love with Clara Hunting—Stacy Arnold, Judge McSnaggle, a big hearty Westerner who judges according to the "statoots."

Gossip

Lindy Mason and Dorothy Nell Goodnight were seen together on the night of March 13.

Bill Bailey was delightfully surprised when he walked in the Senior room. Bill said that he just came in after her picture but several had a little doubt about this being all he came after.

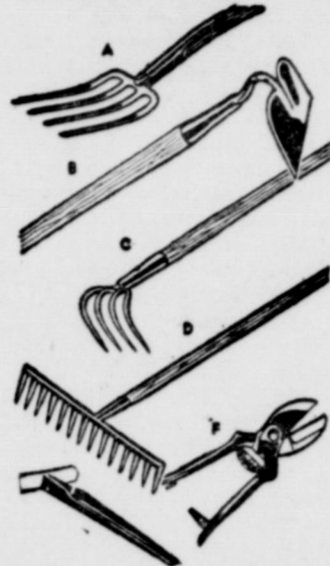

Ray Leonard saw Ellen Hash Friday night. It was a wonderful meeting, so they tell me.

Stacy Arnold was seen courting Claudia Patton Sunday evening. May be you had better watch out Quintis.
