A QUICK READ OF THE NEWS

Bookish mom arrested

A Clearwater, Fla., woman who checked out seven library books to read to her 2-year-old son was handcuffed and arrested when the books became more than a year overdue.

For each book, 22-year-old Sabrina Davis was charged with a count of failing to show up in court to explain the transgression.

The charges were dropped a day later when her boyfriend returned the books. Davis was released after spending a night in jail and promising to pay \$220 in court costs.

Officials said they resort to arrests after a patron fails to heed notices over about 18 months. But most people return the materials once they receive a notice to appear, Assistant City Attorney Rob Surette said.

School's finally O-U-T

It took 41 years, but the McManus children are finally all out of school.

"It'll take a while to get used to it," said mother Carol McManus of Kingsley, Mich. "It's been an interesting life."

It started in 1958 when McManus, now 64, and her husband, Lyle, 65, sent their first daughter, Bonnie, to kindergarten.

The youngest of their 14 children, Andrew, recently graduated from high school. In between came Johnny, Connie, Ronnie, Vonnie, Donny, Timothy — they say they ran out of rhyming options — Christina, Thomas, Pamela, Christopher, Elizabeth and James.

"I thought I'd be really sad when Andy graduated, but I said 'Amen' and 'Hallelujah,'" Carol McManus said.

Muleshoe Pea and Bean grows; EDC may help

By RONN SMITH
Editor

Muleshoe Pea and Bean is in the process of expanding, and the Muleshoe Economic Development Corp. may provide some help.

The company is in the process of adding six full-time jobs and an undetermined number of part-time positions.

Mark Morton, president of the EDC board of directors, said Friday that that while the corporation is always seeking to bring in new businesses, they are also interested in helping what's already here.

"Until we can lure something new here, we felt like helping existing businesses is at least as good," he said. "After all, they helped gen-

erate the money we're using."

The Pea and Bean proposal, which is still in its preliminary stages, would provide the company with a \$60,000 grant, which Morton said is based on adding the six full-time jobs.

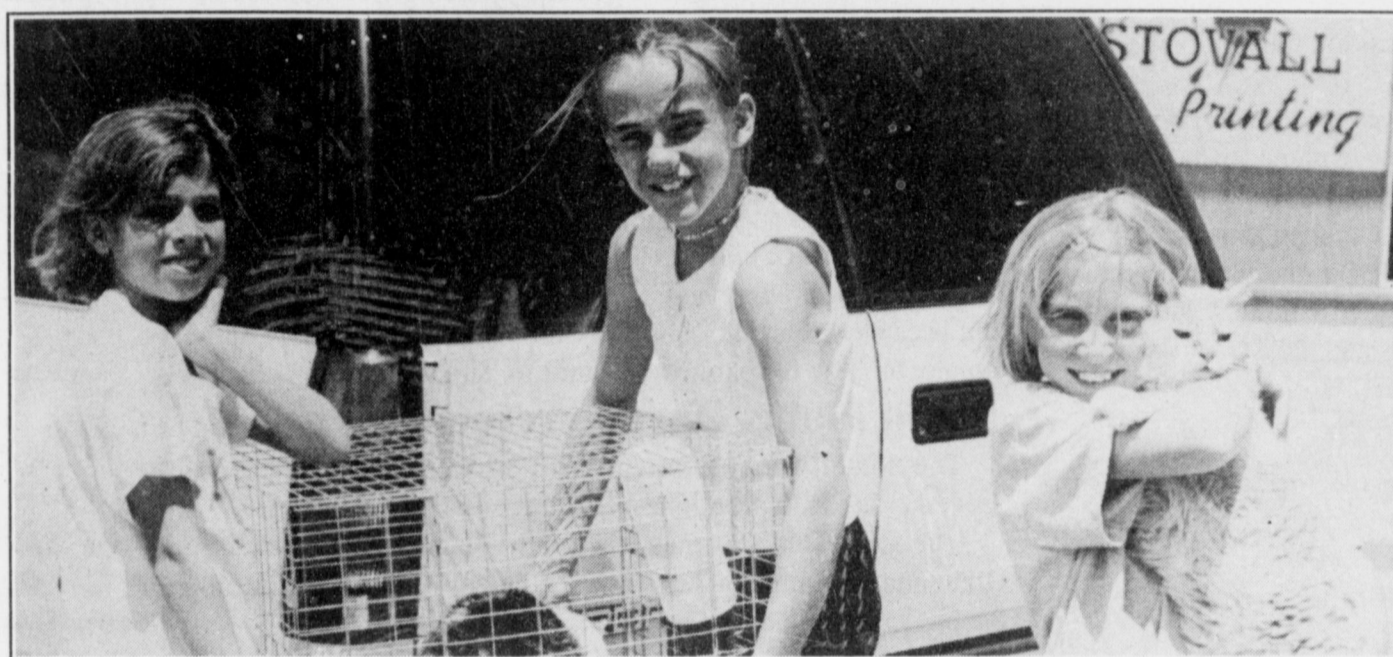

The package also includes a \$200,000 loan to be repaid over 10 years.

Principals in Muleshoe Pea and

Bean are Mike Cleavinger, Nicky Nickles and Ed Nickels. The enterprise began about five years ago as a way for farmers to diversify into crops that don't require as much water as corn, Morton explained.

EDC board members discussed the project briefly during their

Welfare office to fingerprint applicants

The Texas Department of Human Services announced Thursday that its Muleshoe office will begin fingerprinting welfare applicants on June 21.

The program, Lone Star Image System, is part of the state's fraud-prevention system and uses finger image technology to prevent people from receiving duplicate benefits.

All adults applying for either food stamps or Temporary Assistance for Needy Families will be fingerprinted. Minor parents and

minors serving as heads of households also must comply.

"Finger imaging is an effective tool in deterring fraud in assistance programs," Human Services Commissioner Eric M. Bost stated in a press release.

"Our goal is to reduce fraud while preserving the integrity of these important programs," he added. "As stewards of taxpayer funds, it is our responsibility to ensure that dollars go only to the truly needy."

The imaging system has been in

use in the San Antonio region since July and in the Houston region since August. It is scheduled to be in use statewide by the end of the summer.

According to the Human Services Department, Texas is the first state to begin such a fingerprinting program and already has 271,000 clients and household members in its database.

The department says a survey in the Houston area indicates that 89 percent of recipients there support fingerprinting as a good idea, and 85 percent said they think it will help keep applicants honest.

Fiddler Jody Nix to appear in Muleshoe

Fiddle virtuoso Jody Nix of Big Spring will perform in Muleshoe on June 30 as part of the Fourth of July festivities sponsored by Joe's Boot Shop.

Nix, who has recorded "Maiden's Prayer" as well as other fiddle showcases, said last week that he concentrates on traditional country and country swing, along with some Cajun.

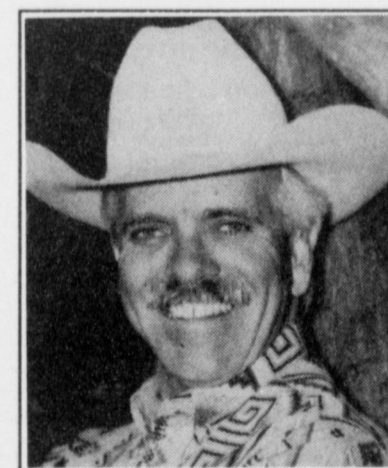

In fact, his latest album (his seventh) is titled simply *Music That I Love*.

"I'm a country boy through and through — always have been, always will be," he said.

Nix has been on the country-music scene all his life (and he'll turn 47 on June 25). His father, Hoyle Nix, was a contemporary of Bob Wills. Along with his band, The West Texas Cowboys, Hoyle Nix helped mold the country sound as it emerged commercially in the 1940s and '50s.

Jody Nix played on Asleep at the Wheel's *Tribute to Bob Wills*, nominated for Country Music Association

State sets hunting seasons for dove, cranes

AUSTIN — Weighing public comment that in some areas of the state ran 3-to-1 in favor of current dove-hunting regulations, the Texas Parks and Wildlife Commission opted here June 3 to retain the 15-bird daily bag limit and 60-day season.

The commission approved the

measure as part of the 1999-2000 Early Migratory Game Bird Proclamation.

The measure included the approved sandhill crane hunting dates by zone. Those are Nov. 13-Feb. 13 in Zone A (which includes the South Plains); Dec. 4-Feb. 13 in Zone B; and Jan. 8-Feb. 13 in Zone C.

Zone boundaries will remain the

same as last year. A free sandhill crane hunting permit is still required.

Federal framework allows states some flexibility in the setting of season dates and bag limits; however, the combination of duration and bag is a trade-off.

Bailey County 4-H member among scholarship winners

COLLEGE STATION — Bailey County's Jill D. Gladden was one of the big winners Tuesday night as the Texas 4-H Youth Development Foundation gave away almost \$1 million to 147 4-H'ers during the Texas 4-H Roundup on the campus of Texas A&M University.

Gladden was the winner of an \$8,000 scholarship presented by the Fort Worth Stock Show Syndi-

cate. Kristy L. Synatschk and Brian W. Chandler, both of Lamb County, were among several winners of \$10,000 scholarships from the Houston Livestock Show and Rodeo.

The Texas 4-H Youth Development Foundation Opportunity Scholarship Program is the largest 4-H scholarship program in the nation.

Donors include individuals, corporations, foundations, producer

associations, livestock shows, Texas Agricultural Extension Service agent associations, individual honorary funds and individual bequests.

"Scholarships are provided to assist 4-H members who will be attending universities and colleges throughout the state of Texas," said Philip Pearce, executive director of the foundation, which is responsible for coordination

McCaul quits Three Way School Board

By RONN SMITH
Editor

Marvin McCaul resigned from the Three Way School Board on Thursday night without public comment.

The resignation apparently was discussed during an unscheduled closed session on personnel considerations.

When the board resumed its open meeting, Board President Jarrol Layton asked if anyone wanted to "make a motion on this," and held up what appeared to be a sealed envelope containing McCaul's letter of resignation.

The resignation was accepted, and McCaul immediately left the meeting.

He had served on the board since 1993.

Board member James Kindle then nominated Dan Simpson to replace McCaul on the board.

In other business, the board heard a dual presentation from Kevin Goldston of the First State Bank of Morton.

He gave the board details on some options available for investing district funds in ways that could earn higher yields than the district's current certificates of deposit, pointing out that the higher the potential yield, the riskier the investment.

He said "a lot of places are wanting to diversify some funds," and it would be up to the board to "choose as much risk as you want."

Board members agreed to consider reshuffling the district's investments, with several agreeing that if they could increase net interest on the district's funds by even 1 percent, it would be worth pursuing.

Goldston also told the board about the bank's proposal for automatic depositing of school employees' paychecks.

Under the proposal, all employees would get a free checking account at the Morton bank. Those who wanted to maintain their checking account elsewhere could then write a check on the Morton account to transfer their money to another account.

Goldston said paychecks would get into the bank a day earlier than they do now, and employees who bank elsewhere could put a check in the night depository where they bank or mail a check to their bank of choice.

Each Three Way employee also would be given \$5 for fill-

Tickets are \$10 each, and the performance is scheduled for 8 p.m. June 18 in the Muleshoe High School auditorium.

Whitener, known as the "Wizard of Comedy," is well-known in Muleshoe because of previous performances here.

The event is being organized by Kathy Lira of Muleshoe, an aunt of the ailing child.

Silene was brought here from Mexico for medical treatment, but because she and her family entered the country legally, they are not eligible for public assistance to help with the transplant.

ing out the bank's paperwork, he said.

Board member James Reeves asked whether the district's secretary would be able to get into the computer to hold an employee's paycheck if necessary. He was assured that the system would be set up that way.

Superintendent Bill Hood and Principal Danny James filled in board members about recent hail damage to the school and district-owned housing.

Insurance will cover the cost of replacing 26 broken windows and fixing several roofs, they said.

Hood said he had a bid on repairing the roof on the main building for \$30,000.

The board also:

- Agreed to a suggestion by Terry Pollard that they consider paying Bud Holmes, the district's former maintenance director, for personal tools he says were missing when he was fired.

Holmes is to present the board with a list of the missing items;

- Approved minutes of the May meeting after Kindle asked that the minutes be amended to show that he abstained from voting on grievances filed by Bud and

Venus Holmes;

- Inspected the district's new activity bus;

- Heard a report from James that the district's TAAS scores topped 90 percent overall in math and reading. He said scores were higher across the state this year;

- Increased the district's coaching stipend from \$2,500 to \$2,750; and

- Heard a report from Hood that the district probably can give 5 percent pay increases to non-teaching employees, but that he would prefer to wait until the July meeting for a decision.

Study offers new hope on leukemia

A pilot study that has more than doubled cure rates for an often-fatal form of leukemia is the basis of an ongoing national study.

Coordinated by researchers at Texas Children's Cancer Center at Baylor College of Medicine and Texas Children's Hospital, the pilot study demonstrated cure rates of nearly 50 percent for infants with acute lymphoid leukemia.

This is the most common form of pediatric cancer and one of the most treatable in older children. In infants, however, the disease is often fatal.

"The cure rate for infants with ALL has been less than 20 percent," said Dr. ZoAnn Dreyer, principal investigator and director of the cancer center's Long-Term Survivor Program.

Traditionally, infants received two-and-a-half to three years of chemotherapy and, oftentimes, radiation to the brain. Because of the very poor survival rates, some infants also received bone marrow transplantation.

"Despite the many weeks of traditional treatment, cure rates remained poor with nearly 80 percent of the infants relapsing

within a year of diagnosis," Dreyer said. "The pilot study involved an intense but shortened 46-week chemotherapy program."

High doses of intensive chemotherapy were given at close intervals during the first 16 weeks of treatment and then reduced, Dreyer said. Side effects were minimal.

The national study, also headed by Dreyer, will attempt to replicate or improve upon the rates experienced by the cancer center's researchers. The study will be done by medical institutions that are members of the Pediatric Oncology Group, one of the two largest pediatric cancer collaborative groups in the U.S.

Nix is scheduled to perform at 1:30 p.m. and 2:30 p.m., both on June 30.

"Our hope is not to just improve survival rates but to eliminate the need for toxic radiation and bone-marrow transplantation," She said.

"We continue to monitor the patients in the initial study for late effects, and it's exciting to watch them continue to do so well. Some of our patients are even entering kindergarten," she said.

The pilot study followed 24 children from 1994 to 1997 through the cancer center's Long-Term Survivor Clinic.

"The outcome of the pilot study is very encouraging and suggests that neither radiation therapy or bone marrow transplantation are required for a cure," Dreyer said.

More information on him is available at www.jodynix.com.

Other artists scheduled during the June 30-July 3 event include country's Janie Fricke and Gene Watson, Home Cookin', Texas Tradition and Elvis impersonator Jerry Griffin from Atlanta, Texas.

Serving as emcee will be radio personality Larry Scott of Dallas.

of the program as well as resource development for Texas 4-H.

"The scholarship program is a celebration of achievement for 4-H members across the state. It recognizes the development of qualities inherent to the Texas 4-H program — personal responsibility, civic responsibility and leadership," Pearce said.

"The program rewards hard work and dedication of young people involved in 4-H," he added.

"The donors are making a statement that the virtues exhibited by the young people who remain active in 4-H are worthy of reward and are worthy of the donor's investment in future educational pursuits

of these young people to the benefit of our communities, our state, our country and our world.

"Because of the importance of encouraging young people to remain involved in organizations and activities such as 4-H, we will continue to seek out donors who share our vision of youth development and who wish to assist in continuing to expand the Texas 4-H program through investment in the Texas 4-H Youth Development Foundation," he said.

Each applicant who is a fi-

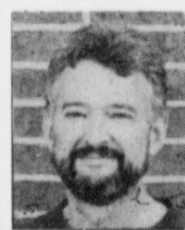

nalist for a scholarship is also interviewed by a panel of judges at which time the applicants are expected to exhibit poise, courtesy and confidence.

Other area recipients include Rachel A. Dolle, Lamb County, \$1,000 from the Raymond Dickson Foundation; Jessica R. The Bank One Ballpark and the Book of Hebrews

My youngest son, Joshua, and I were in Arizona last weekend where I was speaking at a youth rally. Phoenix. Land of palm trees and grapefruit trees, sunny skies and desert flowers, the Suns (basketball) and the Diamondbacks (baseball).

On Sunday afternoon, the youth events were wrapped up, we were all wonderfully exhausted, and we sat in the fellowship hall cleaning up the leftovers from an exception-

Focus On Faith
Curtis Shelburne

ally fine barbecue dinner, watching the Arizona Diamondbacks and the Texas Rangers engage in baseball combat. (If I thought it was a shame that Texas lost, I tried to keep from looking too forlorn.)

In the midst of the meal, the lady sitting across from me apologized for her husband's absence. He was an elder of that church and would usually be right in the middle of things and helping with the activities, but he was tied up that afternoon. Yeah, and there's why, explained his proud-appearing preacher, nodding at the TV. Was he home watching the game on TV? No! He was at work. He's the veteran television director in charge of the Jumbotron unit at Phoenix's amazing Bank One Ballpark. (The Jumbotron, Sony's contribution to baseball, is the huge TV screen adorning modern major league baseball parks.)

The next day, Gary Thomas, the Jumbotron director, met us inside the copper-clad doors of the Arizona Diamondbacks' home office, and took us on a guided tour of the Bank One Ballpark.

Wow! It's a 325 million dollar ballpark, now in its second very successful and very profitable season. The entire roof of the Bank One Ballpark telescopes open. Beautiful murals, baseball frescoes, huge panels, on the upper sides of the ballpark swing open as desired. The whole thing is air-conditioned and climate-controlled. The grass is real—beautiful and unbelievably babied. Seats go from \$1, if you're real lucky and don't mind a long wait in line, to \$4,000 (that's for the family) if your bunch would like to watch the game from the swimming pool situated out past center field. (If a ball bounces past second, hops, and lands in the pool, it's not a "ground rule" double; it's a ground pool double, and that has happened. You should swim with your eyes open.) The Bank One Ballpark seats, and seats very well, 45,000 people.

Hmm. That reminds me of the word picture painted by the writer of Hebrews. He reminds Christians of the great biblical heroes of our faith. Like them, he says, we're athletes in a contest of faith. Surrounding us as spectators aren't \$3.75-hotdog-toting fans; surrounding us, cheering us on, are the great heroes who've already played the game and won, reminding us that through the One who defeated Death itself, we too can win, and win eternally.

Curtis Shelburne is minister of the 16th & D Church of Christ in Muleshoe.

Facts About The BIBLE BY JOHN LEHTI

ISSACHAR, THE NINTH SON!

ISSACHAR MEANS HIRELING OR THERE IS HIRE. THE NINTH SON OF JACOB AND THE FIFTH BY LEAH (GEN. 30:17,18). HIS SONS WERE TOLA, PUVAH, JASHUB, AND SHIMRON. ISSACHAR, PRESUMABLY WOULD AND DID GO TO EGYPT WITH HIS FATHER JACOB (GEN. 46:13) WHERE, SHORTLY BEFORE HIS DEATH, JACOB WITH PROPHETIC INSIGHT INTO HIS NINTH SON'S CHARACTER, DESCRIBED ISSACHAR AND HIS CHILDREN AS A STRONG ASS CROUCHING DOWN BETWEEN THE SHEEP FOLDS, SUBMITTING TO THE BURDENS IMPOSED BY FOREIGN MASTERS PROVIDED THEY PERMIT HIM TO REMAIN IN HIS PLEASANT LAND (GEN. 49:14,15). THE DESCENDANTS FORMED ONE OF THE TWELVE TRIBES OF ISRAEL, CONSISTING OF FOUR CLANS, ONE FOR EACH OF THE SONS OF ISSACHAR. AT THE FIRST CENSUS, TAKEN IN THE WILDERNESS, THE TRIBE NUMBERED FIFTY FOUR THOUSAND FIGHTING MEN AND, IN DAVID'S REIGN, IT HAD REACHED EIGHTY SEVEN THOUSAND FIRST CLASS WARRIORS! WHEN THE TRIBE OCCUPIED THE VALLEY OF JEZREEL, AS THEIR PORTION OF THE PROMISED LAND, THIS LOW, LEVEL, AND FERTILE PLAIN, COMBINED WITH THE TRIBAL TRAITS OF THE PEOPLE, EXPLAINS WHY, IN ACCORDANCE WITH JACOB'S PROPHECY, THE TRIBE WAS SO READY TO SUBMIT TO SERVITUDE---THEY HAD MUCH TO LOSE, LIVING ON GROUND THAT WAS SO WELL ADAPTED TO THE ACTION OF THE WAR CHARIOTS OF THEIR ENEMIES!

TOPS NEWS

The roll call was given June 10 at the TOPS No. 34 meeting at Muleshoe Church of Christ and answered by the weighing in of 15 members.

Leader Laverne James called the meeting to order and lead the prayer and pledge. Alma Robertson led the TOPS "Thinner We'll Be" song. James was the best loser, with Aurora Mata as first runner-up. Joline Franklin was the second runner-up.

Alma Robertson was the best loser for May and Evelene Harris has four straight losses. James read an interesting article, "Walk off Weight," and led a discussion.

One of the good things about walking is that it is an exercise most people can do. Walking not only helps take off weight but is also a stress reducer.

Two new contests — "telephone inspiration" and "turtles" — were introduced by contest chairman Jewel Peeler.

Alene Bryant and Betty Jo Davis are our TOPS weight recorders. At 6 p.m. June 24, the group will have a weigh-in meeting at the same location.

With appreciation

Ruby Garner (left) accepts a plaque from Patsy Chance in honor of Garner's 50 years of membership in Rebekahs. The plaque was awarded June 8 at the lodge. Garner joined Martha Washington Lodge No. 38 in Fort Worth on June 9, 1949, transferred to Muleshoe Lodge No. 114 on Oct. 25, 1949, and then to Needmore Lodge No. 160 on Dec. 19, 1950. She served as noble grand at Needmore before transferring back to Muleshoe on Sept. 6, 1973. Garner also was surprised with an 8x10 photo of herself on Dave Marts' Harley Davidson, taken in March.

Exchange students need American homes

German students with good English skills and motivation are arriving this August to experience the "American way of life."

Families in Muleshoe willing to open their homes to a student are invited to participate in this chance to learn about Germany, its culture and language without leaving home. Academic Year in America, sponsored by the nonprofit American Institute for Foreign Study Foundation, has been bringing international students and American families together for 17 years.

Students range in age from 15 to 18 years old and arrive from many countries. They attend the local high school for a semester or academic year and have their own medical insurance and spending money.

Both families and students

benefit from the exchange experience. The host family can learn about another culture, make a special friend and earn a scholarship worth up to

\$1,000 toward a travel-study program.

Ringbearer was Blaine Davis of Seminole. He carried a pillow made by the bride's mother.

Bible bearer was Colby Carpenter, cousin of the groom from Muleshoe. He carried a rainbow

Bible belonging to Linda Long, aunt of the bride. Both young men wore black tuxedos.

Flower girls were Chelsa Moore, friend of the bride from Brownfield, and Chelsi Hawkins, cousin of the groom from Muleshoe. They wore long buttercup-yellow dresses and carried white baskets covered with lace, yellow and white ribbon, and daisies — all made by the bride's mother.

Serving as ushers were Eric Stephens, cousin of the bride from Dallas; Keith Underhill, cousin of the bride from Elgin, Okla.; and Josh and Toby Kitchens, lifelong friends of the bride from Muleshoe. Josh and Toby also served as candlelighters.

Registering the guests was Shauna Kitchens; greeting them were Mandy and J.J. Brantley, all lifelong friends of the bride.

The bride descended the stairs at the back of the sanctuary, meeting her father at the bottom of the stair case.

She wore a gown of white symphony satin. It was an empire A-line silhouette with one small bow in front, four bows and 91 buttons down the back of

the dress to the end of the train. The veil was attached to a wide satin band with two layers of tulle with satin edging. The bride's gown, veil and garter were all made by her mother.

She carried a bouquet of white daisies and baby's breath with yellow and navy satin ribbon. Within the bouquet, she carried three of her treasures: A ring belonging to her grandmother, Mrs. Elmer Holt; a handkerchief belonging to Berta Kitchens; and a gold locket belonging to her grandmother, Mrs. Paul Campbell.

Inside the locket were pictures of the bride's great-grandparents. The locket was worn by the bride's mother when she got married.

A reception was held at the Muleshoe Country Club. Music was provided by Eric Stephens,

cousin of the bride, and Jim Long, uncle of the bride.

The couple enjoyed a honeymoon in Cozumel, Mexico, and they now reside in Lubbock.
