What's The Cause?

The epidemic of infantile paralysis in Rockford, Ill., has resulted in a test case of using DDT spraying of a certain section, to see if killing flies and other insects, will halt the disease. We know the fly carries many diseases and carrying polio might be possible. Medicine is interested, so is the general public who welcomes a remedy to such an evil. But, why do places have so many flies and can they be controlled from even showing up in the first place? Flies abound in many cities, in numerous neighborhoods where community cleanliness is not up to par. Rockford may not have this condition but too many cities do have it. There are localities where garbage and other filth, stands around to welcome the breeding of flies, where rats gather and rats carry disease, too. Let's keep conditions in Wheeler sanitary and try to prevent the fly before he does his damage. This is getting at the cause before the effect.

Wouldn't You Know—

"I can't live on that," declared the former war worker as he refused a job paying 62 cents an hour for women and \$1 to \$1.15 for men. This sort of thing goes on in Portland, Kansas City and Podunkville, where peacetime jobs are not paying as much as war work and the people are not willing to accept the change. They knew well enough when they received the higher war wages that it wouldn't go on forever, were fully aware that the pay envelope was in for an overhauling when we settled back to the more normal life. This doesn't come as a shock and the worker should have been wisely taking care of this day when his salary was so much higher. Many did have foresight enough to salt away in bonds the surplus, just in case. And so while we are busy trying to reconvert and give employment to the most, a few will rock the boat, but wouldn't you know it?

No Escape

A long time from now we will look back to its reactions of the announcement of the atomic bomb, three days later the Russians declaring war on Japan, the next day Japan offering to surrender. What effect did it have on us, enough to be of importance two years from now? We know a king speaks "with the voice of a socialist" today and tomorrow we forget what he said. Momentous events in society are so numerous, so overpowering in their impact, that they become an every day occurrence. We can't escape from such shocks, like the first incidents, if we wanted to do so. Instead of being paralyzed by the shock of the atomic bomb and what it, unharnessed, could do to this world, we take the facts in a very calm kind of way, matter-of-fact, since tomorrow something more shocking might come next. We even get to the point where we can't comprehend the smaller tragedies that happen every day. So we forget the great ones. It is hard for us, living each day, to know what to make of it all.

Mrs. Ted Clay of Borger was a Wheeler visitor last week end.
Mrs. Raymond Barnes, Miss Naomi Merritt and Mrs. Bernard McClellan spent the week end with Mr. and Mrs. E. C. West in Kellerville.

Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on the Times' exchange list.

Several counties are boasting that the new legislature bill permitting reallocation of county taxes up to 80 cents, the constitutional limit, is going to beat the state out of tens of thousands of dollars.

Permission for the change was granted by the legislature so that counties could make higher levies for the general fund and not require the questionable method of high rates in unused funds then transferring the excess to other funds.

It seems that several counties have the idea that they can raise their local rates to the 80 cent limit and reduce valuations accordingly. This plan will deprive the state of Texas of millions of dollars of revenue over a period of years.

Our big, rich neighbor, Potter county, boasts that it could reduce its valuation from \$39,000,000 to \$30,000,000 by making the local rate 80 cents and then swindle Austin out of \$49,000, sending only \$165,000 instead of \$214,000 yearly.

Some of these counties may find that the automatic state tax board will hike those values right up where they have been through the years. As it is the duty of Texans to pay state ad valorem taxes, evasion is going to be spotted mighty easy.

That old watch hound at Austin, Comptroller George H. Sheppard, probably knows just which counties are planning these changes in valuations.

If Austin looks kindly to the evasion, then you can expect all the counties in Texas to get in line in a hurry. —Panhandle Herald

Why the cry continues to air the Pearl Harbor episode, we do not know. The public has long realized that those responsible for laxness and unpreparedness at the time were the congressmen and senators we had elected, as well as the military leaders, lulled into apathy by the system and pace set by the government. Too many are responsible to be tried, so why make scapegoats of a few? —Quannah Tribune-Chief

Rotation in office is the bulwark of democracy. No matter what a man calls himself, if he is returned to office too often, he begins to take proprietary interest in the thing and takes on the airs of a dictator, or becomes indifferent to the needs of his constituency. A lot of organizations recognize this fact and inculcate in their rules that no man can succeed himself in office. No office holder is indispensable, but when returned to office too often he begins to think so, and in some cases the voters seem to think so. There may be exceptions, but in most cases there are any number of men who can do just as good a job as the present incumbent. —McLean News

We were in hopes — mere hopes — that V-J Day would stop some of our unnecessary mail. But it seems that the bureaucrats have not been fired by the President after all. Or did they have the junk all sacked up and so just sent it on, regardless of the termination of the war. The printing fraternity is justly proud of the fact that the biggest and best printing plant in the world is located in

WASHING MACHINES BACK THIS FALL AT 1942 PRICES

Chester Bowles has told consumers that household washing machines, ironers and aluminum kitchenware will be back in the stores this fall at 1942 prices, the District Office of Price Administration has announced.

The Office of Economic Stabilization approved extension of the price program for consumer durable goods to the entire reconversion. In outline, the program is to grant increases at the production level to compensate for cost increases since 1941, when necessary to assure maximum production. Wholesalers and retailers, not the consumer, will absorb a substantial amount of these increases where their margins reasonably permit them to do this.

Price Administrator Bowles told housewives this is what they can expect in the durable goods field during the next few months:

The output of household washing machines should reach pre-war levels this fall and shoppers should be able to find them in the stores in quantity by the end of the year.

Washington — owned by the citizens of the United States. Judging from our mail during the years of war, it seems that everyone in Washington has been making use of this efficient printingplant, and sending out unnecessary printing. Maybe some of it has helped the war efforts, but on the whole it has been entirely wasted. Newspaper men are too busy to wade through all the junk mailed to them. Uncle Sam is not only the sucker of the United Nations, but is a sucker when it comes to paying an army of people to hang around Washington for the purpose of pestering the rest of us who are trying to make a living and pay our taxes. —Canyon News

LUBBOCK DISTRICT OPA OFFICE TO CLOSE SEPT. 29

September 29 is the official closing date for the Lubbock District Office, when functions of the office are divided between the Fort Worth and San Antonio offices, Earl E. Kerr.

The picture is pretty much the same for aluminum kitchenware. Of course, shoppers should remember that washing machines and cooking utensils have been out of stock for some time and probably will be bought up very quickly.

Production of ironers will come along more slowly.

Director of the Lubbock Office, announced.

Seven counties — El Paso, Brewster, Presidio, Jeff Davis, Culberson and Pecos — will be transferred to the San Antonio District. The remainder to the Fort Worth district. Operations of local War Price and Rationing Boards and Area Emergency Offices will not be affected by the change, other than to come under the supervision of the Fort Worth and San Antonio offices.

CHIROPRACTORS CELEBRATE FIFTIETH ANNIVERSARY

Chiropactors of Texas and the nation next week will celebrate the Fiftieth Anniversary of the founding of Chiropractic by Dr. D. D. Palmer. Chiropractic in much cruder forms has been vaguely known and practiced from even ancient times but it remained for Dr. Palmer and those who have followed him to develop it to its present high stage of efficiency.

From an almost insignificant beginning September 18, 1895, chiropractic has grown with amazing swiftness until, at the present time, it is now licensed in 43 states and the District of Columbia, boasts nearly 100 chiropractic schools and colleges; is practiced in nearly every nation in the world; and has millions who use it as an aid to health.

Texas has witnessed a 30 year fight for legal recognition and Dr. C. C. Merritt declares that this fight will be brought to a victorious conclusion in the near future. A chiropractic licensing law was passed by the 48th Texas legislature in 1943 but later was declared unconstitutional. A new law, removing unconstitutional features, was passed by the lower house this year but failed to get before the Senate by one vote. A two-thirds vote was required to get a measure before sessions during the latter part of the session.

"We know the people of Texas want chiropractic and we believe that what the people of Texas want they will have." Thousands of Texans enjoy good health today because chiropractic succeeded when all else failed. And they will insist on having their fifth freedom — the right to choose the healing art they prefer."

to study this year. At least that's the impression we're getting.

The Broncos have a new basketball. Now we expect a good team.

The Sophomores and Juniors are taking some of their subjects together.

The Sophomore boys volunteered to help clean the library.

Boys Sport News
The Briscoe boys will not play football this year, because the school has no equipment, but they are going through some hard basketball practice. Those reporting for practice are: Riley, George, Kite, Hooser, Smith, Dyson, Finsterwald, B. Zybach, T. Zybach, Price.

The team will be handicapped this year because of lack of experience, only three lettermen are back. By the first game we think the team will be in good shape and ready for all comers.

Girls Sport News
We have been playing some basketball and are very proud of our new basketball. We have just five of our old squad back. They are: Faye, LaDell, LaVern, Juanita and Iris. Some new ones are coming out though and we are doing our best to make the team of '45 and '46 one of the best.

Mr. and Mrs. Gordon Roper and daughters and Mrs. J. B. Roper were Sunday dinner guests of Mr. and Mrs. Luther Parks.

Mrs. F. P. Pitcock of Amarillo spent Sunday in the home of her son, Homer Pitcock.

ROBERT HOLT, Clerk

SAYS SECRETARY OF AGRICULTURE:

Despite Victory Used Fat Saving Must Go On!

Every woman in America should know that our country continues to face a serious fat shortage. And victory over Japan won't solve the problem immediately. We must keep on saving used fats in our kitchens!

If you have any thought that saving used fats is one of those wartime chores we can drop, now that Victory is here, please consider these facts and tell them to your neighbors.

America still needs salvaged fats. Not even at the peak of our war effort, when fats were required for mountains of shells and bombs and medicines, in addition to the ever-present need for soap, were our needs for salvaging fat greater than now. Our stocks have been drained by four long years of war, and there isn't enough on hand to meet all requirements.

Don't let "Victory psychology" blind you to this national need! If housewives stop saving fats now, the shortage will become even more critical.

Don't let a single drop of used fats go to waste! Little trimmings of fat left on the platter at the table, scraps left on plates, and even the skimmings of soups and gravies are important. It is the consistent saving of even these small amounts that counts.

Don't turn in fats that can be re-used! But some fats, such as those rendered from lamb and mutton, are not suitable for re-use. Put them immediately in the salvage can. And, with other fats, after you've got all cooking good out of them, there is always a little left. No matter how little it is, save it.

Your butcher will still give you 4¢ and 2 red points for every pound you turn in. Save consistently—save every drop you can—every day—until Uncle Sam says the job is done.

Junior and Senior News

The officers were elected for the junior and senior classes which are as follows: President, Bobbie Joe Grayson; vice president, Boyd Huff; secretary-treasurer, Evelyn Levitt.

The seniors have received their rings which they are very proud of. Laveta and Junior Gillenwater checked their books in Friday. Sorry to loose you kids. We were glad to have Erskin Grayson to visit our school Thursday.

The freshmen were initiated Friday night, and very few of them went home with clean noses and knees, but they were good sports anyway. Refreshments were served by the junior and senior class.

Wonder how much Clifton and Bobbie Joe are going to charge for their entertainment between periods?

Personality: Bonita Parker, age 15, height, 5 ft., 8 in.; weight, 121 lbs.; brown hair and eyes, good in geometry, has pretty good times on Sunday evening, with guess who?

The following have: Dewey Hampton, black leg; Bonita and Evelyn, skinned knees; Alene Burks, black eye; Helen Marie Marshall, blistered heel; Bobbie Joe, sore toe; Mrs. Levitt, Clifton Taylor and Jane Pugh, hay fever.

The officers elected for the sophomore class are: President, Myrtis Hall; vice president, Alene Burks; secretary-treasurer, Reta Aderholt;

Those who ate dinner in the Burks home Sunday were: Bobbie Joe Grayson, Charlene and Bonita Parker, R. C. and Clifton Taylor, Bobbie Donaldson, Boyd Huff, Janell, Rita, Armenda and Estelle Aderholt, Sparkie Evans and Alene and Wayne Burks. The dinner served was hamburgers, iced tea, watermelon and ice cream.

Personality: Boyd Huff, age, 16; blond hair and blue eyes; 5 ft. 9 in.; weight, 158; favorite girl friend, Parilee Helton; favorite food, fried chicken; favorite study, English; favorite teacher, Dump Traylor.

Barbara spent Sunday night with Patsy.

Bobbie Joe can really make hamburgers, can't he? Alene, Bonita and Charlene enjoyed a "W-Day" Saturday.

home Sunday were: Ernest Begert and family, Mrs. Millard Donaldson and children and Mrs. Emily Richardson.

Mr. and Mrs. Homer Bell and son and Mrs. Bell's mother, Mrs. Patterson, were guests in the Elbert Walls home Sunday.

Mrs. A. E. Dillon returned home Sunday from a Wheeler hospital where she has been for the past week for treatment.

WOOD-CLEPPER

Miss Mary Evelyn Wood, daughter of Mr. and Mrs. W. M. Wood of Indianola, Oklahoma, and Pfc. Edward Clepper, son of Mr. and Mrs. P. A. Clepper of Mohectic, were united in marriage August 10 in the First Baptist Church in Canyon. Rev. Johnson officiated during the candle-light double ring ceremony.

The altar was decorated with baskets of summer flowers. Misses Lola Meek and Voncille George lighted the candles. Miss Mary Dell Johnston played Lohengrins Wedding March and accompanied Mrs. Hubert who sang "At Dawning."

The bride, who was given in marriage by Jack Nichols, wore a pastel blue street length dress and a white picture hat. Her corsage was of white gladioli and she carried a white Bible. The matron of honor, Mrs. Mary Ruth Riley, wore a yellow jersey dress and her corsage was of blue delphinium.

The groom was attended by F. C. Jimmy Venable of Shoemaker, Calif. Immediately following the ceremony the couple left for a short wedding trip.

Mrs. Clepper is a graduate of the Briscoe high school and is attending West Texas State College, where she will continue her work for the present.

Pfc. Clepper is also a graduate of the Briscoe school and attended N. T. S. C. at Denton until he entered the army. For the past several months he was stationed in Germany and will report to Camp Cheffy, Arkansas, for reassignment.

MOBEETIE HI-LIFE

Mobeetie school began its 1945-46 term at 9:30 Monday, September 3. Instead of both schools meeting in the gymnasium as usual, the high school students and teachers met in the study hall for a short program consisting of songs: "Let Me Call You Sweetheart," "Don't Fence Me In," "God Bless America," and the school song; the invocation, pronounced by Rev. S. H. Salley; a short talk and announcements by Superintendent J. M. Boswell; introduction of teachers; and enrollment.

Several visitors were present including parents and members of last year's senior class.

The enrollment of each class is as follows: 8th grade, 24; freshman, 36; sophomore, 21; junior, 20; senior, 15.

The seniors started the school term off by electing officers. They did their best to pick the student best qualified for the job and hope they will hold out until the school term is up. The officers are: Wallace Corse, president; C. W. Burch, vice president; La Rue Flanagan, secretary-treasurer; Quintis Gdwin, editor; Virginia Futch, assistant editor; Bennie Barton, sports editor; Wylene Davis, social editor. Mrs. Marchbanks will be the sponsor.

The students and teachers of Mobeetie high school wish to welcome the new students who enrolled Monday. They are Norma Jean Jennings from Lawton, Oklahoma; Richard and Jack Hefley from Briscoe; Ernestine Whitson from Briscoe and Jay Wallis from Amarillo.

The Mobeetie Hornets have started their season in six-man football. Their schedule is as follows:

Sept. 14, Mobeetie at Darrouzett; Sept. 21, Mobeetie at Kelton; Sept. 28, Miami at Mobeetie; Oct. 5, Mobeetie at Gruver; Oct. 12, Darrouzett at Mobeetie; Oct. 19, Kelton at Mobeetie; Oct. 26, Mobeetie at Miami; Nov. 2, Open date; Nov. 16, Championship between north and south district.

The boys reporting for football are: C. W. Burch, Wallace Corse, Neal Herd, Charles Waters, Marion Reed, Jimmy Cantrell, Charles Gatlin, Clifford Scarberry, David Abbott, Bennie Barton, Richard Hefley.

Ex-Student Notes
Several ex-students of Mobeetie high school are either already attending or plan to attend various colleges.
J. T. Jeffus of the class of '43 is attending Harding College at Wichita Falls.

Betty Jo Brewster, a graduate in '45, is attending a business college in Amarillo and will complete her course in December.

George B. Dunn will enroll in North Texas Agricultural College at Arlington on September 15.

Ray Jones is also making plans to enroll in college.

M. H. S. is eagerly waiting to greet Hoyt Dunn who has been serving in the army in the European Theater. Hoyt, a popular graduate in the class of '44, is expected to arrive in the states soon.

LeRoy Patton, better known as Patsy, and Orvel Brewer, Slim to students of M.H.S., met at Camp Robinson, Arkansas. (Just imagine that a lot of talking was done about M.H.S. basketball trips, and especially the one to Claude).

The Mobeetie high school clans were all out last Thursday night at a party given by Mrs. Earl Alexander. The hostesses were Mrs. Will Powers, Mrs. Lloyd Heiberg and Mrs. Earl Alexander.

Some of the games played were: "Three Deep," "Fishing for Love," and "Horse Racing," with the boys acting as horses.

Candy bars were served to everyone and Mrs. Marchbanks added a few pears, bananas, apples, cheese, milk, etc. to the refreshments.

Instead of Bennie's initials being B.

O. they are now B. G. for Bennie Gene.

Mary Alice, what kind of pictures were you showing to Thurman in the hall Wednesday?

Wallace seems to think his name starts with a "T". What's the idea Wallace?

Wilma came to school Monday morning with mud on her feet. Where had you been, Wilma?

Richard, how do you think of so much to say? You are always carrying on a conversation with the girls.

The freshman boys should be able to make some money shining shoes after they are initiated.

David how did your fight come out with the Cantrell boy?

Vera, how does J. T. like the sheriff by now?

The nature of said suit being substantially as follows, to-wit:

In trespass to try title, plaintiffs alleging that they reside in Wheeler County, Texas, and that on February 10, 1928, they were in possession of the following described lands, in whole and claiming fee simple title thereto, said lands being:

All of the East Half (E½) of Section 88, all of Sections 92, 93 and 94 and Block A-5, and the South Half (S½) of Section 2, Block A-2, all in the H. & G. N. RY. Co. Survey, Wheeler County, Texas.

Plaintiff Mason owning one-half of the oil, gas and other minerals and plaintiff Johnston owning the remaining interest in said lands and that defendants on said date, entered upon and dispossessed plaintiffs of such premises and withhold same from plaintiffs;

Plaintiffs specially alleging that Deed from W. J. Johnston and wife,

to Harry Byrens, dated January 26, 1928, recorded in Volume 63, Page 346, of the Deed Records of Wheeler County, Texas, covering one-half of the oil, gas and other minerals on property above described, and Deed from W. J. Johnston and wife to Harry Byrens dated February 10, 1928, recorded in volume 63, Page 402, of the Deed Records of Wheeler County, Texas, covering said property are each forgeries. Plaintiffs pray judgment for title and possession to said premises.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 29 day of August, A. D., 1945.

Given under my hand and seal of said court, at office in Wheeler, Texas, this the 29 day of August, A. D., 1945.
(Seal) OLLIE W. BEENE, District Clerk, 31st District Court, Wheeler, County, Texas. By Grayce K. Davidson, Deputy

DR. C. C. MERRITT
WHEELER TEXAS

By BOYCE HOUSE

"Have you been here a long time?" a visitor asked a gray-haired settler in the Panhandle. He replied, "A right smart while; when I first come here, the moon was no bigger than a half dollar and there was only six stars."

Similar is the declaration of a Central Texas pioneer. "When I settled in this county, there was only one other man livin' in 30 miles and that big hill over yonder was a buffalo wallow."

And speaking of elevations, have you ever seen Santa Anna Mountain? It was a landmark of early days. Really, it is two mountains, there being a gap. Citizens explain that the town's original settler hauled in the dirt to build the mountain and he would have connected it up but his wagon broke down.

These are from a new book, "Texas—Proud and Loud," by your columnist.

A few more samples from the book: Of a ranchman whose holdings spread over half a dozen counties, it was said, "He's no land hog; all the land he wants is just what joins his."

An old-timer burned whole mesquite trees in the big fireplace and, as the ends burned off, he kept moving the trees on into the flames. He explained, "It saves the old woman a lot o' choppin'."

Texas is so vast that, in early days when travel was primitive, there was one instance of a baby that was born in Texarkana and, by the time the covered wagon reached El Paso, he was rolling his own cigarettes.

And the famous description of the gigantic Texas steer caused a Missourian to declare, "If all our Missouri mules were made into one, he could rub his ears against the North Pole, with his forefoot on the Aleutians and Iceland, one hind foot on Havana and the other on Panama; and if he got riled, he could kick South America 73 miles beyond the South Pole; his hee-haw would make a California earthquake sound like the rumble of one of Henry Ford's old puddle-jumpers; and, if he was properly hitched, he could pull Texas into the Republican Party!"

THE FIRST AND THIRD SATURDAY COMMUNITY SALE

will be discontinued for the next few weeks due to the fact that the gin will want to keep the yard cleared and because of other various reasons. Persons who have bought items and have not picked them up are asked to please do so. Good interest has been maintained throughout the series of sales and we feel as though both buyers and sellers have been benefitted. If the demand is great enough we will endeavor to locate a sales yard and resume the sales at a later date — in the meantime we want to thank the Wheeler Co-op Gin for the use of its yard during the summer months and all who have contributed in making the sales a success.
