WHEELER, TEXAS, THURSDAY, JUNE 2, 1949 5c Per Copy THE COUNTY SEAT NEWSPAPER

CONCERT SERIES BE STARTED IN WHEELER CO.

An annual concert series presenting the world's distinguished artists in Wheeler County is no longer a dream. The Wheeler County municipal concert association has been organized for the sole purpose of bringing renowned concert attractions to the community and thus broadening the county's entertainment, cultural, and social life.

The municipal concert association is entirely non-profit and cooperative. Membership privileges are open to everyone—adults and children alike. A membership campaign week will soon be announced and during that week the entire citizenry will be invited to join the association. By paying the annual dues, each member will be entitled to attend all the concert presentations without further admission charge. There will be no single admissions sold for any individual concert.

Shamrock has become affiliated with other towns throughout the nation operating on this same municipal plan presenting outstanding and top-flight concert attractions locally. At least three concerts will be presented during the season, and many more as the association's budget makes possible.

Inasmuch as the municipal concert association is one hundred percent cooperative, the more members in the association the larger the budget, and therefore the greater number of concerts possible. No additional assessments will be made on the members. Funds accumulated from membership dues, will be used solely in the presentation of artists selected by the local association's talent committee. The programs presented will be designed to please the varied musical tastes of the local audiences.

REV. EGGER IS NEW ME PASTOR

Rev. Darris Egger was appointed pastor of the Wheeler Methodist Church at the 40th annual session of the Northwest Texas Methodist Conference which was held in Amarillo last week. Rev. Egger was appointed to the Wheeler post by Bishop W. C. Martin.

Rev. Egger will take over the pulpit which has been filled for the past two years by Rev. S. Y. Allgood who goes to the Gore-Bombartom Circuit and will make his home in Gore.

Rev. Vernon Willard was returned to the Mobeetie Church as well as L. J. Helm to the Allison-Briscoe Circuit and Dr. C. C. Merritt was returned to Gageby. Rev. S. M. Dunham was returned to Shamrock and Rev. H. E. Long to the Shamrock Circuit.

Kelton Nine Loses To Allison Sunday

The Kelton baseball team in the Texas-Oklahoma League dropped a 9 to 3 contest to the Allison team in a contest played on the Allison diamond last Sunday afternoon.

The battery for Allison was Langford and Townsend and their credit went 7 strikeouts, while they gave up 9 hits and 3 runs. Langford lead his team in hitting, getting 5 in 6 trips.

Miss Johnson Asks Kelton People To Report News By Mon.

Miss Rena Johnson, the Times correspondent for the Kelton community, has asked the Times to remind people in that community to please turn their local news items in to her by Monday of each week in order that she may report an interesting and newsy column each week.

Miss Johnson reports that it is much harder for her to learn the news since school is out as she gathered a great deal through conversation with the students and teachers in the Kelton School.

The society and personal news department of The Times would also appreciate it very much if people in the vicinity of Wheeler would get in a habit of reporting local news items each week. All anyone has to do to report news items is pick up their telephone and call 35.

Through the summer months many local people will be having visitors and going on trips and attending various other functions, all of which The Times wishes to carry.

WHEAT HARVEST INFORMATION

For the benefit of those who might be interested in the progress of the wheat harvest over the Panhandle and those who might be thinking of seeking employment in the harvest we are publishing herewith the latest report of the farm labor department of the Texas Employment Commission's wheat harvest control office which is located in Amarillo.

Harvest in the counties listed below is progressing rapidly today, with clear weather prevailing in all the counties. Hot winds are rapidly drying the fields that are still too wet. With the exception of the weather, no problems have developed yet. There is an adequate supply of combines and trucks in all counties and yet reports indicate that all equipment is being rapidly absorbed. There is a considerable surplus of extra harvest hands. These workers should be discouraged from moving into the harvest area at this time.

Knox, Haskell and Throckmorton Counties—Harvest 20 to 25 percent complete. Will end June 10 to 15. Clear weather today, harvest progressing rapidly. Combines in Throckmorton County are running from 9:00 a. m. each morning until 3:00 a. m. the following morning. Sufficient numbers of combines, trucks and extra harvest hands.

Baylor, Wilbarger and Foard Counties—Harvest 10 to 18 percent complete. Will finish about June 15. Clear weather today, reports in full swing. Reports indicate most equipment being absorbed. All three counties report a considerable surplus of extra harvest hands looking for jobs. Immigration of these workers should be discouraged.

Wichita, Archer and Clay Counties—Harvest 4 percent complete. Will end June 15 to June 20. Clear weather today, with harvest moving into full swing. Sufficient number of combines, trucks and some surplus of extra harvest hands.

Young County—Harvest 3 percent complete. Will end about June 15. Clear today, with harvest getting off to a good start. No shortage of equipment or workers.

Coleman and Runnels Counties—Harvest 1 to 5 percent complete, should end June 15 to June 20. Clear today. Some fields still too wet and some grain still to green. More oats being cut than wheat to date.

Hardeman, Collins, Taylor and Jones Counties—Grain is ripening in these counties. A few fields will be harvested around Abilene in Taylor County about June 3. Harvest will really begin to get underway in these four counties about Monday, June 6. No shortages of equipment or workers reported. Collins County reports 12 to 15 late model self-propelled combines moved into Knox County on May 25.

Mr. and Mrs. W. O. Carrick and Ladine, Mrs. Joe Harcastle and two children left last Friday to spend a week in Austin. They were accompanied thus far with Miss Ruth Merrill and Billie V. Brown who are visiting in San Marcos.

COUNTY PASSES HALF-WAY MARK IN BOND DRIVE

Wheeler County has achieved 64.49 percent of its quota in the Opportunity Drive for the sale of Series E Savings Bonds. E. J. Holt and Jack Montgomery, county co-chairmen, announced recently.

The drive officially opened on May 16 and sales for this county through the first week totaled \$41,921.25, according to a sales report received from state Savings Bonds headquarters in Dallas. The county quota is \$65,000,000. The report carries sales through Saturday, May 21.

The report also showed that sales for Texas were \$19,460,304, or 52 percent of the state quota of \$36,950,000.

Several counties reached and exceeded their quotas during the first week of the drive and numerous others showed sales of 50 percent or more of quotas, causing Nathan Adams of Dallas, state Savings Bond chairman, to predict that Texas will far exceed its quota "in the most successful Savings Bond campaign since the war". The drive will continue through June 30.

Counties already having reached or exceeded their quotas are Andrews, Bailey, Blanco, Cass, Coke, Dawson, Ector, Goliad, Hall, Irion, Kimble, Lampasas, Mills, Montgomery, Newton, Scurry and Stephens.

LIBRARY HAS MANY REQUESTS

Requests for everything from how to remove tattoos to the electrocardiogram of a horse are received in the library of the State Medical Association of Texas. And the literature of solving those queries is sent post haste to the requesters.

This library, supported by the members of the association, offers one of the few package services on medical topics in the country. The bulk of requests are naturally for the latest information on the treatment of undulant fever, complications of pectus ulcers, ovarian tumors and the like, but some out-of-ordinary requests are received and answered with the promptness which is a source of pride of the library.

Over 2000 items from the library were consulted and loaned last month by members of the profession and laymen. The biggest demand today from lay persons for literature in the library, according to Mrs. Estelle Parnell, librarian, is on socialized medicine.

The film library also serves the public as well as the medical profession with about one-third of the 200 films suitable for lay groups. During the cancer drive, the film on cancer titled "Time Is Life" was most in demand. This film library is the only one in the country operated by a state medical society.

Both the package service and the film service are conducted at no charge, other than postage fees. The package service literature is sent in answer to requests on a two-week loan, with renewal upon further request.

Seasonal afflictions bring many demands for the most recent information on detection and treatment; West Texas doctors are now writing for literature on tick fever, and the demand for polio literature is expected to increase as the summer advances.

Though most of the requests are sporadic, there are some physicians who are habitual users of the vast resources of the library. In particular, a doctor from a small town in the Valley outlines his year's study and sends a schedule of releases he would like on specific medical topics at two-week intervals, and thus keeps up to date on all phases of his practice from the medical stacks of the State Medical Association library housed in the central offices in Austin.

Mobeetie Church To Have Homecoming Sun

Rev. B. A. Rathford, pastor of the Church of God at old Mobeetie, announced this week that Sunday, June 5 will be home coming day for the district at his church.

Everyone is invited to come, bring their dinner and spend the day.

Memorial Day Services At Wheeler Cemetery Are Well Attended

A nice crowd gathered at the Wheeler Cemetery last Monday morning for Memorial Day services in honor of those who fought and died in the wars of the United States and B. M. Litton, minister of the local Church of Christ, delivered a fitting and inspiring talk to those present for the occasion.

Most Wheeler business houses were closed all day Memorial Day in observance of a national holiday and in honor of those who had passed on before.

Following the Memorial Day talk by B. M. Litton, members of the West-Passons Post of the American Legion and the Legion Auxiliary decorated the graves of ex-soldiers of the United States.

WHEELER WINS OVER BRISCOE

The Wheeler baseball team in the Texas-Oklahoma League took an 11 to 6 victory from the Briscoe nine in a contest played on the local diamond last Sunday afternoon.

The Wheeler lads will meet Allison on the Wheeler diamond next Sunday afternoon at 3:00 o'clock. The Wheeler diamond is located 1 mile east and 1/2 mile north of town.

In last Sunday's contest, Billy J. Darnell and Bill Cospser shared the pitching chores and Buddy Vanpool and Ray Garner worked behind the bat for Wheeler while Leonard Fulks, Bobby Cooper and Darrell Atherton worked on the mound and Cash Walker caught for Briscoe.

To date, the Wheeler nine has met 3 of the 5 other teams in the league and won 2 contests losing only to the Sweetwater delegation and winning from Miami, and Briscoe.

BOY'S RANCH TO BE BENEFITED

The public is invited to a program in Clark Auditorium, Shamrock Saturday night, June 4 beginning at 8:00 o'clock at which time each home demonstration club in the county, some 4-H club girls and 9 boys from Boy's Ranch will present a program. Admission to the program will be a donation of food, clothing (good boys) or money for Boy's Ranch which is located north of Amarillo.

The club women have already collected some food according to reports. The boys and their sponsor will take the donations back with them the next day. Mrs. O. T. Glasscock, THDA Chairman for Wheeler County, has been corresponding with Cal Farley in regard to the boys making the appearance. The 3-Leaf club and Young Matrons club of Shamrock and the Myrtle club are furnishing supper, breakfast and room rent for the boys while they are visiting in Shamrock.

The program will include: Tumbling and novelty numbers by some of the boys from Boy's Ranch; musical number by Blue Bonnet Home Demonstration Club; piano duet by Pagan girls; vocal duet by Mobeetie girls; piano solo by Good Neighbors girl; novelty number by 3-Leaf Home Demonstration Club women and several other numbers by the other clubs of the county.

HD Club Council Will Not Handle Pineapple

Mrs. Sy Mason, chairman of the Wheeler County marketing committee of the Home Demonstration Club Council, announces that orders for pineapple for home canning will not be taken this year.

It is understood that local grocers will make an extra good price on pineapple this year; so, club women who have canned pineapple in the future and wish to again this year are urged to see their local grocer and place orders immediately.

It is announced both Clay Food Store and Puckett's Food Market in Wheeler will handle the pineapple at a very reasonable figure but names of grocers in other communities who will handle orders is not available.

Be Bright at Night, but Dim Your Lights!

Hail Damage To Crops, Fruit and Gardens Is Heavy

Hail storms north, east, southeast and in the immediate vicinity of Wheeler last Thursday night did considerable damage to wheat, alfalfa and fruit crops in the localities where it struck. In the immediate vicinity of Wheeler, it was the second time within two weeks that gardens and fruit had been hard hit and it is believed that most of the fruit was either completely ruined or damaged to a great extent.

Hail did a great deal of damage in the vicinity of the J. H. McCarroll place north and a little west of Wheeler, cleaned out the fruit in the vicinity of M. L. Clark east of town and mowed down alfalfa, wheat and other items in the vicinity of Ernest Dyer and V. E. Harcastle southeast of Wheeler it was reported.

However, there has been no more moisture of any appreciable amount fall since last Thursday night and farmers in the north half of Wheeler county have gone all-out in planting operations this week and many of them will have their planting completed before the week ends provided the sun continues to shine.

MRS. PHILLIPS FUNERAL HELD

Funeral services were held at the Kelton Baptist Church Wednesday afternoon at 2:00 o'clock for Beulah Belle Pond Phillips, 21-year old wife of John H. Phillips, who passed away in Wheeler early Tuesday morning after only a very short illness. Rev. A. G. Roberts, pastor of the Kelton Baptist Church, officiated at the services and was assisted by Rev. M. B. Smith, pastor of the Wheeler Baptist Church, and B. M. Litton, pastor of the local Church of Christ.

Beulah Belle Pond was born at Kelton on December 8, 1927 and was married to John H. Phillips on December 8, 1945. To this union there was born one daughter, Cynthia Ann, now 2 1/2 years of age. Mrs. Phillips departed this life on May 31, 1949 at the age of 21 years, 5 months and 23 days.

Mrs. Phillips leaves to mourn her passing besides her husband and daughter: Her parents, Mr. and Mrs. Aubrey Pond; two sisters, Aubrey May and Maxine Pond; two brothers, Doyle and Jimmie Pond; some of her grand parents and a large number of other relatives and friends.

Pall bearers were Leonard Mills, Bud Harris, Joe Henderson, John Baird, Leonard Rathjen and W. H. Willoughby.

Flower attendants were members of her Sunday School class and included: Mrs. Charlie Lang, Mrs. Lorene Tucker, Mrs. Joe Henderson, Mrs. Jack Harris, Mrs. Fay Davis, Mrs. Peggy Clay, Mrs. Mildred Gierhart, Mrs. Alice Austin, Mrs. John Daberry, Mrs. Betty Joe Whiteley, Mrs. Grace Parsons, Mrs. C. O. Henderson, Mrs. Gillery Rogers, Joan Abernathy and Velda Anderson.

Interment was in the Kelton Cemetery with Kirk-Mason Funeral Home being in charge of arrangements.

Writings Of Two Local Girls Published In '48

Miss Ruby Maxine Richardson and Miss Inez McWhorter are the authors whose work has merited a place in "Important American Poets and Songwriters", this year's most outstanding volume of lyrics and poetry. Thousands of manuscripts were submitted from every corner of the globe. Competition for a place in this volume was very keen. Many of the authors represented have been previously published in other important books, magazines and newspapers.

Some of them have authored outstanding volumes of their own, so that to have won a place in this volume is an achievement worthy of wide recognition. For many of the authors this is the first opportunity to achieve publication, and it may serve as the incentive to a successful literary career.

This volume met with such an overwhelming response this year that Valiant House, Publishers, of 664 Avenue of the Americas, N. Y., are already planning the 1949 book. In order to encourage the lesser-known authors to endeavor to attain their rightful place in the literary world, the publishers this year are offering many prizes to be announced shortly.

Writers who are interested in competing for a place in this book should write the publishers for details.

MOBETTIE IS BEATEN TWICE

The Mobeetie team in the Red River Valley League had a rough week last week dropping its Thursday night contest to the Wellington nine by a 3 to 1 margin then dropping their Sunday encounter to the Childress nine by a count of 8 to 0.

The Mobeetie lads drew a bye for tonight (Thursday) but tangle up with the strong Memphis nine in a hammer and tongs battle on the Memphis diamond Sunday afternoon beginning at 3:00 o'clock. To date, Mobeetie is the only team in the league which has been able to turn back the Memphis lads.

Last Thursday night's contest between Mobeetie and Wellington featured some air-tight pitching by Batchelor for Wellington and Lundy for Mobeetie with Wellington gathering only 8 hits and Mobeetie being set down with a mere 5 bingles. Batchelor struck 9 and issued 2 free passes while Lundy struck 8 and issued only 1 free ticket to first base.

Sunday's contest between Mobeetie and Childress saw the Childress lads capitalize on some timely hitting and some costly errors by Mobeetie players to win a slightly one-sided contest. Martin, performing on the mound for the losers, pitched a good game but was afforded poor support while Jones of the winners pitched a fine game being especially effective in the pinches.

REV. MATTHEWS TO SPEAK HERE

The Wheeler Methodist men's group met last Thursday evening for a brief business session after which the group was addressed by R. H. Forrester.

A reporter for the group stated that the occasion was enjoyed by all who attended.

The next meeting of the group will be held on Friday, June 10 at the Methodist Church at which time the group will enjoy a fried chicken supper. The meeting will begin at 8:30 o'clock and all members as well as visitors are urged to attend. Rev. Eugene Matthews, pastor of the Sanford church, will be guest speaker. Rev. Matthews is formerly of Mobeetie and the Methodist Men especially invite Rev. Matthews friends from Mobeetie and surrounding territory to attend.

Former Mobeetie Boy Received BD Degree

Forrest E. Matthews, son of Mr. and Mrs. H. E. Matthews, of Mobeetie, received his Bachelor of Divinity Degree in graduation exercises held at Southern Methodist University May 31.

Dr. Umphrey Lee, SMU president, delivered the commencement address to more than 750 graduates.

Before coming to SMU, Matthews attended McMurry College in Abilene. At SMU, he did graduate work in SMU'S School of Theology.

WHEAT BELT HAMPERED BY LACK OF STORAGE

It would be unfair to blame the rail-

roads for the embargo they have placed on shipments of grain consigned to storage space that is already full or will be by the effective date of the embargo, June 1. To accept consignments that could not be unloaded would merely tie up grain cars. That would hurt the growers instead of helping them. The railroads have plenty of cars and are ready to move all grain going to market. It is not their fault that storage space is insufficient.

The crowding arises mainly from the fact that several bumper wheat crops have followed each other in close succession, leaving large carry-overs. In Texas the average local grain elevator is half to two thirds full of old wheat as the new crop begins to come in. This situation would have been much less serious except for federal bungling. Government buyers of wheat promised to get it out of local elevators before the new crop came in but, in many instances, failed to do so.

In his election campaign last fall, President Truman promised to build new facilities for storing grain. But the only effect of his words was to curtail private construction by making a threat of federal competition. Not only did the Truman administration fail to carry out this promise but, even as the President was campaigning, some of the federal facilities for storing grain were being sold. As a result, much of this year's wheat will have to be piled on the ground, where some of it will be lost.

That is what usually comes from federal meddling in fields that should be left to private enterprise. The grain farmers will have to learn not to depend on political promises for space to store their crops.

The Wheeler Times Classifieds Get Results!

A one-tract mind is not a handicap if you are on the right track.

The Constitution means little or nothing to a high pressure group.

Sentiment is a great force in life but, upon occasions, it requires cash to do the job in hand.

The reason some people talk so much about themselves is that they know so little about anything else.

Whenever you are inclined to think that people are funny, remember that, to everybody else in the world, you are one of the "people."

SPEAKING OF UNIONS

"Hey, what are you doing?" yelled the foreman.
"I'm just sharpening a pencil," called back the bricklayer.
"Well, don't let anybody see you. That's a carpenter's job, you know."

PASSWORD
Now remember, Pat," said a sergeant to an Irish soldier, "the password is Saxe—after Marshal Saxe, you know."
"Shure," said Pat. "O'il never forget it. Wasn't my father a miller and my uncle a coalman?"
Later in the day, the Irishman was challenged. "Bags," he replied.

VAUDEVILLE NEXT
"Say, ma," protested the boy, "what's the idea of making me sleep here every night?"
"Ssh, dear," admonished American mamma. "You have to sleep in the piano for two weeks to set up a new record, then your picture will be in the newspapers."

"Haven't you missed the folks used to live next door?"
"No. The reason is that they were borrowed anything, so we only knew them."

AND OTHERS

In a fashionable girls' school in England the history teacher was telling the story of the settlement of the country.

"Miss Cabot," she said, "can you tell me who came over in the 'Mayflower'?"

"Yes," said the girl. "I can; my ancestors and a few other people."

TEXANS URGED CONTINUE FIGHT FOR TIDE LAND

Attorney General Price Daniel today urged Texans to continue their firm stand against the Federal attempt to take the tidelands away from the State Public School Fund. "Our case is not lost. The fight has just begun, and we are going to win in the Court or in Congress, if Texans themselves do not weaken or give up the fight," Daniel said. A prepared statement by the Attorney General said: "True, it is a hard fight, but with honest and righteous claims, a fighting chance is all most Texans ever ask for. The odds were ten to one against Texas at San Jacinto, but they won. Had they become weak-kneed and afraid to fight because of great odds, this area would still be part of Mexico.

Farm Facts

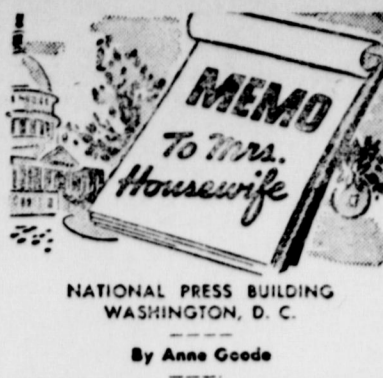

1. Breeding stock should be marked for purposes of identification and record-keeping by tattooing the ears. Numbers and letters are tattooed on the inner surface of the ears by means of a hand or an electric tattooing needle. Does may be marked in the right ear and bucks in the left.
2. Yes. The farrowing pen should be thoroughly cleaned and disinfected and the floor lightly covered with a bedding of clean, dry straw. The sow should be moved into the farrowing quarters about five days before she is due to farrow. This can be done easily if the proper breeding records are kept. Before putting the sow in the farrowing pen, wash her thoroughly with soap and water and then spray or sprinkle her with a good disinfectant, such as Purina Chas-R-Pect. This is an important practice in a sanitation program for the control of disease and parasites.
3. No. According to the Virginia Station Technical Bulletin No. 96, measurements of 204 White Leghorn pullets indicated that neither body weight within the normal range nor body type was shown to be a reliable index of egg-production ability of the hen, nor could either be used as a guide in predicting future egg production or in estimating the past production of a hen. However, birds that are definitely under weight or over weight should not be kept in a laying flock.

Send your questions about livestock or poultry problems to FARM FACTS, 815 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

This has been my position on this subject constantly for two years, and I hope the people and especially the newspapers will not at this late date attribute future political significance to my actions. I had rather win the tidelands case than to hold any public office that exists, and if it becomes necessary for me to remove myself from unsolicited speculation on the political scene in order to maintain united support on this case, I shall do so without hesitation.

"Of course, Federal officers would like to compromise because even with a court decision such as they have in California, they cannot take over the lands without an Act of Congress authorizing them to do so. It will take both a court decision and an Act of Congress to enable Federal agencies to enter upon the lands which Texas has held in trust for its people for the past one hundred years. Even in California, that state still operates its land and leases two years after an adverse court decision. Therefore, there is no reason to rush into a settlement on account of fear as to what the Court will do in the Texas case. Expressions of fear only serve to weaken our chances in the Court and the Congress," Daniel said.

"I believe those few who have said we cannot win in Court have heard only the Federal side of the case. Anyone who has made a study of Texas' special claim under the annexation agreement knows these lands belong to Texas under the same chain of title

MEMO To Mrs. Housewife

NATIONAL PRESS BUILDING WASHINGTON, D. C.
By Anne Goode

Due to government subsidies, butter is one product which has little fear of drastic price reductions. Even increased production makes no difference. . . . At the same time butter is sitting pretty, wholesome vitaminized margarine struggles along, still burdened with Federal taxes and a string of red tape a mile long hampering its sale.

One New York City department store now offers to fingerprint furs when brought in for storage. Wonderful means of permanent identification.

Some of the classic tennis frocks are back on the market and how pretty those whites will look as they flash over many a court over the country. . . . Which reminds me, be sure to keep your footwear as pretty and white with the ol' shinala.

There'll soon be an orange juice on the market for baby strained fine enough to go through the tiniest nipple. Besides helping supply Junior with Vitamin C, it tastes good and will be economical.

Potato salad, as you know, is one of summertime's most popular cold dishes. And when it's good we seldom grow tired of it. Marinate potatoes first. Season well with salt, minced onion and real mayonnaise. Add minced anchovies to the potato mixture for a delicious variation.

Dice left-over ham, mix with cooked macaroni and a cream sauce. Turn into a greased casserole, top with margarine bread crumbs and brown in a moderate oven. So good with a tossed green salad.

"Hymns Of The World" To Be Broadcast In First Program Sunday

The premiere broadcast of "Hymns Of The World", featuring John Charles Thomas and the King's Men will be heard over KPND at Pampa next Sunday at 12:45. The program is a presentation of the Southwestern Public Service Company and KPND is the local outlet on the new 14 station Public Service Company network.

The 15 minute program features hymns of all faiths and all nations sung by Thomas and the well known quartet. The vocal and choral arrangements are by Ken Darby and Roy Urseth is the organizer. Monte Rosenwald is the announcer. It is an entirely new program and has never been heard before in this region.

"Your Public Service Company Network" is a "program" network and joins together 14 independently operated radio stations in the Texas Panhandle, New Mexico and Oklahoma each Sunday for the "Hymns Of The World" broadcast.

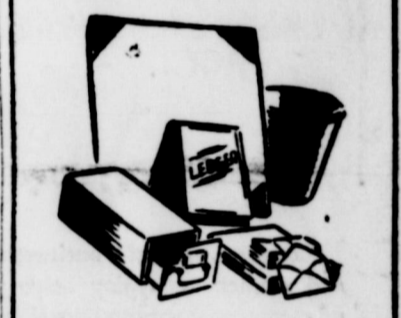

CAUTION SWAINS

Daughter—Maw, I wish you would stop bossing pa around so much.
Maw—What's the matter now?
Daughter—Well, every time I get some boy interested in me he grows serious and asks me if I take after you.

assumption of Texas' \$13,000,000.00 debt. But this was defeated in the United States Senate. One Senator said the land was worthless, consisting only of marshes, tadpoles, and terrapins. Another said "Let Texas keep her lands and pay her own debts." We did this over one hundred years ago and it is too late now for the Federal government to renege on its own deal," Daniel said.

YOUR VOTES AT WORK

Texas' Attorney General, Price Daniel, has indicated he will not budge in his stand on the Texas tidelands. Coming as it does when the legislature is faced with a definite deficit in funds it might seem a political statement in nature. Texas would undoubtedly get a large amount of revenue from tidelands in the Gulf of Mexico and the state would and could use the money right now. However, the Attorney General has disclaimed any political motives. Past rumors, by the way, linked him with the race for governor next year.

Repeal of the Gilmer Aiken plan is one of the planks of the platform of Casa March who has announced his candidacy for governor.

To tax or not to tax that is the question which still faces the legislature. The money for state functions is going to have to come from somewhere—where?

The Senate has acted on measures already passed by the house. Included in the work is a

\$67 million eleemosynary bill. This bill includes a \$23 million state hospital building program. The Senate also passed a \$64 million higher education bill previously passed by the house. Also worked on was a \$6 million soil conservation program and a \$6 million state office building program.

The house passed these major money bills at lower figures and now a conference committee of both houses will have to be held to determine the exact amount to be expended.

A constitutional amendment to raise old age assistance payments to a \$55 monthly maximum likely will be submitted to the people this September 24.

Since appropriations now total over \$180 million some way is going to have to be found to make up a \$46 million deficit in funds.

One way suggested has been to slice \$46 million from the bills without touching the hospital building program. Another way (as this column has already pointed out) would be to lop off second year appropriations and leave the question of new taxes and revenue to the legislature next year, if the annual meeting amendment is adopted September 24.

A third way would be to raise the rates in the old House Bill 8 omnibus tax. A fourth plan believed to have the support of those dead set against new taxes would set out one or two of the bills deliberately to create a deficit. Under the "pay-as-you-go" amendment this could be done, with a four-fifths vote of the legislature despite certification by the Comptroller that money is not available for the complete payment of the bill.

Speaker of the House, Durward Manford, and Lieutenant Governor Allen Shivers both predict the legislature will adjourn by June 10.

A \$400 million veterans bonus bond amendment may get through the house but will never become

a real issue this session. This bill was buried in committee the major portion of the session. Only recently was it transferred to a more favorable committee and reported out. This committee approved the bonus amendment and also proposed to finance it by new levies on cigarettes, cigars and alcoholic beverages.

The legislature took steps forward in the curbing of juvenile delinquency with the creation of a State Youth Development Council. Under the bill a diagnosis of each child, declared delinquent by the courts, would be available before the child is sent to a training school. The bill provides for more understanding and intelligence to go into the approach of juvenile delinquency.

Jack Porter, former Republican candidate for US Senator advanced a plan in a letter to Governor Jester that would collect over-due taxes. Porter said his plan would furnish enough money to run the state government and provide necessary improvements. His plan has the approval of the Executive Committee of the Texas Independent Producers and Royalty Owners Association.

MAKES IT UNANIMOUS

Art Editor (disdainfully): "We wouldn't think of using anything like that."

Free Lance Artist: "Well, you needn't be so haughty about it, you're not the only one who won't use it."

Rebuilding Lives and Homes Begins

Top, in Cape Girardeau, Mo., shelter, Red Cross Nurse Marie Brooks cares for Kenneth Probst, one of family of 13 who lost all possessions in May 21 tornado which leveled 21 city blocks. Emergency feeding, shelter, medical care is followed by Red Cross aid in restoring possessions and health to victims of storms where their own resources cannot meet needs. Below, Red Cross building expert checks demolished 5-room home of Robert Gilmer, Amarillo, Texas, veteran, who lost everything in May 15 tornado. Expert will follow through on this and scores of other homes where complete or partial building and repair is financed entirely from Red Cross disaster funds. Three-quarter million dollars has been set aside for such long-range help to storm and flood victims stricken in 6 states in first three weeks of May. Aid is always given outright or by way of what is needed to restore family to normal life; can range from replaced kitchen equipment to entire, new furnished home or medical care for as many years as it takes disaster victims to recover.

HOUSE FOR SALE—Four rooms and bath, garage and wash house, 1 block west of Post Office, in Wheeler. Contact Mrs. Charles Ellis, Canadian, Texas. 23-tfc.

SOCIETY

Review Club Installs New Officers At Dinner

The Thursday Review Club had a formal dinner and installation of officers Thursday night, May 26th, at the school cafeteria.

Mrs. R. J. Holt, Jr., president, gave the welcome address, and introduced the two guests, Miss Genevieve Morton and Ruth Merrill, who sang "Moonlight and Roses" and "The End of a Perfect Day". Dinner was then served and the installation of officers was had.

The new officers, together with the retiring president, stood before a paper entwined fireplace, and the ceremony was performed by candlelight. Seasonal flowers were used for decorations. Mrs. Holt, the retiring president, was installing officers and presented each new officer with a different colored flower, which flower was a symbol of her duty, and each officer gave a short talk concerning her duty. The following officers were installed for the ensuing year: Mrs. Lowell Pendleton, president; Mrs. Roy Ford, vice-president; Mrs. Carroll Pettit, secretary; Mrs. W. A. Goad, Jr., corresponding secretary; Miss Vendell Starkey, reporter and Mrs. Earl Barnes, parliamentary.

The following members and guests were present: Mesdames Guy Dawkins, Joe Rogers, Earl Barnes, Lowell Pendleton, Red Richerson, Leroy Robison, Lester Robertson, Ralph Robison, Wilton Callan, Ed Trimble, R. J. Holt, Jr., J. C. Howell, Louis Martin, and Misses Gienna and Wilma Hefley, Vendell Starkey, Ruth Merrill, and Genevieve Morton.

Mrs. Finsterwald Is Hostess To Demo Club

The Good Neighbors Home Demonstration Club met with Mrs. Milton Finsterwald Thursday, May 26th.

Mrs. Emma Hastings met with the club and gave a demonstration on "Adjusting Patterns To Fit the Individual".

At the conclusion of the meeting the hostess served delicious refreshments of spice Chiffon cake and fruit punch to the six members, three visitors and the agent.

The next meeting will be June 9th with Mrs. T. A. Treadwell. All members are urged to be present.

Mr. and Mrs. Harry Wofford attended graduation exercises at Alpine the first of this week. Harry Garrison, nephew of the Wofford's was a member of the graduating class of Sul Ross.

OBVIOUS

Visitor—you say that public building over there cost \$2,000,000? Doesn't that seem like a terrible price for such a building?
Citizen—Why, man, if you knew the gang that got the contract you'd think we're getting off cheap.

The coming of warm weather emphasizes the need for prompt cooling of milk and cleanliness in production. Milk from clean, healthy cows contains few bacteria as it comes from the udder.

HE PROBABLY WOULDN'T OBJECT

Wife (to hubby deep in his paper)—Ed! I told you you were wrong on that paint question.
He—So?
She—Yes, and you were also way off on the color of that wall paper.
He—Yes?
She—Ed, if you're going to be so unsociable I'm going to leave you this minute.
A Child May Dare So Drive With Care!

SPECTACULAR DEATH OF PILOT

BEFORE THE HORRIFIED EYES of thousands of spectators at an air show in Jackson, Miss., a tiny plane flown by Billy Fischer, national champion small craft pilot (top), loses a wing. Plummeting earthward (center), the 463-pound ship hits the ground. At bottom, field employees run to the burning mass of wreckage in an attempt to save Fischer. Flames drove them off and the pilot perished. (International Soundphoto)

the polio virus, or which help the mice recover when they are given the viruses." So far however none has been used successfully on humans.

- Although little is known about the way in which polio spreads, the pamphlet carries a number of tips for parents in the event that infantile paralysis breaks out in epidemic form in their neighborhood. Parents are urged to:
1. Watch for the symptoms that may be weathervanes of polio: a tired feeling, headache, nausea, upset stomach, pains or stiffness in the muscles, or a fever. A big part of the victory in polio is immediate rest and immediate treatment.
 2. Avoid crowds. There is no way of telling who has the virus, who is becoming sick, or who is a healthy, unaffected carrier.
 3. Keep children from becoming overtired or chilled.
 4. Do not let children swim in polluted waters. Attacks of polio have followed after such experiences.
 5. Keep clean. Make sure that the children wash their hands before eating.
 6. Keep garbage covered and screen the house against flies.
- POLIO CAN BE CONQUERED.** by Alton Lee Blakeslee, is Pamphlet No. 150 in the series of brief, popular, 20-cent pamphlets issued by the Public Affairs Committee, Inc., a nonprofit, educational organization at 22 East 38th Street, New York 16, N. Y.

Keeping the poultry flock on full feed during the summer is important in good poultry production. Feed the layers all the laying mash they will consume.

POLIO CONQUEST NOW IN SIGHT

The conquest of infantile paralysis is now within sight. Alton L. Blakeslee, noted science writer, predicts in a pamphlet published today by the Public Affairs Committee, Inc. of New York.

"No one can predict just when the victory will come, or in what way," he adds, "but medical science is making such progress that there is real cause for optimism."

Such striking progress has been made in treatment during the past ten years that only about 15 to 25 percent of polio victims are now "left more or less severely handicapped . . . Forty to 60 percent of the children or adults who get the illness in recognizable form will recover completely, or almost completely, without any visible evidence of paralysis."

Scientific study of means for preventing the disease has been slower. Mr. Blakeslee admits in the 20-cent pamphlet **POLIO CAN BE CONQUERED**, but he lists a number of recent developments that appear to carry great promise. Monkeys have been inoculated against polio safely and effectively, he points out. Unfortunately, the vaccine does not protect the monkeys against all strains of the virus and thus could not offer satisfactory protection for humans.

Top scientists are cited as believing that a safe vaccine for humans will someday be found. The recent success of scientists in almost completely purifying one kind of polio virus should hasten this day, Mr. Blakeslee declares.

"Drugs and other chemicals have been found," he reveals, which "protect mice against viruses like

Makers Can Save And Energy By Probe Choosing

The summer wardrobe idea suggested by Darden, extension assistant management specialist A. and M. College. A homemaker can save energy, especially in the family's clothing, if the family's clothing is fitted to the washing machine. By this means that the home-ironer to the home-ironer—dresses easy to iron—dresses all the way down the instance. Puffed sleeves, em- lace and small ruffles, flat buttons on clothes, buttons or buckles, and buttons are easier on rollers, too. There's deep creases in fabrics than in the

heavy linens and the napped fabrics like bath towels and corduroy, Miss Darden says. Sashes and ties are extra trouble not only in the washer, but also in the wringer. Fold them in side the garment before wringing to keep them from catching and tearing.

Clothes which need little ironing—if any—save much tiresome labor in hot weather. These include terry cloth and corduroy robes and coats, seersucker dresses and suits, and knitwear, especially for children.

In an automatic dryer these fabrics keep their shape and avoid creasing. A dryer is excellent for fluffing any napped fabrics, says Miss Darden. But she warns that if the clothes are left too long in a dryer so that they become "bone-dry", the dryer may create them, especially if there is a heavy load.

Time and labor may be saved by wearing clothes that fit the equipment.

LEGAL NOTICE

THE STATE OF TEXAS COUNTY OF WHEELER SHERIFF'S SALE

WHEREAS, on the 9 day of May, 1949, in Cause No. 4066, in the District Court of Wheeler County, Texas, wherein The State of Texas & County of Wheeler; Wheeler Independent School District and the City of Wheeler were plaintiffs, recovered judgment against Isaac Carter, Defendant, for taxes, penalty, interest, and cost against the hereinafter described property;

WHEREAS, on the 30 day of May, 1949, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 30 day of May, 1949, seize and levy upon as the property of the above defendant the following described property, situated in Wheeler County, Texas, to-wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

All of Lots 1-6 inclusive, Block 12, Wheeler, Wheeler County, Texas, according to the recorded map or plat of such town in the office of the county clerk, said county and state.

And I will on the first Tuesday in the month of July, 1949, the same being the 5th day of said month, proceed to sell all the right, title, and interest of the Defendant in and to said property at the Court House door of said county in the city or town of Wheeler, between the hours of 2:00 p. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, whichever is lower, sub-

Be Bright at Night, but Dim Your Lights!

Insulation Helps To Keep Houses Cooler

You may not be able to do much about the temperature this summer, but you can do something about your house to keep a little cooler.

Inside house temperatures may be from 10 to 15 degrees cooler with insulation than without it, provided the house has enough ventilation, says W. S. Allen, extension agricultural buildings engineer of Texas A. and M. College.

The insulation itself won't cool the house, but it will keep the heat outside during the day. Along with night ventilation, shading of the windows, awnings and shade trees near the house, insulation helps provide better cooling. The difference will be enough to make any house more comfortable when the mercury climbs high, Allen says. Any home exposed to high temperature, the greater the need for it. Here in Texas it's most beneficial in the summer. Reflective insulation, which comes in metal foil or sheets, helps keep the sun's heat out of the house during the day, and allows for rapid cooling at night. So it is well adapted to the south, says Allen.

Your house may be made cooler this summer by proper use of insulation. And don't forget that the fuel bills will be less next winter, too.

UNFINISHED SYMPHONY

The village orchestra had just rehearsed the overture for the

sixth time. "Thank you," said the composer, who was also the conductor. "At last you have given me a true interpretation of my work." "Gee!" whispered the man with the trombone. "that's queer. I've got two pages to play yet."

Men Who Are Handy With Carpenter Tools Can Improve Kitchens

If the man of the house is handy with carpenter tools, he can do much to improve an old, inconvenient kitchen.

Mrs. Bernice Claytor, extension home management specialist of Texas A. and M. College, says that often an improvement in storage facilities and work space of an old kitchen is just a matter of simple carpentry, requiring tools and materials familiar to a farm carpenter.

"Whether remodeling or building," she says, "plan on cabinets for food preparations utensils, materials and serving. Storage space for work clothes and cleaning supplies helps greatly in keeping the house more orderly."

Cabinet units can be grouped or built individually between doors and windows that so often break up wall space in an old-fashioned kitchen. The most difficult construction program in good cabinets may be the drawers; if the farm shop does not have a routing plane for cutting grooves for the drawers, Mrs. Claytor suggests

Mr. and Mrs. Bailey Burgess of Houston are visiting friends and relatives in Wheeler this week.
