REV. RUDOLPH A. RENFER

Legion To Sponsor Revival Meeting For Community

Monday night, July 7th, at 8:00 p.m., the American Legion Post No. 138, located in Wheeler, Texas, will sponsor a revival meeting for the community. The meeting will be held at the Legion Hall in north Wheeler. The speaker for the evening will be Rev. Rudolph A. Renfer, pastor of the First Baptist Church of Dallas, Texas. Rev. Renfer is a graduate of the Methodist University, Dallas, Texas, and is a member of the American Legion Post No. 138. He has served in the United States Army in England and France, Belgium, and Germany during World War II. He was critically wounded in Germany in February 11, 1945. At present, he is a professor of historical theology at the Dallas Theological Seminary and was commended by the Chief of Chaplains of the United States Navy for the course he instituted in that Seminary looking toward the preparation of military chaplains. This commendation brought him national publicity in the "Time" magazine under date of May 21st of this year.

The singer, Rev. Taft Holloway, pastor of the First Baptist Church of Canadian, Texas, needs no introduction to the people of Wheeler and vicinity. We all remember Taft as a genial, interesting and broadminded preacher when he lived in Wheeler, Texas. Brother Holloway is also a veteran of World War II. The Legion members of Wheeler, without hesitation and with pride, offer these two gentlemen to the public as peers of anyone in their respective positions in the forthcoming revival. H. C. Coffman, Commander of West-Passons Post, assures the general public that they will be welcome at any of these services to be held, and he desires this newspaper to state that you do not have to be dressed in fine clothes to attend any of the meetings held during the revival. There will be two meetings per day, one at 10 a.m. at the Rogue Theatre in downtown Wheeler, and one at 8 p.m. at the Legion Hall in north Wheeler.

REV. TAFT HOLLOWAY

NEWS FROM— County Agent's Office

By R. D. Siegmund and Robert Ledbetter

4-H ROUND-UP

Wheeler County 4-H Club boys made a good record for themselves, their 4-H Clubs, and Wheeler County at the 4-H Roundup at College Station last week. We of the County Agents office are proud of these fifteen boys who took part in the contests at Texas A. & M. as they did a good job. We are even more pleased with the cooperation that we received from the folks here in the county that supported these teams by contributing money so that they could make the trip with less expense to themselves. It cost an average of \$14.00 to send each boy to the contest and this included his meals, room, and transportation.

The Wheeler County Farm Bureau deserves a double vote of thanks as they gave \$100.00 towards the amount needed. The Wheeler County District Soil Conservation Board gave \$30.00 to help out the grass team. The Shamrock Chamber of Commerce gave \$30.00, while the Wheeler Kiwanis gave \$25.00. The Wheeler Chamber of Commerce gave \$25.00 that completed the amount asked for. We also want to express appreciation to the Wheeler County Commissioners Court for the new stock racks for the 4-H pickup. We really needed them for the trip to the 4-H Round-up.

COTTON INSECTS

Cotton insect control time is here and if you haven't done so already, it is time to start to spray or dust the cotton crop if you intend to harvest more cotton than the bugs will. There will be three very important cotton meetings at the following places: Lela on Tuesday night, July 10 at 8:15 o'clock; Kelton on Thursday night, July 12 at 8:15 o'clock; and at Briscoe on Friday night, July 13 at 8:15 o'clock. All of the meetings will be held at the school houses and pictures will be shown on cotton insects. Methods of control and any questions will be answered in regards to cotton insects. Bring your neighbors along. The insects are already in the fields, as four full grown boll weevils were found on 75 cotton stalks examined on Jess Moore's place. (Continued on Last Page)

ANNUAL 4-H ENCAMPMENT STARTS TODAY

The annual 4-H encampment is to be held July 5, 6, & 7th according to Mrs. Jay Hastings, County Home Demonstration Agent, and Robert M. Ledbetter, Assistant County Agent. The camp site is again to be the C. J. Van Zandt Ranch near Mobeetie. This is to be a joint camp for both 4-H Boys and Girls.

A bigger and better camp program is being planned this year than ever before. It will include training in club activities, arts and crafts, recreation and night movies. Mr. and Mrs. Johnny Sessions, employees of the Southwestern Public Service Co. will be responsible for the electrical power at the camp. They add a great deal to the life at camp along recreational lines also. They have worked with Wheeler County before and are very highly recommended with this sort of work.

County Agent Ray Siegmund and 4-H Adult leaders will also be on hand to help make it a better camp. All agents, leaders and 4-H Clubbers are planning to have a wonderful time.

Wheeler Whispersings

By J. C. Howell

We now have \$338.50 pledged toward the lighting of a softball field at the City Park here in Wheeler and have enough faith in the people of this vicinity to believe that they will go ahead and put in enough money to finish this project; so, we, along with some other local officials and businessmen, are going ahead to see about (Continued on last page)

Rev. and Mrs. A. L. Cargill, pictured above, of Divide, Colorado will conduct a revival meeting at the local Church of the Nazarene beginning July 10 and lasting through July 22 the pastor, Rev. E. F. Robinson, announced this week. Services will begin each evening at 8 p.m. Rev. Cargill is to do the preaching and Mrs. Cargill is to be in charge of the music. Everyone is invited to attend.

VANPOOL IS NEW BEATY SERVICES LEGION HEAD TO BE FRIDAY

The West-Passons Post No. 138 of the American Legion held its annual election of officers at the regular July business meeting which was held at the Legion Building last Tuesday night. Commander H. W. Coffman presided over the meeting.

During the course of the meeting Dr. H. E. Nicholson, Jr. finance officer, gave a report on the finances of the Legion and pointed out the fact that all current bills had been paid and approximately \$1,500.00 had been paid on the note during the past year. The \$1,500.00 does not include interest, that amount was paid on the principal.

Dues for the ensuing year were lowered from \$7.50 to \$5.00 by a vote of the majority of the members present. Those who favored the lower dues hope that this move will enable more of the veterans in this vicinity to become members. (Continued on Last Page)

Funeral services for J. A. Beaty, 75-year-old father of J. D. Beaty of this city, will be conducted at the Kelton Baptist Church Friday afternoon at 3:00 o'clock with the pastor, Rev. F. F. Higginbotham in charge. He will be assisted by Rev. A. G. Roberts of Lefors, a former pastor of the Kelton church.

Mr. Beaty was found dead in his bed at his home at Kelton Wednesday morning by his daughter, Mrs. Ada Scroggins, who has been staying with him since the passing of his wife in 1948. At the time of his death he was 75 years, 11 months and 6 days of having been born in Grayson County, Texas on July 28, 1875.

Mr. Beaty had been a resident of the Kelton community for the past 33 years having come to Wheeler County from Childress County where he and his wife settled following their marriage. (Continued on Last Page)

BALL TEAMS ORGANIZED AT MEET TUESDAY

A local softball league was organized Tuesday night when a group of interested parties met at the office of Sheriff Bus Dorman. Minister Thomas Seay was elected president and Johnny Johnson was elected treasurer.

Three mens teams, two teams for boys between the ages of 8 and 13 years, one boys team for boys between 13 and 18 years, one lads team, and one girls team for girls 16 and under were organized at the meeting and a schedule of play was set up for next week.

Robert Ledbetter, Johnny Johnson and Maurice Burgess are

PLEASE HELP!

Minister Seay states that the local people have been playing and enjoying the softball games which have been played on the football field the past few weeks, but, so far, no one has offered to "kick-in" anything to help pay for the lights. The lights which have been used for softball so far are on the school's bill and it is not right that the school should pay this bill; therefore, collections will be taken up at the next few games to raise money to pay this bill and it will be appreciated if all who have and are participating and enjoying the games would give their share.

captains of the men's teams, Billy J. Darnell is to manage the women's team, Corky Guthrie and Harvey Wright are to have charge of the boys between 8 and 13, Bus Dorman is to manage the 13 to 18-year age group of boys and Minister Seay and W. A. Goad, Jr. are to manage the team of girls 16 and younger.

Schedule for next week's play includes: Tuesday night—boys 8 to 13 play from 7:00 to 8:30; Johnson's team plays Burgess' team from 8:30 to 10:00. Thursday night—girls play women from 7:00 to 8:30; boys 13 to 18 play Burgess' team from 8:30 to 10:00. Friday night—girls play women 7:00 to 8:30; and boys 13 to 18 play Ledbetter's team.

Members of the three men's teams include:

Maurice Burgess' team—Ray Siegmund, Joe Weatherly, Royce Daves, Carroll Pendleton, Hiram Whitener, Thomas Seay, Neal Laycock, Bill Graham, Glenn Hibbitts, Jack Garrison, Corley Guthrie, James Gaines, Garland Parks, Bill Chapman and Red Richerson. Johnny Johnson's team—David Johnson, Albert Marshall, Earl Barnes, Lowell Pendleton, Dub Goad, Dossie Nickel, Myron Smith, Clyde Johnson, W. L. Jolly, Doyle Brown, Happy Martin, George Berry and Bill Cosper. Robert Ledbetter's team—Jack Crout, Bus Dorman, Delma Faught, Roy Ford, Henry Risner, Fred Waters, Kenneth Hand, Joe Rogers, R. J. Holt, Maurice Pettit, John Hodges, Richard Gaines, Bill Darnell and Donald Rives.

4-H BOYS MAKE GOOD RECORD

Wheeler County 4-H Club boys have just returned from the annual 4-H Roundup and state judging contest. The event was held at A. & M. College. Fifteen boys, all members of judging teams, made the trip down to the College Saturday the 23rd and returned Thursday the 28th. This group of boys was the largest that has ever been to state contest from Wheeler County.

The Livestock Team composed of Carrol Pitcock, Donald White— (Continued on Last Page)

—Engraving courtesy of the Pampa Daily News
Pictured above are Rev. and Mrs. Darris Egger and their nephew, Jerry Davis, as they greeted Mr. and Mrs. Iwan Mohylka and their daughter, Helena, right, as the Mohylkas were welcomed to the Panhandle of Texas by the Wheelers. The Mohylkas are from a displaced persons camp in Germany and have come here to their home under the sponsorship of the Wheeler WSCS.

Displaced Persons Family Is Brought Here By W S C S

The Iwan Mohylka family, a displaced person family from near Castle, Germany, arrived in Wheeler, Monday morning of this week. This family is being sponsored by the Woman's Society of Christian Service of the Methodist Church in Wheeler. While the WSCS is sponsoring this project the entire membership is giving a hand in settling the Mohylkas.

The Mohylkas originated in the Russian Ukraine. But they moved to Poland in 1927 when Russia moved into this country. They lived in Poland until 1944, when they were forced to move because Poland was divided between Germany and Russia. This time they moved to the American Section of Germany, near Castle. They have been in Displaced Persons camps since 1944. There are three in the family. Mr. and Mrs. Mohylka, Age 52, and a daughter, Helena, age 12.

The family is now living in a house owned by the H. M. Wileys. After a period of adjustment and learning enough English to get around, the family will be permanently employed. The Methodist Church is having a Church night party tonight (Thursday) night at 8:00 in the Church park. A covered dish supper will furnish a fellowship meal and be the occasion for an old fashioned pounding and shower for the Mohylka family. They have several needs: food of all kinds sheets, pillow cases, towels, cutlery, cooking utensils, silver ware, plates, etc. The entire community is invited to share in this act of Christian love.

Happy Birthday

LOOK OUT FOR SNAKES

During the summer months, the people of Wheeler County go on picnics and engage in other out-of-door activities. Consequently, it is well to remember that one is more apt

to encounter venomous snakes in this season than later in the year.

While the bites of a few snakes are poisonous, fatalities are generally rare. However, with more people making more use of the outdoors, one should realize that poisonous snakes are part of the natural fauna. Accordingly, caution and commonsense suggested that one working in areas inhabited by reptiles should procure a snake-bite cure and familiarize himself with the appearance, color and pattern of poisonous snakes.

Generally, the experts advise that if one must go where poisonous snakes abound, certain precautions should be taken. These include:

- (1) The wearing of high leather boots.
- (2) Maintaining a careful watch on where one puts hands and feet.
- (3) Care in killing a poisonous snake, especially on rough terrain where one might lose footing and fall.
- (4) Walking on country roads and paths at night without a flashlight because poisonous snakes are apt to be in motion at night.

The victim of a poisonous snake bite is advised not to attempt to open his wound by cutting if close enough to receive the treatment of a physician. Very often serious injury results from indiscriminate treatment of snake bite. If a physician or hospital is not available, however, certain procedures are recommended:

- (1) Be as quiet as possible, and avoid alcoholic beverages.
- (2) Apply tourniquet above the bite with a belt, necktie or handkerchief. Do not shut off circulation completely and release tourniquet every fifteen minutes.
- (3) After sterilizing the bitten area and a cutting instrument, make cuts parallel with the veins, only one-fourth inch deep across the fang marks. Do not cut blood vessels or tendons, or bones.
- (4) If available, use suction cup for fifteen minutes to draw out the venom. This may be done by the mouth, if no cuts or sores are present. Incidentally, venom accidentally swallowed will not harm a healthy person.
- (5) Additional cuts and the use of the suction cup at swollen areas of the wound should be effective. The wound should be covered with wet compresses and the advice of paragraph four should be repeated.
- (6) As soon as possible, get a physician, who will administer anti-venom.

Making money easy is the hard way.

It's been a long time since we have read anything about a sea-serpent.

What has become of the man who planned, ten years ago, to work hard, save his money and then take a long vacation?

Farmers, above all others, should fight inflation—in the end they hold the bag and it will be filled with the promises of politicians.

A PATCH IN TIME

A patch in time is the best way to prevent blisters as it is to prevent many other major and minor catastrophes. New shoes are always nice, but they can be hard on the feet until they are broken in. The breaking in won't mean painful blisters on the heels if each heel is covered with one of the new flesh-colored patch dressings. These square, ready-to-apply dressings are elastic, seal all around and stretch as the foot moves, so they stay in place in spite of any rubbing they may have to take. They come packed in the same box with the new spot dressings. These are small circular dressings that are just what have long been needed to cover small hurts or blisters on the face and neck. Flesh-colored, they blend in with the complexion. Like the patch dressings, they are elastic and seal all around, so they cling closely to the skin and you can put make-up over them if you want to.

Be Careful About Typhoid Fever

"Now that summer has come to Texas it is time for people who expect to enjoy camping and swimming during the warm weather to be sure that they are adequately protected against typhoid fever," according to Dr. Geo. W. Cox, State Health Officer. "Although the public health strides of recent decades have practically eliminated typhoid fever as a threat to persons living in communities with approved water supplies and good sanitation, the disease remains a real danger to those who swim, camp or picnic in remote rural areas.

"Typhoid fever is transmitted from one person to another by means of water, food or milk that has been contaminated by discharge from a patient suffering with the disease or from an ap-

parently well typhoid carrier. "Spectacular reductions in typhoid fever cases and deaths as compared with those of a generation ago should not give the public a false sense of security. There has been 95 cases of typhoid and paratyphoid fever in Texas in 1951—in spite of community efforts to improve sanitation, isolate patients and supervise known carriers. This indicates that it is still highly desirable for individuals who may be exposed to unfavorable conditions to safeguard themselves by seeking protection at the beginning of the vacation season.

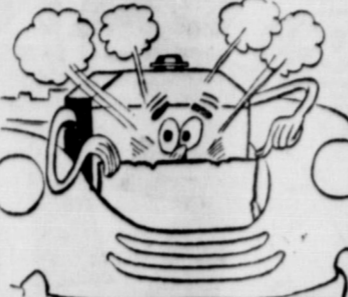

"Immunization is a simple and safe procedure. Since this immunity lasts for only three years, anyone who has not been inoculated since 1948 should receive new protection this year. In addition, persons who have never in the past availed themselves of this preventive measure should by all means do so now if they plan to participate in outdoor pleasures. All persons who are due for immunization against typhoid fever in 1951 should go to their physicians without delay if they have not already received the recommended inoculations."

Hay producers lose two ways when they produce poor quality hay; first, it is low in feeding value, and when offered for sale brings less money. Poor quality usually results from the failure of producers to use the proper harvesting, curing and storage methods.

WARM WEATHER DRIVING TIPS—

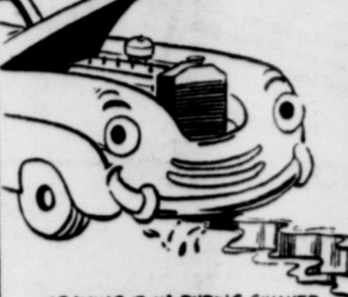

REMOVE ALL WINTER COVERING FROM THE RADIATOR. IN SUMMER YOUR ENGINE'S COOLING SYSTEM NEEDS PLENTY OF AIR THROUGH THE RADIATOR, OR IT WILL OVERHEAT.

THE COOLING SYSTEM WORKS BEST IN SUMMER. TO BE SURE IT'S AT PEAK EFFICIENCY, HAVE IT CHECKED BY A COOLING SYSTEM SPECIALIST—AN EXPERT TRAINED TO SPOT TROUBLE SYMPTOMS IN ADVANCE.

HAVE HIM DRAW YOUR ANTI-FREEZE—NO MATTER WHAT TYPE IT IS—

WHEN DRIVING, WATCH THE TEMPERATURE GAUGE. A SUDDEN RISE—LIKE A FEVER IN A HUMAN—MEANS SOMETHING'S WRONG. DRIVE SLOWLY TO THE NEAREST SERVICE STATION.

IF YOUR ENGINE IS HOT, DON'T ADD WATER UNTIL IT HAS COOLED OFF—

KEEP YOUR RADIATOR FREE OF PAPER, RUBBER, ETC. A CLOGGED RADIATOR WILL CAUSE THE ENGINE TO OVERHEAT—AND THAT CAN BRING ON TROUBLE.

HOPE SO

A woman got on a bus and took the only empty seat, next to a harmless-looking reveller. Soon she opened up a map of Manchuria and began to study it. The reveller gazed at the map for a while and finally addressed the woman in an interested tone: "Sure you're on the right bus?" he asked.

ENCORE

The young man was rather shy and after she had thrown her arms around him and kissed him from bringing her a bouquet of flowers, he jumped up and grabbed his hat. "Oh, don't go," she said, as he made for the door, "I didn't mean to offend you." "Oh, I'm not offended," he replied. "I'm going for more flowers."

Free crop-production insurance

We stock thousands of McCormick parts to protect you from crop-risking delays. We use our parts inventory records and past experience as a guide for ordering the parts you may require—months before you actually call for them. Our planning ahead helps you stay ahead. See us for fast service that can save you days and dollars! And, for maximum protection, let our service department install these parts for you.

WASHING — LUBRICATION — TIRES — TUBES — ACCESSORIES

Abb Farmer Service Sta.
Wheeler, Texas

So This is HOUSEKEEPING

After tossing a few brickbats in recent months at certain government groups for treating essential household appliances as luxuries, I want to turn around and offer a bouquet.

It goes to the House Ways and Means committee, which recently voted to exclude washing machines and sewing machines from the list of products to receive new or added excise, or so-called luxury, taxes. The washing machine and the sewing machine are more than merely labor savers—they are definite money savers, particularly for the middle and low income brackets.

Now that we have this concrete example of the realistic approach some men in Washington can apply to the home and its makeup, I certainly wish the House committee could get together with the Federal Reserve board. The latter has adopted credit controls which I think need more than a little readjustment. Without going into any long economic discussion as to the why's and wherefore's of credit controls, I'd like to bring up two things about present controls that throw me completely for a loss.

First—why is it that when Jeff and I decide to trade in our old car on a new one, the Federal Reserve board says the trade-in value can be applied against the required down payment, but when I want to trade in my old washer, the same principle doesn't apply?

Instead, the board says, the trade-in value of my washer must be subtracted from the new model's selling price, and then I must pay down 25% of the balance remaining. If it were handled the same way as automobiles, the \$50 I got for my old washer would take care of the down payment required for a \$200 new one. The way it is now, I not only trade in my old machine, but I have to pay an additional \$37.50 in cash before I can get delivery on the new model. This would mean in effect a down payment of \$87.50—or nearly 45%!

Second—why does the Federal Reserve board say that you have to make a 25% cash down payment on an installment purchase of a washing machine, or another appliance, while only 15% is necessary for a Louis XIV sofa? I regard my washing machine as more necessary than the living room davenport, and I'm sure you do, too. Perhaps members of the Federal Reserve board have been spending too much time on their own davenports. If they'd get up and visit the homemaker at her washing machine, maybe they'd make their credit controls a credit to their intelligence.

BOASTER

A Boston salesman visited Texas and heard one particular Texan boasting about heroes of the Alamo who, almost alone, held off whole armies. "I'll bet you never had anybody so brave around Boston," challenged the Texan. "Did you ever hear of Paul Revere?" asked the Bostonian. "Paul Revere?" said the Texan. "Isn't that the guy that ran for help?"

A Child May Dare So Drive With Care!

Seed of Texas 30, a new corn hybrid developed by the Texas Agricultural Experiment Station, will be available for use by farmers in 1952.

Mr. and Mrs. A. K. McBride spent Monday in Amarillo supervising the building and remodeling of their home there.
 Jimmy Walker, son of Mr. and Mrs. Pierce Walker, is enjoying a 10-day furlough at home. Jimmy has finished his recruit training at the U. S. Naval center at Great Lakes and will report to Philadelphia, Pa. for a course in the Aviation Boatswain Mates School. Jimmy graduated from Mobeetie high school in the class of 1949 and has lived all his life at Mobeetie.
 Richard Hefley who has been stationed at Keesler Field, Miss. receiving radar training is spending a furlough here with his parents, Mr. and Mrs. Farmer Hefley. Richard is serving in the Air Corp.
 The Rev. A. D. Moore, pastor of the Methodist Church, has given the morning devotion each morning at 9:45 over station KEVA. Shamrock. His talks have been very inspiring.
 The Lions Club sprayed our

town again Monday evening and we feel real clean and free from germs this morning. The Lions Club needs much thanks and appreciation from the citizens of Mobeetie for the many worth while things they do for our town.
 Mr. and Mrs. Buck Tschirhart, Amarillo, and Mr. and Mrs. Jess Tschirhart, Pampa visited in the Jess Patterson home Sunday.
 Kenneth Pierce, Ft. Worth, spent the weekend with his wife and her folks, Mr. and Mrs. H. L. Flanagan. Mrs. Pierce, who has been spending some time here returned to Ft. Worth with her husband.
 Mrs. Ed Gamage spent Sunday with her husband's parents, Mr. and Mrs. T. H. Gamage, Shamrock.
 Sunday guests in the J. S. Oswald home were Mr. and Mrs. Johnnie Reynolds and Mr. and Mrs. Billy Washington, Pampa.
 Mr. and Mrs. Jack James and children, Okla. City, visited in the home of her parents, Mr. and Mrs.

John W. DeWitt over the weekend.
 Mr. and Mrs. Jack Dyson, Midland, and Mr. and Mrs. Bud Boyles and Baby, Pampa, visited relatives and friends in Mobeetie recently.
 Mr. and Mrs. Foy Farmer have returned from a trip to California. The trip was short and sweet, but they reported a nice time.
 Mrs. Grady W. Harris and Madge Patterson spent a couple of days in Amarillo this week.
 Mr. and Mrs. S. W. Williams and Mansel and Mr. and Mrs. Earl Williams enjoyed a visit Sunday with the men folks sister and husband, Mr. and Mrs. A. D. Whitson, Ludie, Okla.
 Mrs. Belle Carson, Canadian, is the house guest of her daughter, and husband, Mr. and Mrs. Grady W. Harris.
 Mrs. Dora Harris, who has been spending some time with her daughter at Okla. City has returned to her home for the summer.
 Mr. and Mrs. Marion J. Williams and daughter took Sunday

count to one

... and you have counted the number of times telephone rates in Wheeler have gone up during the last 22 years. Most of the other items on your family budget—food, clothing, rent—have increased in cost many times during these years. Our costs, too, have increased many times.

Today, more than ever before, good telephone service requires adequate telephone rates.

SOUTHWESTERN ASSOCIATED TELEPHONE COMPANY

SOCIETY

Burns-Fish Vows Read At Allison Recently

In the beautiful flower garden at the home of Mr. and Mrs. Charley Brown of Allison, Miss Beulah Gene Fish of Allison became the bride of James Burns of Stillwell, Okla. Mrs. Burns is the daughter of Mr. and Mrs. Ira Fish of Allison and Mr. Burns is the son of Mr. and Mrs. A. Burns of Stillwell, Okla.

The bride chose for her wedding a sky blue crepe street-length dress with white accessories. She wore a corsage of flocks with silver lace made by her grandmother Brown.

Those present at the wedding were: Mr. and Mrs. Warren Brown of Dumas, Mr. and Mrs. Lyn Brown of Cactus, Mrs. Dave Gilmer and Ira Fish and family from Allison. Also Bonnie Inman, who has lived in the Brown home for a number of years.

Mrs. Brown attended all her school years at Allison and Mr. Burns attended school at Stillwell.

KITCHEN MEMO

UNFLAVORED gelatine is a protein food, a body builder. Simple to use, one envelope is all that's needed to jelly two cups or one pint of liquid. With canned mixed vegetable juices, a basic salad can be made with just two ingredients. Or this recipe can be doubled, poured into 1 qt. ring mold, center filled with seafood or chicken. For **Molded Vegetable Juice Salad** soften 1 envelope unflavored gelatine in 1/2 cup cold canned mixed vegetable juices. Add 1 1/2 cups hot canned mixed vegetable juices. Stir until gelatine dissolves. Pour into individual molds. Chill in gas refrigerator until firm. Unmold on salad greens, serve with dressing. Yields 4 servings.

Diapers now come in colors, of all things. The pastel shades will not fade out when dried in your gas dryer. But if you're not the lucky owner of this wonderful automatic servant, don't dry colored diapers in direct sunlight.

Whipped cream holds up longer if confectioners' sugar is used for sweetening instead of granulated sugar.

Up to 20 gals. of hot water in 40 minutes are needed to wash and rinse one load in an automatic washer. A whole week's average family wash—three loads, uses up 60 gals. of hot, hot water in two hours. An automatic gas water heater refills as fast as it flows out of the tap—especially important on washdays.

For a quick peel, hold peaches or tomatoes over the gas flame of your range a moment or two. The heat loosens the skin.

Bread will stay fresh longer if you store it in your gas refrigerator—covered in self wrapper or wax paper.

well, Okla. and served four years in the armed service in World War II.

The couple will be at home to their friends at Pampa, where he is employed by the Santa Fe Co.

CARD SHARK

Teacher: Today's lesson teaches us about the influence of kings and queens, but there is still a higher power. Which little boy can tell me what it is?
Johnny: "Aces, teacher."

Chipped Beef on a Bun

Use toasted enriched hamburger buns to make excellent open-face sandwiches as well as to shelter 'burgers. Here these good buns are topped with creamed chipped beef and kernel corn.

When you buy hamburger buns at your baker's for summer picnics, get an extra supply of these thrifty breads to make tempting sandwiches for the family lunch.

Big brown sandwiches are delicious toasted and topped with creamed fillings of various types. Spoon creamed chipped beef combined with kernel corn liberally over the buns for a flavorful and quick-to-fix main dish. Another good topping is creamed tuna with green peas, or a golden cheese sauce garnished with bacon. This type of menu is easy to complete with a cooked fresh vegetable or salad, milk, and cookies for dessert.

Hamburger buns are popular with children and add interesting variety to the day's servings of enriched breads. These are important, you know, for their contribution of protein, essential B-vitamins, food iron, and food energy.

When you bake yeast rolls, plan to shape part of the dough into hamburger buns for sandwich meals.

CHIPPED BEEF TOASTWICHES

2 tablespoons shortening
3 tablespoons enriched flour
1 cup milk
1/2 cup cooked kernel corn
1/4 cup chipped beef
Sandwich buns, split and toasted

Melt shortening in top of double boiler. Add flour and gradually pour in milk. Add kernel corn. Stir constantly until thickened. Rinse chipped beef with boiling

water and add to cream sauce. Cook over double boiler 10 minutes. Serve hot over split, toasted sandwich buns. Makes 4 servings.

STILL AROUND

The sick man had been delirious with fever for days, but now he regained consciousness and became aware of his comfortable bed and the gentle assurance of cool, loving hands. "Where am I?" he asked weakly. "In Heaven?" "No, dear," said his wife soothingly. "I'm still with you."

MEET

Our Automatic "Crystal Ball"

That's what the boys in our shop call our motor analyzer. It tells the mechanic everything he needs to know about your engine in order to make proper adjustments and repairs. This analyzer, plus our mechanics' experience and technical skill, is your assurance of dependability when you drive up here for periodic inspection and adjustment, or for repair work.

NASH APPLIANCE & SUPPLY CO.

"Better Things For Better Living"
Wheeler, Texas

What Happens When You "Fill Up" Here

First you note the smooth, sure starting as the engine begins turning over. Next you notice the instant throttle response as you guide your car onto the highway. Finally, you thrill to the pick-up pep... the "power to spare" that your engine develops on the open road.

Your car has more "zip" because OUR GAS has more zip. Our fuel cuts carbon formation in the engine, too — and this means fewer repair bills. So remember... when your gas gauge says "time to fill 'er up" be sure to make it at OUR STATION. Drive up.

Charley Brown Family Holds Reunion June 24

A family reunion was held at the Charley Brown home Sunday, June 24 with seven out of eight children present to enjoy the occasion.

Those present were: The Reed Brown family from Baldwin Park, California, Guy Brown and family from Wheeler, Warren Brown and family from Dumas, Len Brown and family from Cactus, Mrs. Roma Brown and family from Dumas, Mrs. W. H. Boydston and family and Mrs. Ira Fish and family of Allison. Twenty-four grandchildren out of twenty-five were present also. A Mrs. R. E. Rorsbough of Lido, Calif. had visited her recently and was not able to present. A bountiful meal served at the noon hour.

Lanius to Oliver S. Mason, as grantee, dated December 11, 1905, and recorded in Volume 12, Page 46 of the Public Records of Wheeler County, Texas; Roy Long, if living, and if not, the unknown heirs of Roy Long, deceased, and their respective heirs and legal representatives; and Walter Long, if living, the unknown heirs of Walter Long, deceased, and their respective heirs and legal representatives.

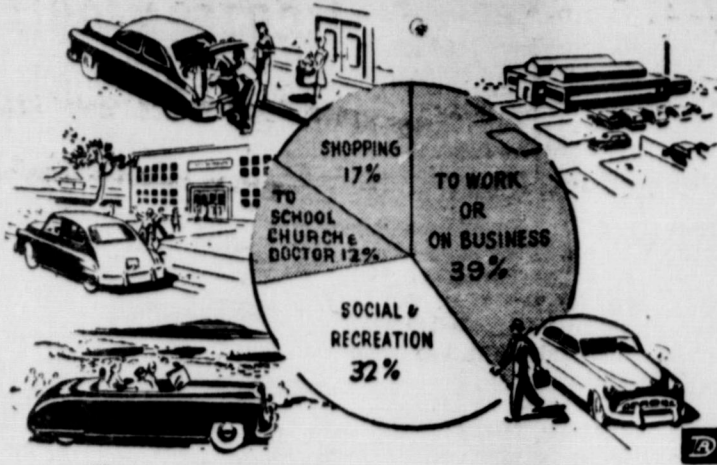

GREETINGS:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a.m. of the first Monday after the expiration of 42 days from the date of issuance of this citation, same being Monday, the 6th day of August, 1951, before the Honorable 31st District Court of Wheeler County, at the Courthouse in Wheeler, Texas.

Said plaintiff's petition was filed on the 20th day of June, 1951. The file number of said suit is No. 4198.

The names of the parties in said suit are: Bob McCoy, as plaintiff, and all the parties above named to whom this writ is addressed, as defendants.

The nature of said suit being substantially as follows:

America Depends on Family Car

Most car rides—68 per cent—are taken for essential or important reasons.

DETROIT—On an average day, at least one out of every three adults in the United States uses a passenger automobile for some essential purpose such as riding to work, conducting business or going shopping.

This and some 20,000 other facts about how the American family car is used were revealed in a nation-wide survey recently conducted by the Alfred P. Sloan Research organization.

It was learned that 59 million people over the age of 14 ride in automobiles on an average day. This represents more than half of the U. S. adult population. Nearly half of these individuals use a car in connection with earning a living during a typical day, while almost one-fourth of them go shopping by automobile.

about 50 per cent. Passenger car registrations for 1950 totaled 40,167,000 compared with 27,372,397 in 1940.

This growth in the automobile population has taken place despite the fact that motor vehicle production between 1940 and 1950 was less than in either of the two preceding decades. Consequently there are more older cars on the road today. The average passenger car is about eight years old, compared with the prewar average of 5 1/2 years. Likewise, there is a lack of middle age cars as a result of the wartime halt in automobile production.

In addition to the need for motor cars as essential transport tools, the nation relies on them as a major source of business activity, employment, and tax revenues. The automotive industry directly creates business for at least half a million separate enterprises, or one out of every six firms in the country. One out of every seven jobs, for a total of more than nine million, are automotive.

The average automobile buyer pays about \$95 in Federal excise tax on his new car. Last year, total automotive excise payments contributed nearly two-billion dollars to Federal tax coffers. In addition, highway users paid some \$2.5 billion in special state motor vehicle taxes and fees for an average of nearly \$55 per vehicle.

About 40 per cent of all rides taken in motor cars, and nearly one-half of the total passenger miles traveled, are for livelihood purposes, the survey showed. Shopping accounts for another 17 per cent of the rides and 11 per cent of the passenger mileage.

These indications of America's growing dependence upon the family car for essential transportation are borne out by automobile and population statistics of the past 10 years. While our population has grown 15 per cent since 1940, car ownership has increased

Plaintiff sues in trespass to try title, alleging that on the first day of January, 1948, plaintiff, Bob McCoy, was, and still is, the owner in fee simple of the following described real estate and premises in Wheeler County, Texas:

All of Sections 19, 20, 21, 22, 23, 24, 25, 26 and 27, Camp County School Lands, Wheeler County, Texas.

On such day also, said plaintiff was in possession of said land and premises; afterwards, on the second day of January, 1948, the defendants, and each of them, unlawfully entered upon and dispossessed plaintiff of such land and premises, and withhold from plaintiff the possession thereof.

Plaintiff also alleges his title to the above described land by ad-

verse possession under the three, five, ten and twenty-five year statutes of limitations.

If this citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

ISSUED this 20th day of June, 1951.

GIVEN UNDER MY HAND AND SEAL OF SAID COURT, at office in Wheeler, Texas.

Mr. and Mrs. Reed Brown and children from Baldwin Park, Calif. visited in the Charley Brown home here Saturday through Monday. While here their nine-year-old son had the misfortune to get a gash cut in his knee cap from a barbed wire fence and was rushed to the Wheeler Hospital where several stitches were taken.

A Fellowship Meeting was held at the United Pentecostal Church here Monday afternoon and night with Rev. Johnny Franks from Dalhart, the main speaker. Lunch was served at six o'clock. A number of out-of-town churches were represented and a good time was enjoyed by all.

Roy Durham, Bell Telephone lineman from Canadian was in Allison Monday repairing the switchboard which was damaged by lightning Sunday night.

Glen Markham and family and Bob Markham and family were dinner guests Sunday in the C. L. Markham home.

Mr. and Mrs. Billy Ray Jones, Mr. and Mrs. L. S. Aderholt, Mr. and Mrs. Clifton Taylor and Ting Aderholt and family were dinner guests Sunday in the Lewis Wayne Grayson home.

Mrs. M. L. Risner and daughter, Annie were dinner guests Sunday in the Frank Risner home.

Aunt Kate Cochran is recovering from a sprained and dislocated wrist suffered last week. She was taken to a Wheeler hospital for

treatment.

A Vacation Bible School will begin Monday, July 2nd at the First Methodist Church here with Rev. Louder as principal and home talent faculty will be used to teach the different departments. Everyone is invited to attend.

Mrs. Lester Levitt and Mr. and Mrs. Roy Langford were in Canadian Wednesday on business.

Sgt. Leon Waldrip and his wife and children from Oakland, Calif. are here visiting in the Rosa Waldrip home. Leon was in Kansas eight months and was one of the groups who was trapped in the Chosen Reservoir for a number of days. He also was a prisoner for 4 years in World War II. He received his discharge at Treasure Island, May 16, 1951.

Talking about safety in the home and on the farm is enough; it must be practiced by every member of the family every day in the year.

Personal

Mr. and Mrs. H. C. Fields, Jr. of Roswell, N. M. are the parents of a 8 1/2-lb. baby boy born at the Walker Clinic, Friday, June 29. He is the grandson of Mr. and Mrs. Roy Esslinger and Mr. and Mrs. H. C. Fields of Gageby.

Lt. Ralph (Buck) Wheat is visiting here this week with friends enroute to South Carolina where he is being transferred from Fort Hood.

Mr. and Mrs. Ebb Farmer and son, Glen, vacationed in Colorado last week, returning home Sunday.

Mr. and Mrs. Rufus Watts spent Sunday at Childress visiting relatives and friends.

Dr. and Mrs. W. H. Frye returned Saturday from Phoenix, Ariz. where they had been called three weeks ago on account of serious illness of their daughter-in-law, Mrs. C. H. Sessions. They report her making nice recovery. Dr. and Mrs. Frye spent several days with their daughter, Mrs. Leslie Thomas in Gardena, Calif. on their return trip home.

Mrs. Roy Bailey returned home Monday night from a ten day vacation in Ft. Morgan, Colo. with her daughter, Mrs. Paul Luttrell and family, having gone to Colorado with Mr. and Mrs. Luttrell after they had visited here with

her parents and other relatives. Mrs. Bailey accompanied Mr. and Mrs. Grady Havenhill to Pampa from Colorado.

Mr. and Mrs. John Kongs and son, Eric, left Tuesday, July 3, for their home in San Pedro, Calif. after visiting in the home of her parents, Mr. and Mrs. W. W. Adams, the past several weeks.

Mr. and Mrs. J. A. Saddy, Jamaica, Long Island, N. Y. have announced the birth of a daughter on June 22. Mrs. Saddy is the former Miss Marilyn Wiley.

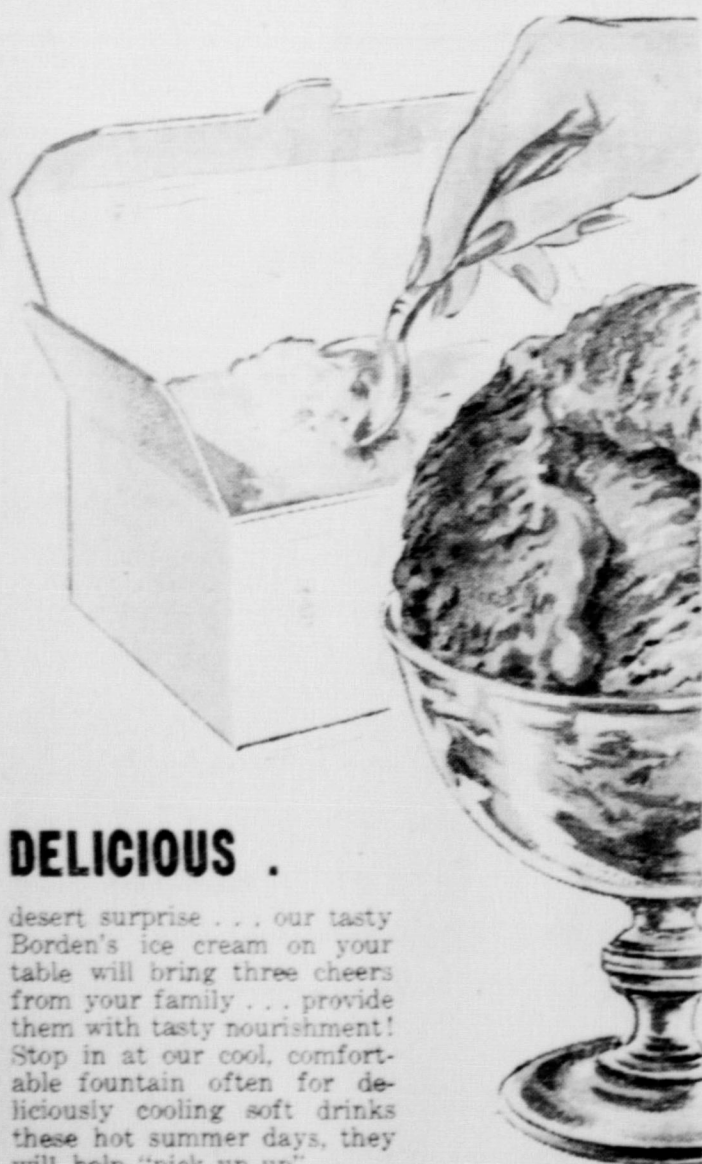

Mr. and Mrs. Jack Crout are the parents of an eight pound daughter, Rebecca Jo, born Saturday, June 30 at the Shamrock General Hospital.

Moete Coewell returned to Brooklyn, N. Y. Monday for reassignment to a ship after having visited here with his sister and family. Mr. and Mrs. A. D. Speck, and other relatives.

A BIG QUESTION

"What," someone asked a Congressional candidate, "will you do if you're elected?"
"Good gracious!" exclaimed the startled candidate. "What will I do if I'm not?"

Jesse J. Dyer 25.00
C. V. Wood 1.00
George Gandy 10.00
Cicero Smith Lbr. Co. 25.00
T. M. Britt 50.00
Bill Owen 25.00
T. J. Daughtry 25.00
Risner's Market 5.00
May we add your name to this list next week . . . we really would like to get enough money together to put this project over in a big way and we want to see it done right so it will last for years to come. If you are planning to give something for this project, please don't wait to be asked, just tell us so when you see us on the street. We promise you we'll let you know exactly where every penny of the money donated for this cause goes.

We thought we brought in some of the best and largest apricots we had ever seen or would ever see, but Mr. and Mrs. Fred Jackson sent us a few of the largest apricots we have ever seen Wednesday. Mr. and Mrs. Jackson live at the southwest edge of Wheeler. This just goes to prove that Wheeler County products are as good or better and usually bigger than those raised anywhere else.

George Gandy who looks after the community building asks us to give Albert Chapman a little pat on the back for mowing the weeds down around the building. We'd like to add our thanks with others for this nice job, Albert. However, Chapman can't take credit for all the cleaning up which has been done in that vicinity because the city hired the weeds out around the fire houses and one of the commissioners was good enough to have his machinery scrape off the front of the place for the city.

Jack Garrison and his fire department have got charge of a brand new fire truck which is in the process of being bought by the City of Wheeler but we are not going to say anything about it until Jack gets the signs painted on it then we are going to take a picture of it and the volunteer fire department and run them in the paper.

THE WHEELER TIMES classifieds offer more for less money, to both buyer and seller, than any other business device we know about.

News From

(Continued from Page 1)
cotton just east of Wheeler. Flea hoppers were found and so were plant lice, but they were light infestations. John Ambler's cotton was checked between Kelton and Twitty and there was no insects present. C. L. Boswell, east of Twitty had a few flea hoppers and a very light infestation of leaf worms was found. D. V. Brashers' cotton north of Twitty was also checked and plant lice were found in spots.

GRASS TOUR
The Wheeler County grass tour will be held on Friday, July 13. This tour will be sponsored by the Wheeler County Farm Bureau and the Wheeler County District Soil Conservation Board to further the great amount of interest and good work already done with grasses and legumes in Wheeler County. All farmers interested should meet at the Court House in Wheeler and be ready to leave on the tour at 12:30. The tour will cover about 42 and about seven or eight farms will be visited. At each stop one or more of the following will be observed: vetch, alfalfa, clover, and different pasture grasses. Explanations will be given on grazing value, method of seeding, and other problems related to the tour.

Vanpool Is New

(Continued from Page 1)
Officers elected included: A. O. (Bud) Vanpool, commander; Frank O. Wofford, 1st vice-commander; A. D. Speck, 2nd vice-commander; Jim Risner, adjutant; Dr. Harold Nicholson, finance officer; J. C. Howell, historian; Harold Callan, service officer and child welfare officer; Joe Rogers, chaplain; and Carroll Pendleton, sergeant-at-arms.

Retiring commander, H. W. Coffman, asked that the Times express his appreciation for the cooperation rendered him by the members of the organization during the past year and urged that the incoming commander, Bud Vanpool, be afforded the same kind of cooperation.
