Mr. and Mrs. Harold Hardcastle of College Station, were visitors in the homes of their relatives and friends during the Christmas holidays.

C. R. Bailey, son of Mr. and Mrs. Roy Bailey, who is serving in the United States Navy is visiting his folks and friends during the Christmas holidays.

Mr. and Mrs. Eli Sabbe and son, Joe made a trip to Breckenridge, Minn. to visit with his folks.

Ray Laycock, who is serving in the United States Army, stationed at Ft. Mead, Maryland, visited during the Christmas holidays while on a ten day leave with his relatives and friends.

Mr. and Mrs. Bud McCarroll and children of South Dakota and Mr. and Mrs. S. D. Miller visited

in the home of their folks, Mr. and Mrs. H. O. Miller, during the Christmas holidays.

Mr. and Mrs. Scottie Risner and son, Ray, returned home to Marshall after spending the Christmas holiday in the home of his parents, Mr. and Mrs. Jim Risner of this city.

Mrs. Floyd Pennington made a trip to Electra last Monday evening to visit there with her relatives for a few days.

Mr. and Mrs. Raymond Barnes and family of Pampa visited in the home of Mr. and Mrs. Earl Barnes and family during Christmas and also in the home of other relatives of this city.

Mr. and Mrs. Howard Criner and son, Donald, of Oklahoma City visited during the Christmas holidays with Mr. and Mrs. Amos May and Melvin.

Mr. and Mrs. Layton Newson of Pryor, Okla. visited relatives in Wheeler over the holidays.

Mr. and Mrs. J. J. Van Dervoort, Mr. and Mrs. Richard Kidwell and daughter, Karol, visited in the R. G. Russ home Christmas.

Lieut. James N. Byers, stationed at Walker Air Force Base, Roswell, New Mexico, son of Mr. and Mrs. R. N. Byers, visited with his folks over the weekend and on Christmas Eve he and his folks went to Tulsa to spend Christmas Eve and Christmas Day with Mrs. Byers' mother, Mrs. D. F. Layton.

Mr. and Mrs. Buck Pittman and Kay of Holbrook, Ariz., Mr. and Mrs. Art Ware, Phil and Susan from Alva, Okla., Mr. and Mrs. N. D. Ware, Jr. and Bobby and Mr. and Mrs. Bob McNeil and family of this city spent Christmas Day and enjoyed a Christmas dinner in the home of Mr. and Mrs. N. D. Ware.

Mr. and Mrs. Thurman Rives and family visited relatives and friends in Shamrock during Christmas.

Relatives gathering for a Christmas supper in the home of Mr. and Mrs. H. E. Weatherly and family were Mrs. Virgie Weatherly, Mr. and Mrs. W. O. Weatherly and Bob, Mr. and Mrs. C. R. Weatherly, Mr. and Mrs. Roy Weatherly, Mr. and Mrs. Joe Bob Shearer and boys, Mr. and Mrs. Roy Ford and Dwight, Mr. and Mrs. Lloyd Weatherly and Danny.

Mr. and Mrs. Ray Seigmund visited relatives down state over the holidays.

Mrs. Roy Bailey And Jo Rean Hubbard First To Find Times Errors

The Times didn't make the mistakes it offered prizes to readers to find in last week's edition on purpose, but it believes that it would be a good idea to intentionally make some mistakes in different ads each week and offer some small prizes to the first persons finding them judging from the response that was made to the little contest last week.

Mrs. Roy Bailey and her niece, Jo Rean Hubbard were the first to appear at the Times office last Friday morning with the correct answers.

Some of the others who came in early to say that they thought they found the mistakes included Adrian Risner, Jay Hastings, Royce Daves, Ed Gilmer, Mrs. Lee Guthrie, Yolanda Dorman, Mrs. John Geyer and others whose names the Times failed to get.

A great number of people spoke to the Times editor on the streets and in the stores in regards to the contest and it was learned from some of these that the Times had several mistakes other than the ones it had offered prizes for readers to find.

The mistakes which the Times offered readers prizes to find were in the ads of the Hibler Implement Co. and Liles' Service Station. The mistake in the Hibler ad was that the Times had incorrectly inserted the address of the implement company as "Mobettie, Texas" instead of "Wheeler, Texas". In the Liles' Service Station ad, the Times had incorrectly spelled the last name of Mr. and Mrs. Milton Liles—it was incorrectly spelled "Lyle".

The Times believes that the advertisements in this special Christmas edition were more thoroughly read this year than ever before because of the small rewards offered, but still wishes to apologize to all firms and individuals in whose ads errors appeared.

Mr. and Mrs. O. Pendleton had their sons and daughter-in-laws at their home on Christmas Day and a Christmas dinner was enjoyed by Mr. and Mrs. Junior Pendleton of Amarillo, Mr. and Mrs. Lowell Pendleton of Jowett, Mr. and Mrs. Carroll Pendleton and Mr. and Mrs. Dick Pendleton of this town.

Peggy Rodgers, student at Baylor University, Waco, spent the Christmas holidays with her folks, Mr. and Mrs. Bob Rodgers, other relatives and friends of Wheeler.

Mr. and Mrs. Herman Whitener and family of Levelland visited with Mr. and Mrs. Arthur Whitener and family during Christmas.

HENDERSON W. COFFMAN

COFFMAN TO SUCCEED PARKS

Henderson W. Coffman of Wheeler, will succeed Ben Parks as cashier of the First National Bank of Shamrock on January 1. He is presently assistant cashier of the First National Bank of Wheeler with which he has been associated since 1946.

Coffman is the son of Mr. and Mrs. J. K. Polk of Annona, Texas, and attended Paris Junior College and North Texas State College in Denton. He enlisted in the army in 1941 as a Private and held the rank of Captain when discharged in December, 1945. He was stationed at the Prisoner of War Camp near McLean for three years during World War II. He married Louise Caperton, daughter of Mr. and Mrs. J. H. Caperton of Shamrock, in June, 1943, and they have three children: Janet, 6, Jimmy, 4, and Sally, 2.

Coffman is a past commander of the Wheeler Legion Post, a member of the Wheeler City Council, Methodist Church and Masonic Lodge. In addition to his duties at the bank, he has been teaching a course in diversified education in the Wheeler County Veterans Vocational School.

SIXTH ANNUAL TOURNAMENT TO BE JAN. 10-12

Wheeler High School officials announced this week that the date for the sixth annual Wheeler Invitation Basketball Tournament has been set for Thursday, Friday and Saturday, January 10, 11 and 12 at the Wheeler Gymnasium.

Principal Cecil Paddock, who with Coach Coleman Huffman is handling details of arrangements for the tourney, announced that there will be a total of nine boys teams and 8 girls teams participating in the event.

Very attractive trophies have been purchased by the school and will be awarded winners in both the boys and girls divisions. Winners of first, second places and the consolation bracket will each be awarded team trophies. The first place trophies are 38 inches tall, the second place awards are 27 inches tall and the consolation prizes are 22 inches tall. The bases of the trophies are beautiful ivory and green plastic while the statues and the trimmings on them are gold. They are on display in the window of The Wheeler Times Office.

Members of the all-tournament teams will receive miniature gold and silver basketballs with those members of the first all-tournament team to be awarded gold basketballs and the second team to receive silver awards.

Boys and girls teams entered in the tournament include Mobettie, Briscoe, Allison, Kelton, Shamrock, Wheeler, Miami, and Reynold, Okla., and the Pampa "B" boys team.

Play in the tournament will begin Thursday evening, January 10, and continue through Saturday evening. Brackets have not been arranged yet, but school officials stated that a drawing will be held the first of next week and first round pairings will appear in next week's issue of the Times.

RESPIRATORY DISEASES NEED TO BE WATCHED

Carelessness in the treatment of respiratory disease is not only foolish but very hazardous, according to Dr. Geo. W. Cox, State Health Officer, who warned Texans today to be on guard against such illnesses as lead to pneumonia.

Dr. Cox pointed out that pneumonia can and does strike with little or no warning, and in many instances its forerunner is a simple cold, an attack of influenza, or some other respiratory infection.

"A cold or any other infection of the breathing passage which makes one constitutionally weak, especially if it is accompanied by fever, demands the immediate attention of the family physician. To self treat and fight on ones feet a condition of this kind is to endanger life unnecessarily. It is advisable to take all possible steps to avoid respiratory illnesses since they so frequently lead to that dangerous complication—pneumonia."

Dr. Cox stressed the fact that it is important to build up, normal (Continued on last page)

HOSPITAL NOTES

Patients Admitted

- J. P. Meek of Childress, Dec. 18.
- Bobby Baker of Twitty, Dec. 20.
- Sandra Meek of Briscoe, Dec. 18.
- Ray Risner of Marshall, Dec. 17.
- Mrs. Barney Gatlin of Mobettie, Dec. 17.
- Mrs. M. E. Harville of Wheeler, Dec. 19.
- Sharon Gaines of Wheeler, Dec. 22.
- Mr. and Mrs. F. D. Johnson's daughter, Dec. 22.
- Corky Robertson, Dec. 22.
- Mrs. B. F. Meadows of Briscoe, Dec. 23.
- Charlie Sartor of Wheeler, Dec. 22.
- Sue Sivage, daughter of Mr. and Mrs. Olaf Sivage, Dec. 23.
- Lavada Dwyer of Wheeler, Dec. 25, appendectomy.
- Mr. and Mrs. John Lewis' baby, Dec. 26.
- W. R. Holbrook of Allison, Dec. 25.
- Henry Greenhouse of Wheeler, Dec. 25.

Patients Dismissed

- J. P. Meek of Childress, Dec. 22.
- Sandra Meek of Briscoe, Dec. 20.
- Bobby Baker of Twitty, Dec. 21.
- Ray Risner of Marshall, Dec. 20.
- Mrs. Barney Gatlin of Mobettie, Dec. 20.
- Mrs. M. E. Harville of Wheeler, Dec. 21.
- Sharon Gaines of Wheeler, Dec. 23.
- Mr. and Mrs. F. D. Johnson's daughter, Dec. 23.
- Corky Robertson, Dec. 23.
- Sue Sivage, Dec. 24.

Births

- Mr. and Mrs. J. W. Logan are the parents of a 7-lb. baby girl born Dec. 22. Mr. Logan is employed as a teacher in the Wheeler Public Schools.
- Visitors in the J. C. Howell home over the holidays included Mr. and Mrs. S. H. Moorman and children, Betty, Jerry, Anita, and Billy Ben, of Joaquin, Mr. and Mrs. Johnnie Howell and daughters, Dawn and Diane, of Lubbock, Mrs. Mollie McCaslin of Chillicothe, Mr. and Mrs. D. C. Howell of Chillicothe, Mrs. R. A. Lasater and Mrs. Ellinor Howell of Shamrock.

Editorial

**VETERAN GROUPS—
STRONGER OR WEAKER?**

Membership in the country's veterans organizations has dropped to a post-war low, the latest polls show. The four major organizations—American Legion, Veteran's of Foreign Wars, Disabled American Veterans and Americans of World War II—have, however, experienced different membership trends in 1951.

The Legion and the V. F. W. have both experienced drops in enrollment, while the D. A. V. and AMVETS have seen their membership has been increasing. Two reasons have been advanced for the dip in membership totals in the Legion and the V. F. W.

Some officials say these veterans organizations have dabbled too deeply into politics rather than confining interests to the field of veterans' problems. This has led to some drop in membership totals, according to one school of thought. Another reason advanced is the customary post-war drop in veteran interest. This may be partly due to an attitude, by some veterans, that they have realized all or most of the benefits Congress is going to grant veterans of World War II and, therefore, have little need for connection with a veterans group.

Despite the drop in membership, veterans organizations expect a groundswell of new members in the next year. A V. F. W. spokesman says the "so-called period of apathy" has "just about played out." The increased size of the armed services also indicates renewed interest in the veterans organizations. A Legion spokesman says advanced enrollees for next year are much higher than a year ago, and that "the best membership start the Legion has had since 1946" has recently been realized.

ON CHANGING LICENSE PLATES

New Jersey motorists will soon get permanent automobile license plates, with annual date insert tags, thus eliminating the annual changing of automobile licenses.

There will be no change in figures and the plates are expected to last at least five years. They are replaceable without cost after three years. The new system is expected to save the State \$100,000 a year in steel and mechanical operations.

The new license system saves motorists time and effort, saves the State considerable money and saves the nation scarce metal.

It is surprising this system has not been adopted in more states. Unless someone can produce disadvantages to outweigh the obvious advantages, it is probable that the new licensing system will eventually replace the annual issuance of automobile license plates.

Winter weather presents additional highway hazards but you do not have to bother yourself about them if you do not care to.

When doctors go into conference, the patient is either very sick or very rich.

Life is a question of checks and balances—to be exact, bank balances.

The best way to make a fortune is to work for it and begin while young.

The Wheeler Times Classifieds Get Results!

**CATTELMEN ARE
SEARCHING FOR
NEW ROUGHNESS**

Texas livestock men are searching far and wide for roughages to feed their cattle this winter. They have been importing hay from the Midwest since last July.

This search has uncovered several emergency roughage materials. Some of these are low in quality but may be used if fed with other roughages of higher quality and a protein supplement such as cottonseed meal.

John H. Jones, animal husbandman with the Texas Agricultural Experiment Station, reports that corn-cob-and-shuck meal, ground peanuts, dehydrated green cotton stalks and gin trash are some of the emergency roughages now being fed.

The gin trash being used is free of dirt and consists of cotton burs, leaf trash, small amounts of immature seed and lint. Samples of

gin trash have shown from 8 to 12 percent crude protein.

"Most of the gin trash and shucks in Central Texas have been ground into meal for roughage," says Jones. "Although this feed has a low protein content, it has more fattening value than most of the other emergency roughages. It makes a good bulky kind of feed, suitable as a carrier for cottonseed meal."

Ground peanut hulls are low in protein and very high in crude fiber. Grinding improves the hulls for feeding, and they may be used as part of the filler for cattle. A commonly used mixture consists of 40 percent ground peanut hulls, 40 percent cottonseed hulls and 20 percent cottonseed meal.

One of the most promising emergency roughages is dehydrated green cotton stalks. The preparation of this material resulted from a scarcity of alfalfa for dehydration and the urgent need for feed. Green, leafy cotton stalks were available, and Joe Varisco of College Station was able to prepare a small tonnage of dehydrated cotton stalk material before frost.

Analysis of a sample of the de-

hydrated cotton stalks at the State Chemist's Laboratory showed a crude protein content of 9.35 percent and a total digestible extract content of 56.66 percent. The material has good quality, color and smell.

Varisco gave several sacks of the dehydrated stalks to the Experiment Station. J. E. Roberts, superintendent of the Main Station Farm at College Station, reports that cattle eat the material

very readily. Top corn yield in the county production contest for in Texas was made by Watkins, a Red Diver county club boy. His per acre yield was 165.4 bushels. This compares with the state average of 135 per acre.

Don't walk in a daze—
Look both ways.

**BUT... HOW ABOUT THE MAN
IN THE GOLDFISH BOWL?**

He is your newspaper publisher! He has as much privacy as a goldfish. His every act is subject to the closest scrutiny. He is continually before the people of his community. Leadership is his responsibility. It is his duty to direct, to guide, to inform.

His product reflects his community. His newspaper, YOUR NEWSPAPER, can be no better than the community wants it to be. A live newspaper reflects a live community. A well-patronized newspaper indicative of an alert, aggressive community.

Like the Three Wise Men of Gotham, who went to sea in a bowl . . . if the bowl had been stronger, the tale would have been longer . . . the newspaper publisher can build his community only so strong as the community is willing to grow.

YOUR PUBLISHER is anxious to know what MORE he can do to improve HIS COMMUNITY AND HIS PRODUCT.

WHAT would you do if YOU were the man in the Goldfish Bowl? That is what your publisher would like to know.

The "Peace Ship"

Proudly we salute this great ship. She rules as mistress of the ocean waves. She is a formidable contender with any and all foes of the Stars and Stripes. The men who ride her decks in the interest of our nation have reason to rejoice in her equipment and prowess. She represents America's military might. She is a "Peace Ship."

On the decks of the "Mighty Mo" an American General received the surrender of Japan... announced the end of World War Two. He spoke words of lasting importance that day when he called all nations of the earth to join in promoting peace. He insisted that our chief preparation for the future must be a better state of mind... a truer way of thinking of human life as under the rule of God. He called mankind to a better "theology" and urged us to consider the will of God for all His children.

Thus ship and military official became a new witness for peace. God's way of peace is taught in your church. His way is simple. It is the way of love. Let the "Mighty Mo" be an inspiration for a united humanity, for a world of good will... may she be a symbol of Peace.

THE WHEELER TIMES
Wheeler, Texas

THIS NAME
has stood the
TEST OF TIME

For three generations, the name "Ford" has held the confidence of the American people—particularly of America's farmers.

To the farmers in this community the Ford name is a promise of sterling value; a pledge of lasting satisfaction; a symbol of leadership in farm power and transportation.

The name "Ford" on a tractor today means volume production resources unique in the farm equipment field. That's why we can sell the Ford Tractor for a low price and give you a generous measure of extra value for that price.

And don't forget that a Ford Tractor, after years of use, will sell for more at trade-in time!

KIWANIS NOTES

C. C. Merritt
 The Kiwanis Club
 will hold its 1952
 Dinner at 10th, at Nora's
 on Monday, January 14th.
 Officers and Board
 members are: C. C. Merritt,
 President; D. Speck, Vice-
 President; Geo. Hefley,
 Secretary; and Geo. Gandy, Treasurer.

pectively. The Directors are: Watson Burgess, Bill Darnell, N. D. Ware, Barney Teague, Frank Wofford, Ebb Farmer and Geo. Hefley.

Tom Britt was toastmaster. John Rust of Borger was installer. Three musical numbers were rendered by Miss Janet Russ, Mrs. D. Egger and the artistic trio, composed of H. W. Coffman, Delmar Faught and A. D. Speck, held over from the Legion show. The honorable Walter Rogers gave an address which was enjoyed by all.

Thursday noon, December 20th, the new officials had their organization conference, at which time the work for the entire year was planned. Finishing the park and ball grounds and assisting the community to build a community house, which of course is to remodel the house we already have. Kiwanis is not a social club. It is a service club helping and encouraging the community to have every necessary thing a community should have to carry out its obligations to the community.

Most people love to go to the movies. Then there are others who go to the movies to love.

CHEAPER

A firm believer in personal economy is the well-known editor. A salesman once endeavored to interest the editor in a hearing aid which sold for several hundred dollars.

"Oh, I can get along with something much cheaper than that," the editor told him. "You just wait here a minute, and I'll show you."

He disappeared into the inner recesses of his private office, and a few moments later reappeared with a tiny wire running from his vest pocket to his ear.

"This," the editor proclaimed, "can be purchased for a few cents."

"That!" the salesman hooted. "How can a little scrap of wire help you to hear?"

"When people see this," he rejoined, "they'll talk louder."

THE REASON

"Three policemen have been watching Brown's house constantly the last two nights."
 "What has Brown done?"
 "Engaged a new cook."

Snow Swirl Cup Cakes

These tempting small cakes, swirled with fluffy frosting and garnished with walnut halves, are convenient to serve large groups at a tea or coffee hour.

When it's cold outside you can make the kitchen cozy by baking breads and cakes or pies for the family supper. Cupcakes offer a nice change for dessert, and they can be made from your favorite cake batter or the quick-mix two-egg cake recipe given here.

Since economical enriched flour is the main ingredient, cupcakes are an ideal choice for family dessert, or as refreshments for a club or church group. Cost of the unfrosted cakes is only 1 1/2 cents apiece. If you prefer to buy cupcakes, bakers usually have them, and often with a variety of frostings—lemon, vanilla, butterscotch, strawberry and chocolate. Like the home product, these cupcakes made with enriched flour contribute protein, B-vitamins and food iron to make a nutritious dessert.

Cupcakes wrapped in wax paper make good treats to complete a sandwich and fruit lunchbox meal.

SNOW SWIRL CUPCAKES

(Quick Mix Method)

- 2 cups sifted enriched flour
- 3 tablespoons baking powder
- 1 teaspoon salt
- 1 cup sugar
- 1/2 cup non-type shortening
- 1 cup milk
- 1 teaspoon vanilla extract
- 2 EGGS

Fluffy Frosting

Sift together flour, baking powder, salt and sugar. Add shortening and 1/2 cup milk. Beat 2 minutes. Add remaining milk, vanilla extract and eggs. Beat 2 minutes longer. Fill greased muffin pans 3/4 full. Bake in moderate oven (375°F.) about 20 minutes. When cool, frost with Fluffy Frosting. Makes about 16 3-inch cupcakes.

Fluffy Frosting

Combine egg white, sugar, water, salt and corn sirup in top of double boiler. Beat with rotary beater until thoroughly blended. Place over rapidly boiling water and cook, beating continuously, until mixture holds its shape (about 7 minutes). Cool and spread on cupcakes. Garnish with walnut halves or chopped nuts. Makes enough for 16 3-inch cupcakes.

HELP FOR OLD EYES

The 1950 census showed that there were 18,000,000 residents of the United States over 60 years of age. In the previous 100 years—1850 to 1950—the total population increased six times; the number of younger persons four times, but the oldsters increased 18 fold. Lately, deep concern has been expressed about the waste of human talent among retired men who have been arbitrarily pensioned regardless of their physical condition. Many of these men are able and willing to work but it has taken a national emergency to call some of them back from days of idleness to the industrial plants where they can add their share to production.

The majority of these recalled workers can depend upon ready-to-wear reading glasses for the clear vision which enables them to do precision work with assurance and dependability. The simple plus lenses in these spectacles are not corrective, but they are a great help to any one with inevitable middle age loss of near vision. They can be bought without prescription at most department, variety and dime stores for 59 cents to \$2.50.

OFFICE STATIONERY

You will be delighted showing off stationery printed by us. How inexpensive our work is, too. Let us print your stationery... where work is guaranteed to your satisfaction or money refunded.

THE WHEELER TIMES

SHRUBS CAN BEAT DROUGHT

Although most of Texas has remained dry for the past two years, some shrubs including evergreens continue to be grown in all areas. Sadie Hatfield, homestead improvement specialist with the Texas Agricultural Extension Service, explains that some native shrubs like chamisa and creosote bush can be expected to live with as little as ten to 12 inches of rainfall during the year. Many more can be grown in areas of 15 to 18 inches rainfall.

For Southwest Texas, the agurite, sometimes called algerita, is suitable. It is a hardy evergreen barberry. Bird-of-paradise, known by its yellow and red flowers with long stamens, thrives in this area, also. Purple dalea, Apache plume, Texas persimmon or black persimmon, rock bush or thornless catclaw, Chinese and Burford varieties of holly, and many kinds of privets grow successfully in the southwest. Wild lippia, nandina, evergreen sumac, desert yucca and many kinds of yuccas are others requiring little water.

Adapted to the Lower Rio Grande Valley are the wild olive or cordia, poinsettia, lantana, ceniza, dwarf and large pomgranate, native tecoma or golden shower, bush morning glory and vitex, sometimes called pepper tree or lavender tree. Guayacan or soap bush is a valuable native evergreen.

For the Panhandle and Plains area, Miss Hatfield lists amorphia or dwarf indigo, anisacanth or cigarette bush, bridal wreath or spirea Vanhouttei, Scotch and Spanish broom, feather dalea, desert willow or flowering willow. In this area the crape myrtle is used as a perennial flower—that is, it is killed to the ground during severe cold but comes back and blooms the next summer.

Other shrubs listed by the specialist for Northwest Texas are the common lilac and Chinese lilac, fontanesia or fortune's fontanesia, New Mexican forestiera or elbow bush, Maacki honeysuckle, vitex, althea, lemonade sumac or three-leaf sumac, kashgar salt cedar, pfitzer juniper and nandina.

Miss Hatfield explains that all of these shrubs will grow better and be healthier plants if they

CHIC COAT DRESS

The coat dress is one of the most fashionable new styles for fall and winter. This striking design is done by Emily Wilkens, noted New York designer, in cotton suiting, a popular fabric for winter fashions. Macawinterweight cottons are being used by top designers this year than ever before, National Cotton Council fashionists report.

have plenty of water. Clean cultivation allows them to thrive on 15 to 18 inches of rain per year. Most of them, however, will live in dry areas or on well-drained hills of West and Southwest Texas. When given good drainage they will grow in Central Texas and even beyond, too, she adds.

ROBS PETER TO PAY PAUL

"You say he is a man of parts?" He certainly is. Half the time he plays that part of a philanthropist, and the other half of the time a public robber."

Science says the moon affects the tide. Lovers maintain it affects the untied.

The dime may not be as good as the dollar, but we bet it goes to church more often.

Here's our **NEW YEAR** wish for YOU

(Intended for last week) BASKETBALL NEWS

The basketball girls and boys played Wheeler Tuesday night. The girls won by 7 points and the boys won by one point. The high point girl was Pruitt, Porter, and the boys were Helton and Johnson. We played Mobeetie Thursday night. The Mobeetie girls beat us 10 points and Briscoe boys beat 5 points. Pannell and Morris tied for high point girl. Our boys won second in the Shamrock tournament last weekend. The boys beat McLean,

Wheeler and lost to Shamrock by 4 points. Tooter and S. W. both got gold basketballs. The trophy brought home by the boys is really pretty. Nice going boys.

SENIOR NEWS

The juniors and seniors are having a steak supper Tuesday night at Mrs. Kiker's house. After the meal, everyone is going to Shamrock to a movie.

We are sorry that Tooter got his head cut in the tournament at Shamrock. Guess you aren't hard headed enough Tooter.

Everyone is looking forward to the Christmas holiday and all the good things to eat.

SOPHOMORE NEWS

The sophomores are looking forward to the Christmas holiday. Lucille and Zetha went to see "The Thing" Sunday afternoon.

Wilma, Zetha, Jerry, Eddie and Gene went to Shamrock Friday. Martha went to Pampa Friday.

JUNIOR NEWS

Juanell, Clevene and R. L. were in Shamrock Sunday night. Lucy and Smiley were at the

Fertilizer Law Is Explained By A & M

The 49th annual fertilizer bulletin has been released by the Texas Agricultural Experiment Station.

Bulletin 738 contains information about the Texas fertilizer law, figures on the sale of fertilizer during the 1950-51 season and analysis of 1,816 official samples of fertilizers sold by the different manufacturers.

Dr. J. F. Fudge, state chemist, reports that fertilizer inspection fees for 598,274 tons of fertilizers were collected for fertilizers sold

in Texas from September 1, 1950 through August 31, 1951. This tonnage was about 11 percent higher than that sold in 1949-50.

The 5-10-5 and 4-12-4 grades accounted for about three-fourths of the mixed fertilizers sold. Superphosphate (20 percent) accounted for about half of the fertilizer materials sold.

Tables are given in Bulletin 738 which compare the valuations of the fertilizers sold by different manufacturers, as based on actual analyses of official samples. These tables also show guaranteed valuations and selling prices and the extent to which various fertilizer manufacturers met or exceeded

their guarantees. Bulletin 738 is available from the Publications Office, Agricultural Experiment Station, Texas.

Best With Rest

Give your flashlight batteries a rest to make them last longer, advises Winchester-Bond, one of the nation's largest dry cell makers. Rotate three sets of batteries, change them every day, thus giving each set a two-day rest. Mounting defense needs are reducing civilian production. For longer life, store "resting" batteries in refrigerator in glass container.

Nothing softens a tight business man like a pretty young thing, in a skirt.

LEGAL NOTICE
 You are commanded to appear and answer the public notice at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 4th day of February, A. D. 1952, at or before 10 o'clock A. M., before the Honorable District Court of Wheeler County, at the Court House in Wheeler, Texas.
 Said plaintiff's petition was filed on the 26th day of July, 1951. The file number of said suit being No. 4207.
 The names of the parties in said

suit are: Ophelia Johnson as Plaintiff and J. A. Fryer as Defendant.
 The nature of said suit being substantially as follows, to-wit:
Suit for divorce on grounds of cruel treatment.
 Issued this the 19th day of December, 1951.
 Given under my hand and seal of said Court, at office in Wheeler, Texas, this the 19th day of December, A. D. 1951.
 HAROLD D. CALLAN, Clerk
 District Court,
 Wheeler County, Texas 2-4tc

THE MAIN THING
135 OF WORK
 Having only recently moved into the district she was determined to impress the neighbors. She arranged for a musical at home, and told her husband to see to the booking of a musician to entertain the guests.
 "Have you engaged the pianist yet?" she asked her husband a few days before the great evening.
 "Yes, my dear," he replied, "a great virtuoso."
 She looked annoyed.
 "Never mind about his morals. Can he play the piano?"

MEMO To Mrs. Housewife
 NATIONAL PRESS BUILDING WASHINGTON, D. C.
 By Anne Goods
 Nobody has enough cookie recipes at Christmastime. Here's one I believe you'll enjoy making. It's so quick and easy! In one bowl add these ingredients, one after the other: 1/2 cup softened vitaminized margarine, 1 1/2 cups sifted flour, 1 tsp. baking powder, 1/2 tsp. salt, 1/2 cup sugar, 1 egg yolk and 1 tsp. vanilla flavoring. Mix all at once. Form into 2 balls and roll on floured waxed paper or floured board. Cut with cookie cutter and bake on greased cookie sheet in 350° F. oven for 8 to 10 minutes.
 Smoky pearls are so popular now and here's how to get yourself a pair for almost nothing! Buy the plain type at the dime store in the size you want, then tint them with black all-purpose dye. You can do it in the wash basin with just hot water and dye—it's easy as that!
 Maybe raisin sauce is traditional to serve with your Christmas ham, but this is a marvelous one, too. To whipped cream add mustard-with-horseradish to taste. Correct seasoning with salt. This is a favorite with the men!
 Why didn't somebody tell me before that knitting socks is so much fun? Am making Argyles and if you've never tried them, do! I'm sure your husband or your beau would love a pair.
 Who's got the button? If you have any old or particularly pretty ones you can make stunning earrings with them. Use old backings or those from inexpensive dime store ones and glue button on.

Pictured is engineering model of gigantic new Public Service Power Plant being erected in Lamb County, Texas.

WORK TO DO IN 1952

Plant X, the new power plant we are building in Lamb County, Texas, is the symbol for the work we must do in 1952 to continue to meet your electric service demands.

The first unit of Plant X, which by mid-1953 will have 200,000 horsepower of electric generating capacity, will go into service this year.

Also this year, a 25,000 horsepower addition will be made to the generating capacity of our Carlsbad, New Mexico power plant.

Altogether in 1952, it will be necessary to spend more than \$21,000,000 in new construction alone, to meet your needs for dependable electric service.

But, necessary as it is, new construction is only part of the work we must do in 1952. The 24 hours a day job of providing you with dependable electric service will go on and 1800 men and women will see that you get the best possible electric service each day of the year.

Your electric service is in good hands — the capable hands of the 1800 men and women — your friends and neighbors — who are the business-managed, tax-paying electric company which serves you.

Have You Checked Your Insurance Lately?

We want to call your attention to the fact that WHEELER now has the lowest fire rate that we have ever had and the maximum good fire credit rating.

So if your insurance policy is about to expire please let us figure with you on a three or five year policy you save one-half years premium on a three year policy and one year's premium on a five year policy in town.

We urge you to check the amount of coverage against today's value. If you feel that you need additional insurance get in touch with us TO-DAY.

Now would be a good time to check your auto policy and see if you have liability and property damage to comply with the NEW TEXAS FINANCIAL RESPONSIBILITY ACT that goes in effect January 1, 1952.

A complete pasture and forage plan for Texas farms and ranches to overcome conditions such as exist at the present is needed. The plan should include provisions for a carryover of silage and hay.

The 3-10-3 and 4-12-4 grades counted for about three-fourths of the mixed fertilizers sold in Texas last year. Superphosphate (20 percent) accounted for about half of the fertilizer materials sold.

Coffee In The Pie, Coffee In The Cup

The fine flavor of coffee and the wonderful texture of coconut cream pie—there's a combination that adds up to a pie that is a pie! Coffee Coconut Cream Pie it's called, and it is sure to be a top favorite with everyone who enjoys a down-right good dessert.

After you've made this excellent pie, here's an easy way to add a party touch to it. Whip a small amount of cream and, using a teaspoon, arrange small whipped cream rosettes around the edge of the filling. Then sprinkle a few shreds of toasted coconut on the cream. There you are—a lovely-to-look-at dessert that's mighty easy eating.

There'll be coffee in the dessert, and you'll want coffee in the cup, too. Just be sure that the coffee you serve is fresh, full of flavor and piping hot. And don't forget to make enough to take care of those left-

surely seconds all the way around the table.

Coffee Coconut Cream Pie

- | | |
|------------------------|-----------------------------------|
| 1/2 cup enriched flour | 2 tablespoons butter or margarine |
| 1/4 cup sugar | 1 teaspoon salt |
| 1 cup coffee | 1 cup vanilla |
| 1 cup evaporated milk | 1 cup shredded coconut |
| 2 egg yolks | 1 9-inch baked pastry shell |

Combine flour, sugar and salt in top of double boiler. Add coffee and evaporated milk gradually. Cook over hot water, stirring constantly, until thickened. Blend a little hot mixture into egg yolks; return to double boiler. Cook two minutes, stirring constantly; remove from heat. Add butter, vanilla and coconut. Cool. Pour into pastry shell. Garnish with whipped cream and 1/2 cup toasted coconut.

You can't treat the maid like a member of the family, nowadays, and get away with it.

If necessity is the mother of invention, then luxury must be the father of it.

Society

Martha Class Is Entertained At Party

The Christmas party for the "Martha Class" of the First Baptist Church at the home of their teacher, Mrs. Lee Guthrie has become a tradition; this year was no exception.

Bible games were directed by Mrs. Delmar Faught and the story of the birth of the Christ child was beautifully told by Mrs. W. A. Tacker, with artistic decorations throughout the entertainment rooms making a perfect setting for the story.

After a delectable refreshment plate, gifts were exchanged and "Old Santa" had left his big red sack with Mrs. Guthrie and a gift for each one present which was the real Christmas surprise.

The party adjourned with the singing of Christmas carols led by Mrs. M. B. Smith and with hope in the heart to meet again next year.

Those present were: Mesdames Roy Bailey, Delmar Faught, Albert Marshall, Barney Teague, W. A. Tacker, Wanda Walker, Johnnie Johnson, Ford Newkirk, Richard Bradley, Buster Gellan, M. B. Smith, Tink Ingram, Jewell Rimmer, Mary Wofford, Audrey Pierce, Doris Forrester and the teacher, Mrs. Lee Guthrie.

Thursday Review Club Has Christmas Party

The Thursday Review Club met Thursday night, December 20th; in the home of Misses Glenna and Wilma Hefley.

Christmas carols were sung and different games were played. A box was prepared for a needy family.

The group exchanged gifts. Attractive refreshments were served to the following people: Mesdames Wilton Callan, Carroll Pettit, Carroll Pendleton, Lowell Pendleton, J. C. Howell, R. J. Holt, Jr., N. D. Ware, Jr., Red Richerson, Harvey Wright, Ed Johnson, Albert Marshall, R. J. Smith, Lloyd Wayne Weatherly, Dub Goad, Roy Ford and Lowell Farmer.

Everyone reported a nice time. The club collect was read and the party adjourned.

Respiratory

(Continued from Page 1) physical resistance by sufficient outdoor ventilation, adequate nourishing food, outdoor exercise and sufficient sleep, but added to that the family physician should be called immediately if, in spite of such care, a respiratory disease develops.

"Guard against pneumonia which is a communicable disease. It may be acquired by direct or indirect contact with a pneumonia patient. Reduced bodily resistance resulting from habitual disregard for normal physical requirements makes pneumonia doubly hazardous. A physician should be consulted immediately upon the appearance of any respiratory ailment."

FUTURE NURSE

Lillian M. Adams (left), president of Graduate Nurses' Association, Washington, D.C., congratulates Nancy Bullion, 10, discovered in nation-wide search by Bauer & Black, surgical dressings makers, to find among thousands of young girls, one who aspires to nursing vocation and approaches most nearly ideal qualifications of American nurse. Child won \$5,000 U.S. Bond first prize and Miss Curly title. Contest marks first active part by industry on behalf of critical national nurses' recruitment, current demand indicating 381,886 registered nurses are needed for civilian service and 5,000 more for military mobilization. Miss Bullion, sixth-grade schoolgirl in nation's capital, is daughter of government employees and has twin sister.

HOW TO GET OUT OF WORK

This was really a work room. There obviously was no planning to this kitchen. Look at the isolated range, with no facilities for storage and only a table as too-low work surface. The old fashioned cupboards afforded no convenience except space and much of that at unhandy height.

What a thrill this homemaker must get from her new kitchen. Now she had both beauty and convenience right at her finger tips. Using standard steel cabinets and a twin-bowl cabinet sink, the old kitchen was transformed into a modern one where work no longer is a drudgery. Note how the wall what-not shelf and the base what-not shelf at left add extra smartness to this attractive new kitchen.

Charles Hubbard Is Now On Rest Leave

Spending a well-earned vacation from the rigors of combat service at the Camp Wood Rest and Recuperation Center in Southern Japan is Charles F. Hubbard, seaman, USN, son of Mr. and Mrs. Bernice Hubbard of Wheeler.

Hubbard is attached to the attack cargo ship, USS Leo, which has been operating in the Korean area since the early days of the conflict.

Before entering the service he attended West Texas State Col-

lege. Camp Wood—station—is located near Aso, one of two volcanoes in Japan. All athletic facilities offered other diversions, dancing and sight-seeing.
