PASSENGER CAR STYLING comes to the trucking business in Ford's 1957 side pickup. It typifies revolutionary changes in new Ford trucks which Ford display February 1. Full-width styling has more than just "eye appeal." It widens truck's load area by 20 inches, and adds 25 percent more load capacity than older models offer. This pickup is one of nearly 300 models in the 1957 Ford line which range upward to huge extra heavy duty models.

SIMPLE...EASY...COST-CUTTING CALF PROGRAM

COLOSTRUM for first three days. Gives calf Nature's miraculous disease resistance factors. This storehouse of energy and antibodies has no substitute.
NURSING CHOW (Purina) for next 30 days, plus Calf Startena. Gives calf minerals, vitamins, energy and disease protection not found in whole milk.
CALF STARTENA (Purina) for next three months. Helps carry calf through critical period with proper levels of minerals, vitamins, and antibiotics.

just "replacing" milk isn't enough
Raise 'em one-third bigger* at one-half the cost**

During the past year, calves fed on today's Nursing Chow-Calf Startena Program at Purina's Research Farm have averaged roughly one-third heavier than the accepted Morrison's standard at four months of age.
At the same time, the cost of raising calves the Purina way has been consistently less than half the cost of raising the same calves on whole milk.
Purina's Calf Program is much more than a milk replacement, or milk-saving plan. The program takes advantage of the miraculous protective and life-stimulating powers of the mother cow's colostrum milk. After the calf has nursed the colostrum, the Purina feeding program takes over to provide extra vitamins, minerals, energy and disease protection not found in cow's whole milk.
Let us help you start raising your calves a third bigger... at half the cost... right away!
*Compared to accepted Morrison's "Feeds and Feeding" average at four months of age.
**Compared to raising the same calves on whole milk.

Children's Pictures To Be Free And Published Here

It is an undisputed fact that the possibilities of tomorrow's our Nation, and Communism rest upon the shoulders of children of today. Since this is the publishers of this newspaper would like to give you a look at these future "World Leaders."

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures... they must all be of uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work, will be here Wednesday, February 13. Pictures will be taken at the Watson Hotel and will be open from 9 a.m. to 5 p.m.

There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of his feature, neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain a limited number by arrangement with the Studio representative when they select the pose they want printed in the paper. It is entirely up to them.

The Times simply wants pictures of all the youngsters and the more, the better. So the Mothers and Fathers of the community in which this paper circulates should remember the date February 13, at Watson Hotel and not fail to bring their children to the photographer.

You will be mighty glad, afterwards, if you did, and very very sorry if you do not permit your children to participate in this event. The kiddies will have much fun and both Mother and Dad—and the youngsters, too—will be very proud to see their pictures in print later.

Appointments may be made by calling 3831.

'57 FORD TRUCKS TO SHOW HERE

The new 1957 Ford Trucks are out. They will go on display in show rooms all over the nation tomorrow, Pete Burton said today. The new rugged Ford trucks are designed for greater pay loads with lower maintenance and operating costs, he stated.

The new design runs all the way from the popular 100 series through the big heavy-duty tilt-cab jobs designed to handle the heaviest loads. The cabs retain their safety features but have many other features added. Enclosed steps to keep snow and ice off making alighting from the trucks easier and safer is one of these. The cabs are lower but road clearance has been increased.

Horsepower of the truck power plants has been increased with even higher horsepower selections possible on most models. The Tilt-Cab models have been redesigned moving weight farther to the front and allowing more weight and area for pay loads on rear axles.

Frames on heavy duty models have been strengthened and have deeper side rails. Greater glass area provides better visibility, another safety feature in the new Ford truck line.

New styling in the Ford Truck line gives lower height with wider load space to make easier handling of all pay loads. The fresh air intake has been re-designed to eliminate road and engine fumes from the air allowing better circulation of clean air in all models.

A brand new Parcel Delivery with 137 inch wheel base has been added to the Ford line of Trucks. The most original design in many years in the trucking industry is Ford's Ranchero, an entirely new idea in transportation.

The Ranchero has the driving comfort and styling of a passenger car with the working ability of a pickup truck. Built on a 116-inch wheelbase and with a capacity of 30.4 cubic feet, this practical vehicle has a double steel floor for added ruggedness. The driver compartment and controls are the same as those of a passenger car.

The Ranchero is ideal for those who require a vehicle for both work and social purposes. Although it has all the driving ease of a passenger car, the Ranchero can carry a payload of 1,190 pounds, which is more than most pickups are required to handle during normal working operations.

MAKE WINTER DRIVING SAFE

"Poor visibility is one of the most serious problems facing the motorist in winter driving!"

That was the warning issued today by E. C. McFadden of Dallas, Vice President of Employers' Casualty Company, and President of the Texas Safety Association, in connection with the state-wide campaign for safe winter driving sponsored by the Texas Safety Association.

"In addition to the hazards of skidding that winter presents to the motorist, the problem of reduced visibility can make driving especially treacherous," McFadden said.

"Motorists must be able to see danger to avoid it," he emphasized.

"A basic requirement is that windshield wipers be in top-notch condition. Summer sun or age bakes the life out of rubber blades and cause them to streak the windshield," McFadden said. "When they do, they should be replaced."

"Another important precaution is to see that heaters and defrosters are working properly."

Fewer hours of daylight, rain, snow, sleet, splattered windshields, for the glare of the sun on snow or ice, fog and frequent overcast all serve to reduce the distance a driver can see to a dangerous minimum, it was pointed out.

"And after a storm be sure to clean all the snow off your windshield and other windows of your car. It is also a good idea to wipe off the headlights, turn signals and tail lights at the same time."

"Keep the inside of your windows clean and free of smoke or steam and be sure you can see through the side windows. Danger may approach from the sides or rear as well as from the front."

Statistics show that in almost one out of seven fatal accidents, the driver's vision was obscured. In two out of five of these cases, the obstruction was on the vehicle itself, such as rain, snow or sleet on the windshield.

"Keep these figures in mind," McFadden warned drivers, "and keep alert to these dangers. You wouldn't drive with your eyes closed. Don't drive with your vision obstructed!"

V.A. ASKS BIDS ON LAND FOR SALE

Texas veterans were reminded Friday that they have only until February 5th to submit bids on 58 tracts of land which the Veterans' Land Board has for sale.

Land Commissioner Earl Rudder, who is chairman of the VLB, explained that — unlike normal procedure in the Veterans' Land Program — veterans are not required to obtain an application number to purchase any of these tracts.

The lands to be sold, which are located in all sections of the state have been forfeited by original owners who purchased the property through the Veterans' Land Program.

Commissioner Rudder urged veterans who are interested in this sale to inquire immediately of the Veterans' Land Board in Austin for information.

LOOK! NEW FORD TRUCKS for '57

LOOK again! They're modern through and through

The boldly modern styling you see just hints at how deep-down modern the '57 Fords really are!

New Ranchero rides, handles and looks like a modern car. It's a rugged truck that carries over half a ton—more than many standard pickups. Ford's all-new Tilt Cab Series brings modern design to the big-truck field. It's America's lowest-priced* Tilt Cab line.

New Ford pickups back up their modern styling with higher power, completely new cabs, a new kind of ride. Styleside bodies are biggest of any pickup.

The trucks shown here just touch the sweeping changes in the new Ford line for '57. See your Ford Dealer for complete details on the truck to fit your job.

*Based on a comparison of factory-suggested list prices

NEW cabs—completely new—stronger, roomier, smarter! New wider windshield. New inboard step, new Hi-Dri ventilation.

NEW hydraulic clutch standard in all models from pickups to tandems. Easier to operate—works like hydraulic brake. Clutch and brake pedals are suspended type!

NEW Styleside pickup bodies standard at no extra cost. America's biggest pickup bodies! Side loading's for easier with full-width body.

NEW riding comfort! Big new roomy cabs, completely new chassis suspension and increased visibility improve handling ease.

NEW chassis strength! New frames, up to 13% stronger. New sturdier front and rear axles! New higher capacity springs!

NEW power advances! Higher horsepower, freer breathing, higher compression ratios, new Super-Filter air cleaner. Short Stroke engine design—V-8 or Six, in every model!

For '57 and the years ahead—**FORD TRUCKS COST LESS**
LESS TO OWN... LESS TO RUN... LAST LONGER TOO!

Recommendation To The 55th Legislature On School Reorganization

By LEE BARRY

First let us recognize the difference between the size of a school and the size of a district. The size of the school is the number of students attending. The size of a district is the number of square miles it contains. There may be a large school in a small district. Many large districts in West Texas have but few scholars. Every rural school should have a local board of education. Having a school controlled by a board of another community is about as efficient as having the school board of Lubbock hire the head football coach for Amarillo.

The recommendation with its good qualities is not broad enough for a foundation for legislation. Let us look in on the Briscoe school as I am better acquainted with it. Briscoe will continue to operate on two counts by the recommendation. Sparsley settled and cannot get to another school in two hours transportation time. In seeking ways to improve the schools, five propositions have been suggested: 1st, Consolidate Allison and Briscoe, with the school there, here or a new location. 2nd, Allison, Mobeetie and Wheeler come to Briscoe. 3rd, Abolish Briscoe, giving the territory to Allison, Mobeetie and Wheeler. 4th, Allison, Briscoe and Mobeetie go to Wheeler. 5th, Divide at the county line, all in Wheeler county go to Wheeler, and Hemphill county to Canadian. The first three suggestions will push the bus time for some of the children, well over two hours, nearer three unless shoestring routes are maintained. The fourth and fifth suggestions will push the bus time over three hours per day for some of the children. People are loud in their praise for any proposition that will enlarge the school and not increase the distance for them.

The recommendation on transportation time will allow each of these schools to continue and I think it is right. The local school will not be improved by having a disinterested, alien or enemy member of the school board. Every citizen should strive to make his school the best possible and no one allowed to transfer without the consent of the sending board, unless the bus ride is more than two hours, then furnish their own

transportation to the district line. The recommendation should be broad enough for a foundation for legislation that will apply to every necessary school in the state. A small school is not necessary if the children can be transported to another school in a reasonable time. The time of the bus ride is the only limit of the size of the district.

Let us look at Tarrant County. My book shows 877 sq. miles, school population of 90,421; thirty school districts, fourteen with less than 200 A D A and nineteen with less than 500. It seems to me that the recommendation will work perfectly. Many other counties look the same. It is agreed by those who should know that the peak of efficiency is reached at ten or twelve hundred students. If this be true there are several schools that should be broken up. I am willing to leave that to people working in such schools. I know as little about large schools as a college professor does about small schools. It seems that the highly educated will never learn that in allocating teacher-units for small schools the number of recitations is of much more importance than the number of students.

Let us look at Sterling; county wide school district, can not be larger or smaller; 914 sq. mile, school population 328; tax value \$6,292,942; and adequate program for a school this size is needed. They can meet any standard requirement and have money left. Then look at Sierra Blanca, size can not be changed, A D A 161, tax value \$29,800. One is rich the other is poor, the need for a school is the same. There is Loving County, 647 sq. mile, 24 children, tax value \$3,503,395. If there were any children in the east part of that county it would take all day to go to Mentone & back. There are 3.5 million tax value and the recommendation rules them inactive and orders them abolished. No district would contain land if the school can not serve the children of that land. No district should contain vacant land if it could not serve the children if they were of that land.

It would be better if a reasonable school tax were levied and go to the state treasury to be used where it is needed. Need, foundation program that will assist to offer a standard quality school to every group of children. When the district is able to meet the standard, state money should stop. No state money should be paid to a district that has more

money per capita than the state has. Small schools can qualify for special service by forming a cooperative unit. This does not affect local school. The county is the intermediate unit and this is not large enough for a cooperative unit. Special service is allocated on twenty teacher units, no fraction. Small schools have to cooperate to get anything. There should be enough schools to have an A D A of 500 if possible. Intermediate trustees to be elected by the voters of the districts involved. They should have authority to hire and fire a superintendent, together they would employ special teachers.

We can not have a school near the door of every home but each child should be carefully considered in establishing and maintaining a school.

Society

E. H. Herd Honored With Birthday Party

Mrs. E. H. Herd and Maurice, entertained Friday night, with a party in their home in honor of Mr. Herd's birthday. Forty-two and touring was enjoyed by the guests attending. Those present for the occasion were: Mr. and Mrs. Waymon Herd of Amarillo, Mr. and Mrs. H. H. Herd, Mr. and Mrs. Roy Herd, Mr. and Mrs. Lawrence Crowder, Mrs. Bill Clay, and Miss Bessie Herd, all of Wheeler.

Gilmer, Ruby Debauche, Pearl Harrison, Juanita Levitt, Doris Newsom, Newassa Evans, Nova Powledge, Ethel Morse, Lena Brown, Louise Bowers, Sally Huff, Mrs. Earl Cockrell of Buffalo, Okla., Virginia Miller, Charlene Taylor, Hattie Grayson, Mary Hartley, Laticia Pearce, Erma Weibe, Lanora Morse, Jean Stovener, Nona Elmore and Mary Lou Markham.

Mrs. O. T. Glasscock, Shamrock, with a T H D A pin in recognition of her work in the county as Civil Defense chairman. Meeting adjourned.

Mrs. Francis Keahey, reporter

Mr. and Mrs. Burley spent Sunday in Pampa, at the home of Mr. and Mrs. Don Alexander's.

Hester Dodson and daughter Pat attended the singing at ton Sunday afternoon.

Mrs. George Porter returned home from the Pampa home Tuesday of last week.

Wheeler County HD Council Meets

The Wheeler County Home Demonstration Council met Wednesday, January 15, at 2:30 p.m. in the office of Miss Vara Crippen, agent, with the chairman, Mrs. Clarence Zybach of Briscoe, presiding. The meeting was opened with the reading of the T H D A creed in unison.

Roll call was answered by four council officers, four club presidents, three council delegates and Mrs. Ernest Zybach, Briscoe club, visiting, making a total of 12 present with four clubs represented.

Minutes were read and approved. Mrs. Henry Sims of Shamrock, treasurer, gave her report in which she stated receipts for 1956 were \$909.67; paid out \$596.45 with a balance of \$326.02.

Yearbook chairman, Mrs. Francis Keahey, of Mobeetie, gave her report to council in which she stated the price of the yearbooks would be higher than previously, due to the fact that printing costs were higher.

The secretary, Mrs. Vern Kuhlman of Shamrock, read the Standing Rules for Council for 1957, which were adopted as amended.

It was voted Miss Crippen give the training meeting on table and chairs. This training meeting to be held in the Wheeler High School workshop, February 6 at 1:30 p.m. with each club sending two leaders. Miss Crippen asked that they bring their own hammer and saw.

Miss Crippen asked each club to decide which of three crafts discussed, they preferred and to bring their report to February council meeting.

Mrs. E. D. Moore, Shamrock, T H D A chairman gave her report from the district vice-president; after which she presented

Barrington's Are Honored

Mr. and Mrs. W. H. Barrington, who are planning to move to Ozark, Ark., to make their home were pleasantly surprised by a group of friends who called at their home last Wednesday evening. Gifts were presented to the couple and refreshments of cake and coffee were served. We are going to miss the Barringtons but wish them much happiness in their new home.

Pink And Blue Shower Honors Mrs. Watchous

A pink and blue shower honoring Mrs. Bob Watchous was given Thursday, January 17, at 2 p.m. in the home of Mrs. Clyde Dukes, with Mrs. Nell Ball as co-hostess assisted by Mrs. Lee Kiker, who had charge of the games.

After the many useful gifts were opened by the honoree, delicious refreshments were served to the following: Myrtis and Myrtle Jones, Emma Rogers, Mrs. Howard Shryock and Glen Hardy of Gage, Okla., Edna Begert, Kay Donaldson, Neida Dukes, Ellen Huff, Nona Hall, Nadine Reynolds, Julia Dillon, Winnie Kiker, Edith Levitt, and the hostess.

Those unable to attend but sent gifts were: Mrs. E. H. Hall of Gage, Okla., Mable Ault, Wilma

GEORGE GANDY GETS LETTER

George Gandy received the fol-
lowing letter from the Veterans
Affairs Commission. As it shows
a part of the support local veter-
ans are receiving we thought it
worth printing. The letter follows:
Dear Mr. Gandy:
In compiling our annual report,
our attention has been brought to
veterans and their dependents in
your county.
It is interesting to note that
from January 1, 1956 through De-
cember 31, a total of \$41,431.50
was paid to veterans and their de-
pendents in Wheeler County
through your efforts.
Please bear in mind that this
amount of money represents only
the cases that you handled where

TEACHERS ARE SORELY NEEDED

Superintendent A. E. Brown, of
the Wheeler School District to-
day urged college graduates in
this area to give serious considera-
tion to opportunities available to
them in the teaching profession.
Superintendent Brown explained
that the need for teachers is
especially critical in some areas
of the State and that more than
2,000 persons have had to be as-
signed to teaching positions this
year on the basis of emergency
teaching permits.
"I especially want to call your
attention to the state-wide teacher
education courses now being
presented over television," Super-
intendent Brown said. "A per-
son with a college degree can en-
roll in the Let's Teach television
series and begin his preparation
for teaching. Even though a teach-
ing vacancy may not be available
to you at the present time, credit
for the Let's Teach series will
enable you to qualify for an
emergency teaching permit which
will be valid from one to three
years in any school district in
Texas which has been unable to
find enough fully qualified teach-
ers."
The state-wide Teacher Recruit-
ment and Education by Television
project is sponsored by the Texas
Education Agency through the co-
operation of local school and col-
lege officials, television stations,
and with the assistance of a grant
from the Fund for the Advancement
of Education.
Any person desiring complete
information about the Let's Teach
teacher recruitment series may in-
quire at the office of his local
school superintendent or address
Let's Teach, Texas Education
Agency, Austin, Texas.
Mrs. Tom Wilson and niece, Elva
Hubble were Shamrock callers
Monday afternoon.

ALLISON NEWS Mrs. Lester Levitt

Mrs. Jimmy Greenwood and
Mrs. Curtis Hall of Amarillo spent
the week end here with their
parents, Mr. and Mrs. Ray Brown
and Mr. and Mrs. Elbert Zybach,
of Briscoe.

Mr. and Mrs. L. W. Curlee of
Amarillo spent the week end here
in the Charlie Curlee home. Mrs. C.
Curlee who had spent the last
two weeks in Amarillo, returned
to her home here with them.

Mrs. Roy Langford and children
of Borger spent the week here
with her parents, Mr. and Mrs.
Lester Levitt. Mr. Langford came
after his family Friday, returning
to Borger Saturday.

Zeland Rainey and family of
Sunray and Kenneth Hamon and
family of Pampa visited Mr. and
Mrs. George Parker over the week
end.

Bill Donaldson and family were
supper guests in the home of Mr.
and Mrs. Bob Watchous, Sunday.
Bobbie Dillon and family of
Amarillo, and Mr. and Mrs. Claude
McMillan of Wellington, visited
recently in the A. E. Dillon home.
Mr. and Mrs. Ernest Wallace of
Sweetwater, and Mr. and Mrs.
Billy Aaron of Dallas were dinner
guests in the Forace Evans home
Sunday of last week.

Darrell Harrison and family of
Amarillo, Jimmy Wallace and
family of Stinnett and Mrs. Clifton
Boydston and children of
Pampa were visitors in the Bruce
Harrison home the last of the
week.

Mr. and Mrs. Cliff Sanford moved
Ira Fish and family to Arkansas
last week and went on into Mis-
souri and visited relatives for a
week. They returned home Thurs-
day.

J. E. McKatherin and family of
Hereford were visitors in the
home of Mr. and Mrs. M. Ball last
week.

Paul Newsom and George Brown
are on a fishing trip in New Mex-
ico and Texas.
Sid Rosser spent a few days
last week with relatives at Wheel-
er.

Mrs. Frank Chandler has been
on the sick list recently.
Mr. and Mrs. Bruce Harrison
and Mrs. Roxie Sanford visited re-
latives in Pampa, Amarillo, and
Stinnett last week. Mrs. Casey
Henson looked after the telephone
exchange while they were away.

Glen Markham of Canadian was
in Allison Saturday.
The basketball game given last
week for the March of Dimes,
between the town teams and
school teams netted about \$35.00.

Mr. and Mrs. Dudley McMillan
of Wellington visited H. R. War-
ren recently.

Supt. and Mrs. D. Malin and
David spent the week end at Ver-
non with her relatives.
Mr. and Mrs. Glen Elmore at-
tended the funeral of a nephew, at
Quitaque, Texas, Thursday, who
was killed recently in a car wreck.
Kenneth Levitt and family of
Amarillo were visitors in the M.

Wednesday Study Club Observes Anniversary

The Wednesday Study Club ob-
served the sixtieth anniversary of
the Federation of Women's Clubs in
Texas with a book review and
birthday tea in the home of Mrs.
Harry Wofford on January 23,
with twenty-one members and one
guest present.

Mrs. R. Wm. Brown, a charm-
ing local clubwoman and a gifted
speaker, gave delightful review of
"The Last Stitch", an autobiog-
raphy, written by Dr. William L.
Crosstwait, M. D., in collabora-
tion with and edited by the veter-
an newspaperman, Ernest G. Fisher.
Mrs. Brown was introduced by
Mrs. Lee Guthrie, program leader.
Mrs. Brown said, "This is the
story of a great Texas Doctor who
will be 84 years old in May, this
year. Perhaps you are wondering
about the title 'The Last Stitch'.
In 1896 the author of the book
was called upon to perform a ma-
jor operation at a Texas ranch. Dr.
Crosstwait performed his surgery
on the kitchen table. He remem-
bers looking out the window and
seeing a husky relative of the pa-
tient fingering a lariat and remark-
ing: "If anything happens to Aunt
Bess, Doc done took his last
stitch".

"That was one of Doc's first
stitches, but now, almost six de-
cades later that last stitch has
still not been taken and Dr.
Crosstwait can look back on one
of the fullest, most humanly re-
warding medical careers ever to
be put between the covers of a
book. He has ranged in a life-
time from horse-back practice to
attendance at high-powered inter-
national conferences. The story
is chock full of history, anecdote,
myth, legend, highly personalized
recollection, humor, acute obser-
vation, philosophy, politics, and
medical lore."

Mrs. Brown concluded, "This
book is not in any sense a didac-
tic book, but if I were to pick out
the lesson of Dr. Crosstwait's life,
it would be—that we never grow
too old to be useful—if we keep
our minds open for learning, and
our bodies active for service to
our fellow men."

Mrs. Harry Wofford, club presi-
dent, presided at a business ses-
sion preceding the review. Mrs. W.
W. Wiley, gave a timely and in-
formative report concerning legis-
lative measures to be sponsored by
The Texas Federation of Women's
Clubs.

The meeting was closed with a
tea hour marking the birthday of
the Federation work in Texas. The
beautiful white cake held sixty
lighted candles, each representing
the achievements of a year of ser-
vice.

Fred Nicholson of Dallas spent
a few hours with his relatives,
Mrs. H. E. and Harold Nicholson,
Monday.

Mrs. Lem Guthrie is spending
the week with her son, Lamar
Guthrie and family in Erick, Okla.

COUNTERPANE CATHEDRAL

There was a man who had stopped going to church because, he said, "Church doesn't make me feel any nearer to God."

One night he stepped into the children's room to kiss them good night. And suddenly he felt as though he were in church. There was a pillowed altar and a devout congregation in prayer. Yet he didn't feel any nearer to God.

And in that moment he learned the truth that every soul must learn; religion is not some outer force that brings God close to a man. Religion is man's inner yearning which reaches up and discovers how near God is.

And so, from the example of his children, he learned how to find the faith which had eluded him. And, finding it, he returned to church to share with other Christians the rich experience of worship . . . to receive the spiritual gifts of Word and Sacrament . . . to serve Christ in the vital, challenging work of the Church.

He knows that in church—or in a moonlit nursery—God is near those who want Him near!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
