Did You Know?
All salesmanship consists first in selling one's personality, one's total quality.
When we go out to sell anything, whether it is a washing machine, real estate or ideas, it is ourselves that we sell first in selling the goods we handle.
There is comfort in this, for we realize that our success depends not upon acting a part, being somebody else or putting something on, but rather upon our genuineness and sincerity.
Few of us realize that the most attractive thing about a person is his real self. As a rule, that person is the most winning who is the most frank and unassuming.
"Nothing," says Howard Cooney, one of America's great businessmen, "is so disarming, nothing so compelling, as the whole truth plainly and sincerely told. Forgetting morals and looking at frankness merely as a matter of business, it is the most powerful ally any man can have. The man who tries to be tricky or cute is his own victim in the long run. If you are trying to make a deal with a man, and he senses that you are holding something back, he becomes suspicious immediately. A normal human being will try to out-trick anyone whom he suspects of trying to trick him, nine men out of ten will meet perfect candor with fair dealing."
The thing we dislike most in people are egotism, pretense, and falsity these in turn they dislike in us. What we have to do, therefore, in the great business of selling is the very thing that conducts most to the great business of life. It is to be ourselves, and to make those selves as attractive as possible.

CITY WATER AND SEWER PROJECT GOES FORWARD

Work of erecting the huge steel tower and elevated pressure tank for the new Wheeler water system commenced Saturday morning after the skilled crew, arriving Thursday, had done some preliminary ground work Friday. Rapid progress was made in hoisting the heavy support girders and a portion of the upper structure until Tuesday's fog and rain postponed work pending more favorable weather.
From Truman Watson of the North Plains Engineering Company and supervising engineer for the city, it is learned that the entire system — water works and sewer — should be completed by June 1st, when it will be placed in service.
It has also been learned that the sewer unit may become available before that date, but no definite time can be fixed at the present. Tests must be made on the Imhoff tank at the disposal plant and approval of the unit made by the PWA authorities before it is put into use.

SIX-PASSENGER CAR OR STATION SEDAN ...CORVAIR IS BOTH!

A wonderfully useful folding seat makes every Corvair two cars in one. Just one quick flip and you increase the luggage and parcel space to 28.9 cubic feet. And just as simply, you're back to comfortable six-passenger capacity. It's standard equipment ... and extraordinarily practical.

Corvair does car-pool duty with the biggest and best of them. Going to work or school or out for the evening, you've got a genuine six-seater. As for carting around piles of stuff instead of people, just look at Corvair's station-sedan load space with the rear seat folded. And when that's full you can start on the trunk.

Corvair, you see, is no ordinary compact car. No others are so versatile, so ingeniously engineered — with independent suspension at all four wheels, an air-cooled rear engine that never needs water or antifreeze. You just can't compare anything else coming out these days with a Corvair. Drive one ... soon.

YOUNG IDEAS from Polly Ponds

Q: I'm only thirteen but I wear make-up and would like to know how to take care of my skin with facials and things. Do you think this would be silly?

A: No, it would be very sensible, as long as you don't go overboard with elaborate skin treatments that aren't really necessary at your age.

Here is a facial designed to deep-cleanse and stimulate your skin. It's so simple, you can easily include it in your regular face washing routine.

Soak a washcloth in hot water, wring it out and press the damp cloth against your face. Now apply cold cream from forehead to chin and massage it gently into your skin with upward and outward motions of the hands that follow the planes of your face.

Remove the cream with tissues and give your skin a brisk soap and water washing. Pat dry with a towel and splash a few drops of cold water or skin freshener on your face to stimulate circulation and tighten the pores.

A bird like me aint got much business in the present day business world, least that's the way it looks. I been lookin at a lot of different businesses and durned if I don't think the ole fashioned way is on the way out. Nowadays you can buy durn near anything and have it purt near wore out fore your pay a dnd cent on it. I've seen folks that would buy a Mama patergried dog and raise pups fore the first payment wuz even thought of. One of my neighbors went on an extended vacation stayin in the nicest Boardin Houses, wearin the nicest clothes and rentin them fancy autos and when he got it all off his chest he was bankrupt and hadnt spent a penny.

Don't you recon we done got off on the wrong foot or sumthin? I've even thought of gettin me a set of false teeth cause the payments won't start till I'm Sixty-Five, just wear em at the expense of the dentist till then, course the interest is compounded, doubles, and then doubles again but that don't mean much to a spender like myself cause I really dont understand what it means nohow. Hope I'm the only joker that dont mind ridin this inflated gravy train. Recon my younguns wont mind payin for the round the world tour, on the cuff that is, that Mama and I intend to take one of these days.

My grandpappy says that he don't believe this kind of livin is goin to last. He says it ain't healthy to plan on all these new inventions too much. I seen him jest the other day and he tole me I better get myself a new Spring Seat wagon and a load of coal cause accordin to his calkulations the T Model that Henry built aint made for these roads and looked like Coal oil wuz goin to get too high to burn.

of Agricultural Education at Texas A. & M., who coordinates the program for Texas A. & M.

"This cooperative program," states Walton, "is designed to make the services of specialists available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm people."

Specialists are now available in the fields of dairying, insect control, farm management, farm electrification, farm welding, tractor maintenance and swine husbandry.

Census Takers To Attend Training Sessions

Census takers who will visit every dwelling unit in the area during the 1960 Census of Population and Housing which starts April 1 will participate in four training sessions next week. District Supervisor Clyde Cook announced today.

The training sessions, to be conducted by the crew leaders, will be held on March 27, 28, 29, and 30. Each census taker will receive a total of approximately nine hours of instruction. Emphasis will be placed on the importance of a systematic, thorough canvass of every dwelling unit during the census to insure a complete count. Class room training will cover proper manner of asking questions, use of the Census questionnaire, Census definitions, and map reading.

Map reading is an important census taking technique since without maps defining the limits each district to which a census taker is assigned, the job would be a matter of confusion. About 250,000 maps have been prepared for the 1960 Census. This provides an individual map for each of the 250,000 districts into which the country has been divided for the census. Every census taker will be furnished with a map of his district. As they make their rounds, census takers will be required to canvass every street and road and visit every housing unit within the boundaries of their assignments shown on these maps.

Veterans Hospital Appreciates Books

It was announced at the Briscoe Home Demonstration Club meeting, March 15th that the pocket size books they sent to the veterans Hospital in Amarillo, in February, were appreciated, and they can use more.

Mrs. Leon Fillingim was hostess for this meeting. The constitution and by-laws, as revised by the committee were read by Mrs. Clarence Zybach, and were adopted.

The club voted to reseat and paint the eight chairs in the Wheeler Library. There will be a breakfast for the Briscoe seniors in the club house at 8 a.m. on April 1st with the club as hostess.

The club will have a work day as soon as the trees come that were ordered.

Refreshments were served to Mrs. Doyle Standlee, Mrs. Milton Finsterwald, Mrs. Ernest Zybach, Mrs. Porter Rodgers, Mrs. Henry Lee, Mrs. Dave Kiker, Mrs. Clarence Zybach, Mrs. Bob Ramsey and the hostess Mrs. Fillingim.

The Baptist church is still in their Spring Revival. Their Evangelist is Rev. Perry Threadgill. They are planning a youth night Friday March 25. After the services the youth are invited for a fellowship period.

Visiting in the home of Rev. Joe P. Weldon this week were Rev. Perry Threadgill, Rev. and Mrs. Dorman Kinard and children, Carol, Terry and Kathy Jean.

Mr. and Mrs. Slim Harris and Mr. and Mrs. D. Harris and daughter of Borger, Tex., spent Sunday afternoon and supper with Mrs. Harris' brother and wife, Mr. and Mrs. Judd Anderson.

Elaine and Mike Bryant were sick in their home with the measles.

Sunday guests in Mr. and Mrs. T. A. Treadwell home were Mr. and Mrs. Troy Treadwell, Tonya and Machelle of Pampa and Mr. and Mrs. Vendall Treadwell also of Pampa. Tonya is spending a few days with the Treadwells.

The Melvin Overcasts were guests this week of Mr. and Mrs. Chester Beasley.

Rev. Perry Threadgill spent Saturday night in the home of Mr. and Mrs. Vaughn Lister.

Joe Beasley celebrated his 11 birthday this past week.

Guests in the home of Mr. and Mrs. L. W. Rodgers were: her parents, Mr. and Mrs. A. B. Swintzer from Erick, Okla.; a brother, Mr. and Mrs. Bill Switzer and family of Seminole, Tex.; and sisters, Mrs. Lonzo Shaw and children from Pampa, and Mr. and Mrs. Charles Harrington and children from Lefors.

Company in the P. A. Martin home Sunday were their children Mr. and Mrs. Happy Martin of Pampa, Bob Martin who is attending Frank Phillips college in Borger. Also her mother, Mrs. Annie Sivage of Wheeler.

Of the famed Seven Wonders of the ancient world, only one survives—the Pyramids of Egypt. The others were the Pharos (lighthouse) of Alexandria; the Temple of Artemis; the Statue of the Olympian Zeus; the Tomb of King Mausolus, and the Colossus of Rhodes.

Natural underground steam present in New Zealand is being harnessed as a source of energy rivaling the atom. Plants to be completed within a year will feed 99,000 kilowatts of electricity into New Zealand's power system by the steam utilization.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**HIGHLIGHTS AND SIDELIGHTS
FROM YOUR STATE CAPITAL**

AUSTIN, Tex.—Texas Democrats have marked June 14 on their Calendars. Austinites have circled it in red.

June 14 is the day some 5,000 Texas Democrats will converge on the Capital City for their state convention.

It's expected to be many big days rolled into one.

It will be the first time in recent memory that the huge gathering has come to Austin. A large new city auditorium and convention center makes it possible.

It's the day that comes only once every four years when Texas name delegates to a national presidential nominating convention.

But the most excitement centers on the fact that Texas Democrats will be assuming what is usually a once-in-a-life-time role—that of sponsoring a major contender for the presidential nomination.

Work is under way in every part of the state to insure that the delegates to Austin will give routing support to Sen. Lyndon B. Johnson for favorite son nominee and chairman of the Texan delegation to Los Angeles.

Senator Johnson's chances of becoming president were re-emphasized by Gov. Price Daniel and cheered by the state Democratic Executive Committee when the party leaders met to plan the June convention.

Committee members selected Dallas for the second state Democratic convention on September 20. Their meeting also was made an occasion for honoring Mrs. Hilda Johnson for favorite son nominee and chairman of the Texan delegation to Los Angeles.

COURT REJECTS VOTE HAS- SLE.—Texas Supreme Court refused to consider a direct appeal from the City of Austin that it order a complete recount of votes in a hotly contested urban renewal election.

Issue has had Austinites in a stew for months. It was originally announced after the election in December that urban renewal had carried by a 52-vote margin. Eight property owners contested the election results on grounds that ballots were cast by persons not qualified to vote.

After 9 to 18 contested boxes had been opened, District Judge James K. Evetts of Belton declared the election void. He said there were so many disqualified voters and improperly marked ballots that it was impossible to determine the election outcome.

Austin's city attorney petitioned the Supreme Court for a writ of mandamus to compel Judge Evetts to open and examine all the ballot boxes. He contended the qualified voters had a right to have their votes counted.

Having lost out on a direct plea to the Supreme Court, City Attorney Doren Eskew said he would go through the usual appeal route, going first to the Third Court of Civil Appeals.

COLLEGE HOME DELAYED.—Governor Daniel's office and the Legislative Budget Board are to make a "full review" before plans proceed to build a \$87,000 home for the president of Sam Houston State Teachers College.

A number of legislators hit the ceiling last session over similarly costly homes built for presidents of Southwest Texas State and Stephen F. Austin State. Restrictions were written into the current appropriations bill aimed at preventing further expenditures

on such a scale.

Rep. James M. Cotten, member of the House committee on saving taxes, wrote the governor to protest what he called a "tremendous waste". Governor Daniel said he had been assured by the chairman of the board of Regents for State's Teacher's Colleges that no action would be taken until everyone interested had had his say. He pointed out, however that the home was to be built from constitutionally allocated funds to which the legislative appropriation restrictions "have been held not to apply."

MORE JUDGES SUGGESTED.—Larger metropolitan areas such as Houston, Dallas and San Antonio may soon need larger Courts of Civil Appeals. This observation was made by Associate Justice James R. Norvell of the Texas Supreme Court and others in a study made for the Texas Civil Judicial Council.

Judge Norvell suggested that five judges, rather than three, may be needed soon for the courts in the city areas.

Supreme Court, the study also noted, may also soon need further restrictions on cases it will handle to prevent too heavy dockets. Civil Appeals Courts were created to keep everything from going to the Supreme Court, but the high court is flooded with appeals from these courts.

Judge Norvell suggested limiting the Supreme Court to constitutional issues and cases where there is a conflict in judicial decisions.

OIL ALLOWABLE CUT.—Railroad Commission cut the state's oil production for April after testimony that both crude oil and gasoline were in over supply.

April allowable will be 2,814,252 barrels a day, a cut of 123,029 barrels a day from March. Number of producing days was cut from 10 to 9.

Oilmen told the Commission that other states, such as Louisiana and Mississippi had not cut production to offset the oversupply as Texas has. The state, said one Texas executive bitterly, is taking the "backlash" of the situation.

TIGHTER DRIVING LAW.—Legislation that would crack down on the driver who does not even have a drivers license has been proposed for the next session.

Rep. Ben Lewis of Dallas said that under present law a person who drives without having a license can only be hauled before a city court and fined about \$10.

By contrast, he said, a license holder who gets three tickets and has his license suspended can, if he drives during the suspension, be put in jail and fined as much as \$500.

Lewis said he would propose a series of stiffer penalties for the people who cannot pass driver tests but drive anyway.

Shamrock Auxiliary To Sponsor Style Show

The Shamrock American Legion Auxiliary DeShazo—George Unit 68 are sponsoring a style show and silver tea Thursday night, March 31st at 8:00 in the American Legion Building, 700 East Railroad Street. The style show will feature the 1960 spring and summer fashions from the Squaw Shop.

The public is cordially invited to attend.

**Get Those Autos
Inspected Now**

There are less than 20 working days left until the April 15 deadline for the new Motor Vehicle Inspection sticker, Captain Alan Johnson said today. Captain Johnson, Service Commander for the Motor Vehicle Inspection service of the Texas Department of Public Safety, pointed out that only 44 percent of the 459,372 registered motor vehicles in this region had been inspected as of March 1, 1960.

This indicates that many motorists continue to postpone having their vehicle inspected. By failing to do it now, drivers face the possibility of waiting in line at the state approved inspection stations as the deadline approaches. If bad weather continues, this adds to the burden because inspection stations do not make inspection while the streets are wet.

Texas Registered vehicles operated on public streets and highways after April 15 must display the 1960 Motor Vehicle Inspection sticker. Failure to do so often leads to traffic arrest for the driver without a current inspection sticker displayed on his vehicle.

Mr. and Mrs. Robert L. Roark from Oklahoma City spent the weekend with Mr. and Mrs. N. D. Ware Jr.

DID YOU EVER STOP AND THINK?

Measure of Success
When sunset falls upon your day
And fades from out the west,
When business cares are put away
And you lie down to rest
The measure of the day's success
Or failure may be told
In terms of human happiness
And not in terms of gold
Is there beside some hearth tonight?
More joy because you wrought?
Does some one face the bitter fight
With courage you have taught?
Is something added to the store
Of human Happiness?
If so, the day that now is o'er
Has been a real success.
Men often applaud an imitation,
and hiss the real thing.
A liar will not be believed, even
when he speaks the truth.
There is nothing permanent except
change.
