Fix it, Daddy, please...

To a child, security is a dad who can mend a broken toy or a mom who can heal a hurt. It's knowing that you're there to take care of things, no matter what. That's security to a child. But you know there's more. You know you have to plan security for your loved ones. And your Modern Woodmen representative knows how to help. Ask him to show you how membership in Modern Woodmen of America, one of the nation's leading fraternal life insurance societies. can provide the kind of security you want for your dependents . . . and yourself.

Briscoe HD Club Discuss Material

Texture is the big thing to give variety in our new spring fabrics, said Miss Linda Horton at the Briscoe Club meeting April 18th. This includes the linen look, slubs, searsuckers, terrys, velours, suedes, silks, gaberdines, and shirtings, stated Miss Horton as she showed beautiful samples of material to illustrate.

Printed burshed denim, was at the top of the list in Easter sales. Madris plaids, handmade in India. Gauze material in different weights, more texture in double knits, more cotton and cotton Williams and Denise, Carolyn blends than usual, are all trends

Colors are bright, vivid and clear. The primary colors, yellow red and blue are popular as are peach mint and mauve.

Stripes, plaids, and scarfprints, are shown in a variety of fabrics. Calico prints are still a favorite item in cotton.

This most interesting program was enjoyed by the following members: Ruby Zybach, Neta Evans, Barbara Williams, Effie Renfro, Mary Dodd, Emma Rogers, and Evelyn Meek.

The Briscoe Home Demonstration Club honored the Briscoe Seniors and their sponsor with a breakfast April 13th at the club

Spring flowers and minature seniors decorated the table.

Those present were Pheobe Meek, Steve Zybach, Jerry Finsterwald, Mark Turner, and the sponser Mr. Jim Chandler.

Club women who prepared and served the breakfast were Nita Evans, Mary Dodd, and Evelyn Meek.

Beta Sigma Phi **46th Anniversary**

Beta Sigma Phi, a social, cultural and service organization for women, plans the celebration of the 46th anniversary of its founding.

Beta Sigma Phi is the largest women's sorority in the world. Celebrations will take place in the 25 countries in which the orgainization's 250,000 members in over 12,000 chapters exist. The organization is non-academic, non-political and nonsectarian. The keynote to Beta Sigma Phi is friendship.

Chapters of five different degrees meet the growing needs of various age groups. Members are active in small chapter groups. Each chapter adapts the plans for socials, civic, and service and cultural activities to fit the interests of its members.

When Beta Sigma Phi events or civic endeavors are larger than one chapter can plan alone, all chapters in a city or area may combine their strength. There are state conventions each year which any member may attend.

Internationally, the chapters have created several special funds: The International Loan Fund, through which members help one another; The International Endowment Fund, which has donated over one million dollars to cancer research, cystic fibrosis, homes for underprivileged children, and many other cuases: The Exemplar Fund, which helps to support Literacy Village in India; and a college scholarship fund for members or their sons or daugh-

The Founder's Day celebration on April 30 at United Methodist Church marks the 46th anniversary of the founding. The organization was founded in Abilene, Kansas, by Mr. Walter W. Ross. The anniversary will be observed by the chapter here in Wheeler and by all other chapters around the world.
