I read somewhere that when a person was beyond medical help that you can figure that he is down with a bad cold. I think a ris. lot of people are in that state right now. Of course the particles in the air is not helping the situation any.

Two brothers, the Caddells and their wives from Dallas spent the weekend here looking in on their sister Ida Farmer who is in the hospital. Also, Glen Farmer, who had a difficult time getting gifts are greatly appreciated. out of stormed ravaged Nebraska, got here Saturday night to check on his mother. He returned on Sunday.

from quite a stay in San Antonia with her daughter, Rosemary. She attended the wedding of two of her grandsons while there. Quite an experience, I'm sure. But what if it had been two "granddaughters"!

I'm still in the process of trying to get the "big" house in order. No use moving my furniture until hand at redoing a chest of drawers. The out come was mediocre. Some folk put a great value on "worm eaten" wood. I wonder if being "boy beaten" 7:30 to give an outstanding would send the price up. suppose it would be the way you look at it.

Grace Porter has just returned Galmor, Henry Johnston, and Carroll Langley, other on the board besides the executive committee of President, first vice, second vice, secretary, treasurer, making a total of 11 members are: Lottie Eva Denson, Melvin May and Lavon Williams.

The chief business of the group was making arrangements for the inside work is done. I tried my necessary things to be done to take care of the coming of the Booker Bank Notes", who will be at the high school gym in Mobeetie Saturday evening at I musical program for the benefit of raising money to finish restoring the Old Jail.

> They are comming all the way to Mobeetie without asking for any expense for their trip, all we have to do is furnish a meal for them by everyone, here and there bringing a covered dhish, hopefully it will be at the Methodist Church, not sure at this time of writing. But bring a little money to make a donation for the county project of restoring the old jail to show appreciation for these people coming so far to be of help to our community in preserving the most Historic Building in the Texas Panhandle. Sorry the Amarillo paper made the mistake of not putting the date of March 19th on the article they had in the Amarillo News Globe, and did not correct their error in a later paper. # energy with a conservationist electric water heater

Maximum efficiency in appliances is what we're all looking for ... to save energy, save money.

That's why the CONSERVATIONIST ELECTRIC water heater is worth-looking at. It saves 15% of the energy used in a like-sized regular electric water heater and delivers all the dependability of electric water heating. The Conservationist is heavily insulated on all sides so heat is retained inside the water heater ... used for what you're paying for . . . to heat water.

And, you save on space above the heater because an electric water heater does not need a flue or vent. Ask us about the Conservationist ... the electric water heater designed to use energy wisely and save.

CARD OF THANKS

"The insurance due again?"

To a businessman it's confusing to have separate policies for fire and extended coverage, theft, vandalism, glass breakage, public liability, etc. All the insurance you need can be packaged, by Rives Insurance Agency, into one commercial policy at 10% to 15% savings over the separate policies.

stead of March 8th. The group voted to buy 4 sets of dominoes for the club so that members would not have to bring them at each meeting.

The program conducted by Brother David Campbell was an interesting game presenting pictures of persons and members guested whether or not they were great people. He was proving the question, "What is Greatness"? and what does it take to be great was briefly discussed by all and summed up in his final answer as one who loves others, serves others, and does his thing for the good of others or mankind.

After the program 3 tables of 88 were enjoyed and two tables of Conasta. On February 1, there were 37
