Rodeo Celebration Begins Today

Five full days of entertainment are planned for the residents of Wheeler County this weekend. Bill Owens, president of the Riders' Association, and the Wheeler County Chamber of Commerce, and Rogers, commander of the rodeo, are all cooperating to bring some first class entertainment to the people of Wheeler County. Celebration will get underway Thursday at 4:00 P.M. at the big street parade. All of the area riding clubs and bands have been invited to participate in the parade.

In fact, many local observers are saying that this will be the toughest and fastest rodeo ever to be held in Wheeler. The second performance of the rodeo will be held Friday night at 8:00 P.M. and the third performance will be held at 8:00 P.M. Saturday night. Beginning at 9:00 P.M. each night during the rodeo, an American Legion Sponsored dance will be held at the American Legion Building north of town. Benny Ketchum and his Western Playboys from Tulsa, Oklahoma, will play for the dance. Ketchum

has several records out, in fact he can be heard on practically any juke box in this area. Ketchum has one of the top Western bands in this part of the country and it is very unusual for him to accept engagements in this small of a town. However, due to the attendance potential because of the rodeo Ketchum agreed to come to Wheeler. If you don't dance, you are still welcome to drop in at the American Legion Building and listen to the music and visit with your friends. Friday morning at 11:00 A.M.

the Third Annual Quarter Horse Show will be held at the Rodeo Grounds in Wheeler, under the direction of Mr. and Mrs. Bus Freeman. This show is approved by the American Quarter Horse Association and the Golden Spread Quarter Horse Association is sponsored by the Wheeler County Riding Club, Inc. Sandwiches and Coffee will be available at the rodeo grounds during the show. Saturday afternoon at 1:30 the Wheeler Chamber of Commerce will open the gate to the swimming pool and everyone from Kelton will be admitted free. This ges-

ter from the Chamber of Commerce to Kelton is just another way the Chamber has of saying, "We Appreciate you and your support." Six events are scheduled for the show. Including: Bareback Bronc Riding, Saddle Bronc Riding, Calf Roping, Bull Riding, Bull Dogging, and Ladies Barrel Race. All riding clubs in the arena are invited to attend the contest for prizes. All events will be based on a two go round average. Entry fees will be \$15 in each event with added prize money in 4 events. A kid pony show and contest will be held at the Rodeo Arena Saturday evening at 7:30. At that time the ponies will be judged and awards made. The show will terminate in time for the arena to be cleared for the 8 o'clock performance of the rodeo. Clowns and music have been secured for entertainment during the show. A fast moving program with plenty of action is promised by the Riding Club. Charlie Plummer of Elk City will furnish the stock for the Rodeo. Plan now to attend the Rodeo. Admission will be \$1.25 for adults and 50c for students. A concession stand will be located on the grounds for your convenience.

New Butane-Propane Company Opens Here

The gas company is located at 501 Shamrock Street just north of the Wheeler Fire Department.

REPRESENTING WHEELER COUNTY

Leading off the 4-H Texans in the Shamrock Rodeo was this colorful group of area 4-Hers. Each of the six are carrying one of the six flags under which Texas has been governed during the past few centuries. (Left to right) David Russell, Shamrock, carrying the flag of the United States of America; Phyllis Pakan, Shamrock, carrying the Texas flag; Diane Dodd, Mobeetie, carrying the flag of Spain; Dale Butler, Wheeler, carrying the flag of France; Judy Finsterwald, Mobeetie, carrying the flag of Mexico and Jetta George, Shamrock, carrying the flag of the Confederacy. Twenty-three members of the Riding Club took part in the Shamrock Parade, under the direction of their adult leader, Mrs. Bus Freeman. They didn't place in the Shamrock parade, however, they won second in the Canadian parade and was in the top five at the Guymon parade. Phyllis Pakan is president of the Texans, Melody Zybach is the sweetheart and Mike Goad and David Russell are line captains. The entire group plans to ride in the Wheeler parade and they will set the pivot and perform some precision drills at the rodeo Saturday night.

End of the Quest

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

DOY HALL HAS SHOWER

Dorothy Hall, bride-elect of Joe Miller of Pampa, was honored at a breakfast and kitchen shower given by Mrs. Nelson Porter and Mrs. P. William Brown at Nora's Dining Room on Tuesday morning, June 27th.

The bride's chosen colors of yellow and white were carried out in the table appointments and in the bouquets of shasta daisies. At the bride's table were seated the bride's mother, Mrs. Harrison Hall, her two grandmothers, Mrs. Cora Hyatt and Mrs. Carl Linkey of Shamrock, and Mrs. Monroe Galloway, grandmother of the groom-to-be. This table was centered with an arrangement of yellow and white mums in a basket containing copper molds. On either side of this arrangement were figures of the honoree and her fiance in a miniature kitchen display. Tiny kitchen utensils in yellow and white decorated the place cards, and pigs, designed from lemons, gazing at the guests made gay conversation pieces.

Following the breakfast, Carolyn Sims sang an amusing parody entitled "Washing Dishes" written by Mrs. Richard Brown, who accompanied on the piano. Mrs. Richard Brown then read "Recipe for Preserving a Husband" and "Essay on Man".

Railroad Commission Outlaws Salt Water Pits in County

Panhandle Ground Water Conservation District No. 3 has been notified by the Texas Railroad Commission that the use of salt water disposal pits at oil and gas wells being drilled within the confines of Carson, Gray and Wheeler counties, has been banned.

This ruling came as an amendment to a ruling announced on June 23, that salt water disposal pits had been banned within the confines of the North Plains Water Conservation District No. 2, with District headquarters at Dumas, Tex.

The ruling came as the result of a Railroad Commission hearing held at Amarillo in December of 1960. The North Plains Water Conservation District No. 2 was the plaintiff in this hearing. A deadline for eliminating the salt water pits has been set at July 1, 1962.

During the 12-month period allowed for elimination of such pits, it will be necessary for the operators to conduct programs necessary to assure the disposal of salt water produced incident to the production of oil and gas.

The initial ruling was announced by Arthur H. Barbeck, chief engineer for the commission's oil and gas division. The amended ruling affects all operators in Carson, Gray, and Wheeler counties. In the initial ruling Mr. Barbeck stated "Operators should start eliminating the pits as soon as possible rather than delaying until the effective date of the no-pit order so that the containment of fresh water strata may be held to a minimum."

"Companies not complying with the ruling are subject to the loss of their production allowable from the Railroad Commission."

At the hearing held in December of 1960 in Amarillo Water District officials recommended that oil companies pump salt water back into the underground formation underlying the fresh water from pit seepage.

Mrs. R. William Brown and Mr. and Mrs. Richard Brown visited recently in the home of Dr. and Mrs. J. A. Hill of Canyon. They attended a family reunion, honoring Dr. Donald E. Savage and family of Berkeley, Calif., who were en-route to Paris, France for a year, where he will be directing a scientific project sponsored by the University of California and the National Museum of Natural History of Fance.

831 PERSONS IN COUNTY RECEIVE BENEFIT CHECKS

At the close of 1960, there were 831 persons in Wheeler County receiving old-age, survivors and disability insurance benefits, according to Hal Geldon, manager of the Amarillo Social Security office.

These insurance benefits totaled \$44,248 per month, Br. Geldon said.

Throughout the Texas Panhandle, benefit checks were going to 19,233 persons in December, 1960. The monthly total was \$1,129,145.

This was an increase in the number of people receiving benefits by about 10 per cent over the same month in the previous year, Geldon said.

Nationally, almost 15 million people were receiving about a billion dollars a month in old-age, survivors, and disability insurance benefits at the close of the year.

For the state of Texas, old-age, survivors, and disability insurance payments at the end of 1960 were being paid to 599,032 persons at the rate of \$33,349,969 per month. Benefits totaling \$397,481,000 were paid in Texas during 1960.

Headed For Trouble

The pleased smile on this tippler's face may soon be wiped away. Right now he is only drunk. But if he succeeds in starting his car he may become even more dangerously so. He may become, indeed, dead drunk.

Every day hundreds of drinkers around the world mix cars with cups and drive to their deaths. Unfortunately they often take sober motorists and pedestrians along with them. There is nothing on the road more dangerous than a drunken driver, to himself, to all unlucky enough to share his route.

The above photograph was taken from a World Health Organization cartoon film entitled "To Your Health." The film's lessons can be applied to many other hazards posed by over-indulgence besides road accidents. For almost invariably alcoholism is linked to mental illness.

Several years ago the World Health Organization devoted a special issue of its bimonthly magazine "World Health" to alcoholism. One of the photos illustrating the lead story was captioned: "This Man is Sick, Not Drunk." Pictured above was an alcoholic who had reached an ultimate state of depression.

It is in recognition of alcoholism as an increasing grave mental health problem that WHO and the Pan American Sanitary Bureau, its Regional Office for the Americas, are working to aid nations in cutting down the tragic human and economic wastes that result from too much drink.

Deaths and injuries on the road are only one of alcoholism's more dramatic damages to a society. Alcoholism is a disease. Like all diseases, its evils are not limited only to those who suffer from it. Directly or indirectly it affects all of us, all society. Society therefore must combat it in self-defense — else, like the drunk behind the wheel, society itself may be "Headed For Trouble."

Widows Should Apply For Security Benefits

"Widows should apply for social security benefits as soon as they are 62," Hal Geldon, Social Security Manager advised today.

"It would be even better if they applied a month or two before they are 62. Of course no one should delay, but widows in particular should be careful to apply for benefits promptly."

A woman's benefit based on her own account, or on the account of a living husband is reduced if she applies before age 65, but a widow's benefit is different. Widows' benefits are not reduced and the full amount is paid at age 62.

"So, if you are a widow," Geldon explained, "and you were once paid a lump-sum or monthly benefits, you should apply again when you are 62. In fact, you can speed your first check by applying thirty or sixty days before."

ENGINEERING ADVICE on how to add an entrance baffle to his new fallout shelter is obtained by Carl L. Underhill (left), of North Raleigh, N. C., from Archie W. Green, Jr., engineer for the North Carolina Civil Defense Agency. Underhill discovered that a baffle was needed to block dangerous levels of radiation which, after nuclear attack, could penetrate a normal door of this \$1,000 shelter. Green was hired early in 1961 under a Federal program to pay half the costs of new civil defense employees. (OCDM Photo)
