**BRUCE PARKER**  
urges you to SECURE YOUR POLL TAX AND VOTE!

The right to vote is one of our most sacred rights and you can protect this right by securing your poll tax and then using it by voting on Election Day.  
Every Citizen who does not value his right to vote should live for awhile in a country which does not permit him to vote.  
Voting is about the only chance the average citizen has to express himself as to who our public officials will be.  
That person who was not interested enough to vote should not complain about bad government.  
Usually the citizen who fails to vote is the one who complains the most when a bad official is elected. Remember that bad officials are elected by good citizens who fail to vote.  
Our Democratic way of life is not working if only 10 or 15 percent of our people elect our public officials.  
It is more important that you vote than for whom to vote.  
**PAY YOUR POLL TAX AND PROTECT YOUR RIGHT TO VOTE.**
