THE WHEELER TIMES

VOLUME 43 NUMBER 8

THURSDAY, JANUARY 27, 1966

SINGLE COPY 10c

Due to weather conditions the Jr. High Tourny was postponed till this week. 4 games were played Monday night, 2 Tuesday night and 2 will be Thursday night starting at 5:00. The tentative date for the finals is Saturday night.

1/2 INCHES OF SNOW FALLS

Wheeler residents could see 1/2 inches of snow fall Tuesday thru Friday last week. The 2 inches which fell Tuesday did not hamper travel, however, school was cancelled Friday and the final of the basketball tournament were postponed due to an additional 6.5 inches of snow.

The snow fell with very little drifting and blowing. The unmelted snow has a moisture content of 0.67 inches. When the temperature which has remained below freezing the past week allows the snow to melt, the wheat fields will get their first drink of the new year. The low for the period was 0 degrees. The road conditions brought their usual number of mishaps. A few of the local automobiles have dented and scratched fenders and doors. Dan Trimble and Roy Bailey collided at the stop light and Jess Moore's car has the back door caved in. W.D. Mitchell turned his pickup over south of Wheeler and Mabelle received a cracked wrist. Johnny Hutchison had

to have 14 stitches taken in his knee after getting it cut on a make-shift sled Sunday. More snow is forecast for the area Thursday. The year of 1965 showed a total of 37.83 inches of moisture. This is compared

to a ten year total of 31.28 inches according to Joe Rogers. Amarillo's 72 year average stands at 20.75 inches. Mr. Rogers stated that the lowest amount during the ten year period was 22 and 23 inches.

Rep. Grainger McIlhany Enters District Judge Race

State Representative Grainger McIlhany of Wheeler announced this week that he will not be a candidate for re-election, but will seek instead the post of district judge of the 31st Judicial District, which will be vacated by the retirement of Judge Lewis M. Goodrich. A member of the Texas Legislature for the past 18 years, McIlhany has become well known for his work as a long-time member and former chairman of the House Criminal Jurisprudence Committee. In 1963 he was selected by the "Texas Lawman" magazine as the most outstanding member of the Texas Legislature. He also served as a member of the Governor's Committee to study the sociopathic or criminal personality. McIlhany has authored and supported many laws

dealing with juvenile delinquency, traffic safety, tax equalization, narcotics control, livestock health and improvements in the school system. He is also the House author of the present farm-to-market road law.

A native of Wheeler, McIlhany graduated from Wheeler high school and Tarleton State College. He received a Bachelor of Business Administration degree from The University of Texas before enrolling in law school there. After serving in the army throughout World War II he returned to The University of Texas where he received his law degree in 1946, and was admitted to the practice of law as a member of the Texas Bar Association.

Married and the father of three children, McIlhany is assistant cubmaster of the Wheeler cub-scout pack and teaches a church school class. He has been active in civic work and is a past president of the Wheeler Chamber of Commerce. His candidacy is subject to the action of the Democratic primary, May 7th.

W. Rogers Seeks U.S. Rep. Post

Congressman Walter Rogers today announced his candidacy for re-election as U.S. Representative from the 18th District of Texas.

The Congressman said he has filed in accordance with the Texas Election Code as a candidate for re-nomination in the May 7 Democratic primary.

Congressman Rogers, whose home is Pampa, is serving in his eighth term in

DEDICATION: A dedication ceremony will be held at the Wheeler court house square on Sunday afternoon January 30 at 2:00 p.m. to commemorate the obtaining of a medallion and plate for the old jail at the corner of the court house square, built in 1909. Everyone interested in the preserving of the history of our state is cordially invited to attend. Sallie Harris, Historical Chairman, urges your attendance.

J. Willards & Gaddy Vise Overcome By Gas Fumes

Mr. and Mrs. J. E. Willard and Gaddy Vise were taken to Parkview hospital Tuesday morning after being overcome by gas fumes at the

Willard's home east of Wheeler.

The home had been closed for over a week. The Willards were taken to Parkview hospital Monday, January 17 after Mr. Willard collapsed at their home. After being released from the hospital, the Willards stayed with their daughter, Mrs. Fred Wood until Tuesday morning when they returned home.

The Willards returned home about 8:15. Shortly after their arrival home, Gaddy Vise called to see how the couple was feeling. At that time Mrs. Willard stated that her husband had passed out and she needed help. Mr. Vise went immediately to the home and arrived shortly before Lela Wilson, Mrs. Willard's sister.

The Willards and Mr. Vise were admitted to the hospital around 9:00 suffering the effects of the fumes.

The fumes had collected from floor furnaces and the hot water heater. The fumes evidently had been building up for some time without being noticed. It is believed the fumes caused Mr. Willard to collapse last week.

Mrs. Wood reported Wednesday morning that Mr. Willard spent a restless night; however, the Willards and Mr. Vise are doing fine.

The Willards have observed their 55th wedding anniversary, having married in 1910.

COTTON HARVESTING IS NEARLY COMPLETE IN COUNTY

Charles Jackson Most of the cotton harvest will be completed by the end of this week. The total number of bales ginned thus far is very impressive as compared to the 1964 cotton crop. Only about 9,000 total bales were ginned in 1964 and about 800 of these came from Gray

county production. The 1965 crop should exceed 16,000 bales when a final count is made. As of Monday, January 24 reports from the various gins in the county list the following number of bales ginned: Wilson Co-op 1,997; Wheeler 2,250; T & M Gin of Wheeler, 2,781; J.M. Tindall of Kelton 1,201; J.M. Tindall Gin of Twitty 2,000; Shamrock Co-op Gin 3,615 and J.M. Tindall Gin of Shamrock 1,700. This gives a county total of 15,544 bales ginned. Each gin is expected to gin from 100 to 200 more bales each.

Even though the 1965 cotton crop is well ahead in yield of the 1964 crop all conditions haven't been very bright for the Wheeler county cotton farmers. Conditions were not favorable during the fall for cotton to properly mature. A county wide complaint by cotton farmers was that the turn out of lint cotton was lowered due to the immature bolls. The big factor concerning the immaturity is that it affects the micronaire reading and caused the cotton to receive a lower mike reading when classed. This low mike reading has docked much of our cotton two to three cents per pound which is a big economic loss to our cotton industry. The low grades and low mikes were due to the fact that the fibers did not fully mature.

This is the first year that the farmers have received

premiums and discounts on mike readings. Up into this year the commodity Credit Corporation has absorbed the low mike readings and this government organization has absorbed the loss. Under the present program the farmer received a premium or discount whichever the case may be.

Weatherly Moves to Hartley

The Hartley county ASCS office moved recently from Channing to Hartley.

The new office manager is B.J. (Bob) Weatherly, who replaced W.W. Gunn who retired on Nov. 30.

Mr. Weatherly, reared at Wheeler graduated from Wheeler high school and holds a B.S. degree from WTSU.

After graduation he spent 2 years in the service and was associated with a farm machinery firm in Happy for six years.

He trained for six months for office manager in the Clarendon ASCS office prior to his present position.

Mr. Weatherly, his wife, Delores, daughter Stacy and

son, Quincy live in the west edge of Hartley. He is the son of Mr. and Mrs. W.O. Weatherly of Wheeler.

By A Briscoe Truck Driver

The truck driver has a tough job. If he drives at the speed limit, he's reckless. If he drives under the limit, he's a nuisance.

If he keeps all his wheels on the road, he's a road hog! If he keeps them on the apron, he's a punk driver.

If he slows down going up hill he's a---! If he speeds up going down hill, he must be crazy. If he passes anybody, he's speeding. If he doesn't he's tying up traffic.

If he goes through an intersection on the yellow light, he ought to be locked up. But if someone else behind him wants to run a light and can't because he's in the way, he's blocking traffic.

If you smell anything on his breath, it's whiskey, but if it's on your own breath, you have only had a beer. But if you're broken down

on the road at night and he stops to help you, he's a good guy--until the next morning!

Allison W.S.C.S. TRI-COUNTY FARM TESTS REPORT

Meets January 17

Allison W.S.C.S. members and one guest met January 17 in the Rex Miller home.

The hymn, "Sweet Hour of Prayer" was sung by the group and prayer offered by Mrs. Ernest Begert. Mrs. Millard Donaldson gave the devotional on "prayer".

She read a poem, "A Nation Needs to Pray" written by a Methodist layman.

Mrs. Rainey, chairman, reminded the members that January 24 is the date of the sub-district meeting to be held at Shamrock. The "World Day of Prayer" Observance will be February 25 at Allison. Our study on the book of Acts will be directed by our pastor, Frank Matthews. We are to alternate our meetings with Kellon Church, the first meeting will be at Kellon at 7 p.m. on January 23.

Others taking part on the program were Mrs. Leonard Powledge, Christmas in the Penitentiary; Mrs. George Parker-After Prayer and Mrs. Ray Brown-Poem "In his Steps". The group was dismissed in prayer by Mrs. Bill Begert.

The hostess, Mrs. Miller served refreshments of lime jell salad with cream cheese; cookies; sugared nuts, coffee and cocoa to one visitor, Miss Margaret Powledge and members already mentioned and the following Meses: Everett Dallar, W. R. Black, Archie Dillon and Lee Kiker.

Jim Kelly took his wife and daughters to Muskogee, Okla. last Thursday to spend a week with her parents, Mr. and Mrs. Glen Gray. Jim returned Friday.

Bob Hink of Kellon visited Monday morning with his grandmother, Mrs. Ed Henderson and his grandparents, the Henry Hinks.

Mr. and Mrs. Carol Pettit and Alisa of Pampa spent the weekend with his parents, Mr. and Mrs. Shelby Pettit. They attended the wedding Sunday afternoon at the Baptist Church of Sherry Barnes and Kelly Miller.

Wheeler county agent Charles Jackson said that hybrid sudan-sorghum pastures appear to offer opportunities for area cattlemen.

Fifteen acres of a sudan-sorghum produced 4,037 pounds of gain on stocker cattle in a Wheeler county trial. After paying production expenses, the pasture returned \$51.98 per acre, Jackson said.

Demonstration Assistant Duane Scott joined the agents

in presenting the report. In the unique demonstration program, Scott works with agents, Extension specialists and Experiment Station personnel designing and establishing the demonstrations.

Thirty area agricultural leaders were on hand for the recent report meeting.

More than 50 on the farm tests were conducted in Hall, Collingsworth and Wheeler counties through the demonstration program this past season.

The program is designed to demonstrate the value of Experiment Station findings under growing conditions of the local area.

The following are some of the highlights of the report for 1965:

Collingsworth County agent Sammy Helmers said that a 2 1/2 acre plot of cotton planted in 10-inch rows yielded 900 pounds of lint per acre compared to 700 pounds per acre from conventional 40-inch rows grown under similar conditions.

Helmers said lack of suitable harvesting equipment is the biggest drawback to narrow-row cotton. A test involving narrow-row grain sorghum also produced encouraging yields, he said.

In Hall county, a cotton plot treated for nematode control produced double the yield of an untreated check plot, according to County Agent W. B. Hooser. Lint yields were 600 pounds per acre where treated; 300 pounds where untreated.

Hooser also reported on a beef cattle-forage demonstration which returned more than \$40 per acre above production expenses, irrigation, fertilizer and good management were used on Midland bermudagrass pasture to give the high return from rough land, Hooser said.

PROGRESS IN WHEELER

OUR TOWN IS CONSTANTLY ON THE MOVE AND IMPROVING

THE BARTON HOME: Mr. and Mrs. G.C. (Chief) Barton moved into this new home shortly before Christmas. Contained in the home is 3120 sq. ft. This area is broken up into three bedrooms, three baths, utility, kitchen, dining room, family room, and living room; a hobby room is located behind the two car garage. The house is 140 ft. 10 in. long and is located on Stanley street. Styled Country French, the exterior is done in Tree Bark Gary brick and wood. Featuring a dooburn-ing fireplace, the family room and dining room has an open-beam ceiling with Chicago Brick being used in the fireplace and kitchen. The paneling and cabinets are of ash. The furnishings are of antique and colonial. A dining terrace is enclosed on three sides by the living room, dining room and entrance, the living and dining rooms open onto the terrace. The home is centrally heated with gas.

FARMERS HOME ADMINISTRATION: FHA moved into their new office, January 15 from 115 W. Texas. The new office is located in the Moore Building. With John Manning, County Supervisor (seated left), in the picture are Vaughn Lester and Doug Baird (standing) and Tom Puryear. These men make up the County Committee of FHA. The new office has three offices--two private and the County office Clerk's office. The office building has a kitchenette shared by the FHA and Soil Conservation.

SOIL CONSERVATION: The Soil Conservation Service moved from the basement of the Courthouse to the new Moore Building at 116 W. Oklahoma. The Soil Conservation occupies the east half of the building. Pictured are (l to r) Ben Westmoreland, John McAlister, Billy Gunter, Bill Brooks, Jerry Crump and James Phillips.

U.S. DAIRY OUTLOOK

by Charles Jackson
The dairy picture for 1966 looks a little better than 1965 on all fronts—slightly higher marketings, moderate gains in commercial demand, surplus held at 1965 levels and prices rising slightly.
Production: The outlook for 1966 is for a slight rise in milk production to 126 billion pounds from this year's 125.5 billion. The 1965 decline in milk production of about 1.1 billion pounds is associated with more favorable beef and hog prices.
Prices: Two reasons why milk prices are expected to show a slight improvement in 1966 follow. Factors that influence the parity formula used to establish the support price for milk indicate the the minimum support level will be above this year's \$3.24 per 100 pounds. The exact level will be announced by the Secretary some time before April 1. Also in the coming year usage of milk in commercial outlets is expected to increase as much more than marketing and the carryover from 1965 into 1966 will be less than the low levels of 1964.
Consumption: On a milk equivalent basis, 1965 fluid product consumption—including use of home produced milk on farms—is falling to about 302 pounds from 305 pounds in 1964. However, the increased use of low fat milk is offsetting the loss of whole milk and cream sales. This year, total sales of fluid products, in terms of products pounds are estimated between 1 and 2 percent higher than in 1964.
New Legislation: The Food and Agricultural Act provides authority for Class 1 Base

Pink and Blue Showerer for Hall
Mrs. Sharon (Jones) Hall was honored Thursday night with a Lullaby shower in the Fellowship Hall of the Baptist Church with co-hosts: Ellen Huff, Carol Jones, Doris Newsom, Nadene Reynolds, Maryly Markham and Emma Rogers. Delicious refreshments of cheese cake and spiced tea and cocoa were served to the following: Linda Reynolds, Vivian Newsom, Mae Cornell, Linda Hendricks, Joyce Boydston, Avis Parker, Helen Crawford, Nona and Donna Elmore, Louise Coulter, Lena Brown, Julia Dillon, Kay and Edyth Donaldson, Gayle Caudell, Nelda, Becky and Evelyn Dukes, Nona and Clydene Hall and Myrtle Jones.

Mrs. Fred Waters called me today to remind me that she had bought out the Coin-Operated Cleaners from Mr. and Mrs. Everett Coleman. She stated that she will do all kinds of alterations.
W D Mitchell and Machellette went to Shamrock Saturday and on the way back their pickup overturned and cracked a bone in Machellette's arm.

A thought for the Week
There is nothing whatever the matter with me. I'm just as healthy as I can be. I have arthritis in my back and knees. And when I talk, I talk with a wheeze. My pulse is weak and my blood is thin. But I'm awfully well for the shape I'm in. My teeth eventually had to come out. And my diet I hate to think about. I'm overweight and I can't get thin. My appetite is sure to win. But I'm awfully well for the shape I'm in!
The moral is this as the tale unfolds: That for all those who are growing old: It's better to say "I'm fine" with a grin than to let folks know the shape you're in!

See you lighter next week!
Mr. and Mrs. Alfred Hill spent Sunday in the home of their son the Bobby Hills of Borger.
Mr. and Mrs. J A Williamson and Mr. and Mrs. Ernest Gordon motored to Borger Sunday and visited in the home of Mr. and Mrs. Ken Lanham and sons.

The Mobeetie Methodist Church had a good attendance Sunday in spite of the bad weather. The sermon was given by the district superintendent R L Kirk. Mrs. Carroll Langley of Pampa presented the morning special. It was very good to have Mr. and Mrs. Kirk with us again. The many friends of Mrs. Herk Atkins will be glad to know she is much better at this time. She will still be in the hospital for a few more days to build up her strength. Miss Judy Uzzle and a guest Judy Cornell were home from Amarillo for a visit in the home of the Charles Uzzles.
Mr. L C Taylor of Amarillo spent the weekend in the home of his niece, Mr. and Mrs. Muri J. Trout.
Mr. and Mrs. Aubrey Greenhouse visited with their children in Dumas Sunday, Doyle and Kay Greenhouse and Mr. and Mrs. Vernie Mixon.
Mr. Perry Gober of Canadian visited his mother Mrs. O P Gober Saturday.

Plans in Federal order markets and Federal orders for manufacturing markets. However, base plans and manufacturing milk orders will take considerable time for approval through the hearing and referendum procedures; therefore, their impact on milk production is likely to be slight in 1966.
Exports: U.S. dairy product exports this year are about one-third below the record \$276 million in 1964 because of lower supplies and increased output in other countries. Butter and non-fat dry milk account for most of the value. In 1966 the S. is expected to export substantially less butter while exports of nonfat dry milk may show a slight increase.
Imports: On a milk equivalent basis, imports of products are estimated at 0.9 billion pounds—up from 0.8 billion in 1964. Next year imports are expected to rise another 10 percent. Excess supplies aboard, lower U S milk production and U S prices above world levels are encouraging other countries to seek markets here for their dairy products.

FOOD FALLACY or FACT:

By Vivian Warminski
Many people believe that "Food Supplements" (generally vitamins and minerals preparations in the form of pills, capsules, powders or liquids) are cure-alls for conditions that requires medical attention.
May families are spending money on food supplements which could be more wisely spent on food. The Food and Drug Administration estimates that Americans spend more than half a billion dollars a year on supplements and health foods. Beware of such products as: "Shotgun" vitamin formulas. Food supplements that contain a multiplicity of ingredients are frequently misrepresented and usually expensive. There are only 12 vitamins and minerals which are recognized by the Council on Foods and Nutrition of the American Medical Association.

"Miracle" Foods: Consumers should be told to beware of foods represented as cures for anything except recognized nutritional deficiencies. Examples of such foods include carrot juice for leukemia or perfect eye sight, apple cider vinegar as a cure-all, garlic pills for high and low blood pressure, Lecithin for coronary diseases and Vitamin E for muscular dystrophy.
"Reducing products" is a vast area of deception. There are no drugs which are effective to control appetite which are safe to take without medical supervision. Reducing products which are purchased without a prescription are food supplements which have no effect on food intake.
For every food fallacy there is a good fact. For every over-rated "health food" there is a genuine, readily available product. For every "fad" diet, there is a basic ration pattern for daily living, built on the protective foods. Unless you are ill and the doctor prescribes a special diet, you are wise to follow a normal eating plan.

This information was taken from FOOD FALLACY OR FACT by Ruther Pettmann.
Mr. and Mrs. Olen Peterson, Jr. and children of Amarillo visited Sunday afternoon with their parents, Mr. and Mrs. Olen Pendleton.
Mr. Roy Herd was taken to North West Texas Hospital in Amarillo last week. Shelia Guynes is at home and doing fine after spending a week in Parkview hospital.

FULKS-JOHNSON

Nuptial Vows Exchanged

Mr. and Mrs. Don Johnson

The wedding of Miss Mickie Fulks and Don Johnson both of Briscoe was solemnized at 5:30 December 28 in Amarillo at the home of Dale Johnson, the bridegroom's brother. Mr. and Mrs. Leonard Fulks of Briscoe are the parents of the bride.

The bridegroom's parents, Mr. and Mrs. Robert Johnson reside at Quail.

In the presence of relatives and friends, Rev. Vernon Rowley, pastor of the Locust Grove Baptist Church read the double ring ceremony before a fireplace flanked by tall floor baskets of white gladioli.

For her wedding the bride chose a two piece winter white knit suit with round neckline and long sleeves. Her accessories were navy blue. She carried a white gardenia bouquet atop a white bible. Following the ceremony the gardenia was lifted from the Bible and pinned to her shoulder.

Attending as bridesmaid was Cheryl Rowley, wearing a navy blue two piece knit suit with winter white accessories. Her corsage was of white mums.

Dean Johnson of WTSU attended his brother as best man.

Mrs. Fulks, mother of the bride wore a light blue two-piece knit suit and the bridegroom's mother wore a navy blue silk dress. Both had white mum corsages.

A reception was held following the ceremony. The bridal table was covered with a blue cloth and decorated with blue candles and crystal appointments. The three-tiered cake was decorated with white rosebuds and topped with a miniature bride and groom. After the bride and groom cut the first piece of the cake, Mrs. Dale Johnson, served the cake to the guests.

Mrs. John Hartzell, sister of the bride, presided at the punch bowl.

Following a wedding trip to Carlsbad and other points of interest, the couple is at home in Briscoe.

Mrs. Johnson is a 1965 graduate of Briscoe high school. She gained renown in this area as a basketball player during her high school years. Mr. Johnson coaches the Briscoe teams and teaches Science in the high school.

Stretching the Food Budget

by Vivian Warminski

There are plenty of good ways to stretch that post holiday budget of yours into well-balanced, quick-to-fix meals. You will find that some of the best money-stretching items on the grocers shelves are convenient-to-use canned foods.

The wide assortment of convenient canned foods fits into every part of the menu. There are all sorts of recipes for first course soup or cocktails, salads, hot or cold meats, seafood platters as well as vegetable dishes.

Canned foods team with other ingredients to be served straight from the can. For extra "meal appeal," add a touch of garnish or a sprinkling of a favorite herb or spice.

For a creative approach to menu planning, have a look at these good ideas in good taste for a continental-style dinner.

MENU

Broiled Kebobs
Peas Italian
Orange Glaces
Fluff White Wild Rice
Tossed Green Salad
