# THE WHEELER TIMES

VOLUME 43 NUMBER 15 THURSDAY APRIL 7, 1966 SINGLE COPY 10c

## COUNTY SCHOOL DISTRICTS TRUSTEE ELECTIONS ARE HELD

School Trustees were elected in each of the school districts over the county in Saturday's election. Wheeler voters filled three positions, Kelton 3 positions; Briscoe 2; Allison 2; Mobettie 2 and Lela 3.

W.A. Goad, Jr., and Harold Kenady were re-elected and Bill Hampton was the third person named to the Wheeler School Board. Six names appeared on the Wheeler ballot. The voting as reported to the Times read: Goad, 167; Kenady 130; Hampton 127; Donald Reeves and Leo Lamb 126 and John C. Vise 111.

# ANNUAL HUNT PLANNED

Youngsters from Wheeler and surrounding areas will participate in the annual Easter Egg hunt Sunday afternoon at the Rodeo arena. This affair is sponsored by the Wheeler Riding and Roping club and has become one of the traditional affairs for local youths.

## Earney, Burton, Denson Are Elected

A mayor and two councilmen were elected by Wheeler voters in an election held Tuesday April 5 at the city office. 146 Ballots were cast.

## Boy Scouts Plan Parents Night

A special meeting of all Scouts and their parents will be held April 12 at 7:30 p.m. in the Methodist Church Fellowship hall.

FIRST SHOVEL OF DIRT: Superintendent Arling Cornell had the honor of turning the first shovel of dirt for the ground breaking ceremonies held Thursday morning.

STUDENT COUNCIL PRESIDENT: Tommy Wiley, student council president tries his hand with a shovel at Thursday's groundbreaking as his fellow students look on.

Each youngster who finds a prize egg is asked to report to persons in charge of the hunt so that the names of the winners can be obtained. Parents are asked to help their children co-operate in this matter.

Eggs for the hunt will be furnished by the Wheeler Riding and Roping club. Participants in the hunt have been asked to meet at the rodeo grounds at 2:30 p.m. Sunday. Riding Club members are urged to be at the rodeo grounds to help hide the eggs.

All merchants and individuals who have not been contacted and would like to furnish a prize egg are cordially invited to contact Fat Jones.

Sunrise Service The Landmark Missionary Baptist Church will hold Easter Sunrise Services at the Kiwanis Ball park Sunday morning at 6:00 p.m.

The public is cordially invited to attend.

## EFFORTS TO RAISE MONEY FOR MOBETTIE FACTORY CONTINUE

Very few Wheeler people came to the meeting held in the District courtroom Thursday March 31 for the purpose of explaining the efforts being made to establish a Garment Factory in Mobettie.

The project was presented by Mr. and Mrs. Grady Harris and Mr. and Mrs. Bill Rains. It was explained to those present that the factory would employ 75 to 100 people. The factory would make garments for service men through the Federal Government.

It was pointed out that these contracts are difficult to get, as factories well established in making civilian clothing, do not want to take the government contracts. The reason being a larger margin of profit.

Mrs. Rains checked with the government on the possibility of receiving a contract and received a reply almost by return mail. The department was very anxious to see a sample of the work for the purpose of placing the factory on the qualified list.

Mrs. Rains informed the group of the large number of experienced workers in the immediate area. She stated that interest reached into the edge of Oklahoma and many of those interested are now employed at McLean or Pampano.

Shares are being sold at \$100 each in an effort to raise \$50,000. The deadline has been set as Saturday. Meetings were held at Mobettie, Wheeler and Briscoe and personal contacts are being made with over \$30,000 having been raised at Press Time.

## Wheeler 1-Act Play Wins Dist.

The Wheeler school one-act play cast won first in District elimination at Groom Tuesday night. There were six schools entering from this district. Miami was runner-up. Beverly Clark took honors by being chosen as best actress.

Those placing on the all star cast were: Linda Weems; Judy Finsterwald, Briscoe; and Gerald Gudge, Mobettie.

Acting as judge was James McDonough of Amarillo Junior College where he is Drama Coach.

Mrs. Anita Brown is the Wheeler drama coach. Those participating were: Beverly Clark, Linda Weems, Linda Moore and Linda Hall.

## LETTER TO EDITOR

Dear Editor - The Wheeler Chamber of Commerce has set aside the week of April 18-24 as a Clean-up, Fix-up, and Paint-up Week. As President of the Chamber I would like to use this method of urging every citizen of Wheeler to take a long critical look at any property they own or rent and see if it can't be improved in some way.

I don't know of any building, home, lot or rent property in town that couldn't use some improvement. With a concentrated effort on everyone's part our town could be one of the prettiest in the country.

Your Chamber and the city is co-operating in this effort and we have already started some of our work. I would call your attention to the clean-up work done in the city park and around the city buildings at the Fire Department. Some trees and brush have been removed and hauled away and there is more work to be done and the appearance will be greatly improved when it is complete.

So, again I urge you to do your part! Let's all work during the week of April 18-24 and Clean up Wheeler.

Jim Wright

## Efforts To Host District Meet; Preliminaries Today

The District Track meet is scheduled for today, Thursday at Lefors. Preliminaries will begin 9:30 a.m. Wheeler will be represented in this meet by 26 athletes. Coach J.T. Hill stated that he plans to enter each of the fourteen events with more than one participating in most events. First and second placings in each event will represent their school at Regional set for April 22-23.

Wheeler students hold their district records. Tom Smith, who holds the 880 record will be competing for honors again this year. Other record holders are Jim Jolly, 100 yd Dash-10.0 in 1961; 440 Relay Team-Baker, Trimble, Hefley and Jolly-45.1 in 1961; Monroe Page, 220 yd dash-22.8 in 1962.

Smith's time in 1965 was 2:07.4. The Wheeler team is determined to break several of the district records this year. Wheeler thinclads tied for fourth place with Memphis and Dalhart with 30 points in the Amarillo Relays held

## Does This Apply To Wheeler?

Let's face it, people like to shop in an attractive business district and our downtown business area lacks a lot to be desired in appearance. Most of our store fronts are shabby in appearance and ancient in design. Too many of our business signs are eye sores. Sidewalks are cracking apart and will sprout weeds this spring. Streets and sidewalks are littered too much of the time.

Allies and vacant lots in the business areas are covered with debris and also grow up with weeds during the summer.

A number of individuals have improved the appearance of their business both inside and out and that modernization program is continuing. Maybe this will be an incentive for others to make their places of business better looking.

If we are going to compete for trade with nearby cities that are adding new and convenient shopping areas everyday, we must make our business district more attractive and inviting.

# Peach and Prune Insect Control

By Charles David Jackson

A good set of peaches and plums from the trees which are beginning to bloom isn't assured. Insects can damage the fruit or even "wipe-out" the crop if they are not controlled.

Insect control on fruit trees is largely a preventive program. Once the insects begin to cause damage, little can be done to rid the fruit of the pests and prevent further damage. Most of the common fruit damaging insects begin their activity and reproduction during the first 30-45 days after the trees begin to bloom. Therefore insecticides applied during this early period will control the insects which damage fruit later in the season.

Homeowners with a few trees are advised to follow a preventive spray program. Malathion or methoxychlor, either in the wettable powder or emulsifiable concentrate forms,

are effective for controlling insects. They are not hazardous when used as directed and will not leave residues in the fruit. Both are available in numerous commercial formulations and directions for mixing and applying are given on the container label.

Four spray applications are recommended and they should be timed to coincide with the bloom and fruit formation. The first or petal fall spray should be applied when about three-fourths of the blossom petals have shed. The second or shuck split spray should be made about 10 days after most of the blossom petals have shed. The third or first cover spray should follow the second application in 10 to 14 days and fourth or second cover spray should follow the third application in 14 to 21 days.

If later infestations begin to damage the fruit, a spray containing carbaryl (Sevin)

will give good control. It can be safely used on peaches and plums up to within one day before harvest. On peaches, allow 21 days between the last application of methoxychlor and harvest and 7 days for malathion. On plums allow 7 days between last application and harvest with methoxychlor and 3 days for malathion. For more detailed information interested persons are invited to come by the county agents office for a copy of L-245, "Guide for Controlling Insects and Diseases on Fruits and Nuts."

**GUIDE TO WISE CLOTHING BUYING**

by Vivian Warminski  
**Clothing Know-How Guide to Wise Buying:**  
Why does a clothing sale appeal to many consumers? Do shoppers want to test their skill to see if they can spot a good value? Perhaps consumers believe they can get something for nothing at a clothing sale or they feel they are contributing to family income with the pennies saved.

Dollars spent on clothing should give a good return for the investment, according to Miss Vivian Warminski, Wheeler County Home Demonstration agent with the Texas A&M University Extension Service. It's the responsibility of consumers to see that family clothing needs are adequately met and that they are getting the best value for their money.

Extension information on fiber, fabric characteristics and care make it easier for consumers to buy wisely and to prolong the life of garments. For this information to be most effective, consumers must continually study the clothing needs of family members in terms of activities, special interests and total family income. Miss Warminski points out. They also need to study fabrics, their fiber content and finish.

**Take Good Care of Your Steam Iron:**  
When tap water is used in steam irons, deposits of calcium and other minerals are almost certain to form. These deposits usually lead to sputtering irons, drops of water splattering on cloths and disgruntled homemakers.

To correct the problem, follow these simple directions: Dissolve one tablespoon of a non-precipitating package water softener in one cup of distilled or demineralized water. Fill the iron with this solution and let it steam for five to ten minutes, shaking it constantly during this time.

Empty this water and fill the iron with a mixture of two tablespoons distilled white vinegar to one cup distilled water. Let the iron steam five to ten minutes, again shaking constantly. Pour off this water and rinse the iron with distilled or demineralized water.

Don't neglect to shake the iron while you're steaming it clean. This is the secret to success. If this does not completely clean the iron, repeat the procedure.

The extension specialists suggest cleaning your iron every two months to keep it in proper working order.  
**Tip in Housecleaning:**  
Deeply carved or heavily embossed trays sometimes present a cleaning problem—there is a way to beat it.

Protect them before they become a cleaning chore. The next time you wash one of the ornate receptacles, rub a few layers of hard paste wax into the crevasses before you use it.

Then, as you go to clean it, just dump out the ashes and wipe the ashtray with a damp cloth.

The wax will keep ashes from getting ground into the tray, and save you from having to scrub them out.

Mr. and Mrs. Loyd Anglin visited in Pampa Sunday with their daughter and family Mr. and Mrs. Rochelle and children.

**Return the Borrowed Book**

Anone who has suffered the downright panic of seeing public or rental library books fines mount because of inability to return books or in many cases sheer procrastination — will be especially touched by this "week" that began Tuesday. This, on the authority of Chases' Calendar of Annual Events, is the beginning of Return the Borrowed Book Week.

The sponsors, improbably enough are the Inter-Global Society for the Prevention of Cruelty to Cartoonists, which seems to have headquarters, probably enough, in Los Angeles. The stated purpose is: "To remind you to make room for those precious old volumes that will be returned to you by clearing out all that worthless trash your friends are waiting for."

The feeling here is opposite. Anyone who wants to return a first edition of John O'Hara's Hope of Heaven can cheerfully pick up a tattered book club collection of three Louis Bromfield novels whose titles do not spring readily to mind. Dr. Zhivago, again seems to have got away sight unseed, but an alien fourth or fifth printing or Peyton Place takes up entirely unnecessary space. Somebody who wants his The Honey Badger can have it for the asking; it's unfortunate that no name is engraved.

Chases' Calendar, by the way, is the offspring of the compendium put out by the U.S. Department of Commerce in the early 1940's listing Special Days, Weeks and Months as a service to industry and advertising. Publication was taken over the the U.S. Chamber of Commerce in 1954 and five years later the compendium was absorbed by the Chase publishing concern. It tells you, for example, when Break-a-Cold Month begins — that was January 1 and probably appropriate for most New Years' Eve celebrants, who at least had the left-over med-

icine. Junem year after year is expectedly Fight the Filthy Fly Month.

There are other favorite days, week, and months by the literal thousands. If you don't have any borrowed books to return you might want to note that Tuesday also began National Egg Month, Spring Clean-up Time, National Coffee Month, The Annual Easter Seal Campaign, Red Cross Month, National Weights and Measures Week and Save Your Visitation Week, among others.

## CLUB EMPHASIS ON EASTER

Bearing out their traditional emphasis on worship

**THE MAN I'M FOR**  
I'm for the happy man every time—  
The man who smiles as he goes his way,  
Whether he's up or whether he's down,  
I'm for the man with a grin, I say.  
I'm for the man who can bear his woes  
With never a grumbling word or frown;  
Who, smiling, rather the rue or rose,  
There is the man that you can't keep down.

I'm for the cheerful man, heart and soul!  
His is the hand that I like to grasp  
Who tunes his voice in a merry key,  
not files it down to a bitter rasp.  
I'm for the man who can take the cards  
Just as they're played by the hand of fate  
And good or bad, play an honest game  
With a lifted chin and a smile that's great.

—A clipping contributed by Ita Passons

Compared to cost of land, labor, machinery, seed and water, fertilizer adds little to your investment, but makes a big difference in yield.

The plant nutrient most used and usually most lacking in soil is nitrogen. And your best source of efficient, usable nitrogen is anhydrous ammonia. For an effective nitrogen supply all during the growing season, we recommend a preplant application of Nitromite.

It will be worth a lot. Your additional profit at harvest will tell you how much.

# WHEELER SCHOOLS

by Arling Cordell, Supt.

Thank you - parents - patrons - teachers - pupils for your attendance at our ground breaking ceremonies last Thursday.

This week our track and field teams are competing again - at Lefors in the District meet. Also the One-act play was held at Groom on Tuesday evening.

It was my pleasure to be invited to assist in evaluating Panhandle High School recently. These people have a fine school and one of which they are very proud. This gave me an opportunity to make some plans for having our own school system evaluated after we occupy our new buildings.

First, our faculty will make a self-evaluation - then West Texas State will plan the evaluation visit when about 20 Panhandle area educators will spend two days in intensive study of the school. Their recommendations will then be sent to the Southern Association of High Schools and Junior Colleges - and if the school ranks high enough it will be accredited by them.

This is a real mark of prestige for a school to be found worthy of and is much sought after. We are looking forward to this project.

We will be out of school Friday, back to school on Monday.

## Stitch & Chatter Club Meeting

The Stitch and Chatter met with Annie Sivage in the afternoon of March 25th for business and piecing on a quilt. Refreshments were served to one guest, Mrs. C. C. Jones, a former member visiting here from Desert Hot Springs, Calif. to members, Merle Lamb, Florence Wilson, Clara Smith, Ruby Ford, Clara Childress, Etta Crouch, Sue Ivey and the hostess Annie Sivage.

Next meeting will be April 8 with Grace Burke. It will be an all day affair with covered dish luncheon.

Visiting Mr. and Mrs. Rufus Watts Sunday were her brother and family, Mr. and Mrs. Clyde Schaub and son of Pampa.

**FIRST PLACE:** The girls volleyball team took first place at Perryton Saturday, March 26. The girls were in competition with schools much larger than Wheeler. Coach Harrison was very proud of his girls and the team will enter a tournament at Samnorwood April 14. Team members pictured here are: Beverly Clark, Sue Richerson, Donna Sue Ford, Linda Mallet and Linda Beatty. Connie Richardson a very important team member is not pictured.

## Mrs. Barnes Hosts Thurs. Review

The Thursday Review club met in the home of Mrs. Earl Barnes March 22.

## Cub Scouts Hold Pack Meeting

Wheeler cub-scouts held a pack meeting March 24 at 7:30 in the Fellowship hall of the Methodist Church.

Theme for March was Knights of the Round Table. Den 3 opened the meeting. Presenting the American Flag and Knights Flag, each boy read part of the Knights Code.

The program consisted of each scout portraying a knight and telling of a famous deed he had done. Each boy made a shield and weapon during the math with mother and dad.

Cub master, Bill Brooks congratulated the cubs on the good showing they made in the Shamrock Parade.

Awards were then presented by Dr. Larry Barbour for Markle Rose-Wolf Badge, Lewis Britt-Bear Badge.

Mrs. Patsy Smith was given Denner stripe for Joe. Mrs. Rose was given Asst. Denner stripes for Markle. Both boys are in Den 3.

Grainger McIlhany was given Denner and Asst. Denner stripes for Den 1 to be given to boys later. Tom McIlhany - Denner and Ricky Markham - Asst. Denner.

The meeting was closed by Den 1 reading the scouts code and singing America. Refreshments were served by mothers of Den 1, Mrs. Bass, Mrs. Rose, Mrs. Jackson and Mrs. Brooks.

visited their children, Mr. and Mrs. Charles Mixon and family.

The tap club met Monday April 4 in the Lions hut.

The meeting was called to order by leader Dorothy Mixon.

Willene Waters led the group singing, and three members did a little hip swinging and toe tapping. Georgia Corsey led the club collect.

Margaret Trout read the minutes.

Florence was queen for the day and Margaret was queen of the month, nice going girls.

Margaret gave a reading on Easter, Season of Joy

and a poem of "All my life I'll love you"

Roll call for next week is "some pretty vacation spot you would like to go to"

For the next three program leaders are: Melba Burch, Willene Waters, Margie and Willene. Remembering this time one I know!
