GET OUT TO VOTE

Voters in Wheeler County and the Nation will go to the polls Tuesday, Nov. 3, to elect the men who will lead our country, state and county for the next two to four years. This will bring to a close one of the hardest fought campaigns for the offices of President and Vice President of the United States. This election year has found more people openly stating their choice in the race and working for his election than has been known in recent history. The thirteen polling places in Wheeler County will be open from 8:00 a.m. to 7:00 p.m.

There will be a judge at each voting box to see that only qualified voters are permitted to vote. The judges will have complete instructions on procedure of voting and any voter who has doubt about how to cast a ballot is advised to ask the judge.

ELECTION JUDGES

The following is a list of the election judges and assistants for the 1964 elections:

Mobeetie No. 1, S.W. Williams judge, Matt Sims, assistant; Briscoe No. 2, H.J. Finsterwald, judge, B.F. Meadows, Jr., assistant; Wheeler No. 3, A.L. Hibler, judge, Don Earney, assistant; Allison No. 4, Clarence Zybach, judge, Ray Brown, assistant; Stanley No. 5, Ben Trout, judge, Ethel Loter; McBee No. 6, Leonard Rathjen, judge, Roy Christopher; Twitty No. 7, Billy Cantrell, judge, J.R. Hefley, Jr., assistant; Heald No. 9, W.J. Chilton, Jr., judge, Condo Laster, assistant; Lela No. 10, Robert Terry, judge, Tillie Trostle, assistant; Shamrock No. 11, C.B. Harrison, judge, Lyman Benson, assistant; Shamrock No. 12, Lynn Bell, judge, Donald Vearner, assistant; Kelton No. 13, George Davidson, judge, Charley Whiteley, assistant; Pakan No. 14, Paul Macina, judge, D.H. Porter, assistant; Absentee No. 15, J.W. Hooker, judge, Eloise Kenady, assistant.

The general election ballot has six columns. The Democrats have a list of 25

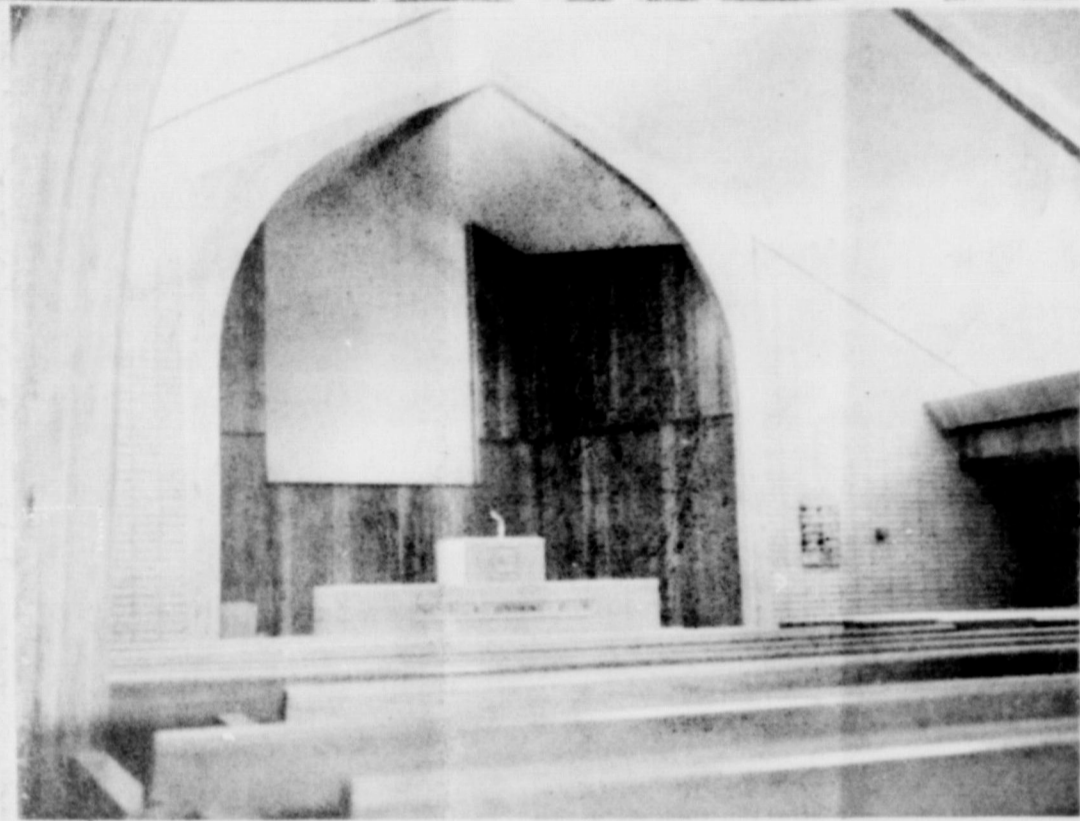

candidates for federal, state, and county offices, while the 9 members running for public Republicans list 14 nominees. Cont'd Page 4 Vote

Nov. 1, 1964 will mark a milestone for the Church of Christ in this community. After holding services in the building located at 5th and Main for almost half a century, we have moved into our new building located at 12th and Shamrock. This building will be opened to the public in a special service Sunday afternoon beginning at 2:30 p.m. Bill Luttrell from Abilene, Texas will be the featured speaker and the Meistersingers from Lubbock Christian College will present a musical program.

The building was built by Killingsworth Construction Company of Dimmitt, Texas with the help of several sub-contractors including H.B. Guynes Plumbing of Wheeler. Those serving on the building committee were: Bill Owen, James Phillips and Watson Burgess.

We express our appreciation for all the favorable comments that have been expressed by so many of this community. We are proud to be a part of this community and invite you to be our guests Sunday afternoon for the open house.

If you are unable to be present Sunday, then feel free to come by and look at our building anytime...

BOOKER ANNIHILATED 49-0

by David M. Britt

The mighty Wheeler Mustangs, superlative on offense and defense, cemented their claim as No. 1 by trouncing the much heralded Booker Kiowas last Friday night, 49-0.

When the dust of the battle had cleared, two things were evident. First that it will be a long time before a better team effort is seen than the one the Mustangs displayed and second, that Booker might be the state champions in track but the name of the game played at Booker last Friday night was football.

Fans from far and near gathered for what was, in some people's estimation, to be the downfall of the Mustangs but about the only comfort the Booker fans got was that the weather was pleasant. The Mustangs were quick to show their superiority and much credit should be given to Coach Hill and his assistants for the fine job they did in preparing the Mustangs for this battle.

Booker chose to receive after winning the toss but were given a rude welcome by the Mustang defense and were forced to punt after picking up only one yard in their first three efforts. Using a short punt formation, which they stuck to for most of the game, the Kiowas got only

5 yards on the kick as the ball slithered off the side of the Highes foot and the Mustangs had the ball on the Booker 25.

Dunk Porter and Richard Wallace shared the ball carrying chores on this march. Bobby Vanpool couldn't maintain control of the ball on the next play and fumbled and the Kiowas recovered on their 9. Failing once more to make any headway, the Kiowas came out in short punt and this time Gene Watson and Jimmy Jamison were there to block it and Jamie Moore fell on it on the Booker 6 yard line. Three blasts into the line by Dunk Porter got two yards each time and after the third one he was over the goal and with 5:31 remaining in the first quarter, the Mustangs had broken the ice. Richard Wallace cut off his right tackle for the two points.

The Booker kicking game continued to plague the Kiowas as they couldn't move and Hughes went back in deep punt for the first time. The snap from center was a little high and Hughes couldn't control it and the ball bounded back to the Kiowa end of the field. Thirty yards later,

and Porter made the last yard over his left guard. Time had expired in the first quarter during the drive and the touchdown came less than two minutes deep in the second stanza. The try for the extra points failed and the Mustang lead rose to 14 points.

Booker was completely stymied on the ground and a hard charging Mustang line and a sagging pass defense put the halt to any air offense that the Kiowas mounted. Not only was Bill Hughes stopped cold, but also none of his backfield mates could find running room as a herd of black jersied Mustangs gang tackled with vengeance all through the game.

Wheeler's next scoring opportunity came when Booker shelved their kicking game on the fourth down and tried to make the necessary yardage for a first down but Hughes was swamped for no gain at the Kiowa 47.

Dunk Porter, playing perhaps the best game of his career, put the lid on Booker hopes as he burst through a gaping hole made by Watson and Jamison and went the 47 yards untouched for his third TD of the game. A lone Booker

halfback stood in his path but Porter simply turned on the gas and left him looking at his flying cleats. Wallace found Moore all alone in the end zone with a pass for the two pointer and the clock showed 4:39 to go in the first half with the visiting Mustangs owning a 22-0 lead.

Booker went to the air in a vain attempt to score before the intermission but Jamison and Adams dumped Hughes for an 8 yard loss and Wallace batted another pass attempt down. Vanpool returned Hughes punt 13 yards to the Booker 32 as time was running out. Wallace got a couple and then Porter rambled through a hole opened by Overcast for 22 yards. Porter added four more and Wallace one before Porter hit behind Watson for the final three yard with only 34 seconds left to play. An attempted pass was no good on the extra point effort. The first half ended with Hughes behung dumped for a five yard loss by Jimmy Adams and the Mustangs had a commanding 28-0 margin.

So thoroughly did the Mustangs shackle the Booker offense that they were unable to score during the second half. Porter added four more and Wallace one before Porter hit behind Watson for the final three yard with only 34 seconds left to play. An attempted pass was no good on the extra point effort. The first half ended with Hughes behung dumped for a five yard loss by Jimmy Adams and the Mustangs had a commanding 28-0 margin.

Registration Is Drawing to

Vanpool Burton Ford announced this week that Saturday is the last day to register for the more than 2,225 prizes offered during the first month's showing of the 1965 Fords.

All you have to do is go into Vanpool Burton Ford and register for the prizes which include: 5 Ford Galaxie 500 LTD's or 5 F250 Pickup and Campers; 5 Galaxie 500 2-door hardtops or 5 R-100 Pickups with Campers; 5 Fairland 500 Sports Coupes or 5 Econoline Vans with Camper Conversion; 5 Falcon Wagons or 5 Rancheroes with Sailboat and Trailer; and 5 Mustang Fastback 2 plus 2's or F100 Pickup with Foldout Camper. To list just a few of the many big prizes. Cont'd Page 4-Ford Prizes

Methodist Youth CROP

The Methodist Youth Fellowship of Wheeler can be identified by the brown and orange tag reading "CROP" and "Freedom from Hunger". Youth who have such tags will call at your home between 5:30 and 7:00 p.m. on Saturday, October 31 to "TRICK OR TREAT FOR CROP". Your contributions will go directly into a program to help the needy peoples of the world.

The contribution of 50 cents will provide a bowl of cereal for 50 hungry children every day for a whole month. A \$1.00 contribution will provide 300 pounds of food to starving persons. \$2.00 will provide a hoe to help turn the jungles of Africa into productive gardens. \$4.00 will feed a refugee child in Hong Kong one meal a day for an entire year.

Since 1947 the people of Texas have helped this program through the gift of commodities and through the program sponsored by youth groups throughout the state. In 1963, youth groups in Texas collected \$57,000 and the youth of Wheeler M Y F helped contribute \$180 to this cause.

When a youth calls at your home on October 31, you can contribute to helping persons in over forty countries of the world through Church World Service. A person once said, "If the hungry man does not attain to faith, the guilt falls upon him who refuses him bread."

TOP STUDENTS FOR SIX WEEKS

The teachers at Wheeler High School have announced their outstanding students for the first six weeks of the 1964-65 school year.

These students are selected for their achievement in each field of study. Geo. Gandy and Gene Pike in the Science Department selected Richard Sechrist, a Freshman, as their outstanding student. He is the son of Mr. and Mrs. Sharty Sechrist. Terry McCasland, a Senior and the son of Mr. and Mrs. Lindsey McCasland, was chosen as the outstanding student in Math by Mr. Cordell and Mr. B.K. Barham.

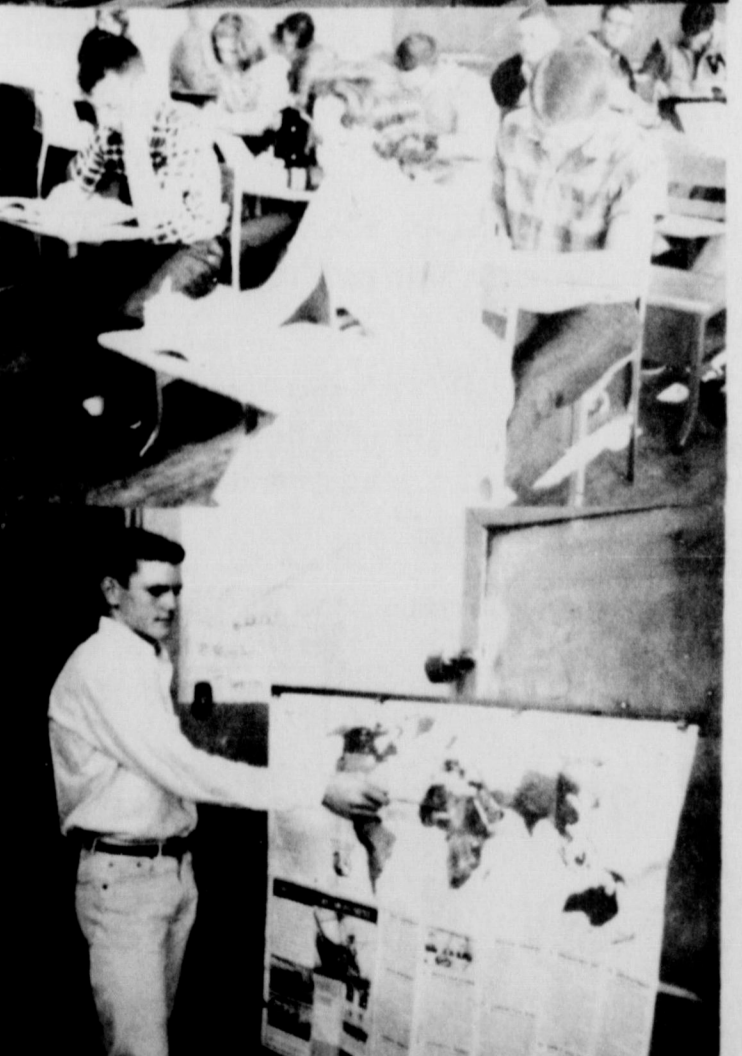

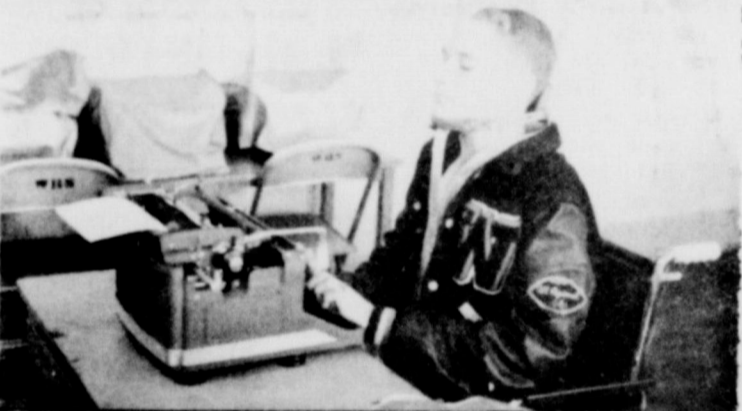

In social studies, Villard Hunter, son of Mr. and Mrs. Hoy Hunter was picked by Coach Hill as tops in this field of study. He is a Sophomore.

Tommy Levitt, a Freshman, was picked for his outstanding work in the field of Commerce. He is the son of Mr. and Mrs. B.K. Barham.

TERRY McCASLAND, Wheeler County 4-H member, was named top showman in the Junior Steer Show at the Texas State Fair Livestock Show in Dallas, October 21, 1964.

Terry was chosen for this award from 182 entries. His steer placed fifth in the medium weight angus division. He is the son of Mr. and Mrs. Lindsey McCasland.

HONOR STUDENTS. (Top to Bottom) Beverly Clark, Richard Sechrist, Mike Good, Tommy Levitt, Terry McCasland, Ruth Porter and Villard Hunter.

A Chat with The Editor

Puckett's Food Store has completed the front on their new building with the application of the aluminum siding on a portion of the front and the porch. It sure looks nice.

I had kidded Robert Denison that if there was any 5000 Stamp slips in those they handed out at Clay Food Store, I wouldn't get one. It just goes to show that you never know. I carried home over three books of stamps after getting one of the 5000 Help Yourself to Free Gold Bond Stamps Coupons. I think I will tell him I don't think there are any 19's in the other coupons they have.

Mrs. C. J. VanZandt brought me a delicious cake made from a new recipe she tried. The cake was presented in behalf of the Wednesday Study Club. Mrs. VanZandt stated that she had been tempted to cut a piece to see if it was good but didn't. I surely am glad I don't keep cake knives down at the office; it might have been gone before I got it home.

SHEILA GUYNES SELECTED FHA GIRL FOR PAST 6-WEEKS

Miss Sheila Guynes, daughter of Mr. and Mrs. H. B. Guynes, has been selected as the FHA girl to receive special recognition for the past six weeks.

Sheila is 18 years old and has attended school

in Wheeler four years. She has studied homemaking three years and made an A in the course. She won a trip to the FHA convention in Dallas her freshman year. She won first place on a dress and third on a suit she made and entered in the Wheeler fair this year.

Sheila studied ballet, tap and toe dancing with Jeanne Willingham of Pampa for 8 years.

She is a member of the Methodist church and MYF, Order of the Rainbow for Girls, and was FHA re-

FHA TO GIVE RECOGNITION

In order to stimulate interest in Homemaking among high school girls and to give recognition to their achievements, the local chapter FHA mothers have decided, together with high school teachers, to select a girl each six weeks who best portrays the qualities taught in the course.

At the end of each six weeks teachers and mothers will select the top ten FHA girls. They will be rated by point system on manners, grooming, poise, cooperation (with teachers and other students) and their home economics grade. They will not be asked to perform any special task or assignment.

The top girl each six weeks will be recognized in the Times. After once being selected, a girl will be ineligible to be chosen a second time until the

porter her freshman year. Sheila plans to enter business college in Amarillo after graduation.

end of the year when the top six will be rated again and one selected as Miss FHA and her picture, with caption, will appear in the Mustang annual.

The top ten chosen for the first six weeks in the order of their selection are: Sheila Guynes, Marilyn Hess, Jolene Steen, Beverly Clark, Linda Watts, Linda Jackson, Ruth Porter, Nancy Moore, Mary Dell Tucker, Sherry Barnes.

BOSWELL TO SPEAK HERE

Mr. Thurman Boswell will speak at the Wheeler County Court House Thursday evening at 8:00 o'clock.

In talking with Mr. Boswell he spoke of some of his concerns that induces him to speak out on the subject he has chosen. He said, "President Johnson is a native Texan, and I am a native Texan, Mr. Johnson is a product of the soil and wide open spaces, I claim the same heritage. President Johnson is a member of the brotherhood known

as the Christian Church and specifically as the Disciples of Christ."

"I am an ordained minister of that particular faith and served as chaplain in World War II.

"Mr. Johnson is seeking election to the Presidency of the United States on the Democratic ticket.

"I was born and raised a Texas Democrat, and it looks like we are 'birds of a feather.'"

Mr. Boswell states he will tell us why he has be-

come uneasy in the nest with Lyndon Johnson.

Mr. Boswell states when the American people know the truth they do not scare easily. They are not stupid and prefer to spend a portion of their surplus dollars themselves and should be allowed to employ labor on basis of merit and responsibility rather than by government direction and he believes there is an inalienable right of choosing your associations.

Everybody come out and hear Mr. Boswell expound his views and enjoy a social hour after the speaking.

WHEELER CO. BEEF CATTLE SHORT COURSE

The following is a schedule for the Wheeler County Beef Cattle Short Course, to be held November 9, 10, 11 and 12th, 1964. L. A. Maddox, Monday, Nov. 9th; District Courtroom, Wheeler; Dixon Hubbard, Tuesday, Nov. 10th; District Courtroom, C. M. Patterson, Wednesday, Nov. 11th; District Courtroom; Bob Ragsdale, Thursday, Nov. 12th; District Courtroom, Wheeler.

SENATOR GOLDWATER'S PHILOSOPHY

EXTREMISM. Shoot from the hip, talk and act... think later. Extremism in defense of liberty is no vice. Moderation in pursuit of justice is no virtue. Goldwater admits he talks and acts first... then thinks.

EXPERIENCE AND ACCOMPLISHMENTS
MR. GOLDWATER has never pointed to his accomplishments during the 12 years he has been in the U. S. Senate. His attendance in Congress has been poor. He travels. He speaks. He criticizes... while the Democrats and his fellow Republicans keep the store.

HIS FOREIGN POLICY
HIS FOREIGN POLICY would be based on brinkmanship, fashioned after the former administration which let the communists set up camp 90 miles from our shore.

MR. GOLDWATER VOTED "NO" to the Atomic Test Ban Treaty. Mr. Tower voted against it and Mr. Bush still says he does not favor it. More than 100 nations which signed the Test Ban Treaty have not violated it. The air we breathe has had more than a year to rid itself of some of the deadly poison released by nuclear testing.

HOW HE FEELS ABOUT THE FARMER, SCHOOLS, AND CHURCHES
MR. GOLDWATER favors slipping the rug from under the farmers (gradually.) He is skeptical of the Social Security program... prefers a volunteer setup. He would sell REA, or give it back to the Indians... calls it socialistic.

IF FEDERAL AID is needed for public schools, Goldwater favors giving aid to private schools. GOLDWATER FAVORS a Becker-type amendment to the Constitution requiring religious services in public schools. Twelve of the largest church organizations support the Supreme Court on this issue.

IS MR. GOLDWATER AN EXTREMIST? MR. GOLDWATER cannot disclaim close ties with certain extremist organizations because they raised him up for this effort... to head the U. S. Government. They write his speeches, warn him to stay away from important issues, and advise him to talk about things that will confuse the voters.

The People Truly Have A Choice!
Which Political Philosophy Do You Feel Is Best For Our Great Country? Choose... Then Vote!

PRESIDENT JOHNSON'S PHILOSOPHY

MODERATION, reason and understanding... firmness! He believes knowledge in defense of liberty is no vice and ignorance in the pursuit of justice is no virtue.

EXPERIENCE AND ACCOMPLISHMENTS
PRESIDENT JOHNSON has approached foreign problems with caution and reason. Easing the Cold War, avoiding a spark that would set off a hot war that no one could win, if humanly possible.

THE TESTING OF NUCLEAR BOMBS by our country and Russia during 1961 and 1962 released a deadly poison that created a health hazard. In 1963 a test to determine the amount of this deadly substance was made in 18 cities in this country. In 13 cities it was found that the poison in food had exceeded the safe limit. Mr. Johnson supported the Test Ban Treaty that more than 100 nations supported over a year ago.

THE PRESIDENT is for a strong balanced economy and favors subsidies for certain industries where conservation measures are practiced... such as the Oil and Gas Industries, and Farming.

MR. JOHNSON FAVORS the Social Security program.

PRESIDENT JOHNSON FAVORS FREEDOM of religious services in our public schools just like it has always been.

MR. JOHNSON BELIEVES most people are honest and will do the right thing when given a chance. He does not believe the seeds of hate will substitute for love.

"Despite its pretenses of being above politics, it is no secret to anyone that the F.B.I. and its head, J. Edgar Hoover have long been the darlings of the Ultra-Rightist and racist groups.

"The time is long overdue for the removal of Hoover and the drastic re-organization of an agency which has not only grown into a super-state but has become one of the greatest threats to our democratic institutions."

We bring you the above as a public service.
 When liberal groups accept the above Communist Party propaganda and set out to defeat any Presidential Candidate, regardless of party, we in this nation are in grave danger and it is not from what the liberals term the Ultra-Right.

VOTE FOR THE TEXAN WHO LEADS THE FREE WORLD!

For the past eleven months, for the first time in our history, a native son has led our nation and the free world. And every Texan can take pride that President Johnson has met the awesome burdens of the office with courage, wisdom and restraint.

THE ISSUE TUESDAY IS SIMPLE: WHO CAN BEST LEAD OUR NATION IN A TIME OF CHALLENGE AND PERIL?

To which man do you feel most comfortable entrusting the security and well being of yourself and your children for the next four years—

A man who wants to turn back the clock of achievement . . . a man who has worked consistently against progressive measures in the Senate . . . a man virtually untested in a time of crisis?

Or a man who has dedicated his entire life to public service . . . who has demonstrated, under five administrations, progressive leadership in working for a better way of life for all Americans. A man who has proved his courage under fire . . . has demonstrated his unwavering strength to meet any aggressor with firmness, yet restraint?

PRESIDENT JOHNSON HAS PROVIDED RESPONSIBLE LEADERSHIP FOR MORE THAN A QUARTER OF A CENTURY

For almost three decades, President Johnson has been a pillar of strength for Texas and the nation. As Congressman, as Senator, as Majority Leader, as Vice President, and now as Chief Executive, he has written a proud record of progress.

ONLY TEXAN PRESIDENT LYNDON JOHNSON OFFERS THE EXPERIENCE, THE PATIENCE, THE WISDOM, AND THE STABILITY NEEDED BY THE NATION AND THE FREE WORLD IN THESE CRITICAL TIMES!

COLOR ME PRETTY—An appealing new fashion for the pre-school set: color-me cottons. Crayons come with the dress and will wash out so that it can be colored many times. In red or green with white. by Youngland.

New Fun Idea In Children's Wear--

Color-Me Cottons Head Santa's List

Wondering whether to give toys or clothes to the youngsters on your Christmas shopping list?

The solution: a new fun idea in children's wear this year called "color-me" cottons.

Designed to divert young artists' talents from decorating the living-room wall to creating their own original fashions, the outfits are printed with outlines of whimsical animals and toys ready to be colored.

Special crayons for coloring the designs come with each garment . . . and colors wash out so that the designs can be colored over and over again.

Available in a variety of adorable styles for both boys and girls, "color-me" cottons provide youngsters with hours of entertainment plus months of practical wear.

CO. AGENT'S REPORT

by Charles D. Jackson
County Agri. Agent

WATCH FOR GRASS TETANY IN LIVESTOCK

Stockmen are being cautioned to watch for grass tetany, a cattle ailment that sometimes pops up in fall and winter.

Dr. Dixon Hubbard, Extension Livestock Specialist, says such small grain grasses as oats, wheat, barley and rye are capable of producing the sickness, particularly after rain. Common and Coastal Bermuda and mesquitegrass also can cause the trouble.

The disease is believed to be the result of an imbalance in body magnesium. Changing Cattle from dry grass to lush winter pastures, or sudden temperature changes can encourage grass tetany.

"It's most likely to occur in the older, more mature cow that has just calved or is near calving," the specialist says. "It is also known to occur in yearling calves that have just been put on lush pastures."

The condition is characterized by lack of coordination, muscular tremors, excessive drooling and teeth grinding. Symptoms end with convulsions and coma six to twelve hours after first signs.

Treatment is largely ineffective once the animal reaches coma, Dr. Hubbard explained. But intravenous injections of various magnesium and calcium salts with dextrose is beneficial before coma.

Removal of cattle from lush pasture is the obvious prevention if grass tetany is suspected. However, they can usually be left on the grass if they are supplemented with coarse, dry roughage.

The Extension Specialist said California has suffered large cattle losses from grass tetany. The problem has become so serious that the California Agricultural Experiment Station has developed an emergency ration which will prevent the ailment. The ration is magnesium oxide, mile or corn, and cottonseed meal and is fed at the rate of one pound per animal per day.

"4-H clubs are attracting more boys and girls from cities and towns than from rural areas," so reports Floyd D. Lynch, State 4-H Club Leader. "Texas 4-H Club enrollment is up to 84,000 members. More than 16,000 volunteer adult leaders work with Texas 4-H club members, up from 15,000 a year ago." Lynch reported at a recent state committee planning meeting for celebrating of National 4-H Club Week, September 26 - October 3, 1964.

"4-H Club membership was once primarily concentrated in rural communities, but not so today. Although there are fewer families active in on-farm operations, some 40% of Texas family bread winners are engaged in a vocation of direct or indirect service to agriculture," said Lynch. "Parents and school officials continue to give strong support to local community 4-H club programs because the movement places emphasis on practical experience for youth in the fundamentals of the American agri-business system and our democratic constitutional heritage," Lynch added.

The history of 4-H club development is typically Amer-

ican. 4-H in Texas originated as a grass roots movement to lift farm family productivity and standards of home living.

The boll weevil helped trigger the organization of 4-H. Texas was invaded by the boll weevil from south of the border at the turn of the century. The best defense was believed to be in diversity of agricultural production just in case "king cotton" should be dethroned. The key to many other agricultural enterprises lay in the expansion of in-state feed grain production; in those days that meant the growing of more corn.

County Agricultural Agents and citizens organized boys into what became known as Corn Clubs. The youth were issued certified seed and were encouraged to plant an acre according to the latest scientific advice.

Samples from bountiful harvests were entered in the county fairs and other competitive events. When the boy's father and neighbors saw the youth was out producing them they switched to the new methods of production. Youth led the way into many other new or

expanded Texas agricultural enterprises, for example, girls helped extend tomato culture.

County Home Demonstration Agents enrolled girls in Tomato Clubs. Each girl was given quality seed and instructions on how to raise tomatoes according to the latest information coming from agricultural research. After each girl's one-eighth of an acre of tomatoes was harvested, the Home Demonstration Agent hitched up her buggy filled with canning equipment including a hand soldering iron to seal cans and traveled from community to community teaching canning. Canning demonstrations attended by the Tomato Club girls and their mothers introduced the possibility of economical preservation of home grown products and thereby, much improved farm family diet. Tomatoes canned were often sold by local merchants who returned profits to the Tomato Club girls. The girls reinvested

in a flock of chickens, cloth for a dress, or other project to improve the home or self.

Corn and Tomato Clubs

were merged into what is today called 4-H Clubs during the 1920's. The movement still places emphasis on the dignity of labor, the importance of initiative, self-reliance, the contribution of applied science in human progress, and productivity on the part of the individual. America reached a level of temporary agricultural surplus in the 1950's. Why is the 4-H Club movement continuing to grow and why does it attract so many youth from urban and suburban communities? "A youth invests capital, time and talent, must keep accurate records, competes in contests and often sells a completed project for profit or loss. Parents and educators recognize these experiences as the principles of the successful American business system and find in 4-H youth's best opportunity for practical experience in opportunity in applying these principles. 4-H Club members arrive at club decisions through the democratic constitutional processes. Many parents want these kind of youth experiences for their child," states Lynch.

4-H Clubs are organized on a neighborhood basis in cities, towns and rural area. Volunteer adult leaders serve as advisors to the youth in club organization and project activities. Each club member may select one or more of 142 projects or activities to engage in during a year. Projects include pets, farm animals, the automobile home improvement, clothing, foods, photography, identification of insects, horse fitting and showing, and many other practical project interests of youth.

The first state-wide 4-H Club membership campaign called "Each One Get One" gets under way September 26. 4-H Club members and adult leaders will extend club membership and leadership to at least one friend during a two month period. Cdr. Alan Shepard of NASA and first U.S. astronaut in space, a former 4-H club member of New Hampshire, will appear in TV spot announcements and radio spots urging boys and girls of the United States to consider membership in a 4-H Club during 1964-65.

MUSTANGS...

ense, they were unable to pick up a first down in the first half and ended up with a minus 8 yards on total offense.

Booker came out with renewed desire the second half and it can be said that although beaten from the jump go, the Kiowas never let up the entire contest and tried gamely to stem the onrushing tide of the Mustang juggernaut.

Only three times did the Mustangs have to punt and their second time came after receiving the second half kickoff. Hughes returned Porter's kick to the Wheeler 32 and four plays later they had their initial first down of the game on the Mustang 20 yard line. McCasland, Hunter, and Adams threw Hughes for a loss of five on the first play and after two incomplete passes, Overcast downed Hughes on the 29 and the threat died.

The Mustangs utilized their ball control game to the utmost as they smashed the 71 yards to yard in twelve plays. Porter got the drive going with a 10 yard burst and the Mustangs moved steadily to the Booker 39. Wallace got 18 yards from that point on a rollout around his right end and Porter capped the drive as he butted over from the 3 yard line. With the extra point pass attempt failing, the defending district champs had a 34 point bulge with 1:55 to go in the third period.

Terry McCasland broke through and blocked Hughes punt following the kickoff and Wheeler headed for yardage once more, this time from the Booker 30. Porter picked up two and Johnny Hutchinson, filling in for the injured Don Burks, nearly broke loose but was nailed after a 14 yard scamper to the 14. Wallace and Porter got one each and then Wallace threw his second pass of the night and it was complete to Moore on the 6. Fourth and two faced the Mustang here and again Porter came through as he not only got the first down but also the touchdown as he bulled his way 6 yards over right tackle. Adams toed the extra point and with still more than 9 minutes to play in the game, the only question was how much the Mustangs could score.

Booker, aided by two penalties, made their most serious threat of the night after the Mustangs sixth touchdown. A 15 yard penalty against the visitors gave the Kiowas a first down, only their second of the game, on the Booker 38. Two plays later, Meier, Kiowa quarterback, broke loose around the Mustang right side but was overtake and dropped on the Wheeler 18 by Porter. Three plays netted nothing and on 4th down Hughes was thrown for a loss but one of the officials signalled Porter was guilty of pass interference and an automatic first down was set up on the Mustang 14. Booker drew a 5 yard back to the 19 and Porter then broke up a pass on the first play. Meier got 8 yards down and Booker fans thought that the scoring drought was coming to an end. Vanpool laid a crushing tackle on Slovac as he attempted a sweep and 4th down faced the Kiowas with a yard to go. They called on Hughes but Adams was there and he got nothing and the Mustangs took over on the 10.

Moving out to the 15, Porter punter to Meier who got a two yard return to the middle field stripe. Hughes passed incomplete; Meier got 4 to the 46; Hughes passed incomplete and on 4th down, Hughes attempted another pass but Porter intercepted on the Wheeler 38 and lateralled to Vanpool who went down the sideline to the Booker 38. Wallace added 8 yards on his total and then called time with 57 seconds remaining and the ball on the Kiowa 30. Vanpool got 13 for a first down and the Mustangs quickly came out of the huddle as the clock was running. Wallace lofted an easy pass and it settled into Villard Hunter's waiting arms in the end zone with only a short 24 seconds remaining in the game. Wallace passed to Moore for the final two points and the route was completed.

Dunk Porter was the workhorse of the Mustang backfield and he came through with 176 yards on 26 carries. Besides eating up the yardage on the ground, Porter

scored six times as he and his backfield mates rushed for a total of 295 yards. Too much cannot be said for the mighty effort put out by all the Mustangs and especially the work the line did on offense, opening holes for the Wheeler backs and on defense, for the masterful job they did in containing the Booker attack which heretofore had run at will.

Coach Hill stated that it was one of the best team efforts he had seen and hoped that his charges could keep up their momentum as the Mustangs old rival, the Groom Tigers will be out to ruin the champions record when they clash this Friday night.

 Dear Editor:
 Hubert Humphrey has been listed as a co-founder of ADA, Americans for Democratic Action. A look at the other two co-founders is given by Frank L. Kluckhohn in his book, "AMERICA: LISTEN!"
 Kluckhohn was an advisor to the first U.S. Sec'y of Defense and has been a ranking officer in the State Dept. For 20 years he was Washington, foreign, and White House correspondent for the NEW YORK TIMES and is a friend of President Kennedy's family.
 In "AMERICA: LISTEN!" he writes, "Another of the original founders of ADA, Joseph L. Rauh, Jr., an attorney, presently (1961) Vice-Chairman, defended Wm. W. Remington of the Commerce Dept., while the ADA WORLD, the organization's publication proclaimed Remington's "in-sentenced". Remington was sentenced (the sentence was upheld on appeal) to the Federal Penitentiary at Lewisburg, Pa. for lying about his Communist activities and associations."
 Kluckhohn confesses amazement "that this organization can exist and wield such influence without most Americans being aware of it" and continues with, "James Wechsler, one of the three founders of ADA, was once a self-admitted official of the Young Communist League."
 The third co-founder of ADA is their friend, who has been tapped to fill the highest vacant Democrat office, Hubert Humphrey.

'54 Study Club Meets

The '54 Study Club met in the home of Mrs. J. D. Johnson on October 8th.
 The meeting was called to order by the President, Mrs. Loyd Davidson. Following a business meeting, a program on Conservation was given. Mrs. Isaac Carter, Conservation Chairman, gave the meaning of Conservation in our country. Mrs. J. D. Johnson and Mrs. Fred Wood related the importance of trees in our Conservation program, climaxing the topic with the poem, "Trees," by Joyce Kilmer.

Mrs. Carroll Adams, told of the benefits of conserving our water supply by the use of farm ponds. Mrs. H. J. McCormick discussed the "Calendar of Flowers", showing her beautiful flower arrangements representing the four seasons.
 The meeting was closed with the reading of the Club Collect.

Members present were: Mesdames C. C. Crowder, Carl Levett, Cecil Denison, Fred Wood, Carroll Adams, Gene Pike, Isaac Carter, Jim Montgomery, H. J. McCormick, Loyd Davidson, and J. D. Johnson.

Davis in Spain

Marine First Sergeant William I. Davis, son of Mrs. Claude D. Davis of Wheeler has sailed from the east coast of the United States to take part in Operation STEEL PIKE in Spain. The combat training exercise will be the largest amphibious operation conducted in the Atlantic since World War II.
 He is a member of the First Battalion, Sixth Marine Regiment, Second Marine Division, which is normally based at Camp Lejeune, N. C.
 In the practice landing, 28,000 Marines of the Second and Marine Division, Second Marine Aircraft Wing and Force Troops, Fleet Marine Force, Atlantic, along with a battalion of Spanish Marines will take part in a mock assault on beaches in southern Spain on Oct. 26 from landing craft and helicopters.

The combined Marine landing force will be carried and protected by a U.S. Spanish fleet of 94 vessels, including ships of the United States' Military Sea Transport Service and chartered ships of the U.S. merchant fleet.
 Operation STEEL PIKE is being conducted to show the ability of the U.S. and allied amphibious forces to rapidly place large numbers of troops ashore and maintain them for as long as necessary. The operation will also train the forces of both countries in conducting joint operations.
 Spanish Air Force units will fly missions in support of the landing force along with U.S. Navy and Marine aircraft operating from fast attack carriers and from the Marine short airfield for tactical support (SATS).
 SATS is, in effect, a carrier flight deck, including catapults and arresting gear mounted ashore. It was developed by the Marine Corps to allow Marine air units to go ashore quickly to support Marine ground forces in amphibious operations.
 Most of the United States units taking part in Operation STEEL PIKE will return to the U.S. during the first week in December.

84-Day Results at Holdenville Test

The Holdenville Bull Test, Holdenville, Oklahoma has results of the third weighing at 84 days. The test is of a 140-day duration and included all beef breeds.

SCD NEWS

Wheeler County Soil Conservation District had 10 new cooperators in October. H.B. Freeman, Henry Hinks, Dossie Nickells, Sally Anderson, E.O. Kelly, Leon Fillingim, Walter Coward, Teegerston and Barker, Melvin A. Hyman and O. Lewis were the new cooperators.
 Some of the permanent practices planned were terraces, diversions, range seeding, seep ponds, brush control and cross fences.
 Technical assistance for management type practices is made available to all district cooperators through the Soil Conservation Service. Management practices include such things as range proper use, deferred grazing, conservation cropping systems, crop residue use, strip cropping, cover cropping and rotation grazing systems. A combination of several practices can be used to stop soil loss and deterioration.
 These practices are described in a conservation plan devised to fit the plan of operations of the individual farmer or rancher.

NEW ARRIVAL

Earl and Ruby Willard, former Wheeler residents, wrote this week to announce the arrival of the daughter, Brenda Ann, born October 21, 1964, weight 6 lbs. Grandparents are Mr. and Mrs. J.A. Barton of Wheeler and Mr. and Mrs. E.L. Willard of Quanah.

The Willards now reside at 4507 Versailles Drive, Midland, Texas.

Fred Goad is a freshman who has played football 4 years with the Colts and Mustangs. He plays half-back position and as line backer on defense. He weighs 139 pounds.

Fred is the son of Mr. and Mrs. W. A. Goad. His favorite study is agriculture and he is a good student.

His hobbies are calf roping and watching TV. His favorite food is banana pudding. He has not made up his mind where he will go to college but he intends to study veterinary medicine.

His mother says, "Fred reads a lot and spends all the time he can practicing his hobby which is calf roping. He is quite a rodeo fan."

He is a member of the Church of Christ and FFA. Coach Harle says, "Fred is a real hard nosed player, he runs well, has good speed and this years experience should make him a fine player next year."

Don Burks, son of Raymond and Loveta Burks, is a senior. He weighs 160 pounds and plays half back position. He has played with the Colts and Mustangs seven years.

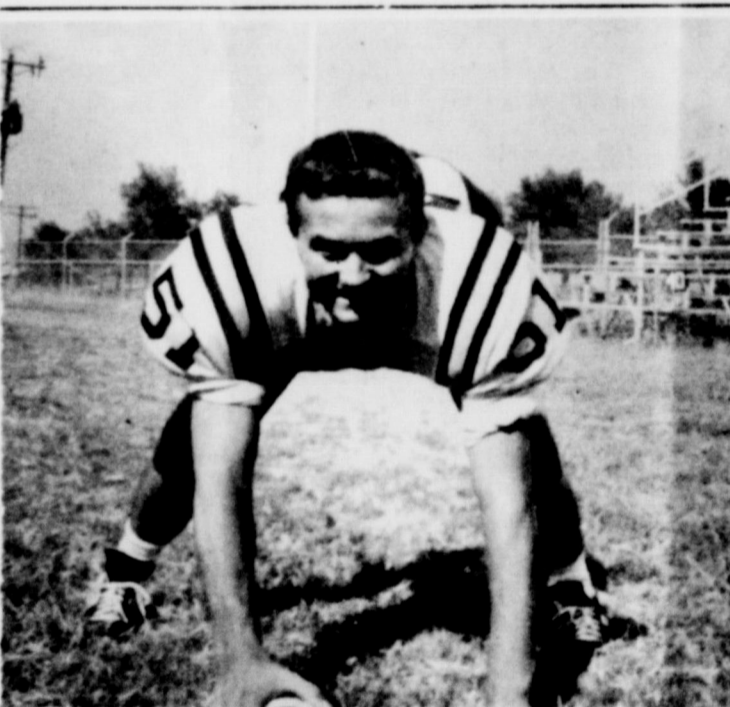

Don says he has no favorite study and he has not decided where he will attend college, as yet. For a hobby he builds model airplanes. He says he's interested in flying. "He likes fishing, hunting and all foods except desserts," says his mother.

"He won't eat sweets because they cut down on his wind."

Don operates the projector at the local theater and has worked at THE TIMES office. He also helps his father as a carpenter some.

Don was chosen as class favorite recently. He is a member of the Methodist church.

Coach Hill says of Don, "He is a strong blocker from half back, does a real good job carrying the ball. He is a dependable player."

Terry McCosland, son of Lindsey and Lula McCosland, is a senior, has attended school in Wheeler all his life. He has played football 3 years, weighs 168 pounds and plays center position for the Mustangs.

Terry is president of his senior class. He says he has no favorite study but his interest is more toward science since he intends to study veterinary medicine in college, probably Texas A & M.

His hobby is 4-H work. At the Dallas fair recently he placed 5th on his calf entry and 1st in showmanship. He will attend the National 4-H Congress later this year in Chicago.

His favorite food, he says is steak. His mother says he is also fond of coconut pies that he enjoys hunting and helping his father with farming. He is interested in cattle raising and has a herd of Angus of his own.

The Clarence Robisons went to Lubbock Saturday for the Tech and S.M.U. game. They also visited her brother, S.W. Cole and family while in Lubbock.

Coach Hill says, "Terry is a good offensive blocker and this year has played defensive guard. We feel he is one of our best."

Auction Sale

The auction sale last Saturday, sponsored by the Wednesday Study Club, proved quite a success and afforded a great deal of fun. All participants relaxed and gave vent to pent up tensions and reserve, entering into the bidding with enthusiasm. All relaxed, that is except the ones who really made the sale a success. We are speaking of Shelby Pettit, John Connor, and Nelson Porter, who gave of their vim, vigor and vitality to see that the undertaking went over in a big way.

There were others who helped a great deal, both in work and donations. To each of you the Club extends a heartfelt "THANK YOU".
