A bare cupboard in her day posed quite a problem. But the modern homemaker has many advantages — wonderful food stores, fast transportation, and communications. Food stores in several towns we serve use modern communications to help housewives shop and to increase food sales. They record daily specials on our ELECTRONIC SECRETARY® phone answering unit. A shopper telephones and receives the list of specials automatically through electronics. For full information about how our many communications services can be your Tool for Progress, please call our Business Office.
