MUSTANGS HAND CANADIAN FIRST DEFEAT

by David Britt

Upset minded Canadian had the satisfaction of getting on the scoreboard first but then all they received was a very methodical whipping as they fell before the Mustangs 32-9.

Holding the Mustangs to only four plays from scrimmage in the opening quarter, the wildcats controlled the ball and drove to the Wheeler 12 where the defense stiffened and Canadian had to settle for a 32 yard field goal off the toe of Terry Robinett.

Taking the kickoff back to the Wheeler 45, the Mustangs used 17 plays to grind out the 55 yards to paydirt with Fred Goad getting the first of his four TD's with a two yard smash at right tackle. Three times during this drive the Mustangs picked up a first down on fourth situations to keep the drive alive. Goad also got the two point conversion and the Mustangs took an 8-3 lead with 2:35 left in the first half.

deeper as Goad scored off right tackle from 4 yards out. Goad added the extra points and the Mustangs lead increased to 24-3. Two personal foul penalties against the Wildcats gave the Mustangs some free yardage on this drive.

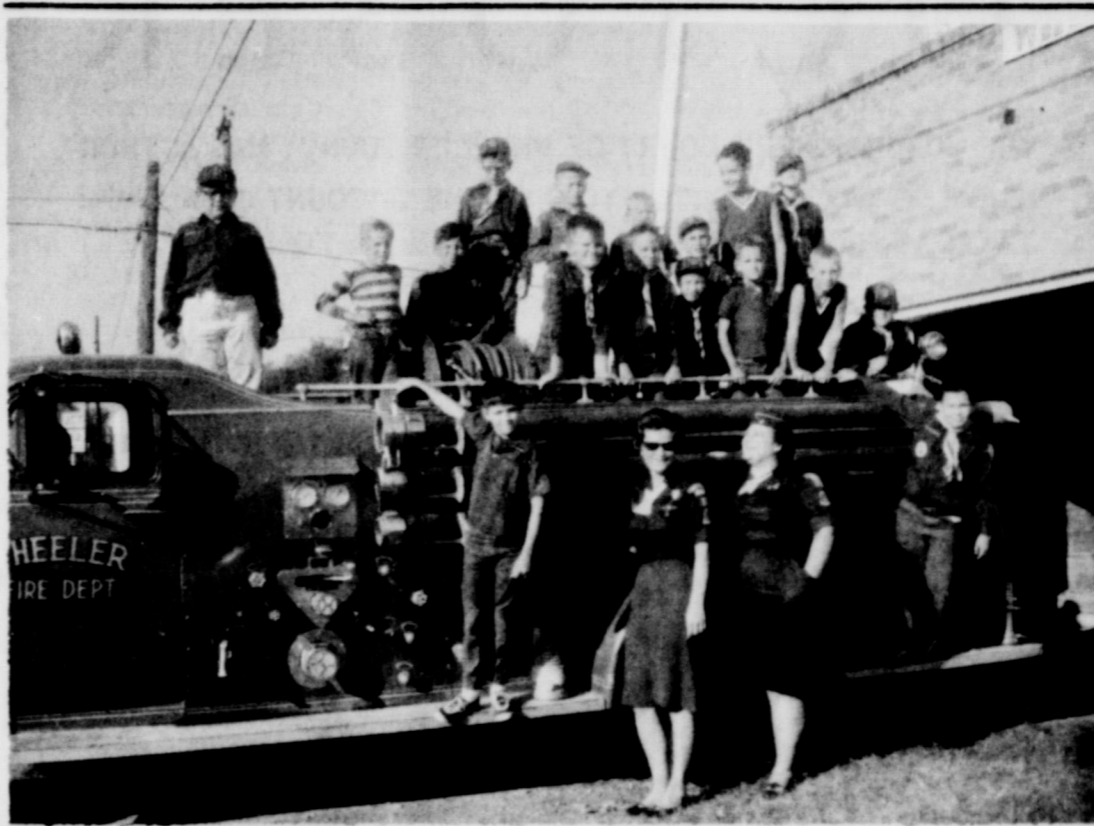

Failing by inches to pick up a first down at their 36, the Mustangs gave the Wildcats their final scoring opportunity of the night. Johnny Walker, Canadian Quarterback, threw for the end zone on the first play and despite a fine defensive effort by David Jamison and Frankie Rogers, Kenneth Steinle caught the pass for the touchdown. The Mustangs threw back the attempted extra point run and for all purposes the game was over.

Nobody told the Mustangs that time was running out and they headed for paydirt to tack more onto their margin. Two plays after the kickoff found Wheeler a yard deep in Wildcat country and another 15 yard personal foul fine moved Canadian back some more. From the 24, Jamison hit Gary Hardcastle with a 13 yard toss for a first down on the 11 yard line. Moving to the 2, the Mustangs called time with fourth down facing them and only 38 seconds left on the clock. Fred Goad got the call and Hardcastle Holt and Sechrist pushed the Wildcats back on the left side and Goad got across the goal for the final TD. Rives put the last nail in the Wildcat coffin as he ran the two pointer in at left tackle.

The play of Fred Goad, who carried the ball 32 times for 144 yards earned him the back of the week honors in the Panhandle selected by the Amarillo Daily News.

Wheeler received the second half kickoff and continued to punish the Wildcat forward wall. Goad got 32 yards on a trap at the left side to put the pigskin on the Canadian 5. The right side of the Mustang line, led by Hutchison, DeArment and Hunter again opened the way and Goad tore into the end zone with 7:15 on the clock. Donald Rives got the two points as he ran over on a sneak from the quarterback position.

On the second play of the final period the Mustangs buried the Wildcats a little

RIDE ON THE FIRE TRUCK: An annual event for the Cub Scouts of Wheeler is the ride about town on the fire truck in observance of National Fire Prevention week, Oct. 9-15. R.J. Holt, Jr., took this opportunity to point out a few facts to the youngsters. First and most important is the number to dial in case of fire. The number, 3121, was written on the blackboard and several references were made to the number. "When you call in a fire, speak clearly and give only information pertaining to the fire. After giving the information, do not hang up—wait for the fire department number to hang up first. You have the information; he doesn't," Mr. Holt stated. Holt urged that the scout not follow the fire truck and if in the vicinity of the fire, stay out of the way of the firemen. "The fire alarm sounds 11 times and lasts an estimated 2.5 minutes. By the time the alarm shuts off, both fire trucks are on the way to the fire," Holt pointed out. Twenty one men make up the Wheeler Volunteer Fire Department. Pictured are (back row—l to r) Larry Guston, Charles Broyles, Joe Smith, Barney Beesley, Rickey Markham, Charles Dale Jackson, Larry Dyer, Mike Bradstreet, Wyatt Brooks, (middle row) Marty Edwards, Bill McIlhany, Darrell Gaines, Randy Richerson, Billy McWhorter, Tommy Weaver (front row) Chuck Earney Mrs. Bill Brooks, Mrs. Grainger McIlhany and Tom McIlhany.

Colts Journey To Lefors Thursday

Wheeler's Jr. High Colts will be seeking their second victory of the season this Thursday night as they journey to Lefors to battle the Lefors Bandits.

After opening the season with a win over Skellytown, the Colts have gone down to successive defeats to White Deer and Claude. Coach Gaines reported that he hoped that changes in his lineup would perk up the Colts offense and get them back on the winning side of the ledger. Game time is 7:30 p.m.

Wheeler's 2 Gins Receiving Cotton

M. and M. Gin received their first bale of cotton from the 1966 crop Tuesday, Oct. 4. The first bale was ginned free of charge and a \$50 check was presented to E.L. Hiltbrunner who farms in the Dozier area. The bale weighed 568 pounds and a grade was not available at press time.

The second bale received by a local Wheeler gin was raised by Elmer Lowrie. Lowrie's 540 lb. bale was ginned free by M&M Gin and a \$50 check was given by the gin. The third bale of the season to be ginned was also taken to the M&M Gin by Lowrie.

The Wheeler Chamber of Commerce will present checks to the farmers delivering the first three bales to local gins. A check for \$25 will be presented to Hiltbrunner and \$10 checks will be presented Lowrie for the second and third bales ginned.

M&M Gin is owned and managed by W.D. Mitchell. Wheeler Gin ginned their first cotton of the 1966 season Tuesday morning. The first bale was brought to the gin by L.T. Morris who farms southwest of Shamrock. The bale produced 555 lbs. of lint and 1000 lbs. of seed.

Wiley McCray of Briscoe carried the second bale of the season to the Wheeler gin. It was ginned Tuesday also.

Fat Jones, manager of the Wheeler Gin, stated that the first bale was ginned free of charge to the farmer.

Three Accidents Reported

Lawton, Okla. woman and child were treated and hospitalized for injuries sustained in a traffic accident Tuesday at Pampa.

The accident occurred on highway 152 at a curve just inside the state line.

The car slid off the roadway thru a fence and overturned once. The automobile belonging to Mrs. G. Pinell of Pampa was a total loss.

Patrolman Henson investigated the 8:30 p.m. accident.

Patrolman Henson was called back to Wheeler at 12:30 p.m. Wednesday, Oct. 12 for an accident 0.1 mile north of Wheeler on highway 83.

Linda Rogers Hink of Wheeler was driving her 1966 Ford pickup south when it was struck from behind by a car driven by Ronald Dean Brown of Carter, Okla.

Brown was driving a 1955 Chevrolet coach.

Damage was estimated by the investigating officer to be \$50 to each vehicle.

CHAMBER OF COMMERCE MEETS TUESDAY AT NORAS CAFE

Wheeler's Chamber of Commerce will meet Tuesday at the Noras Cafe.

Wheeler's Chamber of Commerce will present checks to the farmers delivering the first three bales to local gins.

A check for \$25 will be presented to Hiltbrunner and \$10 checks will be presented Lowrie for the second and third bales ginned.

DOG CATCHER

The City Council of Wheeler has secured the services of the Amarillo Animal Shelter in working out the "Stray Dog" problem in Wheeler.

A representative of the Shelter arrived in Wheeler Tuesday with plans to work Wheeler Tuesday, Wednesday and Thursday.

All unlicensed dogs are being picked up and taken to the city dog pound located on the west side of the city dump. The dogs will be kept for 3 days and if they aren't claimed, they will be taken to the Amarillo Animal Shelter when an attempt will be made to find them a new home.

If this is impossible they will be "put to sleep" in the usual manner by the Amarillo Animal Shelter.

Dogs claimed at the pens must be tagged and vaccinated and the vaccination certificate presented at the city office. \$1.00 per day will be charged for feeding the dogs.

COLTS LOSE TO CLAUDE 44-6

The Wheeler Jr high Colts went down to their second defeat of the season last Thursday night at Claude as they came up on the short end of a 44-6 count.

Running and passing behind a big line, the Claude backs were able to use the big play to break the game open over the undermanned charges of Coach Richard Gaines.

Claude's version of Colts took the opening kickoff and drove 56 yard for their initial tally of the game and the first quarter ended with an 8-0 score.

Taking the ball on the first play of the second period, Claude drove for their second score with the touchdown coming on a 45 yard pass from Knox to Merrill.

The black clad Colts from Wheeler took the kickoff following Claude's second TD and moved 69 yards in 10 plays with Dave Britt skirting his left end for the final four yards. Jimmy Cole was stopped short of the goal and the two point conversion try failed.

Only 12 seconds remained in the half and Claude was able to tack another six points on the board as Matthews ran 55 yards on a reverse to paydirt as time ran out.

Claude scored three times in the final half and dominated play in the last two

quarters. Wheeler was able to pick up 7 first downs in the game and 95 yards rushing with Dave Britt getting 79 yards in 20 carries.

Mustangs Begin District Play Fri.

District play begins for Wheeler this Friday when the Mustangs make the long journey to the South Plains to play the Silverton Owls.

Fresh from their victory over Canadian, the Mustangs will be after a win in their opening encounter for the district crown. The Owls will put a veteran club on the field and promise to give the Mustangs a run for their money.

"I was real proud of the boys in the win over Canadian and they showed everyone that they had what it takes to be winners," Coach Hill said this week. He reported that all the boys were in pretty good shape for the Silverton game except for Bobby Ware who is a doubtful participant.

All fans are urged to make the trip to Silverton and help back the Mustangs in their district opener. With district competition under way, the starting time of the games is now 7:30.

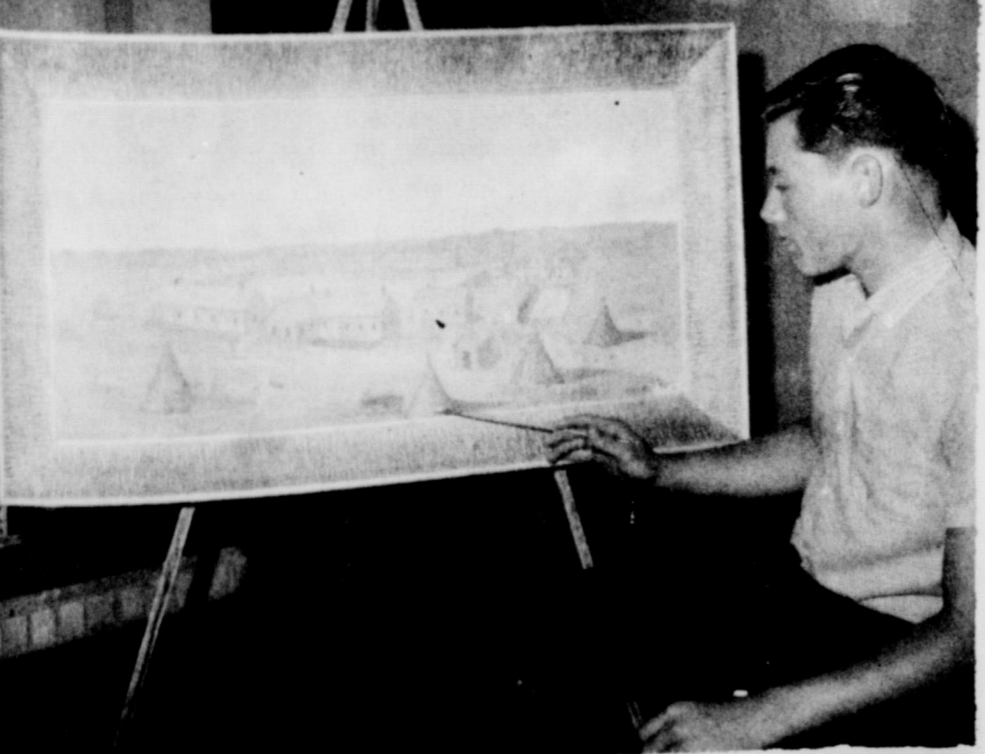

Ned Kirk, 65 of Rockford, Ill., brother of C.B. Kirk of Wheeler passed away October 1, 1966 of a heart attack.

He had lived at Rockford for 22 years where he was foreman of Globe Imperial Co.

Mr. and Mrs. C.B. Kirk left Monday to attend the funeral on Wednesday, Oct. 5. They arrived back home on Friday Oct. 7.

FORT ELLIOTT: Dale Rogers is shown here with an oil painting of Fort Elliott which he recently sold. Dale is the 15 year old son of Mr. and Mrs. Joe Rogers. He has been painting for 8 years and has studied under Mrs. D.P. Wofford and Ronald Howerton. The painting was taken from an official army photograph taken about 1875. The photograph was loaned to Dale by Mrs. Sally Harris of Wheeler. Mrs. Harris acquired the picture for use in her book on the history of Wheeler County. The Indian teepees seen in the foreground of the painting were used by the Indian Scouts of the fort and lived there with their families. Mrs. Nellie Puryear of Boulder City, Nevada, was the first white child born at the Fort. Mrs. Puryear is the mother of Tom Puryear of Wheeler. The painting was on display at Mobeetie for the Old Settlers Reunion.

INTERNAL PARASITES

By Charles David Jackson
Internal parasites can rob you of profits on cattle.

Even though your cattle don't "look" wormy, they may be. Internal parasite infestations often get pretty far along before the animal shows any obvious symptoms.

Probably the number one cause of internal parasites in Texas beef cattle is malnutrition. Although cattle have an inherent high resistance to parasite damage, this resistance is lowered by malnutrition.

The animal's immunity mechanism cannot function properly if the diet doesn't provide enough fuel.

Another cause is sanitation. Keeping water clean, feed clean, and grazing areas clean goes a long way toward reducing internal parasites.

A third cause of internal parasites is improper pasture management. This comes from overgrazing and from high stocking rates. With overgrazing, animals are forced into grazing near the ground where more larvae are likely to be on each mouthful of forage.

On highly developed pastures where high stocking rates are used, you have another problem--contamination of pasture from excessive manure. Manure is often where the eggs hatch into larvae.

Once the parasite larvae are inside the stomach, they reach maturity in 2 to 3 weeks. They mate and lay eggs that are passed out in the manure. The eggs hatch in the manure or on the ground and develop into the infective larval stage in another week or so. Then they are ready to repeat the cycle.

Mr. and Mrs. Clarence Killingsworth and Mr. and Mrs. Claudy Brotherton were weekend guests in the home of Mrs. B.T. Clemmens and son, David - attending the Texas and Oklahoma Singing Convention, Saturday afternoon and night. They attended church services at the Highland Baptist Church Sunday morning and rendered special music at the eleventh o'clock hour.

Mr. and Mrs. Frank Russell of Miami were Sunday visitors of the Frank Walkers.

WE ARE READY TO GIN YOUR COTTON

Yes, the Wheeler Gin is again ready for the cotton harvest.

We at the Wheeler Gin are happy to take this opportunity to express our appreciation to our many friends and

customers for their patronage during the past year.

As payment for your loyalty, we have to offer the fastest and most efficient service possible. And when new advances are made in the cotton industry, we always try to be the first to add

additional equipment which might help us gin more and better cotton for you. To the farmers that we serve in Wheeler and adjoining countries, we want to say THANKS. And we hope we can continue to serve and enjoy your patronage during the coming weeks.

Cleaning Closet For Fall Season

By Vivian Warminski
With the summer season over, it's time to check the clothes closet for the fall season.

As you clean the closet, decide what can be turned into worthwhile clothing again and what should be discarded. You will probably find an old favorite, a misfit or still another garment which may have been a hasty purchase or just out of date.

As you sort through the clothing, divide those not being worn into the following groups: (1) Needs mending; (2) Wrong hem length; (3) Doesn't fit (4) Not needed (5) Don't like (6) aren't using (7) Is worn out (8) Is out of date.

You may want to start with the items that require the least time, effort and money and then proceed to the more difficult problems. Sort out those items most easily mended—buttons, buttonholes and popped seams. Then look at those in which the mending is a greater problem—such as holes or tears. Be sure the garment is worth the effort.

Adjust hems to a becoming and fashionable length. Cut off the hems that are too long, and lengthen those that are too short, if possible.

If a garment doesn't fit, can it be corrected? If not, place it in the group you are discarding.

Some items of clothing may no longer be needed, such as special event clothing. Graduation dresses or formals, sports clothes for sports no longer engaged in and other clothing can be discarded. You may wish to consider remaking some of these items when it is doubtful they will be worn as they are.

Mrs. David Maley and children drove to Altus, Okla. Thursday and spent the night with her parents, Mr. and Mrs. Earl Merchant. They returned home Friday afternoon.

Which one do you want next?

Will it be the lovely, little STARLITE® telephone for the bedroom? Or the smart FACE-MAKER® phone or Wallphone for the kitchen or family room? All in decorator colors. Call our Business Office for details.

STAY-IN-SCHOOL CAMPAIGN

"In the life of the individual," President Johnson has said, "Education is always an unfinished task."

"And in the life of this Nation, the advancement of education is a continuing challenge."

This challenge has never been clearer, not more urgent than it is right now in view of the growing body of young Americans who are dropping out of school.

In October 1965, more than 10 million 16- to 24-year old youths were out of school and in the work force. Over 3 million of them lacked a high school diploma.

Another 900,000 plus youngsters will be added to this growing battalion of dropouts this school year unless the Nation mounts its forces to prevent it from happening.

To head off this possibility and to encourage our youth to complete their education, President Johnson has launched the 1966 Youth Opportunity Stay-in-School Campaign.

Once, in America, a person could drop out of school and readily find a job. But, like it or not, that era, like the horse and buggy, has disappeared from our national scene.

Sure, there are jobs for dropouts in today's booming economy, but over the long pull, they will be harder and harder to find since the fastest growing occupations demand a higher measure of skill and education than ever.

Yet, this grim fact haunts the Nation: by 1975, it is estimated there will be some 32 million adults in the labor force who didn't finish high school.

Space-age America can ill afford to allow this deplorable situation to develop and the dropouts themselves face lives of thwarted hopes, menial jobs, no jobs or under-employment.

For the youngster faced with the decision to continue his or her education, the answer can be reduced to a simple matter of dollars and cents and perhaps, most of all, to common sense.

Over a lifetime, a high school graduate earns almost twice as much as the person who quit before finishing the 8th grade. Graduates earn almost twenty percent more.

than non-graduates with one to three years of high school.

A high school diploma becoming minimum requirement for jobs in our society. Our challenge—the challenge to everyone in this community is to ensure that every youngster gets at least a diploma.

The President's Stay-in-School Drive demands the support and resources of our community—the schools, private businesses, civic and fraternal organizations, religious groups and local government. It's an indispensable investment in the future.

Saving, Storing Cotton Seed

By Charles David Jackson
Cotton harvest will soon be approaching for some Wheeler County Cotton farmers and I would like to remind them to save planting seed from afternoon harvested cotton.

The reason - it has a lower moisture content and keep better until planting time. Seed cotton harvested early in the morning with a high moisture content cannot usually be stored satisfactorily.

Storing cotton seed with above 12 percent moisture often results in heating, spotting and other quality deterioration. This means a lower germination when you plant next spring and a resulting poor stand.

Cotton gins best at a lint moisture content of above seven and one-half percent. Tests show the high moisture content of seed cotton during the early morning is from the high relative humidity.

Machines should stay out of the fields until the relative humidity is below 60 percent and should not pick or strip if the moisture content of the seed cotton is above 8 percent.

As a rule of thumb--its a good plan to harvest cotton only between 8 a.m. and about 7 p.m.--but to be safe, save planting seed only from afternoon harvested cotton.

Holding high-moisture cotton in trailers for long periods under crowded conditions in rush seasons lowers the grade, price and profit. Harvest cotton as dry as possible and keep it dry.

Before storing cotton planting, inspect it closely for damage. Store only seed with high germination (80 percent is good) of reputable varieties. Seed saved for bulk storage, should be less than 12 percent moisture unless good drying and cooling facilities are available.

Finally, I suggest a continuous check during the winter on stored seed.

Dale Wofford Receives CPA

Deward Dale Wofford, son of Mr. and Mrs. Deward Wofford of Wheeler was one of fifty successful Certified Public Accountants who recently passed the Texas CPA examination. In a dinner ceremony honoring the CPAs and their wives at the Marriott Motor Hotel in Dallas on Tuesday, Sept. 13, Mr. J. Kenneth S. Arthur, President of the Texas Society of Certified Public Accountants, presented the certificates on behalf of the Texas State Board of Public Accountancy in Austin. Over 300 Dallas-area certified Public Accountants attended this awards dinner.

Mr. Wofford, a 1958 graduate of Wheeler High School, also attended Texas A&M College, Oklahoma University, West Texas State College and received a BBA Degree from Texas Technological College in 1964. He is now associated with Parish, Murrell & Company, Certified Public Accountants of Dallas. He is married to the former Miss Louise W. Moyer of Tucson, Arizona. The Woffords now reside at 4800 Cole Ave. Apt. 205, Dallas.

John Dunn Is Enrolled at LCC

A Wheeler student, John Dunn, is enrolled for the fall semester at Lubbock Christian College and is now attending classes.

John is the son of Mr. and Mrs. Walter Dunn, of Wheeler. He is a freshman at Lubbock Christian.

A graduate of Wheeler High School, John was a member of The Wheeler High football team, band, Key Club and Thespians.

LCC is celebrating its tenth anniversary this year. All campus events will be directed toward highlighting this decade of development.

An evening college has been initiated this year allowing students to earn up to 6 hours credit at night.

Miss Lucille Hutchison of Memphis came Thursday to spend a few days with her brothers, Dorsie and Robert Hutchison and families. She also attended the Wheeler - Canadian game Friday night.

Finsterwald To Compete at State

Wian Warminski, daughter of Mr. and Mrs. Milton Finsterwald of Briscoe will represent District 1 at the

State 4-H Dress Revue, Oct. 14-15th in Dallas. Forty-five finalists will take part in the revue. The 4-H Activity will

again be staged during the State Fair of Texas and the girls will be presented in two public fashion shows at 10 and 11 a.m. October 15 at the Women's Building of Fair Park.

Judging the ensembles by

the 4-H participants will take place, however, the morning of October 14 at Hotel Adolphus. Winners will be announced during a luncheon starting at 12:30 p.m. at the hotel. They will have an opportunity to meet

the press at the close of the luncheon.

At 3 p.m. tour of the Apparel Mart is on tap for the 4-H girls on Oct. 14. The luncheon and educational tour are new features of the 4-H Dress Revue program this year, says Miss Mary Routh, Texas A&M University Extension clothing specialist and general chairman for the Dress Revue.

Finalists in the 4-H Dress Revue are previous winners in their respective Extension Service districts of Texas, Miss Routh adds.

The first place winner at the Dress Revue will receive a trip to the National 4-H Club Congress in Chicago, Nov. 27 - Dec. 1. An alternate winner also will be chosen. Additionally, two top winners will be named in the all-cotton division of the fashion show and will receive awards given by the Texas Cottonseed Crushers' Ass'n.

Girls who take part in the state 4-H dress revue represent approximately 19,511 4-H members enrolled in clothing work this year.

The Dress Revue, and other state 4-H clothing programs are supervised by Extension Clothing Specialists Fannie Brown Eaton, Rhea Boyles, Dr. Graham Hard and Miss Routh.

Screwworms On Increase in Texas

by Charles D. Jackson
Charles David Jackson, County agent, has recently had word from the Screwworm Eradication officials that there has been a very noticeable increase in the number of confirmed screwworm cases in Texas. Jackson says that for the week of Sept. 18 there were 48 confirmed cases reported in Texas from 22 different counties. This is more confirmed cases for a one-week period than has been reported since the last week in November, 1963.

All livestock producers are urged to be especially watchful of possible screwworm cases and collect specimen worm samples and mail to the Screwworm Eradication Laboratory in Mission, Tex.

Vials for submitting specimens to the Mission Laboratory can be obtained at the County Agents office.

Weather conditions over much of the state have been a contributing factor in the recent screwworm buildup.

Thursday Review Club Meeting

Members of the Wheeler City Council were special guests of the Thursday Review Club at the regular club meeting on Sept. 22 in the home of Mrs. Harrison Hall. Mayor Don Earney discussed "Wheeler's Progress by Improvement," and included a graphic presentation of the city's proposed paving improvements. Mayor Earney

Cub Scout Hold Annual Roundup

The annual cub scout roundup was held on Sept. 27 in Fellowship hall of the Methodist Church. Cubmaster Grainger McIlhany presided at the meeting and following the invocation, Lion Cub Scout, Chuck Earney led the group in the Pledge of Allegiance to the Flag.

Mr. McIlhany welcomed parents and new cub scouts as well as the boys returning to Cubs. Six boys were presented applications to join cub scouts. They included Mike Bradstreet, Charles Broyles, Darrell Gaines, Tommy Weaver, Billy McWhorter and Randy Richerson.

Also welcomed at the meeting were new pack committee members, Messrs. Hyland Weaver, Bobby Patterson and Glenn Markham as well as returning committee members, Wayne Edwards, Roy Bradstreet and Don Earney.

Following a brief description of the Cub Scouting program, the meeting was adjourned and refreshments were served by Mesdames Don Earney and Wayne Edwards.

Any boys ages 8 to 11 years who are interested in Cub Scouts are invited to contact any member of Cub Scouts or Den Mothers Mrs. Bill Brooks and Mrs. Grainger McIlhany.

Mustang "B" To Host Canadian

The Mustang B Team gets its first taste of combat Thursday night at 7:00 p.m. when they play the Canadian B team on Nicholson Field.

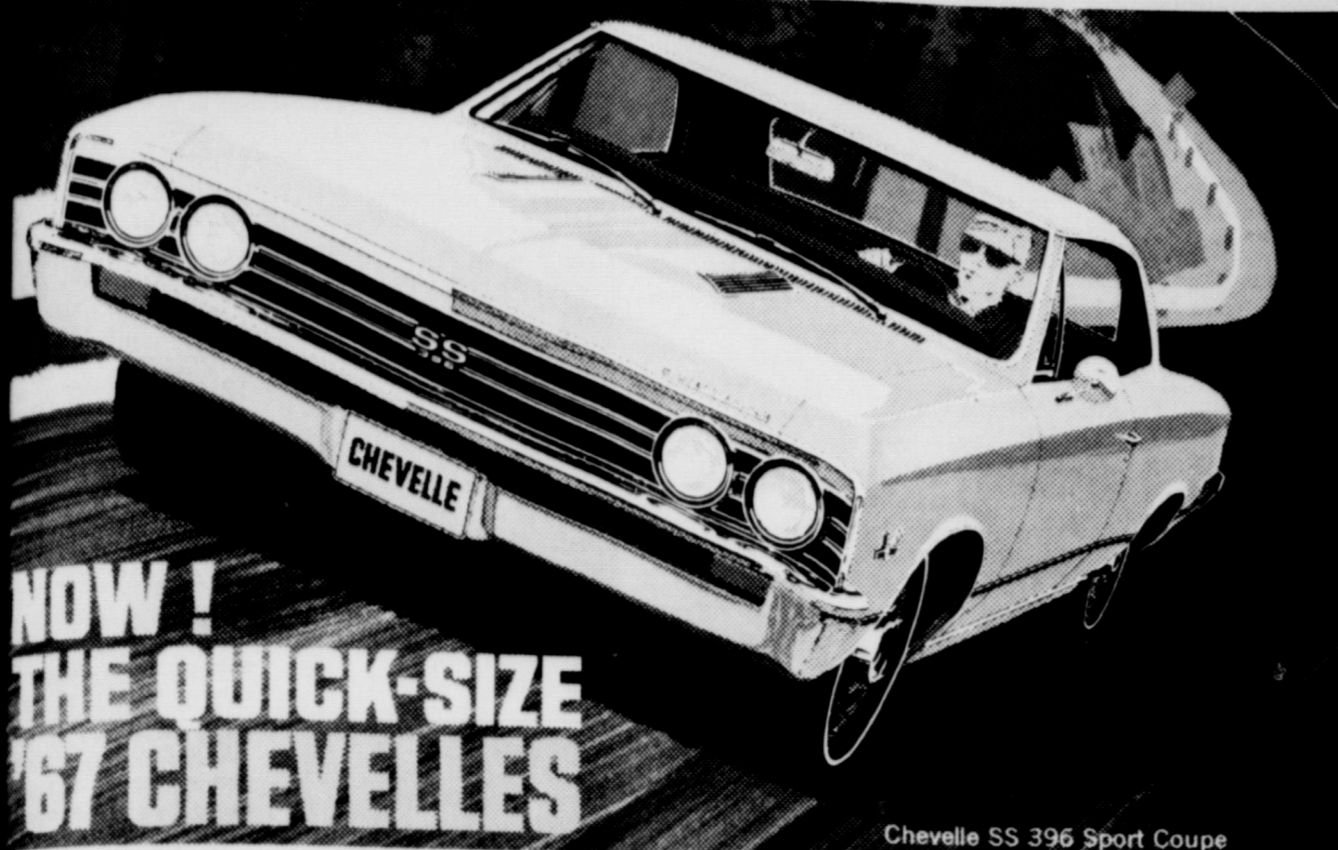

Coach Hill was not sure of which boys would make up the B squad but was sure that the ones that played would be after the Wildcats just as hard as the Mustangs were last week.

also introduced council members, Jack Helton, Robert Denson and N.D. Ware, Jr., who discussed other facets of city government, including the City Park, and swimming pool, the Fire Department and the water and sewer departments.

In his presentation concerning the new pavement for Wheeler, Mayor Earney explained that the city's portion of necessary funds for the project would be in the form of a \$24.00 yearly raise in the cost of water and sewer for city residents, thus preventing a rise in city taxes, customary for such improvements. After receiving the clubs unanimous support of the project, Mayor Earney emphasized the fact that the City Council will welcome individual inquiries concerning the project.

During a brief business meeting following the council's discussion, Mrs. David Britt presented an informative report on "COMECON" network of nations. Mrs. Robert Denson appointed a committee of club members to present the council with suggestions which might assist in the passage of the paving project.

In addition to council members, Mrs. Bobby Patterson was a guest for the meeting. Members who attended included Miss Wilma Hefley and Mesdames G.C. Barton, Britt, Richard Brown, Denson Leldon Harrison, Jack Hefley J.T. Hill, Charles Jackson J.T. Johnson, Dan Luttrell Grainger McIlhany, Miller, Cecil Pierce, Thurman Rives John C. SCREWORM PROGRAM IN DANGER

By Charles David Jackson

THE SCREWORM ERADICATION PROGRAM IS IN JEOPARDY!

We have recently been informed that during the week of September 18 there were 48 confirmed screwworm cases in 22 counties in Texas. This is the largest number of confirmed screwworm cases reported in counties in extreme South Texas, the hill country and extended into the Big Bend Country of West Texas.

Screwworm officials are very much concerned with the tremendous upswing in the number of confirmed cases. The practice of "hot spotting" the areas where cases have been confirmed continues, but this is making a drain on the number of sterile flies available from the Mission fly rearing plant. Most flies being reared in this plant have been used in the routine fly drop areas in Old Mexico, creating a barrier zone which is helping to prevent a large increase of

the screwworm fly into this country.

Some of you may have possibly been lax in looking for possible screwworm infestations and I urge all producers to give some real attention to this matter in the immediate future. Recent weather conditions have been a contributing factor to the increase of screwworm cases. What we need now is for all livestock producers to increase their vigilance in inspecting their livestock for possible screwworm cases. We need to collect specimens from all wounds and send into the Mission Laboratory for identification. This will help our eradication officials to better determine where the real screwworm cases are occurring so that they will be in a better position to take the necessary action immediately.

Vials for sending in the specimens may be obtained from your Veterinarian, the Canadian Production and Credit Association office or the Wheeler Extension office.

CANCER SOCIETY MEETING HELD

Mrs. John Cullers and Mrs. Cecil Denson have just returned from Houston where they attended the Twenty-First Annual Meeting of the American Cancer Society, Texas Division Oct. 5-6, 1966.

The Annual Meeting marked the Twentieth Anniversary of the ASC in Texas - 20 decades of volunteer activities in cancer control that have seen a statewide expansion of the ACS program; thousands of dozens of dressings are made annually for free use by cancer patients; over \$2 million was received in the last fiscal year in Texas ACS funds; millions of adults and students have viewed or read ACS educational messages through films, pamphlets, newspapers, and broadcasts.

All these developments were discussed at the two-day meeting, which was attended by over 300 delegates and guests.

The morning of October 6th was devoted to a Case presentation program by five Texas physicians. Discussing colon and rectum cancer in laymen's terms, the physicians emphasized the enormous number of lives that could be saved from this form of cancer if early diagnosis and prompt and proper treatment were routine among adults.

Delegates at the Luncheon were presented 500 Pennsylvania apples, their winnings in a campaign waged with the Pennsylvania Division. Volunteers in Texas collected a larger percentage of funds than their opponents and were thus entitled to the prize apples.

In a more serious note the National President of the American Cancer Society, Leonard W. Larson, M.D., addressed the delegates at the Annual Dinner. Representing the 2 million American volunteers who work in the ACS, Dr. Larson's message reflected his lifetime of work in world health problems, including service on a committee of the World Health Organization.

Representatives of Wheeler County Unit of the ACS participated in afternoon

committee meetings that emphasized accomplishments at the community level. Objectives for the coming year were discussed in Service, Public Education and Campaign and an informal "ask the experts" round-table completed each session.

Delegates to the meeting were introduced to a large group of honored guests including several of the 42 young physicians supported by ACS Research grants in Texas; early Presidents of the Division; and Lifetime Award Winners.

Mayor Louie Welch of Houston welcomed the delegates, who also heard reports from the Division President, A. B. Goldston, M.D. of Amarillo and the Executive Vice-President of the Division, Curt W. Reimann of Austin.

County Having Cattle Inspected

By Charles D. Jackson

Wheeler County is in the process of having all its beef cattle herds inspected for cattle scabies by the USDA Animal Disease Eradication Division. This inspection is mandatory and the inspectors would like to see a representative number of cattle in each herd in the County. The cattle will not have to be penned unless something shows up suspicious in a herd and then test will be taken for positive identification. Wheeler County was selected by Dr. Linsey, area Veterinarian with the Texas Animal Health Commission, to be the first to be inspected in a six county block for one team of inspectors.

Thirty-eight counties will be inspected by March 31, 1967 in West Texas and the Panhandle. The inspectors: Bill Roane of the USDA Animal Disease Eradication Division and W. O. Jones of the Texas Animal Health Commission will begin this week to concentrate on precinct 1 until it is completed. The commissioners Court and the Sheriff has offered their assistance

in directing the inspectors over the precincts and assisting with lining up herds to inspect. If it is possible herd owners will be contacted prior to inspection, but it will not be possible in a good many cases. Wheeler County is allotted 30 days for the inspection and precinct 11, 111 and 1V will be checked in the above order when 1 is complete. The purpose of inspecting for scabies which is caused by a parasitic mite, is to obtain a quarantine release from several Northern and Western states that require cattle from this area to be dipped before they may enter their state. Excellent cooperation has been received from Wheeler County livestock producers and it is hoped the inspectors will continue to receive the same fine cooperation from each of you. County Agent Charles D. Jackson urged cattlemen to call the office if he can be of any assistance.

FHA NEWS

by Tillie Gilmer

The Wheeler chapter of the Future Homemakers of America held its second monthly meeting, Monday Oct. 5 at 6:30 in the home-making cottage.

The program was entitled "Our Neighbors, Near and Far." The program chairman was Rhonda Stevens. Our guest was Mrs. Kitty Owens of Wellington who showed slides of the middle east.

There were also two surprises presented. One was an electric mixer, bought with the money the Progressive Study Club gave the department. Mrs. J. C. Moore, Jr. and Mrs. Raymond Byers were representatives of this club to attend our meeting. A picture of them was made standing by the mixer. The other was a picture painted by Mrs. Whitener's mother, Mrs. Ruby Williams. After the main program there were some skits put on by the freshmen girls as part of their initiation. The skits were judged with first and second places. Nancy Watts won first and Geniva Shugart won second. Other guests present were Mrs. Archie Hibler, mother of Mrs. Owens, and Mr. and Mrs. Harold Kenady, FHA members.

Members present were: Sidney Ann Kenady, Alice Velosquez, Laneta Argonbright, Geniva Shugart, Charlotte Cooke, Nancy Wiley Yvonne Morris, Linda Moore, Judy Whitener, Diane Weatherly, Liz Hubble, Sibyl Richardson, Carolyn Harding, Linda Carter, Elaine Glazner, Dixie DeArment, Janice Ware, Sally Richerson, Cheryl Watson, Linda Belvins, Linda Wallace, Connie Richardson, Kathy Bradstreet, Kathy Weakly, Tillie Gilmer, Pam Garrison, Pat Garrison, Joyce Burke, Becky Vanpool, Juanita Hutchison, Elaine Ferguson, Debbie Cooke, Valerie Morgan, Margaret Brickey, Gloria Wilson and Mrs. Bennie May Whitener, sponsor.

Haiti Subject of WSCS Meeting

W.S.C.S. met Oct. 5th in the J.D. Glisan home. The president called the meeting to order and the song "I will Sing the Wondrous Story" was sung and opening prayer was offered by Mrs. Beulah Reed. The 19th of Oct. will be a work day at the church and plans were completed for the work of Prayer Observance to be held Oct. 26th. Devotional "God is a Big God" was given by Mrs. Leonard Powladge.

Mrs. Glisan told of the recent trip she and Mr. Glisan took to Haiti to visit their daughter and family who are missionaries in Port Au Prince. Everyone felt as if they had visited in the Haitian homes, attended church in the little church with the thatched roof, and bargained in the market places for mahogany dishes and plaques. Mrs. Glisan described the Haitian people as happy and peace loving and that they love and appreciate missionaries. Some new churches are being built from cinder blocks to accommodate the crowds of people who attend the services under the church World Service plan.

Mrs. Glisan's daughter, Mrs. Crow is performing tests with Soy Bean flour as a substitute for powdered milk. She also teaches a class of Home Economics for girls which is under the supervision of the church along with the Bible School, which trains preachers for work on the island. She told us groceries were very high and many children suffer from malnutrition.

A letter she received from Mrs. Crow described the hurricane which lasted four hours there; they were unharmed and had taken refuge in the home of another missionary. The grass huts and gardens of the natives were completely destroyed and the homeless were being taken care of in some of the churches. Mrs. Bill Begert offered the closing prayer.

The hostess served a plate of tuna salad, cherry-pie and punch to the following members: Mmes. Parker, Lohberger, Black, Rainey, Miller, Dollar, Dillon Bill and Ernest Begert, Lee and Richard Kiker, visitors were Gertrude Hill, Beulah Reed, Mabel Ault and Mrs. Porte Rogers and Mrs. Kelly Miller.

CARD OF THANKS
I would like to thank all my friends for the cards, flowers, visits, prayers and every thoughtful consideration extended to me during my recent surgery. Your thoughtfulness will always be remembered and appreciated.

Boy Scout Fund Drive Scheduled

The annual Boy Scout Fund Drive to support the activities and work of the scouting program in Wheeler and adjoining territory will be officially launched at a Kick-off Breakfast next Monday morning at the Methodist Church. Frank D. Walker, prominent in community and scouting activities for many years is General Chairman of the Campaign. Assisting Mr. Walker in this year's campaign will be scouters, mothers of scouts and friends of scouting.

All funds raised in this once a year effort support the activities, events, and opportunities afforded boys from the ages of 8 to 18. Wheeler one of the communities of the Comanche District will spearhead this year's Drive in the District. Shamrock, Samnorwood, Wellington, Memphis, Hedley and Clarendon will follow Wheeler's lead during the weeks of October and November.

The Comanche District, one of the five districts in the Adobe Walls Council will be staging Campaigns so that the Scouting program may continue to grow and avail this character building and citizenship program to more boys in this area.

One of the most important items included in this year's plans will be the development of the new Council Scout Camp located between Wheeler and Mobeetie. John Manning and Bill Brooks are playing a key role in the development and progress of this important scouting activity.

Assisting Mr. Walker in key roles will be Thomas Helton, Bill Brooks, Dick DeArment and John Manning and many others.

A meeting of captains and workers will be held Wednesday evening to make final preparations for Monday's Kick off, Walker announced.

Fort Elliott Study Club Gathering

The Fort Elliott Study Club had a Luau at the home of Mr. and Mrs. Murl Trout for their husbands Hostesses were Margaret Trout, Nita Jackson and Billie Dunn.

The room decoration was carried out with decorations of palms, sea shells, straw hats, grass skirts and fish nets. The tables were spread with pastel cloths decorated in the centers with Canna leaf palm's on pink blossoms. The serving table had a ukelele with garlands of ivy but the most interesting of the arrangement was the punch bowl made out of a huge watermelon in the shape of a basket.

The tropical menu was: Ham loaf - sweet potatoes - green beans - corn - a fruit compote - stuffed celery and coffee or punch. One of the unique foods that was served was a dish from the Philippines called Banan Chips.

Thirty-one guests were served while strands of Hiawian music was played. Those in attendance were Messrs. and Mmes. Jess Patterson, Clarence Dyson, J.N. Smith, Doug Baird, Tats Baird, J.T.
