The program was on the history of silverware, the art of setting a beautiful table and the craftsmanship inherent in all types of modern tableware.

The history and romance of silver was presented by Mrs. Carrie Rodgers, the program chairman. The chair man's talk traced the history of the spoon, knife and fork from early antiquity and through the cooperation of Oneida Silversmiths, Mrs. Rodgers was able to demonstrate how modern silversmiths interpret these everyday items in fine sterling, silverplate and stainless. The club members were

most interested in an Oneida display showing the major steps in the production of a Community silverplated teaspoon and in viewing the newest company film "Patterned for Dining," a colorsound movie emphasizing the design, craftsmanship, purchasing and use of modern tableware.

Handsome table settings were demonstrated by Mrs. Anna Robison. Highlighting the table settings were examples of Oneida's fine melamine dinnerware, the modern break-resistant dinnerware with the translucency of fine china.

At the close of the meeting Mrs. Opal Daughtry was presented with an attendance prize, a handsome Paul Revere bowl donated by Oneida Silversmiths. A delicious refreshment

course was served to the following members: Mmes. lla Byers, Irene Dyer, Ida Farmer, Novella Vanpool, Doreen Owen, Irma Kirk, Curtis Moore, Em Weatherly, Opal Daughtry, Irene Wright, Carrie Rodgers, Pauline Hefley, Anna Green, Jean Lewis and Pearl Abernethy
