YEAR'S PROGRAM INDEPENDENT OF GOVERNMENT AID

New Policy Designed To Speed Street Improvement; Relief Labor Transferred To Other Projects; Rates Fixed The city administration stepped out with completely new policy on street paving today, first day of the new fiscal year, with adoption of an independent work program under which the city will pay 50 percent of all construction costs.

HALTING OF MINE WORK THREATENED

Strike To Be Called Unless Settlement Is Reached By Night

DETROIT, April 1 (AP)—A sudden outbreak of strikes in General Motors plants that affected 18,400 men at its peak receded today as the company announced that 7,200 men had returned to work in the Fisher Body plant at Cleveland.

Had Money

El Paso county and federal officers were about to set out in search of the hut when Deputy Sheriff H. C. McKemy made the discovery that resulted in Miller's confession.

Under the west-band of Miller's hat he found \$20, although the Boy Scout executive had told authorities the kidnapers took all of his money—\$50 in bills.

Seek Girl In Triple Slaying

Another Model Wanted As Father Of Dead Woman Quizzed NEW YORK, April 1 (AP)—Switching off suddenly on a new tangent in the search for the triple murderer of Beckman Hill, detectives today hunted an attractive blonde model known as "Little Ruth" who they said had lived recently with Joseph Gedeon, 55-year-old father of one strangled victim and estranged husband of the other murdered woman.

LAW PROF HITS

Not Liberal Or Progressive WASHINGTON, April 1 (AP)—Dean Henry M. Bates of the University of Michigan law school asserted today that what has been described by President Roosevelt as a "no man's land" should more properly be called "the people's land." He added the people should decide its use.

TWO ARRESTED IN SWINDLING CASE

U. S. Senator Hitchcock says: "Luckies please both my taste and my throat"

"For close to fifty years I have been a regular smoker, so I think I know what constitutes a good cigarette. Luckies please me on two scores. I like their fine flavor. But even more important is the fact that they are a light smoke, easy on my throat. At any rate, it's results that count, and a light smoke pleases both my taste and my throat."

Herbert E. Hitchcock HON. HERBERT E. HITCHCOCK U.S. SENATOR FROM SOUTH DAKOTA

THE FINEST TOBACCO—THE CREAM OF THE CROP

In a recent independent survey, an overwhelming majority of lawyers, doctors, lecturers, scientists, etc., who said they smoked cigarettes, expressed their personal preference for a light smoke. Senator Hitchcock's statement verifies the wisdom of this preference and so do leading artists of radio, stage, screen and opera, whose voices are their fortunes, and who choose Luckies, a light smoke. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on your throat.

Per Pupil Cost In Local Schools Well Under The Average

City Ranks 16th In List of 22 Cities Of Its Group Behind Westex Points

(This is the second in a series of four articles dealing with the status and problems of the Big Spring Independent school district.—Editor's Note.)

Big Spring's per pupil cost in its schools, based on teachers' salaries, ranks 16th in a list of 22 comparable cities of Texas.

In the list, there are only six cities ranking under Big Spring, and with only one exception, Mexican or negro population is the determining factor in their low figures.

Per pupil cost in Big Spring is \$33.51. Paris, next under Big Spring, has a large negro population. Del Rio, Harlingen, Brownsville, and San Benito have a preponderance of Mexican population. Longview, third under Big Spring, faces a situation kindred to that here—oil and other objects calculated for heavy valuations lie outside the town while those who gain their livelihood from it live in the town.

In South Park (Beaumont) schools, the per pupil cost is \$56.04. In Abilene it is \$42.16. Lubbock \$41.21, Pampa \$37.22, and Sweetwater \$34.84. These compare with the average for the group of \$36.19, substantially above the Big Spring per pupil cost.

On the face of it, the per pupil cost might appear as evidence of economy in operation. However, this figure is obtained by dividing the total teacher salaries by the number of scholars. In this, its true light, the picture is not particularly refreshing.

Chemists say only eight to 15 per cent of the fuel value of gasoline is converted into mileage by the motor car.

Tailor Shops Change Prices

Continued Cutting Of Schedules Here Is Halted

Big Spring cleaners Thursday posted new minimum prices on cash and delivery service, ending a declining parade of prices which reached a new low mark of 15 cents for suits and dresses the forepart of the week.

Nine of 10 local cleaners posted a price of 50 cents for suits cleaned and pressed, cash and carry. Delivery price was 25 cents higher per suit. Ladies plain dresses will carry a similar rate under the new schedule while evening dresses will require a charge of 75 cents at the shop or \$1.00 delivered. Knit suits, swapper suits and mannish suits with short coats are on the 50 and 75 cent rate.

Posting of the new schedule ended a series of price cuts, believed by many to have produced disastrous results to the cleaning business in reducing potential volume and endangering wage scales of 23 employees of the industry in Big Spring.

No prices in Big Spring will be below the figures. The tenth cleaner in the city has clung steadfastly to a schedule slightly higher than the new minimums.

Huge Stage Being Constructed For New 'Cavalcade'

DALLAS, April 1—Construction on the huge stage for "Cavalcade of the Americas," spectacle of the Texas Pan American exposition, will begin at once, according to A. L. Vollmann, producer-director of the big show.

Construction plans call for the use of some twenty-five technicians, carpenters, scenic artists and laborers, which will build the all new stage one-third larger than that of last year's show. This production showed a million and a half spectators in its run.

Brewers' High Rank

Worth, Kan., ranked first in the list of cities in the state for the highest percentage of the population in the brewing industry. The city has a population of 1,100 and 100 brewers.

Sound equipment, the newest and finest ever used in any show, will be installed in time for rehearsals which begin May 1.

BUILDINGS UNSAFE, STUDENTS IN TENTS

STILLWATER, Okla., April 1 (AP)—Six hundred students at Oklahoma A. & M. college today good-naturedly took to tents which

sprouted on the campus after two college buildings were ordered scrapped because they were unsafe.

Sawdust served for the floors and the college installed gas heaters. Eight of the tents, each 26

by 30 feet, were set up. The state board of agriculture ordered the music and arts and English and history buildings vacated. Music and arts students were given space in other buildings. The English and history

classes moved into the tents. The state senate has passed a bill appropriating \$600,000 for construction of two new buildings.

Semi-solid buttermilk is manufactured as a hog and poultry feed.

P. O. Naylor, Clarendon, Tex. farmer, raised a successful tobacco crop in 1936—believed the first in the Texas Panhandle.

THE CHEAPEST THING ON YOUR CAR IS THE BEST TIRES YOU CAN BUY!

DO you know that Goodyear Tires—the world's first-choice—actually cost you less than any other car-operating expense?

Great fleet operators say so. Their accurate cost records on thousands of cars reveal that a full set of Goodyears costs only about one-fifth as much per 100 miles as gasoline—from one-quarter to one-half as much as other everyday expenses!

You've a choice of Goodyears in several price classes—the difference depending upon how much service you want. Each is the top quality tire at its price, because all have the extra

safety and extra value features that have made Goodyears tops in tires.

Why take chances on old rubber when the best tires—Goodyear Tires—are the smallest expense in running a car?

THERE'S A GOODYEAR BATTERY NOW—the better battery you'd expect from Goodyear. Latest improved construction with ample reserve power for all accessories. Made in five models and prices to suit all purposes.

EVERY ONE BUILT TO THE GOODYEAR STANDARD THE HIGHEST STANDARD OF QUALITY AND VALUE IN THE WORLD

Buffet Suppers Popular With Busy Hostesses

ALL SET FOR THE BUFFET SUPPER

A rust-colored linen tablecloth, cream-colored Italian pottery with a rust and green pattern and deep green Italian

glass make effective appointments for this informal Sunday evening buffet supper table. The three-part electric

heater will keep plenty of food warm for second—and even third—helpings.

Many a business or professional woman who is too busy during the week to do any entertaining sets her Sunday afternoons and evenings aside for that purpose. Often she invites her friends in to tea. But still more often she asks them to share an informal supper with her.

Because she has discovered the ease with which the buffet-style supper may be prepared she often serves it in that manner, adding an extra plate or two for the unexpected guests who may join her group at the last minute.

The Sunday night supper generally calls for one hot dish—except in hot weather or in the warmer, semi-tropical sections of the country. With the addition of a hot beverage, a hot bread or a date or nut bread, relishes, jams and maybe a salad and a dessert, her supper is bound to be pronounced more than adequate.

A casserole of creamed oysters—or other sea food—sprinkled with grated cheese and browned in the oven makes a savory Sunday evening supper dish. Green peppers or tomatoes stuffed with corn mushrooms, chicken, veal or asparagus and baked are also appetite-tempting.

Creamed Combinations
 Another tasty combination is a shallow baking dish filled with creamed chicken, turkey, duck or fish and topped with tiny baking powder biscuits—baked until they are a delicate brown.

Other suggestions include a platter—heaped with noodles or rice and surrounded with creamed shrimps or curried veal, Welsh rabbit on toast, or home-baked beans and steamed brown bread.

Potato salad, although it is commonplace, may be made unusually attractive when it is palatably seasoned and served with sliced cold meats, jellied chicken, tongue or meat loaf.

A large bowl of green salad mixed with French dressing may be placed on the table for the guests to help themselves. Frozen fruit, cheese or gelatin mold salads are also both colorful and delectable.

Cheese Biscuits Good
 Cheese biscuits or the increasingly popular popovers make excellent hot breads to add. Toasted cheese sandwiches are enticing with a fruit or vegetable salad when there is no hot dish, by the way.

Tea (try putting a bit of clove in it), chocolate (perhaps with marshmallows) or coffee are all easy to prepare and serve.

A bowl of assorted fruits—it may have served as a centerpiece—or frosted cakes or cookies may provide the dessert. Or, if there's time to prepare something a little more elaborate there are always such things as: coconut layer cakes with orange fillings, cherry or strawberry tarts, chocolate rolls with nougat fillings, or a nut-date ice-box cake.

SUSPECT WANTED IN HOLD-UP ARRESTED

LAKE CHARLES, La., April 1 (AP)—Sheriff Henry Heid of Calcasieu parish and Chief of Police Ebb Baggett, of Lake Charles, have gone to Port Arthur, Texas, seeking custody of Carl Morrow, of Tulsa, Okla., charged with the holdup and robbery of two grocery stores on the night of December 26.

FEDERAL CHIEF TO INSPECT AIRPORT

Announcement has been received by city officials—that D. H. Reed, inspector for the bureau of air commerce, would be here Friday to make a survey of the local airport with a view to future improvements.

A joint federal-city project is seen as a possibility. Reed wired he would reach here at 10 a. m. Friday to confer with local officials.

Farmers' cash income gained 80 per cent between 1922 and 1936, according to the U. S. bureau of agricultural economics.

Gulf Drilling Is Protested

Delegation From Coast Presents Objections To Governor

AUSTIN, April 1 (AP)—A delegation from Texas coastal areas protested to Governor James V. Allred today the proposed drilling of an oil well about a mile from High Island in Galveston Bay.

Having learned the submerged from the state, the Humble Oil company has applied for a permit to drill from the war department, which has jurisdiction over navigation matters.

Governor Allred expressed the opinion that any relief would have to come through the legislature which authorized the leasing, but arranged for a conference with legislative representatives from the areas involved at which the situation was to be studied further.

Henry W. Flagg of Galveston president of the Texas Wild Life Federation and representing the Galveston Commercial association, told the governor the coast country was confronted with a "very serious threat" to health, recreation and business.

He said 20-odd salt domes had been discovered in the submerged areas and denied assertions made at a hearing in Galveston recently by Humble company representatives that oil would not be lost from the wells which might be drilled.

"I think the leases should be cancelled even if the state has to refund the money it received for

them," Flagg said.

Governor Allred suggested the state was "not in much position to protest" after having leased the land.

"The only thing that can be done is through the legislature and I don't know whether we would have the power to cancel even if the legislature rescinded the previous action," he said.

Flagg said it could be done "for the general welfare."

Capt. H. H. Hadden, president of the Galveston Pilots association, suggested the main menace would arise from destruction of well equipment in storms, asserting it could be swept over the entire coast line.

TO TEXAS RELAYS

MANHATTAN, Kas., April 1 (AP)—Coach Ward Haylett and 14 Kansas State college trackmen left today for Austin, Tex., to compete in the Texas Relays this week-end.

The Wildcats will enter eight events.

BANKRUPTCY ACT REVIEW SOUGHT BY STATE OF TEXAS

AUSTIN, April 1 (AP)—The attorney general's department has asked the United States supreme court to review a circuit court decision involving interpretation of the federal bankruptcy act and efforts of the state to collect certain taxes and penalties from the Trinity Refining company of East Texas.

In 1935 the state filed a penalty suit against the company on grounds of violation of law. It asked \$700,000. Later it sought \$300,000 for gasoline taxes.

After the state district court named receivers in the penalty suit, the company filed bankruptcy proceedings in federal court, which approved a reorganization plan and named a trustee to take over assets from the state receivers.

The state appealed to the federal circuit court at New Orleans, alleging the action had the effect of removing from the state jurisdiction over property it had depended on to secure its claims. That court held the state's tax lien was voided by the reorganization proceedings.

Assistant Attorney General William C. Davis said if the decision stood the state laws creating the liens involved would "become virtually meaningless."

INCREASE HOLDINGS IN SO. TEXAS AREA

SAN ANTONIO, April 1 (AP)—Acquisition of 100,000 acres of oil and gas leases out of the J. M. Chittim ranch in Maverick, Zavalla and Dimmit counties from the Eyecade Oil corporation by the Wellington Oil company of Delaware officially was announced by the company's officials in San Antonio this morning.

The deal, second by the company within the last several days, brings the concern's holdings in this area to nearly 250,000 acres.

Cash income from farm marketing and government payments in 1936 is estimated by the U. S. bureau of agricultural economics at \$7,800,000,000.

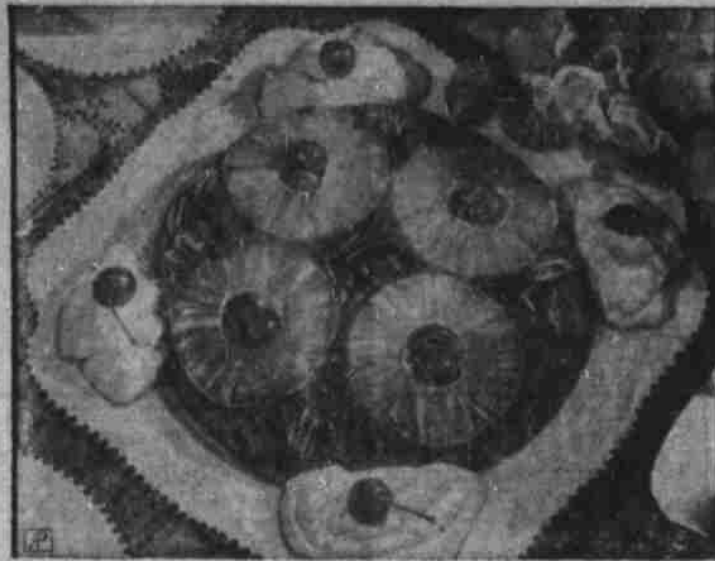

Drunkenness, some scientists say, is caused by loss of oxygen in the body.

Upside-Down Cake With Colorful Garnishes Will Brighten Menu

FINEAPPLE UPSIDE-DOWN CAKE

Massing cherries placed in the centers of the four rings of pineapple which top this upside-down cake make savory and colorful garnishes. The cake may be served plain or with portions of whipped cream.

By MRS. ALEXANDER GEORGE (AP Feature Service Writer) Upside-down cakes get their name from the manner in which they are baked.

In contrast to most pastries—in which the dough is first placed in the container and the other ingredients are then added—the process is reversed in the upside-down cake. In it the sweetened fruit mixture—or other contents—is placed in the bottom of the pan and then covered with dough or batter. After the baking is completed the whole thing is turned out upside-down and served in that inverted manner.

Many kinds of fruits—fresh, canned or stewed—as well as a variety of doughs and batters, may be used in making upside-down cakes. Pineapple, a general favorite, is often blended with apricots or cherries. Peaches, pears and plums also are very popular.

In selecting ingredients to be used in upside-down cakes it is wise to choose the more mildly-flavored fruits for combination with those which have a more pronounced taste. Dates, nuts, figs, raisins, coconut and candied fruits make excellent garnishes to be added to the mixture.

Variety of Batters Ordinarily a butter-cake batter is used to cover the fruit mixture. A sponge or angel-food cake or a rich baking powder biscuit dough may be used, however. And such things as rolled zwieback, toast, graham crackers or vanilla wafers may be substituted for variety.

Since upside-down cakes are usually baked in a frying pan, a heavy frying pan is used. For the earthy ware baking pans, a frying pan allows for the flip of the batter. It also serves to reduce the possibilities of burning. After the cake is baked it should be turned upside-down. It may be served either hot or cold—plain or topped with whipped cream, a thick hard sauce, ice cream or a mildly-flavored sherbet.

Here's a good recipe for a pineapple upside-down cake:

Pineapple Upside-Down Cake
1-3 cup butter,
1 cup dark brown sugar,
2 tablespoons pineapple juice,
8 slices pineapple,
8 red cherries,
1-1/2 cups flour,
3 teaspoons baking powder,
1-3 cup sugar,
2 eggs,
1 teaspoon vanilla,
1-4 teaspoon almond extract,
1-2 cup milk,
3 tablespoons fat, melted.
Place butter, brown sugar and juice in frying pan. Heat slowly and stir until blended. Add pineapple and place cherries in the centers. Mix rest of ingredients and beat 2 minutes and pour over the pineapple. Bake 35 minutes in a moderate oven. Let stand 5 minutes and then carefully turn out.

NATIONAL PRESIDENT OF BUSINESS CLUB TO BE HERE APRIL 8

Dr. L. Wayne Brock, national president of the American Business Clubs, will be honor guest of the local chapter here the evening of April 8. Hugh Duncan, acting president, said today.

The organization's head is making a tour of the clubs in this section. Duncan said a special program was to be arranged in his honor.

Dr. Brock, a Greenville, S. C. optometrist, was twice president of the local chapter here the evening of April 8. Duncan, acting president, said today.

ABANDONED WELL STARTS GAS FLOW

DUNCAN, Okla., April 1 (AP)—A freak gas flow from an abandoned well in the South Doyle pool which started the vicinity 10 miles northeast of here yesterday was regarded today as having opened a new gas area.

The production was discovered when a farmer six miles from the scene asked authorities to investigate "a big noise."

The well is the Helmerich and Payne et al No. 1 Graham. It was making an estimated 25,000,000 cubic feet of gas daily and showing heavy oil late yesterday.

Operators abandoned the wildcat at 5,014 feet after it had penetrated several stray sands, none of which looked productive.

Nice Clothes Make Nice Children

That's The Theory At Okla. State Orphanage, Where No Paddles Used

HELENA, Okla., April 1 (AP)—ed" and the doctor recommended that they wear shoulder braces. They don't paddle problem children at the state orphanage here. Pretty dresses, silk stockings, natty ties and shirts make it unnecessary. "We just naturally 'act like it' when we're dressed up," said Mrs. E. L. Huff, superintendent of the Western Oklahoma State Home for White Children. "All of us are masquerading most of the time, any way."
 "Nice clothes give the children what they seek most, approval of others. It isn't necessary to use a paddle on problem children—we don't paddle them here."
 Mrs. Huff said pretty clothes also aided children in other ways. She said about 25 girls were "going around with their shoulders stoop-

Chorines Sit Down--For Awhile

They Don't Like The Idea Of Imported Models, But Director Fixes That

HOLLYWOOD, Calif., April 1 (AP)—The grim threat of a sit-down strike among all people, a group of Hollywood chorines, broke out today.
 Fortunately, the trouble never got beyond the "I-think-it's-a-dirty-shame" phase and the bevvy of neat sit-downers went on with the show, smiling bravely and kicking high and vigorously and their hearts no longer aching.
 It happened like this:
 The scene was a huge sound stage where the chorus girls were rehearsing an extravagant dance number. The director and stragglers had not returned from lunch. It was an interlude for sober reflection and constructive thinking.
 Betty McMahon, petite blonde dancer, emerged from thought and said, without much heat, that the recent importation of 12 lovely models from New York for a musical film did not seem quite right.
 Another girl dropped a stitch of her knitting and agreed, with some hesitancy. The reasons why the invasion was a bad thing were then gone into and there was much indignation all around.
 Miss McMahon then declared that something should be done about it, and being somewhat a student of

current events, suggested that a sit-down strike would be the most emphatic way of registering protest.
 The idea was embraced noisily and enthusiastically. The situation was tense. At this crisis Dance Director Dave Gould came upon the scene with the inevitable call to arms, legs and rhythm.
 He would, Gould said, model for him a few of the new models. He would avoid hiring any New York models for his shows. Naturally, Hollywood girls were far more beautiful. There would be no need of a sit-down strike. The chorines would not enjoy it very much anyway.
 So the sit-down movement died down in stage number five and gave way to another in two-fourths time.

CLASSES RESUMED AT NEW LONDON
 NEW LONDON, April 1 (AP)—Natural gas from a utility company line warmed survivors of the London school explosion as classes were resumed today for the first time following the disaster March 18.
 Accumulated gas from an oil company's residue line was blamed for the explosion. When students returned early this week for registration, wood fires from debris of the wrecked building furnished heat, but a connection with the utility gas line was completed yesterday.
 Classes were meeting in the gymnasium, handhouse and home economics building. There was a scarcity of seats, but this is to be remedied by Monday, school authorities said.
 Principal Troy Duran said students will receive full credit from the state department of education although equipment for the remainder of the year is not up to standard. Textbooks to replace those lost in the blast have been rushed here. No new teachers were hired. Those who survived the blast are to handle all classes, authorities have indicated.

Fingerprint Plan Offered

Means Of Identifying School Children Is Proposed

AUSTIN, April 1 (AP)—The Texas legislature today again stood reminded of the New London school catastrophe in bills requiring fingerprinting of school children and raising standards in the engineering profession.
 Rep. Harry L. McKee of Fort Arthur, who yesterday introduced the fingerprinting proposal, said the bill would assist in determining identity of disaster victims when other means failed.
 The house passed to final reading a proposal imposing requirements of admission to the construction engineering profession similar to those for entrance to the legal and medical professions.
 Proponents said the bill would raise standards and thereby lessen chances for possible recurrence of a New London tragedy while opponents contended the state engineering board would make examinations so difficult it virtually would be impossible for a poor boy to become an engineer.
 A senate committee reported unfavorably a proposed constitutional amendment permitting the legislature to classify property for taxation. Notice of a minority report was given.
 A teacher tenure bill, intended to provide greater employment security for the profession, was sent to a house sub-committee for redrafting.

Pen Reforms Recommended

Four Changes Advocated For Texas Prison System

WASHINGTON, April 1 (AP)—The prison industries program administration has recommended four reforms in the Texas prison system.
 The board, publishing an exhaustive report on its survey of the state's penal system, urged (1) that prison industries be expanded and diversified; (2) vigorous extension of the present building program; (3) expansion of training activities and facilities; and (4) reorganization of the parole and probation administration.
 The board advocated, as part of its first recommendation, a state law requiring tax-supported institutions and agencies to buy from the prisons all needed goods which the prisons can produce. Its report said about 80 per cent of the penal population in the eleven prison farms, and that a majority of the able-bodied men are employed in agricultural work.
 "Such activity is poor training for men destined to return to industrial backgrounds," the report said.
 The principal recommendation to alter this situation was that a cotton textile mill and hosiery knitting plant be erected. Detailed estimates prepared by H. Earl Gray, supervisor of industries at Eastern State penitentiary in Philadelphia were included in the report to show that the state-own market in Texas provides sufficient outlet for the industry.
 The building program was urged to eliminate overcrowding and to provide all farm units with adequate fireproof dormitories which meet accepted standards for prison housing. New concrete dormitories are crowded, the report said, adding that obsolete, unsanitary wooden firetraps serve as dormitories in many of the camps, filled with double deck bunks placed close as to almost touch each other.

SPECIAL SALE ON PEARS IS OFFERED

Announcement of a national canned fruit sale in April has been received here by officials of Safeway Stores, Pacific Coast Bartlett pears will be the headline feature.
 "A bulletin from the Pacific Coast Canning Pear Stabilization Committee," it was said, "reports large shipments of canned pears into the retail markets of the country. Owing to a surplus of stocks carried over the 1936 crop pears have been the weakest spot on the canned fruit list. This has made them comparatively attractive in price and the carry-over is now being moved into consumers' hands to make way for the 1937 crop."
 "While Safeway Stores are lending a hand in the movement of this surplus of pears, for the benefit of growers and consumers alike they will also offer special inducements in all the popular canned fruits in advance of the summer season of fresh fruits. Improvements in the packing and grading of canned fruits have made them a luxury ready for the table without further preparation."
 Facts in regard to the canned pear situation, submitted by the stabilization committee included the following statements: There was a carry-over of one million cases on June 1 last; the 1936 pack was in excess of five million cases, nearly a million cases above the average for a five-year period; export sales last fall fell off about 200,000 cases; all shipments were seriously affected by the maritime strike; present canned pear stocks are estimated at over 3,000,000 cases, fifty per cent above normal.

PROPAGANDA INQUIRY IS RECOMMENDED

WASHINGTON, April 1 (AP)—The house rules committee approved today a resolution for a congressional inquiry into alleged propaganda against the American form of government.
 The resolution was sponsored by Chairman Dickstein (D-NY) of the

Soil Loss Set At Millions Yearly In US

Conservation Chief Warns Cost By 1987 May Reach 50 Billion

WASHINGTON, April 1 (AP)—The United States is squandering its soil resources at the rate of more than \$400,000,000 a year, according to H. H. Bennett, chief of the soil conservation service of the department of agriculture.
 Bennett, who has been crusading for 10 years for soil conservation, estimated 100,000,000 acres of agricultural land already has been ruined or seriously improved—lost by erosion during the past 100 years. Erosion has ruined his way on another 200,000 acres, he said.

Millions of gullied farms, washed bare of top soil are "grim evidence that the people of this sparsely populated nation have been squandering their rich heritage of productive soil more rapidly than any other nation, civilized or barbaric, of which we have any record," Bennett said.
 "More Fertilizer Required"
 The nation's soil plant is becoming less and less productive because of wind and water erosion, Bennett said. Fertilizer must be used in ever increasing quantities, he said. This has added considerably to the cost of crops.
 "Unless we make rapid advance against the inroads of soil erosion, the cumulative cost to the nation during the next 50 years is likely to exceed \$20,000,000,000 and may easily extend to beyond \$30,000,000,000," Bennett said.

HEARING CALLED ON DISPOSITION OF LAND ON STATE BORDER

WASHINGTON, April 1 (AP)—Rep. Phil Ferguson of Woodward, Okla., announced today the house public lands committee will conduct a hearing April 6 on his bill governing disposition of land in a boundary territory between the Texas and Oklahoma panhandles.
 Ferguson's office said the interior department approved the measure. It would provide that a citizen who can show he has held public land south of the Cimarron base line in Oklahoma and north of the "north line" of Texas "in good faith" for not less than ten years may enter a tract of not more than 160 acres, and receive a patent for \$1.25 an acre.
 The federal government would relinquish title to present owners of townsite lands.
 A strip 150 miles long and up to 300 feet wide is involved. The land in question was withdrawn from sale or settlement by executive order in April, 1934, pending legislation authorizing disposal.
 "There are many improvements within the strip, most of which are the property of Texas landowners," acting Secretary Charles West of the interior department said in a letter to the committee.

Work of Ages Whisked Away

Nature takes thousands of years to build an inch thick layer of soil, Bennett said. It nature's protection for that soil—grass and trees—are removed wind and rain may sweep away in a few hours the work of centuries.
 "It is somewhat alarming to realize that over a vast area nature is removing this irreplaceable asset (soil) a hundred or a thousand times faster than she is creating it, simply because we have ignored her fundamental laws."
 Erosion, in the geological sense, is older than man. Even under normal conditions rain and wind gnawed away the soil base, washing some topsoil down to the sea or scattering a little of it here and there by wind.

U. S. Called Most Wasteful

"But, probably no nation in history has been so wasteful of soil or so oblivious to the natural laws governing its stability as the United States. There are many reasons for this."
 "Only a little while ago this was a pioneer country, exuberant, impatient, and over-optimistic. Impatient and over-optimistic about the inexhaustibility of its natural resources. It was perhaps inevitable that our ancestors should dig the soil with little thought of future consequences."
 "In their eagerness to grow crops, and still more crops to feed the hungry mouths of an expanding industrial civilization, they cut down trees and burned the underbrush. They turned the sod and plowed the steep slopes, stripping the land of its native mantle of vegetation, leaving it unprotected against the erosive forces of wind and water."

MRS. WARD REPORTED TO BE DOING WELL

Word received from the bedside of Mrs. John W. Ward, in a Berkeley hospital following injuries received in a fall aboard a Santa Fe train in Los Angeles several days ago told her condition being as well as could be expected. Mrs. Ward, who had been in Big Spring for several weeks on a visit to friends, left here March 18 for San Diego, where she visited a sister-in-law. It was on her return to her home in Berkeley when the accident occurred. It was reported Mrs. Ward lost her balance while walking in the Pullman car as the train gave a sudden lurch, throwing her to the floor. She was taken off the train at Los Angeles and taken to a hospital for first aid treatment, later being taken to a hospital in Berkeley, where she underwent an operation Wednesday morning. It was thought she sustained a fractured hip.

M. E. Conference Delegates Named

Delegates to the annual district conference of the Sweetwater district of Methodist churches to be held in Colorado on May 4-5 were selected Wednesday evening at a church meeting.
 Those named were Mrs. Fox Stripling, Mrs. J. V. Davis, Mrs. C. A. Bickley, Mrs. W. K. Edwards, Mrs. Horace Penn, Mrs. C. E. Talbot, Mrs. N. W. McClintock, Mrs. V. H. Fiewellen, Mrs. C. E. Thomas, and Messrs M. E. Ooley, C. E. Talbot, W. A. Underwood, L. B. Clough, Horace Penn, S. P. Jones, Pascal Buckner and R. L. Price.
 The value of all farm lands and buildings in the United States as of 1936 is estimated by the U. S. bureau of agricultural economics to be 24 billions dollars.

THE SPORTS CIRCUIT Settles And Cosden Teams In Practice

TWO SOFTBALL teams, figured to be near the top in the local league, issued the first call for practice Wednesday.

The Cosden Oilers, boasting about 13 men, held their initial drill on the East Third diamond.

John Buck, freshman arts and sciences student in Texas Technological college, next week will attend national AAU boxing contests in St. Louis, Mo.

Football, as well as baseball fans, should be considerably interested in seeing the Fort Worth Cats play the New York Yankees in Fort Worth next week.

Ben Daniels' junior Calves softball team added another victory to the string yesterday afternoon.

Last night the Devil team, another of Ben Daniels' softball aggregations, polished the Lee's Stars team.

Calves, Devils COP DECISIONS Ben Daniels' junior Calves softball team added another victory to the string yesterday afternoon.

NO FOOLING THIS TIME, THEY SAY Johnny Allen Scheduled For First Round

By WILLIAM WEEKS CHICAGO, April 1 (AP)—No fooling! At last Heavyweight Champion James J. Braddock and his manager are going to keep their date to talk plans with Promoter Joe Foley for the titleholder's proposed 15-round battle with Joe Louis at Comiskey Park, June 22.

At least Foley didn't think there was any fooling going on this time. Gould announced last night in New York that he and Braddock would leave for Chicago today to "see what the situation is."

Foley was prepared to inform Gould that Chicago wants the fight, a point the champion's pilot was reluctant to go for last week. The Illinois house of representatives smothered the \$10 "top" bill removing Gould's biggest objection to Chicago, and Mayor Edward J. Kelly has formally stated that he and his charter centennial jubilee committee are eager to have Braddock and Louis slug each other here.

Further indication that something tangible was brewing was provided by the arrival last night of Julian Black, one of the Brown Bomber's co-managers. Black detached himself from the team's "barnstorming" party to look over training sites, five of which have been suggested.

Foley said Gould's plans to keep the long overdue appointment "definitely put the Chicago proposition on its feet." He admitted, however, he did not plan to let optimism get the better of him pending action in Madison Square Garden's campaign to force Braddock to fulfill his contract to fight Max Schmeling in New York June 3.

Brewers Win High Ranking In AA Chase Milwaukee Must Rebuild 1936 Champ Team, However

(Editor's Note: Prospects of American association teams for the coming season. Today: Milwaukee.) United Press Associations

BILOXI, Miss., April 1 (UP)—The cunning which carried Allan Sothoron to the heights as a major league mound star are being devoted to the task of rebuilding a championship club whose ranks have been depleted by the advancement of its 1936 stars.

Sothoron saw his club finish five games in front a year ago, but the dynamite that carried the Brewers to the pennant has been called up by the majors.

Detroit, Cleveland and Brooklyn picked freely from Milwaukee and missing are Rudy York, the association's most valuable player (who may be returned); Chet Laabs, sterling outfielder, and pitchers Clyde Hatter, Luke Hamlin and Joe Heving.

When the squad assembled here only two of the 11 pitchers on the roster were with the Brewers. They were Garland Braxton, who won nine and lost 12, and Forrest Presnell, who turned in 19 triumphs against 9 defeats.

Outstanding among the newcomers and almost certain to be starting hitters are the veteran George Blumenthal, who won eight and lost four last season with Cleveland, and Ralph Winegarner, who divided his time between Cleveland and New Orleans. Winegarner broke even on 14 decisions. Both are right-handers.

Johnny Allen Scheduled For First Round Cleveland Indians Attempt To Make It Two In Row Over Milwaukee

By The Associated Press NEW ORLEANS, April 1—Johnny Allen was scheduled today for his first round appearance of the season as the Cleveland Indians attempted to make it two in a row over the Milwaukee Brewers.

The Tribe's only 20-game winner last season was to be followed by pitchers Al Milnar and Denny Galehouse. DRESSEN STILL LOOKING FOR BOXING COACH—TAMPA, Fla.—Assigning Peaches Davis and Jake Mooty to hurl against the Detroit Tigers today, Manager Chuck Dressen of the Cincinnati Reds said he still was looking for a boxing coach and would like one who could "double" as a bull-pen catcher.

TRAYNOR TO USE THREE ROOKIE PITCHERS—SAN DIEGO, Calif.—Manager Pie Traynor will send three rookie pitchers, Kenneth Heintzelman, Wasco, and Bauers against the San Diego club in an exhibition game tonight.

BROWNS TRYING TO GET CATCHER CLIFF BOLTON—ORLANDO, Fla.—Clark Griffith, owner of the Washington club, admitted today the St. Louis Browns are trying to get catcher Cliff Bolton, who left the Senators' camp without leave two weeks ago. Griffith, seeking to strengthen his outfield, has his eye on Joe Vosmik of the Browns.

PHILS TACKLE FAST-STEPPING SENATORS TODAY—WINTERHAVEN, Fla.—The Phils tackle the fast-stepping Washington Senators at Denison field today, seeing a third consecutive triumph. Bucky Walters and Wayne Lamaster turned in their second shutout at the expense of the Brooklyn Dodgers as the Phils won, 1 to 0, yesterday.

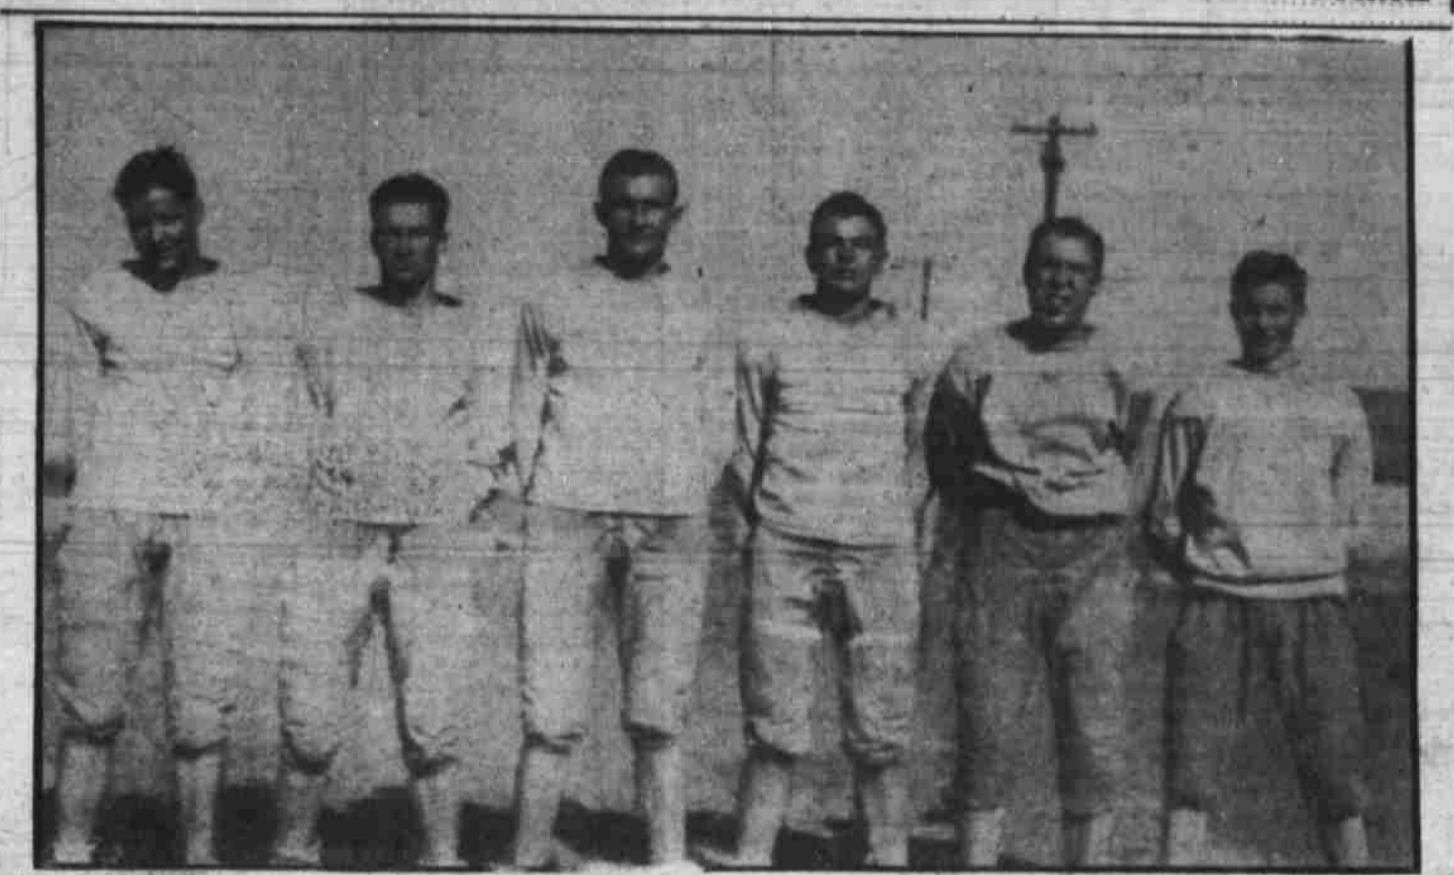

GIANTS TO START SEASON WITH OLD TUBING STAFF—GULFPORT, Miss.—The New York Giants will start the season with substantially the same pitching staff that hurled the club to the National League pennant last year. Only Cliff Melton, secured from Baltimore, is new to the corps which Manager Bill Terry calls "the best pitching staff in baseball."

MCCARTHY NAMES GOMEZ AS MOST IMPROVED PLAYER—ST. PETERSBURG, Fla.—On the eve of an exhibition tour in Texas and Oklahoma, Joe McCarthy, manager of the New York Yankees, named Vernon Gomez as the most improved player on the squad.

GRIMES EXPECTS 33-YEAR-OLD ROOKIE TO BE BIG HELP—CLEARWATER, Fla.—Luke Hamlin, a 33-year-old rookie, is counted on by Manager Burchleigh Grimes to help Van Mungo and Fred Frankhouse, leading Brooklyn Dodger hurlers, in the pennant chase.

TROUT GETS CHANCE FOR REDEMPTION TODAY—LAKELAND, Fla.—Paul (Dixie) Trout, divested of his comic tendencies by the St. Louis Cards in one long, hard inning recently, got his chance for redemption today in the eyes of the Detroit Tigers. Trout, rookie right-hander, was named to start against the Cincinnati Reds.

THESE STEER BALL LUGGERS LOOKED GOOD IN TUESDAY GAME

Here are the backs who impressed coaches with their work in Tuesday night's intrasquad football game at Steer stadium. Left to right: Harold Neel, a good running back who may be developed into a good blocker; Raymond Lee Williams, one of the best passers in several years; Weldon Bigony, center of the running attack; Charles Ray Settles, a shifty-hipped youngster with great possibilities; Harold Bethel, a freshman who showed great promise in Tuesday's game; and "Red" Womack, 116-pound lad sure to play a great deal next fall.

Smith, Cooper Favored As Augusta Golf Starts

NEW YORK, April 1 (AP)—Get ready for the big foot race. Clark Griffith has bet Tom Yawkey that Shanty Hogan will beat Rick Ferrell in a 90-yard dash when the Senators pay their annual visit to Beantown in June. "The Old Fox" who doesn't make many baseball mistakes, is completely sold on Hogan's comeback. . . . Pedro Montanes is a 7-5 favorite to whip lightweight champion Lou Ambers in the Garden Monday night. . . . Burgess Whitehead of the Giants swears he never saw the ball when Bob Feller fanned him on three high hard ones at Vicksburg.

Same old Dodgers: Van Mungo swung so hard at a pitch the other day he knocked the mask and cap right off catcher Babe Reeps. . . . Tom Yawkey must have the patience of a Job. . . . Says now a berth anywhere in the first division will satisfy him this year. . . . Bill Brandt, National league publicity director, says Elbert Fletcher, Boes first sackler, was the hottest rookie he saw on his swing around the Florida camps. . . . Max Schmeling has been trans-Atlantic telephoning Joe Jacobs again. . . . Job Charlie Dressen dreads most of all is cutting his big Cincinnati squad to 23 men. . . . Fred Perry says he's going back to England this summer, sit in a front row box in Wimbledon stadium, light a big black cigar, and say to the boys: "Now play, damn you play." . . . Five of the eight American league first sackers will bat in the cleanup spot this season. . . . One of the detectives who helped solve a big murder mystery in Buffalo recently was Edwin (Algy) McGuire, national routing champion in 1923.

Two lions in Clyde Beatty's wild animal act at the Hippodrome went on a sit down strike at the second matinee yesterday. . . . They're tired of having to do three shows a day this week," said Beatty. . . . Bob Harlow, who quit ballooning in the P.G.A. after a feud with some of the officials, is dallying with the idea of a golf league in Florida next winter with eight cities, each represented by a two-man team. . . . Don't let anybody April fool you.

Amateur Battles Slug Way To Regional Titles ALBUQUERQUE, N. M., April 1 (AP)—Seven amateur battlers slugged their way to regional AAU titles here tonight and won the right to compete in the national AAU meet at Boston.

The delegation leaving here Monday for Boston will include Tony Numkens, featherweight, and Quint Thompson, flyweight, both students of the U. S. Indian school at Albuquerque.

Jimmy Faust, light heavyweight, Littlefield, Tex., ions Texas to teach the finals, who was kayped in the third round by Billy Henderson of Portales, N. M.; Heavyweight, Harold Banks, Santa Fe, N. M.; Lightweight, Ralph Gallegos, Albuquerque, N. M.; Bantamweight, Frank Higgins, Lea Vega, N. M.; Welterweight, Benny Valencia, Bato, N. M.

\$5,000 'Cap-Tops Bowie Race Opening

Eleven Thoroughbreds In Major Race Of Seven-Event Inaugural

BOWIE, Md., April 1 (AP)—The Bowie Memorial \$5,000 handicap for three-year-olds and upwards over six furlongs featured the opening today of a nine day old Bowie race meeting, first of the eastern spring season.

Eleven thoroughbreds were entered in the major race of a seven-event inaugural program expected to draw 12,000 enthusiasts.

Cool, clear weather was forecast, with a fast track. Post time for the first race was 1:30 p. m. (CST).

Alfred G. Vanderbilt's Speed To Spare carried top weight of 115 pounds in the Bowie Memorial. Arab's stable's Struck, Gusto and Bonar stable's Billy Bee were assigned 111 pounds.

Also entered were Enger stable's Zev, W. Gallagher's Rudie, E. K. Bryson's Honey Cloud, Shandon farm's Quincy and Myrtle, A. C. Compton's Weston, T. F. Sward's Vote Boy and Arabo stable's New Idea.

A 5 1/2 furlong event for three-year old fillies drew seven entrants. All but the feature race carried \$1,000 purses.

About 1,000 horses, most of them shipped from California and Florida winter tracks, are quartered here. Bowie is offering about \$75,000 in purses.

HOUSTON BUFFS BUY MUELLER

HOUSTON, April 1 (AP)—The Texas league Houston Buffs announced purchase today of Emmett (Heinie) Mueller, fiery little second sackler, from the St. Louis Cardinals. Mueller was sold to the Cards by the Buffs at the end of last season and had been in the Cardinal Florida camp this spring. He hit .288 for the Buffs last season.

The Buffs today turned five rookies over to the Jacksonville club of the East Texas league. They were Wysock, a catcher, Peterson and Gilbert Turner, outfielders, Phinney, an infielder, and Bob Thomas, southpaw pitcher.

Perry Holds Odd Match In Five Over Tilden

DETROIT, April 1 (AP)—Fred Perry, English tennis ace, held the odd match in five over Bill Tilden in their professional tour today.

Perry, plainly the aging Tilden's physical superior, won three straight sets, all 6-4, to clinch their five-match engagement last night. The tour ends in Boston Monday.

'Controlled Cost' Method Offered In Air Conditioning

Out of the eight basic systems of air conditioning a space, Deleco-Frigidaire conditioning division of General Motors Sales Corporation has developed a simplified method of equipping the average business house with the kind of atmospheric conditions it needs and can afford.

Frank Howell of the Carl Strom Home Appliance store, local dealer, announced on his return from a district meeting of factory executives and dealers at Fort Worth.

"The new idea is called 'controlled cost,'" said Howell, "because the proprietor of the business can specify exactly the kind of air conditions he wants, and can limit the capacity and functions of the equipment to fit his individual needs."

"No matter which of the functions of complete air conditioning he wants—cooling, dehumidifying, cleaning or circulation of air in the summer, or heating, humidifying and circulation of air in the winter—we can now 'tailor' the installation to fit his requirements and ability to buy."

ENTER NINE EVENTS COLLEGE STATION, April 1-3
Coach J. W. (Dough) Rollins' Texas Aggies, battling the weather in an effort to keep in condition, will enter nine events, including four relays in the annual University of Texas Relays, Saturday, April 3 at Austin.

Mrs. Ruth Joiner arrived Wednesday to stay for awhile with her father who has been ill for an extended period. Miss Dorothy Tyler visited her Sunday afternoon.

Mr. and Mrs. Harry Morris of San Angelo are visiting in Big Spring. Mr. Morris is manager of the Roberts hotel in San Angelo.

21 TAXES ON OIL ASSAILED IN ADDRESS AT INDUSTRY PARLEY

DALLAS, April 1 (AP)—Jake L. Hamon, president of the Texas Mid-Continent Oil and Gas association, said here today the 21 taxes on oil were like a runaway team.

"With these tax horses it is not only one but 21 of them, all heading in different directions!" Hamon said. "These multiple, unchecked forces are endangering the economic life of the people of Texas, jeopardizing their present source of tax revenue, and the vehicle—oil—is being slowly dragged to destruction."

Hamon, speaking at the spring meeting of the southwestern district, A.P.I. division of production, listed the taxes on oil production as follows: Gross production tax, gross receipts tax, franchise tax, pipe line regulatory tax, unemployment tax, gasoline tax, car and truck license tax, state ad valorem tax, county ad valorem tax, common school tax, rural high school tax, independent school district tax, road tax, water improvement tax, drainage tax, levee improvement tax, irrigation tax, navigation tax, conservation and reclamation tax, fresh-water supply tax, and city tax. In addition, he said, huge taxes are paid to the federal government.

Up 433 Percent

"Figures collected and analyzed by the Texas Mid-Continent Oil and Gas association show that Texas oil producers are paying \$5.39 in taxes for every dollar of tax paid in 1922," Hamon said. That means

the tax bill has increased 433 per cent, he explained, while the market value of Texas oil has shown an increase of only 147 per cent over the same period.

The speaker cited figures to show the oil industry's contribution to the economic life of the state. Hamon said that improvements in refining and that conservation measures would prolong the state's oil reserves, assuring the taxing units a source of income over a longer period.

Industry Driven Out

Hamon warned, however, that "high taxes have worked a serious hardship upon independent oil producers who own and operate about 40,000 pumping wells in the state." He said that the effect of imposing too heavy a tax burden on industry was shown by the results in Wisconsin, Massachusetts and New York. Many industrial plants have moved to other states, the speaker stated.

He said Texas needed new industries and new capital for old industries, including the expansion and development of the oil industry.

"Advocates of higher gross production taxes on Texas oil should carefully consider the effects of making taxes reach the stage where they become unbearable and drive oil out of the state," Hamon said. "A number of other states are now bidding for Texas oil men, Alabama, Mississippi, Nebraska,

ITEMS FROM MOORE

Chapel services were conducted Monday morning by Rev. H. C. Goodman, pastor of the Tabernacle Baptist church of Big Spring. Miss Twila Lomax was in charge. Visitors at chapel exercises were: Mrs. W. H. Ward, Madison Smith, and Mrs. Curtis Wray. Due to severity of weather the attendance was somewhat less than usual. Mrs. Jack Edwards will have charge of chapel exercises next Monday morning.

Miss Arah Phillips gave a party for her fourth grade spelling class last Thursday afternoon. Games were played in the gymnasium with Madison Smith as director. Following the games and an Easter egg hunt, refreshments of ice cream and cake were served to the following: Vera Dean Payne, Joy Snider, Dorothy Jean Phillips, Martha Sullivan, Jack Grant, George Brown, Johnnie Hays Broughton, Pabelo Gorzales, Freddie Phillips, Vernon Fields, Earl Lusk, Bill Newton, Louise Wheeler, Josephine Brown, Yoy Payne, Mary Lou Digby, Estelita Gonzales, Nancy Sullivan, R. C. Stewart, Billy Barber, Billy Hayworth, George King, Virginia Sullivan, Geneva Brown.

Arizona and Canada are all offering state appropriated bonuses, for oil recovery and the chances are strong for major discoveries in some of these very states.

Several of the men of this community went on a fishing trip to Old Mexico last Monday. Those making this trip were: G. O. Broughton, Dale Hart, Milton Broughton, Johnnie Phillips and others.

Members of the tenth grade will present a play entitled "Eyes of Love" here next Friday night, April 3. The cast of characters is as follows: Carolina, a negro servant—Callie Wheeler; Faylia, an adopted daughter—Anna Smith; Reeta, a two-faced friend—Margaret Wheeler; Bert Wade, Reeta's brother—Lawrence Adkins; Mrs. Barry, Gaylia's foster mother—Virginia Sullivan; Lora, a lively housemaid—Geneva Brown; Clark, a butler—G. C. Broughton; Judge Barry, Gaylia's foster father—Leo Hull; Royal Mantos, Burt's rival—Jim Grant; Jim Rankin, the manacled man—Victor Watta. Ticket sale is being conducted by these pupils: Delbert Shultz, Rawleigh McCullough, Dean Forrest, Virginia Sullivan, Anna Smith, Helen Snider, Geneva Brown and Edith Brunson.

Those from this community going to a party given by Miss Velma Roy at her home in the Center Point community last Saturday night were: Miss Virginia Sullivan, Joe Lusk, Carl Grant and W. D. Sullivan.

Mr. and Mrs. C. C. Harris visited relatives at Stanton last week-end. Charles Adkins, who is enlisted

Callie Wheeler, Margaret Wheeler, Victor Watta, Jim Grant, Leo Hull, Lawrence Adkins, Mr. and Mrs. G. C. Broughton and son, Robert Wayne, Mr. and Mrs. Milton Newton and son, David Lee, Mr. and Mrs. Lester Newton, M. L. Rowland, Madison Smith and Misses Arah Phillips and Twila Lomax.

Miss Sue B. Mann, state supervisor of rural schools, who has been visiting in Big Spring for the past few days, visited in this school Monday morning.

E. D. and George Snider are in Vista, Calif. on business.

There was a good attendance last Sunday at the Easter program presented by the student body. Following the Easter program an Easter egg hunt was participated in by those present. The program was as follows: History of Easter, Lawrence Adkins; song—"Hail the Mighty King," first, second, third, fourth, fifth and sixth grades; the Easter Wreath girls from the third and fourth grades; song—"O Happy Bella," seventh and eighth grades; Easter reading, Muri Raye; Easter pageant, fifth and sixth grades; song—"The Easter Story," seventh, eighth and tenth grades; reading—"The Easter Story," Donald Phillips; Honor Thy Father and Thy Mother, Leo Hull and Victor Watta.

Mrs. S. J. Williams, who has been staying with her daughter, Mrs. W. P. Pettey for the past few months, has returned to her home in Texarkana, Ark. She plans to visit relatives in Jamestown, Tex. this spring and return here this summer.

Joe Graham of Coahoma visited relatives in this community last Sunday.

Those from this community attending the regular Sunday afternoon singing at the Tabernacle in Big Spring last Sunday afternoon were: Misses Twila Lomax, Arah Phillips, Anna Smith, Louise Douglas, Geneva Brown, Virginia Sullivan, Roslyn Hayworth, Dollie Jones, Helen Snider, Viola Pettey, Eva Mae Turney, Mrs. W. P. Pettey, Misses Ruby and Mary Pettey, Mr. and Mrs. Jack Edwards, and others.

Miss Mary Pettey visited Mr. and Mrs. Clarence Todd in Big Spring last Sunday.

Misses Roberta Wheeler and Pauline Pettey visited Miss Wynell Todd of Big Spring last Sunday.

There will be volleyball games in the gymnasium next Saturday night. The public is invited to come and have a good time in a game that all can enjoy.

Rev. H. C. Goodman will fill his regular appointment here next Sunday, April 4 at 3 o'clock.

Fairview News

J. N. Lane moved home Saturday from Big Spring, where he had been staying with a sister while recuperating from a gun wound in the foot, suffered accidentally while on a rabbit hunt.

Word has been received here that Mrs. L. H. Thomas underwent an eye operation in a Dallas hospital last week. She will remain there for treatment for at least 10 days. Her husband is there with her.

Mrs. J. W. Wooten has been suffering from an eye ailment the past few days.

Haskell Grant has been ill for the past few days.

Little Billie Hammock has been absent from school on account of illness.

Pupils of the Fairview school had an Easter egg hunt last Friday afternoon.

Mrs. Oma Appleton and Mrs. Bell and her children, Robert and Joe, from Big Spring, visited in the J. N. Lane home last week-end.

Miss Emma Jo Grover spent the week-end in Brownwood visiting relatives.

Mr. and Mrs. Taylor Hopper of Coahoma visited in the home of Mrs. H. Hopper Sunday.

Miss Bonnie Prather of Coahoma was a guest of J. L. Hopper.

J. Hatch visited in the Langley home Sunday night.

Mrs. Johnson and children of Hobbs, N. M., are here for a visit with her mother, Mrs. Dick Hatch. Mr. and Mrs. Happy Hatch also are visitors in the Dick Hatch home.

Fear is felt that all the fruit in this area has been ruined by the cold weather of the first of the week.

Church service was well attended last Sunday, there being 75 present for the Easter program. The ladies' Bible class presented a reading and presented two playlets and several readings. The program was directed by Mrs. Carl Grant and Mrs. Smith. After the service, Mrs. Cleotis Langley was hostess to the youngsters for an Easter egg hunt and picnic lunch. Young people of the church were guests of Mrs. Grant on a picnic at Wild Horse canyon. About 50 attended this affair.

History To Repeat In National AAU Handball

CHICAGO, April 1 (AP)—There was every reason to believe today that recent history will repeat itself in the National A.A.U. handball championship.

Joe Platak of Chicago, defending singles champion, defeated Joe Golden of Long Beach, Calif., 21-3, 21-3.

The doubles champions, Joe Gordon and Andy Berry of Los Angeles, eliminated Joe Goodreau and John Endwick of Cleveland, 21-14, 21-20. Platak was paired today with Joe Sprencro of St. Louis who conquered Ed Rawlings of Kansas City, 21-11, 21-5.

Leal Schurman and Lewis Townsend arrived last night from Brownwood to spend several days with Schurman's parents, the Rev. and Mrs. G. C. Schurman. Both boys are students in Howard Payne college.

Miss Myra Walker is the guest of Mr. and Mrs. Joe Ogden.

MAN'S BODY FOUND IN DALLAS CREEK

DALLAS, April 1 (AP)—Funeral services will be held here this afternoon for James C. Allen, 35, found drowned yesterday in Turtle creek. He is survived by his widow; five brothers, W. J. Allen and G. L. Allen of Dallas; F. M. Allen, Hoboken, Ga.; H. A. Allen, Weatherford, Tex.; D. R. Allen, Lovington, N. M.; and two sisters, Mrs. J. W. Wigginton, St. Joseph, Mo., and Mrs. J. H. Hollmark, Fort Worth, Tex.

Allen, a resident of this city 21 years, was sales-service manager for the Otis Elevator Co. He had been missing since Saturday when he telephoned home that he would return in "a couple of hours."

The body was found near Stone Creek drive approximately 20 feet from his submerged automobile.

Police believed his death was an accident, although a murder theory was being investigated.

Landis Investigates Sale Of Tommy Henrich

NEW ORLEANS, April 1 (AP)—Kenesaw M. Landis, baseball's high commissioner, chose April 1 to learn whether there was any footling when young Tommy Henrich, back-batter outfielder, was sold to Milwaukee by the New Orleans club of the Southern association.

Henrich, who has expressed a belief his sale to the Brewers with Pitcher Ralph Winegarner for \$7,500 was a "cover up" deal engineered by the Cleveland Indians, wants to be declared a free agent if his suspicions are substantiated. But if the judge finds the sale was proper, Tommy says it will be all right with him.

EASIER IRONING

• Faster heating, better heat control and smoother ironing surfaces of the new automatic electric irons will make your ironing task easier and quicker and help you do a smoother and better job.

Find out for yourself how much easier it is to iron with a new automatic electric iron. These irons are sold at our store and by other stores which sell electric appliances.

WHY NOT FOLLOW THE Signs of Spring?

SIGNS OF SPRING cannot be overlooked, even by the most self-centered individual. They are too many, too varied and insistent. Birds that return, hedges that pop into leaf, and a restless stirring in human hearts.

But there are other Signs of Spring that point the way to increased happiness along all the trails of Summer—the advertisements in this newspaper. Think of them as guideposts to value. If you overlook these signs, you will spend without adequate information about new things, better products, more beautiful and satisfying merchandise. These advertisements, truly, are the official reports to you by the best manufacturers of the nation, who season by season combine science and art with vast resources to place better things at your disposal.

And every time, the advertisements speak with authority. They are signed by firms of standing and repute. You can trust them... and profit well by them.

MORGAN NEWS

There will be a singing session at the school Friday night. Everyone is invited to attend.

Mrs. John Buchanan and baby of Fluanna are visiting her parents this week.

Morgan school is the proud possessor of the silver loving cup awarded in the choral singing contest of the interscholastic league. The school also won nine ribbons in the county events last Friday.

Mrs. J. E. Mansfield is recovering from a knee injury suffered two weeks ago.

Miss Anne Martin, county superintendent, and members of the board of trustees visited the school last week.

Mr. and Mrs. Lawrence Gilmore and son, Richard, visited her parents, Mr. and Mrs. J. B. Mansfield.

Mr. and Mrs. Albert Smith were dinner guests of George Kennedy Sunday night. The event was in honor of the latter's birthday.

Mr. and Mrs. R. R. Kennedy recently visited his parents, Mr. and Mrs. George Kennedy.

Miss Lena Mae Mansfield, who has been working at Ackerly, has returned home.

Mr. and Mrs. Robert Hollis and daughter and Mr. and Mrs. Albert Smith were dinner guests of Mr. and Mrs. Dock Wallace Sunday.

Mr. and Mrs. R. D. Hale and children visited Mr. and Mrs. Guy Wallace Sunday afternoon.

Several from this community attended the singing and Easter egg hunt at Salem Sunday afternoon.

Mr. and Mrs. Estom Barbee visited his parents of near Big Spring Sunday afternoon.

Miss Betty Kennedy was honored with a birthday party at the school recently.

Mrs. John Kennedy was honored on her birthday with a party at which the following were guests: Miss Jeanette Mansfield, Mrs. Bessie Kennedy, Mrs. Nettie Kennedy, Mrs. Carl Hopper, Mrs. Milt Ray, Mrs. Dan Dodson, Mrs. Dock Wallace, Mrs. Guy Wallace, Mrs. Lois Barbee, Mrs. Buchanan, Mrs. Cleve Tyler, Mrs. Lora Joiner, Mrs. Mary Joiner, Mrs. Hopper and Mrs. Clyde Barber.

College Athletes Start Swinging Padded Gloves

SACRAMENTO, Calif., April 1 (AP)—Forty-six young men of education dust off the old college sweat tonight and start swinging padded gloves in the 1937 national collegiate boxing championships.

The biggest show of its kind in the country comes to the west coast for the first time with 21 conference champions, half a dozen former title holders and many who missed fitting on a regional crown by one or two flicking punches.

Out of the flurries of leather, sore jaws and puffed eyes, will emerge eight new champions in divisions ranging from the peswee 115-pounders to the heavyweights whose bulk always spell football to the autumn species of athletic coach.

The old south dominates in manpower contributed by 16 universities and colleges with 25 boxers listed from that section.

Semi-final bouts will be fought tomorrow night with the finals Saturday evening.

Seeded Rivals Block Bryan Grant And Riggs

ATLANTA, April 1 (AP)—Atlanta's Bryan Grant and Los Angeles' Bobby Riggs found seeded rivals blocking the way today in the quarter finals of the Atlanta invitational tennis tournament.

The top-seeded Georgia veteran stacked his five feet, four inches and No. 3 national rating up against towering Walter Senior of San Francisco, seeded 5th here and rated 12th in the nation.

Elwood Cooke, northwest singles champion from Portland, Ore., who was seeded 8th, will try to stop Riggs, national clay court champion from Los Angeles. The Californian rates nationally and was seeded just behind Grant.

Mr. and Mrs. Robert T. Pinar and daughter, Robbie, and Joseph Edwards left this morning for Dallas. The men will continue on to Tulsa for business and rejoin the others in Dallas for the return.

lished by an act of the Texas legislature, which was signed by Governor Allred on October 27, 1936. In five months of operation the commission has collected approximately \$7,000,000 from 11,707 Texas employers. All money collected from employers will be used to establish benefit accounts for more than 600,000 workers, while all operating expenses of the Texas commission are paid by the federal social security board, Carpenter pointed out.

The next payment to the Texas commission will be due April 25th when Texas employers who are subject to the act must pay a tax of one and eight-tenths per cent on their total payroll for the months of February and March, 1937.

58 Employers In County Are Paying On Job Insurance

AUSTIN, April 1—Contributions under the Texas unemployment compensation act are being paid by 58 employers in Howard county, Chairman-Director Orville S. Carpenter announced today.

Contributions from these employers will set up unemployment benefit accounts for 798 workers in Howard county.

The commission's activities in Howard are under the direction of District Fieldman E. E. Merriam who has headquarters in the Lubbock chamber of commerce. All employers who have problems arising under the Texas unemployment compensation act are requested to call on Merriam for assistance, Carpenter declared.

The Texas unemployment compensation commission was established by an act of the Texas legislature, which was signed by Governor Allred on October 27, 1936. In five months of operation the commission has collected approximately \$7,000,000 from 11,707 Texas employers. All money collected from employers will be used to establish benefit accounts for more than 600,000 workers, while all operating expenses of the Texas commission are paid by the federal social security board, Carpenter pointed out.

The next payment to the Texas commission will be due April 25th when Texas employers who are subject to the act must pay a tax of one and eight-tenths per cent on their total payroll for the months of February and March, 1937.
