"Wheeler, town of friendship and pride."

SNOW: The first snow of the season in Wheeler started Saturday morning, November 21, and left approximately 3 inches of very wet snow. The moisture received from the snow was 0.52 inches. A few Wheeler residents were involved in minor snow related accidents, but no injuries were reported.

KATHY HILL WINS WORLD BARREL RACING TITLE

The title of Coors World Finals Rodeo (CWFR) Barrel Racing Champion was taken home this year by Kathy Hill of Wheeler, Texas.

Roy Meadows, 74, Buried At Gageby Sun., Nov. 22

Roy Meadows, 74, died Friday, Nov. 20, 1992.

Services were 2:30 p.m. Sunday in First Baptist Church at Wheeler, Rev. Aaron Laverty, pastor of the Gageby Baptist Church, and Rev. M. B. Smith retired Baptist pastor of Pampa, officiated. Burial was in Gageby Cemetery by Wright Funeral Home.

Mr. Meadows, born in Wheeler, was a longtime Hemphill County resident. He married Lois Meek in 1946 at Canadian. He was a farmer and rancher. He served on the Briscoe school board, the Agricultural Stabilization and Conservation board and the Edward Abraham Memorial Home board.

Survivors include his wife; two sons, Larry Meadows of Fredericksburg, Va., and Eddie Meadows of Canadian; a daughter, Lucy Lucas of Westport, Ky.; two brothers, Elvin "Sam" Meadows of Briscoe and Cecil Meadows of Wheeler; two sisters, Frances Hefley of Wheeler and Dollie Mae Mooney of Scottsbluff, Neb.; and seven grandchildren.

Pallbearers were Dan Gallin, Chuck Hartline, Dennis Hefley, Dewayne Meadows, Mike Meadows, Mark Meek, Tood Meek, Jodie Wilson.

Honorary Pallbearers were Marvin Cox, Don Hartfield, Bill Hefley, James Hefley, Dale Meadows, Dean Meadows, Mack Sides, Herbert Smith, Ernie Wood.

awards and prizes.

Kathy's mount for this prestigious rodeo was Frenchie's Last, owned by Fred Trout and Bill Rains of Mobeetie. Kathy has trained several of the Trout-Rains bred horses, including Miss Frenchie, winner of over \$15,000 her futurity year and currently winning on the WPRA circuit for Leslie Ward of Lubbock and Reverend Mr. Brown, now owned by Roger and Kari Gurganus of Florida.

Frenchie Last is 3/4 brother to "Rev", since both are by the Stallion, Royal Moon Three, who stands at the Hills Ranch and both are out of Tiny Charger Daughters. Kathy didn't start riding "Frenchie" until the spring of his futurity year. He placed in his only futurity entered, at Oklahoma City. As a 5 & 6 year old, "Frenchie" was ridden by

Kathy's daughter, Christi in high school and open rodeos. The most exciting win for the young duo was the 1991 Tri-State High School Rodeo Finals.

Kathy gives credit to her husband, John R., for his training help and support, and to God for His abundant blessings. "I always ask the Lord to ride with me—and He does."

CWE CHAT WITH EDITOR By Louis C. Stas

Moisture at last. I should have complained sooner. 0.63 was measured Thursday morning. You may have heard me with the report on KPDR-FM; Ricky finally got me on the radio when I called in to give him the amount.

The snow was really wet. In order to make snowballs, all you had to do was pick up a handful. The snow was already packed. I turned the windshield wipers on Saturday morning shortly after it started and the wipers would not move the snow.

Mac Christner and I made a transfer to Amarillo Saturday afternoon and saw two accidents on the way up, through Pampa, and several on the way back on I-40. Fortunately, I didn't have to drive; good job, Mac.

Tuesday morning, as this copy was being typed the snow was once again falling. Rain started between 5 and 6 A.M. with the snow beginning about 6.

Jennifer and Barbara went to Oklahoma Friday and then came back Sunday afternoon. The first signs of snow, coming west, were at Elk City. I was told not to say more. No problems.

Thanks for the cooperation we received in getting the paper 'to bed'.

The post office was not slow. The papers were not put in the mail until Friday, as you were told last week.

Hope you had a Happy Thanksgiving!

ASCS Sign-Up Underway For Long Term Manag't.

The Wheeler County ASCS office is holding a sign-up through December 2, 1992 for Long Term Agreements.

An LTA is a three to five year contract for costshare of conservation practices. The costshare is 50% of actual cost not to exceed a maximum limit that has been established by the County Committee. These practices are grass seeding, cross fences, livestock waterwells, livestock storage facilities and pipelines, seep ponds, terraces, diversions and brush control. A conservation plan with SCS will designate when each practice is to be completed and the amount of work to be done on each practice. This plan will determine the amount of costshare you can receive each year of the contract. This amount can not exceed \$3500 times the years of the contract. You can plan and do all the work in the first year and receive the total contract costshare amount in that year. However you set the plan up, a practice must be completed by September 30, 1993.

50TH ANNIVERSARY: Mr. and Mrs. E.O. Kelly will be honored at a reception observing the 50th anniversary of their wedding on Sat., Nov. 28 from 2 until 4 p.m. at the Allison High School. The celebration will be hosted by the children and their families; Lewis and Elizabeth Meers, Pampa; Glenn and Diann Rose, Lafayette, La; Janice and Kenton Johnson, Morse, TX; and Linda and Steve Thomas, Bovina.

Alice Helton married E.O. Kelly on November 26, 1942 and, after a few months in Calif., they have lived in Wheeler Co where Kelly is a farmer in the Allison and Briscoe Community and Alice is a homemaker. They are members of the Briscoe Assembly of God church. Their 4 daughters graduated from Allison High School and are all certified teachers.

The couple has 6 grandchildren; Ginger Meers, Pampa, attending college in Missouri; Kelly and Savannah Rose, Lafayette, La; Jared and Kirby Johnson, Morse; Bethany Thomas, Bovina.

In lieu of a gift, we should be honored by your presence. Sheets will be available for you to add your written memories.

WHS Basketball Is Underway

After week 1 of the 1992-93 basketball season, the Wheeler Mustangs have one win and one loss as a result of a 55-48 loss to Shamrock and 60-51 victory over Miami. Next action is Tuesday in Wheeler against the Follett Panthers at 8 o'clock.

rebounded well but could not build on this positive. We will be better defended.

(Continued Page 4)

At Shamrock, the Irish used a 20 point second quarter to build a lead they would never relinquish. Paced by All-District pick Rodney Holmes' 19 first half points, host Shamrock led 34 to 23 at the intermission. "We have a tendency to let one player kill us and that's what Holmes did. Another key to the deficit was early foul trouble by Todd Baize, whom we are counting on for inside scoring," stated coach Read.

The second half saw Wheeler outscore Shamrock, but the damage had been done in the first half. Sophomore Phil Wiggins tossed in eight third quarter points to cut the lead to 7 with 8 minutes to play.

with just under 6 minutes remaining, the Mustangs had the ball and a chance to cut the lead to 4 but misfired on the inbounds pass. "turnovers and the inability to convert on free throws were the difference in this game. We

Gertie Cornell

Meet The Care Center Residents

This week the interview at the Wheeler Care Center was with Gertie Cornell.

Gertie Cornell was born in Crowell, Texas. It was a hard life in Crowell, so they moved to Hollis, Okla., where she attended Hollis Beardon School. Gertie also attended Lasesa School.

Gertie eventually married William Esmond Cornell. William served in World War I in England. Gertie was a housewife all of her life. She raised five children, Bobby Cornell, Merideth Doyle Cornell, Larry Cornell, Janice Kay Cornell and Anthony Cornell. Gertie had so many grandchildren that she couldn't count them all during the interview.

Gertie's hobbies include crochet and watching children's ball games. She says the people at the Care Center treat her really nice. She has been a resident of the Care Center for eight years. She likes to go to the church and she is of the Baptist religion.

Gertie is one of the sweetest ladies I have ever met. I would encourage anyone who has some spare time to go out and talk to Gertie or anyone else at the Care Center, they like the company and they will become a friend for life.

GOLDEN ANNIVERSARY: Bill and Marie Hampton will be the guests of honor at a reception in recognition of their Golden Wedding Anniversary. The couple's children and families will host the event on Sunday, December 6, 1992. "We request only your presence anytime that afternoon between 2:00-5:00 at their home" (east and south of Wheeler), the invitation states.

JOINT PROCLAMATION

Texas Farm-City Week, 1992

by County of Wheeler & City of Wheeler

To All To Whom These Presents Shall Come:

WHEREAS, One of this State's most productive industries and economic mainstays is agriculture; with Texas' size and varying soils, climate and geography allowing for a high level of agricultural diversity; and

WHEREAS, Texas farmers, rural townspeople and city residents make our State's agricultural production and distribution system so successful and are the driving force behind the employment of more than twenty percent of our State's work force; and

WHEREAS, Cash Receipts from farm and city marketings in the State are in excess of \$12 billion annually and related industries generate more than \$50 billion of economic activity in Texas each year; and

WHEREAS, Nationally Texas ranks first in sales of cattle and calves, sheep and wool, goats and mohair, cotton and spinach and value of farm real estate with Texas producers leading the Nation in the production of wool and mohair; and

WHEREAS, By working cooperatively rural and city dwellers help ensure our State's and Nation's well-being for mutual benefit; and

WHEREAS, for the past 35 years during the Thanksgiving Week, the American people have observed National Farm-City Week to express gratitude for the bounty with which God has blessed our land and to recognize the achievements and outstanding contributions of all of those involved in agriculture (OR this great industry);

NOW THEREFORE, WE, Wheeler County Judge and Presiding Officer of the Wheeler County Commissioners Court and Wheeler Mayor of the city of Wheeler, do hereby proclaim the week of November 20 through November 26, 1992, as "Texas Farm-City Week" and call upon all citizens in rural areas and cities alike, to join in recognizing the accomplishments of our productive farmers and of our urban residents, who cooperate to create great abundance, wealth and strength for our County, City and State.

IN TESTIMONY WHEREOF, WE have hereunto signed our names officially and caused the Seal of the County Commissioner's Court and the City to be affixed at Wheeler, County of Wheeler, this November day of 19 A. D. 1992.

Wendell Morgan County Judge Attest: Margaret Dorman County Clerk Wanda Herd Mayor Claudine Finsterwald City Secretary for the County Commissioner's Court ... City of Wheeler

John 2: 15-16: "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him."

For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life is not of the Father, but is of the world."

Thankful for all the good moisture we got over the past weekend that came in the form of rain and snow, the high north wind and snow left some rather large snow drifts, first time have seen that in quite some time, was good to see the sunshine Sunday and all the kids out having a good time in the snow Sunday afternoon.

Here & There
By Laura Guthrie

Oh me! Oh, my! I forgot to remember. I didn't forget the people or the call, I forgot to put it in the paper. I know lot of you people out there would like to hear from Frank and Neleta Wofford. On my birthday they called me from Little Rock, Ark. Frank sang "Happy Birthday" to me. I'm sure you would love to hear him sing — just anything! (That's not a pun.) He was an outstanding vocalist when they lived in our village. Anyway he and Neleta are fine and are looking forward to having Christmas with their children and grandchildren. He told me that their oldest grandchild is 15. Time does move on.

And thanks to Ab, (Ain't it the Truth) for mentioning me in his column. Yes, I've known Ab for a long time. (What did I say about time?) He would get around town so much you never know when to expect him. One day he stopped by our house. We sat in the kitchen and chatted a while. Then he looked up through his eyebrows and said: "Trish", (that's what he called me, and that's another story) "ain't you got any cookies tucked away some where?" of course I did. Ab, just like any other half-grown younger, was hungry. The last time I saw Ab I was shocked at his shock of white hair.

It all makes me think for a minute that I'd like to roll back the time. But another minute's thought. "No I guess I wouldn't".

Time is not like a circus. A circus packs up and moves on. Time just moves on.

Tim, Melinda and I were all set to have (early) Thanksgiving in Amarillo on last Saturday. But with all that storm warning we called it off. Sure glad we didn't go. It snowed all day on Saturday. It didn't pile up so deep, but I am so grateful for every drop of moisture that it put into the ground.

I need to note an error I made last week. I said Lois Meadows, I really meant Joy Meadows.

A long birthday day letter came from Morea Bowles of Pampa. You who are old-timers here remember Morea. She and her daughter, Kelly, worked with us at the Rogue Theatre for a long time. Better help I've never had. Morea isn't very well these days, and seldom gets out. But she would be awfully glad to see some of us. She lives at Pampa. Kelly Wilcox lives at Lefors. Her son Jeff is in college working on a degree in nursing. He also is a popular attendant with the doctors at Northwest Texas Hospital, when they need dependable student help. Kelly and Jeff do also find time to look after Morea. She is almost as fortunate as I am.

You can't always go by expert opinion. A turkey, if you ask a turkey it should be stuffed with grasshoppers, girt and worms.

Praise ye the Lord, O give thanks unto the Lord: for he is good, for his mercy endureth forever Ps. 106:1

Remember to be thankful every day, but on Thursday join others especially thankful Happy Thanksgiving.

BRISCOE NEWS

By Vetola Parker

81, W.O.W. Several cards and several calls, sure nice to hear from people. Don't feel any older this Tuesday morning. Hope I feel better this year. Hoyle, Zetha and N.F. came Monday I was glad to see them, they looked good to me.
Showered a nice little shower Wednesday night.

Betti said one inch, I couldn't believe it. She said it rained most all day. Last night when Helen came it was pouring pretty good. She was afraid she could not get back up our road.

Helen said she saw Bob Puryear, he was walking with a cane, the stroke had not affected his speech or affected his appetite, now that sounded good. If anyone can come out of it Bob can.

Betty, lolene's daughter came down last week from Amarillo. Doc took some hogs to Liberal, Kansas, last week.

We are wet and muddy again. Jessie Moore, Mable's sister is at Mables this Friday morn. She and Jessie was playing dominoes. Jessie came yesterday ahead of Maud. They are going to Ray's Thanksgiving.

Cliff and Kenneth are better Mable said. We are glad of this. Irene visited Ruby last Tuesday afternoon.

Wednesday they went to Allison to a Thanksgiving party.

Sunday night R. L. and Rozena visited them. They got a trace of rain.

Word came to me around 2 p.m. that Roy Meadows passed away. How sad, Roy and Lois are good friends, always smiling and speaking. He will be missed.

James and Carrol a couple visited lolene from Shamrock visited lolene Wilhelm last week. I lost what I wrote on.

No snow or much rain yet. Kathy was at Hoyles.

Roy's death was sure a shock to me. They said going to an Amarillo Doctor.

Wanda and Fat went to see Christian Academy and Fort Elliott play.

Wanda says Oden and Lois Hudson have gone back to Truth or Consequence about 3 weeks ago. Sure hope he is doing ok.

Suppose to snow tonight. Saturday noon, Ted and Pauline got scared and went home, afraid they would get snowed in down here. Sure hated to see them go. 120 miles. Pauline took Betti to Wheeler Doctor and back this morning. Pauline said sure slick, ground wasn't covered. Now it's covered good. Graders were working on roads, Pauline said.

We got 2 inches now I'd say. Betti said it had snowed more at Wheeler than here. Looked like sun was coming out, about 30 minutes now gone back.

All roads around Dumas were cleaned off. Wind blowing and drifting. Don't know what went with Doc and lolene's and others news last week.

Carol Jean and husband from Lawton visited Doc and lolene and spent the night. Last week, Bettie Wood from Amarillo came down.

James and Carrol a couple visited lolene from Shamrock visited lolene Wilhelm last week. I lost what I wrote on.

I sure thought I got this in paper sure hate this.

Paper comes out a day early so take my news up Monday morning. Essie is at home Donald said they were watching it snow a different thing for us to do.

Lessie Austin seems to have more snow than us.

Pauline said Wheeler had more snow than all the way to Dumas. Cathy Hunt and son, Shawn went to Pampa Friday.

Fat, Wanda, Roy and Jane Swift, Brent, Addie visited Dub Swift and family in Pampa.

Addie says she stays home pretty good. Good way to miss the flu.

Dan said Larry's girlfriend was there with Larry.

Lucy Walker said they had a basketball tournament at Briscoe this weekend.

Highways icy and slick really hazardous and dangerous, stay off the roads.

Getting darker by the hour, 10 after 5 Sat. Glad Ted and Pauline got home ok.

Didn't snow this morning looks like sun may come out.

We had a bird build her nest in our wood stove chimney and raise some little birds. I had 2 nurses tell me get the nest out of the flue before we build a fire. Ted built a fire in it yesterday he said it would only burn up. I held my breath and my heart in my throat. We are still here I tried to get Ted to go up in the loft while it was burning. He

thought I was crazy. I fear fire and water and tornadoes and rattlesnakes.

24 degrees in Dumas this Sunday morning.

Talked to Tolene this morning Sunday, they have snow. She was going to school other night got to slick patch and made a complete circle in road. hit an embankment they got her car home she waited till George got home in case she didn't get clear up the drive. 2 or 3 feet of snow is too much at once.

Melting like everything snow will be gone soon.

Question — Won't I get a higher price by selling my house myself rather than paying a real estate agent a commission to sell it for me?

Answer — Probably not. Research shows that sellers who worked with an agent received higher average prices than do-it-yourself sellers and typically were able to finish the transaction sooner. Often, buyers dealing directly with a seller expect to get a lower price because no agent commission is involved. Most sellers prefer to work with a professional to sell real estate because of the agent's experience in dealing with problems like pricing, handling objections, and discussions of defects, analyzing and screening prospective buyers, arranging financing, and so on.

WHEELER JR. HIGH BASKETBALL SEASON

Wheeler Jr. Varsity

8th Grade Boys
A low scoring game between the Wheeler 8th Grade Colts and the Irish of Shamrock was played last Monday night in Shamrock. Both teams started out slow with the first half, ending in a 11-9 score favoring Shamrock.

Throughout the third quarter the Colts stayed close, but were soundly defeated in the fourth quarter when Shamrock outscored the Colts 12-2. The final score was Wheeler 20 and Shamrock 35. The Colts were led in scoring by Travis Stevens with 7 and Jason Porton with 6. Coach Scott stated that forward Dusty Case got into foul trouble early and was not able to contribute to the team as he should have. Overall, the team played really well. The good shots were taken, just didn't fall for us, reported Coach Scott.

Seventh Grade
The 7th Grade Colts Basketball team opened up pre-district play against Shamrock last Monday night in the Irish Gym. Wheeler's young Colts started out strong, but faltered in the last half of play and were defeated by Shamrock 41 to 18. Coach Scott reported before the game that this young bunch of Colts had a great deal of work ahead of them. According to Coach Scott, the team has a tremendous amount of raw talent. It just has to be transferred into the skills needed in basketball! Six players were able to score for the Colts with Bryan Judd high point with 6 points and Shea Weatherly with 4.

Ledbetter brothers, Joe Dan and Jarrod, add 10 points apiece. "Damon and Joe Dan gave us a spark that we had been missing. It was good to get these young men back," stated Coach Read. After holding a 4 point lead after one stanza, the Stangs increased the lead to 14 at the half for a 31-19 bulge.

In the second half Miama was able to cut the lead to 5 on several occasions mainly due to the play of Andrew Neighbors, who had 26 points on the night. Coach Read said, "We are letting one player do too much damage. We will have to make adjustments, when only one player is hurting us."

Rebounding was a highlight for the varsity as Jarrod Ledbetter again tallied 10 rebounds to maintain his double digit average. However, Wiggins edged him for game honors with 11 boards. Free throws continue to be an Achilles heel for the Stangs as only 2 of 7 freebies were made. "We'll shoot plenty of free throws Saturday morning," said Coach Read.

Wheeler JV
The Wheeler JV basketball boys stand 2-1 after the first week of play. This record includes victories over shamrock and White Deer on the opponent's home court.

The JV Stangs almost shut out the Irish in the third quarter last Tuesday to break a close game wide open. Wheeler outscored shamrock 20-1 in

the third stanza to increase a 1 point lead to a 20 point advantage. In the their quarter, Andy Francis scored 8 of his game high 17 points. Other fine efforts were Cobey Boedeker, who altered many Irish shots and Ty Ferguson and Heath Eliason, who handled the ball well against Shamrock's press.

Wheeler 12-21-41-44
Shamrock 11-20-21-31
Scoring: Eliason-4, Boedeker-8, Francis-17, Jason Bradley-8 and Ferguson-7.

Thursday at the White Deer Tournament, Wheeler used aggressive play to clobber the White Deer freshmen 64-20. In this game, each player scored as White Deer was unable to penetrate the Stang defense. A nine point first quarter lead was increased to nineteen as White Deer scored only 1 point in the 2nd period.

Leading Scorers were Andy Francis with 22 points; Jason Bradley added 16.

Wheeler 14-30-50-64
White Deer 5-6-10-20
Scoring: Francis-20, Bradley-16, Heath Eliason-11, Ty Ferguson-2, Cobey Boedeker-8, T. A. Taylor-2, Trent Ware-2 and Rocky Mendiola-1.

The tables turned Friday as the JV Mustangs were unable to continue their high scoring ways as River Road limited them to only 26 points. The defense took care of its part allowing just 38 but even that was too much as the offense could not get in gear. Bradley was the only player in double figures with 12.

Wheeler 4-16-22-26
River Road 9-20-29-30
Scoring: Francis-7, Eliason-3, Bradley-12, Ferguson-2 and Boedeker-2

the third place game to have played on Saturday was cancelled due to winter storm advisories and will be rescheduled.

District 4-H Food Show Held Sunday Afternoon

Happy Thanksgiving!! Where has this month gone? The residents keep telling me as you get older the days and months go faster and I'm beginning to believe them.

The snow over the weekend was really pretty. I didn't have to be out in it, where as some had to work in it.

Monday, the 23rd, Fort Elliott Elementary will be here to present us a Thanksgiving Program. The residents are looking forward to this. They love to see children and especially when they sing.

Last week we stayed real busy. As you know we start off each day reading the paper. Sometimes we have a large group and sometimes a small group, but whatever group we have we have a fun time. Icy especially loves Thursday, we call that day "joke day". I read the jokes out of the paper to them.

As always without the volunteers we couldn't do a whole lot. I would like to thank Mary Mitchell, Elva Wood, Evelyn Meek, Marie Gudgel and Birdie Hudson for serving juice to the residents. A special thank you to Betty Smith for reading to the residents each day after work.

Thank you to Mary Ann Maxwell for the mending. If you would like to do some mending for the residents please call me at work, Mary Ann would like to quit for awhile. I was told that Katherine Holt was in the hospital so she would not be able to pop popcorn for the residents this last Thursday. We missed you Katherine, hurry up and get well.

We always play bingo on Wed. and Sat. There is always a large crowd for bingo. Our blackout winners were Dora McGuffin, Julia Dillon, Gladys Kysar and Zinnie Bailey.

On Friday the 27th the Erick Kitchen Band will be here to play for us. So come on out and enjoy the music with the residents.

Love, Cathy.

CORONADO HOSPITAL
RENE P. GRABATO, MD
Urology

- *Chief of Staff, Coronado Hospital
- *Doctor of Medicine, University of Santo Tomas, Manila, Philippines
- *Internship - Long Island College Hospital, Brooklyn
- *Residency - Urology - Long Island College Hospital, Brooklyn, NY and Methodist Hospital, New York

The medical specialty Urology is the science which deals with the genitourinary tract in males and the urinary tract in females. Dr. Grabato, who came to Pampa in 1978, treats prostate disease, impotence, male sexual dysfunction, urinary tract disorders, male infertility, kidney stones, urinary incontinence, and voiding dysfunction. His practice includes both adults and children. In addition to his practice in Pampa, he has office hours in Perryton on a regular basis.

"The technology and treatments for urology are changing so quickly that I attend several seminars each year to stay abreast of current developments," Dr. Grabato said. The Urology Clinic and Regional Prostate Center is one of the best equipped clinics of its kind in the Panhandle. "I've put state-of-the-art equipment in my office so that most many diagnostic tests can be performed here, conveniently for the patient," he said.

At Coronado Hospital Dr. Grabato has access to a lithotripter (using shock waves to dissolve kidney stones), ultrasound equipment, and a newly remodelled cystoscopy room in the surgical suite.

"With the combination of diagnostic equipment in my office and the diagnostic and treatment technology at Coronado Hospital, we are able to offer outstanding urological care to residents of Pampa and the eastern Panhandle.

Patients wishing to make an appointment with Dr. Grabato should call 665-6511.

ONE MEDICAL PLAZA PAMPA, TEXAS

had to be cancelled because of the storm. So finals didn't get to be played.

Remember Juanita Prater in your prayers. She had an accident Friday night on the slick road near Dennis Hefleys. She is in Northwest Texas Hospital. Think she had a chip off a vertebrae and a gash on her head. Maybe other problems.

"Build a little fence of trust around today; Fill the space with loving work and therein stay. Look not through the sheltering bars upon tomorrow; God will help you bear what comes of joy or sorrow." by Mary Butts

Bouquets to our Hemphill County Road crews who worked way into the night to open our roads up after the storm subsided some. As the weathermen say "a major winter storm". What a day! and they also worked all day Sunday so we could get about. thanks you so very much. Mark Meek also opened some.

Many thanks to Fort Elliott School for the use of the cafeteria for the Meadows family dinner combined with the Gageby Church Thanksgiving Day celebration. Was so helpful. And many thanks to each one who prepared food or helped in serving or cleaning up. Unmarked dishes are at the post office in Briscoe, if you want to stop and get yours out of their way.

Patty Ann Shields and Amanda and Teresa Powledge went to Perryton Sunday to the Arts and Crafts show and helped Irene Keys pack everything up when finished. She did pretty well.

Willis and I enjoyed meeting Julie Caffee and her mom, Carol Nash, from Elkhart, Kansas Wednesday for lunch at Luby's in Amarillo. We try to get together when they come to Amarillo for doctors appointments and shopping. We got acquainted when Julie had two knees replaced at St. Anthony's Amarillo in October of 1990 and I had one done. All are doing fine now, thanks to Dr. Bob Stafford.

Rita Pearson will be in charge of Gageby Church Sunday night singing on December 6 at 6:30. There will be a special group from Allison First Baptist Church and local singers. Everyone invited.

Also at Luby's Wednesday was Arieta Cole Dennis, who taught a few years at Briscoe. Her husband had some health problems after their marriage, but is doing pretty well now. She was lunching with her ladies Bible Study group and looked so pretty.

So good to see all the relatives and friends at the Roy Meadows funeral "the salt of the earth."

Jimmy and Shannon Sides and Cory and Shawn Everett and friend from Abilene, Cindy and Don Hartsfield and Glory and Hayden all visited J.P. and Martha Meek and the Chuck Hartlines and came to funeral and family gathering.

We can't grieve too much for Roy Meadows. He's not been well in recent month and we know he is enjoying the wonders of heaven and loved ones who've gone on before. "Friends are friends forever." "When we all get to heaven, what a day of rejoicing that will be."

Nice to have a call from Mrs. Bobby (Fernie) Fillingim to see how everyone is doing. Said tell all the Fillingims "Hello". They hope to come to the Fillingim-Coker reunion next summer All ok in the new home area.

Wayne Greear and Sharon Grandstaff bought Ma Mary Hudson down to the funeral Sunday and stayed and were helping get supper on for the family. Sonya Paul braved the storm Saturday night to come visit her folks and go to funeral and was very helpful in the kitchen.

My sister Polly Hefley and I enjoyed a sister's day out with lunch at Maxey's in Wheeler Tuesday. Another group enjoying being with sisters was Peggy Chandler, Jennie Walker and Gertie Cornell. There was a big group attending a nurses' seminar there, one of which was Kathy Bradstreet.

Paul Vick from Houston was there with Ricky and Diane Pfeil and Nathan. Rev Vick was holding a revival all week at Christian Center at 9:30 each morning. Also there were Reba and Mary Wofford and Vida Brown eating before their bridge game, Charlie and Armell Brown, Glenn Williams. Dr. Mike Smith and Melanie Simmons and Sally Ledbetter, Opal Hefley and Ruth Miles.

"Blessed are they that have the gift of making friends, for it is one of God's best gifts. It involves many things, but above all, the power of going out of one's self, and appreciating whatever is noble and loving in another" by Thomas Hughes.

Gayle Hale and Elizabeth, David and Sarah, Olaf Sivage and Audie Sivage are looking forward to having the rest of their family home for a few days Thanksgiving: Vernon and Sandy Sivage and Kerl from Midland and Larry and Sue Snider and Courtney Zachray and Issac from Houston.

Gageby Church and all our community are saddened by the death of Roy Meadows with a heart attack suddenly Friday morning. Roy always had a joke to cheer people up and never

PUBLIC NOTICE

GTE Southwest Incorporated (GTESW) and Contel of Texas Inc. (Contel) have filed an application with the Public Utility Commission of Texas to seek approval to provide two new private line services and to change rates for existing services. GTE's intraexchange DS1 Service will be offered pursuant to the rates proposed with this filing and will no longer be available through concurrence with GTE's interLATA access tariff rates which are lower. Contel's intraexchange DS1/DDS Service will be offered pursuant to the rates proposed with this filing and will no longer be available through Contel's current private line tariff rates. Existing customers with DS1/DDS Services will not be affected by these rate changes. DS1 1.544 Megabits per second (Mbps) Service and Digital Data Service (DDS) will normally be used for the transmission of data communications or large volumes of voice communications between two locations. These services are optional and will not affect the existing rates of customers who do not order these services. The estimated annual effect on GTE-SW's revenues in the first year is \$1, 080, 567. The estimated annual effect on Contel's revenues in the first year are \$42, 383.

DS1 Service

DS1 Service is an intraLATA Private Line Service which provides a dedicated, high capacity channel which may be used for simultaneous two-way transmission of voice data or other digitally encoded customer information signals. DS1 Service provides a transmission speed of 1.544 Mbps and is designed to provide an average performance of at least 95 percent error-free seconds of transmission over a continuous 24-hour period.

DS1 Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DS1 Service is available on a point-to-point intraLATA basis between two Customer Designated Locations (CDL) between a Serving Wire Center (SWC) and a CDL, between a CDL and a point of connection with another service provider or between two SWCs.

IntraLATA DS1 Private Line Service is comprised of three rate elements: DS1 Local Loop, DS1 Transport and DS1 Transport Termination. Each element is described below.

DS1 Local Loop

This rate element is for the cable facilities from the CDL to the SWC. The customer has two payment options for the purchase of DS1 Local Loops. There is a month-to-month plan or term contract Optional Payment Plan (OPP).

The month-to-month payment basis allows the customer to establish and disconnect DS1 Services, without penalty, other than to meet the minimum service interval of one month's service, as needed. Under the month-to-month service, the additional DS1 Local Loop rate applies only when the additional DS1 Local Loop (s) is (are) ordered at the same time and between the same two CDLs as the first DS1 Local Loop.

The OPP plan allows the customer to select a term of service (1 YR, 3 YR and 5 YR) with lower monthly rates associated with longer term contracts. If the customer selects an OPP, additional DS1 Local Loops may be ordered and installed at the Additional DS1 Local Loop rate between any SWC and CDL covered by the OPP, at any time during the term of that OPP.

DS1 Transport

This rate element is for the mileage sensitive charges for transporting a DS1 signal between Serving Wire Centers. Transport occurs only when the two CDLs being connected are served by two different SWCs.

DS1 Transport Termination

This rate element is for the equipment to terminate DS1 Transport at the SWCs. This charge applies only when DS1 Transport is required for the service configuration of the customer. One transport termination charge applies at each end of the DS1 Transport.

Proposed Rates and Charges for DS1 Service are as follows:

	Nonrecurring Charge	Monthly Rates
DS1 Local Loop		
Month-to-Month		
First System	\$ 1,000.00	\$ 298.00
12-month term		
First System	-0-	\$ 283.00
36-month term		
First System	-0-	\$ 255.00
60-month term		
First System	-0-	\$ 226.00
Additional System	\$ 130.00	\$ 130.00
DS1 Transport		
Per airline mile	-0-	\$ 16.00
DS1 Transport Termination		
Per Termination	-0-	\$ 40.00

Digital Data Service

Digital Data Service (DDS) is an intraLATA Private Line service which supports synchronous, full-duplex transmission between the CDL and the SWC or the point of connection with another telephone company at transmission speeds of 2.4, 4.8, 9.6, 19.2 and 56 kilobits per second (Kbps). DDS provides a transmission path for digital data signals within the same LATA.

DDS Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DDS Service is available on a point-to-point intraLATA basis between two CDLs or between a CDL and a point of connection with another service provider.

IntraLATA DDS Private Line Service is comprised of three rate elements: DDS Local Loop, DDS Transport and DDS Transport Termination. Each element is described below.

DDS Local Loop

This rate element is for the cable facilities from the CDL to the SWC. The customer may establish and disconnect DDS Local Loops without penalty other than the minimum service interval of one month's service, as his/her needs demand.

DDS Transport

This rate element is for the mileage sensitive charges for transporting a DDS signal between SWCs. Transport occurs only when the two CDLs being connected are served by two different SWCs.

DDS Transport Termination

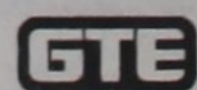

This rate element is for the equipment to terminate DDS Transport at the SWCs. This charge applies only when DDS Transport is required for the service configuration of the customer. One transport termination charge applies at each end of the service.

Proposed rates and charges for DDS are as follows:

	Nonrecurring Charge	Monthly Rates
DDS Local Loop		
2.4, 4.8, 9.6, & 19.2 Kbps	\$ 85.00	\$ 85.00
56 Kbps	\$ 85.00	\$ 95.00
DDS Transport		
Per airline mile		
2.4, 4.8, 9.6 & 19.2 Kbps	-0-	\$ 1.60
56 Kbps	-0-	\$ 3.20
DDS Transport Termination		
2.4, 4.8, 9.6, 19.2 & 56 Kbps	-0-	\$ 20.00

A THANK YOU NOTE
Hestell Killingsworth and her family would like to thank Dr. Galutia, Dr. Baker and Dr. Taylor also the nursing staff at High Plains Baptist Hospital in Amarillo for the wonderful care given her during the time of her illness. Also a loving Thank you to the many friend and neighbors since I've been home recuperating. For the beautiful flowers, phone calls, cards, food and most of all your prayers. We never know until we need them just how many loving people there are with heart of gold.
Again I say Thank you.

Fire Dept. Says 'Thanks'
The Wheeler Volunteer Fire Dept. would like to thank everyone that came to eat breakfast with us Saturday. We had a very good response and everyone seemed to have a good time.
We would especially like to thank Darrell Gaines for the donation of the hog, Thriftway and Surfline Foods for the donation of the food stuff, and Glen Sparlin and Steve Walker for the use of the grill and cooker.
Thanks to all the people who donated money. These donations help to make our Fire Department one of the best volunteer departments around.

4-H Parent Leader Association Meeting
The Wheeler County 4-H Parent Leader Association will conduct its first bi-monthly meeting for 1992-93, Tuesday, December 1, 1992 at 6:30 p.m. The meeting will be held in the Wheeler County Commissioners' Court, Wheeler County Courthouse.
The purpose of the meeting is to outline goals and projects for the current year. "We want to emphasize the role 4-H can play in the lives of our young people. We also want to point out that 4-H is not just livestock. 4-H projects include cooking, sewing, consumer life skills, child development, automotive, fashion. . . . The list is endless," says Jim Bob Nall, Parents Leadership Association President. Scholarships presented by 4-H last year were just under \$1,000,000 with over \$90,000 coming back to the Texas Panhandle. "With rising education costs, parents need to consider this a major 4-H benefit," says Nall.
All members are urged to attend and a special invitation is extended to any person interested in learning more about 4-H, babysitting will be provided. For further information contact Jim Bob or Diana Nall at 256-3186 or Wanda King at 826-3249.
4-H is the youth development program of the Texas Agricultural Extension Service and focuses on the needs, interests and concerns of boys and girls between 3rd grade and 19 years of age regardless of socioeconomic level, race, color, handicap, religion or national origin.

The first water-powered plant for generating electricity was built in Appleton, Wisconsin in 1882.

Isn't It The Truth

By Ab Gunter

I think that nearly all of us have dreams. No I don't mean the dreams of Madonna or Clark Gable but dreams of our future and what we really want out of life.

An older friend of ours in the Texas Panhandle told me of his sons that he hoped would be ranchers but both of them had taken off for California to be pilots. This old friend doubted it but both these boys not only became pilots but became quite prominent in the aviation industry and their companies have been handed down to their children.

Mama and I were living in northern California and I drove an old Best Caterpillar for the state doing road construction and one of our camps was near Patty McEwens mine, home and business. The little place was called Toad Town, ain't even on the maps now but was then. Patty's mine was flooded and he planned on getting some large hydraulic equipment to vacuum out the flooded mine and every time I was by to visit that was on Patty's mind. He and Mrs. Ewing lived comfortably and their widowed daughter and child lived with them but Patty still meant to get the vast amount of gold from deep in that mine. I have never met more beautiful people, both in their eighties, very clean and clear minded but the last time I drove to Toad town and waved goodbye to the McEwens I thought to myself, what a wonderful dream, shared by each of them.

Just north of San Francisco Mama and I had a home overlooking the Pacific Ocean. Wasn't much of a place but it was home to us and our children. Mama had made it as neat as she could and I had fixed up the place best we could afford and our little girls had a yard to play in. Oh yes, we had a few chickens and certainly a little dog we named Wickie and we had neighbors,

one of them behind us named Mr. Waller. Now he wasn't the easiest neighbor you could ask for but he was there. He was an old grizzled English fisherman that had come over to America many years before. He planned on being a photographer for some eastern paper and had the old tripod camera and all. Things didn't work out and honest he horsebacked all across the southwest and headed for California. He went through the Apache country and took pictures of them and the miners an when he got to California he married, had two children and the family headed north and settled on the Mesa just out of Bolinas. He had accumulated several lots (20 by 120), you would get a lot with every yearly subscription of the San Francisco Examiner. The Examiner had bought all this mesa hoping to sort uv build a nice community I recon.

When we moved there Mr. Waller's wife had passed away many years before and his son had wandered off someplace and their daughter was a Nun with the church and visited with her dad every year of two but Mr. Waller was alone. He finally found we wouldn't bite or steal and became a bit more friendly with us. He had a Model A runabout, really it was a Model A that he had put a sort uv pickup bed on the back. Occasionally he would ask me to go to town about 2 1/2 miles down off the Mesa to get something and on occasions he would need a Fiver or Fin as he called it which was five bucks or ten bucks and I would loan it to him even though we couldn't afford to but he always paid it back.

One time he and Mama, both with all their resources, had the most beautiful Thanksgiving meal. Mama and I had planned on bacon and eggs as we were broke but together we faired that Thanksgiving better than you can believe.

Some years later I went by to see our dear friend and while I was there he asked me to move our family back there and he would give us his beauti-

Wheeler Care Center

Nursing Home Joins Long Term Care Network

Wheeler Care Center, a 90-bed facility in Wheeler, has signed a three-year contract with the Long Term Care Network of Westcott Communications in Dallas and become the first facility in the West Texas region to subscribe. The contract provides continuous, quality educational training via satellite for all of Wheeler's staff as part of the Center's ongoing strategy to provide the finest facility in long-term care in West Texas.

According to Mr. B. A. Hyatt, Wheeler's chief administrator, "We plan to be the leader of quality long-term care in West Texas, and we believe televised training represents the future. It also brings industry experts right into our facility everyday." The Long Term Care Network is the world's first full-scale television network exclusively for nursing homes providing long-term care and will begin broadcasting via satellite during the first quarter of 1993. The network provides accredited programming for registered nurses and licensed vocational nurses, in-service training for

ful home if we would let him live with us till he passed on. It was hard to tell him but I had to refuse and when I told him all of us loved him but he was so cantankerous and grouchy I just couldn't imagine being there with Mama and the little fellers and at every meal silently praying to The Good Lord to please let this old grouchy gent pass on. I gold Mr. Waller this, he sort uv grinned as said "Son, recon you're right."

I can still see his old tripod camera and all the prints of not telling who there in his comfortable living room. But the main thing I see is how through effort we made lifelong friends with a cantankerous old English Sailor who felt we were a part of his family. Bless him we loved him very much.

Yep, we all have dreams and I recon me, and Mamas dreams are not of wealth, but of being a value to our children and grandchildren and hoping that what ever good in us can sort uv rub off on them and that we can also be of help to all our wonderful neighbors. Used to be a western writer that lived out in New Mexico named Rhodes had a little saying I love, Paso Apur Aqui, its in Spanish but it means THEY PASSED THIS WAY. See you next week. Ab an Mama

missed a church service, Sunday morning or night or Wednesday nights, unless they were away visiting their kids or in the hospital. Roy enjoyed playing 88 or 42 and visiting with people. We sure will miss him. If you'd like to send a card to Lois, her address is Rt. 1 Box 41, Briscoe, TX 79011. Rick and Lucy Lucas and Charissa and Russell from Westport, Kentucky and Larry Meadows from Virginia came Saturday to be with Lois and Eddie Meadows family from most of the week. Some others visiting and to the funeral were Roy's sister, Dollie Mooney from Scottsbluff, Nebraska and her son Pat, Mack and Juanita Macias and daughter Barbara and her husband. Think Barbara teaches school at Dalhart. Nice to see Reece and Delmar Lee (Satterfield) Fields, who graduated from Briscoe many years ago. R.H. and Betty Dyson, Richard and Helen Dyson from Sayre. A very large crowd at the funeral. Some had to stand. Enjoyed songs by Patricia Hudson, Winnie Gilmer and Rita Pearson with Gaye Hale playing.

We had some exciting games at Kelton Tuesday night. Boys game was very close, tied at different times, but Kelton went on to win 66 to 58. On Fort Elliott were Travis Goad, Dusty Walker, David Hale, Jimmy Nelson, Jake Swigart, John Moffett, Cory Kinnaman, Josh Purcell, Shane Shugart, David Helton, Collin McCurley and Bobby Blackburn. Will have some J.V. games where all can play. On Kelton's team were Boyce Crownover, Danny Buckingham, Brain Kirkland, Brandon Lewis, Gary Bryant, J.W. Ray, Tommy Whitlow and Will Scales. They had us on height.

Fort Elliott High School girls defeated Kelton girls, a young inexperienced team. Our girls were Deirdre Dukes, Shelly Hunt, Lindsey Fillingim, Andrea Dukes, Misty Hallett, Caaron Laverty, Misty Walker and Brandi Luttrell. All got to play a lot. On Kelton's team were Kelly Crockett, Brandi Connors, Lisa Smith, Jodie Crownover, Star Smith, Isabel Lopez and Brandy Wilcox. Unable to play because of sickness was Jennifer Kirkland. "Treat arguments like weeds. Nip them in the bud." "God be with you till we meet again."

nurses' aides, and continuing education for physicians. The network also broadcasts programs for housekeeping staff, dieticians and pharmacist.

The Long Term Care Network has been recommended by the Texas Health Care Association has been recommended by the Texas Health Care Association as one of the three statewide initiatives to support Governor Ann Richards' strategic agenda for long-term care facilities. In addition, the Texas Board of Licensure has encouraged the use of televised training as leading edge technology that provides consistent, current news and information for facilities' staffs.

The Long Term Care network is one of 10 networks owned by Westcott Communications, Inc. (NASDAQ: WCTV) which provides television programming to more than 18,000 subscribers nationwide, representing an estimated 1.5 million professionals in specialized fields.

Wheeler Care Center, a 10-year-old facility, is owned by Mr. Roy Robertson and is currently undergoing extensive remodeling, in addition to enhancing its staff training through its new contract with the Long Term Care Network.

The Wheeler Care Center is located at 1000 S. Kiowa, Wheeler, Texas.

Wheeler School Board Holds Special Meeting

NOVEMBER 18, 1992
A special meeting of the Wheeler Independent School District Board of Trustees was held at 8:45 PM in the Home Ec Room at the Wheeler School. All members were present and Mr. Morrison presided.

Guests were Rhonda Blanchard, Dana Pierce, Elaine Martin, Angie Martin, Carolyn Hefley, Mel and Sandy Willis, Pam and Lee Hible, Larry Finsterwald, Russell Hatcher, Robert Brickey, Ed and Amy Richardson, Rodney and Debra Weatherly, Gary and Nancy Miller, Dale and Janet Stevens, Cecil Thomas, Buzz Dirickson, Nina Walker, Judy Woollard, Principal Clayton Neal, Donna Walser, and Supt. Glyndol Holland.

A discussion of the suspension of Mel Willis, bus driver, was held in open session. After discussion, all the bus drivers will sign with the superintendent a form listing their duties and responsibilities. They will receive a copy and a copy will be placed in their personnel file.

Judy Woollard, Site Based Committee chairman, spoke about the meeting held earlier in the evening. Several community concerns were discussed that will be repeated at the Nov. 23, 1992, special meeting. The meeting adjourned at 10:35 P.M.

Kelton High School Boys End First Week 3-0

The KHS Boys started the season off undefeated after the first week of the year. The Lions opened up their season hosting Fort Elliott on Nov. 17. The Lions defended their home court by downing the Cougars 66-58. Danny Buckingham led the Lions with 15 points and Gary Bryant chipped in with 14. The Lions then faced a tough San Jacinto Christian team in the first round of the Ft. Elliott Tourney. After trailing at halftime by 3, they rallied to win going away 71-58. Brian Kirkland led with 20 pts. and Boyce Crownover had 18. The Lions came back Friday and faced Samnorwood in what turned out to be a defensive struggle. The Lions prevailed 37-32 thus ending the week with a perfect 3-0 record.

CROCKETT AND CROWNOWER Players of the Week

Keli Crockett and Boyce Crownover were named players of the week for the week ending November 21, 1992. Crockett averaged 10 points per game over three games. Crownover averaged 10 points and 12 rebounds per game and also had three blocked shots.

Keli is the daughter of Bill and Lynn Crockett of Kelton and Boyce is the son of Charles and Lajo Crownover of Briscoe.

Attend Seminar

The following Wheeler Junior High Students attended an art history seminar at the Amarillo Art Center on November 10, 1992: Andy Copeland, Ramon Neraz, Andy Irvin, Ashley Ware, Shea Weatherly, Zonia Zepeda, Alli Moore, and J. R. Sullivan. The students spent the day at the Art Center rotating between activities.

A tour was given of the current art on exhibit. Hands-on activities included: Making Mobiles, Wood sculptures and Silk-Screen Painting.

The students brought back home their "Works of Art" to display in the hallway of Wheeler Jr. High. The sponsors, Becky Hardcastle and Betty Rives. Also enjoyed the art center. The Amarillo Art Center has much to offer in the way of cultural and art education.

The Wheeler Elementary and Junior High teachers would like to thank the Ladies Bible Class of the Church of Christ for the food that was brought to our lounge. It was truly appreciated.

ARE YOU THANKFUL?

In 2 Timothy 3:1-2, the Bible says that in the last days (which we are living in right now), men would be "unthankful". It is quite obvious that many, if not most, people are unthankful. Whenever have most of us had so much?

Someone said once that the only real good thing about the "good old days" is that they are gone. I'm certain that we could all argue about that, but the point is that there were a lot of things about the so-called good old days that we wouldn't want today, and yet we see so many that are "unthankful".

Some folks aren't as thankful as they should be for their spouses or children or their church or their health. Sometimes, people don't realize what a wonderful thing they have until they do not have it any more? Here is a truth that you can easily miss with just a casual reading of this article, but that will affect your thinking about what God has given you from now on if you spend some time really contemplating what I am about to say. IT TAKES CHARACTER TO RECOGNIZE THE VALUE OF SOMETHING CLOSE UP. When you are close to something, you can see the "thin spots", the "flaws", and things that irritate you even though you have it 10 times better than many others less blessed than you.

I am hopeful that each reader will think about these things and make the effort to express to God, family, and friends that you are truly "THANKFUL".
