CWE CHAT WITH EDITOR

By Louis C. Stas

Congratulations to Rochelle Rives; she placed sixth in the U.I.L. State Cross Country meet. Over the weekend, Rochelle turned in a better time than the winner of the meet last year.

Congratulations, Dusty Walker! He recently returned from the 1992 National Young Leaders Conference in Washington, D.C.

The Wheeler School Board will be holding a special meeting Tuesday, November 23, 1992, to address the list of complaints compiled by the Concerned Parents.

Belated Birthday Greetings, Vetola Parker! Monday was Vetola's 81st.

We have some of the area honor rolls this week and offer **Congratulation** to the students earning a place on this second six weeks honor roll. If you look toward the bottom in the Junior list, you will once again find the youngest—Way to go Jennifer.

Remember the Christmas Ornaments being offered by the Chamber of Commerce. The proceeds from these sales will be spent on lights and decorations for the Wheeler County Courthouse.

Remember, also, the Early Deadline next week. Gotta get to Oklahoma to eat some of that Thanksgiving turkey.

Once again we are being promised rain—30% chance. Are you aware we have had only 0.12 inches for the month of November and only 0.1 inch since August 26. These heavy dews the past two mornings are not helping much.

The report for the weekend is very simple. Mother Stas, Liz and I stayed in Wheeler, while Barbara and Jennifer went to Hinton. Thursday Review will be happy to know the Birthday Calendars are printed and over a hundred of them were ready to bind Tuesday evening—Thanks, Jennifer.

'Cash' Drawing Information Being Gathered

The Wheeler Chamber of Commerce is mailing letters to members informing them of the approaching annual "Cash" Drawing. The goal will once again be \$1500.00.

Response is requested by Monday, November 23. This is necessary to list the sponsors in the November 27 issue of the *Times*. And, the names of the sponsors are needed for the printing of the script.

Anyone wishing to help sponsor the drawing is invited to call the Chamber office, 826-3408, for additional information.

EARLY DEADLINE

The *Wheeler Times* will have an early deadline next week due to the Thanksgiving Holiday. The deadlines will be moved to Monday Noon. The paper will be completed and taken to press at Tuesday noon, November 24.

The *Times* will be placed in the mail on Friday morning. Your cooperation will be appreciated.

RIVES PLACES SIXTH IN STATE COMPETITION

The state Cross Country meet was held Saturday at Southwestern University in Georgetown. Over 1000 contestants were on hand to compete for team and individual titles. Only one obstacle stood in the path of the goals and dreams of these contestants, a grueling, physically demanding course that would take its toll on many before the day ended.

Rochelle Rives competed in the class 2A girls race, that features six of the elite top ten from 1991, including two time defending state champion, Elizabeth Sylva, from LaVilla. Liz Silva won her third gold medal, but not without a determined and courageous finish. Liz collapsed 20 meters from the finish and crawled and staggered her way across the finish line. Rochelle knew going into the race that it would take an outstanding effort to place in the top ten finishers. She broke from the pack at the top of the first big hill and with a determined effort held her position throughout the race. Rochelle placed sixth in a field of 102 of the state's top runners in a time of 12:28.

Considering the difficulty of the course, Rochelle ended an outstanding high school cross country career with probably her best performance. In a sport that is characterized by dedication, courage and sportsmanship, Rochelle has been an example to many both on and off the course. She is to be congratulated for an outstanding season and an excellent performance at the state meet.

My Birthday is over and gone. I look forward to another one. I have known people who frowned at an up-coming 40th birthday. But I've had twice and several, more than that and I'm happy about it. I had several long-distant telephone calls, cards and letters. My home town friends and family called

sent greetings, cuddled and pampered me. The Editor, Louis Stas and his secretary, Patricia Forrester took me out to lunch. It was a great day. One of the calls I got was from a friend of a lot of people here, an ex-teacher in the Wheeler school. She was then Allamae Phillips and later married our townsman G.O. McCrohan. She is now Mrs. Charles Kennedy and lives at Kerrville, TX. There's nothing she would enjoy more than a visit with her friends and ex-

students of Wheeler. Another old timer of Wheeler, which telephoned greetings, is Harley Mitchell of Long Beach, Calif. Harley at one time ran the projector at the Rogue Theatre. He left us in the early 40's and went into military service during World War II. He has lived in Long Beach since then. I had to drop in at the Clinic last week (on the day of my birthday) and there I was greeted by people who remembered it. Travis and Rosalie Keelin were a couple of grown up teenagers that came to the movies. Lois and Barbara Welch (Meadows & Williams) came from Sweetwater to the movies. Lucretia Lee Davis wasn't a constant movie goer, but she remembered my birthday. Bill Robertson Hospital Administrator, constant attendant (maybe helping his mother who worked at concessions) but I can't remember if he really worked for us or not. Kelly McNeil and Courtney Girdley are a couple of teenagers who came to see me. It was really a compliment for school kids to take time to visit with the elderly. However Kelly is now my step-great-grandchild. (I think that's the way to say it). Her mother is married to my adopted grandson, but step, adopted, or whatever, they are very dear to me. Huffman Walker of Mission, Kansas was in town visiting his relatives last week. He and his niece, Sarah Walker Pierce dropped in for a short visit. Patricia and Ed Forrester spent Saturday with her parents in Pampa. They

think possibly they have shifted the furniture for the last time to get the Robert Cospers comfortably settled in their home. I have heard, via grapevine, that Grace Porter had fallen and injured her hip. Grace lives in a Nursing Home near Houston so as to be near her daughter Frances. Mr. and Mrs. O. L. Forrester have returned from an extended trip to visit relatives in Stephenville, Dallas and Bowie. Glad they were able to make the trip. As I didn't get my news in the Times last week I'll add a bit of old news:

THE WHEELER TIMES
Page 3—Thursday, November 19, 1992
"Wheeler, town of friendship and pride."

Billy Stewart has recently retired from his employment with the State Highway Department. He has been

with the Dept. for 31 years. Most of that time he has lived in Wheeler. He lived a short time in Memphis. His family and fellow worker attended a party for him, at the Hwy warehouse in Shamrock after his retirement.

A couple of weeks ago Billy and Nema Stewart were called to Amarillo, because his mother had fallen an injured a hip. She seems to be recovering quite well. Mrs. Stewart lives in Independence Village in Amarillo. She was a lively and helpful woman to the other residence. Hope she will soon be active again.

To the Editor
The Wheeler Times

I would like for the people of Wheeler to know just what you can expect to accomplish if you ever feel the need to speak with our School Board concerning our children.

I, as a "Concerned Parent" have attended two school board meetings and will not repeat the mistake by going back. The first meeting was held in the Board Room and there is very little room for visitors. When the suggestion was brought up to the board that the meeting be moved to a larger room to accommodate the extra people that couldn't fit into the room, Mr. Morrison made the comment "I'm seated, I'm comfortable and I'm not moving." I thought the School Board meetings were open to the public. I was wrong on this occasion, the school board was only open to the public that could fit into one small room. They quickly went into executive session, removed all visitors from the room and remained behind closed doors for the next three hours. Needless to say, the majority of the people could not stay for the wait and went home.

The second meeting was just as much fun as the first meeting. The meeting was moved to the school cafeteria to accommodate the crowd of people attending. Rodney Weatherly was on the agenda and presented part of his program when Wayne Kuehler interrupted and complained about his "High Paying Job" as a school board member. I personally voted for Wayne when he voluntarily ran for school board Member and I thought he understood that this was a non-paying position. The job is a thankless and difficult one. I'm sure that the members get many calls at home and get stopped in the store and on the street about the complaints of parents. I personally don't believe in bothering the members at home when they hold meetings that are supposed to be open to the public. When I interrupted and asked to speak, I was told by Mr. Wills that I would have to call the school and get my name put on the agenda for the next meeting in order to talk. At this point I left the meeting and was told later that other citizens who were not on the agenda were allowed to speak. I feel this was unfair.

I know being a member of the school board is stressful and trying, but if it gets to the point that they can't deal with it, I have one word, RESIGN. As a citizen, taxpayer and mother of children in this school, I feel I have a right to voice my opinions—right or wrong—to the school board and if the board doesn't have room for concerned parents then maybe we need a new board!

To the Editor
The Wheeler Times

This letter is in regards to the community meeting on Nov. 10 that dealt with our school.

There are some valid complaints, but most of them, in my opinion, are invalid.

I have substituted for our teachers for the past 2 1/2 years. I wish the parents had the opportunity to come and sub for just one day and really see how their kids act and how they do their work.

Some of the kids do not have any kind of respect for their teachers or other students.

I wonder if the parents know that some of the kids, wait till they are dropped off at school, before the doors are even opened, and are getting their homework done in the hallways. They are even some kids that cheat because they receive someone else's paper and copies it, because they didn't want their homework to interfere with extra curricular activities the night before.

Parents need to start looking at their child's study habits and quit blaming the teachers for their child's grades.

There isn't any two teachers that teach alike. On a test last year, both English teachers gave the same test but at different times and the students who had the test first gave their test to other students to CHEAT off of.

I wonder how many parents take the time to find out from their kids about their homework, help them with it or will even turn off the television and read a book with their child.

Study habits and manners should start at home. Some of these kids are so disrespectful to teachers and other students that it is really a great shame.

I know some kids have a harder time with school and the teachers try to modify their way of teaching to help those, but the blame shouldn't be put on the teacher's back, but on the parent's back.

There are students who have the ability to do well, but will set in class and will not participate or even try to do the work and this shouldn't be blamed on the teachers, but on our children.

I think parents should look at their child's study habits and manners first, then if there is still a problem, go talk to the teacher personally and most of the time, the child is at fault because they don't do their work or even get it handed in.

I challenge each parent to get involved with their kids and not just in the extra curricular activities.

I think Wheeler is very fortunate to have the teacher's we have and to have the different subjects that are offered.

Let's really find out if our kids are telling us the truth before we go blaming teachers.

PUBLIC NOTICE

GTE Southwest Incorporated (GTSW) and Contel of Texas Inc. (Contel) have filed an application with the Public Utility Commission of Texas to seek approval to provide two new private line services and to change rates for existing services. GTE's intraexchange DS1 Service will be offered pursuant to the rates proposed with this filing and will no longer be available through concurrence with GTE's interLATA access tariff rates which are lower. Contel's intraexchange DS1/DDS Service will be offered pursuant to the rates proposed with this filing and will no longer be available through Contel's current private line tariff rates. Existing customers with DS1/DDS Services will not be affected by these rate changes. DS1 1.544 Megabits per second (Mbps) Service and Digital Data Service (DDS) will normally be used for the transmission of data communications or large volumes of voice communications between two locations. These services are optional and will not affect the existing rates of customers who do not order these services. The estimated annual effect on GTE-SW's revenues in the first year is \$1, 080, 567. The estimated annual effect on Contel's revenues in the first year are \$42, 383.

DS1 Service

DS1 Service is an intraLATA Private Line Service which provides a dedicated, high capacity channel which may be used for simultaneous two-way transmission of voice data or other digitally encoded customer information signals. DS1 Service provides a transmission speed of 1.544 Mbps and is designed to provide an average performance of at least 95 percent error-free seconds of transmission over a continuous 24-hour period.

DS1 Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DS1 Service is available on a point-to-point intraLATA basis between two Customer Designated Locations (CDL), between a Serving Wire Center (SWC) and a CDL, between a CDL and a point of connection with another service provider or between two SWCs.

IntraLATA DS1 Private Line Service is comprised of three rate elements: DS1 Local Loop, DS1 Transport and DS1 Transport Termination. Each element is described below.

DS1 Local Loop

This rate element is for the cable facilities from the CDL to the SWC. The customer has two payment options for the purchase of DS1 Local Loops. There is a month-to-month plan or term contract Optional Payment Plan (OPP).

The month-to-month payment basis allows the customer to establish and disconnect DS1 Services, without penalty, other than to meet the minimum service interval of one month's service, as needed. Under the month-to-month service, the additional DS1 Local Loop rate applies only when the additional DS1 Local Loop (s) is (are) ordered at the same time and between the same two CDLs as the first DS1 Local Loop.

The OPP plan allows the customer to select a term of service (1 YR, 3 YR and 5 YR) with lower monthly rates associated with longer term contracts. If the customer selects an OPP, additional DS1 Local Loops may be ordered and installed at the Additional DS1 Local Loop rate between any SWC and CDL covered by the OPP, at any time during the term of that OPP.

DS1 Transport

Digital Data Service (DDS) is an intraLATA Private Line service which supports synchronous, full-duplex transmission between the CDL and the SWC or the point of connection with another telephone company at transmission speeds of 2.4, 4.8, 9.6, 19.2 and 56 kilobits per second (Kbps). DDS provides a transmission path for digital data signals within the same LATA.

DDS Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DDS Service is available on a point-to-point intraLATA basis between two CDLs or between a CDL and a point of connection with another service provider.

IntraLATA DDS Private Line Service is comprised of three rate elements: DDS Local Loop, DDS Transport and DDS Transport Termination. Each element is described below.

We observed a very important holiday this week. Veteran's Day. E.L. Fowler was speaker at the American Legion assembly at Sayre. Special guests were the Sayre High school and Band. E.L. was MIA for 3 months and then a German prisoner of war for 10 months. We in Roger Mills County are very proud of our wall at Cheyenne that lists all the county service men through the years. If you haven't seen it, go and do so. You won't regret the trip. We appreciate each and everyone of our soldiers.

I don't know all of our local veterans but some of our enlisted younger folks are Todd Hutchison, grandson of Helen and H.E. Smith who is in Japan and expects to be sent to Saudi Arabia soon. Cheryl Dawson (I don't know her married name) is in the Navy — daughter of Kathy and Kervin Davis. Joel Welch is stationed in Alaska. His parents are Eugene and Pam McEntire Joyce Atkinson is at Lawton. She is the sister of our mail carrier Eb and daughter of Otto and Ruth. Greg Carey is in the Marine Reserves and at present attending college.

Mr. and Mrs. Herbert Younger of Riverside, CA have been here to see Ila Anderson and Harvey and Ari Bartz. Ila, Debbie and Pat Anderson were Elk Visitors Wednesday.

Lanelle Hayes of Enid spent a few days with her mother Mildred Allen and took her for her eye exam. I had Anica call from Irene Flynn wanting to know how my eyes are doing.

I am very glad that part of the TV channels have started to have news on the weekend. They used to act like they thought we turned our minds off on Friday night and back again on Monday.

While Eastern Oklahoma was trying to float off, we had the big some of .16 plus a miller. Sure could use a good slow rain.

Mellie Stone is home after spending three weeks in San Antonio with Ivan Ray and family. He is doing much better after treatment for cancer.

Joe and Faye Mong, and Inez Coffey attended the Oklahoma District Council of Assembly of God churches at OKC. Inez was a guest at the Pioneer Minister's Banquet. She used to pastor the Reydon church. Also going were Mr. and Mrs. Jesse Ashley. He is pastor of the Sweetwater Assembly of God Church.

Pauline Roberts, Imogene Pickering, and Betty Anderson went to the Retired Teacher's meeting at K-Bobs where they heard a good lesson on long term Health Insurance and enjoyed a good meal.

We stopped by a few minutes to see Billy and Basil Doss as they waited thru their aunt Fay's surgery. Also there were Ruth and Carlos Nidifer, and Mr. and Mrs. Goucher of Edmond, Bob Copeland, Cordell.

H.E. and Helen Smith hosted a birthday dinner Sunday for their twins Donny and Debby. I won't say how old they were, but their life began last year. Those present were Donny and Carolyn Smith, Erick, Michael and Daniel Smith, OKC, Debbie and Pat Anderson, Jamie and Shannon, Millie and Kristin Greene, Elk City. Villard Sanders, Sayre, was a Saturday visitor.

Tammy Sides was out to spend a few days with Jamie Anderson. She is the daughter of Nancy Bugg who used to teach at Sweetwater.

Saw Mrs. Delmar Smoot trying to keep up with her twin grandchildren. They are 19 months old and cute as can be. Their mother is Ginger Kent who teaches Special Ed here. David claims Delmar for a cousin so guess they are kin to him.

Also saw Zuma Sutton who is just back from a trip to Alaska to see Frankie Lee and family. Talked to

Gloria Rutherford, and Mrs. Sam Thornbrough. She said her uncle and my friend Ottis White was doing well in Arkansas.

Thanksgiving is coming up. Take time to be thankful. We have so much, to much, really. If you can feed yourself and go to the bathroom by yourself. Be very thankful. There are millions who can't do these simple things. It is just by the Grace of God that we live in America instead of Somalia, Bosnia, or Haiti. Forget about the turkey and ballgame. Count your blessings and try to figure out how to outfit those who are working so hard to bring America down.

The Erick Kitchen Band went to Grand Place Tuesday. Lynette has really outdone herself. Churned up enough ice cream for the band and all the residents. Saw Mr. and Mrs. Glenn Jones, and Helen and Clifford Jones. They'd brought their mother Vinnie back from the hospital. Band members were Billie and Basil Doss, Roy Swagger, Richard Crawford, Hazel Francis, Rose Abla, Iona Miller, Donna Mercer, Margaret Hiller, Mable Holland, Lillian Foshee, Margaret Boney, we three, and Ole Five String.

En and Eva Atkinson, Brendan and Brad, have been taking in the pig sales at Clinton and Sayre.

Joe had a mishap at the store. Lens fell out of his glasses and shattered. Said he thought he'd sue them for not having carpets. Ha!

Helen Elliot of Haskell, John and Harriet Goodwin, Beaver, are guests of Wilma and E.L. Fowler.

Elec Atchley is a patient at Sayre hospital. Imogene Pickering and Esther Dickey visited Charles Fourier at the Elk Hospital. He was later sent to OKC. His children, Becky, Debby,

Patty, and Bert have been with him. Pauline Roberts visited Lola French Friday at the Sayre Extended Care Center.

Ain't It The Truth
By Ab Gunter

Don't know about you but me an Mama are glad the election is over. I've been wanting to see one uv them John Wayne movies and Mama is ready to see them Redskins in action. Honest even them Charmin commercials wuz politically turned. I sort uv got pieved when one uv them annalist tried to get Georges dog to wet on Bills leg an to bite Ross in the fanny. Now

them news birds will use any excuse just to get a story.

Mama and I both got up very early on election day as we both had to get down to the polls to work. How early you say? Well it wuz 02.30 cause girls have to take a bit more time to purty up an us boys could take all day an still not be purty. We got to the polls about 0430 an I had to put up the fence so folks would know where to go as if they didn't know. Shucks, we had one good looking young lady that came in to vote, I last Kathaline how long had she been voting and she smiled an said Son I wuz voting when you wuz in them floursack diapers. I sort uv looked at her funny since I am over 70 an she said Kid I am 95 and probably will vote in several more elections. Must be the water er maybe them good Hoosier roastin ears that keep these folks in good health. Blanche McBride wuz helping to feed us folks that work at the polls an she said Kid why don't you get back out of the way so us spry ones can get the grub on the table for you workers. She's in her eighties but don't know it. I have an aunt, kin to Danl Boone there in Texas that is in her 90's that at this time is writin a sort uv history of her Boone family and there is a good friend, Laura Guthrie that writes a column for the paper back home and she considers me a Young Whippersnapper but she has know me long enough to know. Ha.

The morning Mama and I went to the polls we saw a couple of does standin right outside uv our neighbors home and later in the day our next door neighbor said our little fat dog Boots had a deer sort uv cornered just outside our living room window. Don't know if that is some sort uv sign er not. We enjoy all the game and all the fowl that visit us. Wish them durn coons would find another place to get their grub. Our dog Boots and Charley cat are complaining of theft uv their grub.

Not long ago a friend in town ast me if I wrote for the Saturday Evening Post. I looked at him sort uv funny and said no, I can hardly keep up my rite for the Evening World and The Wheeler Times back in Texas. It tuck me 4 years to get out uv the 2nd grade an them birds that rite for them big productions must have a bunch uv knowledge to use all them big words an put the comas and semi colans and such just rite. I'm lucky my readers put up with this stuff I write an I hardly ever ast any uv them what they think about Ain't It The Truth, I'm afraid they will tell me. My brother M. L. in Colorado sent some bird in New Jersey a copy of my writin and this bird writes for some paper there in New Joisie and the gent told M.L. I ought to be syndicated so everybody would have to put up with a bit uv uneducated culture. Bet you one thing, I ain't goin to put that durn Yankee on my Christmas card list. Really, we don't have a list cause by the time we get all our shoppin done at Walmart we ain't got the money to buy cards much less the postage.

I wuz readin in the Western Horseman magazine where some uv these environmentalist are wantin the government to keep horse packers fun using bridal paths in the National Parks, they say they had some complaints about the horse droppings on the paths. Now ain't that a crock, I've been around horses all my life and ain't ever figered horse droppings to be unsanitary. Now them environmentalist ought to get out in Arthur Lees Hog pen if they want some fancy smelling droppings. Course you hardly ever see anyone riding a Hampshire hog.

Ab and Mama. thanks for listening

He and Ruby had spent the weekend at Amarillo visiting their daughter Patricia and John Richardson and children. Patricia also gave Ruby a perm. Also in Thriftway Sally Harris and Nellie Horton, planning to go to the big Thanksgiving dinner at Wheeler Senior Citizens. It is so sweet of the young sorority ladies to go to all this trouble and expense for the older people. Sorry we couldn't make it. Also at Dairy Queen were Rhonda McEntire and son, Cecil Meadows, James Vise.

Congratulations to Craig and Stephanie (Mitchell) Brock on the birth of their new baby boy, Joshua Randall, 7 lbs and 7 oz on October 13 at Amarillo. Josh is welcomed by brothers Bryant and Timothy, who stayed a few days with grandparents Dick and Ruth Irvine.

There was a large crowd out to Allison Monday night for two very exciting games with Fort Elliott. They were all real hustlers on both sides. Fort Elliott Junior High girls got off to a slow start and lost 6 to 18. But I feel they will improve a lot. They just quit volleyball. Fort Elliott boys lagged behind most of the game, but came on to win 21 to 20. Our teams included some very hustling 6th graders. On Fort Elliott girls team were Amanda Shields, Dana Trimble, Stacie Dukes, April Purcell, Tiffany Gonzales, Tera Hefley, Catrina Wash, Cynthia Cloud, Reagan Meadows, Ja'nae Goad, Daraduh Weldon and Susie Luttrell.

The boys team included Steven and Michael May, Donnie Barr, Tracy Harwell, Tanner Smith, Ty Wood, Ryan Parsley, Sam Wash, Billy Winters, Michael Hilburn, Matt McCurley, Jimmy Bennett, Drew Couch and Michael Davis.

Nice to see Rex and Virginia Miller at the games. He had spent a week in the Shamrock Hospital. Remember Rex and Virginia in your prayers.

Some of the teachers going with Fort Elliott Elementary to Amarillo were Carolyn Nicholson, kindergarten, Nova Stippel, first grade, Pam Jones, second grade, Gaye Hale, third grade, Michelle Moore, fourth grade, Kathy Jackson, fifth grade and Evelyn Kincannon, secretary. They all enjoyed it a lot. Took sack lunches.

Glad to hear Amber Maddox is doing better. pray for her. She keeps having colds and sore throats. Casey Tipps from Fritch visited them some last week and at the Dick Irvines.

Nice to see Loyd Davidson out of the hospital buying groceries. Grace Irvine also got to go home from the hospital.

The Terry Tipps family all doing O.K. now.

Some copies of the Heart and Home Newsletter are on the table in the Faith in Families ministry.

Eric Diebel, the son of Pam Jones, was baptized into Christ last Sunday morning.

Ola Underwood has gone to visit her daughter in Kosse, Texas. She is also scheduled to have heart surgery in Scott and White Memorial Hospital in Temple.

From the Minister's Desk:

Once a small boy was visiting with a grouchy old man who constantly complained about his life. After listening to him for a few minutes, the little boy asked: "Is there anything about your life that makes you happy?" The old man sarcastically answered: "Nothing!" Since it was almost thanksgiving the little boy quipped: "You could be glad that you not a turkey."

All of us have been abundantly blessed, but one of the real hazards of abundance is ingratitude. This hazard is clearly seen in an admonition that Moses spoke to the children of Israel when they were preparing to enter the promised land of Canaan.

"He told them that they would have --great and splendid cities-- and he also told them that their houses would be --full of all good things-- (Deuteronomy 6:10-11) To these people who had spent forty years of aimless wandering in a wilderness, this news must have been almost unbelievable. Then Moses gave them a warning, saying: "Watch yourself, lest you forget the Lord who brought you from the land of Egypt, out of the house of slavery." (Deuteronomy 6:12)

But they did not heed this admonition! Nor have we! Never has a nation been as blessed as the

United States of America. Merely being an average American means your annual income is higher than ninety-five percent of the people of the world. The United States has only six percent of the population of the world and about seven percent of the land surface of the world. Yet American citizens own forty-five percent of the world's automobiles, sixty percent of the telephones, thirty percent of the radios and eighty percent of the television sets.

These statistics only represent the material blessings. Think about the more intangible blessings that we can enjoy as citizens of this country—freedom of speech, freedom of religion and other "inalienable rights--".

Yet many of us are constant complainers. It is an unusual person who pauses to give thanks to the Lord. Oh, most of us will celebrate a holiday called Thanksgiving and we will observe a day of thanksgiving. But why should this attitude be limited to a Thursday in November?

A popular song once suggested: "It was a very good year." If we are honest with ourselves, I think that we would have to agree. It has been and will continue to be a very good year. For this reason, we should constantly be thankful.
