"COVERING EASTLAND COUNTY"

VOL. NO. 30

EASTLAND, TEXAS, THURSDAY, OCTOBER 8, 1959

No. 69

## MOORE about... EASTLAND

by Virgil E. Moore

We were disappointed in the number of Eastland boys who entered our FBI contest recently. We had a good number of entries from a number of other Eastland County schools and a sprinkling from the junior high school here. In all 28 boys entered, the majority of them out of Eastland. We did not have a single boy from Eastland High School to enter, however. To enter a boy had to write a 100-words or less essay. Eastland High either has a lot of boys who don't give a hoot about a trip to Washington, D. C., or a lot of lazy ones.

By the way, the little sermon above has more than 100 words in it. See what a long essay the boys needed to write.

We just can't help ourselves, we've got to mention the story the Fort Worth Star-Telegram ran this week about Big Spring's new \$800,000 airport. The new airport, which was officially opened by Congressman George Mahon, with jet planes performing overhead, was given a one column headline on one of the back pages.

Which makes us recall what that \$1300 airstrip got for Eastland in the same newspaper (a three column story with a three column picture.)

Of course Big Spring may have the last laugh at that. Eastland folks (though Federal taxes had to help build their airport, and Big Spring people didn't have to pay a cent for Eastland's.

**TIRE OF A GAS HOG?**  
**OF PARKING A DINOSAUR?**  
Try and buy the popular, smart new Rambler, truly a teeny-weeny gas burner. Famous for fun, resale, quality and economy.

**AT KING'S TODAY**—This 1960 Ford Galaxie Town Victoria shares the all-new styling characteristics of the other Ford models, yet bears unmistakable resemblance to the elegant Thunderbird profile. All Fords for 1960 have the slim-line forward sloping front roof pillar that eliminates the dog leg for easier entry. The new Fords go on display at Hood King Motor Co. in Eastland today.

**THE FORD FALCON**—The Ford Falcon represents a breakthrough in automotive design that may materially alter the future of the automobile industry. The Falcon shown here is more than two feet shorter and three-quarters of a ton lighter than a standard 1959 Ford. It can be seen today at Hood King Motor Co.

## Rhodes' Roundup

By Oran Wayne Rhodes  
Hello Again!

This past week has been a fairly interesting week. I suppose that some of the enthusiasm comes from it being a short week. Last Monday, the teachers of the Eastland schools went on visitation to other schools to gain new ideas and see how other schools are run. This proved to be very interesting

## Ford for 1960 Can be Seen Here Thursday

The 1960 Ford represents a styling theme originally created for later use but brought forward because of the spontaneous enthusiasm of company management when they first saw the car in advance studios. The new Ford is now on display at Hood King Motor Co. in Eastland.

J. O. Wright, Ford Motor Company vice president and Ford division general manager, said the 1960 Ford was redesigned from bumper to bumper because "we wanted to increase passenger space and comfort and improve the roadability and handling ease and performance."

He said, "After the car originally planned for 1960 was well under way, the advanced styling office showed us some designs for Ford Motor Company cars even farther advanced than our planned 1960 model."

"One of these was called 'Quick-silver,'" he said. "It captured everyone's imagination immediately, and we began to explore the possibility of advancing it to the 1960 models. We were faced with a crucial decision involving millions of dollars."

"When the engineers pointed out that a complete new car also would enable them to design additional quality features into the vehicle, company management gave the go-ahead."

"One of the most important features of the new Ford," Mr. Wright said, "is that it has been 'comfort-engineered'. There is substantially more hip room, shoulder room, leg room and head room in the 1960 Ford than there was in the 1959 model—which ranked far above its competitors in these vital comfort areas."

"With the new body design, the new frame, redesigned suspension and improved power train, the 1960 Ford rides better, handles better and performs better than any Ford in history," Wright said.

Passenger comfort and convenience have been given particular attention in the design of the new (Continued on Page Two)

to the teachers and very pleasant to the student body since they did not have to attend classes.

This week is Fire Prevention Week. The fire themes have been turned in and some of the students are awaiting the decision of the judges. The Chamber of Commerce backs this drive of fire safety. The contributions to the cash prizes are the Eastland Fire Department, the Freyschlag Insurance Agency, and Earl Bender's. These names were given to me by Superintendent Wendell Seibert. In case of a tie, the extra money will be taken from the high school activity fund.

Last week, the pep rallies turned out fine. There were three as last week. The band and cheerleaders are certainly doing a fine job at these pep rallies. Last Friday night, the Eastland Band did another fine job at half time. It certainly pleases me to see the Eastland people backing the Maverick band again.

The Eastland Mavericks were simply outclassed last Friday night as they took on Albany. The Mavericks took the sound licking of 27-8. This week is open date and Coach Shelton and his staff will be trying to work out the kinks before entering district competition next week against Coleman.

Last Tuesday, the Speech class of E. H. S. visited the Lions Club and gave two patinome skits. The first skit was a barroom brawl.

The characters in the scene were Freddie Stroud, Freddy Miller, Phil Lewis, and Martin Day. The second skit was a scene in a ladies hat shop. The characters in this were Beverly Moser, Karen Taylor, Betty Young, David Whitten, Freddie Stroud, and Oran Rhodes. Otis Green and Ronald Yancey gave the introductions. Mr. Baker and the Speech class only hope that the Lions club enjoyed it half as much as we did preparing it and putting it on.

The Hi-Y held a meeting last week to discuss new members and to collect dues. Last Tuesday night, the Tri-Hi-Y met in a joint meeting to discuss plans to go to the Fair. Another joint meeting is planned for next Tuesday night when a "get-together party" and a membership drive will be discussed.

The Officers for these organizations for this year are as follows: The Tri-Hi-Y—Linda Huckabay, president; Kathie Jones, vice-president; Barbara McCullough, secretary; Donna Pugh, treasurer; Alice Frazer, chaplain; and Yvonne Green, reporter. The Hi-Y officers are Gary Lusk, president; David Whitten, vice-president; Freddie Stroud, secretary-treasurer; and Oran Rhodes, reporter.

## NEW BUICK—Here's a look at the new Buick which goes on display today at Muirhead Motor Co. in Eastland. Buick again will present three cars, the LaSabre, the Invicta and the Electra. Jack Muirhead has issued a special invitation to Eastland County citizens to come by and see the "turbin drive Buick '60."

## NEW LIBRARY BOOKS AT EASTLAND PUBLIC LIBRARY

By MRS. A. E. CUSHMAN  
The Eastland Public Library is ever on the lookout for good reading for its patrons and feel they have some of the best to offer this month. We have:

"The Final Diagnosis" by Arthur Hailey. This is a great medical novel dealing with the complex workings of a hospital and its sometimes "less than perfect" human beings. There is also romance and tragedy, love and hope. "As I Live and Breathe" by John D. Weaver is a refreshing rarity, a literate, witty book which is also warm and touching, at times outrageously funny, but never labored or affected. Mr. Weaver records with delight his joint pursuit of happiness with Harriett. And Gooney Lodge, an improbable place in the Virginia hills where John's family spend their vacations.

"The Case of the Singing Skirt" by Eric Stanley Gardner is a superb mystery which keeps Perry Mason hopping with the fastest legal foot-work of his spectacular career.

"Command the Morning" by Pearl S. Buck. In this greatest topic of our times the author takes

us to the world of the scientists—as they become ever more awe-struck at what they are unleashing. In their hands by the world's future—but could they cope with their own? In the world of science, the prime movers are after all men and women.

"Station Wagon in Spain," Frances Parkinson Keyes. This is a gay, romantic and thrilling story of a serious young man, unrepentive to feminine wiles and hampered by slender means, who is suddenly and surprisingly transformed into a daring rover, an amateur detective and an impetuous suitor. Mrs. Keyes has written this light-hearted story with a Spanish setting, as suspenseful as "Dinner at Antoine's" and as romantic as "Come a Cavalier."

"All Our Tomorrows by Josephine Lawrence. There are three delightful heroines in this novel that deals honestly and unflinchingly with a problem that faces countless middle-aged couples who have older and younger generations in their households.

And "Afternoon of an Automerit" by Norah Lofts, and "These Lovers Flew Away by Howard Spring.

New mysteries: "Where There's Smoke" by Clarence Buddington Kelland, "Dead Man's Folly," Agatha Christie, "Perish by the Sword" by Paul Anderson, "Did She Fall or Was She Pushed" by Doris Miles Disney.

Teenage Books: "Wedding in the Family" by Rosamond Dujardin and "Loretta Mason Potts" by Mary Chase.

Boys and Girls Mysteries: "The Secret of the Golden Pavilion" by Carolyn Keene and "The Mystery at Devil's Paw" by Franklin Dixon.

The Thursday Afternoon Study Club who sponsor the Library are now making plans for a Book Fair to be held on Sunday afternoon, Oct. 25 at the Woman's Club.

## Garrett Presides At District 13 Cancer Meeting

H. R. Hop Garrett of Eastland will preside at a meeting of the District 13 American Cancer Society, today in Jacksboro.

Garrett, one of three district directors, called the meeting to order this morning at 9:30. Other district directors are Mrs. A. Foy Curry of Fort Worth and Edwin C. Webb of Wichita Falls.

A business meeting was scheduled for this morning, along with an address by Dr. Travis White of Midwestern University.

A luncheon session will be followed by a talk by Dr. Edwin C. Bebb of Wichita Falls.

Others from Eastland County who were to attend the meeting include Mrs. R. L. Carpenter of Eastland; Mrs. O. C. Warden and Mrs. Roscoe Hopper, both of Ranger; Mrs. Austin Flint of Cisco; and Mrs. Jenkins of Rising Star.

## Ford Falcon to Go On Display Here Thursday

The new Ford Falcon goes on display today at Hood King Motor Co. in Eastland.

James O. Wright, vice president and Ford Division general manager, said the keynote of the new Falcon is economy of operation and maintenance.

"For example," he said, "the Falcon will have gasoline economy 50 per cent better than the largest of the so-called 'compact' cars of American manufacturer, and 35 per cent better than the smallest domestic car made by the same producer. Compared with the latter, the Falcon has 35 per cent more luggage space, 70 per cent more windshield area, and a full foot more of rear-seat width."

Wright said that in the area of replacement parts a Falcon fender will cost 50 per cent less, a windshield 40 per cent less and a muffler 30 per cent less.

## Dodge Dart Can Be Seen Today For First Time

The 1960 Dodge Dart, the first completely new full line of automobiles to enter the low-priced field since 1928, makes its debut today. It's on display, at McGraw Motor Co.

The smaller Dodge Dart, designed to fit the family pocketbook as well as the family garage, will be offered in 20 sedan, station wagon, hardtop and convertible models.

"These economy cars are designed to compete in price and size, series for series, with the automobile industry's low-priced 'big three,'" said M. C. Patterson, Dodge general manager. "The Dodge Dart makes it the 'big four' now."

The 1960 models will be available in three series—the lowest-priced Seneca, the Pioneer and the top-series Phoenix.

The roomy Dodge Dart, which is styled in classic lines, features its own distinctive interior and exterior.

"A completely new, advanced-design six-cylinder engine—inclined at an angle of 30 degrees in the engine compartment—will provide peak economy for the U.S. motorist," Patterson said.

A choice of engines—designed to use regular fuel and to suit the needs of every buyer—is offered. The Seneca and Pioneer models feature the completely New Economy Slant "6" as standard equipment. Also available is the 318-cubic-inch Red Ram V-8 engine with a two-barrel carburetor.

The top-line Phoenix has a 318-cubic-inch Red Ram V-8 with a (Continued On Page Three)

## HOLLYWOOD HAPPENINGS

news from the HOLLYWOOD V-ETTE VASSARETTE FACTORY By GEORGIA GOSNELL

Musingwear is having its annual picnic the 24th at the Eastland City Park for the local employees and guests. A nice and enjoyable time is usually had by all.

Wedding bells are going to ring at 6 p.m. Saturday in the George Hull home on the Cisco-Eastland Highway. Sandra Jessup, an employee, will become the bride of Benny Calloway of Lubbock, formerly of Moran. Rev. Hull will perform the ceremony with Judy Poe as maid of honor and Wayne Brown as best man. Immediately following the ceremony, Faye Hull will serve the guests at the reception.

Alene Reed is on the floor as a new supervisor this week and Faye Hull is helping "yours truly" unpack part-time. Faye is handy in helping the fill in girls and repairs work, also.

Florence Crabb has been dismissed from the hospital and is now at work. Mavis Thames is in the Cisco Hospital following surgery and Linda Sandlin, an office helper, is in the Eastland Hospital. Hope they are all back soon.

Ora Mae Jordan's daughter-in-law, Melva, had surgery in Eastland recently.

Bill Nichols is back at his job in Ranger at the post office after a lengthy illness. His wife is a baster on line 5 and is back on the job again. We are glad she can be with us again.

R. Q. and Ester Graham had several visitors this weekend they were their son and amily. Mr. and Mrs. Clifford Graham, Also Cliffords sister-in-law, Mrs. Lena Pierce from Cohoma and his mother-in-law, Mrs. Baker from Odessa. Venitta Young has been absent because of a death in the family.

Her brother-in-law, J. H. Crabb of Ranger, passed away in the Ranger hospital after a short illness. Funeral services were held Wednesday at Ranger with Killingsworth Funeral Home in charge. Our sympathy go to the Joe Young and the Crabb family this week.

Stella Grigsby and Pauline Hill will make a business trip to Dallas next Tuesday afternoon for a days tour at the warehouse there.

## McGraw Motors To Show New Dodge Today

Dodge today introduced two all-new lines of roomy, comfortable cars with outstanding roadability and ease of handling—the Matador and the Polara. The new Dodge is on display today at McGraw Motor Co.

"These low-medium priced cars will be offered in 11 sedan, hardtop, station wagon and convertible models featuring a combination of the most important engineering and styling changes that Dodge has ever made in a single model year," M. C. Patterson, Dodge general manager said.

"The new 'Unibody' construction of the 1960 Dodge Matador and Polara is the greatest step forward in automobile body building since Dodge introduced all steel bodies.

"The body and the frame are integrated into a single unified structure by this new method of construction. The 'Unibody' gives Dodge more room on the inside—including more leg room, more greater structural strength, and provides an 'island' of comfort and quiet for the driver and passengers," Patterson explained.

"Coupled with the proven Torsion-Aire Ride which has been improved for 1960 (the Dodge cars achieve a new, higher level of roadability and handling ease.

"These engineering achievements permitted stylists to create a new exterior silhouette. At the same time, door openings are larger and higher so it is easier to get in and out of our new cars," he said.

The sweeping exterior silhouette is accented by small canted fins flaring gracefully and naturally from new jet-tube rear fenders, which are climaxed by large, single tail lights.

Style features of the front of the 1960 Dodge cars are the flaring bumper with recessed wrap-around parking lights, and new horizontal grille.

A lighter, thinner roof line made possible by more liberal use of glass gives passengers an airy outdoor feeling suggestive of a convertible. A special feature in hardtop models is a large skyview rear window—standard on the Polara and optional on the Matador—available in shaded glass that cuts out 85 per cent of the sun's heat.

## New Recruiters Are Assigned To Eastland

Two new recruiting officers have recently been assigned to the Eastland area.

The new Navy recruiter is MM1 Glen Day and the new Army recruiter is Sfc. Robert Butler. Day will be in Eastland each Monday from 12 to 2 at the Post Office. He is stationed at Abilene. Butler is in Eastland each Wednesday. He is the son of Mr. and Mrs. Don Butler of Ranger.

## Stockholders of Hospital to Meet Monday at 7:30

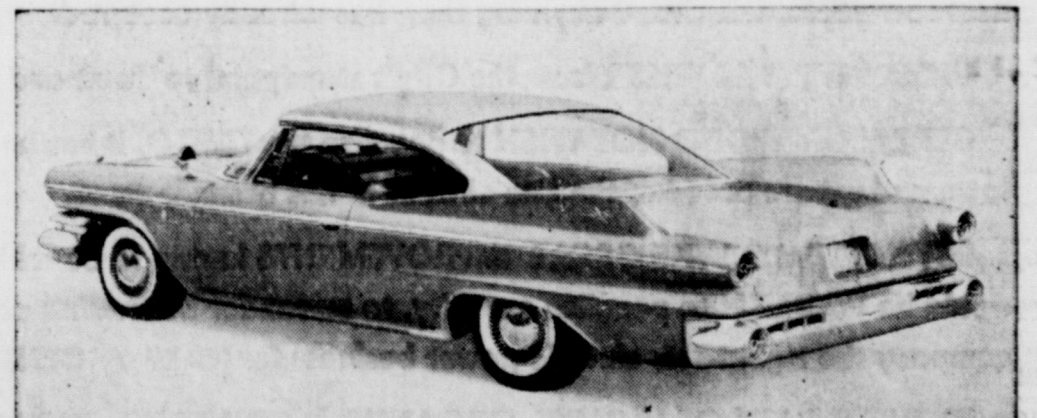

Stockholders of Eastland Memorial Hospital will meet Monday night at 7:30 in the Texas Electric conference room to elect three new members of the Board and new officers for the coming year. All stockholders have been urged to attend.

## Ted Weems at ... Lone Cedar

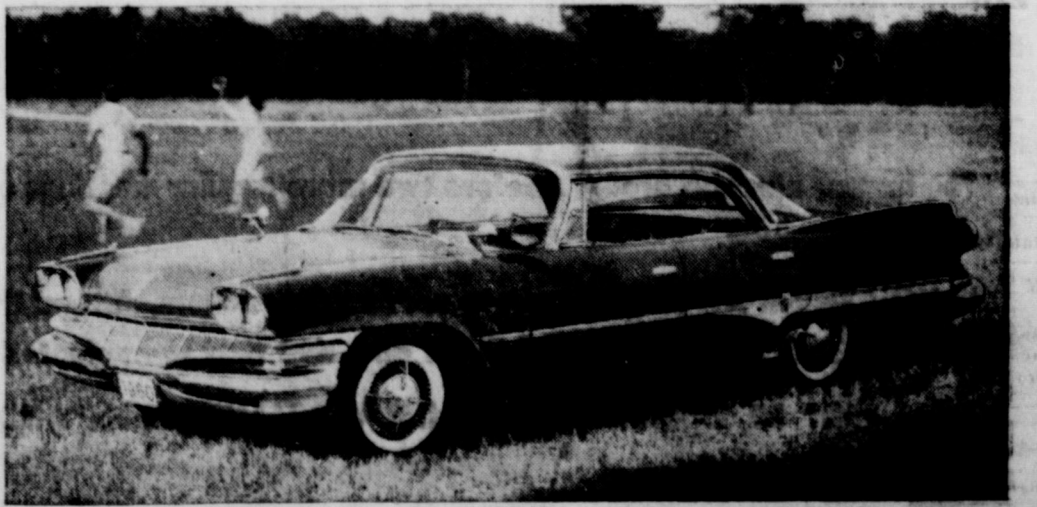

The new Lone Cedar Country Club has done it again. This time the management has booked the Ted Weems orchestra for this Saturday night.

Since 1932, when Weems recorded "Heartaches," his orchestra has been one of the top names in the nation.

Weems music, as the reader himself will tell you, has a businessman's bounce. The band features four brass, four sax and three rhythm, and plays everything from lush ballads to swinging uptempo tunes.

**AT MCGRAW'S TODAY**—The low, graceful silhouette of the 1960 Dodge is accented by small canted fins flaring naturally from the new jet-tube rear fenders. This Matador features a new high-fashion rear window which curves into the roof. The new Dodge line goes on display today at McGraw Motors in Eastland.

**NEW DODGE DART**—This four-door hardtop in the Phoenix series is one of the 20 low-price Dodge Dart Models offered for 1960. This Dodge Dart, which is styled in classic lines, features its own distinctive exterior and interior design. It goes on display at McGraw Motor Co. today.

**EXPIRATION OF PRESENT FRANCHISE**

ALTHOUGH THE PRESENT FRANCHISE of the Texas Electric Service Company still has seven and a half years to go (it expires in April, 1967) the Eastland City Commission is voting to give the Company a new FIFTY-YEAR Franchise, extending to the year 2007

**WHY THE HURRY?**

Surely a commission seven years hence will have the intelligence to handle the matter to the best interests of our city IN THE LIGHT OF CONDITIONS THAT WILL THEN EXIST!

**FIFTY YEARS IS A LOT OF TIME**

At the turn of the Century, when the Electric Power Industry was a struggling infant, a lengthy franchise made sense. Not so today, when the industry is soundly established, organized and financed. It was not then intended to establish a precedent, but only to give the infant the necessary protection in which to grow into the giant it is today. That has been done.

NOW, WHY PLACE AN OBLIGATION UPON OUR COMMUNITY which our Children and Great-Grandchildren will have to bear? HALF A CENTURY IS TOO LONG!

**REVOLUTIONARY CHANGES NOW IN PROCESS**

SINCE WORLD WAR II great changes have taken place in the electric power industry. It is known that improvements now in the laboratory stage, and certain to be made in the next few years, will dwarf anything that has already occurred.

WOULDN'T IT BE WISER from the City's standpoint to "wait and see"?

CERTAINLY WE DO NOT WISH to penalize the TESCO. It has been a great asset to our town and we are proud of the fine citizens it has brought us.

BUT IN VIEW OF THE GREAT IMPROVEMENTS known to be taking place, we believe it would be FOOLISH to penalize our City, to surrender its trading position by granting any company the right to its electric power business for HALF A CENTURY.

IN THESE DAYS OF HIGHLY ORGANIZED, POWERFUL INDUSTRY, a small community needs protection, too.

**THERE IS STILL TIME**

The matter must be brought before two more regular meetings of the Commission before final passage.

IF YOU THINK AS WE DO, talk to your commissioners. Attend the meetings. REMIND THEM THAT EASTLAND COMES FIRST and that they were elected to represent the CITY!

LET'S NOT BE HURRIED INTO THIS. WE HAVE SEVEN AND A HALF YEARS TO THINK IT OVER!

This ad paid for by citizens who feel they are a part of the City of Eastland and are concerned with its welfare today as well as in the future.

**Hospital News**

Patients in Eastland Memorial Hospital are:

Mrs. J. B. Turner, Eastland, medical

Mrs. Glen Maxwell and baby boy, Eastland

Alex Jimenez, Eastland, surgical

Leman Anderson, Cisco, medical

Pat Armstrong, Eastland, medical

Mrs. Lillie Wilson, Cisco, medical

Mrs. Robert Graham, Eastland, medical

Mrs. Otis Jordan, Eastland, surgical

Mrs. Jewel Dav's, Cisco, accident

Essie Mae Christesson, Breckridge, surgical

Guy Robbins, Eastland, surgical

Mrs. W. N. Fox, Eastland, medical

Sidney Arthur, Eastland, medical

Mrs. Pearl Noble, Eastland, medical

Newton Sparks, Cisco, medical

Patients dismissed were: Linda Sandlin, John Barham, Mrs. Milton Underwood, Mrs. Dale Trout, Les Strawn, Mrs. Ruth Kendrick and Bill McCleskey.

Patients in the Ranger General Hospital from Eastland are Mrs.

C. L. Richardson, medical and Mrs. J. M. Nash, surgical.

**FORD-**

(Continued from Page One)

Ford cars. New, swept-back windshield pillars have eliminated the troublesome "dog-leg" found in cars with the full-wrap windshield.

Yet, the new model Ford has 17 per cent more windshield area than last year's Ford, provides better visibility out over the hood, and has a windshield wiper pattern one-third greater than in 1959.

Ford's "posture-perfect" seats permit the driver and passengers to sit in comfort on foam padding and at what Ford research has proven to be the most comfortable seating angle.

DART- (Continued from Page One) four-barrel carburetor as standard equipment. The new "D-500" Ram Induction engine also is available in this model with a 383-cubic-inch displacement.

New rubber block and heavy coil spring engine mountings used on all 1960 Dodge engines achieve the largest reduction of engine vibrations since Dodge first introduced V-8's. Matching the Six-cylinder engine is a completely new automatic transmission—the TorqueFlite "Six"—featuring fully automatic three-speed torque converter shifting. The new transmission provides the utmost in convenience while still preserving the economy inherent in this over-head valve six-cylinder engine.

Ford Falcon- (Continued from Page One) being reported by our dealers," he said, "we are expecting our busiest introductory period in years."

Wright said the Falcon combines economy of operation and smaller exterior dimensions with ruggedness, "big-car" roadability and passenger space comparable to that of standard cars. "Its wheelbase is 8 1/2 inches shorter and its over-all length 27 inches shorter than a 1959 Ford Fairlane, yet it is a full six-passenger car with interior roominess approximating that of standard models," he said. "For example, front leg-room in the Falcon is only one-tenth of an inch less than in a 1959 Ford and front head-room is actually seven-

tenths of an inch greater. Rear-seat passenger space also compares favorably." Wright emphasized that the Falcon is "all new from the ground up." None of its parts will be interchangeable with those of standard Ford models.

Baptist Church will meet in the Fellowship Hall for the election and installation of officers. Each member is asked to bring a guest. The toughest leather ever tanned!

FLORSHEIM

Tiger Shark

27.95

FROM CARIBBEAN WATERS comes a remarkable leather—tough, scuff-proof Tiger Shark! It's boldly grained, marvelously soft and naturally waterproof. Yet, Tiger Shark is the strongest, longest-wearing leather used in men's shoes. Try a pair—you'll be amazed by their length of service. And you'll see why we say—by the mouth or by the mile, Florsheim shoes cool less in the long run.

Widths: A B C D—Sizes: 6 1/2 to 12  
Black and Dark Brown

Nick Miller  
The Man in the Hat  
Cisco Texas

The Impala 2-Door Sport Coupe

SEE IT NOW AND SEE ALL THESE

new and different things  
IN THE 1960 Chevy!

new!

easy loading  
luggage compartment

New convenience has been built into Chevy's big, vacation-sized luggage compartment by lowering the loading height.

NEW

spaciousness inside  
Inside you'll find room and more room. There's room to sprawl in, room to sit tall in—and the roofline has a respect for hats. A new flatter transmission tunnel is a boon to the middle man. Here is the kind of space that invites the family.

THRIFTIER  
!!!new!!!  
VS POWER

Under the hood thrift is accentuated in a new standard V8, engineered to deliver up to 10% more miles for every gallon while giving you more zest at normal speeds. Or you might choose its teammate—Chevy's Hi-Thrift 6—the engine that starts saving the moment you flip the ignition switch.

NEW QUIET  
AND COMFORT

Thicker, newly designed body mounts insulate you from road shock and noise, insuring an almost cocoon-like quiet. Full Coil spring suspension melts bumps as no other suspension system can. Oil hushed hydraulic

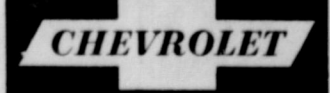

valve lifters reduce engine noise to a whisper.

NEW!

refinements  
for the driver

Everybody will want to be the driver when he sees the kind of pleasure a turn at the wheel brings. The driver finds Chevy has further cushioned him from engine impulses by an improved clutch linkage system. He'll also find a convenient new parking brake that automatically returns to normal height after application.

NEAREST TO PERFECTION A LOW-PRICED CAR EVER CAME!

Miss Janie Lynell Morton

Jannie Morton to Become Bride Of Alvis Rodgers November 7

Mr. and Mrs. J. B. Morton of Rt. 2, Eastland announce the engagement and approaching marriage of their daughter, Jannie Lynell, to Alvis Rodgers, son of Mr. and Mrs. W. R. Rodgers of Olden.

Special Music at First Baptist Church Planned

Friday night is to be a special night at the First Baptist Church. Dick Spalding will bring special music. The Adult and Youth Choirs will join in singing the magnificent "God of Our Fathers," with organ and trumpet accompaniment. After the revival service there is to be a full-length, hour long film shown for our youth and anyone who would like to stay. The name of the film is "As We Forgive."

Saturday night the special music will be given by Jerry Malone, the minister of music at the Southside Baptist Church of Abilene, accompanied by his wife.

Baptist WMU Hears Program On Hong Kong

The W.M.U. of the First Baptist Church met Tuesday, Oct. 6, immediately after the morning revival services. The Royal Service Program about "Hong Kong" was presented by Mrs. M. A. Treadwell, Jr., program chairman, Mrs. J. O. Jolly, Mrs. A. G. Goldston, and Mrs. Charles Layton.

At the close of the program a "covered dish" luncheon was held in Fellowship Hall of the church. Arrangements were made by the social committee: Mrs. Bruce Butler, Mrs. A. W. Cartledge, Mrs. R. D. Guthrie, Mrs. Clyde Garrett, and Mrs. Carl Jones.

Mrs. H. W. Sims, president, presided during the business meeting following the luncheon Mrs. R. D. Guthrie led the Group in singing the "Woman's Hymn". Mrs. Ita Parrish read the names of missionaries appearing on the calendar of prayer, and Mrs. Carl Jones led the prayer for them. The annual reports were given for the closing year 1958-1959.

Rev. Harvey Kimbler led the "Commitment service" for the incoming officers of the W. M. U. for 1959-1960. Special music for this service was given by Dick Spalding accompanied by Mrs.

Harvey Kimbler, New officers are: President, Mrs. H. W. Sims; Program President—Mrs. M. A. Treadwell, Jr.; Secretary—Gene Rhodes; Treasurer—Mrs. Charles Layton; Circle Chairman: Mrs. A. G. Goldston, Mrs. Dean Chapman, Mrs. Ita Parrish, Mrs. Esco Walter, and Mrs. J. L. Brashears.

Youth Directors: G. A.—Mrs. Harvey Kimbler, YWA—Mrs. J. O. Jolly, Sunbeam—Mrs. George Ford; Counselors: Sunbeam—Mrs. Johnnie Gallagher, Mrs. Winnie Wright, Mrs. George Ford, and Mrs. Dean Chapman; G. A. (Juniors) Mrs. Herbert Ekert, Mrs. Gene Rhodes, Mrs. James Shelton. Standing Chairman: Prayer—Mrs. Carl Jones; Stewardship—Mrs. Frank Sayre; Mission Study—Mrs. I. C. Inzer; Community Missions—Mrs. Bruce Butler; Publications—Mrs. R. D. Kelley; Publicity—Mrs. James Johnston.

THIRTY-NINE W.M.U. MEMBERS attended, and the following visitors: Harvey Kimbler, Rev. H. C. Garber, Mr. & Mrs. Dick Spalding, and Mrs. Addie Boles.

CARLSBAD VISITORS

Mr. and Mrs. C. G. Wheeler of Carlsbad, N. M. visited in the home of Mrs. Willie Mae Hendricks Monday night. They are also visiting with Mr. and Mrs. Floyd Woods of Gorman and Mr. and Mrs. Albert Hendricks of Gorman. Mr. and Mrs. Woods also visited in the Hendricks home Monday night.

Elizabeth Fox Active In TWU Gold Carnival

The eight annual Gold Rush Carnival at Texas Woman's University is scheduled for Tuesday, Oct. 13, and Elizabeth Fox of Olden is active in preparing for the big event at Denton.

The carnival grounds north of the campus will feature some 30 game booths, rides for school children, a variety show, and plenty of carnival-type food. An unusual aspect of this affair is the fact that TWU students do all the work on the carnival themselves instead of using professional help.

A new feature this year will be the substitution of dormitory displays in place of the traditional parade through downtown Denton. Residents of each dormitory, using the theme "Carnival of Nations," will construct a display similar to a parade float on the dormitory lawn. A loving cup will be awarded to the dormitory with the best display.

The first Gold Carnival was held in 1952 to celebrate the University's golden anniversary. Proceeds annually go to the Texas Woman's University Foundation for expansion of educational and development fields at TWU. Mary Martha Monroe of El Paso, Campus Government Association president, is general chairman.

Kay Hoffmann Is Honored at Party On 7th Birthday

Kay Hoffmann was honored with a backyard birthday party for her seventh birthday Tuesday afternoon. Mrs. Bill Hoffmann was hostess to her daughter's party.

The backyard was attractive decorated with colored streamers and balloons tied to trees. The serving table covered with a multicolored cloth, contained the birthday cake decorated with a miniature doll dressed in black and red, representing a Maverick cheerleader.

Attending the party were Marilyn Huckabay, Karen Ford, Cynthia Smith, Pat Campbell, Randall Treadwell, Jimmy Cockrell, Sharon Stedum, Susan Guess, Susan Kimbler, Joann Baker, Bill and Beverly Campbell, Mike Trout, Chriti Jolly, Carolyn Frost, Nita Ann Brown, Craig Lund, Vick and Robin King of Breckenridge, Harvey Dean Campbell and Jackie Pruitt.

Bill Hoffmann, brother of the honoree, Mrs. Bob King, Mrs. Truman Brown, Mr. and Mrs. C. W. Hoffmann and Mrs. Myrtle Anderson, grandparents of the honoree, were also among the guests.

ATTEND THE CHURCH OF YOUR CHOICE EACH SUNDAY

### Civic League to Hold Luncheon In First Baptist Church Wednesday

Amid a profusion of flowers, the Civic League opening luncheon will be held at the First Baptist Church Wednesday, Oct. 14 at 12 noon.

### Double Seven Is Hosted by Julie Frost Monday

The Double Seven Club held their regular meeting Monday in the home of Julie Frost.

Carol Walter called the meeting to order and a report was given on the results of the bake sale held last Saturday morning.

The club members voted unanimously to have Double Seven shirts instead of sweaters.

Mrs. Beck, sponsor, made plans for a hayride to be held Saturday, Oct. 17, and Rosemary Cruise was voted in as a new member.

The meeting was adjourned and refreshments of cakes and cookies were served to the following members: Shirley Smith, Becky McAlister, Ann Frey-chlar, Wanda Arthur, Judy Scherry, Judy Lewis, Danyse Sherman, Carol Walker, Sandra Wheeler, Nora Jordan, Carole McClesky and the hostess, Julie Frost.

### Terry Treadwell Hosts Beethoven Jr. Music Club

The Beethoven Junior Music Club and their guests were entertained recently with a hamburger supper in the home of Dr. and Mrs. M. A. Treadwell, with Terry as host and Mrs. A. F. Taylor as co-hostess.

Terry was assisted by Mike Perry in broiling hamburgers for the guests. Members and guests were served on the lawn at four-gone tables, covered with bright colored cloths. Soft drinks, cookies, and ice cream completed the delicious supper.

Games, directed by Mrs. Treadwell and Mrs. Taylor, were played on the lawn. A long game of Bingo was called by Terry Treadwell and Mike Perry, and all present received prizes.

Members present were Sherry Decker, Sarah Earnest, Linda Hucksbay, Patricia Ann Liles, Suzanne Butler, Susan Johnston, Mary Ann Manning, Deborah Earnest, Sherry Butler and the host, Terry Treadwell.

Guests present were Mike Perry, Mike Lewis, Renate Squiers, Marsh White, Diane Decker, Marsha Treadwell and Randy Treadwell.

Mrs. M. A. Treadwell was house hostess; Mrs. A. F. Taylor, sponsor.

The next meeting of the club will be Monday, Oct. 12, at 7 p.m. at Mrs. A. F. Taylor's home.

### RETURNS TO EASTLAND

Mrs. Frank Lovett has returned to Eastland after spending a few days in Ft. Worth where she attended the funeral of Mrs. Mamie Townsend, a former resident and teacher at Carbon. She is Mrs. Lovett's sister-in-law.

Mr. and Mrs. Roy Taylor of Huntsville, Ala. returned to Eastland with Mrs. Lovett for a visit.

### IN LUBBOCK

Miss Martha Kay Connell is visiting in Lubbock with her aunt and uncle, Mr. and Mrs. Duain Lusk for a few days. She will return Wednesday.

**PRESENTING FOR 1960... BUICK'S ALL-TIME BEST**

**THE TURBINE DRIVE BUICK '60**

A car with major advances in transmission, suspension, brakes, and engines which are Buick's alone today  
A solid, substantial car • A car of superb comfort, quiet, reliability • A car you should drive soon

**New comfort, quietness, and quality**  
Doors that open wider—easier to get in and out. Family-size interior. Seats that are higher, more deeply cushioned, and repositioned to provide more room for feet and legs. Perhaps the quietest running car in America due to Buick's high use of insulation and torque-tube drive. Buick's quality control program comes to a peak in the Turbine Drive Buick '60.

**New interior decor and convenience**  
An entirely new "Mirromagic" instrument panel. It lets the driver see speed, gas gauge, and other necessary readings at a glance in a mirror he tilts to suit his own eye level. And a new exclusive safety option—the "Twilight Sentinel"—that turns headlights on automatically at sunset... off automatically at sunrise. All-new colors and fabrics. Richer appointments. \*At slight extra cost.

**Outstanding performance with economy**  
1. Buick's Exclusive Turbine Drive Transmission\* is jet-smooth, responds faster, more economically than ever. No gears ever shift while the car is in motion.  
2. Buick's Exclusive Air-Flo Aluminum Drum Brakes—found on no other American car. Fin-cooled drums front and rear for faster cooling. Fast cooling means safer stopping, longer brake life.  
3. Buick's exclusive Wildcat Engines give high efficiency with high economy. (An optional new LeSabre Engine is designed to give Buick performance on regular grade fuel.)  
(Optional at extra cost on LeSabre, standard on Invicta and Electra.)

### Introductions At Restaurant Table

Dear Mrs. Post: When seated in a restaurant with a friend and her mother happens to come by and she stops and we are introduced, should I rise to meet her mother?

**Answer:** If you are a man, you do of course; if a woman, you don't in a crowded restaurant unless you, at the one extreme, are very young, or at the other extreme, she is very old. In any case it would be polite to make the gesture of rising if obviously that is all you can do without standing in the way.

### Are Alternate Invitations Necessary?

Dear Mrs. Post: It is necessary to give and accept invitations in consecutive order?

**Answer:** The "invitation for invitation" applies only to those whose acquaintance is formal as well as new. Friends never keep any such account. Naturally when Mary and John invite Jim and Jane and time again, they may expect the latter to invite them to something sometime, but the invitations do not alternate first from one and then from the other.

### Must She Keep Gift Pin?

Dear Mrs. Post: When I retired as president of our women's club, the members took up a collection and bought me a pin. The pin was bought at our local jeweler's and while it is very nice, it is not my taste. There is another pin in the window at this same jeweler's that I have been admiring and would much prefer it to the one they bought me. Would it be proper for me to tell them of my preference and ask them to exchange it, or could they possibly be offended? Will you please advise me on this matter?

### Long Gloves At A Dinner Dance

Dear Mrs. Post: When I go to a dinner dance and am wearing long gloves, should these be removed at dinner and then put back on again for dancing afterward? Please explain the procedure. Am I correct in wearing them?

**Answer:** You take them off after you are seated at dinner and lay them across your lap. After dinner you put them on again for dancing. Unless long gloves are checked with your wrap there would be nothing else to do with them but wear them. They are properly worn on formal occasions.

### The Iced Tea Spoon

Dear Mrs. Post: A friend of mine tells me that you have said it is proper to leave the iced tea spoon in the glass while drinking. I think she is mistaken about this as it does not seem correct to me. Will you please set me straight on this matter?

**Answer:** If there is no saucer or

### Announcing A Broken Engagement

Dear Mrs. Post: Would you suggest announcing a broken engagement in the newspapers, or forgetting it and hoping others will?

**Answer:** This depends upon what you find least distressing. If there is uncertainty about the situation, and talk, then it would be better to send a formal announcement to the newspaper that "the engagement of Miss Mary Smith and Mr. John Jones has been broken by mutual consent." Otherwise, it would be better to let the news drift from one person to another.

### Putting Up The Wedding Guests

Dear Mrs. Post: What obligation is there for the bride's family to put up the various guests coming from out of town for the wedding? Are there any who have to be taken care of and any who don't have to be?

**Answer:** The bride's attendants who come from out of town have to be provided for by her family, but not necessarily any others. It would be very hospitable to take care of the bridegroom's immediate family, if possible. But this is the exception rather than the rule.

### Mr. Post Offers Readers Leaflets

Mrs. Post offers readers leaflets on a variety of subjects concerning etiquette. If you would like to have her leaflet E-22, entitled "Names and Signatures," send 10 cents in coin to Dept. E, P. O. Box 99, Station G, New York 19, N. Y. Mrs. Post is sorry she cannot answer personal mail.

(Released by The Bell Syndicate, Inc.)

### Our Laws Have Their Roots Deep

Our laws have their roots deep within our beliefs. And the laws shift as our beliefs change. Thus working backwards, you can find a people's deepest beliefs by discovering their notions of justice — about adults, children, nature, animals, and other things.

Until this century, the laws held children fully responsible for crimes. Like adults, they faced trial and punishment — often prison or death. Today we seek mainly to reform child offenders, rather than to punish them.

Some primitive people hold inanimate things like stones and rivers guilty of offenses.

For centuries the laws held animals morally responsible for their acts, and therefore try-able in courts.

"And if an ox gore a man or woman to death," Exodus XXI says, "the ox shall be surely stoned."

Says Plato in The Laws: "If a beast of burden or any other animal shall kill anyone, except while the animal is competing in the public games, the deceased's kin-

plate on which you can lay the spoon, it is best to leave it in your glass keeping it away from your face while drinking the tea, with your first finger.

### Coasters For Guests' Glasses

Dear Mrs. Post: What is a courteous hostess expected to do when she sees her guests setting their beverage glasses down on her finest table tops and knows all the time that no matter how quickly these wet spots are wiped away after they leave, there will be the inevitable white ring forever after that?

**Answer:** She should buy coasters and see that one is put under each glass. Should a careless person not put the glass back on the coaster, the hostess would have to. This sounds almost as bad perhaps as trying to watch for flies, fly-swatter in hand! But as a matter of fact, most people will put their glasses back on their coasters.

### Must Both Be Invited?

Dear Mrs. Post: Would it be permissible to return a dinner invitation, which included my husband, with an invitation to the wife alone, to a woman's bridge party? Or must the return invitation include the husband?

**Answer:** I'm sorry to have to say that an invitation to one alone will not repay an invitation given to you both. You need not invite them to dinner if you do not customarily give dinner parties. But you should ask them both to whatever type of party you are in the habit of giving. It might be a buffet supper or no more than an afternoon tea.

### On Saying "Thank You"

Dear Mrs. Post: Recently I was criticized by a friend for saying "thank you" whenever a man friend lights my cigarette for me. She said that a man is expected to do this for a woman and therefore no thanks are necessary, and that, in fact, it is improper to say it. Am I wrong in saying a quiet "thank you" when this is done for me?

**Answer:** It is never wrong to say "thank you" when anyone does something for you. In fact, not to do so is the height of rudeness.

### Mrs. Post Offers Readers Leaflets

Mrs. Post offers readers leaflets on a variety of subjects concerning etiquette. If you would like her booklet No. 503, entitled, "Etiquette of Service," send 25 cents in coin to Dept. E, P. O. Box 99, Station G, New York, 19, N. Y. Mrs. Post is sorry she cannot answer personal mail.

## 17th Farm Census Coming This Fall

COLLEGE STATION — One of the biggest farm - government cooperative undertakings of this decade will get underway in October and continue through November. It is the 17th nationwide census in which farmers and the United States government have participated during the past 120 years.

Information gained from this agricultural census will have a vital influence on future planning, says A. B. Wooten, extension economist. More than 30,000 census takers will visit farm families throughout the nation to get information in three general fields — farm resources, farm products sold in 1959 and selected farming activities for this year.

Questionnaires have been mailed to farmers by the Census Bureau. Farm operators should complete these forms an have them ready for the census taker when he calls. Wooten points out that all information given by a farmer is confidential and figures for individual farms will not be revealed.

The big job gets underway Oct. 7 in far South Texas and a week later work will begin in 34 additional counties. On November 18 work will begin in all other counties of the State.

Farm records will be very important and Wooten suggests that farm families have their records

available and as complete as possible when the census taker calls. By providing complete and accurate records, the time of the taker will be conserved and the Census Bureau will be able to process and publish their findings without delay, says Wooten.

**IT'S THE LAW**  
in Texas

WHAT IS "ESCROW"?  
What is an "escrow"? It is a deposit of money or documents, or both, with an escrow holder, who is really a "stakeholder."  
What does an escrow do?  
The escrow holder gets money from the buyer. He gets documents from the seller, and he carries out instructions of both upon the performance of some act or the meeting of some condition. As a rule, in the escrow instructions the seller and buyer tell the escrow holder what to do and when.  
An escrow arrangement helps in buying and selling land. It is an especially useful device when you may live in another city, or expect to be gone when time comes to close the deal. Suppose, through a real estate man, you find a buyer for your place. But he may not want to pay in full until you can give him clear title, or it may take time to raise the money. So you agree on terms, and both of you use the escrow to put the deal through.  
As a neutral go-between, the escrow holder, which may be a bank, may only carry out instructions you give him. He cannot, for example, give you advice as to whether your deal is a good one.  
The seller may tell the escrow holder: Hold the abstract and deed until the buyer pays over the money; then pro-rate taxes, insurance, rents; pay the real estate broker, and pay the proceeds to the seller.  
The buyer may have the escrow holder hold his money until the title is approved; pro-rate estate taxes, rents, insurance; pay the seller at close of escrow; receive and record the deed from the seller, etc.  
As a rule, you work out most deals before you open the escrow. Look carefully at "preliminary arrangements," "deposit receipts," or escrow instructions, for such papers may be binding. As a rule, one or more of them will be your basic contract.  
(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

**Evinrude Offers  
Movie For Showing  
To Boat Clubs**

"Report to Ole," a half-hour documentary motion picture which traces the history of outboard boating in the United States is now available without cost for showing to clubs and boating organizations.  
The film was produced this year by Evinrude Motors, Milwaukee, to mark its 50th anniversary. Evinrude Motors is the country's oldest outboard motor manufacturer, founded by Ole Evinrude in 1909.  
The film traces the life of Ole and his wife, Bess, a working partner in the early days of the firm. A devoted and loving companion to Ole, Mrs. Evinrude encouraged the young pattern-maker to go into production with a motor he engineered in 1907. It was Mrs. Evinrude who wrote the company's first advertising copy and coined the phrase: "Don't Row — Throw the Oars Away."  
The film takes its title from a present-day report to Ole in which the narrator describes recreational boating as it now exists. "Report to Ole" was photographed on boating waters in Connecticut, Wisconsin, Tennessee, New York, Florida, Nevada and Alaska. The narration is in the form of spirited American folk music, composed by Oscar Brand with Robert Abramson.  
Simon Oakland portrays Ole Evinrude and Pat Englund, Bess. The film was written by Burton J. Rowles and produced for Evinrude Motors by MPO Productions. Larry Madison, producer, served as cameraman for location shooting. Peter Glushanok was camera-

man for studio shooting. The film was directed by Ira Martin and edited by Jerry J. Siegel.  
W. J. Webb, vice president of Outboard Marine Corporation and division manager of Evinrude Motors, served as technical advisor. Bill Molyneux was art director and Norman Gerwitz, production manager.  
Prints for "Report to Ole" may be obtained for club showing through local Evinrude dealers.

## Turkey Meat Good Buy Anytime

COLLEGE STATION — Are you interested in a high protein, low caloric meat that will really help stretch your food budget? Delicious, wholesome servings of turkey meat will do just that. In addition to being good eating, it is a valuable source of high quality proteins which make for good body maintenance and sturdy growth. Turkey meat is chock-full of B vitamins and important minerals — including iron, which is so necessary for our well-being, says Marshall Miller, extension poultry marketing specialist. Turkey is now available for serving the year-round. Whole turkeys can be purchased in ready-to-cook weights ranging from 4 to 30 pounds. Turkey halves, turkey quarters and turkey parts are available at many markets. These should be especially attractive to the small family, Miller says. Specialty items such as turkey steaks, turkey patties, turkey sausage and smoked turkey are delicious and economical. With the football season in progress, plan to serve a smoked turkey during those after-game festivities. Miller says you can serve it hot or cold. Either way it is delicious and good for you. The outdoor cook will find the broiler turkey a delight and a treat. Barbecue, using your own special sauce and technique, and watch them come back for seconds. Be sure to purchase 3-4 to 1 pound ready-to-cook weight for each serving. Miller adds that local county agents or home demonstration agents have additional information on preparing and serving turkey meat.

3. The 1960 Thunderbird . . . The World's Most Wanted Car!

### Introducing the New-Size Ford . . . the 1960 Ford Falcon

Meet the New-size Ford—the Falcon! Here's a car with plenty of room for six big adults and all their luggage. It's sized to handle and park like a "small" car . . . powered to pass and climb like a "big" car . . . and built like no other car for savings!

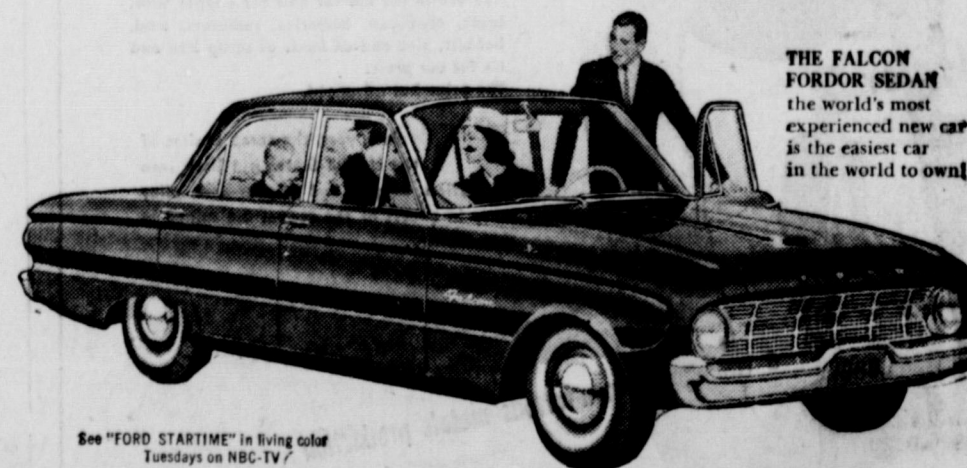

It gives you up to 30 miles per gallon on regular gas. Aluminized mufflers normally last twice as long as ordinary kinds. A Full-Flow oil filter lets you go 4,000 miles between oil changes. Even insurance can cost you less! And this Falcon is the world's most experienced new car. It was driven over every mile of numbered Federal Highway in EXPERIENCE RUN, U.S.A.—a grueling demonstration climaxing Ford's 3 years of development and testing.

The Falcon has the features that American car buyers expect. Its gearshift is on the steering column—not on the floor. Its engine is located up front for greater stability and safety. Best news of all is the Falcon's low, low price. See it at your Ford Dealer's . . . and see the difference!

Now you can see them—the Finest Fords of a Lifetime! Economy-minded Fairlans. Big-value Fairlane 500's. Elegant Galaxies. A breath-taking new Sunliner convertible and a brand-new hard-top model, the flashing Starliner. Then there's a whole new world of Station Wagon Living, too. It all adds up to 15 glittering variations of the world's newest, most elegant styling theme! And Ford sets the new trend in power. Ford's Thunderbird 292 V-8 and 352 V-8, like the famous Mileage Maker Six, bring a new world of smoother, hotter performance—on regular gas. To top it all, the Finest Fords of a Lifetime are priced for savings. Ford is still priced to outvalue all comparable models of its major competitors.

Ford savings, however, only begin with a low price. You save still more with engines that thrive on regular gas and save up to a dollar on every tankful . . . a Full-Flow oil filter that lets you go 4,000 miles between oil changes . . . Diamond Lustre Finish that never needs waxing . . . aluminized mufflers that normally last twice as long as conventional types . . . new, safer, Truck-Size brakes that are the biggest ever in Ford's history . . . and new soft-tread, Tyrex cord tires that run quieter, last longer. In every way these are the Finest Fords of your Lifetime! See them at your Ford Dealer's!
