Hear Ye! Hear Ye!

The Eastland ISD School Board has designated that EHS will have a pep squad for the 1973-74 school year.

We are extremely excited about the prospects of a successful group of girls boosting that good ole Maverick Spirit. We want to urge all EHS girls to take part in this added school activity.

An organizational meeting will be called at a time to be announced in the near future. Mrs. Nancy Mahan will sponsor the group this year and has stated that all high school girls (Freshmen through Seniors) are eligible and urged to participate. Please keep this in mind and plan to attend the meeting at the time that will be set.

Reservations are coming in for game day at Lone Cedar Country Club on Friday, August 3rd. Games will be played in the morning or afternoon, or both. Lunch will be served at noon. Those who do not engage in games may come and bring guests for luncheon. The fee is \$2.10 per person. Reservations may be made by calling Mrs. Don Pierson, Mrs. James Horton, or Mrs. Joe Stephen in Eastland. Mrs. P.M. Kuykendall in Wanger or Mrs. Wilbur Shell in Gorman.

Crusade Begins Sunday

Crusade Chairman, Richard Watson of Eastland reports that progress and cooperation have been tremendous in preparing for this encounter with Christ. Committee workers in the individual churches have worked diligently on their assigned tasks, and things are running smoothly for the opening of the crusade.

The culmination of several months of planning, organization, preparation, and prayer will be evident this next week with the start of the "Meet Jesus Crusade" on Sunday evening, July 29 at 8 p.m. in Eastland's Maverick Stadium. The crusade, sponsored by the Cisco Baptist Association, will continue with services each night at 8 p.m. through Friday night, August 3.

Evangelist for the week-long series of services will be Ben Loring, Jr., of Houston. Ben is a graduate of Baylor University and Southwestern Baptist Theological Seminary. He pastored churches in Mart and Eddy during his college years and served as a BSU summer missionary to Singapore. He served as minister of evangelism for the First Baptist Church, Houston, from 1970-72. He is now with the Christian Life Commission of the Baptist General Convention of Texas. He leads in conferences at local Baptist churches, associations, and on many college campuses. He has had evangelistic ministry in over 200 churches.

Bro. Loring, the son of Reverend Ben Loring, Sr., of Garland, is married and has two children. His home church is Cliff Temple Baptist Church of Dallas.

Connie Ware of North Carolina will be the music evangelist of the crusade. He is a native Texan and is the son of J.W. Ware, long-time Baptist

minister. After high school graduation, where he was an outstanding athlete, Connie attended Baylor University and Southwestern Baptist Theological Seminary, receiving degrees in church music. During his college years he began leading in youth revivals and in 1969 he worked with Dr. Chester Swor in a series of revivals. He comes to us with experiences in more than 100 revivals and crusades. Connie serving as music and youth minister at the First Baptist Church of Waynesville, North Carolina, recently entered full-time evangelistic music.

The 100 voice Crusade choir, under the direction of Connie Ware, along with others, will be providing inspiring special music each night. Volunteer response for the choir has been good, according to Emmett Carson, crusade music committee chairman. JoAnn Baker of Eastland will be pianist and James Steel of Rising Star organist for the Crusade. The choir will rehearse for an hour each night preceding the Crusade services. Choir members are asked to be in place at 7 p.m. each evening.

Ushers are being provided on a volunteer basis from participating area churches. Ushers will be positioned at vantage points in Maverick Stadium to assist in seating etc.

An attendance goal of 1500 persons each night of the crusade has been set.

The Eastland Fire Department will direct traffic and parking at the stadium parking lots.

Nursery facilities will be provided at the First Baptist Church in Eastland for all children, ages birth to three years. Parents are asked to contact their local Baptist churches to find out if local nursery arrangements have been made. If not, the Eastland facilities will be available.

A large number of counselors from various area towns have been attending training sessions in preparation for their duties during the Crusade. A counselor training session is set for Friday night, July 27 at 7 p.m. at the East Cisco Baptist Church in Cisco, and another counselor's meeting Saturday night, July 28, at the Eastland Stadium beginning at 6:30 p.m.

This session will precede "Dedication Night" activities which begin on Saturday night, July 28 with the choir rehearsal at 7:30 p.m. and the Dedication Rally at 8 p.m. This service will serve as "kick-off" for the Crusade at which time the evangelist and music evangelist will both be present and participating in the service.

Some participating churches will be forming caravans on nights of the crusade. This will enable many to attend who are unable to drive. Interested persons are urged to contact their local Baptist church about the caravans, or if transportation is needed. Special prayer meetings are being scheduled in area towns. Persons are urged to hold these prayer efforts, both on an individual and church-wide basis.

It was stressed that this Crusade is for everyone of any or no denomination. Everyone in Eastland County is invited and urged to attend as many of the services as possible. People are invited to "MEET JESUS".

Thoughts

From The Living Bible
Tell my servant David, 'The Lord of heaven says to you, I took you from being a shepherd and made you the king of my people. And I have been with you everywhere you've gone; I have destroyed your enemies, and I will make your name as great as the greatest of the earth. And I will give a permanent home to my people Israel, and I will plant them in their land. They will not be disturbed again; the wicked nations won't conquer them as they did before, when the judges ruled them. I will subdue all of your enemies. And I now declare that I will cause your descendants to be kings of Israel just as you are.'

**Kim Collings Becomes Bride
Of Troy Donnell July 24**

Miss Kim Alana Collings became the bride of Mr. Troy L. Donnell in vows recited at seven-thirty in the evening on Tuesday, July twenty-four, at the altar of First United Methodist Church in Fort Worth with the Reverend A.B. McGown assistant pastor, officiating.

The bride is the daughter of Mr. and Mrs. Bill J. Collings, 2312 Denbury, Fort Worth; parents of the bridegroom are Mr. and Mrs. T.L. Donnell of Nome, Texas.

Mr. Collings presented his daughter in marriage. She wore a formal gown of luteson and French lace, designed with semi-fitted bodice featuring a wedding ring collar with tailored bow at back. The leg-of-mutton sleeves were finished with long six-button cuffs at wristline. Satin covered buttons traced the center front from neck to hemline. The entire flowing skirt extended to form a chapel train.

A tiara of lace dotted with seed pearls and rhinestones held her graduate veil of illusion. She carried a cascade arrangement of white carnations and orchids.

Miss Vicki Ewing of Ranger was maid of honor; bridesmaids were Miss Rita Anderson of Ranger and Mrs. Teddy Lamar of Fort Worth. They were identically attired in carpet-length gowns of blue lace and carried nosegays of white blossoms.

S.W. Hollingsworth, Jr. of Fort Worth attended the bridegroom as best man; groomsmen were Mark McGinnis of Hurst and Teddy Lamar of Fort Worth. Misses Stephanie and Debbie Lavake of Fort Worth were flower girls; Miss Heather Hollingsworth was ringbearer; candles were lighted by Walt and Kristi Lowery, both of Hurst.

Reception followed in the parlor of the church.

Following a wedding trip to Mexico, the couple will reside in Fort Worth.

The bride and her parents

lived in Ranger for ten years where she attended school until her fathers transfer to Fort Worth with Texas Electric Service Company. Her mother was employed as Business Manager of Ranger Junior College.

Both Mr. and Mrs. Donnell are attending college. He will enter University of Texas at Arlington this fall and she will be a student at Tarrant Junior College in Fort Worth.

No Doubt About It... Wheat and Diesel... Still Number One... Milk Production Dips.

If there were any doubts about it at all, a report from the Texas Crop and Livestock Reporting Service will dispel them regarding cotton and Texas.

During 1972, Texas produced about a third of the nation's cotton crop. Normally, the report on Texas cotton would have been completed much earlier, but the 1972 crop harvest wasn't completed until March of 1973.

The crop for 1972 totaled 4,246,000 bales compared with only 2,579,000 bales produced during 1971.

Yield per harvested acre averaged 408 pounds compared with 263 pounds in 1971. This is the second highest yield on record, being exceeded in 1968 with 410 pounds per acre.

The 1972 upland cotton crop is valued at \$446,000,000, compared with \$329,000,000 in 1971.

Nationwide, a total of 13,702,100 bales was produced, which is 31 per cent above the 1971 crop. The average 1972 price is set at 26.60 cents per pound compared with 28.07 cents per pound in 1971.

WHEAT harvest continues in Texas amid reports of fuel shortages. As of the first of June, harvest was only five per cent complete compared with 25 per cent in 1971.

Fuel shortage reports continue heaviest in the wheat harvest areas. Custom combine operators apparently are having the most trouble in locating fuel supplies.

Farmers who run short or out of fuel should report that fact to their county Agricultural Stabilization and Conservation Service office or the Texas Department of Agriculture.

PEACH production based on June 1 prospects for Texas is forecast at 271,000 bushels, which is less than half of the 604,000 bushels produced in 1972. Peach harvest is now active and quality is reported good to excellent.

RANGE and non-irrigated pasture conditions are six per cent better now than a month ago. Conditions are generally good to excellent throughout the northern half of the state with some exceptions.

TEXAS continues its honor as the number one cattle feeding state in the nation. As of June 1, cattle on feed in Texas totaled 2,252,000. This is 10 per cent above a year ago, and four per cent above a month ago.

Number of cattle on feed in the seven major cattle feeding states—Texas, Iowa, Arizona, California, Colorado, Nebraska and Kansas—totaled 9,455,000. This is a one per cent increase from a month ago and four per cent more than a year ago at this time.

Placements into Texas feedlots during May total 492,000 head. These placements are 12 per cent below May this year but 91 per cent above the previous month.

Marketings of fat cattle during May totaled 403,000 head, which is 12 per cent above a year ago and 14 per cent above marketings for April.

Cattle producers are continuing to expand production, contrary to some claims by some consumer groups that the cattleman is purposely holding back production in order to keep his price high.

MILK production in May in Texas is the same as May of last year, but is one per cent below a month ago. May milk production totaled 305,000,000 pounds in Texas.

Nationwide, milk production is two per cent under a year ago. Production during the first five months of this year is two per cent less than last year.

The May milk-feed ratio at 1.37 is the lowest since 1965. Huge increases in feed costs are the reasons for the decline in the ratio. It is 19 per cent below a year ago.

Dear friends,

Most families decide in advance upon a doctor in whom they have confidence to call in an emergency. In like manner, it is wise to decide upon a funeral director in whom you can place your confidence in time of need. Select this man in advance, when good judgment is not upset by the stress of your grief.

Respectfully,

Men In Service

8 ways to save money on air conditioning.

- 1 Set thermostat no lower than necessary for comfort - the lower the setting the more electricity the unit uses.
- 2 Replace disposable or clean permanent type filters as required - clogged filters make the unit work harder and use more electricity.
- 3 Provide adequate attic ventilation - helps reduce heat buildup.
- 4 Install proper duct, ceiling and wall insulation and weatherstrip windows and doors - keep hot air out, cool air in. (Helps reduce winter heating costs too!)
- 5 Keep the outdoor unit free of grass or other obstruction.
- 6 Keep windows and fireplace dampers closed - prevents excessive loss of cool air and infiltration of hot air.
- 7 Shade windows from direct sunlight with awnings, blinds or draperies - it will reduce the load on the unit.
- 8 Have the unit checked by a qualified air conditioning serviceman. Do this in the spring, prior to your need for cooling.
