Eastland to Host Lions' Convention

Eastland has been selected to host the 1962 District 2-E-1 Lions Club convention. The choice of a site for the '62 convention came as an ending highlight of the 1961 convention which was held in Breckenridge. Tom Ward of Breckenridge, a Texas Electric employee, was elected to district governor and P. E. Shotwell of Abilene was re-elected director of the Lions Crippled Children's Camp at Kerrville. Local Lions had supported Ward's candidacy.

Some 235 persons attended the three-day convention. H. R. (Pop) Garrett of Eastland issued the invitation to hold the 1962 convention in Eastland and it drew a quick second from Kenneth Drake of Quanah. Eastland was the unanimous choice of convention delegates.

Main speaker at the Sunday noon luncheon was Dwight E. Stanford of San Diego, who ad-

ressed Lions on the subject, "Enthusiasm."

Dr. D. L. Ligon, outgoing district governor, issued his annual report which showed Eastland County Clubs ranked in the top of the district in the annual contest standings.

Eastland ranked fifth in the 41-70 member division, Cisco was fifth in the 71 and over member division, Ranger was ninth in the 0-40 member division and Rising Star was 13th in the same division.

Eastland scored 1,350 points in the contest, Cisco had 1,220, Ranger 757 and Rising Star 551.

Funeral Services Held Today for Mrs. Nettie Smith

Born in Shackelford County, Jan. 28, 1882, she was a resident of Eastland County for 78 years.

Funeral services were held this afternoon at 2 p.m. in the Eastland First Methodist Church with Rev. J. T. Gardner and Rev. Baycom Morgan officiating. Interment was in the Eastland Cemetery under the direction of Hamner Funeral Home.

Survivors include her husband, R. W. Smith; four daughters, Mrs. Alma Rice of Jennings, La., Belma Pounds of Eastland, Mrs. Nina Morrison of Moline, Ill., Mrs. Illa Williams of Fort Worth; eight sons, Earl and Clyde of Cisco, R. W. Jr. of Odessa, Homer and Johnson, both of Eastland, Luther of Andrews, Austin of Fort Worth and Eldon of Colorado City; 25 grandchildren and 23 great-grandchildren.

Grandsons served as pallbearers for the services.

Public Urged to Visit Dairies During June

The dairy industry is big; it's essential, modern, diversified and has stability, said A. M. Meekma, extension dairy specialist, today as Texas and the nation celebrates the silver anniversary of June Dairy Month.

Dairying, he added, is the greatest single source of farm income in America. One out of every five dollars in cash receipts from farm products comes from dairying. The dairy industry, Meekma noted, utilizes milk production from 17 million cows on more than a million of the nation's farms. The milk is processed in approximately 35,000 dairy plants and the equivalent of 60 billion quarts, in the form of fluid milk and its products is distributed annually to the nation's customers. June Rainfall Helping Make Up For April, May

Eastland is finally getting some of that April and May rainfall which skipped this area.

A total of 2.13 inches of moisture has been recorded here by the official U. S. Weather Bureau station since Saturday. Last night's rain totaled .47. It was the fourth straight night rainfall has fallen.

A mere .64 of an inch fell in May and only .15 was recorded in April. Average rainfall here in May is 4.08 and the April average is 2.87.

Unusual Australian Train Ride Described

By JOSEPH M. PERKINS

Here we are at Surfer's Paradise on the Gold Coast of Queensland, the famous beach playground of eastern Australia. The city of it is that I am four times as old as I should be to fully appreciate my surroundings!

We left Sydney a week ago by train, and will return to Sydney tomorrow. I now think I should describe the train. While at the Royal Easter Show we saw a new sleeping car designed and built in Sydney for the South Wales Government Railways. The following week this car and others like it were put into operation on the two overnight express trains between Sydney and Brisbane, the capital of Queensland. We rode in one of these new sleeping cars on our trip up here and it was a thrilling experience. Two types of sleeping cars are in use. The car we were in contained roomettes while other cars contained twinettes which resemble our bedroom in American except that they contained a shower bath in addition to the usual facilities. The roomette cars are unique and of a design unlike any other. The center aisle, instead of being straight down the center of the car, is slightly crooked and curves from left to right and then from right to left several times down the length of the car. The curves are gentle and a person can see from one end of the car to the other, but in walking it one goes along

Four Eastland Boys to Attend Camp Hoblitzelle

Exciting dreams of summer camps will come true for four boys from Eastland. These boys have been selected by the local Salvation Army Service Unit Committee, and will be four of more than 2,000 youths who will each enjoy a full week of camp activities at The Salvation Army's Camp Hoblitzelle near Dallas.

During the summer season, thirteen weekly camps will be conducted, with each session accommodating about 175 youths.

Chief Roy L. Laney, camp chairman for Eastland has been busy for weeks selecting boys to attend the camp. Local boys at-

tending include W. L. Carmack, 11, Dale Carmack, 11, Randall Squires, 9, and Roy Stroud Jr., 11. They will be met at the bus station in Midlothian or Waxahachie towns near Camp Hoblitzelle, and taken to the camp by representatives of The Salvation Army, or driven to and from the camp by Greyhound Bus.

Camp Hoblitzelle is located on a beautiful wooded tract of 340 acres, seven miles south of Midlothian and eight miles west of Waxahachie, and within an hour's drive of Dallas. At the camp are well-arranged, well-equipped playgrounds for all boys' sports, a swimming pool, a lake for boating and fishing, organized sports under the direction of experienced coaches — everything to bring happiness and realization to the dreams and hopes of growing boys.

The boys will be housed in the camp's attractive brick and red-wood cabins. Meals, prepared by expert chefs and designed to meet the physical needs of healthy growing youngsters, will be served in the camp's own dining room.

Camp Hoblitzelle was made possible through the generous gifts of more than one hundred men and women of Texas. Their gifts provided money for the purchase of the land, buildings and other improvements made there. The camp is operated by The Salvation Army for the benefit of boys who, without their help, would not have the opportunity to enjoy the wholesome atmosphere of camp life.

In Eastland, The Salvation Army is supported United Fund.

Five Hurt In Accident Near City

Condition of five persons injured in a three-car crash a few feet outside of the Eastland city limits just after midnight Saturday were described as improved today.

Three of the injured were from Eastland and two from Arizona.

C. W. Hoffmann Jr., 21, of Eastland, underwent an operation Monday on his knee. He suffered a fractured knee cap and cuts and is reported to be in good condition.

Donna Pugh, 18, also of Eastland, suffered a fractured jaw and cuts.

Jamie Stamey, 19, received severe head cuts and bruises. Miss Stamey has been released from the hospital.

Wilma Huggett was transferred to Harris Hospital at Fort Worth Monday. She remains in serious condition with a double jaw fracture, broken ankle and lacerations. She was driver of the Arizona car.

Ann Jorgenson, a passenger in the Arizona car, remains in Eastland Hospital. She suffered a dislocated hip, head injuries and a fractured jaw.

The mishap occurred just east of the Eastland city limits. The east-bound car driven by Wilma Huggett and the west bound car driven by Hoffmann collided almost head on. A third car, driven by Gaila Walters, 19, of Eastland, also traveling west, then crashed into the two.

Jimmy Pipkin, 21, a passenger in the Hoffmann car was not injured. Miss Walters, Don Bledsoe

Lifetime Ranger Resident Dies Monday Morning

Barnett Hale, 33, a life-long Ranger resident, died in the Ranger General Hospital at 6:55 a.m. Monday. Mr. Hale was an employee of Lone Star Gas Co. and had been in ill health for some time.

Mr. Hale was born May 21, 1928, and married Reba Lois Moore on June 2, 1951. He had been employed with Lone Star for 12 years as a dispatcher.

From Feb. 11, 1952, through Jan. 28, 1954, he served with the Army.

Funeral services will be held at 2 p.m. Wednesday in the Church of Christ at Mesquite and Rusk Streets with Loyd Bryant, minister, officiating. Burial will be in Evergreen Cemetery under the direction of Killingsworth Funeral Home.

In addition to his wife, Mr. Hale is survived by his parents, Mr. and Mrs. J. R. Hale of 400 S. Oak in Ranger; two brothers, Larvoise and H. T. Hale, both of Ranger; two sisters, Mrs. E. O. Taylor of Midland and Mrs. U. E. Westmoreland of Ranger.

Pallbearers will be W. W. Robertson, George Wright, Ben Howard, Billy G. Thompson, Wayne Simpson, all of Ranger, and W. G. Graham of Eastland. Honorary pallbearers will include V. V. Cooper, G. M. Hargus, C. D. Gallagher and C. L. Dinsmore.

Jaycees to Remodel C-C Office and Share Space

Eastland Jaycees have started work on remodeling the Chamber of Commerce offices.

Jaycees will do all the work and plans call for a modernized reception room, main office and conference room. The plan was originated by the Chamber of Commerce board of directors and submitted to Jaycees, who approved. Under the plan Jaycees will do the needed work and for their efforts will be allowed to use the facilities. Money used to buy supplies will be put up by the senior chamber.

The first Jaycee work crew began work last night. Grover Hallmark, president, has divided

Shell Explosion Injured Two In Freak Accident

An Eastland man and his 13-year-old son were injured Saturday when shells they were loading exploded.

Injured were S. G. McCullough and Jerry Brown McCullough. McCullough suffered powder burns and Jerry Brown suffered powder burns and a shoulder injury. A piece of one of the shells lodged in Jerry's shoulder and had to be removed. He was treated at Eastland Memorial Hospital.

The mishap occurred at the Texas Highway Department building.

Little League Leaders Post More Victories

The rich got richer and the poor got poorer Monday night in Eastland League play as the Lions beat the third place Bulldogs, 8-3, and the "second place" Comets downed the cellar-dwelling Medics, 19-9.

Larry Miller scattered eight hits to get credit for the Lion victory. The Lions got only six hits against Jerry Hollis and reliever Larry Mace, but six big runs in the second inning and seven errors in the game proved the Dogs' downfall.

The Comets hoped on the Medics for five runs in the first frame and then went on to win easily.

Thursday night the Lions play the Medics and the Bulldogs meet the Comets.

Tonight at 6 the Bulldogs play the Medics in Minor League action.

Girls Want ... Billfolds Back

There's the guy who steals from the church plate and then there's the guy who steals out of wrecked cars while the occupants are still being rushed to the hospital.

That's what happened following the wreck here Saturday night. Someone went through the wrecked cars and took billfolds belonging to Gaila Walters and Donna Pugh.

The girls want their billfolds back. They say the person who took the money can keep it, but they would like to have pictures and important papers back.

arrived at Surfer's Paradise early afternoon.
Special day at Surfer's Paradise start with a tropical breakfast delivered through a special door in the wall, a procedure that reminds me of the way wild animals are fed in a zoo. One morning's breakfast included stowed corn served on toast. In the forenoon, a walk to the Post Office for mail from home, followed by a dip in the warm but violent Pacific.

In the afternoon a conducted bus tour to see trained porpoises leap ten feet out of water to snatch a fish held on the end of a stick with a bathing beauty at the other end of the stick. On the way back, a visit at a bird sanctuary at sunset to see hundreds of brightly colored lorikeets, the size of robins, being fed bread mush and honey. Possibly a card game or two in the evening, then to bed. Sleep comes quickly in the soft night air with the soothing sound of breakers on the beach.

Mr. and Mrs. B. W. Robertson and Ronald attended Open House showing of the new 1962 RCA Victor televisions and radios in Dallas, Sunday. After the showing they were guests at a buffet luncheon in the Hotel Stoneleigh.

**Nuptial Vows Read Saturday Eve
For Wanda Nance and Roy Justice**

Nuptial vows were read in an impressive candlelit ceremony Saturday evening at 8 p.m. uniting Miss Wanda Joyce Nancy of Cisco to Roy Glenn Justice of Eastland. The ceremony was performed in the home of the bride's parents, Mr. and Mrs. J. C. Nancy of Cisco.

Parents of the bridegroom are Mr. and Mrs. Roy Justice of Eastland.

Rev. Jim Hooten, pastor of the East Cisco Baptist Church, read the double ring ceremony.

Miss Betty Nancy, sister of the bride, was maid of honor with Harold Justice, brother of the groom, serving as best man. Wedding Tapers were lighted by Larry Nance, brother of the bride.

Given in marriage by her father, the bride wore a street length gown of white embroidered organza over taffeta and featured a fitted bodice which was accented with a scalloped demi-jacket. Her shoulder length veil fell from a teardrop tiara. Her bridal bouquet consisted of a white orchid atop a white pearl Bible.

The maid of honor was attired in a blue brocade taffeta sheath with matching lace gloves and a bow clip hat. She carried white carnations.

The reception was held immediately following the ceremony in the home with Mes. Jim Horn of Eastland, Bennie Edwards of Abilene, Marshall Ervin of Lubbock, Marvin Hale of Carbon and Misses Lanette Clark of Rising Star and Patsy Hale in the houseparty.

For her wedding trip the bride chose a blue silk shantung sheath with white accessories. She wore

the orchid from her bridal bouquet. Following a short wedding trip, Mr. and Mrs. Justice will be at home after June 12 at 602 W. Plummer, Eastland.

The bride is a graduate of Cisco High School and the groom was graduated from Olden High School. He is presently employed by Worth Food Mart in Eastland.

for beef purposes in 1959, Meekma said, amounted to more than \$6 1/2 billions and represented 19.9 percent of all cash farm receipts for that year.

The dairy industry is essential, he emphasized, because milk is nature's most nearly perfect food and the nation's favorite. Nutritionally, milk and milk products provide from 20 to 25 percent of the essential food nutrients for only 15-18 percent of the food budget, he said.

Dairy plants are marvels of engineering efficiency. Processing is done under the most exacting sanitary conditions in order to give consumers food of the highest quality, he said. Besides gleaming stainless steel plant equipment, the dairy industry is a regular customer for hundreds of millions of dollars worth of all types of processing equipment, containers, flavorings, chemicals, trucks, conveyors, electric motors, office equipment, machinery, and supplies plus hundreds of other products.

Consumers, Meekma said, should take advantage of opportunities offered during Dairy Month to learn more about the nation's

great dairy industry. He suggests a visit to a local dairy farm and a processing plant for that look behind the scenes at an industry which contributes so much to our well-being.

RJC Golf Team Plays in National Tournament

The Ranger Junior College golf team, accompanied by Coach Ken Vahey, left Sunday for Odessa, where they will participate in the National Junior College Golf Tournament. The Ranger players, composed of Tommy Warford, Ranger; Larry Richter and Billy Wiggs, Denton; and Bob Thomson, Regina, Saskatchewan, Canada, were winners of the Texas Junior College Conference Golf Tournament in San Antonio in May.

Competing in the national tournament will be two-man teams representing junior colleges from all parts of the United States. The boys will play practice rounds Monday and Tuesday. Tournament play will start June 7 and continue through June 9. Medal play is also scheduled for Friday. In addition, there will be

a coaches' tournament. A full schedule of activities has been planned for the week. Tuesday evening there will be Get Acquainted Dinner; Wednesday evening, a dinner given by the Odessa Chamber of Commerce, at which a speaker from the University of Houston will be presented; and Thursday evening, a golf clinic.

The Ranger Golf team is outstanding and in view of the enviable record made in play this spring should make an excellent showing in the national competition. This is the last time that the four players will represent Ranger Junior College as each is a sophomore and will attend a senior college next year.

TRACTOR TALK

Watch Gap When Installing Plugs

When installing either new or used spark plugs, always make sure that the gaps on all plugs are adjusted to the proper setting. Correct gap setting is extremely important, since it influences the entire range of engine performance—all the way from starting to top speed.

Gaps always should be adjusted with a feeler gauge made of round wire, since a flat gauge cannot possibly measure the curved or arched contour, which the electrodes assume as they gradually erode through use.

Incidentally, when servicing plugs always file both electrodes flat to insure peak sparking performance. Filing the center electrode can be accomplished by bending the ground electrode slightly to allow room for the file.

If gaps are set less than standard, you may encounter misfiring at idle, uneven power and poor performance in general. Too wide a gap setting may cause poor performance at high speed, hard starting and coil strain.

Caution on Battery Hold-Downs

Are you aware of the consequences which may result when battery hold-downs are too loose or too tight?

According to service engineers at Champion Spark Plug Company, hold-downs which are too loose may result in damage to elements, cracking or wearing of the container and loss of battery acid.

When hold-downs are too tight, the container may be distorted or cracked, sealing compound may be loosened with resultant acid loss from the cells.

In either case, loss of battery acid usually results in corroded terminals and cables, causing high resistance battery connections, which in turn, weaken the battery's power and shorten its life.

Thermostat Condition Important On Automatic Choke Trucks

Proper operation of the cooling system thermostat—important to the performance of any engine—is particularly important on farm trucks equipped with automatic chokes.

According to service engineers at Champion Spark Plug Company, all present automatic chokes are carefully designed to operate during the warmup period within the narrow range of temperature limits provided by the cooling system thermostat.

Should the thermostat be stuck open, or removed, engine temperature will be below normal during the warmup period, and will result in overchoking carburetor flooding and resultant spark plug misfiring due to the accumulation of carbon deposits on the spark plug insulators.
