MEMORIAL GIFT made to Foster Home - - Foster Home for Children in Stephenville, Texas, has received a gift in memory of Elbert L. Wallas of Stephenville, Texas, from Mr. and Mrs. Jack Lee of Eastland. Dick Blythe, Executive Director of Foster Home, says, "We appreciate the thoughtfulness of these friends. Their gift in memory will help us provide for the lives of many little ones."

WAITRESSES IN restaurants within a 100 mile radius of Abilene are joining hands with the West Texas Rehabilitation Center in Abilene for the fourth annual Memorial Day Coffee Project.

The annual project raises funds for the summer program of therapy and recreation for more than 100 handicapped youngsters at the Center. Last year the project raised \$8,075.

T Waitresses in more than 100 restaurants will be selling plastic American flag pins for \$1.00 each now through Memorial Day, May 26. On Memorial Day anyone wearing a flag pin can drink coffee free in any participating restaurant.

This year the top waitress in each of five categories based on population will receive a \$100 western wardrobe provided by Luskey's Western Wear of Abilene. Any waitress selling at least 100 flag pins will receive a \$10 gift certificate from Luskey's. A award will go to the top restaurant.

### Sunday Event

Dr. Durwood Fleming will be the speaker for the morning worship at the First United Methodist Church of Eastland on May 18. The church is celebrating its one hundredth anniversary on that day. Everyone is invited to come to the day's activities which will include an old fashioned Sunday School hour beginning at 9:45 a.m., worship at 11:00, dinner on the grounds with everyone bringing their basket of food. and an afternoon of reminiscence, history and fellowship.

Dr. Durwood Fleming is the twelfth President of Southwestern University, having served as the chief executive officer of Texas' oldest institution of higher education since July, 1961. Prior to assuming his duties as President, Dr. Fleming was founding pastor of St. Luke's United Methodist Church in Houston

In this day and age when every car maker has such a wide selection of models to choose from, it is really difficult for you to decide where to go for a new car. All the companies advertise that their cars are the best, but who is to say which car really is. Obviously all the cars on the market today must have their good points or they wouldn't have survived the ups and downs of the business. "Centennials Are Punctua-tion Marks of History". So spoke Gov. Pat Neff in 1936 when Texas was 100 years old. The corner stone of the First United Methodist Church of Eastland bears the date 1875. Rev. J.C. Weaver, a Methodist minister, held the first divine service in the town in the unfinished log hotel being put up by Isham Finch. It was located on the southeast corner of the square. (P. 87, Hist. of Eastland Co., Langston).

The first church organized in the county, of which there is anything known, was in the neighborhood of the Allen Ranch and was effected by Rev. William Monk, a pioneer preacher, who attended his first Texas Annual Conference in 1854. In 1865 Mr. Monk was on the Palo Pinto Mission, which included Eastland County. With a few members he organized a Methodist Church in the Allen and Davidson Ranch. The members were Peter Davidson, his wife and four children and Robert Newberry and Uncle Bobbie Martin, with their families

In 1872 he was Presiding Elder on the Stephenville District. In 1873 he attended a Quarterly Conference at Mc-Gough Springs. Rev. Levi Collins was the missionary and had organized a little church there, which Rev. Monk says "I suppose it was the second organization in the County". (p. 197 Mrs. Langston's Hist.).

It was in the summer of 1875 that the election was held to move the courthouse from Merriman to Eastland. August 2 the vote resulted as follows: Eastland 67, Merriman 9, McGough Springs 44, Center of Co. 5 and scattering 2. It was in this period that the First

### **Coyote Control Program Underway**

The coyote control program in Eastland County is well underway with the aircraft portion of the program already completed

A government trapper is now in the area and his services are free for a month. Afterwards, if enough interest and results have been shown to justify a full time trapper for the area, his salary will be paid - one half by the government; one fourth by the commissioners court; and one - fourth by the land owners who utilize his service.

Landowners and ranchers who haven't signed up for the program may contact Jim Choate at the First National Bank in Cisco. The program is being sponsored by the Eastland County Independent Cattle Raisers' Assn. through the United States Parks and Wildlife Service and the Rodent and Predatory Animal Control Service.

Sherri Lyn Bassett, a journalism student at Lee High School, Midland, Texas, was presented a scholarship from the Midland Woman's Club. Miss Bassett will use the scholarship to attend the first environmental writing workshop to be held June 22 - 27 at Southern Methodist Univer-sity. Sherri is the daughter of Mr. and Mrs. Jim Bassett of Midland and the granddaughter of Mr. and Mrs. Calvin Freeman of Eastland and Mr. and Mrs. Herschell Bassett of Cisco.

# ECT And EMSC Observe Music Week

Eastland Civic Theatre and Eastland Music Study Club observed National Music Week with a picnic on the lawn at Bell Hurst Ranch and concert afterwards in the theatre on May 8. at 7:00 in the evening. The picnic was held on the spacious lawn shaded by the beautiful and stately oaks where long tables were set up for all the delicioous food brought. Hostess, Mrs. Russell, was assisted by numerous guests in serving. Rev. Stephen M. Church gave the invocation. The children really did enjoy playing on the grass. The picnic supper over, the guests entered the theatre for a most interesting and enjoyable concert. Mr. Dan Childress welcomed the guests and leader Mrs. Kathy Stevens presented Mr. Carl Garrett. who led the audience in unison

wagons pulled by horses.

As .is customary in most communities there are aggressive children with vision and an eager desire to explore avenues of gaining things of value. And so it was in the beginning of the oil field activities in the area. A young boy in a rural community observed the trains of wagons traveling from town loaded with oil field material and returning along the road with noload on their wagons.

This boy had heard that money was easy to come by under the increased oil seeking conditions even if his pockets were empty and he had not yet discovered just how the people came into possession of the easy monry. He supposed the skinners on the wagons must have a lot of money since they had to work so hard.

While helping his mother gather fruit from the orchard, the boy developed what he thought would be a good idea to get some of that money for himself. He discussed the idea with his mother who also thought it might work and gave him permission to load his little red wagon with fruits. He pulled the loaded wagon to the public road where he displayed the fruits in plain sight of the people passing down the road.

### Safty Tips **About Your Mower**

COLLEGE STATION - -Lawn mowing can be hazardous to your helath, especially if you disregard safety when

using a power mower. Every year 55,000 Americans are treated in hsopital emergency rooms for injuries resulting from the use of power lawn mowers. Many victims lose fingers or toes; some accidents prove fatal.

"Most of these lawn mower accidents could have been prevented if a few safety rules had been followed," contends Wayne Keese, agricultural engineer for the Texas

The first Saturday, May 10, 1975. Lofts from all over Texas particidriver stopped to buy fruit from pated. The pigeons were released at 7 a.m. Saturday the boy. The other drivers came up and soon all his fruit was gone and he had money in his morning with the wind from the pockets. Soon the boy was north, northeast at six miles per hour and under partly cloudy skies. The weather developed an ugly atittude and because of this change poor flying conditions prevented any birds to be clocked on the day.

Floyd Frady clocked the first bird Sunday morning at 8:16 a.m. when a red check cock bird timed in at 774.58 yards per minute after having flown an airline distance of 421.398 miles or 741,660.48 yards. Charles Bode was second

with a red check hen bird that clocked 747.48 yards per minute after flying 438.5 miles or 71.777.6 vards.

Thad Kelley was third with a red check cock bird that flew 590.18 vards per minute for a

distance of 439.61 miles or 773,727.68 yards. Curtis Young and Mike Collins had not clocked the birds at the time the clocks were read.

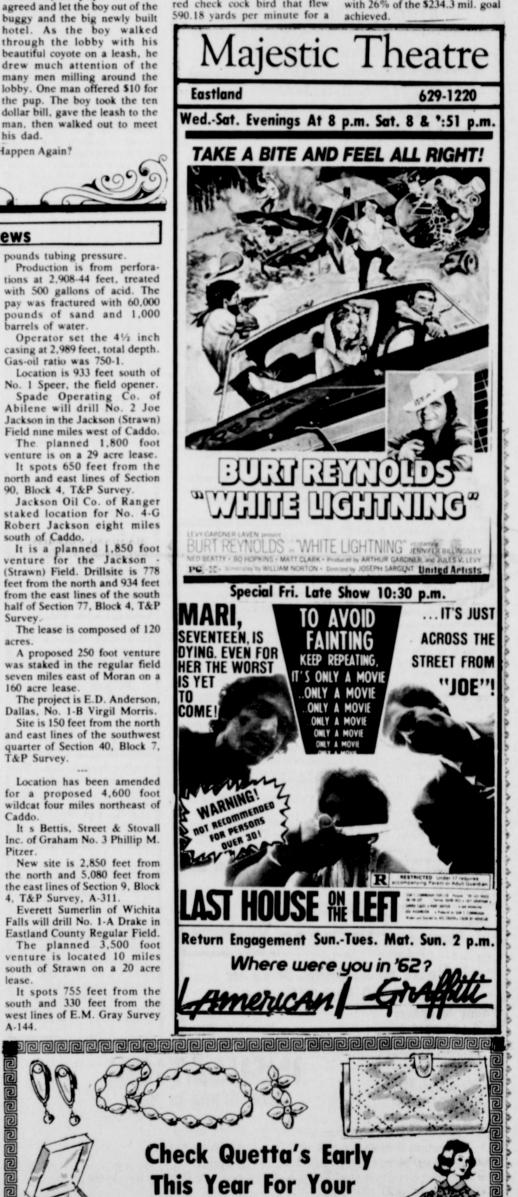

The Texas Center Race is flown each year to finish the old bird racing season. It is the race most members look forward to because of the challenge in getting the individual birds prepared both mentally and physically. Each member can truly say they are proud of their birds
