Mavs Prepping For Fri. Cisco Battle

By NORMAN WRIGHT

If Maverick Coaches Carrol Shelton and James Hughes are lying awake at nights this week they've got a good excuse for it. They've got only three days between now and game time with Cisco Friday night to trim a squad of some 48 men down to a traveling squad of 25 or 30, and then teach them how to play ball with one of the strongest high school elevens in this part of the state.

In a scrimmage session with Anson last Friday the Lobos outscored the Tigers five touchdowns to none and looked good in all departments. The Ciscoans are evidently taking their football seriously as a delegation of rooters were in Eastland whooping it up Monday night.

However, the Cisco Press is not under-estimating the Mavericks. The newspaper has told its readers that the Lobos will be facing rough competition that is seeking to avenge the loss handed them by the Gold and Black in 1954. There will be plenty of fast and furious work on the hill for the Mavericks the rest of the week, and a record crowd is expected for the season's opener at Maverick Field Friday night.

Believe it or not, this pride of Eastland and Ranger can usher in a new day for this area. While the crowd the first day was just fair-sized, the second drew, by late afternoon, between 6,000 and 8,000, from near and far, so we may as well jot it down that plenty of people know about Lake Leon these days. . . More of our good fortune!

Eastland Echoes

By Casey

THOUGHT FOR TODAY: "It is better to deserve success than to attain it." — (Cheer).

And so Lake Leon, that beautiful treasured body of water, was opened top to bottom, length, breadth and width and what have - you, in the period of a two-day celebration, the past week-end. Truly, it was something to celebrate. In case nobody has told you, water (W-A-T-E-R) is an important commodity in these parts.

Some smart psychology is used in advertising. There was the man who carried "Lost or ran away, liver-colored bird dog named Bill. Will show signs of hydrophobia in about three days." . . . The dog was home next morning!

Blessed rest - that's what the Lake Leon - celebration leaders from the Eastland and Ranger Chambers of Commerce, sponsors (through Water Board commission) are getting these days, after the planning and execution of the big party.

Rousing Celebration Ends With Beauty Going on Parade

Eastland and Ranger and their neighbors today basked in the praise and well-wishes of Cong. Omar Burleson and others who had good things to say about the area and its new Lake Leon at the lake opening celebration Saturday and Sunday.

Festivities started with a luncheon honoring distinguished guests at mid-day Saturday at the Hotel Connellee Roof garden, Eastland, with Virgil Seaberry, as master-of-ceremonies. It was entirely on the social side, and there was no set program. As the visitors prepared to journey to the damsite, Mr. Seaberry informed them that Sheriff J. B. Williams would lead these caravan to the lake and that upon arrival there, they would find the Eastland County Sheriff's posse directing traffic and parking.

As celebrants arrived at the dam, their first entertainment - which continued throughout the afternoon - was music by three bands, Moslah Temple Shrine of Fort Worth and the Ranger and Rising Star High School Bands. Later in the day the Shrine Band was hosted at Ranger County Club by the Chambers of Commerce of Ranger and Eastland and the Cross-Timbers Shrine Club.

Starting off the first feature from the platform at the lake, Dist. Attorney Joe Nuessle told of the lake's boon to the future of the two towns. He read a highly complimentary telegram from E. V. Spence, former chairman of the board of water engineers, who regretted his inability to attend. Mr. Nuessle called attention to the debt of gratitude owed by the public to the Water Board and the two Chambers of Commerce, and commended Managers Herb Tanner, Eastland, and Rip Gallo-way, Ranger, for untiring efforts. He then introduced distinguished guests present. (The list appears elsewhere on this page.)

Mr. Seaberry added his expression of gratification over the Lake Leon accomplishment, showing what communities can achieve themselves, and much cheaper than government estimates. He praised the speaker, Cong. Burleson, as a man who stays on the job and one whose record in Congress has been "a most distinguished one."

"I have certainly made it a point to tell my colleagues of this accomplishment of Ranger and Eastland, without federal help," said the Congressman. Commending the towns on their project he said that people, to prosper, must conserve their water, as so many have learned in late years. He named nations

representing the Cisco Chamber of Commerce, and this summer, was queen of the Cisco Kid Fiesta there. Winner of third place was Lydia Fay Houston of Eastland, representing the Eastland American Legion Post, who won numerous high school honors, attended North-Texas State College and currently is with Pipkin Wholesale Grocery Company in Eastland.

Other lovelies who participated in the contest were: Patricia Barnhill, Baird, Lions Club; Miss Janis Little, Eastland, Rotarians; Miss Maxine McCotter, Olden High School; Charlotte McGlothlin, Abilene Alpha Omicron Chapter, Beta Sigma Phi; Frances Ann Kellogg, Quarterback Club, Gorman; Miss Helen Taylor, Lions Club, Eastland; Patsy Batchelor, B. & P. W. Club, Baird; Kay Vaughn, Lions Club, Ranger; Diane Conner, Breckenridge, Chamber of Commerce; Sondra Carroll, Abilene, VFW; Nancy Hamilton, Rotary. — (Ranger Junior College). Fishing Party Hauls 51 Bass From Lake Leon

One fishing party journeying out to Lake Leon from Eastland Saturday - opening day for anglers - caught fifty-one bass, that morning, using the trolling method.

Bruce Pipkin, and Gordon Smith of Eastland and Harry Blackwell, Fort Worth, hauled in thirty-five.

Grady, Raymond and John Eastland, and Jimmy Pipkin, Midland, caught eight.

James Pipkin, Richard Hinkle and Buck Costin, all of Midland, also caught eight. The fish were hooked in a period of about 4 1/2 hours.

"Fishing was good Saturday and Sunday," said Bruce Pipkin, "but not so good Monday."

He went back Monday to the section of the lake where the party had had such good success Saturday and caught only two, in a period of a couple of hours.

"However," he said, "I believe it was a temporary situation, maybe due to an extension of the effects of the weather disturbance down on the gulf."

"There's going to be plenty of sport for fishermen at Lake Leon."

Emergency Unit Is Fire Dept.'s Goal

Eastland Volunteer Fire Department hopes before long to own an emergency unit, which would be of great value in resuscitation.

"We don't know just how long when we will get such a unit," said Fire Chief Billy Johnson, "but we'd like to have one like Cisco's, if it would be of great value, at Lake Leon or anywhere that resuscitation is necessary."

The chief stated that a recent boat-give-away project had netted around \$700, if not more, but that decision as to just how this money will be used is to be reached in a department meeting Sept. 12. The boat was donated to Robert F. Miller of Eastland, at Lake Leon Sunday.

"The original purpose was to buy bunker suits for volunteers, who sometimes damage their clothing in fighting fires," said Chief Johnson. There are 26 volunteers. "We know," he continued, "that some coats will be bought, all right. A number of members want to turn some money to the

emergency unit fund. The unit, consisting of 7 pieces, would cost about \$1,500."

The chief said that a definite decision on the matter will be reached at the meeting the 12th.

AROUND the TOWN

By Fay (Lake Leon Reflections)

This columnist is recuperating from a case of Lake Leonitis... symptoms, tired feet, unprecedented hunger, tired feet, sunburn, tired feet, dust, tired feet, dust, ad infinitum... and it was worth it many times over!

It was INSPIRING, THRILLING and sheer fun to watch the boat races at Lake Leon Saturday afternoon, especially toward the last when they sped so fast skimming the water only about half the time and the rest sort of flying above as speed boats do.

The talk by CONGRESSMAN BURLESON about the value of a lake such as ours in an arid country... made us appreciate more than ever the wonderful blessing we received in the rains which almost filled our 4-year-old lake... Then at the Majestic... right in keeping with the boat races were the color movie close-ups of Jerry Lewis on water skis pulled by a speeding boat over all sorts of obstacles.

Saturday afternoon it was fun for the ed and his wife visiting the lawyers and doctors and their families at Dr. and Mrs. R. C. Ferguson's and Judge and Mrs. Turner Collier's new cottage on the lake... fun to photograph them and some of their guests in this, the first of the cabins to be completed on the lake... The ed asked Dr. Ferguson to wear his marine cap for the photo...

Enjoyed working with TONY SLAUGHTER from the Star Telegram and with WARREN BURKETT of the Abilene Reporter-Calling in the results of the boat races to them late in the afternoon as they had to go on in... MR. BURKETT returned Sunday afternoon for the bathing revue and served as one of the judges and we enjoyed having him and MRS. BURKETT and REVUE ANNOUNCER MARENE JOHNSON by our house afterward.

Orchids to ROBERT F. MILLER for winning the boat! The Fergusons and Colliers said we could ride in their boat and we don't intend to let them forget it. So sorry our weekend guests, the J. RAYS of Waxahachie had to leave for home right after lunch Sunday and couldn't return to the Lake festivities with us Sunday afternoon... (Note): They were eproperly impressed by Saturday's activities and can go to our former long-time home and tell our long-time friends what we have here at Eastland... as can all the other visitors in our midst.

OPEN HOUSE ON OPENING DAY at Lake Leon... Living room scene in Leisure Lodge there, property of Dist. Judge and Mrs. Turner Collie and Dr. and Mrs. R. C. Ferguson—hosts and some of the guests: (l. to r.) Seated—Dr. Ferguson, wearing the marine cap Carl Johnson gave him; his daughter, Mrs. John Hicks, grandson, Stephen Timmons, and another daughter, Mrs. W. T. Timmons, all of Fort Worth; Mrs. Collie, Judge Collie; standing—D. L. Kinnaid, Mrs. Kinnaid, Mrs. Jim Boggus, Mrs. E. R. Townsend, Dr. Townsend.

The Collies and Fergusons Entertain At Leisure Lodge

Leisure Lodge, the first of the Lake Leon cottages to be completed, was the scene of a delightful party Saturday afternoon from 3 to 5 o'clock, when its owners, Dr. and Mrs. R. C. Ferguson and Judge and Mrs. Turner Collie were hosts to the doctors and lawyers of the community.

Mrs. Collie served cookies from a table in the living room which had been decorated with a dish garden while Dr. and Mrs. Ferguson's daughters, Mrs. John Hicks and Mrs. W. T. Timmons, both of Fort Worth, served punch, and Mrs. Jim Boggus served coffee.

About 60 guests registered. Leisure Lodge overlooks the lake on three sides and it is not but a few steps from "some mighty good fishing." In fact, Dr. Ferguson caught about 12 or 13 pounds of catfish, bass, brim and perch running his trotline there Saturday and Sunday.

Ranger; Lydia Pearl Houston, Eastland, VFW.

The judges held an elimination, first selecting six, from whom to choose the three winners: Misses Caldwell, Bell, Houston (Lydia Fay), Conner, Taylor and Carroll.

All judges serving were from out of the county: Warren Burkett of the editorial staff, Abilene Reporter-News, and George Shiels and Bruce Harris, businessmen of Stephenville and Kilgore, respectively.

Mrs. Art (Marene) Johnson was announcer for the revue, identifying the contestants, in a scene set on the speakers platform which had been erected at the lake, and which was specially decorated with huge outdoor magazine replicas as the background, and marine specimens to the fore. Arrangements had been made by a committee headed by Co-Chairmen Dave Pickrell of Ranger and Bill Arther of Eastland, the latter making the preliminary announcements.

There was recorded music for the occasion.

Chamber Manager Herb Tanner of Eastland and C of C Manager Rip Galloway of Ranger presented the "folding money" to the favored beauties. The revue is expected to appear on the Humble program over KRBC-TV at 8:15 p. m. next Monday, Humble Agent H. D. Reese said today.

The boat given away by the Eastland Fire Department went to Robert F. Miller, Eastland.

The largest crowd of the celebration — variously estimated by guessers at from 6,000 to 8,000, turned out for the late-Sunday beauty revue.

Chamber Managers Tanner and Galloway, and their presidents, Seaberry Jr. and Milliken, a n d Committee General Chairman Frank N. Sayre and Co-Chairman J. L. McCaleb stated that extremely fine co-operation had been extended from countless sources in making the affair a success and that all of it is deeply appreciated.

RUN MADE BY DEPT.

The Eastland Volunteer Fire Department was called to a point on Sadona Street Sunday night after someone had backed a car over a gas meter. The firemen stood by until a workman could plug the leak.

Eastland was the wedding trip destination of a recent bride and bridegroom, Mr. and Mrs. Jimmie Chambless of Henderson.

The church choir sang the processional and recessional and Ray Cowart of Henderson sang "Because" (Guy d'Hardelot) and "Always" (Berlin).

Mr. Pool gave his daughter in marriage. She wore a bridal white lace and nylon tulle over satin with long sleeves of lace fastened with tiny buttons.

ed with Frenched carnations from which fell satin streamers tied in lovers knots.

Mrs. Lefty Thrash of Longview was honor attendant while Miss Peggy Chapman of Henderson was bridesmaid. Junior bridesmaid was Judy Chambless, sister of the bridegroom, and Kay Belton of Carthage, cousin of the bridegroom, served as flower girls.

Lefty Thrash of Longview served the bridegroom as best man. Ushers were Charles and Tany Hierholzer. Candle-lighters were David Jimmerson and Danny Rushton, cousins of the bride.

SHE KEPT A DIARY OF TELEPHONE CALLS

Mrs. Martha Chance - homemaker, church worker, bowler, and keeper of a telephone diary that revealed an important fact.

Mrs. Chance finds the telephone a young homemaker's best friend

What one service helps the homemaker through busy days more different ways than any other?

Mrs. Martha Chance is sure she knows the answer. Her telephone. Mrs. Chance recently kept a week-long diary of telephone calls made and received in her home. The results surprised her.

Mrs. Chance listed 95 calls during the week. Not only did her calls save time and energy in managing her home, but many were actually the start of a pleasant afternoon or evening out.

In Mrs. Chance's own words, "It's so easy to take your telephone for granted. You just don't realize how much it means to you until you stop and think about it as I have."

Mrs. Chance is right. Telephone service is a busy homemaker's best friend.

SOUTHWESTERN BELL TELEPHONE COMPANY

Typical calls from Mrs. Chance's diary

- "Called the Millers about going to the play tonight." "Called Lee (my husband) about plans for family reunion." "My bowling partner called about a date in league schedule." "Our minister called to remind me of church school meeting." "Called a friend in the country. Asked her to put aside four dozen eggs for me."

Long distance is twice as fast when you call by number.

More Scrap Today - More Steel Tomorrow

DEFINITION OF SCRAP

"Dormant" scrap is defined as obsolete machinery and equipment—tools, jigs, dies and fixtures, including items that are broken, worn beyond repair, dismantled, abandoned, or in need of parts that are no longer obtainable.

Scrap is commonly purchased by mills and foundries according to the specifications. These specifications include 8 different classes of scrap for blast furnaces, 26 classes for use in basic open-hearth furnaces, 17 classes for acid open-hearth use, 5 classes suitable for electric furnace melting, 13 classes for foundries, 3 classes for Bessemer converters, and 2 classes for miscellaneous purposes.

We are equipped to prepare and ship all scrap to the specifications of the consuming mills and foundries.

(NOTE: The price the dealer receives for his scrap is FOB the consuming point. The dealer purchases unprepared scrap, and prepares it in the grades mentioned, and ships it. Therefore, the local price paid by the dealer for scrap must necessarily be somewhat lower than the price posted by the mills and foundries. It is his only margin of profit.)

NEVERTHELESS, THE PRICE WE PAY FOR YOUR SCRAP TODAY IS HIGHER THAN AT ANY TIME SINCE THE WAR, AND THE TIME TO SELL IS NOW WHILE THESE PRICES HOLD UP.
