#### **Ed Harper Is** Killed In Car-**Truck Crash**

George Edward Harper, 45, of Ranger, was killed instantly at 8:30 Saturday night when his 1953 Ford sedan failed to make the curve on highway 108 at Thurber and ran under the bed of a two-ton truck. Harper, riding alone, was traveling south and the truck was headed north. Occupants of the truck, Virgil Lee Robbins and O. C. Deatherage, both of Vernon, escaped injury.

Harper's car was almost totally demolished and the truck was badly damaged by the terrific impact. Harper was born Dec. 11, 1908 in Ranger and had lived here all of his life. He was married to the former Annie Kimmel Nov. 27, 1928 in Ranger. He was a member of the First Baptist Church

# How Mercury's new power gives you greater ease and control

New 161-Horsepower, overhead valve, V-8 engine is the most efficient power plant yet developed in Mercury's exclusively V-8 history. It delivers 28% more power -and Mercury's famous economy is greater than ever.

Extra power always in reserve. This new Mercury has a 4-barrel carburetor with two barrels vacuum operated. Thus Mercury's extra reserve power cuts in at any speed automatically—the instant you need it.

Smooth riding, better control on curves, thanks to new ball-joint front wheel suspension (only on Mercury in its class). You'll love the ease, the wonderfully secure feeling of safe, sure command it gives you.

To increase visibility, lessen fatigue, Mercury offers the optional 4-way power seat that moves up or down, forward or back-to just the right position for maximum visibility, minimum fatigue.

304 East Main

Easier steering, stopp. ... when you choose Mercury's optional power steering and power brakes. Power steering solves the tightest parking one blems effortlessly. And power brakes cut leg work more than half.

# New 1954

HOW IT MAKES ANY DRIVING EASY

Easy on the eyes. Longer, more beautiful than ever! And inside, delightfully different fabrics, designs, colors. Years-ahead styling gives Mercury extra value when you trade it.
