## Passes Its Height OFFICERS ARE

MADRID, Spain, Dec. 9 .- A long-planned anarchist revolution broke out in the northeastern provinces and after spreading to a dozen towns over a wide area, seemed to have passed its height. Bombing, street fights and a railway wreck marked the out-breaks, of which the country has been in fear for days. There was serious loss of life but no casualty list had been tabulated, so fast did reports multiply.

Among those suspected of the rime are JULIET FRANCI blond and pretty known to have visited King shortly before his death; III/MAN SCURLACH who JOE PARROIT. down-and knows something she is keeping from the police. Bannister goe to dinner with PARKER COLLMAN friend of Denise Lang's They are driving along a country road when Coleman sees dark object ahead and shouts NOW GO ON WITH THE STOL

CHAPTER XXVI RANNISTER exclaimed sharp

What is it?" The roadster came to a ha brakes grinding. Coleman jumpe from the car. "Back here," called and ran in the direct from which they had come.

Bannister followed, slower an more cautiously. He could mak out now that there was somethin; ahead. Something black ar oddly shaped. lying at the sid

of the road just beyond the turn "Wait!" he called to Coleman but the other did not wait. Pant ing. breathless, Bannister made dozen yards. He knew now what it was ahead. An overturned automobile, slanting on the hillside, it's wheels reared

grotesquely. "Is there anyone there?" he

championship called. "Can't tell. There's a flash. light in my car-!" property.

Coleman was off again for the Bannister searched flashlight. his pockets for matches, found them and struck one. He had to move to the other side of the overturned sedan and cup his hands to protect the blaze. match sputtered an instant and then died, but in that instant Bannister had caught a glimpse of a man's face-white and cut and bleeding.

When Coleman returned with the flashlight he found Bannister struggling with the door of the sedan. The car had fallen in such a way that the door could not be opened.

"There's a man in there!" Bannister told him. "We've got to get him out!"

Together they struggled with the door but it would not open. the bright rays of the flashlight they saw that the man was alone in the car. He had fallen found. forward, his body pressed against the steering wheel. There was a good deal of blood on the man's clothing and some on the cush-

"Do you think he's alive? Coleman asked.

"Don't know. We'll have to get him out and find out." It was almost 20 minutes' work before they finall managed it Coleman had stripped off his topcoat and laid it on the ground They put the man on the coat Bannister, down on his knees, bent over him touching his

"They're warm." he exclaimed And a moment later, "His heart's

jured man regain consciousness ere was nothing that the doctor ould do for him, nothing at all. t 23 minutes past nine o'clock hat night Al Drugan's earthly res were at an end.

The women of the farm house one middle-aged, plump and ray haired, the other slender nd younger - hovered near the oor of the room where Drugan's

"What will we do?" the older woman asked. "You're not going to leave him—?"

"I've called the police," Bannister told her. "They'll be here in a little while. No, they won't It was in a police ambulance

that they took Al Drugan back to Tremont. But when the ambulance arrived at the farm house, besides the driver and his assistant, there were three other passengers. McNeal was among them and so was the police phyician. The other man was from the detective bureau.

Five minutes later another. smaller car drew up in the farm yard and Sawyer, the Post photographer, stepped out. He found Bannister and asked, "What's They called me at me and said there'd been a bad accident out here? I don't see any accident. What's it all

BANNISTER explained briefly He had called the newspaper office at the same time he had notified the police of Drugan's

death. While the physician made a hurried examination McNeal asked questions. He wanted to know where the wrecked car had been

"It's still there," Bannister told him. "Just as it was." McNeal wanted to know how Drugan was lying when they found him He wanted to know what time it was and asked a same thing but I'm going to find dozen other questions. Bannister out." left Coleman to answer them and

Presently the ambulance was on its way back to Tremont. McNeai said, "Look here, McNeai, just exand the other detective climbed into Parker Coleman's roadster. Bannister rode with the Post photographer and they followed the have been anything but an acciroadster to the place where the dent?" ver-turned sedan still lay.

Sawyer swore softly as he cigar he was lighting and he did stepped out, surveying the wreck not raise them as he spoke. "It The headlights of the two cars could," he said, "have been mursupplied light enough to show der. A murder cleveris planned the what had happened. The sedan to look like an accident."

The had ulusted from the road and (To Be Continued)

tain across his forehead and its wheels in the air and the billown one cheek. His upper lip side was gashed with deep, ragged ad been cut and bled copiously furrows, showing the path it had

"Some smash-up!" Sr wyor exorror, Bannister drew back. "It's claimed and repeated it, "Some smash-up!"

He became busy immediately, getting his camera from its case ing's orchestra. He and King and rummaging for dr. blight powder. Bannister moved on 16 join the others. He and Celeman do something! We've got to tried to show the desectives now tween the ctering wheel and the side of the car. M :Neal seemed arest farm house Drugan's intrested in the tracks down the hillside and inspected them with his flashlight.

> HE went back to look at the tracks a second time but before ne did that he examined the interior of the secsn. large and rather cumbersome a model six or eight years out of date. There were some read the springs are attached to the maps in the door pocket, a piece of cloth that had been used to remove dust, a circular letter from a musical instrument company, addressed to Drugan, and a can

of shoe polish. McNeal, poking about the upholstered seat, suddenly drew forth an object. "Ah!" ne exclaimed. "Look at this!"

It was a quart bottle, almost empty of the dark fluid inside. McNeal held the bottle to his nostrils, removed it hastily with a grimace.

"What is it?" Bannister asked

"Smell it." Bannister sniffed the contents of the bottle. It was whiskywhisky that was so vile-smelling it must have been among the cheapest grades the bootleggera supply.

Bannister returned the bottle 'So that's it!" ne said. "Well, if he drank all that I'm not surprised he couldn't keep in the road." Suddenly there was a roar like

a gun shot and a flash of light. Sawyer, the photographer, called, "Crowd up close togther, will you? I want to shoot another one-" Bannister managed to step

aside before the second picture was taken. He did not fancy his likeness appearing in the public press. Besides there were too many in the group.

He turned and found Parker Coleman at his side.

"Say," Coleman asked, "what are these detectives doing! Why didn't they just send someone out to bring in the car? I don't understand it. It was just an accident, wasn't it? I mean they don't suspect-?" "I don't know," Bannister told

"I've been wondering the him.

It was not until they were back at central headquarters that Bannister got the answer. Then be actly what do you make of all this? Drugan's death was an accident, wasn't it? How could it

tion of all four wheels because axles at their outer flexible tips. This type of construction retains the important advantages of the solid axle and yet minimizes read shocks transmitted to the frame and body because the shocks are absorbed first by the most sensiitve part of the spring. The rear spring on the 1934 car

has been redesigned to provide smoother riding. Improved double acting hydraulic shock absorbers which act independently of weather or road surface conditions are used. Seat cushions have deeper, softer springs. New type individual bucket seats are used in the

design permits free and easy ac-

Driving ease also has been increased by the use of a new 15-to1 steering gear ratio. The frame is of the double X-type, with the X member running to the rear of the frame to give greater strength. Brakes are of the mechanical type with 186 square inches of braking surface. Other features of the chassis are a silent synchronizing transmission, torque tube drive, three-quarter floating rear axle, one-piece welded steel spoke wheels and 17x5.50 tires.

## Mrs. Eli Perkins Sues for Damages

ABILENE, Dec. 9 .- District court jurors in the \$100,000 damage suit of Mrs. Hester V. Perkins against Morgan C. Jones. Abilene capitalist, resumed deliberations for a verdict this morning at 9 o'clock. Judge W. R. Chapman of the 104th court dismissed the group early last night, four hours after it had received the
