Bank's Assets Top \$10 Million

By H.V.O.

Recession? Surely not here, judging by the financial statement just issued by Eastland National Bank.

Every indicator is up, in spite of what is generally considered a slowing down of the economy across the country.

Total resources for the local

bank are at an all-time high record, \$10,339,179.35, reported on the June 30 statement.

Nearest close resource figure was at the end of 1969 (always the high report period in any year) when the total figure stood at \$10,218,429.41. Total resources dropped a little at the first quarter report and showed \$9,997,119.58. So the bank gained \$342,059.77 during the second quarter.

If these increases continue, following the lowest first-quarter figure, the economic stand of the area reflected could break all time high records.

Deposits at the end of June were \$9,535,007.87. That's \$334,704.53 over the first quarter report on deposits at \$9,199,303.34.

Indicating an active participation in the growth of this community and area too, is the loan figure, which reads \$5,325,718.73 new, up \$322,189.86 from the first-quarter figure.

Many factors are cited for the continued increases including strong retail sales, livestock marketing, and agricultural increases.

BAKKER ELECTED

In an uncontested race held in Eastland Tuesday, Dale Bakker, Eastland resident since 1963 and vice president of Arrington Funeral Home here, was elected to the Eastland City Commission with 140 votes.

The 34-year-old mortician was the only candidate to file for the post of commissioner left vacant by the death of Mayor Frank Deaton.

The new Eastland city commission Bakker will be installed at the next commissioner's meeting July 20 and the five-member board will then elect a mayor from the group. James Reid is mayor pro-tem.

Bakker, who is active in Lions Club work and the Jaycees in Eastland, was selected Jaycee Outstanding Young Man of the Year in 1967.

He and his wife Sue have one son and one daughter. Three write-in votes including one for George Wallace were cast during the Eastland election.

Horton Tire Co. Presents LAUGH-A-DAY

An elderly woman picked out two very handsome sweaters and mailed them to her son-in-law as a birthday present. Some weeks later, the mother-in-law paid a visit. Being a dutiful and peace-loving man, the son-in-law was wearing one of the sweaters when his mother-in-law arrived.

She looked him up and down and barked: "What's the matter, didn't you like the other sweater?"

Watch ye, stand fast in the faith, quit you like men be strong.—1 Cor. 16:13. Ye that are men now serve Him.

Against unnumbered foes; Let courage rise with danger. And strength to strength oppose.

8th Annual Ranger Rodeo Set to Begin Thursday Nite

VFW Gives \$50 To Pony League For Repairs

The Eastland Veterans of Foreign Wars Post has presented a check in the amount of \$50 to the Eastland Pony League Association toward retirement of a loan made for improvements to facilities at Firemen's Field, President John Morren of the Association has announced.

Five men signed the note in the amount of \$1,500 for materials for improvements. Most of the work was donated and the association is seeking contributions to help in retiring the indebtedness, he said.

Carl Garrett is in charge of the drive to raise money. Rest room facilities were added and many other improvements made. Morren says there's a "winning" team in the league.

Ranger Jaycees have been working for the past several months getting details completed for their eighth annual rodeo which will be held this Thursday, Friday and Saturday.

A rodeo parade will start the rodeo festivities Thursday afternoon at 5 o'clock in downtown Ranger. Area riding clubs and local businesses planning to participate in the parade are asked to be at Willow Park at 4:15, according to Skipper Hortman, parade chairman.

The rodeo begins at 8:30 Thursday evening and will conclude Saturday night with Lloyd Woodley, of Lampasas, producing the rodeo.

Special acts for the rodeo this year will be provided by C. D. Cogburn, of Oklahoma City, Okla. Cogburn will be bringing his trained brahma bull and sheep dogs for the three night show.

J. W. Harrison Funeral Services Held Wednesday

Funeral services for Joseph Wayne Harrison, 21, a former Eastland and Ranger resident, were at 10 a.m. Wednesday morning in the First Baptist Church in Eastland.

Rev. J. C. Tankersley of Rankin officiated and was assisted by the Rev. Haston Brewer, pastor of the First Baptist Church in Eastland. Burial was in Eastland Cemetery under direction of Larry D. Shepherd Funeral Home of McCamey.

Mr. Harrison died Sunday in Midkiff. Born Feb. 13, 1949, at Ranger, Mr. Harrison was a member of the Baptist Church.

Survivors include his parents, Mr. and Mrs. Robert Harrison of Midkiff; a sister, Mrs. Dorothy Freeman of Odessa, and one brother, James Robert Harrison of Kermit. He was preceded in death by a brother, John D. Harrison.

Bob Sawyer, widely known rodeo announcer who has announced the Ranger rodeo for the past several years will again be on hand for the announcing this year.

Jerry Bob Greer, ticket chairman, says the ticket sales are at an all-time high for the rodeo this year. Tickets for the rodeo may be purchased also at the gate during the rodeo.

Following each rodeo performance each night, a dance will be held in the rodeo barn, on the rodeo grounds. An Abilene combo will be on hand to furnish the music for the dance.

A Rodeo Queen will be selected on the final night of the rodeo. Also on the final night of the rodeo, belt buckles will be awarded to winners in each event of the rodeo.

Events will include bareback bronc riding, steer wrestling, girl barrel racing, bull riding and calf roping.

A special event which has caused a lot of excitement at the rodeo the past few years, the rescue race, will be held again this year.

Club To Have Booth At Saturday Auction

The Morton Valley Home Demonstration Club will have food and drinks for the auction, July 11, at the home of Dr. Caton, 706 Moss Street. They will start at 10 o'clock Saturday morning.

FORMER RESIDENT TELLS ABOUT 2,600 MILES IN 64-DAY RACE

Kenneth Campbell, a one-time long-distance runner, spoke to the Eastland Rotary Club, Monday, and to the Lions Club, Tuesday, Mr. Campbell is a native of Ranger and a retired superintendent of an electric company in Los Angeles.

Roy Smith, outgoing president of the Rotary Club, presided over the Rotary Club meeting. Mr. Smith welcomed guests and special guest, Miss Marilyn Huckabay, former Sweetheart of the Club. Then he introduced Mr. Bill Angus, incoming president of the Club. Tom Wilson presented Mr. Smith a plaque in appreciation for the hard work he has done for the club during the past year. Mr. Wilson also introduced a new member, Saul Pullman, and presented him a Rotary pin.

Mike Collins introduced the speaker at both meetings.

Runners Meet At Lions Club

It was still "reunion-time" at the Lions Club meeting Tuesday when featured speaker Kenneth Campbell of San Diego, Calif., met District Judge Earl Conner "face-to-face" for the first time since they raced each other in High School in 1923.

"When I ran track against him then," Campbell said, "I never saw anything but the back of his head. It's good to see his face." Judge Conner set and holds several track records from the days when he was an Eastland High School student.

President J. B. (Tip) Arthur presided and Freddy Pevehouse was introduced as a new member. Members Tom Wofford and Reuben Gaeta were presented new member pins. Guests included Mrs. Campbell; Mrs. Cricket Walker of Carbon; Craig Glazner, son of Member Jeff Glazner, who lead the Pledge; Mike Siebert; Judge Conner and Floyd Williams, who accepted a check from the Club in the amount of \$75 toward the purchase of a new Maverick Band uniform.

Mr. Williams is president of the Booster Club which is raising funds for the new uniform.

The race started Sunday afternoon, March 4, 1923, at Ascot Speedway in Los Angeles. The runners ran around the track, twice and they he-

aded out on Highway 66 for New York City and the \$25,000 first prize.

The rules stated that the runners would run approximately 40 miles a day but the mileage covered per day ranged from 24 to 81 miles. The runners all started at 7 each morning and had to be at the next station by midnight.

When Mr. Campbell started out he wore a size 7 1-2 shoe; when he dropped out of the race, he wore a size 10 1-2 which is the same size he wears today.

The thing the runners feared most were sprains and blisters. An infected blister or a bad sprain would put them out of the race.

Their route took them through Flagstaff, Ariz.; Amarillo, Tex.; Oklahoma City; Toledo, O.; and on to New York City.

At times, changing weather was another major problem. In Amarillo the runners ran the last few miles through blinding sleet and snow. Mr. Campbell wanted to do especially well in his home state and he finished in ninth place that day despite problems and difficulties with the weather.

In Missouri, they were in a bad hail storm. Fortunately Mr. Campbell's trainer came out and Mr. Campbell sat in the car with him until it was over. Then he finished the required distance for the day.

The longest distance the runners had to cover in one day was 81 miles from Amby to Needles, Calif. They started at 5 a.m. that morning. Sixty-six dropped out that day.

He said the only time he lost any weight was the time he got food poisoning in Missouri. He lost 15 pounds in two days.

Mr. Campbell was forced to drop out of the race in Toledo. His feet had developed bunions and the doctor ordered him to quit.

He had run 2,600 miles in 64 days.

The race was finished eight days later. A farm boy from Oklahoma won. With his big \$25,000 prize, he paid off the mortgage on his father's land and bought land for himself. A year later oil was struck on his property.

Mr. Campbell says, "The race was as much a mental test as a physical endurance test. The mental pain was as bad as the physical pain."

New Olden Postal Facility Offer Efficiency, Thrift

A 3,000 square foot site will be sought for the new building. The site will be selected for its convenience to the public and for its operational advantages to the postal service.

The new building is to provide 768 square feet of interior space, plus 80 square feet of platform area. There will be 2,000 square feet for parking and maneuvering of postal vehicles.

The present building has 448 square feet of interior area, no platform, and no space for parking and maneuvering of vehicles.

The site option will be assigned to the successful bidder, who will purchase the land, construct the building to postal requirements, and

ion to have a new building constructed was made only after it was determined that remodeling the present facility or the use of another existing building would not be feasible.

The Postmaster General said the building will be constructed under the Department's lease construction program, thus keeping it on the local tax rolls.

Plans and specifications for the new building, as well as bidding forms and other pertinent data, will be made available to prospective bidders.

The site option will be assigned to the successful bidder, who will purchase the land, construct the building to postal requirements, and

75 Reunion 'Has Tough Act to Top' Says New Exe President Carl Garrett

Carl Garrett, newly-elected president of Exe Students Association advises the 1970 Eastland High School Reunion was one of the greatest of all times. All ex-students indebted to William Sewell, past president, and all former reunion officers who unselfishly of their time make this great occasion possible.

There were many FIRSTS during this reunion which were well pleasing to all. Miss Verna Johnson, retiring this year, received a "love" gift from all of her ex-students totaling in excess of \$5,000. Willie Speaker, known to all ex-students, received an honorary diploma from Eastland High School which all agreed was a well-deserved award. J. C. Allison, oldest living Eastland High School teacher, received an award for this distinction. All of those receiving these awards received standing ovations from the entire crowd.

Arrangements were made to honor past presidents. Terrel Coleman was the originator and backbone and the first president of the first reunion and as such received an award and a standing ovation. "Gov-

ernor" Terrel Coleman received an award as an ex-president. In the future, Joe Gray and William Sewell will be honored in this manner. To sum up, the 1970 reunion was an over-whelming success and enjoyable to all. Plans for the 1975 reunion are already underway and will require the help and assistance of all ex-students. We do not want to overlook any ex-student from our mailing list regardless of where he may reside in the United States or abroad. We urge all class officers to make every effort to secure proper addresses of all members of their particular classes and furnish an updated mailing list to Wendell Siebert, Eastland High School superintendent. From time to time, publicity will be given on 1975 reunion. This is a great thing for our students and for our city. Start talking the 1975 Reunion now!

Summer Homemaking Girls Busy With Many Projects

By Miss Loretta Morris
June has been a busy and worthwhile time for the students enrolled in summer homemaking at Eastland High School. For group work they have made slip covers for the divan used in the teachers' lounge, and flowers for them-

selves made of wool pelts. For their individual work they are working in a number of areas. Some girls are painting bedrooms, antiquing furniture, making curtains, bedspreads, and clothes for themselves and others. They have worked in vocation Bible schools, baby sat, bought groceries, and prepared meals, planned and prepared for entertaining groups, and assisted with patients in the hospital.

Mrs. Marthe Harmon, home economist for Lone Star Gas Company, gave a demonstration for the students and some of their mothers. For the demonstration Mrs. Harmon made many interesting and delicious breads which were tasted by those attending.

All girls of next year's freshman class were invited to the homemaking department by Miss Loretta Morris, teacher, to hear about some of the things they will be doing in homemaking. Wendy Trout and Anna Hart discussed what they had learned this year and Evelyn Chapman told about second year homemaking. Becky Hanna, Future Homemakers of America vice-president told of her experiences in FHA, what the organization is and does, and what it means to her. Refreshments of cake baked in ice cream cones and iced, and punch were served. They were prepared by Joy Williams, Lisa Turner, and Julia Orozco.

Mr. and Mrs. Chubby Foreman and children, Glenda and Ricky of Irving spent the weekend here with her mother Mrs. Nannie Guthery and on Sunday Mr. and Mrs. Hilery Seay visited here with Mrs. Guthery.

1,000 Attend 2nd Carbon Homecoming

It was like "old times" Saturday, July 4, when Old Grads, Exes, Friends, Teachers and their descendants gathered at Carbon for the Second Carbon Ex-Student Association Homecoming at the school.

Records were set on every hand and nearly 1,000 (910) registered for the day of visitation and barbecue meal on the school grounds. Retiring Association President Glenn Justice of Carbon and his staff had done their work well as the days events went off smoothly without a hitch. The school grounds were immaculate, and a large banner reading "Welcome Home" greeted visitors who began gathering early. The temperature was high, but the breeze was good under the tents furnished by area funeral homes, and in the area between the school building proper and the gymnasium.

Classes from 1900-1970 gathered for meeting during the afternoon. Hubbard Gilbert, 76, of Gorman graduate, of the class of 1914, represented the oldest class present. Also present was Mrs. Maggie Puett, 90, of Harlingen, who taught in Carbon in 1901-02. The Ex-Teacher who came the farthest was Mrs. Puett and the Ex-Student who came the longest distance was Jan Robertson Doss of Duluth, Minn. Another distant contestant was Raynelle Rankin Slaten of Quincy, Calif.

The class with the largest attendance was that of 1933 with 13 members present. Mrs. Puett at age 90 1/2 was the oldest registrant. There were 435 ex-students, 34 from out of state, 360 friends, 29 teachers and ex-teachers, 8 ex-teachers who were also ex-students and 55 present students.

The Association in a special presentation, gave a silver tray to Mr. and Mrs. Merritt Dunn in appreciation for their 45 years of faithful service to the community in publishing the Carbon Messenger. Dunn, a Carbon resident for 60 years, was 19 when he took over the paper, and with his wife Bertha's help, has not missed a publication in 45 years. Mike Collins of Eastland was elected president of the association and H. V. O'Brien, also of Eastland, was elected vice president. Mrs. Waade Bryant of Carbon was elected secretary-treasurer. Rev. and Mrs. Euell Allison, 1938 graduates, are credited with starting the event five years ago. It was voted to hold the 1975 reunion on the Fourth of July weekend that year.

Mrs. Cushman Writes Of Vacation Journey

(Editor's note: We asked Eastland Librarian Mrs. A. E. Cushman to send us travelogues to her tour of the Southern states and the Eastern Seaboard. This is the first of her letters.)

Hotel Seylvania
Philadelphia, Pa.
Dear Friends:

Since our trip started, this is the first moment I've had time to write.

We have seen so much of the earthy history of our country here in Virginia and certainly appreciate more the hardships of our fore-fathers and the gracious living they produced. Williamsburg is a history lesson so easily understood by the visual lessons portrayed by the reconstructed city; showing capital building, Royal Governors Palace, Taverns, businesses, and homes of the Colonists. For many years the Colonists were loyal to the Crown and would have remained so until England began taxing them too much. We saw the historic rooms where Patrick Henry denounced the

King for taxing the Colonists and were promptly dissolved by the Royal Governor.

We visited Raleigh Tavern where the leaders, Col. Washington, Thomas Jefferson, and others met and discussed the issues which eventually led to their decision to stand behind the "rabble-rousers" of Boston in their opposition of taxes without representation.

The distances they had to travel were great hardships; Mr. Jefferson went from Charlottesville to Williamsburg over a hundred miles the way the crow flew (but he didn't have to fight modern day traffic). He had to leave his beautiful Monticello on his "little Mountain" top so often. Seeing Monticello is a glimpse of the genius of Jefferson. Not only was he a genius drafting immortal documents but was an architect and engineer as well. To see the beauty, the strength of the building, all the handy gadgets he invented, the provision for warmth and for coolness and sky lighting one appreciated his ability that was far in advance of this time. Jefferson also designed the buildings for the University of Virginia, the Capitol Building at Richmond and many houses for his friends. He designed his friend and neighbors' at Ash Lawn. Mr. James Monroe's home across the Mountain from Monticello.

We visited Ash Lawn and enjoyed the simple farm house that stands amid a garden of box hedges. Mr. Jefferson in designing Ash Lawn was not without a bit of humor, he made the doorway form the master bedroom about 6 inches shorter so that Mr. Monroe who was quite tall would have to bow towards Monticello each day. The two friends also had a code worked out so they could send messages across the mountain tops.

I'm writing this backward; we visited Atlanta before Monticello but our tour there stressed the "Gone with the Wind" Era rather than the Colonial period. We were impressed with the "Big City" look of Atlanta with only a trace of the sorrow that went with the Civil War. The Regency Hyatt House with its glass elevators is a far cry from the old Inns. Touring the city we saw where Margaret Mitchell had relighted one of the last gas lamps left standing at the burning of Atlanta; one of the churches (only 2) left among the ruins that was Atlanta. We saw the first Coca-Cola building, the Old City Hall where Sher-

man had his Headquarters, the Capitol of Georgia marble; the Braves' new Stadium, Grant Park (no relation of U. S. Grant) with its cyclorama, famous Peachtree Street, Agnes Scott College where Catherine Marshall went to school, Emory University which has John Wesley's pulpit in its chapel and Stone Mountain. The carvings of Lee, Davis and Jackson are huge. Also the restored plantation.

Sincerely,
Trudy Cushman

Renee Rackow, Ranger, Is Miss Eastland County

Miss Renee Rackow, a blue-eyed, blonde Ranger Junior College co-ed, was crowned Miss Eastland County 1971 by Miss Linda Chandler—Miss Lake Cisco 1970—during the Fourth of July festivities at Lake Cisco Swimming Pool. Miss Rackow, who will be a sophomore at the University of Texas next fall, is the daughter of Mrs. Betty Rackow, of Buffalo Gap.

The first runner-up was Miss Lynne Pippen daughter of Mr. and Mrs. Irven Pippen, and second runner-up was Miss Cathy Reynolds daughter of Mr. and Mrs. Don Reynolds, both of Cisco. Third and fourth runners-up were Miss Betty Sue Seaton and Miss Karen Hallmark, respectively, both of Gorman.

Miss Rackow, a drama major, presented a dramatic reading from "Peter Pan" in the talent competition. Miss Pippen gave a Spanish dance presentation. A dance and cane routine was presented by Miss Reynolds. The Peanuts Family was illustrated for the audience by Miss Seaton and

Miss Hallmark performed a musical monologue to "Matchmaker, Matchmaker" from "Fiddler on the Roof."

While a student at Ranger Junior College last year, the new Miss Eastland County 1971, Miss Rackow, played for the Ranger Ann Basketball team, was a cheerleader, and secretary for the freshman class. She is a graduate of Wylie High School where she was voted "Friendliest Girl" and was a member of the National Honor Society. She was also elected to the Texas All Star Team in 1969.

She lists her hobby as training and riding horses.

Miss Rackow is available for personal appearance throughout the county and is the Eastland County Pageant Association wishes to express the importance of inviting Miss Eastland County 1971 to participate in various civic and service activities. The association is comprised of two representatives from Cisco, Eastland, Gorman, Ranger and Rising Star.

The judges for the pageant

were: Barry Hill, Mrs. Nolita Webb, Ed Hill, Mrs. Peggy McMahon and Mrs. Judy Hill. All are from Ft. Worth and members of the Miss Texas Pageant Association.

Miss Rackow will receive a \$200.00 scholarship and the right to represent Eastland County in the Miss Texas Pageant in 1971.

Miss Contentality, an award voted by the ten girls, was presented to Miss Patsy Kincaid daughter of Mr. and Mrs. Robert Kincaid, a senior at Eastland High School.

Miss Pippen, the first-runner-up, is a 1970 graduate of Cisco High School where she was valedictorian of her senior class. Miss Pippen is currently attending Cisco Junior College as a math major. She lists her hobbies as swimming and horse back riding.

Mrs. J. C. Allison Is Hostess for Bethel WMU

By Mrs. J. C. Allison

June 18, the June WMU Bible Study met in the home of Mr. and Mrs. J. C. Allison, 1008 West Commerce. The subject was "The Blessing of Missions to the World." The meeting was opened with prayer for the missionaries and scripture read as Isaiah 44:6-20.

One of the highlights of the meeting was a very informative report of mission by Mrs. Vera Adams whose home for the last twenty-five years has been within two miles of the border. She sees everyday the dire need of mission work. She also is privileged to see some of these needs being met, but such a large number of needs to be met yet. The First Baptist Church of Fort Hancock, Texas, a small church has five missions, some in Texas and some in Mexico and one under the shade of a tree. She marvels at the help they have had. She wants to thank everyone for all the help. One of their missions pastors lives across the border and she has visited in his home and he has a wife and seven children to support. One church gave him a cow and one member gave a load of hay and a church in Odessa also gave them a cow. Other Sunday School classes and churches further from the border send donations from \$5 to \$10 to help. Other churches send leaders; for instance the Cross Roads Baptist Church has sent a young couple to lead a Bible School for them. The pastor of Fort Hancock Baptist Church sometimes leads as many as three Bible schools each day at different hours in one week. Many grown men come and erect buildings and others dig ditches, working in the hot sun. The thing that is most surprising to her is when the boys go away to Vietnam, they save some of their earnings to help with the work. One she is especially thinking of is one that sometimes sends \$25 and sometimes \$60. The report was most interesting.

The hostess served refreshments of assorted cookies, fruit punch, and lemonade. The serving table was laid with a gold cloth centered with an arrangement of yellow gladiolus in a green container and yellow swirl candles in crystal holders. The next meeting will be in July with the time and place to be announced later.

Two world wars. For Americans, the original ballet was too long, so it became a practice of ballet companies from Europe to perform only sections of it often as part of a three ballet program.

Though Tchaikovsky was pleased with his creation and supporters were not in agreement, "Sleeping Beauty" and his other ballet scores, especially the "Nutcracker Suite" and "Swan Lake," were instrumental to its inspired perfection which the art, until his music, had never attained.

Visiting Mrs. Mollie Kuykendall and Pearl Ann Chisum of Eastland last weekend for the Carbon reunion were Marie and Mell Wilson of Houston, Mrs. Pearl Courtney of Houston who graduated from Carbon High School 72 years ago, Grace Coursey—a 1931 graduate of CHS, and her son, Lowell Coursey, both of Alvin, Texas.

9-State Trip Is Real Vacation Says Talley

By MRS. I. E. TALLEY

Mr. and Mrs. I. E. Talley have returned home from a nine states vacation. Meeting Mr. and Mrs. Glenn McDowell some friends from Amarillo, at Hinton Oklahoma, spending the night at Fountain Head State park in Oklahoma, then to Lakewood State Park in Tennessee, from there Nashville, Tennessee we saw the Grand Ole Opry and such stars as the Willis Brothers, LeRoy Van Dyke, Stu Phillips, Porter Wagoner, Billy Grammer, and many more. Visiting the Hall of Fame and museum, we spent the night in the Holiday Inn Motel. We also visited the Talley Cemetery out on Highway 65. This cemetery is where Mr. Talley's kin of early days are buried. Some tombs dated back to 1727. One tomb was where a great, great, great uncle who was killed in battle when he

was only seventeen years old—was buried.

We spent two nights in the Smoky Mountains National Park; no pests except bears, and a small black gnaw. Your eyes couldn't see them, but you would remember it if he bit you. The Cherokee Indians call these gnats no-see-ums so it is wise to carry along a good repellent to spray yourself.

Crossing these Great Smoky Mountains was not easy. The fog was so thick, and clouds so low until it was as black as night. We crossed North Carolina to Sumter staying a week with friends there. We went wading in the Atlantic Ocean and visited General Sumter's tomb. Then we visited the Shaw Air Base where a friend was stationed. We attended church at Free Will Baptist Church leaving there and spending a night in Georgia in Stone Mountain National Park where we took a ride on a river boat Robert E. Lee also seeing and hearing the world's largest Coillon, this being the ninth wonder of the world. We heard Herbie Kock, official Coillon player for the state of Georgia, play several pieces. From there we saw a large Granite Mountain and on one side were pictures of Robert E. Lee, Stonewall Jack-

son, and Jefferson Davis. They looked so real at night on their horses that if you are a real American you will want to salute them. These figures even have the buttons and button holes in their uniforms, and General Lee has his three stars on his collar. These figures are 140 feet tall equivalent to a ten story building. Coming on toward home we crossed the Mississippi River on a very long bridge seeing beautiful trees. We saw some old plantations in Alabama, but after reaching Texas we decided it was far the prettiest state and we are sure it is the largest.

Visiting in the home of Mrs. Timmons this week is her daughter and family, Mr. and Mrs. Neil Samuels of Ft. Worth. They are both natives of Eastland and were here for the homecoming activities.

Mrs. Raynelle Slaten, Mr. and Mrs. Randy Slaten and Shadell of Quincy, California were guests in the home of Mmes. Ruth Kennamer and Frankye Flowers, and attended the Carbon Homecoming last week-end.
