

CJC Gets Approval Of \$50,000 Library Fund

Formal approval of a \$50,000 grant for use in erecting the Leon Maner Memorial Library at Cisco Junior College was announced by the Office of Education in Washington, D. C., on Tuesday, according to a telegram from Congressman Omar Burleson.

The grant was approved under Title I of the Higher Education Facilities Act, the

announcement said. Tentative approval had been given to President Leland Willis of CJC several months ago, and plans for the library building are well under way.

Architect J. D. Hinton of Snyder, who has been retained by the college to design the building, was in Cisco Tuesday and worked on details of the plans with Mr. Willis.

"We are shooting for a July 1 bidding date," Mr. Willis said. "The plans and specifications are well underway, and we will have considerable information for the approval of the board of regents at their February meeting."

Mr. Willis said that the Office of Education has approved a \$50,000 grant for 1968, a similar grant for 1969 and another for 1970. These will be supplemented by local funds to finance the handsome building, which will provide adequate space for library purposes, quarters for a special section to display and store the Texas Book Collection given the college by the late Mr. Maner, classes rooms, and offices. It will be air conditioned and thoroughly modern in all respects, he added.

"We hope to have the building ready for use in mid-1970," Mr. Willis said. "This and a Technical-Vocational Building, which is in the planning stage, will complete our immediate campus needs."

R.C.&D. Program Outlined Here For Lions Club

Development of this area's natural resources under the new R. C. & D. program was outlined for members of the Eastland Lions Club at their regular luncheon Meeting Tuesday at the White Elephant Restaurant.

Program Chairman J. T. Gregory introduced E. E. McAllister, supervisor of the County Soil Conservation Service office. He introduced Mr. Marion Borter of Stephenville, coordinator for the five-county area in the Research, Conservation and Development program, a plan which he said, is devised to "help people help themselves."

This program is called the Leon-Bosque District and comprises Bosque, Comanche, Eastland, Erath and Somervell Counties. Mr. Gregory is a director from Eastland.

Using color slides, Mr. Borter showed two local planning, local coordinating through the various government agencies can result in better environment for future generations. Controlling the problems such as flooding, and developing those areas (seeding, irrigation, etc.) which can increase yields in basic crops, can result in a higher economic level, as well as providing recreation areas, and provide jobs, and attractions to may including agri-industry firms. The county's present income from the peanut crop is from \$5 to \$6 million annually, and the livestock industry adds from \$11 to \$12 million — if these yields could be increased, it's equal to an industry added, he said.

Guests included Bruce Golemon and Ed Lewis, both of Ranger, and O. L. Stamey and Tom Stark of Cisco. Zone Chairman Stark invited Eastland Lions to the Zone Meeting in Baird Thursday evening, beginning at 7 p. m.

President E. O. Moore presided and announced the mid-Winter Conference at Abilene on Feb. 15, at which Int. President Dave Evans will speak.

In a board of directors meeting, it was agreed to contribute \$15 to the Danny Meazell Fund, and to order 25 cases of lightbulbs for an April city-wide sale.

THE GORDON SPOT Cisco Officer Awarded Honor By Air Force

By DE GORDON, County Agricultural Agent

The small grain crops in Eastland are no longer very well. Much of the problem is cold weather. Oats, wheat and rye do not usually grow much during January and early February because of the cold temperatures.

Insects are also causing some damage. I found an oat field infested with the winter mite last week. The mite is very small, has four pairs of reddish orange legs and the body is dark brown. This pest feeds primarily at night remaining around the base of the plant during the day. They cause the tips of the leaves to brown and the plants to become stunted. They seem to concentrate in spots within the field.

Four chemicals are recommended for the control of winter grain mites. They are malathion, methyl parathion, perathion, and phosphamidon. One pint per acre of any one of the first three chemicals is adequate for controlling the grain mites. Only 1/2 pint of the phosphamidon is needed per acre.

I learned last week that Eastland County would be certified as a modified Brucellosis free county this year. The county was initially certified six years ago. Every three years the county must be recertified by testing 25 per cent of the cattle in the county. If the disease is found to be low enough, the county is recertified.

It will not be necessary to test 25 per cent of the cattle

A&P Makes Plans To Decentralize Store Operations

The Great Atlantic & Pacific Tea Company, Inc. has announced a major decentralization move effective when the nation's largest food retailer begins its new fiscal year, February 24.

Melvin W. Aldredge, chairman and chief executive officer, said "the new organizational structure is designed to facilitate decision-making by local management and to provide more flexibility in operating store groups, averaging more than \$150 million a year in sales."

A&P is delegating operating authority for its 4723 stores to 33 autonomous Divisions in the United States. Canada will continue to operate as a subsidiary company. The Great Atlantic & Pacific Tea Company, Limited, U. S. Divisions will be grouped into four regions — Eastern, Central, Southern, and Western.

"In today's fast-moving, keenly competitive business of food retailing," Mr. Aldredge said, "it is important that the men responsible for buying, distributing and selling, and the operations of our stores, be in position to move quickly in response to the needs of their local markets."

The 23 new U. S. Divisions each will be headed by a general manager, who also will be a regional vice president.

Present division presidents, who also are corporate vice presidents, will continue as company officers at New York Headquarters and will have liaison responsibilities for regional areas. They will have offices in New York and also maintain offices in the respective regions.

Increased flexibility at the new division level is expected to speed operating decisions and administrative procedures. Establishing direct communication between Headquarters and the selling divisions, Mr. Aldredge said.

The decentralized structure is consistent with the faster-paced, more streamlined approach to the business reflected in policy, personnel and other changes that have occurred since last June when the present executive management team was installed.

VISIT BROTHER

Mr. and Mrs. Dale Brakker and family were in Temple last week to visit his brother, Sgt. John Eakker and his family. Sgt. Baker, a native of Youngstown, Ohio, recently returned from three years service in Germany. He left Saturday for a tour of duty in Vietnam.

this year because of the Cattle Testing Program. The local livestock auction companies and the Texas Animal Health Commission cooperate on the program. Animals going to slaughter are tested for brucellosis. If as many as 15 per cent of the total cattle population are found to be positive, the slaughter plants over a three year period, no additional testing is needed for recertification.

The major pruning on shade trees should be done during the next month, while the trees are dormant. Before pruning any tree, make sure that you have a justifiable reason for performing the operation. Think through what you are trying to accomplish by pruning.

One of the first purposes for pruning is to maintain a strong framework for the future development of the tree. Another reason is to keep the tree within bounds.

Another is to remove dead, diseased or weak growth and to improve the size and quality of flowers and fruit.

Some of the general principles that will apply when pruning shade trees include the removal of all dead or diseased wood, broken limbs and weak growth. Shorten or remove entirely long unsightly branches as they are frequently subject to storm damage.

Never stub back limbs or branches. Rather, cut to a main branch or trunk so that there will be no stubs remaining. The so-called "stubbing back" or topping large branches will result in sucker growth and leave a wound that is impossible to heal.

To protect pruning cuts and prevent the entry of disease and insect organisms, all cuts over an inch in diameter should be painted with a special tree paint. For temporary treatment of a wound, a coat of orange shellac will give four to six weeks protection.

Cisco Officer Awarded Honor By Air Force

Jerry D. Brown, son of Mr. and Mrs. Cecil Brown of Rt. 3, Cisco, Tex., has helped the 1st Military Airlift Wing earn the U. S. Air Force Outstanding Unit Award.

Captain Brown, a transportation officer at Tachikawa AB, Japan, with a unit of the 61st, will wear the distinctive ribbon as a permanent decoration.

The wing, which has won the award five times, is headquartered at Hickam AFB, Hawaii. Its units, located throughout the Pacific and Southeast Asia, are charged with the Military Airlift Command's airlift responsibilities.

The wing has accumulated more than 800,000 accident-free flying hours during the past 7 years, a record unsurpassed by any military organization.

Captain Brown, a graduate of Stephenville (Tex.) High School, received his B. S. degree in 1959 from Texas A&M University. He was commissioned there upon completion of the Air Force Reserve Officers Training Corps program. He is married to the formeronique A. Porcheron.

Bill Introduced Monday To Raise Teachers' Pay

A bill was to be introduced Wednesday in the Texas State Legislature to put all school districts in Texas into county-wide districts and the same bill rewrites all the school laws to a large degree, Supt. James R. Clark of the Ranger Schools told the Ranger Rotary Club at their Wednesday noon meeting.

Bills were introduced Monday to raise teacher salaries and to improve their retirement benefits. News releases state the minimum base pay would be more than \$1,000 during the next two years and the average increase estimated at about \$1,900. The pay scale is the same as provided in the Governor's Committee report partly but the increases vary. This particular bill is not connected with the Governor's Committee report but is sponsored by the Texas State Teachers Association and Sen. A. M. Akin Jr. of Paris who introduced the bill. Rep. George Hinson of Mineola is the House sponsor.

Using a copy of the proposed bill sent to him earlier by State Rep. Burke Musgrove, Clark told the club that the bill proposes to put all the present school districts in Eastland County into one county-wide district.

The Act provides that within 30 days from the effective date of the passage of the Act, the State Board of Education shall distribute to the chairman of the local board of trustees of all school districts and the superintendent a list of the proposed districts to be combined.

The proposed reorganization would become effective June 15, 1971. "The State Board of Education shall direct the superintendent of the district with the largest average daily attendance in each county affected by the proposed plan of reorganization to call and to chair a joint meeting of all..." the act reads.

The purpose of the joint meeting shall be to nominate eight qualified voters who are broadly representative of the county to serve as members of a county reorganization study committee.

These names will be sent to Austin where the State Board will select five of the nominees to act as the study committee.

Then the new group will organize and hold public meetings about what they propose. They might propose for school districts in other counties to cross county lines and join them and this would be possible if approved by the State Board of Education, Clark explained.

The County Judge would then set a date in April, 1971, for the purpose of electing 7 school trustees of the new district and the judge would supervise the election.

On June 15, 1971 the new boards would take office and all existing districts be absorbed by the new district along with their debts, assets and teachers employed and other employees as well.

At the first meeting of the new board a new name shall be selected for the new district.

The bill does not propose to close any school. The new trustees would have that power but the chairman of the Governors Study Committee, Leon Jaworski, a prominent Houston attorney, states that it would be up to local boards and the proposed bill does not mention closing any schools.

Jaworski believes in many cases existing high schools would continue to operate but under administrative assistant titled man instead of a superintendent as he is now called.

In the new school district as proposed by the Governor's Committee, teachers would have 10 hours off each week to prepare work, grade papers and study. Aides would handle playground and lunchroom assignments. This would begin in 1971-72.

Teachers would have to be notified by March 1 if their contract was not to be renewed. Teachers could not break their contract after July 1 without losing their Teachers Certificate.

Teachers would get 5 days sick leave per year which could accumulate and which would follow them wherever they taught just as their teaching service is now recorded and sent to schools where the teachers move to. This would begin Sept. 1, 1970.

Kindergartens would be a part of the new school district with pre-kindergartens coming in a few years.

Teacher aides are included in the bill with starting pay of \$300 per month for 10 months for high school graduates who are employed.

A documentary stamp tax of 50 cents is proposed on every deed of \$100 or more. The tax would be a minimum of 50c where the value exceeds \$100 and 50c for each \$500 in value or fractional part thereof.

The County Clerk could buy these stamps at 25 per cent discount with the different going to the County as pay for its trouble and work. Other tax methods are also proposed.

The school census each year would be abolished and the State would use sampling techniques which will develop the needed census data.

It is not believed that the bill has much chance to pass, Clark told the Rotary Club, as few senators or representatives say they are for it, including the Governor and the Lieutenant Governor.

This new district would cost more money, Clark said, but provisions are made to prevent excessive rise in local taxes and to graduate them over several years.

Should Clark's position be abolished, as it would under the proposal, he would receive severance pay at state expense equal to one year's salary to the extent that his salary was paid by state and/or local funds. He could not be employed by the new district during that one year though.

The proposal also would abolish the office of County Superintendent of Education, now held by O. L. Stamey. Provisions are made for sev-

erance pay for that office also. Laws pertaining to school buses, finance, a stamp tax, on documents to help finance the proposed bill, the school census, many other things are covered in the bill since it rewrites or modifies most of the existing school laws.

One of the costly items is the proposed raise in teacher pay, Clark said. Beginning teachers would draw \$600 per month for 10 months or \$6,000 annually compared to \$4,734 for nine months.

A bill introduced in the Senate Monday though would pay the teachers even more, Clark said, and the Senate has already gone on record as being for that bill, which is sponsored by the Texas State Teachers Association.

The Governor's Report bill provides that teachers may not be forced or coerced to join any organization and neither may they be denied the right to participate in political affairs in the community, state or nation.

All teachers would be employed under either a "probationary contract" or a "continuing contract." Teachers under contract could not be discharged without a hearing by the trustees and then only for reasons specified by the law.

Districts that do consolidate would receive "incentive aid" which is designed to encourage consolidation.

To defray the cost of consolidation, the bill provides for a tax rate over the state at 21 cents for each \$100 of full market value in 1970-71 and shall be graduated one cent each year until it reaches 30 cents, provided that the rate may not increase by more than five cents per year for any district.

The bill as proposed in the Senate Wednesday contains 97 double spaced pages of legal size paper.

Few people give it a chance to pass in full although some amended version might.

Bullock Quilting Club Holds Work Day and Social Monday, Feb. 3

Eight members of Bullock Quilting Club spent a pleasant work day and social period at the Community Center on Monday, Feb. 3.

During the morning hours, one quilt was completed for Margie Lester. The group paused for a snack lunch at noon.

Those present were Mae Miller, Oral Templeton, Alta Carroll, Margie Lester, Jewel Franklin, Kathlene Maxwell, Opal Wells and Callie Ainsworth.

The Feb. 17th meeting will feature a covered dish luncheon.

County 4-H Riding Club Has Organizational Meet Jan. 25

The Eastland County 4-H Horse Riding group met Saturday, Jan. 25, at the Eastland County Sheriff's Posse Arena. The business meeting was conducted by Jana Jeter, vice-president. Items discussed were names for the Riding Group, activities for the coming rodeo and parade uniforms. A committee was formed consisting of Scott Miller, chairman; Suzanne Harbin, Karen Plowman, Lana Arring and Susie Carter to choose a name for the Riding Group. Tommy Pope, adult leader,

gave a program on showing horses at halter. The remainder of the meeting was spent riding barrels, flag races and western pleasure. There were 19 members present and participated in the project activities. The next meeting will be held Saturday, Feb. 8, at which time a program will be given by a local veterinarian on parasites in horses. Members will practice the usual activities and pole bending. All interested 4-H members or prospective members are invited to attend, it was announced.

NATIONAL DEFENSE IS THEME OF JANUARY DAR MEETING PROGRAM

The Charles Crawford Chapter, Daughters of the American Revolution met on Monday, Jan. 27 in the home of Mrs. Guy Morris, it was reported. Mrs. H. A. Bible, P. G. Berry and Mrs. G. E. Berry of Brownwood were co-hostesses with Mrs. Morris. The meeting opened with all members repeating the Lord's Prayer, followed by the Pledge of Allegiance to the Flag, the American's Creed and the singing of the National Anthem, accompanied by Mrs. Alex Spears on the organ. During the business session, presided over by Mrs. Joe Clements, regent, delegates were elected for the state conference which will convene in Fort Worth on March 17-19 and the Continental Congress which will meet in Washington, D.C. on April 14-19th. It also voted in the business session to accept a book entitled "What Proudly We Hail" written by Maymie K. Kryptit from Mrs. C. B. Rust. The book will be presented to the Cisco High School Library. This meeting was the chapter's annual national defense meeting. Mrs. Robert Stewart gave a very informative and challenging talk on the sub-

ject, "Are We Second Rate People in a Second Rate Land?" Mrs. Stewart asked the question, "Will not the sands of time for freedom run out of the American people do not recover from their state of apathy?" She mentioned many ways that Americans today are ignoring the wonderful heritage handed down from the founding fathers. "We are too apathetic when our very lives are at stake because we do not want to become involved," she said. "The American people have taken so much and given so little." Mrs. Stewart concluded her talk by asking the members to sincerely answer the question "Are we not letting ourselves become a second rate people in a second rate land?" Refreshments were served from a beautifully appointed table to the following members: Mrs. Joseph M. Perkins and Pw. Crawford of Eastland, F. E. Harrell, Alex Spears, T. C. Williams, C. B. Rust, Joe Clements, J. E. T. Peters, Robert Stewart, Celia McCrea and the hostess, Mrs. Guy Morris, all of Cisco; co-hostesses, Mrs. H. A. Bible, P. G. Berry and G. E. Berry of Brownwood, Mrs. C. E. Terrell, a member of the Fresno Chapter in Fresno, Calif., was a guest. Mrs. Terrell is a sister of Mrs. Joe Clements and she and her husband are spending the winter in Cisco.

**Pioneer Club
 Has Meeting in
 Mrs. Nix Home**

The Pioneer Club met Thursday in the home of Mrs. Josie Nix for a covered dish luncheon and business meeting. A poem was read by Mrs.

Lorine Crawford. The club will meet at noon, Thursday, February 27 in the home of Mrs. Prudie Hardeman. Present were Meses. Tonnie Johnson, Fannie Lockhart, Arie Herring, Nina Hastings, Ottie Wheat, Crawford, Sallie, Garrett, Iona Sikes, Fannie Lee Littleton, Hardeman, Winnie Bassett, Theo Davis, Alma Castleberry, and Nix.

**Community 4-H
 Organizes Food,
 Nutrition Group**

The Eastland Community 4-H Club has organized a Foods and Nutrition group, which is led by Mrs. Bob Bishop and Mrs. Jeff Harbin. Junior leaders are Sharon Stedum and Suzanne Harbin. Members of the group are Debra Williams, Yvonne Wilson, Jan Maynard, Becky Miller, Cynthia Claborn, Cindy Leonard, Deborah Squiers, Karen Plowman, Ginger Reynolds, Debra Bishop, Carla Bishop, Robbie Bishop, Janna Ragland, Mary Jane Harbin, Gail Swift, Tonja Swinson and Kathy Gregory.

The group held its first meeting Jan. 9, and decided to meet from 5:30 to 6:30 p.m. each Monday at the Farm Bureau Building. At the next meeting, Mary Jane Harbin presented "Milk Tastes Good on Picnics" and demonstrated how to make strawberry milk. Suzanne Harbin gave "Have Fun in the Kitchen." The 3rd meeting program was "Picnic Main Dishes Are a Must." Debra Bishop gave a demonstration on how to make Tuna Pow-Wows.

RECEIVES DEGREE

G. L. Whitley, Jr., son of Mr. and Mrs. G. L. Whitley, Sr. of 109 North Hillcrest, received his degree in mathematics from the University of Texas at Arlington.

His parents attended the commencement exercises and visited in Everman with their son, his wife, Doris, and three children.

G. L. Jr. attended school in Eastland and Gorman and attended Ranger Junior College. He has been employed at General Dynamics since 1956.

**'Tokyo Crusade'
 To Show Here**

The Billy Graham film "Tokyo Crusade" will be presented at 7:45 p. m., Wednesday, February 12, at the First Baptist Church.

The film will introduce Cliff Richard, England's top vocalist and star of the show "Two A Penny" which will be shown in Eastland in March. Bobby Richardson, a former New York Yankee, will also be featured.

The Rev. Haston Brewer, pastor of the church, said there will be no charge for the film. An offering will be taken.

Everyone is invited to attend the special showing of this film.

**EHS Program
 To Feature
 Glass Blower**

A Southern School Assemblies program at 9 a.m. Friday, Feb. 7, at Eastland High School will feature Ralph Melville, a master craftsman in the art of glass blowing and glass knitting.

The program, "Artistry in Glass," is open to the public. Admission is 15c each.

Glass patternmaking or glass blowing, as it is called, is 1 of the oldest known arts.

Glassblowers were first believed to be "workers of the devil" because they worked with fire. Later, because the art was kept secret in the closed guilds, artisans were honored and were encouraged to marry into royalty. It is an almost-forgotten art in this country since so few people practice it in this machine age. Melville brings life to the ancient art which is created entirely free-hand and without the aid of models or molds. Melville is one of seven pattern makers in the nation.

He uses his hands, the pressure of his lips and throat to create birds, animals and vases from tubes of glass, and beautiful ships and animals from small rods of glass. He has created glass patterns for Corning Glass Works and 20th Century Fox Film Corp. Dr. Melville traces the history of glass making from its beginning and describes its many uses in industry. The theme of the program, which has been approved by the Puget Sound Academy of Science, is the value and importance of education in any field today.

**Mrs. Porter Is
 Honored on 81st**

Mrs. Virgie Porter of Burkett was honored on her 81st birthday Sunday with a party in the home of her daughter, Mrs. A. B. Byrd of Eastland. Co-host was Mrs. Porter's son, W. B. Ensor of Eastland.

Mrs. B. T. Thompson and Joe Ensor, both of Eastland, presented a large sheet cake to their grand-mother. The cake was frosted white and decorated with pink roses and the figures "81."

Mrs. Porter's children, grandchildren, and great-grandchildren attended the party.

**Steven Pennington
 Honored on Birthday**

Steven Wayne Pennington was honored on his eighth birthday with a party at his home.

Several games were enjoyed. Refreshments of cakes, ice cream, and punch were served. Balloons, whistles, and swords were given as party favors.

Attending were John and David Ames, John Pennington, Billy Bridges, Jeffery Judson, Steven Hopson, Anita Johnston, Kenney O'Neal, Michael Peacock, Kay Plowman, Scott Spradling, Melody Trout, Kenney Watson, Lori Williams, Elvy Williams and Mrs. J. W. Ames.

JENNIFER L. MARCUM

Mr. and Mrs. Marlin Marcum of Stephenville announce the arrival of a daughter, Jennifer Lyn Marcum at 9:18 a. m. on Jan. 29, in a Stephenville hospital. She weighed six pounds and five ounces. Maternal grandparents are Mr. and Mrs. Shelly D. Parnell of Big Spring. Paternal grandparents are Mr. and Mrs. Coy B. Marcum of Cisco. Great-grandparents are Mrs. T. H. Marcum of Borger and Mr. and Mrs. Carl Elliott of Eastland.

**Kindergarten
 Displaying Work
 At Flower Shop**

Mrs. Ferne Green reports that the Green Kindergarten has completed another busy month of activities in preparation for the last month of this term.

The students made large nursery - rhyme pictures to hang on their bedroom walls. They are working on their Eastland County project to put in their scrapbooks.

Teachers are discussing litter bugs and impressing the need to be good citizens and not throw things on the grass, sidewalks or streets.

Jerianne Carter celebrated her sixth birthday January 28. The group sang "Happy Birthday" and Jerianne blew out her own candle. Miniature birthday cakes and juice were served.

Mr. and Mrs. C. W. Hoffmann asked the kindergarten to prepare valentines for them to display in their flower shop on West Main Street.

**Mrs. Langford
 Hostess for
 Xi Alpha Meet**

The Xi Alpha Zeta Chapter of Beta Sigma Phi met Monday night in the home of Mrs. Betty Langford of Morton Valley.

Mrs. Dick Johnson presented the program, "Enjoyment of Art." She discussed growing hybrid roses. Mrs. Martin Jean Morton was welcomed as a new member.

Lemon pound cake, coffee, cold drinks and nuts were served. The club will meet February 10 in the home of Mrs. J. T. Carter. Mrs. Marlene Johnson will discuss "Various Man."

Present were Meses. Robert Bird, Carter, Dick Johnson, Marlene Johnson, Bill Leslie, R. T. Magness, Jr., A. D. Taylor, Bill Walter, Jerry Matthews, Morton and Langford.

Railroads Pay \$28,041 Taxes In This County

Current annual taxes paid to the various government agencies by Texas railroads in Eastland County totaled \$28,041, it is announced by the Railroad Association.

That amount was the county's share of the more than \$10,000,000 the railroads paid in Texas on their right of way

and other property. The biggest railroad contribution was to the school systems throughout the state. Large sums were also distributed to city, village and county governments and for road and bridge funds.

In addition, of course, was the large total in taxes the railroads' 30,840 Texas employees contributed on their own property. The vast majority of rail workers, many of whom live in Eastland County, own

their own homes. "I am delighted that nearly half of the taxes paid by the railroads in Texas go to support the schools," said Walter Caven, general counsel of the Texas Railroad Association. "The future of our country upon the education, of our youth," he said.

"Recognizing this need for education, many of the Railroads operating in Texas also make scholarships available to a number of students every

Eastland Community 4-H Group Meets

The Eastland Community 4-H Club Food group met Jan. 30, in the Eastland County Farm Bureau Conference Room. Suzanne Harbin gave the program on "Vegetables and Fruits for Picnic Zest and Bread and Cereals For Picnic Pep."

After the program, Suzanne prepared lemonade and out-

meal cookies for a nutritious snack from the two food groups. Those present were Yvonne Wilson, Jan Maynard, Debra Williams, Becky Miller, Cynthia Claborn, Karen Plowman, Deborah Squires, Robbie Bishop, Gail Swift, Debra Bishop, Jana Ragland, Mary Jane Harbin. Also attending were Junior Leader Suzanne Harbin, Adult Leaders, Mrs. Bob Plowman, Mrs. Betty Claborn and Kem Miller.
