Moore..

By VIRGIL E. MOORE

What with all our other glories Eastland now can boast two, not just one, but two, of the prettiest girls in Home Demonstration work. Of course this city has always been fortunate in getting good lookers in the H. D. office, thanks to a wathchful county commissioners court. But in Miss Sandra Kirkland and Miss Nancy Weathers the commission have really come up with a pair. Wouldn't surprise us to see more husbands taking an interest in the wives'

Rotazians couldn't believe their eyes at first Monday when Henry Pullman asked Jack Frost to introduce his guest speaker. Pullman always had been a good talker and it just didn't seem right. The reason: Henry just had his teeth pulled. -vem-

Don't know why Jack Chamberlain Sr., 2002 West Commerce, doesn't put up a sign to show you where his flowers are. If you have missed them drive on out the highway a bit. They are in his back yard and are really beautiful. Certainly is nice to drive into town and be greeted by such a sight.

Guess you've heard by now what Terrell Coleman's classmates presented him with. A comb. Terrell, of course, is balder than the eight ball down at the "Y" youth center.

Mrs. Minnie Baker invited us out the other day to tour her outstanding yard. It's the one we told you about earlier, out on the street that runs into the new Hollywood-Maxwell plant. She has some Chinese sacred lillies out at her place, something we had never seen before, which are really something to see. We took a picture of the flowers and hope later to publish it so that you can see them. Really, however, we suggest you drive out that way. The flowers we are talking about are right in her front yard. In case the ones she gave us.

They tell us one of the visiting ex-students, Jelly LaClair, finally got tired of meeting so many struck it rich." Finally when another Homecoming ex-student walked up to him Jelly held out his hand and said, "Now wait just a minute friend. I can't remember your name, but before you start telling me how many Cadillacs you have, just let me tell you that I own a 1949 Ford that's paid for, my lights, gas and water bills, are paid and I have about \$5 in my pocket!"

And we understand that folks around here are just about catch ing up on all the activities that they had to re-schedule during the two-month long rainy spell we

Eastland has had some outstanding store window displays in recent days. A few that we have noticed have been those in the Men's Store, Andersons, Altmans and Perry Bros. They are definite asset to our city and these stores, and a number of others, deserve credit for the extra work they put in. Of course they get their due credit in more business.

More and more golfers have started playing at the Lakeside course. And from early indicat ions there may be more than 100 golfers to enter the tournament here later this month. Sixty-five played in the ex-students tourney and the course took a lot of com plements. We understand the course is having low water pres sure trouble, but we are also told that a larger pump has been do nated and all that remains is for members to get it moved in and in use. One thing's for certain Nothing helps a golf course like good old fashion rain.

Highway 80 County Program Outlined

Eastland Area Last On Building Agenda

It will be at least another six to eight years before Highway 80 by-passes the cities of Ranger, Eastland and

This fact was made known Tuesday by Gordon Smith of Eastland, resident engineer for the State Highway Department for Eastland County. Smith was speaking before a meeting of Cisco business and civic leaders in the community conference room of the First Nation-

Smith said that under the super-highway program, Highway 80 is to become a limited access road from coast to coast and it will be another 13 years before the whole thing is pronounced complete.

The resident engineer said the Highway through Eastland County had been divided into three projects. The first project will be the section from the Callahan County line to the city limits of Cisco. The second project will be the section from Ranger Hill to the Erath County line. The third project will be the section from Cisco through Eastland, through Ranger, to Ranger Hill.

Under this plan, Ranger will be the last town through which the by-pass will be run.

Smith estimated it would be at least a year and a half before work was started on even the first project. will be a clover-leaf covering approximately 40 acres.

Right-of-way will be bought by the state for the highway, which will need a strip of land 300 feet wide. The Federal Government will pay 90 per cent of the cost.

Smith said the government would prevent the moving of businesses such as service stations, motels, etc., to the new highway, but that all cities would have beautiful access roads with which to attract shoppers and tourists. He said it would be at least six years before they were ready to begin work in Eastland county, and it would take at least two years to put the road through the county, once the work was started.

President's Stomach Condition Is Overplayed In Press of America

(An Editorial)

Is President Eisenhower's physical condition such that it deserves the type of coverage it has received in the press of the United States? We certainly hope that it isn't, for if it is then Dwight David Eisenhower must be a sick man.

When conservative newspapers like The Dallas Morning News and liberal papers like The Fort Worth Press both | furnished house, 209 West Patdecide the situation, which White House authorities tell us terson. is just a "mild stomach upset," rates screaming headlines then we wonder if it isn't something more.

We are pleased to note that the President is coming along "very well" and hope that his condition continues to improve. However we would like to see a little more sensible press in the future. Certainly if the President suffers a serious ailment the public wants to know about it and the bigger the headline the better. But for a "mild upset stomach," well we think those all across the page headlines are going a little all out. We hate to be the ones to say it about our fellow workers, but it looks as though some members of the Fourth Estate are just too prone to blow up anything the President does into a big story.

the little flame that

freezes...secret of today's

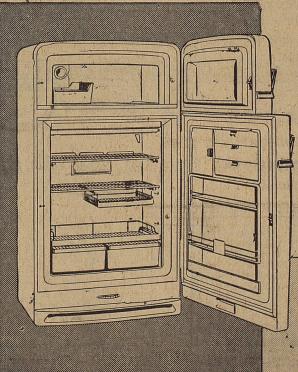

most amazing refrigerator

Thirty years ago came the first electric ice boxes ... noisy, complicated, costly, liable to break and down, wear out and gluttons for current! Two Swedish chemists, Baltzer von Platen and Georg Munters, decided there must be a better way, and discovered The Little Flame That

Freezes. Yes, GAS! A tiny flame, replacing electric motors and compressors, has made all other refrigerators oldfashioned. NO MOVING PARTS. No noise Nothing to break down. Nothing to wear out. All this made possible by efficient low cost gas! They had discovered the refrigerator that was 30 years ahead of its time. AND STILL ISI

the 30-years-ahead

GAS REFRIGERATOR MAKES ICE WITHOUT TRAYS

Almost like magic ... its sparkling ice-circles replenish themselves. Take one or a handful - there's always plenty. And there are no messy ice trays to fill, spill and forget to refill.

today's only refrigerator

GUARANTEED FOR

10 FULL YEARS today's only refrigerator

WITH NO MOVING PARTS

Servel Ice Server Model 1179G

• 70-lb. frozen food section

Automatic defrosting

• 12-position cold control

· Roomy in-a-door shelves

Stain-proof interior and exterior finish.

Watch Playhouse 90 over CBS television, Thursdays. Julia Meade is your Lone Star Gas hostess.

Over the years your SERVEL actually saves you money? Month by month it costs you less to run. There is nothing to break down, wear out and have to be replaced. Even the refrigerant, sealed into its efficient cooling system lasts for the lifetime of your refrigerator.

No other refrigerator gives you a guarantee like this ... one year on materials and workmanship...10 FULL YEARS on its sealed-in refrigerating system.

SPECIAL LOW PRICES ... HIGH TRADE-IN VALUES, NOW!

It's got the heart of a lion

(but it's a Tamb to handle)

To know a Chevy in all its glory, head one into the open—the more mountains the better. You'll soon see why so many people dote on that smooth sure Chevrolet response and stout-hearted power. Chevy's performance makes their dollars look big!

You don't have to urge this car along. A Chevrolet comes alive with the flip of an ignition key. The power is charged with gumption. The wheel responds in a twinkling to tight corners or turns. And on a back road a Chevrolet steps with ease over ruts that would look like barricades to lesser suspension systems. In short, a Chevy shows "savvy." You can, too. See your Chevrolet dealer!

TRAVEL TIPS

June's here. Summer is in the air. Now's the time for dical fishing trips, honeymoons, week-end jaunts, and full-fledged vacations.

Summer also is the time when Long Distance service Bisbee and Mrs. Millie Penn. can come in extra handy.

Just a call or two to relatives or friends, to the hotel or fishing lodge, and all the details of your vacation are quickly worked out.

Traveling by car, you make the most of each day's driving conditions by calling ahead for reservations. And you can change your time table as you go along.

Long Distance helps in arranging those spur-of-themoment week-end jaunts, too. A couple of calls, a few hours notice, and you're on your way.

And when you do take off, cross-country or just for the week-end, let the "worriers" at home know you're okay—by Long Distance. Wherever you go, you're never far from a phone.

WATCH OUT FOR KIDS

In the telephone business we pay a lot-of attention to Herring of Eastland. Rodney safety and safety training.

Every year at this time there's a special reminder for Brocks Herring of Eastland. telephone drivers: "School's out. Watch out for kids."

I repeat the reminder here because it's so important, and because it seems to apply equally to everyone who drives.

Telephone drivers are anxious to join with all of you in doing everything possible to make this an extra safe

Maybe the best way to do that is to use a heavy foot on the brake and a light one on the gas pedal, especially was born on June 6 and weighed near playgrounds and in residential areas. You have our 7 pounds pledge to drive safely—this summer, and all year long.

LET DAD RELAX

For one reason or another, I always end up with the "telephone answering job' when I'm home evenings. Happens all the time. Wife's tired. Kids are busy ,or

in bed. It's up to me to answer all calls. If the man of your house is in the same fix, why not make it easy for him? See to it there's a telephone near his favorite evening relaxing spot. Then he can just reach—

instead of run—when the phone rings.

Father's Day is coming up, June 16. We'd be glad to work with you on arranging a gift telephone for him. Just call us at the telephone business office. The number is Number 1. We'll take it from there.
The price for an additional telephone is only \$1.10 a

month, plus installation.

Call by number. It's twice as fast. SOUTHWESTERN BELL TELEPHONE COMPANY

and indefinite time.

In general, he said, "substantial gainful activity" means the performance of a substantial amount of work with reasonable regularity in employment or self-employment. A person does not have to be completely helpless to qualify under the social security disability provisions, Tuley emphasized. Consideration is given to all of the facts in the individual's situation both medical and non-medical.

A person might work occasional-
