## Moore... ABOUT Eastland

By VIRGIL E. MOORE

Eastland Quarterback Club members ran in the boys at the game Friday night and were ready to carry them off on their backs following the tilt. It was a great showing for the locals, and we might add, the proper time to come through.

Here's a few things you may have overlooked at the game: Boy Scout Troop 103 served as ushers. . . Ben Cate and Larry Tankersley served as co-captains. . . Coach Shelton's parents were in the press box. . . Clyde ran from both the T formation and the single wing. . . Gene Cook, Clyde's great back, will probably make all-district. . . Eastland's marching band showed a marked improvement and were very sharp on the fancy step drill at half-time. . . Clyde's pep squad was impressive with their Halloween halftime performance and had a large crowd of followers.

Rev. Otto Marshall, who led the pre-game prayer at the game Friday, is missing one of his books. This one isn't a Sunday School booklet, it's a copy of Reader's Digest Best Books. He let someone borrow the book a couple of years back and says he will forget about the overdue fine if it's turned in the next few days. You got it?

Mrs. W. P. Edwards of Olden talked to her son in Hawaii last week. Tommy is stationed at Scofield Base there. She hadn't heard from him since Aug. 18 and that phone call meant a lot to her. And to Tommy too, we are sure.

No birthdays today. Mrs. Eugene Day and Mrs. J. L. Brashears celebrate tomorrow, however.

Sure glad to see John White, Texas's commissioner of agriculture, will speak at the annual meeting of the West Texas Ranchers Association Nov. 4.

White has done an outstanding job since taking over the post a number of years back. In fact, he is so well liked that he didn't even face any opposition in the last Democratic primary.

We first met White, who is a youthful redhead, in Del Rio, just after he pulled an upset to win the post. We have kept a watchful eye on him ever since, and it will be indeed an honor to hear him speak Nov. 4.

O. F. Armstrong would have made a wonderful preacher. And perhaps he could be called just that. If we could apply a pet name to him, we would call him the Preaching Conservationist. Armstrong is a field planning engineer with the State Soil Conservation Board. Stationed in Abilene, he spoke Monday to Eastland Rotarians and Lions. And he talked of good common sense. Pointing out the gradual decline in yield per acre of crops in this county and others in Texas, he said something must be done. He told a joke about a Negro preacher that brings out the problem better than anything we can say. Seems as though the preacher had been preaching nightly about the need of better crops. Finally one night an old Negro woman on the back row got up and said, "Preacher, I don't want to sound sacrilegious, but we don't need talk so much as we need a lot of manure on this here land."

Blunt, but apparently true. For, as Armstrong said, we know plenty about conservation but we are doing practically nothing about it.

We were one of the some 200,000 state fair visitors closing day. Came back with a fancy hat for the boy and what we thought to be pneumonia. Doctor says he has no cure for what we've got though, so guess it's just a cold.

Saturday we were in Denton to celebrate North Texas State homecoming. Being with the wife, we were late for everything they had and on top of that didn't see a single person we remembered. Think you are not supposed to go back to those things until you have been an ex for at least 20 years.

Gee, but we look forward to these fun-filled weekends.

Met Mr. and Mrs. A. T. Engle, the new manager and his wife over at Hamner's Appliance Store, Monday. If you haven't had the chance to get over that way yet why don't you drop by and tell them hello.

And here's a report for all (Continued on Page Three)

## Must Get Man On Land Conservation Minded' --Armstrong

"We must get the man on the land conservation conscious," O. F. Armstrong, field planning engineer with the State Soil Conservation Board told Eastland Rotarians and Lions Monday at a joint meeting of the clubs held in the Roof Garden at the Connellee Hotel.

## Brother of Four Ranger Men Dies In Goldthwaite

Graveside services for Robert L. (Bob) Ervin of Goldthwaite, were held at 3 p.m. Monday, Oct. 25 at the Macedonia Cemetery, near Ranger.

Mr. Ervin was born Jan. 13, 1881 in Ranger and moved to Goldthwaite in 1918. He was a retired tinner. He was married to Olivia Adams in Ranger, Dec. 6, 1902. She preceded him in death in 1931. Mr. Ervin was a member of the Church of Christ and the L.O.O.F. Lodge.

He is survived by three sons, Chas. Ervin of Midland, Harlan Ervin of Long Beach, Calif., and Homer Ervin of Corpus Christi; one daughter, Oma Ervin of Dallas; five brothers, J. R., C. D., O. R. and J. H., all of Ranger and J. P. of San Antonio; and five sisters, Mrs. Allie White of Temple, Mrs. L. R. Hendry of Coleman, Mrs. Mae McMillan of Coleman; Miss Abbie Ervin and Miss Ruth Ervin, both of Goldthwaite.

## EASTLAND SHRINERS TO JOIN IN BIG SHRINE VARIETY SHOW

RANGER (TNS) — Eastland Shriners will join in sponsoring a Variety Show to beat the drums for one of the world's greatest indoor events, Moshah Temple's Shrine Circus, which will come to Ranger on Tuesday, November 2. Moshah Temple's Circus will play in Fort Worth's Will Rogers Coliseum, November 19-28.

The variety show, which will play at the High School Auditorium at 7:30 p.m., November 2, consists of a traveling unit under the guidance of R. M. Stovall, chairman of The Shrine Circus of 1954.

Herschell Gibbs is producer of the show and Ken Vaughan will direct the 16-piece Moshah Temple orchestra. Its cast boasts stars of stage, radio and TV such as Nan Roy, vivacious blond songstress; Marvin Montgomery, banjo artist supreme; and the Hancock-Hutchinson Girls, a famous line of dancers under the leadership of Pat Hutchinson, famous impressionistic dancer.

Also featured will be Bill Wright with his inimitable ukulele novelties. This star is currently appearing with the Russ Morgan Orchestra in New Orleans and was formerly with Paul Whiteman's band.

Other attractions of the star-studded variety show will be Rex, the performing Chihuahua dog; Bob Bohn, accordionist; Cherry Maddux, "Miss Magic," Joe Felix, boogie-woogie piano player; Harvey and Bob, clowns deluxe; and Janet McEntire, wonder acrobat.

The 16-piece orchestra's closing number on the show will be a rousing Dixieland version of one of Jazzdom's greatest songs, "South Rampart Street Parade," Fort Worth's Moshah Temple

## Engle Named Manager Of Hamner's Store

Ben Hamner, owner of Hamner's Appliance Store, announced Monday that A. T. Engle of DeLeon had been named as new store manager.

Engle and his wife will operate the store. They are members of the Methodist Church. Engle has been in the appliance business since 1938. Mrs. Engle was born and raised in Gordon.

Installment Loans Custom Made For Each Customer EASTLAND NATIONAL BANK Member F. D. I. C.

LEGION DAYS—Gov. Allan Shivers is pictured signing the proclamation declaring Oct. 20 through Veterans Day, Nov. 11 as Legion Days. At the Governor's left is E. L. (Stonewall) Jackson of Cisco, state commander, and at right is Culp Krueger, El Campo, state chairman of post activities. Local Legionnaires are participating in Legion Days.

## Dogies To Host DeLeon Tonite

Eastland's Junior High School Dogies go after their fourth win of the season here tonight when they entertain the DeLeon Juniors in a Little Oil Belt Conference game. Kick-off time is 7:30 p.m.

The Dogies, beaten for the first time by Breckenridge 27-18 last week, will be fighting to keep their hopes alive in Little Oil Belt Conference play. A loss for Coach Jimmy Hughes charges would completely eliminate the Dogies from title contention.

The Eastland Juniors will be favored to upset DeLeon, but the Dogies will face the situation of looking ahead for the "big game." Next week the EJJ eleven will entertain Cisco in what should determine the Conference runner-up, but a letdown tonight would spoil their chances.

Coach Hughes' starting line-up will most likely have the usual starting foursome. That would be Clinton Ray (Button) Humphreys at quarterback, Larry Hollis and Mike Manning at the half-back slots and Billy Don Turner at fullback. The Dogies run strictly from the T formation.

The starting line will probably have Virle Lee at right end, Wayne Dodson at right tackle, Knicky Arther at right guard, Larry Alldredge at center, Gailon Ables at left guard, Jim Webb at left tackle and Otis Green at left end.

Other backs who will probably see action include Jerry Robinson, Kenneth Tucker, Phillip Lewis and Joe Martin. Reserve linemen include Martin Day, John Powell, Don Hull, Johnnie Rodriguez, Bill

## EASTLAND COUNTY GILT AND BOAR NAMED GRAND CHAMPS

BRECKENRIDGE (TNS) — Eastland County's champion gilt, owned by Bobby Koonce of Desdemona, was named grand champion gilt at the Breckenridge area Sears swine show Saturday.

Koonce, a county 4-H Club boy, only Wednesday had seen his gilt judged as the best in county competition held in Eastland. Robert Bell, also of Eastland county, showed the grand champion boar. Bell is from Nimrod.

W. H. (Bill) Lehmborg, Jones County agricultural agent, judged the show.

A barbecue was given by the

## Korean Kids To Get Treat

A "trick or treat" campaign will be staged Saturday night to benefit Korean children.

Young people of the Methodist Church will canvas Eastland homes to ask for financial contributions to help this program sponsored by the Christian Rural Overseas Program (CROP).

Each child will wear an identifying emblem authorizing him to make collections toward Texas' goal of \$50,000. Last year Texas children sent \$10,000 to CROP which was used to pay transportation costs on 15 carloads of government surplus powdered milk to needy millions in Korea.

## Myrick Re-elected As Farm Bureau President

## ENTIRE SLATE OF OFFICERS RE-ELECTED

Eastland County Farm Bureau members re-elected A. Z. Myrick as president of the organization for the coming year at their annual meeting held Monday night at the First Methodist Church in Eastland. It will be Myrick's fourth term.

Farm Bureau members paid honor to all officers by re-electing the entire slate. Jimmy Sparks of Desdemona was named first vice president, Mitchell Campbell was named second vice president, Ray Norris secretary - treasurer and Mrs. W. C. Tucker of Ranger reporter.

All five retiring directors were asked to serve another term. They are Myrick, Sparks, C. L. Rogers, Lee W. Starr and George Bennett. Ed Harrison of Gorman, Ray Norris of Eastland and P. M. Ray of Seranton were named delegates to the Texas Farm Bureau State convention to be held in Galveston Nov. 8-10. Alternates are B. O. Speeple of Seranton, J. C. Coats of Cisco and Mrs. Tucker.

Changes in the county organization's charter and by-laws were adopted to conform with the state charter. The word Federation was dropped from the organization's name.

The fiscal year was also changed from Nov. 1 to Oct. 31 inclusive.

Some 13 resolutions were passed. Most concerned water conservation and laws. Some dealt with drought disaster and one called for more acreage from drought struck areas.

## MINIMUM OF 2,000 POUNDS OF COVER CAN MEAN PROFIT

(Editor's Note: This is the second in a series of three articles prepared by a Soil Conservation Service expert. It is published in cooperation with the Eastland SCC office.)

A minimum of 2,000 pounds of cover and litter per acre managed for erosion control enables farmers and ranchers to farm and ranch at a profit.

Nature controls both wind erosion and water erosion by preserving a mulch on the land. When we try to understand the needs of nature and supply those needs, we will be rewarded with higher yields. Nature will take over much of the heavier work of farming by keeping the soil loose and permeable to water and roots, thus eliminating the necessity for some of the cultivation. When cultivation is needed it will be much easier in a soil that is in good physical condition.

Scientists and many farmers recognize mulch farming as one of the greatest techniques for holding soil. Mulch farming means working with mulch, raising crops through it, working the ground under it, but never working it under.

Mulch farming, also called stubble farming, is a necessity on land that is subject to wind erosion and is being used more and more for the control of wind erosion. It has other values. It gets water into the soil and conserves it there. It slows evaporation of water from the soil. It prevents extreme changes in soil temperature, maintaining a temperature more favorable to plant growth than is found in a bare soil.

For maximum production soils must be kept in good physical condition and a high state of fertility. This probably is of even greater importance with mulch farming than with clean tillage practices. However, mulch farming can be managed in such a way that it will build up nitrogen, encourage activity of beneficial soil organisms, help control weeds and improve the physical condition of the soil.

Cover crops for mulch farming must be kept in good physical condition and a high state of fertility. This probably is of even greater importance with mulch farming than with clean tillage practices. However, mulch farming can be managed in such a way that it will build up nitrogen, encourage activity of beneficial soil organisms, help control weeds and improve the physical condition of the soil.

## Friday Last Chance To Purchase Civic Movie Season Tickets Here

Sales of season tickets for the Civic Movie Association — a series of "high-quality" films are in full swing this week. Friday is the deadline for buying season tickets!

"The Civic League of Eastland is sponsoring the cultural project in order that citizens residing in the Eastland-Ranger-Cisco area can see the fine superior type movies that are shown only in art theatres in the cities," a spokesman said. "All are great movies that demand box office prices from \$1.25 on up wherever they are shown. However, with a Civic Movie Association selling season tickets it is possible to bring these films to our community. A different movie will be shown the first Wednesday night of each month with the boxoffice opening at 8:30 p.m. A short technicolor film on great artists' or musicians' lives will be shown first; the feature will begin at approximately 8:50. This will allow all those attending church services on Wednesday evening to come to the theatre following church. A total of five films will be shown starting in November through March."

The first film will be Tales of Hoffman, a technicolor movie on ballet featuring the same cast and directors that made Red Shoes. Jim O'Connor of the Journal-American says about this film, "A magnificent, memorable motion picture. I never expect to see anything finer on the screen. This is the screen supreme!"

The Little Fugitive will be shown in December. It is the warm, comic story of a boy from Brooklyn and a youthful practical joke that had far-reaching consequences. It stars Rickie Andrusco who Life Magazine says is "one of the best child actors to come along in years."

January will feature "The Conquest of Everest" the technical production that has thrilled all who have seen it. It is the documentary film on the Englishmen's climb. The New Yorker says, "Utterly fascinating! It is unlikely that any picture about mountain climbing will ever use a camera more imaginatively! Must have an overwhelming impact on any observer!"

The Great Gilbert and Sullivan will be the movie shown in February. This is the life story and the incomparable comic operas of Gilbert and Sullivan featuring Maurice Evans, one of the world's most distinguished actors, and Robert Morley. The music is played by the London Symphony Orchestra conducted by Sir Malcolm Sargent, and sung by a group of England's top vocal artists and choral ensembles.

Lavender Hill Mob is the last of the series and features Alec Guinness, the top British comedian. It is a hilarious new comedy presentation by J. Arthur Rank Organization.

Season tickets are \$4 for the five movies and are on sale at Tombs and Richardson and Altman's and Anderson's dress shops in Eastland; King's Kove in Ranger; and the Chamber of Commerce in Cisco.

## Six Sent To Abilene For Induction

Six men were sent to Abilene this morning for induction into the armed forces by Local Draft Board 36.

Robert Paul Shaw, Cisco; Ollie Meredith Sides, Ranger; David Harold Gray, Breckenridge; James Burke Greer, Eastland. Four of these men volunteered for induction. Any registrant who has reached the 18th anniversary of his birthday and who has not reached the 26th anniversary may volunteer at his local board for induction into the armed forces, Mrs. Jewell Reeves, clerk, said, by filing an application for voluntary induction.

Mrs. Reeves said the November call will be filled entirely by volunteers.

The following named registrants were forwarded for physical examinations. Gentry Leonard Bryant, Ranger; Herbert Hoover Norman, Breckenridge; Tommy Burnett Watson, Breckenridge; Marvin J. Maynard, Carbon; Paul Gene Schaefer, Cisco; Ralph Jessie Kimble, Breckenridge; Mack Burton Green, Breckenridge; Rufus Eugene Barton, Ranger; Thomas Jack Duvall, Breckenridge; Lloyd Edward Jones, Ranger; Freddy James Smith, Breckenridge; Phurman Marvin Andrews, Breckenridge; Ira Michael Tyrone, Carbon; Williams Eugene Sikes, Eastland.

The following were ordered to report but were transferred to other boards for their convenience: Otto Richard Gasner, Ranger; J. G. Wright, Ranger; Winifred Ray Hatton, Ranger; William Edison Owen, Eastland and Robert Barrett Latham, Eastland.

## Fourth Clary Murder Trial Ends In Balk

ALPINE (Spl.) — T. Clifton Clary, Runnels County rancher whose third trial for the murder of his wife ended shortly before Christmas as a mistrial in Eastland, has succeeded in having the indictment against him quashed. The indictment was quashed by District Judge C. E. Patterson Monday in Alpine where Clary was to be tried for the fourth time on the charge.

Judge Patterson ruled that the indictment was vague and did not set forth, the methods by which the alleged murder took place. Clary's defense attorneys had made the same attempt when the case was tried in Eastland, but their motion was denied.

Twice Clary has been found guilty of murder, and twice the Court of Criminal Appeals has overruled the court's decisions. Clary, by law, can be re-indicted.

PASS THE ASPIRIN—Commissioner of Internal Revenue T. Coleman Andrews is one of the few persons who can smile at the new, enlarged 1954 Federal Income Tax Form 1040, now rolling off the presses at the Government Printing Office in Washington, D. C. Taxpayers making over \$5000 a year must use the new form, but they have one consolation—tax deadline has been moved up to April 15, instead of March 15.

## Eggs for Halloween Favors

## Eggs In Witches' Hats Will Be Part of Hallowe'en Fun This Year

Which is witch? None! They're all good eggs in witches' hats. They're part of the fun at Halloween parties. Each is a favor to take home or consume on the spot. Each bears the guest's name on its collar and can be used as a placecard.

The hard-boiled look on the shell is achieved with a black crayon or a few strokes of a paintbrush dipped in pure vegetable color.

Assemble a few hard-cooked eggs in array such as this, surround with popcorn, use sheaves of grain or autumn leaves for background and— presto!—you have a centerpiece to radiate magic for Halloween.

Here's how it's done:  
Cut witches' hats and collars from black paper, using above pattern.

Twist collars into circles of size to hold eggs and fasten with paste. Then paste names of guests on collars.

Make witches' hats by joining the two straight edges of the crown on the inside with cellulose tape. Attach crown to hat brim

with more tape. Use pieces of wool yarn for witches' hair by pasting to under side of brim.

When hard-cooking eggs, cover them in pan with water to come at least one inch above eggs. After bringing rapidly to boiling, turn off heat. Cover and let stand 15 minutes. Then cool promptly and thoroughly in cold water. This helps prevent dark surface on yolks.

**Happy Is The Day When Backache Goes Away . . .**

Nagging backache, loss of pep and energy, headache and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

## Cotton Bowl Tickets On Sale October 25

The Cotton Bowl Athletic Association was all set today for a heavy rush for tickets to the 19th annual Cotton Bowl Classic which will be played in Dallas next New Year's Day.

Some 25,000 tickets are available to the general public and will be sold by mail only beginning Monday, October 25.

Cotton Bowl officials announced yesterday that no applications would be accepted before the starting date and that all applications for tickets postmarked before midnight October 28 would be accepted and would be included in the public drawing which will be held to determine the order in which the tickets available would be distributed.

All tickets are reserved and the price is \$4.80 each. No applications will be accepted for more than four tickets from anyone and checks and a stamped self-addressed envelope must accompany all applications.

Applications should be mailed to Cotton Bowl Athletic Association, National City Building, Dallas 1, Texas, and a 25 cent mailing fee must be added to check accompanying each application.

When all applications received on the proper dates have been opened and filed, a drawing will be held to determine the exact order in which applications will be filled. This order of drawing will be followed until the supply of tickets has been exhausted, and then all unfilled applications will be returned to the senders.

Early Yule note: Christmas trees allowed to stand in a pail of water sweetened with a cup of sugar will retain freshness many days longer.

## MINIMUM-

(Continued from Page One)

ing the residue.

The sub-surface tiller has a sweep or blade that runs beneath the surface. These tillers may have large single sweeps sometimes as much as eight feet across, or they may have several smaller sweeps. A sub-tiller with rolling cutters in front of the sweeps can work through a mat of residue without difficulty. Depth-gauge wheels on tillers add materially to the smoothness of operation.

Machines such as the skew treader may be used to pack the soil somewhat and help eradicate weeds. This machine consists of two lines of fingered wheels which cultivate as they rotate.

A planter equipped with disk furrow openers is desirable for working through residue. To avoid clogging, a disk rolling counter between the disks may be used.

To maintain residue on the surface until the row crop has reached considerable height, a sweep type cultivator has been used. Large sweeps help to keep the mulch on the surface. Disk tillers may be mounted next to the rows to help eradicate weeds in the rows.

When clean tilled crops which

provide little protection against wind erosion are grown, strip cropping with sorghum or suitable grass may be necessary. The rows should run about at right angles to the direction of the prevailing winds. The erosion resisting strips should be spaced closely enough to protect the non-erosion resisting crop. The strips should probably be not less than four rows wide and may be wider. The width of the main crop strips may vary but generally should not be greater than 12 rows. The actual width will depend on soil type, direction of rows, and type of crops involved.

No rigid system of cropping or rotation has been devised that can equal a flexible cropping plan in effective wind erosion control and economy of production. Such a plan should take into consideration the soil, moisture and fertility conditions at each successive planting period of the year. Crops should be selected which will provide sufficient cover under these varying conditions.

The United States may soon begin testing some models of top-secret guided missiles on Australia's vast Woomera rocket range, according to Australian government sources.

**STOP!**  
It is dangerous to let cough from common cold hang on. Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated. Get CREAMULSION quick and use as directed. It soothes raw throat and chest membranes, loosens and helps expel germey phlegm, mildly relaxes systemic tension and aids nature fight the cause of irritation. CREAMULSION is guaranteed to please you or druggist refunds money.

**New Form Of Antibiotic Aids Children With Whooping Cough**

Forty children with whooping cough whooped less, got out of bed sooner and were more comfortable and easier to take care of when treated with the new intramuscular form of the wide-range antibiotic, terramycin. This is the report of three doctors from the Kingston Ave. Hospital in Brooklyn, published in the current issue of the medical journal *Antibiotics & Chemotherapy*.

Given three injections of terramycin intramuscular per day, the children returned to normal temperatures in less than one day on the average, reported Drs. Benjamin Newman, Gustave Davis and Samuel Weinberg.

The doctors state, "No emesis (vomiting) occurred in any patient after the second day of treatment, and in all cases there was a definite decrease in the number of whoops and in the frequency and severity of paroxysmal cough by the third day. The average hospital stay was shortened, and no secondary complicating pneumonia and no fatality occurred."

For some reason, according to the Brooklyn physicians, penicillin, streptomycin, polymyxin and sulfadiazole do not benefit the whooping cough patient, though in some cases they prevent secondary infections with this disease. The wide range antibiotics, however, do combat many of the unpleasant or dangerous symptoms of the disease.

The physicians note that one of the problems of whooping cough is the frequent vomiting by its victims which makes the administration of medicine by mouth unreliable. They report that the hospital's nursing staff found that injections saved time because of the elimination of redosing often needed with oral medication.

Motor Trend magazine shows Mercury is

**LOWEST COST CAR IN ITS CLASS TO OWN**

13-car test by leading automotive magazine covers all costs of owning and operating a car—shows Mercury has lowest cost per mile in its class!

What does it really cost to own and operate various 1954 cars? Motor Trend magazine decided to find out—in probably the most detailed study of true car cost ever made.

All the costs that go into car ownership were covered, including depreciation. Thirteen cars in all price classes were

compared on a 10,000-mile basis. It was a survey that duplicated—as Motor Trend points out—"an average experience of a car owner in the first year's operation and ownership of a car." The results as reported in the July issue:

Mercury beat all cars tested in its class for low ownership cost per mile—beat all cars in the test in every class except for one in the so-called "low-price" field.

And, remember, for all its economy, Mercury has a new 161-hp overhead valve V-8 engine. You enjoy the easy handling advantages of the only ball-joint front wheel suspension in its field. And you get a car that holds the "class championship" for resale value.

Best of all, you couldn't pick a better time to buy a Mercury. We are now offering special year-end deals that top any we have ever made. Come in and see!

STRICTLY BUSINESS by McFeatters

"She wants a diesel iron!"

BUSINESS WOMEN'S GUILD MEET IN WITTRUP HOME

The Business Women's Guild of the First Christian Church met in the home of Mrs. E. L. Wittrup October 21st at 7:30 p.m. with Mrs. Wm. Colfax as co-hostess.

Mrs. E. E. Freyschlag, as chairman for the group conducted the business.

Mrs. Wittrup led the discussion for the year's study course and presented numerous programs. It was voted that they accept India and Pakistan for their study course.

The group adopted the project of the teenage Orphans of the Juliet Fowler home which means a collection of clothing and bas-

kets for special days of Thanksgiving and Christmas.

Next meeting will be in the Charles Beskow, H. C. Gage, B. Those present were Mmes., Wayne Caton, J. F. Collins, Charles Beskow, H. C. Gage, B. W. Brewer and Miss Marjorie Van Hoose. A visitor, Mrs. Lon Horn and the hostesses.

CARD OF THANKS

We wish to express our sincere appreciation to the many friends who helped us with their presence and other acts of kindness, especially the nice food during the time of our grief at the loss of our husband and father.

Mrs. J. M. Moore and family.

Miss Sallie Cooper Honoree At Two Teas This Weekend

Mesdames A. F. Taylor, W. C. Womack, H. M. Hart, Guy Robinson and Victor Cornelius honored Miss Sallie Cooper, bride elect of Donald L. Kinnaird Jr., when they hosted a gift tea Saturday afternoon at the Woman's Club.

Mrs. Cornelius and Mrs. Taylor alternated in receiving the guests and presenting each to Mrs. Cooper, mother of the honoree, the honoree, Mrs. D. L. Kinnaird, mother of the prospective bridegroom, Mrs. Roberta Grisham, and Delores Warden.

Mrs. Jack Germany and Louise Karklits of Cisco alternated at the guest book. About sixty-five guests called during the hours three to five p.m.

The many beautiful and useful gifts, attractively displayed on game tables, placed in the center of the clubroom, were presided over by Mmes. Lewie Corbell, B. W. Patterson, and W. S. Poe.

The refreshment table was covered with a white cut work linen cloth underlaid with yellow. The centerpiece was of white and yellow Chrysanthemums. A yellow ribbon bow with ends forming streamers connected three white wedding bells. Tall yellow tapers in crystal candelabra flanked the centerpiece. Mrs. Hart and Mrs. W. E. Braschler alternated in presiding over the silver coffee service. Mrs. Holman Lee of Graham, Mrs. M. H. Perry and Erlene Miller assisted in serving the white cake squares, which were decorated in yellow, and toasted nuts.

Mrs. Cornelius and Mrs. Don Parker alternated at the exit door for goodbys.

Background music, consisting of

compositions by Clementi, Mozart, MacDowell, Beethoven, Sessis and Nevin was played throughout the afternoon by Misses Lou Ann Corbell, Phyllis Phillips and Sarah Simms, of the Taylor Studio.

Others in the house party were the aunts of the honoree, Mmes. George Whitlowe, C. A. Fisk, Jr. of Oklahoma City and Bob Smellage, Bolder, Colo.

Miss Delores Warden honored Miss Cooper Sunday afternoon, when she entertained with a tea in the home of her uncle and aunt, Mr. and Mrs. Tom Warden, 1207 South Seaman Street.

Miss Warden greeted the guests and presented them to Mrs. J. M. Cooper, mother of the honoree and to the honoree.

Mrs. Warden invited the guests into the dining room, where the refreshment table was laid with a lace cloth underlaid with yellow.

Yellow and white Chrysanthemums flanked by yellow candles formed the centerpiece. Miss Florene Miller presided and served white cake squares, peppermint candy bubbles, and coffee.

Guests were former members of the Co-Ed Club and their mothers.

Miss Cooper and Mr. Kinnaird will be married at 5 p.m. November 6th in the sanctuary of the First Methodist Church.

Several other parties honoring Miss Cooper will be given this week.

PERSONALS

Mrs. W. F. Harris with her daughter, Mrs. Bill Whitaker of Electra spent this week end with Mr. and Mrs. R. P. Pentecost. Another daughter of the Pentecost's Mrs. Raechel P. Carstens who has been visiting them, left Saturday for California to visit her brother R. E. Pentecost at Cavina.

Mrs. NITA CROSS visited with her son in San Antonio over the week end.

Mrs. Arthur Murrell and Mrs. John W. Turner attended the Civic Music Ass'n concert in Abilene Saturday evening, at McMurray College. It was the first program of the season and was a duo piano team.

Mr. and Mrs. Jim Drake and their granddaughter, Shirley Cole of Cisco, will have a ten day vacation with their daughter and family, Mr. and Mrs. R. O. Monk who live in Roswell New Mexico. Mr. and Mrs. Monk are both employed at the Air Base there, he is head Electrician at one base.

Mmes. C. A. Fisk Jr., George Whitlowe, both of Oklahoma City and Mrs. Bob Smellage of Bolder, Colo.; were the week end guests here in the home of their sister, Mrs. J. M. Cooper and family.

Stan Stephen of the University of Texas at Austin, spent Saturday night and Sunday with his parents, Mr. and Mrs. Joe Stephen. He was accompanied by his roommate, Bob Travis of Ft. Worth.

HOSPITAL NEWS

L. Kernell, Eastland, medical; Mrs. William Toler, O.B.; Tommie R. Grozier, Mrs. Tommie R. Grozier, both medical; twin girls, Cathy Sue and Cindy Marye Kelly; Mrs. Ruby Blakely, medical.

Recently dismissed were R. C. Greer, Eastland and O. A. Reynolds, of Cisco.

Mrs. R. W. Griffin of Olden is a patient in Ranger General hospital; Archie Kelly remains a patient in St. Joseph's Hospital in Fort Worth.

Brown Sanatorium

Office hours 8 to 5 p.m. Dr. N. A. Brown, D.C. In Charge 800 W. 6th St. Cisco

Art Club Plans Christmas Party

Members of the Thursday Art Club met last Thursday afternoon at the home of Mrs. Dave Mitchell, Leon Plant Village. Each of the group spent the afternoon with their painting.

Mrs. W. W. Walters, president, presided over the business session, during which plans were made for a Christmas party to be held in the Walters' home December 16th. A refreshment plate of dainty sandwiches, cookies and Cokes was served.

Present were Mmes. Roy Lawson, Walters, H. B. MacMoy, Frances Urban, D. W. Benson, A. M. Hearn, members, and Mrs.

Louie Corbell, a guest, and hostess, Mrs. Mitchell.

The club will meet again p.m. Thursday November 4 at the home of Mrs. Homer at Morton Valley.

**NEWS FROM CHEANEY**

Mrs. Bill Tucker

The Cheaney Home Demonstration Club meets Wednesday night at 7:30, Oct. 27 in the home of Mr. and Mrs. Gene Ferrell. Club members and their husbands and

invited guests will be given instructions in artificial respiration by Red Cross instructor, A. L. Snider of Cisco. This will be in line with Federal Civil Defense Administration program for family participation or group participation.

Election of officers of the Eastland County Farm Bureau is slated for Monday night, Oct. 25 at 7:30 p.m. in the basement of the First Methodist Church in Eastland. All Bureau members are urged to attend. Resolutions will be adopted for delegation to the November annual meeting in Galveston and also a revision of the Constitution and By-laws will be made at this time. It is important for each person to be present for this county-wide convention of farm and ranch folk.

Mrs. Mary Tucker has returned from a weeks stay in Coleman with her daughter, Mrs. Doc Stone and family. Another daughter, Mrs. Ima Howard of Ranger accompanied her.

Mrs. John Love has received word that her mother, Mrs. M. A. Rose in Odessa is seriously ill. Mrs. Rose is 92 years of age, and until the past few months has been quite hale and hearty. She make her home with Mrs. Fred Maxey, Mrs. Love's twin sister.

Mr. and Mrs. Billy A. Tucker and Garland returned to Crane Monday after spending the week with the Bill Tuckers. The two couples attended the State Fair in Dallas Thursday.

Mr. Ernest Dean of Odessa visited in the Hatley Dean home Friday while enroute to visit his parents, Mr. and Mrs. M. F. Dean in Tyler.

Mr. and Mrs. Ray Blackwell of Quanaah, spent the week end with his parents, Mr. and Mrs. Elmer Blackwell. Mrs. J. P. Strickler, Ray's grandmother, was a dinner guest in the Blackwell home, following church service Sunday.

The Ben Freemans report that their pecans this year will approximately 8000 pounds. These fine, approved pecan nuts are shipped to the four corners of the United States each year.

Folks, a lonesome fellow in Seoul, Korea, would like to be remembered at mail call. He is: Pfc. Herman L. Blackwell, R.A. 18453969, Medic Co. 21st Regt., APO 24, San Francisco, Calif. Let's get a lot of cards and letters on their way. Perhaps it would be a nice surprise — and in time for Christmas.

The E. E. Blackwell and the J. B. Blackwell families visited in Wichita Falls Saturday with J. B.

Blackwell, who has been undergoing treatments there. They report he has improved greatly these past few weeks, is doing light work and in good spirits. He ate picnic lunch with his family and visited until 4 o'clock. Our community is glad to know he is better.

Many signs of autumn are in evidence these days — cool nights, wood smoke in the air — yep! We still burn wood. Myriads of leaves in all shades of autumn hues, beginning the annual picturesque coloring of the countryside — geese and ducks winging their way south — persimmons, hanging invitingly amid their waxy foliage — acorns falling — squirrels skimming up the trees as you pass — early morning echoes of tractors warming up, in readiness for the harvesting — old Mr. Chapparral, flitting along the roadside in search of food — even Mrs. Skunk and her brood of nearly grown kittens, their eyes shining like diamonds in the car lights, as you come home from the show — crows vie loudly with one another over a choice pecan stolen from the Freeman or perhaps the Jobe orchard — splashes of bright orange and the sound of laughter and fun, as the school bus goes by — isn't it a wonderful world after all!

Mr. and Mrs. Herman Neger of Alamaeda and Mr. and Mrs. Alton Perrin and daughter, Anne, of Gorman, were visitors in the John Love home Sunday afternoon.

Loresta Love visited Charlene and Helen Blackwell in Ranger Sunday afternoon.

Mrs. Bell Blackwell visited Sun-

day and Sunday night with the E. E. Blackwells. They report a nice long letter from Pvt. Herman Blackwell in Seoul, Korea. Colder weather there makes his recently issued long handles come in quite handy.

When the Jack Revels and Mrs. Bob Revel and children returned from their Sunday afternoon visit with the Clinton Revels in Gorman, they had company, Mr. and Mrs. Von Maynard, from Caddo.

Mr. and Mrs. Ben Freeman and Mr. and Mrs. Hatley Dean visited Sunday with their sister-in-law, Mrs. Noa Weekes, who has been a patient for several days in the Ranger General Hospital.

Mrs. Thelbert Jones, who is living room demonstrator for the Cheaney Home Demonstration Club, accompanied Mrs. John Love to Eastland Monday for a leader training meeting, for all club leaders, given in the Agent's office, by Miss Minnie Mae Billingsley, County Home Demonstration Agent. These leaders will then supervise the demonstration to their respective clubs in November.

Much interest and enthusiasm is being shown and practices carried out by the Cisco P-TA group in the Red Cross Home Nursing course, being taught by Mrs. Bill Tucker, ARC instructor. This 14-

hour course is a part of the study outlined for the year's work in civil defense, and is recommended to schools, college, and rural groups, or other civic groups. Other instructors of Red Cross Home Care of the Sick are Miss Loretta Morris and Mrs. Otto Marshall of Eastland. Mrs. Marshall has just completed teaching the 14-hour course to a class of 15 Carbon Home-Ec students.

The rural matrons are looking to their laurels — hats, that is — in a series of lessons on cleaning, blocking and renovating their old hats. Mrs. R. W. Gordon, from the Cheaney HD Club, is scheduled to conduct a leader training meeting at the Morton Valley Club house on Oct. 20 and one at the North Star Club house on Nov. 2. Club representatives will attend the meeting nearest them. So, hats off to the ladies.

Mrs. C. D. Hayden of San Saba has been visiting her sister and husband, Mr. and Mrs. Eddie Wilstrap. She arrived Tuesday the 12th and left on Saturday the 23rd. Mr. and Mrs. Hayden are florists in San Saba.

## AMERICAN ECONOMY FAVORS ACCENT ON PERSONAL SAVINGS

One of the striking developments in the American economy in the last few years has been the growing accent on personal saving and the intensive promotional efforts being made to expand it, the Institute of Life Insurance stated today.

Not only is saving being encouraged on all sides, the Institute noted, with beneficial effects on the size and coverage of the security cushion the people have voluntarily built up against the economic impact of death, disability and retirement. More opportunities have been provided for the average person to put something aside, the Institute continued, what with life insurance and other thrift institutions, the Federal Government (with its Savings Bonds), and the investment fraternity all promoting the advantages of thrift to the individual and to the nation at large. In so doing, the Institute stated, they are competing with each other and with the business world for a share of the personal income dollar.

"With all this competition, however," the Institute said, "there is quite general agreement and realization that, as far as the average individual is concerned, a thrift program should be based on life insurance for family protection and some cash in the bank as a reserve for emergencies."

"The latest developments in savings are in keeping with the best traditions of our free enterprise system and the competitive basis of our society. They are an outgrowth of the great increase in average personal income over the last decade and a half and the increased margin over necessities now enjoyed by millions of American families and individuals. And they have been a big factor in the current peacetime thrift record established by the people at large and in the fact that more people now have some savings than ever before."

"U.S. Department of Commerce figures show that personal savings in the first half of this year added up to just under \$21 billions at a seasonally adjusted annual rate. This was the equivalent of nearly \$1 out of every \$12 of personal spendable income after taxes for the period. Both figures are the highest on record except for some of the World War II years when conditions were an abnormal stimulus to savings."

"The figures likewise disclose that savings have been showing a greater rate of growth than have consumer spending or personal income as a whole, particularly in the last few years. The savings total so far this year, for example, was 72 per cent greater than for the year 1950, compared with gains of 23 per cent for spendable personal income and 19 per cent for consumer expenditures in that period. With all this savings gain, however, both the general standard of living and total consumer spending are at record levels, testifying to the extraordinary potential of the American economy."

"The personal savings cushion now accumulated in life insurance, savings deposits, U.S. Savings Bonds, and savings and loan associations now amounts to the equivalent of some \$4,500 for every household in the land. The aggregate of these long-term savings of individuals on June 30 is estimated at more than \$213 billions by the Home Loan Bank Board. This total is over a fifth more than it was at the end of World War II in 1945."

"These accumulated savings currently break down approximately as follows: 33 per cent in time deposits in commercial and mutual savings banks and in Post-

al Savings; 32 per cent in savings accumulated behind life insurance policies; 23 per cent in current redemption value of Savings Bonds; and 12 per cent in savings capital in savings and loan associations.

"Equally striking, and in some ways even more significant, is the fact that the number of savers is now also higher than ever before. There are now 90 million life insurance policyholders, for example, 7 million more than in 1950 and 19 million more than at the end of World War II. An estimated 68 million persons now have savings deposits in commercial and mutual savings banks, 4 million more than in 1950 and 18 1/2 million more than in 1945. Members of savings and loan associations have grown from 8 millions in 1945 to an estimated 14 1/2 million currently, while the number of credit union members has more than doubled, rising from under 3 million in 1945 to more than 6 million now. Millions of persons have more than one form of saving, and many have securities investments as well.

"Added to all these is the rapid growth and coverage of private pension and retirement funds. Late authoritative figures are lacking, but a year ago it was estimated that there were over 15,000 such plans in effect, covering more than 11 million persons.

"These voluntary savings of the people have been playing a dynamic role in the American economy and its progress as well as broadening the base of personal security. Government figures show that about \$335 billions have been invested in new homes, plant and equipment, etc., from the end of 1945 to date. A large part of these funds came from the savings of the people in life insurance and other thrift institutions."

Feed bills take the lion's share of the poultryman's money and if it is wasted by the hens, profits are cut. To prevent waste, use a waste-proof type feed hopper and fill only to half capacity.

Rivers, lakes or coastline comprise 38 per cent of the 4,137 miles of boundaries enclosing Texas.

## Ding Darling Scholarships To Be Granted

WASHINGTON, D.C. — The National Wildlife Federation has announced that Ding Darling Fellowships in the amount of \$1,000 each will be awarded to a limited number of outstanding graduate students in conservation education for the school year 1955-56.

The fellowships, financed largely by returns from the famous wildlife stamps distributed annually by the Federation, are named in honor of the noted newspaper cartoonist who served as first president of the organization. The first series of stamps, issued in 1938, were painted by artists-conservationist Darling.

In addition to the graduate fellowships, a number of scholarships will be granted to qualified undergraduate students in the field of conservation, according to Dr. E. Laurence Palmer, the Federation's director of conservation education. The undergraduate grants are made possible by the income from a bequest by the late James Hopkins of New York City.

Three Ding Darling fellowships were awarded last spring to students now doing graduate research work at Boston University, University of California at Berkeley and Utah State Agricultural College. Two undergraduate grants went to students at the University of the South, Sewanee, Tenn.

Dr. Palmer said application forms may be obtained by writing to the National Wildlife Federation at 232 Carroll Street, N. W., Washington 12, D. C. Deadline for applications is Dec. 31, 1954.

## Look For Metal Leg Bands On Wild Game Birds

WASHINGTON, D.C. — A national conservation leader today reminded hunters to look for metal bands on the legs of wild game birds which they bring to bag.

"These birds have been banded by research workers to secure needed information about game habits and movements," said President Claude D. Kelley of the National Wildlife Federation. "The facts thus obtained help federal and state wildlife agencies do a more scientific job of setting open seasons and bag limits."

A band recovered from the leg of a wild duck, goose, dove or other migratory bird should be mailed to the U. S. Fish and Wildlife Service, Washington 25, D.C., along with information about where and when the bird was shot, Kelley said. In return the hunter will receive an answer telling where and when the bird was banded and its approximate age.

Many states carry on banding projects in search of facts about resident species such as quail, grouse and pheasants. These bands should be turned over to a game warden or returned by mail to the state game department.

# The Basic Idea Behind the All-New 1955 PONTIAC

On Display October 29 and 30

ABOUT 30 years ago General Motors Corporation presented to America a new car called Pontiac. This new car was the direct result of a very specific idea.

The idea was this: to create a car which took its style, its engineering principles and its features from the very best and most expensive in America—and to build these into a car priced just above the very lowest!

Naturally, such an idea produced a wonderful and highly popular car—a car which millions of satisfied owners have driven with outstanding pride and pleasure.

Now, nearly three decades later, an entirely new Pontiac has been created for 1955—a car completely new from the ground up!

One thing, however, about the 1955 Pontiac remains unchanged—its basic idea—to offer the American public the very finest car that can possibly be built to sell at a price within easy reach of any new-car buyer.

When you see the new Pontiac on Friday or Saturday—Oct. 29 or 30—you will be immediately impressed by its remarkable new styling. No other car in the world looks like this new Pontiac!

When you drive it you will be astonished at its performance. For the 1955 Pontiac introduces the powerful new Strato-Streak V-8, an all-new engine that has already been proved in more than 3 million test miles!

When you price the new Pontiac you will come face to face with the basic Pontiac idea—you will be agreeably surprised that so much car, so much sparkling newness, so much luxury, so much downright goodness can be priced so near the very lowest.

We cordially invite you to come in on Friday or Saturday and see for yourself what a superb all-new General Motors masterpiece has been created to carry the wonderful name "Pontiac" for 1955.

They won't be little very long

But you can remember your children's precious growing-up years forever with professionally made portraits. Phone for an appointment today.
