

Mules Tame 'Cats In Homecoming Victory

The raising of Old Glory and the Mules coming on the field in their black uniforms with black and white balloons flying, the smell of victory was in the air from the beginning of Friday night's Homecoming battle with the Idalou Wildcats. The Mules were out for blood and accomplished their goal with style, with a super passing and rushing game.

Halftime activities for the Mules Homecoming included the presentation of all candidates for Homecoming

Queen. The Honor of Queen went to Kelly Bayless, who was escorted by Football Captain John Wuerflein. The drawing for the game ball, with each player's name inscribed was won by Annette Ponder. Miss Bayless and her court, Rhonda Dunham and Sherri Bessire were driven around the field as she was honored as "Homecoming Queen" 1982 for MHS.

In the beginning kickoff, the Mules kicked a long one to the 12 yard line

where it was fielded by #28 Stacy Phillips for the Cats. Phillips was not listed on the roster of the game and was referred to as the mystery man by the Press box for the duration of the game. However, the short drive that ensued led nowhere for the Cats. The Mules took the ball on their own 17 yard line after a 4th down punt, and Paez brought it to the 20. The Mules gained two first downs in this series, but no scores. However, Idalou was drawn offside by key-

ing on the Mule wingback, causing Idalou some penalties along the way. Penalties also hurt some big plays for the Mules during the game.

First blood was drawn by the Idalou squad with .06 left in the first quarter on a seven play series that set them up in a 4-3 situation where they faked a punt and gave the ball to Phillips, who took it over for the Cat's first and only TD. The PAT was blocked, virtually batted down by Sam Gonzales.

Idalou's TD seemed to really light a fire under the mules and in the next short drive, after picking up two first downs in five plays, Gonzales connected with Hector Garcia on a six yard TD pass giving the Mules 6, and Darin Shaw put the foot to it for the PAT, taking the score to Mules 7, Cats 6.

In the next series, the Cats held the ball for ten plays after an Alvarado kick. The Cats made some good yardage and some good runs, but the Mule

defense held strong and incompletes passes and fumbles killed the drive that ended with a 35 yard field goal attempt by Marmolejo that went away.

The Mules took the ball back with 3:23 left in the second quarter and after two jumbled plays, Gonzales got the ball off to Alex Paez who literally bulldozed his way 79 yards for the second Mule TD. Paez was the "man of the hour" for the Mules, breaking tackles and dropping four men in his wake as he

made a bee line for the goal line. The PAT by Alvarado was good and put the Mules way in front with 14 to Idalou's 6.

In the next series, disaster almost struck when an Alvarado kickoff to twenty yard line was brought back 56 yards by #28 Stacy Phillips. However, the Mules again felt the fire and made some good defensive plays holding the Cats back and on a 4*6 situation Cat quarter back, Rogers, threw a pass to Mojica that he just couldn't hold on to

and gave the Mules the ball on the 30 yard line. The next series of play led finally to a punt by the Mules on their 36 yard line back to the Cats' 40, which was the Mules first try at punting for the night.

However, the Cats only had the ball for 10 seconds, since the first pass thrown in the next series was intercepted by Jeff Hamilton, ending the quarter and

Eagles Slaughter Midland 53-13 In Homecoming

Three Way piled up seven touchdowns in this six-man tilt before allowing Midland Christian to get on the scoreboard.

By the time the Mustangs did put six points up, the Three Way Eagles were well on their way to a 53-13 win.

Three Way's first quarter scores came on a one yard run by Louis Peacock and a 44-yard run by Steve Roberts.

Peacock scored twice in the second quarter on runs of five and 47 yards and Frank Medina recovered a fumble in the end zone for the third Three Way score of the stanza.

In the fourth quarter, Three Way scored on a 25-yard run by Bill Eubanks and a two-yard pass from Peacock to Bret Alexander.

Midlands two touchdowns were scored by in the waning moments on the game, the first on a five-yard run by Bryan Myers and the second on a 30-yard pass from Myers to Rob Powell.

City Taxes, Sewer, Water Rates Hiked For 82-83

Local Courts Total 42 Filings; 51 Fines

Cases filed in Municipal Court for the period from September 14 - 21, with Judge Linda Huckaby totaled 26. Cases disposed of and fines paid totaled 24.

A total of five cases were filed on speeding violations, and three each were filed on the following: violation of city ordinance, public intoxication, exhibition of acceleration & expired stickers.

Two cases each were filed on the following violations: Issuance of bad checks, possession of narcotic paraphernalia, and violation of drivers license restrictions. One case each was filed on the following violations: no liability insurance, no driver's license, littering, expired driver's license and failure to control speed.

Cases disposed of over the period from September 14 to 21 included five for public intoxication, four for violation speeding, four for violation of city ordinance and two each for the following: Expired plates, and running a stop sign. One case each was disposed of on each of the following violations: no driver's license, no liability insurance, bad check, possession of drug paraphernalia, exhibition of acceleration, expired sticker, and failure to yield right of way.

Boy Scout Recruiting Rally Slated

On Tuesday night, at 7:30 p.m., a Boy Scout Recruiting Rally is scheduled at the Dillman Elementary School Cafeteria.

All boys between the ages of 11 and 13, inclusive, who are interested in Scouting are urged to attend the Rally.

Planners of the Rally said, "We are trying to get more boys interested in Scouting. So if you know of a boy in that age group, please encourage him to attend the Rally. We need more scouts in Muleshoe."

In Justice Court, with JP Tana Holmes presiding, a total of 14 cases were filed during the same time period as above. Two cases each were filed on each of the following violations: defective stop lamps, non valid MVI, over registered weight, speeding, operation without a drivers license. One case each was filed on the following: no Texas commercial driver's license, failure to have liability insurance.

Sen. Sarpalius To Be Honored At Coffee Here

State Sen. Bill Sarpalius will be honored at a coffee in Muleshoe, Thursday morning.

Ted Barnhill said the senator will be greeted at the First National Bank at 11 a.m. on Thursday, and coffee and donuts will be served.

All interested persons in the area are encouraged to visit with the Senator, Thursday morning. One of the most current of bills is Sen. Sarpalius' drunk driving bill. You can ask the senator questions concerning his drunk driving bill, or other pending legislation at that time.

The first order of business in the Tuesday, September 21, City Council regular meeting was the passing of an ordinance by Council, amending the budget for the fiscal year of 1981-82. This was done in order to adjust the prior budgeted receipts and disbursements of 1981-82 to the current estimated budget.

Council also passed an ordinance approving the adoption of a budget for the fiscal year beginning October 1, 1982, and ending September 30, 1983, which included revenue sharing. Separate appropriations for the budget are included at the end of the article.

An ordinance was passed levying taxes for the use and support of the municipal government of the city of Muleshoe, providing for the interest and sinking fund for the year, 1982-83 and providing for the time and manner of paying the ad valorem taxes levied. The amount of taxes levied for ad valorem taxes (all property, real, personal and mixed within the city limits) was set at a tax of \$0.63 per \$100 of valuation of property. An amount of \$0.57 of this 63 cents is for the general funds, and \$0.06 to be provided for the interest and sinking fund of the city. Ad valorem taxes shall become due on the first day of October, 1982, and may be paid up to and including the following January 31, without penalty; but, if not paid, such taxes will be come

delinquent and penalties provided by law will be added for each month they are delinquent. These taxes represent less than 3 per cent increase over last year's tax rate.

Grant Received For Airport

A representative in Senator John Tover's office notified the Journal by phone Thursday that an FFA Airport and Airway Improvement grant has been approved for the proposed Muleshoe Municipal Airport. The amount of the initial grant will be \$411,948 to be used to construct runways for the new general aviation airport. According to Dave Marr, City Manager, more grant funds are expected sometime after the first of October for additional building of the proposed airport. Since no written agreements have yet been received, further information was not available at this time. A more detailed report will appear in a later issue of the Journal.

Council also adopted an ordinance amending the code of city sewer service and revising the charges for sewer rates for the first time since 1975. City Manager Marr stated that the reason for these increases was simply because the service charge was not paid.

THREE WAY ROYALTY...Miss Nancy Rubalcava, and Tim Roberts were named Homecoming Queen and King in half-time ceremonies at Three Way Friday night. Other candidates were Bill Eubanks and Michelle Parkman, Lori Carlisle and Luise Peacock, and Bobby Marines and Glenda Peacock.

PAEZ MAKES A BIG PLAY...Close to the end of the first half, Alex Paez bulldozed his way through a maize of tacklers, as shown here, to travel 79 yards for the Mules second TD of the night. He was slippery and the Cats just couldn't hold him. Cats' Gonzales and Molsenbocker just couldn't get a grip. Blocking by Vela and Contreras aided the play.

Local Gymnasts Compete In El Paso

Three girl gymnasts from Hawkins and Purdys School of Dance and Gymnastics competed in a Class IV and Class III district qualifying meet last weekend in El Paso.

Those competing were Krystal Angeley and Tiffany Angeley, daughters of Tub Angeley, and Holley Morris, daughter of Mr. and Mrs. Melvin Morris.

Krystal Angeley competed in the Class III. She scored a 7.7 on vault, winning third place, a 3.0 on bars, 7.0 on balance beam and a 7.25 on floor exercise, and an all-around score of 24.95.

Tiffany Angeley competed in the Class IV competition. She scored a 5.1 on vault, 4.95 on uneven bars, 5.8 on balance beam, and 6.8 in floor exercise with an all-around score of 22.65.

Holley Morris also competed in the Class IV competition. She scored a 4.85 on vault, 5.8 on uneven

bars, 6.75 on balance beam, and 6.85 in floor exercise, with an all-around score of 24.25.

In addition to competing, the girls and coaches were treated to a journey into Mexico, a trip to the dog races, an afternoon to the volcanic lake and water slide.

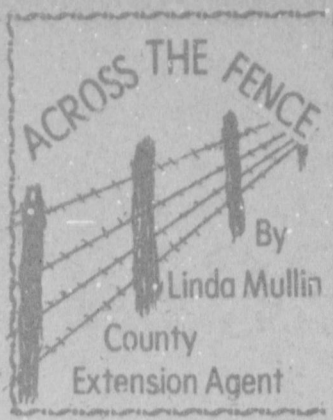

Those accompanying the gymnasts were Coaches Drew Oberback, Sheri Hawkins, and Cindy and Aaron Purdy.

Do you really control your snack choices -- or do your habits control you? If changes are needed, only YOU can decide to make them -- and that will depend on four steps: a specific goal, a learning nutrition basis, "unlearning" misinformation and changing your traditions. Few of us eat foods because we've been told they're "good for us", particularly when it comes to snacks. In fact, health may be one of the least-effective motivations for change. Most of us will respond to a specific goal, however -- weight reduction or diabetes control, for example, so setting a specific goal is step 1. Of course, if we can see health as part of our specific goal, then

this first step is controlling our food choices will be a stronger one, especially where snacks are concerned! The second step is controlling snack choices is understanding nutrition basics -- and how snacking can fit into each day's total nutrition picture. We need facts that point out pathways to our nutrition future -- suggest the time and effort that success will require. Most of us are interested in nutrition only if it means something good will result today. We seek immediate results, and we're not too realistic about the time and effort needed to reach or obtain our desired goal. Learning nutrition basics will help us to be realistic for now and for later as we make meal and snack choices throughout life. Learning and "unlearning" is a never-ending process and nutrition education is not a simple matter. Changes in types and forms of foods will become even greater in the future, so there will be "unlearning" along with the learning. "Unlearning" is the third step in controlling food choices, and realizing that this is a constant

process in which will go on throughout life will make the third step in changing our eating and snacking habits more successful. The fourth step is developing the ability to actually change. One key to success is knowing how strongly food habits become entrenched in our daily routines. Their grip is so strong we often fail to recognize that the laws of nutrition apply to everyone -- or we ignore that fact. How do we know if we need to change? Start with self-analysis. 1) What factors are most important when I select particular foods? 2) How does my overall dietary program affect my lifestyle and health? 3) Or, does my lifestyle determine my eating habits? 4) Do I decide on meals and snacks out of impulse, or am I rational about my choices? 5) Do I really understand why I choose the foods I eat? Remember, also, for most people, the price of food items does not play a central role in consumer decisions -- cost does limit our purchases, but it doesn't determine our eating habits. Here's one last

question -- a "food for thought" question. Are you snacking more? Recent food consumption surveys indicate that more Americans are eating more foods between meals. Snacking is part of our lifestyle. Unplanned snacking, however, can lead to health problems such as obesity and tooth decay. To avoid potential problems, select snack foods carefully, and make them "super snacks." "Super snacking" doesn't require special foods. Old standbys, such as carrots, celery and apples, are excellent choices, but so are other foods. For variety try fresh pineapple, unbuttered popcorn, cheese, vegetable juice, or frozen yogurt. The best way to approach snacking is to plan for the in-between meal items. Take time to think about your food habits. Do you skip breakfast or do you frequently miss lunch or do you snack while watching television? Recognizing when you snack can help you avoid snacking on empty calorie foods. If you know that you will eat between meals, you can be sure to have nutritious "super snacks" available.

If you fail the first time, and make no correction for mistakes, there is no reason why you should not fail the second

Some families seem to be able to handle the ups and downs of everyday living with greater ease than other families, says Dorothy Taylor, family life education specialist with the Texas Agricultural Extension Service, Texas A&M University System. What makes one family stronger or more capable than others? Research studies during the past decade have identified several common threads among many successful families. In strong families, members are united; they are all working toward the same goals. They value their family ties and spend time working and playing together, getting to know each member better.

The surest way to drive safely is to do nothing else at the same time.

Homemaking Classes Studying Grooming Tips

The Homemaking I students started their year in the Clothing & Textiles unit. They are busily studying good grooming hints, hair, skin, and hand care. They have been determining color selection to complement their skin tone and facial features. Soon they will begin preparations for construction of garments that fit into their fall wardrobe.

Other subjects to be covered this year will include Family Living, a study of relationships with other family members an how to strengthen family ties. They will cover Consumer Buying in all subject areas to help stretch that ever-decreasing dollar to its maximum.

The housing unit will cover color selection in the students rooms, wise furniture arrangements to get the most out of available space and expressing oneself through room decor.

In the Child Development

unit, they will learn how and why children act and react at different stages in their childhood. They will learn good child care techniques and hopefully become more responsible caretakers of children.

The Foods-Nutrition unit will cover areas from balanced nutrition, fad dieting, menu planning, good meal management, preparing, serving, and best of all, eating the food.

Homemaking courses are offered to all students, male & female.

UIL Plans Activities Conference

Texas Tech will host a UIL sponsored student activities conference on Saturday, October 2, from 9:00 - 12:00. The conference is held to help UIL literary/academic contestants begin preparing for the annual spring UIL meet.

Instructional sessions will be held in journalism, drama, ready writing, calculator applications, number sense, science, spelling, and all speech events. Muleshoe High School is planning to send potential contestants in journalism, spelling, ready writing, and any other areas in which students are interested. The conference will also offer a session for UIL sponsors on instructions, rule changes, and to answer any questions they may have concerning the UIL literary contests. The student activities conference is free and offered by UIL because preparation for the spring meet contest is one of the most important factors in determining state champions.

FCA Holds Breakfast

Friday, September 17, FCA had a breakfast and devotional held at the Church of Christ on the hill. The attendance was over 50 for the meeting. Rev. John Boor gave a short devotional after everyone had finished eating. FCA breakfasts are held every Friday morning before the home football games and everyone is invited to attend these breakfasts and to become a member of FCA. The Mule's Tale Staff would like to correct a misprint from last week's story; Kelly Bayless is the Secretary of FCA.

Homecoming Events Produce Winners

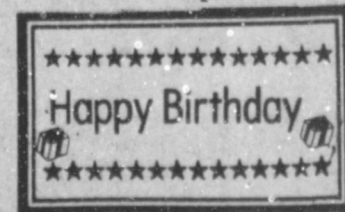

During homecoming week last week, the student council sponsored various activities around the school to help promote spirit. They began by selling 25 cent chances on the homecoming football which was lettered by Darin Bratcher with the names of the players and coaches. The SC also sponsored the Ex'es tea which was attended by about 35 students.

The SC also sponsored the mini-float contest and this year it was obvious that the classes and organizations had put a great deal of effort into making each float "the best." Winning floats were announced during the pep rally on Friday afternoon. They were HECE with "Mules Magic Express", winning 1st place and a \$25.00 prize; Junior Class with "Mule-Man" winning 2nd place and \$15.00, and 3rd place and \$10.00 went to the Senior Class with "Boo Hoo For Idalou." The student council would like to thank these groups for taking the time to help make homecoming a big success.

Another MHS group, the varsity cheerleaders, sponsored a door decorating contest. The various classes worked to get the doors decorated by Friday, when

the winners were announced and ribbons awarded. The 1st place door was done by HECE - "Wash The Wildcats"; 2nd place went to Mrs. Allison's room - "Mule Preamble"; and 3rd place was awarded to Stephen Johnson's room - "Wildcats Fall To The Mules".

Of course, one of the most important contests was that for the homecoming queen. This year's candidates were Sherri Bessire, escorted by team captain Sammy Gonzales; Kelly Bayless, escorted by John Wuerflein, another of the team captains; and Rhonda Dunham, escorted by Perry Flowers, also a captain for the Mules. During half-time, Kelly Bayless was crowned homecoming queen and presented with a bouquet of roses.

Civics Classes Hear Three Guests Speakers

Three Muleshoe High School students were guest speakers on Tuesday, September 14, in Mrs. Jean Allison's Civics classes. These three students, Kristi Ethridge, Donna Horne, and Perry Flowers spoke on their experiences at the Texas Farm Bureau Youth Citizenship Seminar which they attended July 19 - 23, in Waco, Texas.

MHS Band To March At Fair

Muleshoe schools will be having their South Plains fair day on Monday, September 27th. Only those high school students who brought notes to the office last week will be excused to attend the fair and this is the only way missing school for the fair will be considered an excused absence.

The Muleshoe High School Band will be marching in the Panhandle South Plains Fair parade, on Monday. The parade will start at 10:00 a.m. on Broadway, then will cross over to Main Street. The band will be competing with other schools from around the area. The prizes that will be awarded are as follows: 1st place-\$200, 2nd place - \$150, 3rd place - \$100, and 4th place - \$50. The bands will be judged by 3 judges including Jim Harvey, the former Muleshoe High School Band Director from 1968-1973.

On Saturday, September 25, the Muleshoe High School Band also marched in the Texas Tech Homecoming parade at 9:30 a.m. After the parade, the band was treated to a meal and admitted to the Texas Tech and Baylor game free. The Mule's Tale staff would like to wish the Band "Good Luck" in the parade competition and thank them for their fine efforts to represent Muleshoe High School at these events.

a U.S. citizen, Mr. Alex Shekkel, who emphasized the importance of a strong America. Having been both a Russian citizen and an American citizen, he stated, "I would rather be dead than Red." He said you hear the others quote often, "I would rather be Red than dead," but he stated many of these have never been Red. Perry explained how shocked Mr. Shekkel was when he observed our welfare system because in Russia, if you do not work, you do not eat. Mr. Shekkel told the students that Russia is about twenty years behind America technologically, but is catching up fast, mainly because they do not mind stealing ideas. He closed his speech by again emphasizing the importance of keeping America strong.

Kristi Ethridge spoke on two of the other speakers which they were privileged to hear while attending the citizenship seminar. She described the "pyramid of freedom" and also used some famous quotes which Dr. Clayton Gamus, President of Harding University is Searcy, Arkansas, used in his speech to the young people. Kristi stated

Art Club Elects Officers

The Muleshoe Art Club elected their 1982-83 officers at their first meeting this past week. The new officers for this school year will be: President-Lori Stroud, Vice President-Denise Wilson, Reporter - Terry Graves, Parliamentarian - Martha Flores, Student Council Rep. - Rob Donaldson, Historian - Darin Bratcher, and Secretary / Treasurer-Misti Prater.

In their meeting on Tuesday morning, September 21, they discussed their Homecoming Float and the Halloween Carnival. They also planned various money-making projects for the year, among these a car wash scheduled for the near future.

her favorite quote, one of Alexis de Tocqueville's, is "America is great because America is good; and America will cease to be great when America ceases to be good." Another speaker, Jack Jackson, Instructor for American Airlines, spoke on "The Price of Free Enterprise." Kristi noted that he emphasized the importance of teaching responsibility. One of his points was that children can be taught early in life to accept responsibility through the care of pets.

Donna Horn brought highlights from another seminar speaker, Dr. Thomas Cunningham, Family Life Specialist from the Institute of Family Strengths in Stillwater, Oklahoma, who spoke on "Citizenship and Self Esteem". Dr. Cunningham noted that we all have four selves: the public self, the imagined self, the ideal self, and the real self. He emphasized the importance of building a good self-image which can be done by doing something productive every day. Characteristics of a poor self image are jealously, sloppy dress, incessant talking and constantly putting oneself down. Donna explained the importance of the family in building a good self-image and good citizenship. Dr. Cunningham stated that when choosing a mate, a person should choose someone he likes, rather than someone he loves. Often liking grows into love while love may be only infatuation and may evaporate soon after marriage.

FFA Members To Attend Fair

The Muleshoe FFA Chapter will have several members exhibiting in the South Plains Fair at Lubbock this week. Beth and Jason Harmon will show both hogs and lambs. Exhibiting steers will be Casey Stewart and Brent Black. Lupe Rejino will also attend and exhibit his crops. Good Luck to these students!!

HECE Provides Job Training

Home Economics Cooperative Education is a gainfully oriented program which helps students prepare for the world of work or for advanced education in a specified field. The program is designed to provide related classroom instruction and on the job training in a wide variety of home economics related occupations.

To qualify for HECE, a student must be sixteen years of age, a junior or senior student, and a responsible individual with a limited number of absences from school. Students attend HECE class one hour each day as well as other required courses. In addition, they work a minimum or fifteen hours each week in an approved training station. Some of the fields included are child care, food service, clothing, personal services, consumer education, housekeeping, and floral design.

Many students who enroll in HECE are looking to the program as a means of experiencing job training in fields which they are considering for a future career. This work experience will either encourage them to continue in that chosen field, or make them realize that they do not wish to spend their working lives in that field. Other students come into the HECE Program knowing they do not plan to continue in school after leaving M.H.S. These students are seeking training in a field which can prepare them for full time employment.

While in the classroom, students discuss a variety of subjects, such as "How to get along on the job", Money management, banking, income taxes, credit and budgeting are also stressed.

Teams Travel To Portales

The J.V. brought home a stunning 40-2 victory over the Farwell Steers last Thursday.

The Mules came out with over 300 yards total offense including 150 yards in the air. Scoring for the Mules were Smiley Orozco with 2 touchdowns, Mark Moton with 2, Eddie Perez with 1, and Micheal Del Toro with one touchdown catch.

Farwell's only points came when quarterback Mark Moton was downed in the endzone for a safety.

The freshman came out victorious over Floydada last Thursday, in a 20-0 game. Shaun Shipman scored twice on two long runs while David Vela scored on a 5-yard run.

The Freshman record is now 3-0 and the Mule's Tale Staff wishes them the best of luck next week.

Michael Isaac is the 17 year old son of Charles and Georgette Isaac. In addition to being president of N.H.S., Michael is active in Student Council, FTA, Varsity Basketball, and Drama. The vice president, Tamara Gilliland, is 17 years old. She is the daughter of Jessie Robinson. Tamara is the FFA Plowgirl and reporter, 2nd vice president of HERO, and the co-editor of the Muletrain. She is also active in various 4-H activities.

Rhonda Dunham is 17 years old and the daughter of Mr. and Mrs. Jack Dunham. Rhonda currently serves as the secretary for N.H.S., FTA, and the Senior class. She is also the president of FCA, a Varsity Cheerleader, and active in 4-H.

Jim and Barbara Pearson are the parents of Sheila Vanclave. Sheila is 17 years old and will serve as the student council representative. she is also involved in Volleyball.

The reporter will be Charli Hawkins. She is 17 years old and the daughter of Mr. and Mrs. Peanut Hawkins. Charli is the 1st vice president of HERO, the Senior class reporter, and is involved in FTA.

Perry Flowers, who will be the chaplain, is the 17 year old son of Tom and Joella Flowers. Perry is active in FCA, FTA, and Athletics.

Lincoln Snell, the 17 year old son of Gene and Janice Snell, will serve as the Parliamentarian. Lincoln is also involved in FFA and likes to be around motorcycles and animals.

The members decided to feature honor students each month. They will be posted on the bulletin board in the front hall. Rhonda Dunham, Tamara Gilliland, and Charli Hawkins will be in charge of the bulletin board. They also decided to

The members this year are: Scott Campbell, Rhonda Dunham, Perry Flowers, Tamara Gilliland, Charli Hawkins, Michael Isaac, Lincoln Snell, Lori Stroud, Martina Valdez, Sheila Vanclave, and Denise Wilson. Congratulations to these members and officers!!!!

Back-To-School Party

FTA had their back to school party Monday, September 13, at the new city park. The members ate sandwiches and drank Cokes. Afterwards, they played football and volleyball. The FTA freshmen members were "initiated" by a watermelon bust. Soon after the freshman were initiated, the FTA members surprised Mr. Johnson with his own watermelon-bath! Approximately 80 members attended the party.

This year's FTA officers are President: Jeff Hamilton, Vice President: Scott Campbell, Secretary: Sherri Bessire, Parliamentarian: Kelly Bayless, Historian: Sherry Ellis, and Chaplain: John David Agee. They attended a district meeting on Saturday, September 25 in Plainview to plan the district convention. This year, the chapter has a district officer: Scott Campbell is the district XVII Parliamentarian. The Muleshoe Chapter of Future Teachers of America is sponsored by Mr. Stephen Johnson and Mr. Kerry Moore. The first major project of the year will be the Powder Puff football game on October 4.

Free MG Clinic Hosted By Hale Center Hospital

"Yesterday I could run, walk, talk. Today, I cannot even breathe without the aid of a respirator."

"Yesterday my eyes opened wide and my vision was clear. Today, I cannot control my drooping eyelids, and I see two of you."

"Yesterday I ate a hearty meal of chewy meat and vegetables. Today I must take nourishment through a straw; I don't have the strength to chew."

The person who made these statements is a myasthenic, someone plagued by the mysterious malady called myasthenia gravis (MG). Its symptoms come and go from one day to the next, sometimes from one hour to the next. Persons with MG are assailed with a baffling array of symptoms that range from fatigue to drooping eyelids, to loss of balance, slurred speech and difficulty in walking, swallowing, chewing and breathing.

Every year, for the past 20 years, Dr. J.E. Tether, associate professor of neurology at Indiana University School of Medicine or one of his associates, has held a two-day MG Clinic at Hi Plains Hospital in Hale Center. In the last five years alone, 30 patients have been diagnosed as myasthenics. One man diagnosed at the clinic had lived, and almost died, with the disease for 30 years before receiving a correct diagnosis. Now in remission, he does a full day's hard labor.

Dr. Tether is the only physician in the United States who devotes his total private practice to the diagnosis and treatment of myasthenia gravis.

Once thought to be a rare disease, MG now is believed to torment one person in every 10,000 to 40,000 persons. Because weakness and fatigue are symptoms of so many illnesses, even the most reputable physicians have misdiagnosed MG - calling it vitamin deficiency, anemia, neurosis or psychoneurosis, even brain tumor. It can strike anyone of any age at any time.

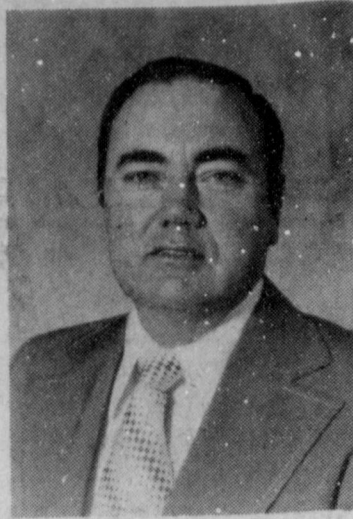

"The tragedy is," said Dr. Tether, "that most myasthenics, when properly diagnosed and treated, can return to a normal life."

The free clinic at Hale Center this year, will be Oct. 1-2, beginning at 8 a.m. each day. Diagnosis and treatment will be prescribed without charge, but an appointment is necessary, said Jenne McVicker of Muleshoe, secretary of the Northwest Texas Chapter of the Myasthenia Gravis Foundation. Appointments can be made by calling (806) 839-2471. New patients must have a physician's referral for an appointment.

The free clinic also will provide consultation services for persons already diagnosed.

Dr. Tether will address chapter members and guests on strides in recent research on MG at a chapter meeting at 8 p.m., Oct. 1, at the First Baptist Church of Hale Center.

Yasser Arafat, PLO leader: "Don't forget that I am chairman of the PLO and the leader of the Palestinian armed forces."

TOM ADAMSON

Tom Adamson Services Set For Monday

Funeral services for Tom Adamson, 49, of Gallup, N.M., will be held at 10 a.m. Monday, Sept. 27, in the Richland Hills Baptist Church with Dr. Herbert Bergstrom, pastor of the First Baptist Church of Portales, N.M., officiating.

Burial will be in Bailey County Memorial Park under the direction of Ellis Funeral Home of Muleshoe.

Adamson was killed in an accident 16 miles east of Grants, Wednesday.

He was born June 3, 1933, in Hedley, Texas, and moved to Gallup three years ago from Clovis. He

was a professor and director of College Learning Resource Center at the University of New Mexico at Gallup.

Adamson married the former Marquita Splawn on July 6, 1963, in Muleshoe. He was a member of the Kiwanis Club, past president of the Clovis Education Association, on the New Mexico State Legislative and Finance Committee for NEA in New Mexico, various other Associations and Organizations involved in Higher Education and Media Services.

Also treasurer for Learning Resource Center Council at New Mexico, Post Chairman of College Assembly of UWM Branch, member of UNM Senate and a member of the First Baptist Church of Portales, N.M.

He taught in the Muleshoe School System from 1961 to 1964 when he

moved to Clovis and lived there for 15 years. He served in the US Army.

Survivors include his wife, Marquita; a foster daughter, Joanne Rosen-cranz of Sanhuis Obispo, Calif.; mother and father in law, Mr. and Mrs. Glen Splawn of Muleshoe; brother in law, Benny Splawn, Muleshoe; four sisters, Mrs. Joann Jones of Rogers, Ark., Mrs. Loeva Sawyer of Sheridan, Wyoming, Miss Zena Adamson, of Deming, N.M., and Mrs. Carmen Hubbard of Fresno, Calif.; one brother, Bernard Adamson of Hedley, Texas.

Marine, Sgt. James C. Warren, Jr., son of Fern and James C. Warren of 310 W. Ave J, Muleshoe, Texas, has completed the small arms repair course. The six-week course was conducted at the U.S. Army Ordnance Center, Aberdeen Proving Ground, Md. Students received instruction on the operation, inspection, maintenance, and repair of rifles, pistols, shotguns, submachine guns, grenade launchers, mortars and other automatic weapons. They also studied the preparation of weapons for shipment and storage, and related safety precautions.

Firefighters Report

By Wayne Peterson

Wednesday night, September 29, will be the firemen's family watermelon feast. It will be at 7:30 p.m. at the fire station.

The fire department has reported that they have received only a minimum of fire calls this month. Two were car fires and one was a grass fire. There was also one false alarm. This will help Muleshoe's state fire record credits, since all fires are reported to the State Fire Insurance Board.

The Muleshoe Volunteer Firemen would like to caution farmers and harvest crews of potential fires in dry corn and milo fields, either cut or uncut. A spark from a running vehicle in these fields can set off a fire very quickly.

Several Muleshoe firemen recently attended the 9th Annual Canyon Area Fire Protection School. Those going included: Fire Chief, Jack Dunham, H.E. Reeder, Johnny Ziegenfuss, Allen Berry, Brian Rudd, Mark Tutt, J.O. Parker, Billy Tosh, Jack Rennels & Charles Lorange. This two night school was held on September 15, 16 and from 7 p.m. until 10 p.m., each night at the Canyon Fire Department Training Center. Conducting the meeting was the Fire Protection Training Division, Texas Engineering Extension Service of the Texas A&M University Systems in cooperation with the Texas Education Agency. This school was sponsored by the Canyon Fire Department, Panhandle Firemen's Association and the State Firemen and Fire Marshalls Association of Texas.

Class room instruction was held on hazardous materials, fire ground tactics, preserving evidence with salvage, air craft firefighting and civil disorders. Field classes included instruction on ladders, pump operations, spill, house, LPG fires and breathing apparatus.

Whatever Your Tire Needs May Be, We Have The Quality & Price!

CORDOVAN PREMIER IV All Season STEEL BELTED RADIALS

Polyester/Steel Whitewall

A new kind of tire for year round driving
Wherever you drive, whatever the season -- no matter what the conditions -- the new Cordovan Premier IV ALL SEASONS radial is the perfect answer to your driving needs.
No matter where you live, weather can surprise you -- stoppage downpours of rain or muddy areas can suddenly turn dry roads into very dangerous driving conditions.
The Cordovan Premier IV ALL SEASONS Radial gives you freedom! No need to worry about unexpected weather changes or road conditions. Go where you want to go -- at any time with complete confidence in tire performance.

- ALL WEATHER COMPUTER DESIGNED TREAD**
A quiet running, computer designed tread channels sweep away to provide excellent gripping action for any type of road condition -- wet or dry. New tread compounding remains flexible in cold weather for extra traction on wet or icy.
- ARAMID BELTS**
Provides a more comfortable ride than steel. Aramid belts increase load-carrying capacity, reduce road noise and other road hazards.
- POLYESTER RADIAL PLYS**
Polyester cord radial plys run from head to head. Their strong bond plys absorb bumps and road shock. Radial construction keeps the tread flat on the road for great control, even in curves.
- SPECIAL SIDEWALL REINFORCEMENTS**
A special high modulus upper strip is positioned above the cut bead. This stabilizes the sidewall for more precise steering action and recovery on sharp turns.
- RADIAL CONSTRUCTION**
Radial construction minimizes flexion and tread distortion for long tread life. You benefit with better gas economy, improved steering and handling and superior control on curves.
- NEUTRAL CONTOUR TIRE SHAPE**
New born for neutral control has been designed to reduce control loss points at left edge. Engineered for uniform strength and performance.

Homemaking News

The Homemaking I students started their year in the Clothing & Textiles unit. They are busily studying good grooming hints, hair, skin, and hand care. They have been determining color selection to compliment their skin tone and facial features. Soon they will begin preparations for construction of garments that fit into their fall wardrobe.
 Other subjects to be covered this year will include Family Living, a study of relationships with other family members and how to strengthen family ties. They will cover Consumer Buying in all subject areas to help stretch that ever-decreasing dollar to its maximum.
 The Housing unit will cover color selection in your room, wise furniture arrangement to get the most out of "your space" and expressing yourself through your room decor.
 In the Child Development unit, they will learn how The Foods-Nutrition unit will cover areas from balanced nutrition, fad dieting, menu planning, good meal management, preparing, serving, and best of all, eating the food.
 Homemaking courses are offered to all students, male or female.

Partners make the difference.

You and SPS are partners. You, the customer, are the user of electricity, and we are the producer and distributor of that electricity. That makes us partners.
 As partners, we work together toward common goals. We combine our talents and efforts to better manage electricity. And, we share ideas and responsibilities for a better way of life.
 Partners make a difference. The difference is how efficiently electricity is used today and how its supply is managed, which affects its cost in the future.
 Your role as a partner is to make the most efficient use of electricity.

Our role, as Southwestern Public Service Company, is to invest the money to build and operate plants, and to provide the skilled professionals who make sure safe, dependable electricity is available when needed.

We depend on each other. Without us, your life would be less comfortable and less productive. Without you, our services would not be needed. We're partners, working together to make the difference. Hand in hand.

You and SPS, partners managing electricity, make the difference.
