

Commission Approves City Tax Roll

A tax roll of \$9,617,715 was approved by the city commission for 1946 at its meeting Wednesday evening.

This represents a levy of \$163,501.16, a gain of \$42,204.46 over the previous year.

The action came on a final report of the board of equalization which showed adjustments totaling \$256,415 under original estimates on the roll.

Trustees Vote School Holidays, New Teachers

Schedule of holidays and closing dates for the city schools was approved by the board of trustees in session Wednesday evening.

The current school year will be concluded on May 24, 1947, and provision was made for these holidays: November 11; November 28-29 for Thanksgiving; Dec. 20-Jan. 6 for Christmas and April 4 to 7 for Easter (April 6).

The board also approved Supt. W. C. Blankenship's appointment of the following new teachers: Joyce Holden, West ward; Mrs. Martha Hall, Central ward; Mrs. Corinne South, West ward; Mrs. Ruth E. Morgan, Kate Morrison school; Dora Sainz, Central; Mrs. Bertha Naylor and Mrs. Ben Whitaker, College Heights.

Trustees voted to make an examination of costs for early installation of safety control devices on boiler heating units throughout the school system.

Blankenship reported that surveys were in progress to determine grade before letting contract for construction of sidewalks around the College Heights school.

The board authorized payment to those men who sat as a board of equalization and to those who constituted special valuation survey committees.

Tax rolls are being drawn up for the school district, and bills probably will go into the mails.

West Side School Bus Service Seen

Prospects of bus service for school children in the Settles Heights and Airport areas were enhanced substantially Thursday.

The Rev. Edwin Spears, pastor of the Airport Baptist church and a leader in the movement to establish more satisfactory service for school children in the western outskirts area, was hopeful that service way within reach.

After conferences with city officials, the school board and J. M. Bucher, operator of city buses, Rev. Spears said that it now appeared that bus service would be available to school children in that area for a 75-cent monthly charge.

He is to contact parents in the areas affected Friday and Saturday and stressed the hope that they would be home to help complete arrangements.

Bucher agreed to install the service contingent upon 100 passengers. If it can be worked out, a schedule and route satisfactory to the school, patrons and operator will be established this week.

Spears was hopeful that the problem could be solved over the weekend.

Nazi Pleas Rejected

BERLIN, Oct. 10. (AP)—The Allied Control Council today rejected all clemency pleas of 16 convicted Nazi war criminals.

A communique drafted by the four-power council announced the decision after two three-hour sessions, yesterday and today. The Control Council is the last resort for the 11 doomed to die.

The council also rejected petitions of Hermann Goering, Wilhelm Keitel and Alfred Jodl to be shot instead of hanged.

The council ruled further that the pleas of the S. S., the Gestapo, the S. D. (Secret Service) and the leadership group of the Nazi party were "not receivable because the Control Council is not authorized to reconsider the judgment of the International Military Tribunal; it can only grant clemency."

Also passed was an order remunerating the members of the land and improvement advisory boards as well as the board of equalization. This will approximate \$350 for the city.

Work of the boards was commended in the resolution for remuneration.

Commissioners, who were meeting in a session recessed from Tuesday when Commissioner George Mims suffered an attack shortly before meeting time, moved to allow J. M. Bucher an additional 20 feet parking space on Main at Third to reduce traffic hazards from bus unloading.

Negotiations were started with Willis Page and Odie Moore concerning per taxi cab or gross revenue tax for operating rights within the city.

Decision was delayed until the next meeting. Consideration of the zoning ordinance was set back for first spot on the agenda for the next meeting of the commission.

Contract with Cosden Petroleum Corp. for use of effluent was altered to grant a two-cent per thousand gallon reduction in charge when effluent fails to meet agreed specifications.

City Manager B. J. McDaniel said he felt this would not represent any material change in revenue since the city, under terms of the contract, would have to stand expense of installing treating equipment to stabilize effluent on the occasions when suspended solids and biochemical oxygen goes above specifications.

Commissioner J. L. LeBlou, former superintendent of Cosden and now commission agent for the company, refrained from voting on the issue.

An ordinance was passed permitting the sale of beer on Benton street from N. 1st to N. 5th street, this (the Gall road) being classed as a business area.

Arrangements were made to send a delegation from the city to Austin Monday for a hearing of the Colorado River Municipal Association for Colorado River water rights before the state board of water engineers.

Mayor G. W. Dabney presided and Commissioners Iva Huneycutt, Hack Wright and J. L. LeBlou were present.

Two Girls Missing From Deaf School

AUSTIN, Oct. 10. (AP)—Roger M. Powell, superintendent of the state school for the deaf, appealed for aid today in a statewide search for two girl students who disappeared from the campus of the institution Saturday.

The missing girls were Gladys Weaver, 15, daughter of Mr. and Mrs. S. D. Weaver, 310 South Mary Street, Beeville, and Lottie Gilliland, 19-year-old senior student and daughter of Mr. and Mrs. A. L. Gilliland of Route 2, Aubrey.

Powell enlisted the aid of newspapers and radio stations after state and city police radio broadcasts and searches had failed to yield any information on the whereabouts of the girls.

He is to contact parents in the areas affected Friday and Saturday and stressed the hope that they would be home to help complete arrangements.

Flash Rain, Wind, Hail Storm Hits Big Spring

MEAT ON THE HOOP FOR EMPLOYEES—Thomas F. Kearns (left), president of General Steel Products Corp., of Flushing, checks 38 head of Texas steers which his firm brought to New York for slaughtering and distribution free to employees.

City Property, Crop Damage Runs High In Only Few Minutes

One of the worst storms in a decade raked across Big Spring shortly after 7 p. m. Wednesday, causing several thousand dollars of property damage in the city and almost demolishing crops in the west central portion of Howard county.

The three-way combination of intense rain, hail riddled by a 66-mile per hour wind, and the wind itself worked concentrated havoc in less than half an hour's time.

At the US weather bureau at the airport rainfall totaled 1.2 inches and the US Experiment Farm had 1.13, but virtually all of it fell in the space of 15 or 20 minutes.

So heavy was the downpour, whipped almost to a spray by the wind.

The City of Big Spring captured about 372,000,000 gallons of water as a result of the thunderstorm Wednesday evening.

Moss Creek lake caught seven and a half feet additional, in 45 minutes to boost its level to 45 feet, nine inches, or nine inches below spillway, Powell Creek, to the southeast, got only four and a half feet, raising it to 13 1/2 feet, about halfway to top.

The Powell catch was \$1 million, Moss creek 291,000,000. Moss now has 752 million, Powell 476, together 390,000,000 gallons.

That many said they had never seen a more intense rain. Only the brief duration of the storm prevented tremendous damage.

Sharpest damage occurred to crops. Starting on the Charles Creighton place at the airport, cotton and feed were virtually leveled by hail and wind.

Among the many hit were Roy Bates, Suggs, Anderson, and Murpree farms. The damage extended to the Hartwells vicinity in the western part of the county and reached out toward Elbow and Lomax, in the southwest section.

Estimates that 500 bales of cotton were lost seem conservative, and on this basis farmers would be damaged by \$100,000 or more.

Reports from Stanton, where a good rain fell, said that the storm hit the Lenora area in central Martin county with devastating effect, flattening crops. It continued southeastward across the county into Howard.

In Big Spring, streets were transformed almost instantly into raging rivers and traffic was stalled in many sections of the city, notably on West Third, Eleventh Place and the east highway.

Birdwell tank, west of the football stadium, rapidly filled. Scores of automobiles were drowned and there was speculation that a model A-Ford, lodged against the curb at Ninth and Main, had washed down street.

Windows were smashed in many houses and businesses. Plate glass went out on the west side of the Modern Appliance company at Second and Runnels and at the Cunningham & Phillips, No. 2, Second and Squary, where merchandise was shelled with hail double-banked through the window opening.

A big exhaust fan at the YMCA blew in but little damage to furnishings resulted. The basement at Dora Roberts Citidel, Fourth and Ayilford, caught water and the neon sign was demolished.

Water rose eight inches over the sidewalk on the west side of the Settles and flowed into the lobby. Sofas ran to the basement but coursed to the boiler room where a pump rapidly expelled it into the sewer. The Settles Drug store had water coursing through the

Pan-American Halts Service To Mid-Europe

FRANKFURT, Germany, Oct. 10. (AP)—An unexplained suspension of American plane flights over Czechoslovakia was lifted suddenly today by US headquarters in Europe, but a military ban was continued on flights either by civil or military planes over Romania and Hungary.

LONDON, Oct. 10 (AP)—Pan-American Airways announced today that it had halted all service to middle Europe following a US military order forbidding flights over Czechoslovakia or Russian-controlled territory in Hungary, Romania, Germany and Austria.

"Until further clarification of the situation," the airline said in a statement, "All Pan-American services to middle Europe will be halted in Brussels."

The statement said a Pan-American Clipper from Prague to Vienna was turned back yesterday by US military orders which said that no civil or military aircraft would be permitted to fly over Czech or Russian controlled territory in Hungary or Romania from October 9 to 14.

The statement said a Pan-American Clipper from Prague to Vienna was turned back yesterday by US military orders which said that no civil or military aircraft would be permitted to fly over Czech or Russian controlled territory in Hungary or Romania from October 9 to 14.

FENWAY PARK, Boston, Mass., Oct. 10. — George Bunker coasted to victory on the wings of a 20-hit attack as the St. Louis Cardinals slaughtered the Boston Red Sox, 12-3, in the fourth game of the World Series here Thursday afternoon.

The Red Birds, fighting to even the game count with the American League, went out in front in the first inning with a three-run outburst and stayed there.

As 35,643 fans looked on, the Cards sent Tex Hughson to the showers early and continued to hammer away at four Bosox hurlers. They batted completely around in the ninth inning, when they scored four runs on five hits and two errors.

Enos Slaughter, a thorn in the Yankees' side all afternoon, hit a home run for the Red Birds in the first inning.

Ample Meat Pledged If Controls Scrapped

WASHINGTON, Oct. 10. (AP)—The beef industry coupled a demand for immediate scrapping of price controls today with a promise of ample supplies of meat "very soon"—possibly before November's congressional elections—if the administration acts.

R. G. Haynie, chairman of the OPA Beef Industry Advisory Committee which petitioned formally for decontrol, told reporters there are plenty of cattle and calves ready for market as soon as price ceilings are lifted.

The White House, scene of a special round of top-level conferences on the situation late yesterday, remained silent.

Collins Acquitted Of Drug Violation

ABILENE, Oct. 10 (Sp)—Federal District Judge T. Whitfield Davidson this morning acquitted Alfred R. Collins, Big Spring druggist, on three counts of violation of the food, drug and cosmetic act.

In his message of acquittal, the US district court jurist spoke harshly of the government's method of gathering evidence against Collins.

Judge Davidson said that by Collins' appearance and testimony given in the case, he judged him to be "a man of character and honor in his community."

The government had rested its case Wednesday evening and this morning the defense presented three witnesses, including Collins. Character witnesses included Don H. Morris, president of Abilene Christian College, and Hollis Manly, Abilene insurance man, former Big Spring resident, and a member of the ACC board of trustees.

Collins, in his testimony, denied knowledge of any of the sales on which the charges were based.

The government had alleged in its indictment that he had violated the food, drug and cosmetic act by sale of second sodium capsules in an unlabeled envelope. The government claimed that this was contrary to the act since no label or direction of use of the prescription were said to be used.

A third count charged a similar sale, on benzadrine sulphate tablets.

Mrs. J. C. Armstead and William Thomas told of having bought "red birds," slang for the second sodium capsules, from Collins at the direction of Herbert W. Ayers, Lubbock, inspector for the food and drug administration. Leo Smigro and Eugene Fletcher, Jr., New York and Alabama residents, respectively, testified that they bought improperly branded benzadrine tablets in the Collins store from an employe.

A parade of technical witnesses came to the stand Wednesday evening. Dr. Robert T. Stormont, Chevy Chase, Md., medical officer for the food and drug administration, described the capsules as affecting the central nervous system, removing inhibitions and having some effect in some people as alcohol. He said they were habit forming.

Attorneys for the defense were E. T. Brooks and Benton Templeton. The acquittal came quickly, for hearings were not resumed until 9 a. m.

petition, filed with Secretary of Agriculture Anderson, took sharp issue with the President's contention that there was a heavy slaughter of meat during July and August, when controls were temporarily off.

The petition argued that there is no shortage of cattle and calves under the meaning of the price control act and said: "Under these conditions Congress has ordered decontrol in order that the law of supply and demand be permitted to function."

"Whether prices would rise after decontrol is wholly immaterial." The committee said that Anderson should release all livestock and meats from controls—including hogs and sheep—if he should find it impractical to decontrol cattle and calves only.

Dismissing the industry move at a news conference, Haynie said, Anderson, however, has placed cattle and calves on an official list of agricultural products in short supply.

Aides said Anderson had promised to give the petition "top" consideration. He has 15 days in which to act. If the petition is denied, the committee may appeal to Anderson for a formal hearing. Should the petition again be denied after a hearing, the committee may then appeal to the three-man price decontrol board.

Local Men Impressed With Series Spectacle

Unqualified indorsement of the play of both teams in the World Series is given by M. E. Anderson and J. B. Neely, who returned to Big Spring after viewing the first two games in St. Louis this week.

"You just don't see that kind of ball played anywhere in this part of the country," Anderson said.

Odessa Severely Hit By Flooding Rains, Hail

By The Associated Press A "violent" rain, wind and hail storm swept a section of West Texas last night, causing flash floods and property damage at Big Spring and Odessa.

A cool wave rolled into the northwestern part of the state this morning, promising clear skies for Saturday football after a week of generally heavy rains.

Northwest winds with gusts as high as 32 miles per hour at Clarendon swept down on the Panhandle. Amarillo, and Pampa had 25-mile winds. Minimum Panhandle temperatures included: Amarillo 48; Muleshoe 44.

Odessa, in West Texas, was surprised by a minor flood last night after a 1.3 inch rain, accompanied by heavy hail. Water, overflowing drains, rose to the floor level in some houses on the south side. Hail caused light damage to a few automobiles.

Railroad traffic in Mexico south of Laredo returned to normal today, after waters from a 6.62 inch rain at Encinal had receded. Damage done to 1,500 feet of Missouri Pacific track Tuesday night has been repaired.

Overnight rainfall reports included: Amarillo 21 inch; Abilene 6.7; Beeville 2.47; Brenham 66; Cuero 1.48; Henrietta .85; Pampa 3.48; San Angelo .44; Brownwood .45.

Parley Presages Local National Guard Battery

Preliminary conferences looking toward establishment of National Guard units in Big Spring as a part of the statewide restoration of the peacetime military organization were held in Big Spring Thursday.

Nat S. Perrine of Austin, recently retired as a brigadier general from the army and now using his terminal leave time voluntarily in the interest of the Guard, was here to talk with City Manager B. J. McDaniel, Commander, H. P. Steck of the American Legion and others.

Perrine was a ranking Guard officer before going into the regular army in wartime.

Tentative state setup has made provision for establishment of a headquarters field artillery battalion in Big Spring. (The 474th Observation) with batteries in Colorado City and Midland to complete the battalion.

Also scheduled for this city is a Group Headquarters unit, which calls for a nucleus of higher ranking officers.

The F.A. battalion headquarters would call for 11 officers, two warrants and 99 men, plus a medical detachment of a medical officer and six men; the Group Headquarters would be staffed by 18 officers and 16 men, plus a medical officer and nine men in the medical detachment.

Perrine discussed with McDaniel the possibilities of using air field facilities for the Guard. The whole organization matter was to be brought before prospective officers for the local units.

Perrine, a strong advocate of the Guard, since he is a veteran in its service, terms its revival as essential to maintaining proper military reserve to back up this country's foreign policy. He advocates, too, the use of Guard membership to be credited as service in event of a compulsory military training law.

Greene Elected Head Of River Association

J. H. (Jimmie) Greene, Big Spring, was elected president of the Colorado River Basin association at Brownwood Wednesday.

Greene, representing Big Spring and Howard county at the association annual meeting, was elevated from a vice-presidency. Milo K. Roth, San Angelo, was named secretary-treasurer.

New projects for the Colorado river and its tributaries which would cost the federal government \$33,078,300 initially have been recommended by district and division engineers, Col. David W. Griffiths, Galveston, US district engineer, told the meeting Wednesday.

These projects include reservoirs at Winchell, Sep Saba and

Marble Falls for flood control and allied purposes and are in addition to projects already authorized.

Among the latter he listed levees at Columbus and Lagrange below Eagle Lake, San Angelo reservoir on the North Concho, Hords Creek reservoir at Colfman, enlargement of Lake Brownwood reservoir and a levee and floodway at Brady.

Funds have been provided to start construction of the Columbus levee and San Angelo and Hords creek reservoirs, Griffiths said, but ceilings placed on construction funds by a recent presidential order must be modified before the work can begin.

NEW CONFEDERATE COMMANDER—Gen. Henry T. Bowling (left), 98, retired Atlanta, Ga., clergyman, talks old times with two other Confederate veterans, Gen. J. W. Moore, 98, of Selma, Ala., and Gen. W. M. Alexander, 98, of Rock Hill, S. C., after eight veterans attending the 56th reunion, at Edgewater Park, Miss., elected Bowling commander in chief. (AP Wirephoto)

BUT LO, WHERE IS THE INDIAN?

San Angelo has decided, with Big Spring, that the Indian indeed is the vanishing American. Tuesday evening the Jemez Pueblo Indian dancers were scheduled to show at the municipal auditorium here. The crowd turned out, but the Indians did not put in their appearance. Wednesday night, San Angeliens clamored at the box office, but in vain. The Indians had vanished there, also.

Music Club Ushers In Fall Season With Guest Tea In G. T. Hall Home

Formally ushering in its fall season of activities the Music Study club entertained with a seated guest tea at the home of the president, Mrs. G. T. Hall, Wednesday afternoon. Guests were received by officers of the club, and the program featured a book review, "Duet With Nickey" by Alice Berewosky, presented by Marie Frost.

Receiving were Mrs. Pittman attired in a floor-length black and white formal, the hostess, who wore a white dinner gown with matching bolero; Mrs. R. V. Middleton, who wore a black marquisette formal with a bolero of old rose; Mrs. G. H. Wood, attired in a peach colored jersey dinner gown with sequin trim; Mrs. C. W. Norman in a black taffeta formal with matching velvet trim; Mrs. J. E. Hardesty, who wore a black formal ensemble; Mrs. H. G. Keaton, attired in a black formal with set-in trim of white sequins and Mrs. Larson Lloyd who wore an orchid formal with a sequined waist.

The afternoon program opened with a piano solo, "Fantasia," by Bonart, which was played by Mrs. Champ Rainwater, attired in a floor-length black gown. "Robin in the Rain" by Cain and "We Praise and Thank Thee, Father," by Selbering-Rohrer were presented by Mrs. Herbert Keaton. Mrs. C. C. Jones and Mrs. Marion Beam, all attired in afternoon formals.

Following the book review by Mrs. Frost, tea was served in the dining room from a refreshment table bearing silver tea service and featuring the club colors, green and yellow. Flanking an arrangement of yellow chrysanthemums which centered the table were yellow tapers in silver candelabra. Individual cakes, iced in yellow and green, were served with spiced tea by Mrs. Hall. Assisting in the dining room were Mrs. H. M. Jarrett and Mrs. C. C. Jones.

Guests at the tea included Mrs. E. T. Piner, Mrs. H. C. Bronson, Mrs. Lewis Price, Mrs. Harry Hurt, Eddie Lou Haug, Mrs. J. D. Elliott, Mrs. Dorothy Wilson, Mrs. Shine Phillips, Mrs. J. H. Greene, Mrs. C. O. Nalley, Mrs. Morton, Mrs. Everett Ellis and Mrs. Julius Neel.

Members attending were Mrs. Roy Green, Mrs. Bernard Lamun, Mrs. L. S. McDowell, Edith Gay, Roberta Gay, Mrs. H. M. Jarrett, Mrs. H. G. Keaton, Mrs. C. C. Jones, Mrs. Champ Rainwater, Mrs. Marion Beam, Mrs. C. W. Norman, Mrs. J. E. Hardesty, Mrs. G. H. Wood, Mrs. Middleton, Mrs. Pittman, Mrs. Lloyd and Mrs. Hall.

Floyd A. Dixon, S-A M left Tuesday for Lakehurst, N. J., where he is stationed after visiting here with his mother, Mrs. B. Y. Dixon. His wife will remain here with her parents, Mr. and Mrs. Lloyd Kinman.

Forsan Happenings

Residents Have Weekend Visitors, Attend Football Games In Area

FORSAN, Oct. 10 (Sp.)—Mrs. O. H. Salyer of Lubbock visited her brother, C. L. West, and Mrs. West Tuesday and Wednesday.

Mr. and Mrs. Bill Conger Jr. and children, William and Carolyn, were guests of Mrs. Conger's mother in Sterling City last week end.

Attending the Courtney-Forsan game at Courtney last weekend were Mr. and Mrs. C. V. Wash and Danny, Mr. and Mrs. E. N. Baker and family, Mr. and Mrs. J. D. Leonard, and Mrs. M. M. Fairfield, Mr. and Mrs. Jeff Pike, Carroll King, Mr. and Mrs. G. L. Monroey, Mr. and Mrs. J. D. Billmore, Mr. and Mrs. J. W. Griffith, Mrs. Floyd Griffith, Mr. and Mrs. Chansior, Mr. and Mrs. Hal Cox, Mr. and Mrs. R. L. Wilson, W. B. Dunn, Mrs. Earl Hughes.

Mr. and Mrs. G. W. Overton have returned home after visiting in Mineral Wells. Meeting of the Brotherhood of the Baptist church last Monday was postponed until next Monday night, Oct. 14. All men are invited, and Boy Scouts and the scoutmaster will be special guests.

Mr. and Mrs. James Craig of Eunice, N. M., were here for a weekend visit with their parents, Mr. and Mrs. Jim Craig and Mrs. Vera Harris.

Bill Yardley of Westbrook is working here during H. L. Tien-erand's vacation from Standard Oil company. Mr. and Mrs. Marshall Cox of Sweetwater were here for the weekend with her sister and family, Mr. and Mrs. Luther Moore and Phil.

John Galey has been transferred to Hamlin by Shell pipeline. A group of Shell production employees attended a barbecue in Odessa last Friday night. The group included Mr. and Mrs. George Jackson, Mr. and Mrs. Jesse Clark, Mr. and Mrs. Loyd Davidson, Paul Whirley, Wanda and Ray.

Ray Prater, a member of the Forsan high school football team, was injured slightly in the Courtney game.

Bill Birdwell of Odessa is visiting friends in the oil field. Hubert Butler of Kermit is a guest of relatives in Forsan. O'Bar Smith was a recent visitor in Colorado City.

Mr. and Mrs. W. B. Dunn were week end visitors in San Angelo last weekend.

Mr. and Mrs. Lee White, and Jerry Dea of Crane are visiting his parents, Mr. and Mrs. B. D. White.

Gene Huestis is in Breckenridge with his grandparents, Mr. and Mrs. S. R. Pharis. Mr. and Mrs. C. V. Wash and family had as their dinner guests Tuesday Mr. and Mrs. Joe Marling and daughter, Mrs. Helen Cook, and Butch, of Alice and Mr. and Mrs. Glen Smith and Jimmy of Big Spring.

Farrrell Richards, son of Mr. and Mrs. Bill Oates received cuts on

Knott News

High School Classes Entertained By The Shorteses

KNOTT, Oct. 10 (Sp.)—Members of the freshman and sophomore classes of Knott high school were entertained at a party in the home of Mr. and Mrs. F. O. Shortes Tuesday evening.

Attending were sponsors, O. F. Fuller and Mrs. Doris Bishop. Sophomore class members present were Imogene Thomas, LaVerne Gross, Anna Mae Aljhart, Billie Joan and Bettie Dean Gross, Wanda Lee Robinson, Gorgia Mae Loudamy, Nina V. Shortes, Maurine Chapman, Nona Jean Williams, Winona Jean Hamby, LaRue Tate, Robert and Joe Besie, Bill Demant, C. E. Welner, David Burchell, Gerald Cockrell, David Smith.

Freshmen present were Nina Joyce Brigrance, Ida Bell Cunday, Lou Ellen Kember, Genele Hughes, Charlotte Nichols, Dorothy Thomas, Dorothy Raspberry, Don Barnes, Robert Smith, J. B. Pounds, J. R. Newcomer, Tex Stallings, Sonny Myers, Floyd Martin, Jerry Grant. Others present were Mrs. P. E. Little, Mrs. O. V. Fuller, Mrs. R. L. Stallings, Mrs. O. G. Loudamy, Mrs. Alvie Chapman, Mrs. T. M. Robinson, Mrs. E. Pounds, Mr. and Mrs. Lee Castle and Oma Dell Nichols of Washington.

Don Rasberry has returned from Murtaugh, Idaho, where he visited his sister, Mrs. J. M. Tietz-worth, and family. Pie Long of Lubbock is spending a few days here with her parents, Mr. and Mrs. W. W. Long.

Mr. and Mrs. Harrison Wood visited recently with his mother, Mrs. W. O. Jones, and family. Their daughter Brenda, returned with them after a visit with her grandparents.

S. T. Johnson Jr. visited over the weekend with Joyce Denny of Midland.

Mr. and Mrs. Lee Burrow have returned from visiting in San Antonio with his brothers, E. J. and Ralph Burrow.

Norris Smith of Lovington, N. M., spent the weekend here with his parents, Mr. and Mrs. O. R. Smith, and with Howard Smith, home on furlough.

Mrs. J. J. Kemper visited in Lamesa last week. Weekend guests in the P. E. Little home were her cousin, Mr. and Mrs. James Acorn of Dallas. They had been touring in the Western states.

Women's Missionary Society met Monday afternoon for a mission program. "World Investments of Southern Baptists," was the topic of study. Present were Mrs. Herschel Smith, president, Mrs. H. C. Bristow, Mrs. Louise Harrell and Mrs. J. T. Cross.

Mr. and Mrs. Harrison Wood and daughter visited Sunday with her sister, Mrs. Bob Holloway, and family of Wilson.

Mrs. Russell Smith of Dallas is here visiting with Mr. Oliver Nichols and Mrs. Elsie Smith.

Mr. and Mrs. H. E. Mankins of Minneapolis, Minn., and their daughter, Mrs. A. J. Gross, and family of Big Spring were supper guests Saturday of Mr. and Mrs. J. T. Cross. Mr. and Mrs. A. J. Gross accompanied the Mankins to their home.

Miss Elma Ree Rowe of Odessa has been visiting here with Mr. and Mrs. Bill Brown.

Billions Of Dollars Of Goods Hoarded, Murray Claims

MIAMI BEACH, Fla., Oct. 10 (AP)—President Phillip Murray of the Congress of Industrial Organizations, here to address the Brotherhood of Railroad Trainmen today, said in an interview that there is a hoarded stockpile of goods in the country now worth \$37,000,000,000.

He urged an investigation by the Department of Commerce and the Civilian Production Administration of the alleged hoard of finished and unfinished, durable and non-durable goods.

In response to a question as to whether he thought the alleged hoardback might be aimed toward an upset of the OPA or the Democratic administration, Murray said:

"I don't profess to know much about hoarding for political purposes, but it would be of interest to the nation to find out the reason for it."

The CIO chief said "the nation's bottlenecks are not all attributable to strikes." He pointed out that the steel industry is producing at a rate greater than the peak war output, yet one important automobile manufacturer has stated he must close down because of a steel shortage.

"They are storing cotton in churches in the South," said Murray, citing one instance of hoarding.

Wisconsin conservation wardens arrested 213 persons for violation of hunting and fishing laws during April of this year and got 198 convictions.

RELIEVE THAT TORMENTING PIN-WORM ITCH

It is no longer necessary to put up with the tormenting trouble caused by Pin-Worms! A highly effective way to deal with this ugly infection has been established. Ask your druggist for P-W, the Pin-Worm Tablets developed in the laboratories of Dr. D. Jerome & Son. The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms. So don't take chances with the embarrassing rectal itch and other distress caused by these creatures that live inside the human body. If you suspect Pin-Worms, get JAYNE'S P-W and follow the directions. Your druggist knows P-W for Pin-Worms!

Coming Events

THURSDAY BARBARA REAGAN CLASS will meet at the First Baptist church at 12:30 p.m. for luncheon.

ROYAL NEIGHBORS will meet at 10 a.m. at the WOW hall.

XYZ CLUB will have a meeting at 7:30 at the Settles hotel with Mrs. Bill Johnson, Mrs. O. L. Nabors and Mrs. T. J. Dunlap as hostesses.

WEST WARD P-TA will meet at the church at 3 p.m., preceded by an executive meeting at 2:30 p.m.

HOMEMAKERS CLASS OF FIRST CHRISTIAN CHURCH will meet at 8 p.m. in the home of Mrs. C. M. Shaw with Mrs. Ruth Reed as co-hostess.

FRIDAY BYKOTA CLASS will meet in the home of Nell Brown at 411 Bell St. for a buffet supper at 6:30 p.m.

MODERN WOMAN'S FORUM meets with Mrs. Tom Coffee, 905 W. Park at 3 p.m.

WOODMEN CIRCLE will meet at the WOW hall at 8 p.m.

Wings Over Jordan Chorus Features Spiritual Music

The concert Wednesday evening at the city auditorium of the Wings Over Jordan choir demonstrated that only the Negro can really sing Negro spirituals.

Exceptionally well-received by the audience was the choir's third number, "If Jesus Will Go With Me," which featured a tenor solo against a choral background. "I Will Walk Through the Valley in Peace," combined a contralto voice with the background from the choir. Quartet numbers interspersed the program of spiritual selections.

The arrangements were unique and well-executed under the hands of an animated director. Highlight of the program was the finale, "The Lord's Prayer," the group's only departure from the spiritual type of music.

The performance was sponsored by Lakeview Parent-Teacher association.

Highway Board To Call For Bids

AUSTIN, Oct. 10 (AP)—The State Highway Commission announced today it will call for bids on construction of 287 miles farm-to-market roads, highway improvements and urban expressways which will cost an estimated \$2,000,000 Oct. 22 and 23.

Road contracts awarded by the commission since V-J Day have hit a total of \$45,000,000 and the post-war construction program has "definitely shifted into high gear," said Chairman John S. Redditt.

These contracts include 1,571 miles of all-weather country roads—197 projects costing \$14,811,000. Of these, 24 projects involving 178 miles have been completed at an average cost of \$6,500 per mile.

Redditt said a study of the bids submitted the commission indicate contractors are finding ways of meeting manpower and material shortages.

Brewers' Have Son

A son, weighing seven pounds, 10 ounces, was born to Mr. and Mrs. J. G. Brewer at the Cowper-Sanders clinic Tuesday.

The infant has been named Louie, Jr. Maternal grandparents are Mr. and Mrs. W. T. Simpson.

DREAMBOAT TO GERMANY

FRANKFURT, Germany, Oct. 10 (AP)—The B-29 Pacusan Dreamboat will fly tomorrow from Cairo, Egypt, to Weisbaden, Germany, headquarters of the US Air Forces in Europe announced today. The big plane flew 9,500 miles non-stop over the Arctic regions from Honolulu to Cairo.

Mrs. Gladys Dalmont To Be Honored At Eastern Star Banquet Friday Night

Members of the Eastern Star representing 12 chapters in section eight will honor Mrs. Gladys Dalmont, district deputy, at a banquet which will be held at the Settles hotel Friday evening at 7:30 p.m.

Eight grand officers of Texas will be among guests attending, along with Norman Reed of Coahoma, worthy grand patron of the state.

Committee in charge of the affair includes Mrs. Btownie Dunning, Mrs. Euta Hall, Mrs. Ruby Read, Mrs. Veda Carter and Mrs. Lena Koberg.

Coahoma Program A large group representing the local chapter attended a friendship night program which was held in Coahoma Tuesday evening, honoring Mr. Reed.

Attending from Big Spring were Mr. and Mrs. George Pittman, Mrs. Mary Ehlman, Mrs. Ina Richardson, Mrs. Virginia Lassiter, Mrs. and Mrs. George Dabney, Mrs. Minnie Michael, Mrs. Ethel Lee, Mrs. Ima Kirk and Mrs. Agnes V. Young.

Mrs. Dalmont, Mrs. Veda Carter, Mrs. Christine Robinson, Mrs. Euta Hall, Mrs. Ruby Read, Mrs. Blanche Hall, Mrs. Pearl Gage, Mrs. Maude Shaw, Mrs. Dorothy Hull, Mrs. Rose Stringfellow, Mrs. Lena Koberg, Mrs. Beulah Carnrike, Mrs. Frances Fisher, Mrs. Edith Murdock, and Mrs. Dora Mullins.

Miss Little Pledges College Sorority

Word has been received here that Kathleen Little has pledged the Zeta Tau Alpha sorority at the College of Mines in El Paso.

Miss Little, a sophomore student, is the daughter of Mr. and Mrs. James Little of Big Spring.

Daughter Is Born

Mr. and Mrs. Hubert Dyer are the parents of a daughter born Wednesday in a local hospital.

The infant weighed four pounds, one ounce at birth, and has been named Candia.

R. F. Dyer of Desdemona is the paternal grandfather, and Mr. and Mrs. W. H. Dean of Big Spring are maternal grandparents.

Roundelay Dance Club Meets At Simpson Ranch

Members of the Roundelay dance club were entertained at a dance at the Dick Simpson ranch Wednesday evening with hosts including Mr. and Mrs. Morris Patterson, Mr. and Mrs. Vance Lebkowsky, Mr. and Mrs. Wayne Prather and Mr. and Mrs. Simpson.

Hot dogs were served, and dancing was entertainment. About 30 couples were present.

Griffiths Announce Birth Of Daughter

Mr. and Mrs. F. J. Griffith announce the birth of a daughter, born Tuesday at the Cowper-Sanders hospital.

The child weighed seven pounds, six ounces at birth and has been named Cathie Lynn.

Maternal grandparents are Mr. and Mrs. G. D. Gilmore of Big Spring and paternal grandparents are Mr. and Mrs. J. W. Griffith of Fagan.

Stitch-A-Bit Club Meets In Knox Home

Members of the Stitch-A-Bit club met Wednesday afternoon at the home of Mrs. John Knox. Vases of roses decorated the entertaining rooms. The group spent the afternoon in sewing, after which a salad plate was served.

Those present were Mrs. Maxwell Creighton, Mrs. G. G. Morrhead, Mrs. Truman Townsend, Mrs. Burley Hull, Mrs. Mark Agnes, Mrs. Regs Boykin, Mrs. J. D. Jones and Mrs. Jeff. English, a guest.

Mrs. Foster Feted At Farewell Party

The Sewing Circle of the Cordelia Ladies Aid met in the home of Mrs. W. C. Heckler Wednesday afternoon at 2:30 p.m. for a gift party honoring Mrs. John Foster and to sew on a rayon quilt being made by the Lutheran women.

The honoree leaves Tuesday for California for an extended visit with her husband. Gifts were presented to Mrs. Foster and refreshments were served.

The guest list included Mrs. W. C. Heckler, Mrs. Frank Marino, Mrs. O. H. Horn, Mrs. E. O. Vogus, Mrs. M. W. Rupp, Mrs. Foster, Mrs. Kurt Kowerske, Mrs. W. F. Pachall and Mrs. Henry Fehler.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcenate (formerly called Barzel Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

Vote For Statehood
JUNEAU, Alaska, Oct. 10. (AP)—The capital city of Juneau endorsed the proposal for statehood for Alaska by a 7 to 6 margin in Tuesday's general election while scattered returns from other sections of the territory indicated the proposal was carrying by almost a two to one margin.

Texans Nominated For Scholarship
AUSTIN, Oct. 10. (AP)—Six University of Texas students have been recommended to the Texas State Rhodes Scholarship Committee for consideration in the awarding of Rhodes scholarships to the University of Oxford in England.

Each state committee will select three candidates to appear before the district committee. Those selected from the University of Texas for state consideration are: James W. Smith, 21, of Houston; John R. Hubbard, 27, of Denton; Henry Cohen of Houston, Joe W. McKnight, 21, of San Angelo; Eugene St. John, 19, of Fort Worth, and Alvin Whitley of San Antonio.

Over \$100,000 Paid For Cotton Losses
 After deducting premiums, the Federal Crop Insurance corporation has paid \$132,354.41 to Howard county farmers for 1946 cotton losses, according to M. Weaver of the AAA office. The sum represents approx-

mately 65 percent of insured farms reporting total losses. A number of farmers will receive payment for partial losses after they have completed their harvests. The Portuguese introduced wine to Nova Scotia and Newfoundland as early as 1553.

Big Spring (Texas) Herald, Thurs., Oct. 10, 1946
 Knowledge of modern horticulture and development of plant strains led scientists to estimate 20,000 years as the time required to produce from wild grasses the various kinds of corn we grow today.

MONTGOMERY WARD

"Premiere Kate" Dies

HOLLYWOOD, Oct. 10. (AP)—"Premiere Kate" hadn't missed one of Hollywood's "first nights" in 25 years.

Then yesterday, "Premiere Kate" (Mrs. Elizabeth Bergin, 77) was buried. Only one member of the movie colony, a theater manager who remembered how she used to park herself on a camp stool to watch the stars go by on premiere nights, bothered to send flowers.

The Wisconsin conservation department has warned outdoorsmen: "One tree will make a million matches, but one match can destroy a million trees."

School Fire Hazards Cited

AUSTIN, Oct. 10. (AP)—Arnold Wittman, director of the school plant and structural safety division of the State Department of Education, reports negligence to be costing Texas taxpayers \$1,000 in needless fire losses each day school is in attendance.

Twenty-seven public school fires were reported to the Texas Fire Insurance Department for the 21-month period from Jan. 1, 1945, to Sept. 23, 1946, Wittman said. Loss amounted to \$448,729.

School officials were urged to consult their local fire chief and insurance agent for their advice in reducing existing hazards. "There is no reason for allowing known fire hazards to go unheeded until they blaze into expensive losses in lives and money," Wittman said.

He claimed there are presently fire hazards in Texas schools which in some instances could easily give rise to a disaster comparable to the New London tragedy of 1937 when more than 270 school children died.

Holding Basic Resource

Soil Conservation Gaining Momentum; Big Field Ahead

By TOMMY HART

Farmers and ranchers of the Martin-Howard soil conservation district, which comprises some 1,837,000 acres, including the drainage areas of Midland, Johnson, Mustang and Sulphur draws, have—with the co-operation of the SCS—completed over 900 miles of terraces since the setup began functioning in 1941.

That there is an immediate need for easing water problems and lending artificial respiration to the good earth which has ebbed away for centuries is evidenced by the fact that more and more land owners are subscribing to the SCS program. The trend is timely for there is yet a long way to go.

Some 3,000 miles of terraces are on the planning board within the Martin-Howard district confines. Contour cultivation and crop residue management is planned on over 140,000 acres with over 100,000 acres established. Grassland conservation has been planned on more than half a million acres. Ranchers have made considerable progress in improving more than 60 per cent of that amount.

Trapping Water
Ninety stock ponds have been planned. These tanks will have an average capacity of about 500,000 gallons of water.

Energies of the SCS are being taxed at the moment in helping develop winter cover crops, which will improve soil fertility and control wind erosion over more than 15,000 acres.

Soil conservation districts now cover more than two-thirds of the state and more land owners accept the challenge of preserving and improving their soil resources. In Texas, as in many another state, the responsibility of administering soil conservation districts is in the hands of local farmers and ranchers.

L. H. Thomas, Big Spring, chairman; Herd Midkiff, Midland; Gordon Stone and Edmund Tom, Stanton; and Frank Loveless, Coahoma, comprise the present board of supervisors for the Martin-Howard district.

Substantial Plans
That district is comprised of 825 land owners, who operate over a million acres of land. A total of 575 farm and ranch plans representing approximately 700,000 acres have been planned by the owners.

The Martin-Howard soil conservation district began operations in 1941, after considerable time had been devoted to the preparation of their program by the supervisors. That body at that time was composed by Joe Polidexter, Stanton, chairman; E. T. O'Daniel, Coahoma; Gordon Stone, R. N. Adams, Ackerly; and M. L. Koonce, Lenora.

Primary duty of the board is to set forth the problems that affect conservation and land use and define what needs to be done to correct the problems.

The group currently meets once a month in Stanton, at which time conservation plans brought before

WHICH IS BETTER? How terracing and contour tillage not only holds precious topsoil but traps moisture that is vital to production in West Texas is shown above. Below is an all too common scene, water trickling off fields, cutting gullies that become channels that carry away the fertility of the soil.

They are reviewed and either elected by land owners of their district or rejected. Particular zone for terms of five years. All members of the board are years.

No Clue Found To Florida Beach Murders

DANIA, Fla., Oct. 10. (AP)—Sheriff Walter R. Clark of Broward County said today that he was without a clue in the slaying of a pretty young woman and her handsome escort whose bodies were found early Wednesday on Dania Beach.

He said that four men were being held for questioning in connection with the slaying, which he termed a double murder, but that a search of the beach had brought no clue to light.

The bodies of 24-year-old Elaine Eldridge, daughter of a South Catham, Mass., contractor; and Lawrence O. Hogan, her 23-year-old boy friend, were found with a single bullet wound in each.

Clark said both apparently had been shot with a .32 caliber pistol. Acting on an arrest order issued by the Dade County sheriff's office in Miami, Police Captain Virgil Stuart of St. Augustine said he was holding Roy Burgess, 26-year-old Hallandale taxi driver, and three other men for questioning.

Arrested with Burgess, Stuart said, were three men he identified as Edward Nall, Jimmy Dunoon, and Galin Shinkle. Stuart said a .32 caliber pistol was found in the cab in which the four were taken into custody, and that the men admitted they went to St. Augustine from Broward County Tuesday night.

Hogan and Miss Eldridge, who had been going together since June, lived in nearby Fort Lauderdale and had left a night club there about two hours before their bodies were found.

Both had excellent reputations and their money and other personal belongings were untouched, Clark said. The young woman's shoes had been removed, however. Hogan, a former high school athlete, was an apprentice plumber.

Sheriff Jimmy Sullivan of Dade County said Burgess was wanted in Miami on a grand larceny charge, and that Nall also was wanted there.

"Sweet Lailani" Wins Tulsa Race

TULSA, Okla., Oct. 10. (AP)—"Sweet Lailani," a mare entered from the Rendezvous Stables of Dallas, Texas, took first prize in the five-day \$20,000 Tulsa Charity to lead winners at the opener of the five-day 20,000 Tulsa Charity Horse show.

"Glenam Harmony" entered by John Kennedy of Fort Worth, won the Hackney pony single open class.

Jewelry of real flowers coated with transparent plastic are being produced, says the American Magazine.

A coffee tree produces about two pounds of green coffee a season.

"You bet I'm pleased—"

I JUST PUT A WEEK OF LOAFING IN THE SAFETY DEPOSIT BOX!"

NO—I'm not kidding. That's how I figure the money I save through U. S. Savings Bonds —one bond equals one week of loafing ten years from now when I'm retired.

You see, in my case, \$25 a week is all I'll need. So the \$18.75 bond fills the ticket perfectly. But you could do it with any size bond, knowing every time you add one, you add a week of leisure to your life. And subtract one of work.

And, say—best way to handle getting the bonds is through the Payroll Savings Plan where you work. That's regular and automatic—you can't miss.

Your U. S. Savings Bonds pay fat interest—4 dollars for every 3 put in—after 10 years. And all the resources of the United States Government are behind them.

Boy—is it ever fun to count 'em over, realizing each bond means a week of loafing. Better keep your Payroll Savings Plan in force—and maybe even boost the ante just a little!

SAVE THE EASY WAY... BUY YOUR BONDS THROUGH PAYROLL SAVINGS

Future Poultry Supply Very Low

There is evidence this week that many Howard counties are making efforts to supplement home meat supplies, but those attempting the poultry route are meeting little success. An acute shortage of hatching eggs has stymied local hatcheries, although one local firm still hopes to hatch a few. If enough people bring their own eggs in he will attempt one hatching. Otherwise, there is little chance for any hatching activity here this fall. Also there have been virtually no baby chicks shipped in during the early fall, and prospects are anything but bright for an increase in the outside supply. One local dealer said he had received a total of approximately 2,000 chicks to date by placing early orders with concerns he has dealt with for some time. During this period, however, he estimates that he could have sold at least 15,000.

High price tags on the chicks shipped in his not dampened demand. The few that have been sold were delivered at 18 cents to 20 cents each, and they were received readily by consumers. According to reports reaching local dealers, the prices reached this level as a result of advanced sales for hatching eggs in the north and east. Some local dealers have been unable to receive delivery on any orders they have placed for chicks, and prospects for the future are uncertain. Elsewhere on the home food front, garden seed demands continue to spurt upward after each shower. Turnips still are leading the field. Sales of field grains are generally confined to wheat and oats, with a gradual decrease in demand noted.

MANY WALKED AWAY FROM THIS CRASH—Although these twisted remains of a United Airlines DC4 passenger plane would seem to belie it, most of the 46 persons aboard the transport were able to walk away from the wreckage after it fell at Cheyenne, Wyo., while coming in for a landing. Only two were killed. (AP Wirephoto).

Mrs. Adella Madry Dies At Her Home

Mrs. Adella Madry, 85, died in her home at 410 Benton street, Thursday at 8 a. m. following an illness of about 15 minutes. Funeral services have been scheduled for Friday, time pending the arrival of relatives. Rev. W. E. Best will be in charge of services to be held in the Nalley chapel. Mrs. Madry was born in Lincoln county, Tenn., and came to Texas 55 years ago, settling first in Limestone county. She had lived in Big Spring for 15 years. She was a member of the Trinity Baptist church. Survivors included three sons, E. C. Madry and L. L. Madry of Big Spring and J. C. Madry of Gatesville; a daughter, Mrs. W. H. Pruitt of Colorado City; 46 grandchildren and 40 great-grandchildren. Nalley funeral home is in charge of arrangements. Pallbearers will be Jim Kinsey, Mr. Sanders, Bill Early, Mr. Rice, D. C. Stovall and B. S. Madry.

Weather Forecast

Livestock

FORT WORTH, Oct. 10. (AP)—(USDA) — Cattle 2100, calves 1900; active, steady. Fully 80 per cent of cattle run comprised stockers, largely cows. Beef steers and yearlings practically absent. Few medium and good slaughter cows 11.00-14.00, odd head heiferettes to 15.00, cutter and common cows 8.00-10.00. Bulls 8.00-12.00. Good fat calves 15.00-16.50, choice to 17.00. Many stocker cows 8.00-10.50, some to 12.00 with a seven car string of young South Texas cows at 12.65.
Hogs 50; active and steady. All butcher hogs and sows at slaughter ceiling 16.05. Most stocker pigs 16.25, few around 35 lb pigs 12.00. Sheep, 3500 medium and a few good yearlings 13.50, medium and good ewes 8.25-50, common and medium stocker lambs 13.00-14.50.

Contract Simplified For Cotton Insurance On Next Year's Crop

Howard county farmers who desire to apply for insurance on their 1947 cotton crops will be proffered a simplified contract by the Federal Cotton Crop Insurance Corporation which will more nearly equal the investment in the crop at the various stages of production, according to information channeled through the local AAA office. Under the 1947 program, producers will be insured against loss in yields resulting from practically all unavoidable causes such as drought, hail, insects, etc., as in previous seasons. The changes in the program relate to the amount of coverage the producer is given at the various stages of growth. In 1947, there will be 35 coverage groups and each farm will be placed in a group according to the established yield per acre of the farm. There is to be three levels of insurance for each coverage group, with the farmer selecting the level of insurance he prefers. Those levels will be classified as A (the lowest), B and C (the highest). Unless the farm is considered an extra hazardous risk, there will be one premium rate for all farms in each of the three levels. The rate for Level A will naturally be the cheapest, Level C the highest. Protection will be increased proportionately as to the stage of production before damage to the crop. The four stages of production are: First stage, before first cultivation, but too late to plant cotton. Second stage, after first cultivation, but before laying by. Third stage, after laying by, but before harvest. Fourth stage, after harvest and to the end of the insurance period. Average insurable yield for Howard county is 183 pounds, which is identified as Group 12. Cost per acre for Level A in lint pounds is nine pounds; Level B, 22 pounds; and Level C, 33 pounds. Any cotton producer desiring further information concerning Federal Crop Insurance can gain audience with M. Weaver, county administrative officer at the AAA office Mondays through Fridays.

Helps You Overcome FALSE TEETH

Looseness and Worry No longer be annoyed or feel ill at ease because of loose, wobbly false teeth. FASTEETH, an improved alkaline (non-acid) powder, sprinkled on your plates holds them firmer so they feel more comfortable. Soothing and cooling to gums made sore by excessive acid mouth. Avoid embarrassment caused by loose plates. Get FASTEETH today at any drug store. (adv.)

Scout Chairmen Due To Meet At Settles

Buffalo Trail Council, Boy Scouts of America has scheduled a council-wide meeting for organization and training chairmen for 6:30 p. m. today in the Settles hotel.

Salvation Army Lads Shade Knott Boxers

Salvation Army boxing team members swept four matches at Knott Wednesday evening. The Knott boys were boxing without practice or training. Jimmy Myers, coach of the Salvation Army fighters, said. Jimmy Eppler shaded John Jones, Billy Eppler decided Ronnie Cole. Billy Whittington got the nod over Darrell Ditto and Jimmy Eppler duplicated his win over Willie Walker in a final match. Plans are to box Stanton youths in the Stanton high school gym next Wednesday evening. The Big Spring Athletic association will use Salvation Army facilities in boxing training. It was announced. The SA has a good ring in the citadel basement, a mat, and Friday will have a punching bag installed.

STORM

(continued from page one) floor, but in neither place was there appreciable damage. One of the hardest hit business establishments was the Cooper Feed Store at 104 E. 1st, where water backed in from First street and soaked into bottom sacks of feed stacks. Earl Cooper, operator, estimated damage might be as high as \$1,500. Electric service was disrupted temporarily with some sections being without power for longer periods when lightning blew out transformers. Tons of rock and dirt washed on downtown pavement and dirt streets in many parts of town were gnawed badly. Paving projects, however, suffered no substantial damage. M. Weaver, county AAA administrative assistant, said after a tour of part of the rural section Thursday morning that damage was widespread. Fields were under water and battered in the section around and southwest of the airport. Hail apparently extended right up to the Houston Cowden place on the south and played out on the rise above Big Spring to the north. Eight miles north of town precipitation eased off to half an inch. County Commissioner R. L. Nall, in whose precinct most damage occurred, estimated that upwards of \$3,000 damage had been inflicted on roads. Hardest hit were those in the Hartwell section, he said. Everywhere fields were almost level and Sulphur Draw continued to carry a heavy volume of water Thursday. Nall's car drowned several times in the course of the tour. Coahoma escaped fury of the storm, but a good shower fell there. Moss Creek lake had an inch and a quarter and Powell Lake an inch. But the former was in the path of the storm, which hit the East-Howard and Chalk oil field sections with full impact. Coahoma visitors in the oilfield were trapped by raging streams and had to spend the night. Forlan, on the southern edge of the storm, had a heavy rain for about an hour, but little wind and no hail. Lawns in downtown Big Spring were blanketed with hail and there and around the airport, ice banks were still packed against curbs and doors Thursday morning. Two detention dams in the southern part of the city trapped large volumes of flood waters and were still expelling them in force Thursday afternoon.

Trustees

(Continued from Page 3) around the 20th of the month, Blankenship reported. Trustees talked at some length with representatives of the Bucher Bus line, in an effort to arrange more satisfactory transportation for school children on the west side of town. Representatives of the area will be asked to meet with bus men in a plan to arrange special schedules, dependent upon the number of children actually requiring the service. Two representatives of the Howard County Junior college — President E. C. Dodd and Board Chairman R. T. Piner — appeared before the trustees to express appreciation for complete cooperation the public school system had given the college in its pre-organization work. Trustees, school administrators and faculty members, the visitors said, rendered invaluable aid in getting the college started.

Negro May Win Atlanta Post

ATLANTA, Oct. 10. (AP)—The possibility developed today that Georgia might elect its first Negro office-holder since reconstruction days at the moment when its dominant Democratic party is taking drastic measures to prevent Negro voting. Sources close to governor-nominate Eugene Talmadge, whose "white supremacy" platform was adopted unanimously by a hand-picked convention at Macon yesterday, expressed anxiety that populous Fulton county (Atlanta) may find itself with a Negro coroner after Nov. 5 general election. The Negro is Aurelius Southall Scott, a co-publisher of the influential Negro newspaper, Atlanta Daily World, and brother of its editor, C. A. Scott. A former professor of education and psychology at West Virginia State college, he qualified Tuesday for Fulton county coroner. There already are 23 other candidates — all white Democrats — and Fulton county's convention delegation was said to be apprehensive that a solid Negro vote for Scott would elect him. A well-informed administration source said experienced political observers regarded Scott's election almost certain unless the field is reduced to one or at the most, two, white contenders. Authoritative legal sources in Atlanta said there would be no way to prevent Scott from taking office if he receives a plurality of votes in Fulton county Nov. 5. There are about 20,000 Negroes qualified to vote.

Air Mail Weight Limits Increased

Limit of weight for air mail letters and parcels going to Armed Forces outside the continental limits has been increased from two to eight ounces. Postmaster Nat Shick said this morning. Mail going to such personnel has to include an army post office or fleet post office address. Limit in weight addressed to personnel at army post offices in care of post masters at Miami, Fla., New Orleans, La., and Seattle, Wash., is now 70 pounds, Shick said. Bread will remain fresh for at least a week if put in the refrigerator.

Traxler To Fight Extradition Trial

AUSTIN, Oct. 10. (AP)—Attorneys for Pete Traxler today notified the office of Gov. Coke R. Stevenson that he would fight any effort by the State of Oklahoma to extradite him to face a charge of robbery with firearms. Traxler, whose record of felony convictions and penitentiary sentences and escapes dates back to 1924, was arrested several days ago at Denton on the Oklahoma charge. He is free under bond of \$1,500 on a charge of robbery with firearms pending for trial in the 12th district court at Huntville.

Shortages Tie Up Building Of Texas Homes

WASHINGTON, Oct. 10. (AP)—Texans here attending a national conference of home builders said today that their problems are material shortages that tie up construction.

They said builders from over the nation reported similar troubles. "If it's not one thing it's another," commented J. C. Watts, executive vice president of the Houston Home Builders Association in an interview. "For instance, a recent checkup disclosed that 64 per cent of the building in Houston has been held up by a shortage of sheetrock."

The president of the Texas Panhandle Home Builders Association, K. E. Reynolds of Amarillo, noted that shortages of nails, doors and plumbing was delaying completion of houses in his part of the state.

Reynolds urged that the government release greater quantities of building materials held by various federal agencies, and put in a word against the Wagner-Ellender-Taft bill which would authorize the government to step in and build several hundred thousand housing units.

While Texas home builders are facing shortages, their plight is not as bad as the average throughout the country, in the opinion of Frank Robertson, representative of builders in the San Antonio area.

The completions of houses started since Jan. 15 throughout the country have averaged only 12 per cent, he said, as compared with an average of about 25 per cent in Texas and 38 per cent in San

Antonio. The unusually high percentage for San Antonio was probably due in part to the recent strike in Houston which tied up all building there for a long period and caused some materials to be diverted to other areas, he added.

Denton Co-Ed Missing; FBI Joins Search

DENTON, Oct. 10. (AP)—The FBI today joined Denton police in a search for Joan Boston, 19-year-old North Texas State College junior, who has been missing since Tuesday.

Assistant Chief of Police Clovis George disclosed last night that the FBI had been asked to join in the search for the girl who he said was last seen at 3 p.m. Tuesday after leaving a class at the college.

George said that the girl's parents, Mr. and Mrs. W. M. Boston of Littlefield, Tex., had received a telegram from Paris, Texas, Tuesday night which read "Don't worry. I will write. Love, Joan."

The Denton police contacted the Western Union office at Paris, George said, but the description of the girl who sent the telegram did not fit that of the missing student. The Boston girl was said to have brown hair, brown eyes, weigh 130 pounds and be about five feet four inches tall.

Meanwhile, the parents of the missing co-ed were at a loss to explain her disappearance. Mrs. Boston told a reporter at her home in Littlefield last night that Joan's grades were fair and that she did not believe the missing student planned an elopement. Mrs. Boston also said she did not believe her daughter had been kidnapped with the idea of obtaining money.

The Bostons have operated a grocery store in Littlefield for the past year. Previously they lived in Wellington and Perryton.

BOXED HOUSE SOLVES PROBLEM

DECATUR, Ill., Oct. 10. (AP)—Glen R. Stewart ran up against the usual problem of finding materials when he started to build his four room house.

But he found a substitute for lumber in ammunition boxes, left-overs from the war. He first planned to use the wood from the boxes but later decided a stronger building would result by leaving the boxes together.

Johnson and sudan grass resemble each other except that sudan grass leaves are broader and more numerous. Sudan grass is grown for fodder, while Johnson grass is commonly found as a weed.

From where I sit... by Joe Marsh
Are Returning Veterans "Different"?

During the war you heard a lot about how hard it was going to be for returning veterans to get adjusted to civilian life... how they'd be "different."

Well, plenty of them have returned to our town, and a finer, sturdier bunch you couldn't ask for. Most of them are back at the same jobs... going with the same nice home-town girls (getting married, some of them, and setting up families)... renewing the same old friendships.

Even their amusements are the

same. Nothing more exciting than fishing Seward's creek or pitching horseshoes... enjoying an outdoor barbecue with friendly wholesome beer and pleasant talk.

If they've changed at all it's in the direction of maturity and tolerance... tolerance for everything except dictators, and those who would destroy our democratic principles of life and let live. And from where I sit, that's another reason to be proud of them.

Joe Marsh

Schuschnigg Boomed

Von Papen A Guest In Justice Jail

NUERNBERG, Oct. 10. (AP)—While Franz von Papen remained a "guest" in the Palace of Justice Jail, Hans Fritzsche was told "this morning" he had complete freedom of movement in Nuernberg but that he was not to leave the city under threat of arrest.

German Police Chief Leo Stahl has detailed German policemen to shadow Fritzsche and keep guard around his home. Fritzsche last night attended a dinner party at the home of his defense counsel and returned home at 10:30 p.m. to find his wife and daughter newly arrived from Hamburg.

No official statement was issued regarding Von Papen. It was assumed here he is still waiting for British authorities to allow him to enter the British zone.

Best for freezing are firm, well-ripened fruits and tender vegetables, fresh from the garden.

"Slow And Easy Does It," Is Motto For Best Results With Veal Cuts

Veal cookery is a perfect example of the rule that "slow and easy does it." Long, slow, moist heat cooking of veal means the delicate flavor will be developed, and the meat will be tender and well cooked.

Famous foreign cooks have taken advantage of this fact in developing memorable culinary masterpieces. The beginning cook who profits by their experience will find she has an enviable reputation among her friends. Broiling, pan frying and other direct heat methods of cookery are never used,

because they produce less tender veal.

Among the most frequently served veal cuts are steaks, cutlets, or chops, all of which take kindly to "broiling" or covering with a protective coating of flour or sifted cracker or bread crumbs. The meat is first dipped into milk-diluted egg (2 tablespoons milk to 1 egg), then into the sifted crumbs. Next it is slowly and completely browned in hot fat. A small amount of liquid, such as water, milk, sour cream, tomato juice, fruit juice or canned soup is added, the pan is covered, and the meat cooked slowly on top of the range, or in a slow oven (325 degrees F.). At least 1 hour is required before 1 inch veal reaches fork tenderness.

Veal stew is another popular result for long careful cooking. Serving or bite-sized pieces of meat from the shoulder, neck or flank are first dipped, or dredged in flour, then shaken to remove excess flour. These pieces, too, are browned thoroughly in hot fat, seasoned, then covered with water, and simmered very slowly. After two hours vegetables, such as onions, carrots, potatoes, and peas, may be added and simmered with the meat to prevent burning, but a potant to keep enough water on the meat to prevent burning, but a drowned stew is not much better. Just enough to cover the meat is best.

Sole exceptions to the rule demanding moist heat are veal roasts. Veal roasts should always be cooked well done. Delicately flavored loin or leg cuts may be thoroughly cooked by roasting, if they are backed long and slowly. An internal temperature of 180 degrees F. always must be reached to make sure that all types of veal are completely cooked. This includes lightweight veal from the north, as well as heavier range-fed veal. The roast should be placed on a rack in an open pan and baked 35 to 40 minutes per pound. Strips of bacon may be laid over the roast for added fat.

Flavor variations with veal are endless. Fruit flavors such as spiced prunes, or other fruits in season, are always favored. Tomatoes or tomato juice, both used by the Creole cook who delights all with his veal dishes, are also good. For a tangy touch, insert garlic cloves in the surface of the veal roast before cooking—the flavor is something on which a culinary reputation may be built!

Movie Houses Protest Tax

SEDALIA, Mo., Oct. 10. (AP)—This city of 24,000 persons hasn't seen a local movie since last August 17 because the mayor, a self-styled country boy, and his council are standing pat in a feud with theaters over a 5 per cent municipal tax.

The city council passed the 5 per cent assessment on gross receipts because, Mayor Julian H. Bagby says, real property was carrying too big a load in the city tax structure. The theater owners—two chain houses and an independent—promptly boarded their doors and nailed up signs reading "Closed in protest to the city's unfair license tax."

The theater representatives say the 5 per cent is not equitable, that other business houses aren't taxed in the same fashion. The mayor, who says the tax should yield about \$12,000 to \$15,000 yearly, argues: "Uncle Sam gets 20 per cent off theater tickets and the state a 2 per cent sales tax. In a model city only a third of the tax dollar comes from real estate; in Sedalia it's 42.6 per cent. We've got to get this tax dollar in better balance."

Soldiers Executed

ATHENS, Oct. 10. (AP)—Dispatches from Trikkala said today that five soldiers who had been sentenced to death by a military court on charges of subversive activity were executed yesterday by a firing squad. Refusing to be blindfolded or be administered last sacraments, the group went to their death shouting "Long live the Republic!" the dispatches declared.

Smith Leaves Russia

MOSCOW, Oct. 10. (AP)—US Ambassador Walter Bedell Smith and his wife departed by plane today for Paris, where Smith will attend Romanian treaty discussions. He will later fly to Washington before returning to Moscow.

Congressional Unit Schedules Lubbock Hearing

A special hearing by a congressional committee in regard to future policies and legislation affecting cotton and cotton producers will be held in Lubbock Oct. 24. Rep. George Mahon has announced from Lubbock.

Purpose of the hearing is to get views of cotton producers with respect to legislation to be considered by the next congress. A portion of the AAA law, including the part enabling producers to establish national and local cotton acreage quotas, will expire next year.

The committee is coming to West Texas upon invitation of Rep. Mahon. Congressman Steve Pace, Georgia, author of the Pace parity bill, heads the group. Six others, including Rep. Bob Poage of Washington, will be at the hearing, said Mahon. One other hearing will be held in Texas—at Cameron in Central Texas.

Mahon expressed the hope that at least one representative from each county in his district would be present at the Lubbock-hearing. The committee is seeking viewpoints of cotton farmers as to support of prices, loans, parity, acreage restrictions, and numerous other questions of concern to cotton producers.

Rodent Control Work Underway On Runnels

Rodent control work in the downtown area is continuing this week on Runnels street, with the east side of the 300 block next on schedule.

Prospects appear bright for increased delivery of materials, V. A. Cross, typhus control director, said this morning. Enough essential materials have been received during the past few weeks to keep the work moving forward steadily, but if conditions improve the program probably will be speeded up.

Dining Tables Dressed Up For Fall Make Dressed Up Vegetables Important

By CHARLOTTE ADAMS

Associated Press Food Editor

Comes autumn, with crisp air and brilliant colors and bright flowers, and perhaps a little more formality than we've practiced during the summer. Now's the time for a beautiful Irish linen cloth and your best china and silver.

And meat is scarce, so what do we serve for our dressed up dinner? There are many richly flavored fall and winter vegetables which answer that question nobly. Here are some recipes:

- Stuffed Red Cabbage**
1 large head red cabbage
2 tablespoons vinegar
Salt, pepper
2 tablespoons butter or fortified margarine
1 pound ground beef and veal
1 onion, finely minced
1-2 teaspoon chill powder
1 egg
2 tablespoons bread crumbs (or cornflakes, rolled to crumbs)

Trim off several outer leaves and save. Cut center from head of red cabbage, leaving about a two-inch rim. Wash cabbage well. Cover cabbage (both center and head) with boiling salted water. Add vinegar. Boil five minutes. Drain (saving water in pot). Chop the center piece quite fine. Melt butter or margarine in large heavy frying pan. Add ground meat and onion. Stir over low heat until brown. Add the chili powder, egg, crumbs and chopped cabbage. Mix well. Fill hollow in head of cabbage. Cover with the outside leaves (saved for this purpose). Return to the pot of boiling water. Cover and simmer 20 minutes, until cabbage is tender. Remove covering leaves and arrange on serving platter. Surround with accompanying vegetables such as potatoes and crisp uncooked vegetables.

Riced Rutabaga with Potatoes
1-2 pound rutabaga
1-2 teaspoon caraway seeds (tied in cheesecloth)
2 cups boiling water
1 pound potatoes
1-2 teaspoon salt
Pepper
Butter or fortified margarine
Paprika

Scrub, peel and cube the rutabaga (yellow turnips). Add boiling water, salt, caraway seeds. Cover and start cooking while scrubbing and scraping the potatoes. When turnips are partially cooked, add potatoes, whole or cut into halves. Cover and cook until tender. Uncover, turn heat high and cook off all extra water. Shake pan over heat to dry out turnips. Remove caraway seeds. Press potatoes and rutabaga together through ricer directly into serving dish or platter, stopping to season layers with dots of butter

or margarine, paprika and pepper. Serves four.

Turnip Cups
4 large tender white turnips
2 or 3 small white onions
br 4 ounce can mushrooms
2 tablespoons butter or fortified margarine
1 tablespoon minced parsley
Wash turnips. Pare about a third of the way down from stem end. Hollow out centers and cut centers into very small cubes. Par-boil turnip cups and cubes along with onions, if they are used, in boiling, salted water, uncovered, 8 to 10 minutes or until tender. Drain. Melt butter or margarine. Add onions or mushrooms and saute over low heat until delicately browned. Add turnip cubes and parsley. Mix and fill the turnip cups. Top with a dot of extra butter or margarine.

Parking Meters Due To Be Installed Soon

About 600 parking meters, ordered several months ago for installation on downtown streets, arrived Tuesday, City Manager B. J. McDaniel announced today.

Park company, manufacturer of the meters, is expected here within a few days to assist with the installation.

The meters were ordered last spring after a general survey was made in the city and county to determine public views of Big Spring's parking problems. Standards for the meters arrived about two months ago.

OF THE MANY

One MUST LEAD.

Admiration Coffee

The qualities of leadership must be outstanding—and to keep leadership these qualities must be maintained. ADMIRATION is the leader among the coffees in the Southwest—and those standards that have earned it that distinction are carefully maintained by the ADMIRATION "Cup-Testing" process. Cup after cup, day after day, year after year, ADMIRATION is tested BY TASTE to make it the distinctive blend that never varies. The personally "Cup-Tested" ADMIRATION way is the only way to assure the same perfect blend—package after package.

IT'S "CUP-TESTED"

Mrs. F. Anderson Named Delegate.

Mrs. Floyd Anderson will represent the local Church of the Nazarene at a district missionary conference to be held in Lubbock October 22. According to announcement Monday when the Woman's Missionary Society met at the church.

The annual meeting will be held October 22-23 and will be attended by other representatives from the local church.

Mrs. B. Y. Dixon presided over the regular meeting and Mrs. W. R. McClure conducted the lesson taken from the study book, "The Latin American."

The devotional was given by Mrs. Dixon and others attending were Mrs. J. H. Turner, Mrs. Anderson, Mrs. Doris Raso, Mrs. E. E. Holland and Mrs. McClure.

First Aid Series Slated For KBST

A series of five programs on first aid will be started Tuesday at 7:00 p.m. over KBST under the direction of C. J. Lamb, chairman of the Howard-Glasscock counties chapter of the American Red Cross.

The programs, to be presented at the same time each week, will feature concise talks by Otto Peters, Sr., veteran first aid instructor, and the appearance of a Big Spring physician, Dr. G. E. Peacock will be on the first program, said Lamb.

City Wide Bible Conference at City Auditorium, Oct. 20 to 25. (adv.)

Keep Hallowe'en Party Meals Simple With Easily Prepared Casserole Dish

Ham and Noodle Casserole is a tasty treat to serve the youngsters for a real Hallowe'en party. And what's more, it's as easy for mother to prepare as it will be for the youngsters to feast on. You can do the preliminary cooking in the morning and store the dish in the refrigerator until ready to serve. Just before party-time, sprinkle the top with grated cheese and pop the pan in the oven for the final baking.

To prepare this dish to serve 6 people you will need:
 2 cups noodles
 2 tablespoons shortening
 2 tablespoons flour
 1-2 cups milk
 2 cups diced baked ham
 Dash of pepper
 Grated cheese
 Drop noodles into a kettle containing rapidly boiling water. Melt shortening in a skillet and slowly blend in flour. Add milk, cook the mixture, stirring continually until it becomes thickened. Add pepper and combine the drained noodles and the cooked ham with sauce. Turn into a greased baking pan and bake in a moderate oven (350 F.) for 20 minutes. Store Ham and Noodle Casserole until serving time. Top with grated cheese before the final baking, and allow to remain in oven ten minutes.

SENATOR'S SISTER DIES
 WACO, Oct. 10. (P)—Funeral services are to be held here today for Mrs. Amanda Connally Smith, 74, sister of US Senator Tom Connally. Mrs. Smith, a native of Waco, died Tuesday night at the home of her daughter, Mrs. James E. Robertson of Dallas, where she had made her home for the past five years.

Electric Workers To Ratify Contract

BEAUMONT, Oct. 10. (P) Members of the Gulf States Electric Service Employees Association (independent) were asked today to ratify an agreement their representatives reached with the Gulf States Utilities company.

The agreement was announced last night in a joint statement by Carl White and James O. Hubbard of the Federal Conciliation Service following three days of continuous negotiations under their direction. Terms of the agreement were not announced pending action by the union members.

The union had asked \$12 per week increase across the board and three weeks vacation for 15-year employees. The company, which serves communities from Navasota, Tex., to Baton Rouge, La., has offered an increase of \$4 per week.

Steers To Field Baseball Team Next Season

The Big Spring school board, meeting in formal session Wednesday night, gave an unqualified stamp of approval to a school baseball program and instructed Athletic Director John Dibrell to order playing equipment within the immediate future to assure it being on hand by spring.

If the interscholastic league sponsors the spring-time sport, and there is every indication it will do so, Big Spring high school will be prepared to start with the other West Texas schools, a board member emphasized.

Relax Have Fun by BOWLING

After a full day's work you'll enjoy a relaxing game at our fine alleys. Bowl for an evening of fun.

Lobos Field Heavy Team

Sul Ross Grid Troupe Works Out Here Today

The football Lobos of Sul Ross college, which have engaged in three rough scrimmages this week, left Alpine this morning bound for Big Spring and were to go through an extended practice this afternoon at Steer stadium in preparation for their Friday evening outing with Texas Lutheran here.

Folks who care to see in advance what Red Pierce has in the way of players will recognize several familiar faces among the visitors.

Billy Womack, a triple threat quarterback who played here before the war, and was a paratrooper in Europe, will be in the starting lineup for the Lobos. He'll line up for the kickoff along with J. C. Lewis, 185-pounder from San Saba; Red Beard of Kermit and Tommy Barrow of Monahans, the other backs.

Frank Barton, guard, and Jim Tidwell, center, are other local products wearing Sul Ross livery. Barton will start and Tidwell is due to see a lot of action.

Hughson To Go Against George Munger Today

BOSTON, Oct. 10. (AP)—Once again a booming home run off the bat of balding Rudy York has boosted the American League's Boston Red Sox in to the driver's seat in the 1946 World Series.

Holding a 2-1 game edge over the St. Louis Cardinals going into today's fourth fray on York's clout and Dave Ferriss' 4-0 shut-out pitching, Manager Joe Cronin is able to come back with Tex Hughson, his No. 1 man.

Eddie Dyer has to sift through his Red Bird staff and ticularly gamble with an untried ex-GI, George "Red" Munger, who joined the club Aug. 21 and after winning two he lost two.

In Hughson, Cronin has a man who has already proved what he can do against the Card hitters although he was trailing 2-1 when he was lifted for a pinch hitter opening day in St. Louis.

Yearlings Seek Second Win In Colt Bout Here Tonight

Jim McWhorter's Big Spring Junior High school football Yearlings will attempt to run their victory streak to two in a row tonight in Steer stadium when they come to grips with the Odessa Colts.

On the other hand, the Odessans were almost as impressive against the same Midland clan, winning a 26-14 decision in their first game of the season.

A backfield composed of James Fannin, Dickie Cloud, Eddie Hooper and Billy Carlisle will attempt to knock the props from the Colt defense.

They will be protected up front by Howard Jones and James Pettigo at ends, Victor Woods, and Charles Rainwater at tackles, Earl Rusk and Carol Cannon at guards, and Kenneth Guthrie at center.

Steers Invited To Mexico City

MEXICO CITY, Oct. 10. (AP)—The Universities of Illinois and Texas have been invited to play an American football game for Mexicans at the capital's new stadium in January, Alfredo Kawaigi, public relations director for the Bowl said last night.

He said the invitation to Illinois was mailed Oct. 3, and a telegram went to Texas yesterday. No reply from either university has been received.

Kawaigi said he feared Illinois might turn down the invitation "because of the weight of the Texas team." "Actually they would have little to gain, and everything to lose, in a game against Texas," he said.

In the event of an Illinois refusal, he said, UCLA would be asked to play Texas here.

Kawaigi added that arrangements have been completed to stage a world's amateur football championship series at the stadium beginning Dec. 23, and teams from the United States, Hawaii, Canada, Cuba and Mexico competing.

RACE MEET OPENS

DEL RIO, Oct. 10. (AP)—Four horses, including Ernest Lane's Miss Princess, a sister of Assault, are entered in the \$11,000 Wainwright Derby which opens the Del Rio Livestock Association's fall race meet here tomorrow.

Midland - Sweetwater Game One Of Week's Top School Debates

By The Associated Press

Forty-eight games, more than half of them conference affairs, will be played in the far-flung Texas Schoolboy football race this week-end with the spotlight shifting to District 14 where title contenders start swapping touchdowns the first crack out of the box.

This district, incidentally, features the only game in the state matching undefeated, untied teams as Galveston goes to Beaumont to battle South Park. Goose Creek tangles with Orange in another game in the District 14 scramble.

Paso High at Carlsbad, N. M., Roswell, N. M., at Taletta, N. M., 10—Friday: Greenville at Gainesville (Conference), Forest (Dallas) at Denison, Denton at Sherman.

6—Friday: Bonham at McKinney, North Side (Fort Worth) at Sulphur Springs.

7—Thursday: Crozier Tech (Dallas) at Fort Worth Tech; Friday: Amon Carter-Riverside (Fort Worth) vs Arlington Heights (Fort Worth) (Conference).

Longhorns Work On Aerial Game At Drill Field

In excellent physical condition and equally good mental trim, the Big Spring high school football Steers went through a snappy workout Wednesday afternoon at Steer stadium as they tied up the loose ends of the proposed surprise package they're figuring on handling Lamesa's Tornadoes Friday evening.

If the old adage that coming events cast their shadows before holds true, the Lamesans are in for an unpleasant aerial bombardment. Horace Rankin and Jackie Barron, the two Steer sharpshooters, were taking turns at pulling the trigger and each was "on target."

Should one get stymied tomorrow night, the Lamesans will have to reckon with the other.

Youngsters Play On Forsan Field

FORSAN, Oct. 10 — A football party at the Forsan athletic field this evening will pit a sextet composed of Sixth, Seventh and Eighth graders of Forsan against a similar contingent from Sterling City.

POLICE CLOSE IN ON DETECTIVES

KANKAKEE, Ill., Oct. 10. (AP)—Two state police squad cars and one from the Kankakee police department threw up a barrier on a highway and closed in on four men.

The chase followed a report from a nearby community that one of the four men was carrying a gun.

The investigating police halted the car and found the man still had a gun. But they discovered it was all right. He was a Springfield, Ill. detective going to Chicago for a convention.

Trav Green, coach of the Stanton high school Buffaloes, had a bad time of it recently when he lost an eye when attempting to crank a school bus. Now confined to a hospital in Stanton, the former Hardin-Simmons university athlete expects to be back on the job in two or three weeks, however.

Writing his sports-loving father (Frank) this week, Johnny Owens betrays the fact that Texas A&M's football team is weaker than ordinary this year and will have to push to beat any Southwest Conference eleven.

That comes as a surprise since the boys were supposed to be back from the wars by now and the Aggies were apparently loaded with material.

Johnny, who is a student at College Station, says the Aggie squad has 66 men, true enough, but opines that the great 1939 A&M team could line up against all 66.

LOOKING 'EM OVER

Banking on furloughing back to Big Spring in time to swing a few mittens in the village's 1947 Golden Gloves boxing tournament is Cpl. Billy White of the US Army, the lethal punching 160-pounder who latched on to the novice honors in that division here last February.

White tied on the pillows but once in this year's bath convention but spectators still insist that scrap was the stand-out feature of a good show.

Willie, who served with the military during the recent unpleasantness, decided to re-don the khaki several months ago. At present, he's stationed at Fort Sill, Oklahoma, where he is a member of the reservation's boxing team and playing quarterback on one of the football teams active there.

In that memorable bout here, White was matched with one Ken Brophy of Midland. Each hesitated to get into the ring with the other because of lack of experience. When each was assured that the other was a tyro, however, they agreed to mix. For Brophy, it was a very unwise decision.

He outboxed White in the first heat but Billy sacrificed all defense in Round Two for the chance of landing a punch on his foe's beak. The Big Springer caught up with Ken mid-

men at one time and run them ragged.

If Homer Norton doesn't produce a first division team down that way this spring, he may be consulting the want-ad columns before long. Aggie alumni are all alike in that they like their football team to win. It's a disease that has gotten many an instructor in dutch with old grads.

EX-SAILOR Fritz Lehnhoff leads the Texas Lutheran squad into town today to do battle with Sul Ross at Steer Stadium. Coach Lehnhoff, an alumnus of Southwest Texas State college, was grid mentor at Mission high school prior to joining the Navy in March, 1942, as chief specialist (athletics). He served as backfield coach at the University of Virginia last fall. He's serving his first year as chief of the Lutherans. Kickoff time for the Friday night game is 8 o'clock.

Hull Shows Slight, Definite Improvement

WASHINGTON, Oct. 10. (UP) — "Slight but definite" improvement in the condition of former Secretary of State Cordell Hull was reported today by Bethesda Naval hospital.

The 75-year-old retired cabinet officer has been in a serious condition since he suffered a stroke on Sept. 30.

An 8 a.m. (CST) report from the hospital said: "Mr. Hull rested well during the night and shows slight but definite improvement this morning."

Clouds Obscure Celestial Fireworks

By The Associated Press
Mother Nature put on a brilliant display of shooting stars last night but the view was marred for most Texans as dense to high scattered clouds obscured the sky. El Paso had the only clear area.

The shooting stars were meteors entering through the upper atmosphere as the earth passed within 131,000 miles of the comet Giacobini-Zinner.

J. Raymond Browning, Wichita Falls amateur astronomer, estimated that the meteors appeared at the rate of 200 to 300 per hour.

In Lubbock observers reported as many as six at one time and between 9:30 and 10 p.m., said they saw smaller meteors every few seconds.

Local Station. To Air Cotton Bowl Contest

Friday and Saturday, Humble Oil & Refining Company will broadcast six collegiate football games that feature Southwest Conference Schools.

The first broadcast of the week-end will be the TCU-Miami game, starting at 6:50 p.m., Friday. Bill Michaels will handle the play-by-play with Bill Hightower spotting in color. Stations KXYZ, Houston; KABC San Antonio; KGKO, Ft. Worth-Dallas will carry the game, which will be broadcast from the Orange Bowl in Miami.

One hour later, at 7:50 p.m., broadcast of the game between SMU and Oklahoma A. & M. will begin. Charlie Jordan will do the play-by-play and Jerry Doggett the color. Stations carrying the game, which will be played at Dallas, are WRR, Dallas; KFJZ, Ft. Worth; WACO, Waco; KMAC, San Antonio; KTHT, Houston; and KGVZ, Greenville.

Saturday afternoon, broadcast of the Arkansas-Baylor tilt will start at 2:20 with Kern Tips and Alec Chesser handling the play-by-play and color assignments, respectively. Stations airing this contest will be WOAI, San Antonio; WFAA-WBAP, Dallas-Ft. Worth; KPAC, Houston; and WACO, Waco.

Another broadcast will start at the same time, 2:20 p.m. when Texas U. tangles with Oklahoma U. in the Dallas Cotton Bowl. Charlie Jordan will be the play-by-play announcer with Jerry Doggett relieving for color. Game will be carried by KFJZ, Ft. Worth; WRR, Dallas; KTEM, Temple; KNOW, Austin; KFRG, Longview; KGVZ, Greenville; KRBC, Abilene; KGKL, San Angelo; KBST, Big Spring; KCRS, Midland; KABC, San Antonio and KTHT, Houston.

At the same time, 2:20 p.m., a third Humble Saturday afternoon broadcast will feature the Rice-Tulane game. Ves Box will be the play-by-play announcer and Fred Kincaid the color man. Stations KRLD, Dallas; KTRH, Houston; KTTA, San Antonio; KWBU, Corpus Christi; and KHBC, Austin, will carry the game, which will be played in the Sugar Bowl in New Orleans.

Saturday evening at 8:05, the broadcast of the Texas A. & M. - LSU game will start with Hal Thompson and Dick Lyons at the mikes. Game will be broadcast from the LSU Stadium in Baton Rouge and will be carried over stations WTAW, College Station; KGKO, Dallas-Ft. Worth; KXYZ, Houston; KMAC, San Antonio; KRIS, Corpus Christi; and KRGV, Waco.

Rebels Lose, 7-2

DALLAS, Oct. 10. (AP)—Buster Mills' homer with the bases full in the fifth inning last night gave the American League All-Stars a 7-2 victory over the Dallas Rebels, winners of the Texas League play-off and Dixie Series winners.

Tired Kidneys Often Bring Sleepless Nights

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause many troubles: rheumatoid pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 15 million of kidney tubules flush out poisonous waste from your blood. Get Doan's Pills.

Farm And Ranch News

By WACIL McNAIR

Results at the State Fair in Dallas indicate that Howard county 4-H club steers will be uniform again this season. The local boys won third place in the competition for groups of five, which was the highest award they brought home from the show. Perry Walker had two steers in the Howard county third place group, R. J. Echols, one, James Fryar one and Lloyd Robinson one. Young Echols' entry placed highest of the local steers in the individual competition, winning sixth place in the lightweight division. Perry Walker won 18th and Jimmy White 20th in the lightweight division, and Wayne White won 18th in the heavyweight.

At the sale Tuesday, the eight Howard county animals averaged 46 cents a pound, which, when added to the prize money, gave the local boys a total return of \$3,116. R. J. Echols won an additional prize of \$50 for showmanship during the judging.

All dry-lot club steers are to be weighed Saturday at the West Texas Livestock Auction company, County Agent Durward Lewter has announced.

The weights will be recorded and used to determine the leader in weight gained at the end of the season.

A fungus disease of oats known as Helminthosporium blight, has been reported as causing considerable damage to several varieties of oats in Texas fields. The disease has particularly hurt types of oats developed by cross breeding with the Victoria variety, such as Ranger, Rustler and Futlex, reports E. A. Miller, agronomist for the extension service. The blight does its damage by weakening the oat stems, especially near the joints, affecting the plants very much like stem rust. To control the disease Miller recommends crop rotation and treating all seed with one half ounce of new improved Ceresan per bushel before planting. The same treatment is recommended for controlling smut of oats.

WAA Establishes Capital Division In Fort Worth

Establishment of a capital and producers' goods division in the Fort Worth regional office of the War Assets Administration has been announced by Hamilton Morton, WAA regional director.

An initial sales offering of approximately \$2 million of property opens a vast new field of disposal of government surplus by the Fort Worth office, Morton said. Several million dollars worth of additional property in the 105 counties of North and West Texas may also be available through the WAA when declared surplus by the armed forces.

Included in the property are metal working equipment and machine tools; sheet, bar, ingot and tool steel, and all other metals; general industrial equipment, including heavy electrical machinery; and all chemicals, paints and construction materials, as well as miscellaneous industrial supplies. Heretofore, all such property had to be sought by local buyers from other WAA offices.

An initial sales offering of approximately \$2,000,000 worth of capital and producers' goods will
